<https://www.kob.com/albuquerque-news/proposed-community-center-faces-opposition-in-se-albuquerque/5200716/?cat=504>

Dear EPC Commissioners,

Please review this video which gives a partial visual representation of the concerns that the community has regarding the location of the new proposed center. The community continues to disagree with the current proposed location. There is nearly 100% community support for the renovation and expansion of the existing Community Center which already provides most of the activities and services that the Applicant and architects are proposing for the new building.

Sincerely,
ILENA ESTRELLA
President, Singing Arrow Neighborhood Association
