Date of Decision: 01-01-20

On the 17th day of December, 2019, Kyle Metcalf, agent for property owner Mary Lou Armijo 2 LLC (“Applicant”) appeared before the Zoning Hearing Examiner (“ZHE”) requesting a variance of 53 square ft to the allowed 75 square ft sign (“Application”) upon the real property located at 1715 57TH ST NW (“Subject Property”). Below are the ZHE’s findings of fact and decision:

FINDINGS:

1. Applicant is requesting a variance of 53 square ft to the allowed 75 square ft sign.
2. The City of Albuquerque Integrated Development Ordinance, Section 14-16-6-6(N)(3)(a) (Variance-Review and Decision Criteria) reads: “... an application for a Variance-ZHE shall be approved if it meets all of the following criteria:
 - (1) *There are special circumstances applicable to the subject property that are not self-imposed and that do not apply generally to other property in the same zone and vicinity such as size, shape, topography, location, surroundings, or physical characteristics created by natural forces or government action for which no compensation was paid. Such special circumstances of the property either create an extraordinary hardship in the form of a substantial and unjustified limitation on the reasonable use or return on the property, or practical difficulties result from strict compliance with the minimum standards.*
 - (2) *The Variance will not be materially contrary to the public safety, health, or welfare.*
 - (3) *The Variance does not cause significant material adverse impacts on surrounding properties or infrastructure improvements in the vicinity.*
 - (4) *The Variance will not materially undermine the intent and purpose of the IDO or the applicable zone district.*
 - (5) *The Variance approved is the minimum necessary to avoid extraordinary hardship or practical difficulties.”*
3. The Applicant bears the burden of ensuring there is evidence in the record supporting a finding that the above criteria are met under Section 14-16-6-4(N)(1).
4. Applicant, through her authorized agent, appeared at the ZHE hearing on this matter and gave evidence in support of the Application.

5. Applicant provided evidence that the proper “Notice of Hearing” signage was posted for the required time period as required by Section 14-16-6-4(K)(3).
6. Applicant provided evidence that all property owners and neighborhood association entitled to notice were timely notified of the Application.
7. Applicant has met its burden of providing evidence that establishes that there are special circumstances applicable to the Subject Property that are not self-imposed and that do not apply generally to other property in the same zone and vicinity such as size, shape, topography, location, surroundings, or physical characteristics created by natural forces or government action for which no compensation was paid, as required by Section 14-16-6-6(N)(3)(a)(1). No evidence was submitted to the contrary.
8. Applicant has met its burden of providing evidence that establishes that the variance will not be contrary to the public safety, health and welfare of the community as required by Section 14-16-6-6(N)(3)(a)(2). No evidence was submitted to the contrary.
9. Applicant has met its burden of providing evidence that establishes that the variance will not cause significant adverse material impacts on surrounding properties or infrastructure improvements in the vicinity as required by Section 14-16-6-6(N)(3)(a)(3). Specifically, Applicant provided testimony that there would be no adverse material impact. No evidence was submitted to the contrary.
10. Applicant has met its burden of providing evidence that establishes that the variance will not materially undermine the intent and purpose of the IDO or applicable zone district as required by Section 14-16-6-6(N)(3)(a)(4). Specifically, Applicant provided testimony that there would be no adverse material impact. No evidence was submitted to the contrary.
11. Applicant has met its burden of providing evidence that establishes that the variance approved is the minimum necessary to avoid extraordinary hardship or practical difficulties as required by Section 14-16-6-6(N)(3)(a)(5). Specifically, Applicant provided testimony and written evidence that the proposed construction is within the area of the existing carport structure and would therefore be the minimum necessary. No evidence was submitted to the contrary.
12. The ZHE finds that the proper “Notice of Hearing” signage was posted for the required time period as required by Section 14-16-6-4(K)(3).
13. The ZHE finds that the Applicant has authority to pursue this Application.
