CTS Electronic Components, Inc. has submitted an air quality construction permit application, to modify Authority-to-Construct Permit #217-M5, to the Air Quality Program (Program) of the City of Albuquerque Environmental Health Department. CTS Electronic Components, Inc. (CTS) is requesting to update their permit to account for the purposed replacement of one of their older pollution control systems and the addition of another new pollution control system. The CTS application includes the utilization of up to date Federal EPA emission factors to calculate their emissions. In addition, CTS has requested to include all of the volatile hazardous air pollutants (VHAPs) from heaters, boilers, dryers, and chemical storage within the modified permit. The facility is located at 4800 Alameda Blvd. NE in Albuquerque, New Mexico. The owner of this facility is CTS Electronic Components, Inc., 2375 Cabot Drive, Lisle, IL 60532.
