

## PUBLIC NOTICE

### Air Quality Construction Permit For Black Rock Services, LLC

**Black Rock Services, LLC** has submitted an air quality construction permit application to the Air Quality Program (Program) of the City of Albuquerque Environmental Health Department for a new permit. The permit is for a 300 ton per hour recycled asphalt products plant to be located at 103-115 Llano Del Sur SE in Albuquerque, New Mexico. The owner for this facility is Black Rock Services, LLC, at PO Box 1379, Peralta, NM 87042 and the company contact is Robert Caldwell. This application file has been assigned **Permit Application No. 3306**.

The facility is a recycled asphalt products (RAP) plant which will resize recycled asphalt projects for use in new asphalt products. The plant will be co-located with Black Rock Services, LLC's 300 ton per hour portable hot mix asphalt plant operating under Air Quality Permit #1694-M2-RV4. The proposed recycled asphalt plant will consist of a feeder, primary crusher, screen with under conveyors, three (3) transfer conveyors, two (2) stacker conveyors and storage piles.

The proposed air pollution maximum allowable emissions from this facility have been estimated to be:

POLLUTANT	Pounds Per Hour (lbs/hr)	Tons Per Year (tpy)
Total Suspended Particulate (TSP)	4.9	4.2
Particulate Matter Less Than 10 Micrometers (PM-10)	1.72	1.50
Particulate Matter Less Than 2.5 Micrometers (PM-2.5)	0.23	0.20

A copy of the permit application as well as the Program's analysis, if completed, is available for inspection by the public at the Program offices. If a person wishes to receive notification of the availability of the Program's analysis for their review and comment, they must express that interest in writing to the Program before the end of the public comment period on February 10, 2017. Interested persons may submit written comments and evidence, request a public information hearing, or both on the permit application to the Program. Comments will be accepted and considered if postmarked by the end of the public comment period. Formal action on the application will be reserved pending receipt and analysis of any additional details or information developed during the public comment period.

The Program shall hold a Public Information Hearing pursuant to 20.11.41.15 NMAC if the Director determines there is significant public interest and a significant air quality issue is involved.

The Program expects to issue, issue subject to conditions, or deny this application before April 6, 2017. The Program will not issue or issue subject to conditions any air quality permit without an air quality ambient impact dispersion modeling study, if deemed necessary by the Program, that shows that the facility would not cause or contribute to a potential violation of air quality standards. Any person who does not participate in the permitting action will not receive notification of the Program's decision regarding the proposed permit, unless the person has delivered a written request for notice to the Program.

The Program's offices are located at 1 Civic Plaza NW, Room 3047, Albuquerque, NM 87102. The Program's mailing address is Albuquerque Environmental Health Department, Air Quality Program – Permitting Division, PO Box 1293, Albuquerque, NM 87103.
