Department of Senior Affairs

Number of Care Coordination Hours by Year

The graph depicts the amount of hours that the Department of Senior Affairs Care Coordination (Case Management) Team spends in a senior's home to conduct in-home assessments and authorize services. This measure demonstrates the Department's commitment to assisting seniors to remain independent by providing them with services and referrals such as home-delivered meals. *Service Units for this measure are established jointly by the Area Plan and the Department and change annually depending on participation, funding, and needs.
