OFFICIAL NOTIFICATION OF DECISION

FILE: Project # 1002330*
06EPC-00954 EPC Site Development Plan-Building Permit

LEGAL DESCRIPTION: for all or a portion of Tracts G-2-A-2, **Montgomery Complex**, zoned SU-1 for C-2, located on MONTGOMERY NW, between CARLISLE and I-25, containing approximately 1 acre. (F-16) Maggie Gould, Staff Planner

On October 19, 2006 the Environmental Planning Commission voted to approve Project 1002330/06 EPC- 00954 a Site Plan for Building Permit for Lot G-2-A-2, Montgomery Complex, based on the following Findings and subject to the following Conditions:

FINDINGS:

- 1. This is a request for review and approval of a site plan for building permit for a car wash located on Lot G-2-A-2, Montgomery Complex, 1Lot west of Carlisle Blvd on Montgomery Blvd. The site is zoned SU-1 for C-2 permissive uses.
- A Zone Map Amendment and Site Plan for Subdivision for the Montgomery Complex was approved by the EPC in 2003 to create two new lots and re-zone this portion of the property from SU-1 for Church and Related Facilities to SU-1 for C-2 permissive uses.. The property was further subdivided in 2006.
- 3. The site is located in the area designated Established Urban by the Comprehensive Plan. This request furthers several Comprehensive Plan goals and policies:
 - a. The Established Urban Goal and the following policies are furthered:

 Policies a, d, and e are furthered by this request because this project will add to the mix of uses in the area, the project is compatible with the existing development in the area and that site is in an are a with a full range of municipal services.

OFFICIAL NOTICE OF DECISION OCTOBER 19, 2006 PROJECT #1002330 PAGE 2 OF 4

<u>Policy i</u> is furthered by this request because the proposed project is near residential development but should not adversely impact the residential use.

<u>Policy i</u> is furthered by this request because this project is in an existing commercial zone. The project will be a freestanding development in an older neighborhood.

Policy k is furthered by this request because the residential use to the north should be buffered from the car wash by the existing 6'foot and the 20'foot access easement at the north end of the property.

b. The Economic Development goal and policy a will be furthered by this project because the car wash will provide a small amount of potential employment.

c. The Developed Landscape goal and policy d are furthered by this request because the site will be landscaped with native and low water vegetation.

4. The Montgomery Heights Neighborhood Association was notified and no comments were received.

CONDITIONS:

- 1. The EPC delegates final sign-off authority of this site development plan to the Development Review Board (DRB). The DRB is responsible for ensuring that all EPC Conditions have been satisfied and that other applicable City requirements have been met. A letter shall accompany the submittal, specifying all modifications that have been made to the site plan since the EPC hearing, including how the site plan has been modified to meet each of the EPC conditions.
