Project No: .....**Project# 2018-001427**

Closing of Public Record: .....09-18-18  
Date of Decision: .....10-03-18

On the 18th day of September, 2018, property owners Victoriano and Maria Ceballos (“Applicant”) appeared before the Zoning Hearing Examiner (“ZHE”) requesting a variance to allow a 5 ft wall in the front yard (“Application”) upon the real property located at 7616 Rainwater RD SW (“Subject Property”). Below are the ZHE’s findings of fact and decision:

FINDINGS:

1. Applicant is requesting a variance to allow a 5 ft wall in the front yard.
2. The City of Albuquerque Integrated Development Ordinance Section 14-16-6-6(N)(3)(c) Variance for a Taller Front or Side Yard Wall reads: “A *variance application for a taller front or side yard wall shall be approved by the Zoning Hearing Examiner, if and only if, the Zoning Hearing Examiner finds all of the following:*
  - (1) *The proposed wall would strengthen or reinforce the architectural character of the surrounding area;*
  - (2) *The proposed wall would not be injurious to adjacent properties, the surrounding neighborhood, or the larger community;*
  - (3) *The wall is proposed on a lot that meets any of the following criteria:*
    - a. *The lot is at least ½ acre;*
    - b. *The lot fronts a street designated as a collector or above in the LRTS guide;*
    - c. *At least 20 percent of the properties within 330 feet of the lot where the wall or fence is being requested have a wall or fence over 3 feet in the front yard.*
  - (4) *The design of the wall complies with any applicable standard in Section 14-16-5-7 (Walls and Fences), including, but not limited to Subsection 14-16-5-7(E)(2) (Articulation and alignment) and Subsection 14-16-5-7(E)(3) (Wall Design), and all of the following:*
    - a. *The wall or fence shall not block the view of any portion of any window on the front façade of the primary building when viewed from 5 feet above ground level at the centerline of the street in front of the house.*
    - b. *The design and materials proposed for the wall or fence shall reflect the architectural character of the surrounding area.*

3. The Applicant bears the burden of ensuring there is evidence in the record supporting a finding that the above criteria are met under Section 14-16-6-6-(N)(3)(c).
4. Victoriano and Maria Ceballos, owners appeared and gave evidence in support of the application.
5. All property owners within 100 feet and the affected neighborhood association were notified of the application.
6. The subject property is currently zoned R-1.
7. Westgate Heights Neighborhood Association is the affected NA.
8. No opposition to the application has been submitted.
9. The material utilized in the application, wrought iron fencing, will strengthen and reinforce the architectural character of the adjacent properties and the surrounding neighborhood, since many are also constructed of wrought iron.
10. Since the material used is similar to existing houses around the applicant, it will not be injurious to the surrounding neighborhood or the larger community.
11. Transportation cannot approve the proposed application as it appears the current design will encroach on the clear sight triangle.
12. Any proposed wall design shall not violate the clear sight triangle as required by transportation.
13. The proposed wall would strengthen or reinforce the architectural character of the surrounding area as required by Section 14-16-6-6(N)(3)(c)(1).
14. The proposed wall would not be injurious to adjacent properties, the surrounding neighborhood, or the larger community as required by Section 14-16-6-6(N)(3)(c)(2).
15. At least 20 percent of the properties within 330 feet of the lot where the wall or fence is being requested, have a wall or fence over 3 feet in the front yard as required by Section 14-16-6-6(N)(3)(c)(3).
16. Photographs submitted by applicant are submitted in support of this factor.
17. The design of the wall complies with any applicable standard in Section 14-16-5-7 (Walls and Fences), including, but not limited to Subsection 14-16-5-7(E)(2) (Articulation and alignment) and Subsection 14-16-5-7(E)(3) (Wall Design) and all of the following:
  - a. The wall or fence shall not block the view of any portion of any window on the front façade of the primary building when viewed from 5 feet above ground level at the centerline of the street in front of the house.
  - b. The design and materials proposed for the wall or fence shall reflect the architectural character of the surrounding area.
18. The ZHE finds that the proper “Notice of Hearing” signage was posted for the required time period as required by Section 14-16-6-4(K)(3).
19. The ZHE finds that the Applicant has authority to pursue this Application.

If you wish to appeal this decision, you must do so by October 18, 2018 in the manner described below. A non-refundable filing fee will be calculated at the Planning Department's Land Development Coordination counter and is required at the time the Appeal is filed.

Appeal must be filed with the Planning Department within 15 days after the decision. The appeal shall specifically state the section of the Integrated Development Ordinance, City regulation, or condition attached to a decision that has not been interpreted correctly, as required by Section 14-16-6-4(U)(3)(a)(3) of the Integrated Development Ordinance. Appeals are taken at 600 2nd Street, Plaza Del Sol Building, Ground Level, Planning Application Counter located on the west side of the lobby. **Please present this letter of notification when filing an appeal.** When an application is withdrawn, the fee shall not be refunded.

Once an appeal is accepted by the Planning Department, it shall prepare and transmit a record of the appeal together with all appeal material received from the appellant to impacted parties and to the Land Use Hearing Officer (LUHO) through the Clerk of the City Council.

The LUHO shall then schedule a hearing on the matter within 30 consecutive days of receipt and notify the parties, pursuant to Section 14-16-6-4(U)(3)(d). The Planning Department shall give written notice of an appeal, together with a notice of the date, time and place of the hearing to the applicant, a representative of the opponents, if any are known, and the appellant.

Please note that pursuant to Section 14-16-6-4(U), of the Integrated Development Ordinance, you must demonstrate that you have legal standing to file an appeal as defined.

You will receive notice if any other person files an appeal. If there is no appeal, you can receive building permits any time after the appeal deadline quoted above; provided all conditions imposed at the time of approval have been met. However, the Zoning Hearing Examiner may allow issuance of building permits if the public hearing produces no objection of any kind to the approval of an application. To receive this approval, the applicant agrees in writing to return the building permit or occupation tax number.

Successful applicants are reminded that other regulations of the City must be complied with, even after approval of a special exception is secured. This decision does not

constitute approval of plans for a building permit. If your application is approved, bring this decision with you when you apply for any related building permit or occupation tax number. Approval of a conditional use or a variance application is **void after one year** from date of approval if the rights and privileges are granted, thereby have not been executed or utilized.
