Hello Wade,

OK, I have noted the deferral request. The EPC will vote on Thursday to make it official. The opposition is from the folks (or some of them) who were in attendance at the EPC hearing when the first deferral was voted on.

I contacted staff in Legal, who will find a facilitator for the meeting. The facilitator will make arrangements and contact the parties. Please let me know if you have any questions.

Thank you.

Catalina,

We would like to defer the application for a zone map amendment to the next EPC meeting. In the meantime, we also request a facilitated meeting. We had not requested one previously because we did not know until we read your report that there was any opposition to the application, or comment of any kind for that matter.
