On August 9, 2018 the Environmental Planning Commission (EPC) voted to DEFER Project# 1007648/18EPC-40019, a Sector Development Plan Map Amendment (zone change), and 18EPC-40021, Site Development Plan for Building Permit, for 30 days based on the following Findings:

FINDINGS:

- NM 87103
1. The request is for a sector development plan map amendment (zone change) to the Sawmill/Wells Park Sector Development Plan (SWPSDP) for Lots 22, 23 and 24, Block 20, Albright-Moore Addition, an approximately 0.5 acre site located at the southeast corner of Sixth St. NW and Constitution Ave. (the "subject site").
 2. This request is subject to the rules, regulations, processes, and criteria in effect at the time of application, March 29, 2018.
 3. The deferral period will allow the applicant additional time to revise the zone change justification pursuant the criteria of R-270-1980.
 4. The EPC Rules of Conduct B.12 require that written materials, such as a revised zone change justification letter, be received at least ten days prior to the EPC hearing. For the September 13, 2018 hearing, this is September 3, 2018. However, this is the Labor Day Holiday so the last submittal date is September 4, 2018 at 9 am.

For more information regarding the appeal process, please refer to Section 14-16-4-4 of the Zoning Code. A Non-Refundable filing fee will be calculated at the Land Development Coordination Counter and is required at the time the appeal is filed. It is not possible to appeal EPC Recommendations to City Council; rather, a formal protest of the EPC's Recommendation can be filed within the 15 day period following the EPC's recommendation.

You will receive notification if any person files an appeal. If there is no appeal, you can receive Building Permits at any time after the appeal deadline quoted above, provided all conditions imposed at the time of approval have been met. Successful applicants are reminded that other regulations of the City Zoning Code must be complied with, even after approval of the referenced application(s).

ZONE MAP AMENDMENTS: Pursuant to Zoning Code Section 14-16-4-1(C)(16), a change to the zone map does not become official until the Certification of Zoning (CZ) is sent to the applicant and any other person who requests it. Such certification shall be signed by the Planning Director after appeal possibilities have been concluded and after all requirements prerequisite to this certification are met. If such requirements are not met within six months after the date of final City approval, the approval is void. The Planning Director may extend this time limit up to an additional six months.

SITE DEVELOPMENT PLANS: Pursuant to Zoning Code Section 14-16-3-11(C)(1), if less than one-half of the approved square footage of a site development plan has been built or less than one-half of the site has been developed, the plan for the undeveloped areas shall terminate automatically seven years after adoption or major amendment of the plan: within six months prior to the seven-year deadline, the property owners shall request in writing through the Planning Director that the Planning Commission extend the plan's life an additional five years. Additional design details will be required as a project proceeds through the Development Review Board and through the plan check of Building Permit submittals for construction. Planning staff may consider minor, reasonable changes that are consistent with an approved Site Development Plan so long as they can be shown to be in conformance with the original, approved intent.

Sincerely,

For David S. Campbell
Planning Director
