City of Albuquerque
Planning Department
600 2nd Street NW
Albuquerque, NM 87102

Project# 1001620
16EPC-40082 Amendment to Zoning Code or Subdivision
Regulations Text

LEGAL DESCRIPTION:

Adoption of the Integrated Development Ordinance (IDO) to replace the Zoning Code, Subdivision Ordinance, Airport Zone Ordinance, and Landmarks & Urban Conservation Ordinance and include portions of the Planning Ordinance and the Development Process Manual (DPM). City-wide.

Staff Planners: Catalina Lehner and Mikaela Renz-Whitmore

PO Box 1293

On April 6, 2017 the Environmental Planning Commission (EPC) voted to CONTINUE Project 1001620/ 16EPC-40082, adoption of the Integrated Development Ordinance (IDO), to the April 10, 2017 EPC hearing, based on the following findings:

FINDINGS:

NM 87103

www.cabq.gov

1. This request is for adoption of the Integrated Development Ordinance, or IDO. The IDO would repeal and replace the City of Albuquerque Comprehensive Zoning Code (the "Zoning Code"), the Subdivision Ordinance, the Airport Zone Ordinance, the Landmarks and Urban Conservation Ordinance, and portions of the Planning Ordinance and the Development Process Manual (DPM), and incorporate them into a single, consolidated document.
2. Council Bill No. R-14-46 (Enactment R-2014-022), which became effective on May 07, 2014, directed the City to update the Albuquerque-Bernalillo County Comprehensive Plan (the "Comp Plan") and the land development regulations intended to implement it. The Comp Plan update and the new IDO were developed together through a planning effort called ABC-Z, undertaken to confirm the Centers and Corridors community vision, update goals and policies, and implement the vision and goals through updated regulations and review and approval processes.
3. On March 20, 2017, the City Council voted to adopt the updated Comp Plan (R-16-108) and to revise ROA 1994 to refer to Areas of Consistency and Areas of Change (O-16-27) and update associated terms in annexation policies (R-16-109).
4. The IDO is a single document that includes a revised Zoning Code (§14-16-1-1 et seq.) that incorporates the Subdivision Ordinance (§14-14-1-1 et seq.), the Airport Zone Ordinance (§14-

- 15-1 et seq.), and the Landmarks and Urban Conservation Ordinance (§14-12-1 et seq.), and includes portions of the Planning Ordinance (§14-13-2-1 et seq.) and the Development Process Manual (DPM), which will be clearer and easier to use than the existing documents. The IDO modernizes the City's development standards and processes, incorporates best practices, and integrates regulations from over 40 adopted Sector Development Plans in order to implement the updated Comp Plan.
5. The IDO applies citywide to land within the City of Albuquerque municipal boundaries. The IDO does not apply to properties controlled by another jurisdiction, such as the State of New Mexico, Federal lands, and lands in unincorporated Bernalillo County or other municipalities.
 6. The EPC's task is to make a recommendation to the City Council regarding the new IDO. As the City's Planning and Zoning Authority, the City Council will make the final decision. The EPC is a recommending body to the Council and has important review authority. Adoption of the IDO is a legislative matter.
 7. Language that refers to the Zoning Code is found in various locations of ROA 1994. This language will need to be correspondingly revised with the adoption of the IDO in order to maintain internal consistency in ROA 1994.
 8. After adoption of the IDO, City Planning Staff will initiate an ongoing engagement and assessment process (Community Planning Area assessments) to work with communities throughout the City to address planning issues and develop solutions. Performance measures will be used to track progress toward Comp Plan Goals over time.
 9. The proposed IDO was announced in the Albuquerque Journal, the Neighborhood News and on the Planning Department's web page. The Office of Neighborhood Coordination (ONC) sent e-mail notification to neighborhood representatives on December 29, 2016, as required, as part of the EPC application process. On March 22, 2017, Planning Staff sent a re-notification reminder to neighborhood representatives.
 10. The public engagement process, which offered a range of opportunities for input, discussion, and consensus-building, featured a series of workshops and public meetings that included daytime focus groups organized by topic and evening meetings with a more traditional presentation and a question and answer session. The project team was invited to speak at over 100 meetings and local conferences. To reach more people and a broader cross-section of the community, the project team staffed booths and passed out promotional material at community events and farmers markets, and met with individuals and small groups during weekly office hours and periodic "Ask an Expert" zoning clinics.
 11. Articles about the ABC-Z project appeared regularly in the City's *Neighborhood News*, and ads specifically for the proposed IDO were placed in print and social media. There is also a social media page for the ABC-Z project on Facebook.
 12. Staff received official written comments from agencies. Among the agencies that commented are the ABCWUA, the NMDOT, ABQ Ride, the City Parks and Recreation Department, and PNM.

Their comments suggest specific revisions to clarify topics related to each agency's charge. Staff is considering all comments carefully and addressing them.

13. Comments submitted by interested parties cover a variety of topics, including but not limited to, time for public review and comment, annexation, effect on vulnerable populations, and the focus on Centers and Corridors. Some comments express concerns that regulations crafted to address localized issues are applied broadly and that sector plans are being replaced. Staff is considering all comments carefully and addressing them.
14. Staff recommends a continuance of this case to provide an additional opportunity for public testimony. In order to make the most informed recommendation to the City Council that it can, the EPC needs more than one hearing to review and discuss the request.

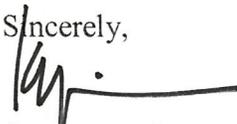

APPEAL: If you wish to appeal this decision, you must do so within 15 days of the EPC's decision or by **APRIL 21, 2017**. The date of the EPC's decision is not included in the 15-day period for filing an appeal, and if the 15th day falls on a Saturday, Sunday or Holiday, the next working day is considered as the deadline for filing the appeal.

For more information regarding the appeal process, please refer to Section 14-16-4-4 of the Zoning Code. A Non-Refundable filing fee will be calculated at the Land Development Coordination Counter and is required at the time the appeal is filed. It is not possible to appeal EPC Recommendations to City Council; rather, a formal protest of the EPC's Recommendation can be filed within the 15 day period following the EPC's recommendation.

You will receive notification if any person files an appeal. If there is no appeal, you can receive Building Permits at any time after the appeal deadline quoted above, provided all conditions imposed at the time of approval have been met. Successful applicants are reminded that other regulations of the City Zoning Code must be complied with, even after approval of the referenced application(s).

ZONE MAP AMENDMENTS: Pursuant to Zoning Code Section 14-16-4-1(C)(16), a change to the zone map does not become official until the Certification of Zoning (CZ) is sent to the applicant and any other person who requests it. Such certification shall be signed by the Planning Director after appeal possibilities have been concluded and after all requirements prerequisite to this certification are met. If such requirements are not met within six months after the date of final City approval, the approval is void. The Planning Director may extend this time limit up to an additional six months.

Sincerely,

Suzanne Lubar
Planning Director
