Interoffice Memorandum

August 30, 2007

To: President Debbie O’Malley, Albuquerque City Council

From: Mayor Martin J. Chávez

Subject: FY/08 APPROVED OPERATING BUDGET

It is my distinct pleasure to present the FY/08 Operating Budget for the City of Albuquerque. Albuquerque continues to be the economic engine for the state. New Mexico youth come here from smaller towns, joining with our own young people, to find good jobs and eventually raise their own families. Today, we in city government are building a world class city and an incredible future for our children.

Our recent revenue performance indicates our success. Driven by a strong local economy, our low unemployment rate is the result of local job creation. We are enjoying prosperity because we have focused on what is important. While the State may not be on the right end of lists, Albuquerque definitely is. Here is the proof:

- Best Place for Business and Careers - Forbes Magazine
- Top Ten City: Most Educated Work Force - Business Facilities
- Top Fifteen City: Entrepreneurs - Entrepreneur Magazine
- First Place: Clean Energy City - U.S. Conference of Mayors
- First Place: World Leadership Awards - Water Sustainability
- Top Ten City: Movie-Making – MovieMaker Magazine
- One of the Best Cities for Relocating Singles – Worldwide ERC
- Tenth Smartest Place to Live – Kiplingers Magazine
- Second Place: Top 25 Art Cities – American Style Magazine
- First City in – Men’s Health Magazine

Our success has made it possible to expand the array of services to the public. Taxpayers continue to invest in the prosperity of our community. They support tax increases when necessary (the most recent being the 2005 Public Safety Quarter Cent Tax) for high quality public services. However, we must remember that our current prosperity was not created by government, but rather by the hard work and initiative of local entrepreneurs, businesses small and large and, of course, an increasingly knowledge-based local labor market.
The expenditure plan for the coming year makes the appropriate and necessary investments in the future of Albuquerque and its citizens. It is clear that the City’s top priorities continue to be public safety, sustainability and economic development. Measured from the approved FY/07 budget, there is an additional $20.3 million in the approved FY/08 General Fund Budget.

Operating appropriations for the Albuquerque Police Department increased by $13.2 million and $3.7 million for the Fire Department, representing growth rates of 10.1% and 5.6% respectively. The budget for the Metropolitan Detention Center was eliminated leaving only a transfer to Bernalillo County to support operations.

The public safety operating budgets include:
- Full funding to reach the goal of 1,100 sworn personnel with additional funding for recruitment and retention initiatives
- Creation of a permanent evidence disposition unit
- Continued development & deployment of a tech-based information system to make officers more effective in the field
- Continued expansion of the civil red light and speed enforcement program
- Continued increase of zoning enforcement efforts at FY/07 funding levels
- Enhanced responsiveness and professionalism of the 911 call center through expansion of the staff and employment of best business practices
- Expanding mental health crisis intervention services to assist and direct individuals to appropriate treatment programs, thereby reducing future emergency response calls
- Increased weekend patrols, including the party patrol focused on underage drinking, and expanded tactical plan implementation
- Expansion of staffing at Fire Station 21 to support a rescue unit
- The purchase of a helicopter for public safety purposes (a shared purchase with the Bernalillo County Sheriff’s Office from Public Safety Quarter Cent Tax funds)
- Renovation of the Fire Academy, Fire Station 2 (GO Bonds), and the replacement of two fire pumper units
- Acquisition of a Fire field data system for emergency response events and a system to record all radio and telephone dispatches to the AFD dispatch center
- Although the Corrections department is no longer funded as part of the City’s operating budget, a one time transfer of $9 million to Bernalillo County to support Metropolitan Detention Center operations for FY/08
- Funds sufficient to support a 3% compensation increase for sworn police officers are reserved

Creation of a sustainable city is the legacy we leave future generations and the approved budget makes the following investments:
- Funding for development of a thoughtful plan for sustainability that will guide the City’s decisions on building, transportation, waste and energy management in the future
• Funding to assure the health of our urban forest
• Establishment of an E-waste recycling program
• Funding to continue our transition to alternative fuel in City vehicles

