Special Exception No:..... *IR* 15ZHE-0164
Project No:..... Project# 1010492
Hearing Date:..... 07-21-15
Closing of Public Record:..... 07-21-15
Date of Decision: 07-31-15

On the 21st day of July, 2015 (hereinafter “**Hearing** JOSE MALDONADO (hereinafter “**Applicant**”) appeared before the Zoning Hearing Examiner (hereinafter “**ZHE**”) requesting a Variance of 11' 9" to the required 15' rear yard setback to attach an existing shed to a proposed patio cover (hereinafter “**Application**”) upon the real property located at 7315 BLUE AVENA AVE SW (“**Subject Property**”). Below are the findings of facts:

FINDINGS:

1. Applicant is requesting a Variance of 11' 9" to the required 15' rear yard setback to attach an existing shed to a proposed patio cover.
2. The City of Albuquerque Zoning Code of Ordinances Section § 14-16-4-2 (C) (2) “SPECIAL EXCEPTIONS – VARIANCE” reads in part: “A variance application shall be approved by the Zoning Hearing Examiner, if and only if, the Zoning Hearing Examiner finds all of the following:
(a) The application is not contrary to the public interest or injurious to the community, or to property or improvements in the vicinity;
(b) There are special circumstances applicable to the subject property which do not apply generally to other property in the same zone and vicinity such as size, shape, topography, location, surroundings, or physical characteristics created by natural forces or government action for which no compensation was paid;
(c) Such special circumstances were not self-imposed and create an unnecessary hardship in the form of a substantial and unjustified limitation on the reasonable use or return on the property that need not be endured to achieve the intent and purpose of the Zoning Code (§14-16-1-3) and the applicable zoning district; and
(d) Substantial justice is done.”
3. The ZHE finds that the Applicant has met its burden of providing evidence (both oral testimony and written material) that establishes that the Application is not going to be: (i) contrary to the public interest, (ii) injurious to the community; or (iii) injurious to the property/improvements located in the nearby vicinity of the Subject Property.

Specifically, the Applicant provided testimony that the existing shed does not obstruct views, and is constructed in harmony with other structures in the surrounding area. The existence of similar structures on immediately abutting properties to the North and East of the Subject Property as well as others in the surrounding area are also evidence that the proposal is not injurious or contrary to the public interest [as required pursuant to Section § 14-16-4-2 (C) (2) (a)]. Further, the Application and testimony of the Applicant at the Hearing suggest that there is no neighborhood opposition to the Application.

4. The ZHE finds that the Applicant has met its burden of providing evidence (both oral testimony and written material) that establishes that there are “special circumstances” applicable to the Subject Property which do not apply generally to other property in the same zone and vicinity. Specifically, the Applicant provided testimony that Due to the existing layout of the property there is very little back yard space to accommodate the necessary storage for the applicant’s home-based business and to keep that equipment secure. [as required pursuant to Section § 14-16-4-2 (C) (2) (b)]
5. The ZHE finds that the Applicant has met its burden of providing evidence (both oral testimony and written material) that establishes that the special circumstances presented hereinabove were not “self-imposed”, and that those special circumstances create an unnecessary hardship upon the Applicant. Specifically, the Applicant provided testimony that The circumstances are related to the Subject Property’s layout and limited back yard size which constitutes an “*unjustified limitation on the reasonable use of the Subject Property*” [as required pursuant to Section § 14-16-4-2 (C) (2) (c)]
6. The ZHE finds that the Applicant has met its burden of providing evidence (both oral testimony and written material) that establishes that substantial justice will be done if this Application is approved. [as required pursuant to Section § 14-16-4-2 (C) (2) (d)]
7. Applicant provided evidence that the yellow “Notice of Hearing” signs were posted for the required time period as articulated within City of Albuquerque Code of Ordinances § 14-16-4-2 (B) (4).

CONCLUSIONS OF LAW:

The Applicant has met their burden of submitting an Application that provides evidence that satisfies the elements required within §14-16-4-2 (C) (2) of the Albuquerque Zoning Code.

DECISION:

APPROVAL of a VARIANCE of 11' 9" to the required 15' rear yard setback to attach an existing shed to a proposed patio cover.
