

**Attention: EPC Notice**

# We're Going *Green*

Following the success of paperless hearings at City Council, the Environmental Planning Commission (EPC) is going *green*.

Effective June 2016, the Planning Department will no longer have paper copies of EPC staff reports or notices of decisions available.

Instead, staff reports will be available online at [www.cabq.gov/planning](http://www.cabq.gov/planning) starting on the day of case distribution.

Notices of decisions will be available online on the Friday following the EPC hearing.

We appreciate your patience and understanding as we make this transition to help preserve our environment and use taxpayer dollars in a more frugal manner.

*Paper copies of staff reports or notices of decision may be purchased for \$0.50 per page or \$6.75 for a copy saved to a CD.*
