ZONE MAP AMENDMENTS: Pursuant to Zoning Code Section 14-16-4-1(C)(16), a change to the zone map does not become official until the Certification of Zoning (CZ) is sent to the applicant and any other person who requests it. Such certification shall be signed by the Planning Director after appeal possibilities have been concluded and after all requirements prerequisite to this certification are met. If such requirements are not met within six months after the date of final City approval, the approval is void. The Planning Director may extend this time limit up to an additional six months.

SITE DEVELOPMENT PLANS: Pursuant to Zoning Code Section 14-16-3-11(C)(1), if less than one-half of the approved square footage of a site development plan has been built or less than one-half of the site has been developed, the plan for the undeveloped areas shall terminate automatically seven years after adoption or major amendment of the plan: within six months prior to the seven-year deadline, the property owners shall request in writing through the Planning Director that the Planning Commission extend the plan's life an additional five years. Additional design details will be required as a project proceeds through the Development Review Board and through the plan check of Building Permit submittals for construction. Planning staff may consider minor, reasonable changes that are consistent with an approved Site Development Plan so long as they can be shown to be in conformance with the original, approved intent.

DEFERRAL FEES: Pursuant to Zoning Code Section 14-16-4-1(B), deferral at the request of the applicant is subject to a \$110.00 fee per case.

Sincerely,

Suzanne Lubar
Planning Director
