2. The City of Albuquerque Integrated Development Ordinance Section 14-16-6-6(N)(3)(c) Variance for a Taller Front or Side Yard Wall reads: “*A variance application for a taller front or side yard wall shall be approved by the Zoning Hearing Examiner, if and only if, the Zoning Hearing Examiner finds all of the following:*”
  - (1) *The proposed wall would strengthen or reinforce the architectural character of the surrounding area;*
  - (2) *The proposed wall would not be injurious to adjacent properties, the surrounding neighborhood, or the larger community;*
  - (3) *The wall is proposed on a lot that meets any of the following criteria:*
    - a. *The lot is at least ½ acre;*
    - b. *The lot fronts a street designated as a collector or above in the LRTS guide;*
    - c. *At least 20 percent of the properties within 330 feet of the lot where the wall or fence is being requested have a wall or fence over 3 feet in the front yard.*
  - (4) *The design of the wall complies with any applicable standard in Section 14-16-5-7 (Walls and Fences), including, but not limited to Subsection 14-16-5-7(E)(2) (Articulation and alignment) and Subsection 14-16-5-7(E)(3) (Wall Design), and all of the following:*
    - a. *The wall or fence shall not block the view of any portion of any window on the front façade of the primary building when viewed from 5 feet above ground level at the centerline of the street in front of the house.*
    - b. *The design and materials proposed for the wall or fence shall reflect the architectural character of the surrounding area.*
3. The Applicant bears the burden of ensuring there is evidence in the record supporting a finding that the above criteria are met under Section 14-16-6-4(N)(1).
4. Raul Corona, owner appeared and gave evidence in support of the application.

5. All property owners within 100 feet and the affected neighborhood association were notified of the application.
6. The subject property is currently zoned R-1C.
7. Westgate Heights Neighborhood Association and Route 66 West Neighborhood Association are the affected NAs.
8. The existing wall is constructed primarily of wrought iron.
9. Transportation issued a report indicating conditional Approval, so long as the clear sight triangle is not obstructed.
10. Any proposed wall design shall not violate the clear sight triangle as required by transportation.
11. The proposed wall would strengthen or reinforce the architectural character of the surrounding area as required by Section 14-16-4-2(C)(2)(a).
12. The proposed wall would not be injurious to adjacent properties, the surrounding neighborhood, or the larger community as required by Section 14-16-4-2(C)(2)(b).
13. 15 percent of the properties within 330 feet of the lot where the wall or fence is being requested have a wall or fence over 3 feet in the front yard as well, which fails to support this criteria as required by Section 14-16-4-2(C)(2)(c).
14. Photographs submitted by applicant are submitted in support of this factor.
15. The ZHE finds that the proper "Notice of Hearing" signage was posted for the required time period as required by Section 14-16-6-4(K)(3).
