NON-RESIDENTIAL – COMMERCIAL ZONE DISTRICT (NR-C)

Purpose: The purpose of the NR-C zone district is to accommodate medium-scale retail, office, commercial, and institutional uses, particularly where additional residential development is not appropriate or not desired because of a deficit of jobs or services in relation to housing units in the area. Primary land uses include a wide spectrum of retail and commercial uses intended to serve both neighborhood and area-wide needs, as well as some light industrial uses.

This document provides a summary about development in the NR-C zone district. It includes links to Frequently Asked Questions (FAQs) about allowable uses, use-standards, development standards, and the approval process.

The document also includes a summary of the development standards and a summary of the allowable uses in this zone. To see the full Integrated Development Ordinance (IDO), click the link below.

Use Table Summary

The following excerpt from Table 4-2-1 shows the allowable uses for the **NR-C zone district only** (highlighted). See the Integrated Development Ordinance (IDO) for the complete list of uses allowed in all zone districts and use definitions (Table 4-2-1 and Section 14-16-7-1, respectively).

- ⇒ Permissive uses (P) are allowed in this zone by right, without any other approvals
- ⇒ Conditional uses (C) require approval at a public hearing (see Subsection 14-16-6-6(A) for more info)
- Accessory uses (A) must be in addition to an allowed primary use (either P or C)

The column on the far right (also highlighted), provides IDO section references for Use-specific Standards that may apply to a use. These Use-specific Standards may change the allowable uses depending on the context of the site or may impose requirements on the development.
