On the 21st day of August, 2018, property owner Brad Hall (“Applicant”) appeared before the Zoning Hearing Examiner (“ZHE”) requesting a variance of 27 ft to the allowed 26 ft height for a proposed sign and a variance of 93 ft to the allowed 75 ft for a proposed sign (“Application”) upon the real property located at 1535 Coors Blvd NW (“Subject Property”). Below are the ZHE’s findings of fact and decision:

FINDINGS:

1. Applicant is requesting a variance of 27 ft to the allowed 26 ft height for a proposed sign and a variance of 93 ft to the allowed 75 ft for a proposed sign.
2. The City of Albuquerque Zoning Code of Ordinances Section 14-16-4-2 (C)(2) (Special Exceptions – Variance) reads: “A variance application shall be approved by the Zoning Hearing Examiner, if and only if, the Zoning Hearing Examiner finds all of the following:
 - (a) *The application is not contrary to the public interest or injurious to the community, or to property or improvements in the vicinity;*
 - (b) *There are special circumstances applicable to the subject property which do not apply generally to other property in the same zone and vicinity such as size, shape, topography, location, surroundings, or physical characteristics created by natural forces or government action for which no compensation was paid;*
 - (c) *Such special circumstances were not self-imposed and create an unnecessary hardship in the form of a substantial and unjustified limitation on the reasonable use or return on the property that need not be endured to achieve the intent and purpose of the Zoning Code (§14-16-1-3) and the applicable zoning district; and*
 - (d) *Substantial justice is done.*”
3. The Applicant bears the burden of ensuring there is evidence in the record supporting a finding that the above criteria are met under Section 14-16-4-2(C).
4. Brad Hall, agent for owner, appeared and gave evidence in support of the application.
5. All property owners and affected neighborhood associations received notice of the application.
6. No opposition to the application has been submitted.
7. No one appeared in opposition to the application.
8. There are no residential zones within an area affected by the application.

9. The application is for remodeling an existing gas station business.
10. The subject property is on Coors Blvd. NW.
11. Coors Boulevard is designated as a state road, and is governed by the New Mexico Department of Transportation.
12. A response was submitted from the NMDOT indicating the agency has no concerns regarding the application.
13. A site plan indicating dimensions, height and location of the proposed sign was submitted.
14. The ZHE finds that Application is not: (i) contrary to the public interest, (ii) injurious to the community; or (iii) injurious to the property or improvements located in the vicinity as required by Section 14-16-4-2 (C)(2)(a).
15. The ZHE finds that there are special circumstances applicable to the Subject Property which do not apply generally to other property in the same zone and vicinity such as size, shape, topography, location, surroundings, or physical characteristics created by natural forces or government action for which no compensation was paid, as required by Section 14-16-4-2(C)(2)(b).
16. The ZHE finds that such special circumstances were not self-imposed and create an unnecessary hardship in the form of a substantial and unjustified limitation on the reasonable use or return on the property that need not be endured to achieve the intent and purpose of the Zoning Code (§14-16-1-3) and the applicable district, as required by Section 14-16-4-2(C)(2)(c).
17. The ZHE finds that substantial justice will be done if this Application is approved, as required pursuant to Section 14-16-4-2 (C)(2)(d).
18. The ZHE finds that the proper “Notice of Hearing” signage was posted for the required time period as required by Section 14-16-4-2(B)(4).
19. The ZHE finds that the Applicant has authority to pursue this Application.
