Special Exception No:..... **15ZHE-80294**
Project No:..... **Project# 1010689**
Hearing Date:..... 02-16-16
Closing of Public Record:..... 02-16-16
Date of Decision: 03-02-16

On the 16th day of February, 2016 (hereinafter “Hearing”) RICHARD BURD (hereinafter “Agent”) acting as agent on behalf of the property owner ANGELA GABEL (hereinafter “Applicant”) appeared before the Zoning Hearing Examiner (hereinafter “ZHE”) requesting a Variance of 10 ft to the 20 ft side setback required on a corner lot which rear yard abuts a front yard (hereinafter “Application”) upon the real property located at 1017 VASSAR DR SE (“Subject Property”). Below are the findings of facts:

FINDINGS:

1. Applicant is requesting a variance of 10 ft to the 20 ft side setback required on a corner lot which rear yard abuts a front yard.
2. The City of Albuquerque Zoning Code of Ordinances Section 14-16-4-2 (C)(2) (Special Exceptions – Variance) reads: “A *variance application shall be approved by the Zoning Hearing Examiner, if and only if, the Zoning Hearing Examiner finds all of the following:*
 - (a) *The application is not contrary to the public interest or injurious to the community, or to property or improvements in the vicinity;*
 - (b) *There are special circumstances applicable to the subject property which do not apply generally to other property in the same zone and vicinity such as size, shape, topography, location, surroundings, or physical characteristics created by natural forces or government action for which no compensation was paid;*
 - (c) *Such special circumstances were not self-imposed and create an unnecessary hardship in the form of a substantial and unjustified limitation on the reasonable use or return on the property that need not be endured to achieve the intent and purpose of the Zoning Code (§14-16-1-3) and the applicable zoning district; and*
 - (d) *Substantial justice is done.*”
3. The Applicant bears the burden of ensuring there is evidence in the record supporting a finding that the above criteria are met under Section 14-16-4-2(C).
4. The ZHE finds that Application is not: (i) contrary to the public interest, (ii) injurious to the community; or (iii) injurious to the property or improvements located in the vicinity as required by Section 14-16-4-2 (C)(2)(a).

5. Specifically, the ZHE finds that the reduced setback will not result in interfering with views, light or access for any other properties or improvements. It will not increase impacts on other properties or the community, including noise, light or traffic.
6. The ZHE finds that there are special circumstances applicable to the Subject Property which do not apply generally to other property in the same zone and vicinity such as size, shape, topography, location, surroundings, or physical characteristics created by natural forces or government action for which no compensation was paid, as required by Section 14-16-4-2(C)(2)(b).
7. Specifically, the ZHE finds that the existing lot is legal nonconforming as was platted and developed before applicable zoning codes. The Subject Property also has a particularly wide right of way such that even with a reduced setback there is still ample clearance to the street. The Subject Property is also a corner lot in an older neighborhood with different setbacks.
8. The ZHE finds that such special circumstances were not self-imposed and create an unnecessary hardship in the form of a substantial and unjustified limitation on the reasonable use or return on the property that need not be endured to achieve the intent and purpose of the Zoning Code (§14-16-1-3) and the applicable district, as required by Section 14-16-4-2(C)(2)(c).
9. Specifically, the ZHE finds that there is an unnecessary hardship due to the unjustified limitation related to the existing, pre-code lot and wide right of way.
10. The ZHE finds that substantial justice will be done if this Application is approved, as required pursuant to Section 14-16-4-2 (C)(2)(d), due in part to the Owner's ability to adequately access the property given the circumstances of the Owner's reduced mobility.
11. The ZHE finds that the proper "Notice of Hearing" signage was posted for the required time period as required by Section 14-16-4-2(B)(4).
12. The ZHE finds that the Applicant has authority to pursue this Application.

CONCLUSIONS OF LAW:

The Applicant has met the burden of introducing evidence that satisfies the criteria within Section 14-16-4-2(C)(2) of the Albuquerque Zoning Code.

DECISION:

You will receive notice if any other person files an appeal. If there is no appeal, you can receive building permits any time after the appeal deadline quoted above, provided all conditions imposed at the time of approval have been met. However, the Zoning Hearing Examiner may allow issuance of building permits if the public hearing produces no objection of any kind to the approval of an application. To receive this approval, the applicant agrees in writing to return the building permit or occupation tax number.

Successful applicants are reminded that other regulations of the City must be complied with, even after approval of a special exception is secured. This decision does not constitute approval of plans for a building permit. If your application is approved, bring this decision with you when you apply for any related building permit or occupation tax number. Approval of a conditional use or a variance application is void after one year from date of approval if the rights and privileges are granted, thereby have not been executed or utilized.
