### Number of Socialization Activity Participants by Year

The graph depicts the number of seniors that participate in socialization sessions at our centers, multigenerational centers and satellite centers. This measure demonstrates the utilization of centers in our community, and does not include all attended activities. Socialization activities are funded primarily by the City's General Fund and the Area Agency on Aging . These sites are intended for individuals to congregate and eat, socialize, and participate in a variety of activities. \*Service Units for this measure are established jointly by the Area Plan and the Department and change annually depending on participation, funding, and needs.