Our investments in local economic development have provided rich returns and the following investments are made in FY/08:
• Expand existing initiatives to promote foreign trade and secure foreign air service
• Expand funding for tourism promotion with our partners at the Albuquerque Convention and Visitors Bureau and the Hispanic Chamber of Commerce
• Expand funding for the Albuquerque Convention Center to maintain the facility and promote its use
• Acquire additional balloon landing sites to assure that the City is always the home to the Albuquerque International Balloon Fiesta which not only establishes our identity globally, but also brings millions to the local economy each year. Acquisition is funded in the Capital Improvement Projects
• Funding for the Duke City Shoot Out, our annual digital filmmaking competition

A public transportation system furthers our social and sustainability goals. This budget strongly supports an expansion of service which is required to meet the increased demand for service by a growing population using ABQ Ride and the New Mexico Rail Runner:
• All fixed route bus service, including Rapid Ride, will increase
• Rapid Ride service is expanded by approximately 11,000 hours along high capacity corridors and commuter routes
• Para-transit service is expanded to maintain full compliance with the Americans With Disabilities Act
• Operation of three Rapid Ride Park and Ride locations
• Implementation of a bus stop improvement program funded with advertising revenue
• Continued operation of the Downtown Trolley service which serves visitors as well as downtown workers

I believe our recent prosperity is due, at least in part, to firms deciding to locate or expand in a place that offers an extraordinarily high quality of life. No city can thrive without an excellent public education system and programs for youth and families, particularly those of low and moderate income levels. The following enhancements are funded:
• Establish a Family Advocacy Center to coordinate delivery of all services for victims of domestic violence, sexual assault and child abuse
• Establish a pilot methamphetamine treatment program
• Start up the second Assertive Community Treatment (ACT) Team to assure those in the most critical need of mental health services are identified and treated
• Expand funding for Indian health care
• Continue oversight/monitoring programs that focus on literacy and “troubled” schools
• Expand library hours at Alamosa, Erna Fergusson, Juan Tabo, San Pedro, Westgate, Taylor Ranch, Lomas Tramway, and Cherry Hills for increased public access to materials and computers
• Expand funding level for summer community center/recreation and after school programs
• Open a youth arts and culture facility in downtown
• Partner with APS and Central NM Community College (CNM) to provide additional soccer fields on the Westside
• Expand housing programs as a part of the mental health initiative
• Increase championship competitions at the shooting range
• Begin to repair and renovate municipal golf courses through a rate increase

The manner in which a community provides care for animals speaks to the compassion of its citizens. Albuquerque citizens have shown exceptional compassion in the support they have provided to animal care in recent years. Animal services are expanded in the proposed budget to bring us closer to our goal of being a “live exit” City by 2009:
• Initiate programming to increase adoptions of adoptable and rehabilitable pets and make alteration more convenient and affordable by adding veterinarians, support staff and equipment to expand the medical capabilities at ACC
• Implement the second phase of the 4-year plan to become a “live exit” city
• Continue low cost/no cost spay/neuter and microchipping outreach as provided in the HEART Ordinance
• Operate fully functional adoption centers at Coronado Center and Cottonwood mall
• Fund prairie dog relocation from the Sunport
• Assure that urban wildlife are humanely treated

The physical infrastructure and environment of our community receive significant investments in the proposed budget:
• Expanded programs include Weed and Litter, Graffiti Removal and Multi Family Recycling. Funding for staff added in FY/07 is carried into FY/08.
• Provide additional funding for pavement markings, illuminated street signs, facility maintenance, streets, and storm sewers
• Begin the second year of the city/county building optimization plan to repair and maintain the facility
• Continue FY/07 staffing levels to support our investment in medians, streetscapes & trails
• Expand funding levels for staff and contracts to expedite the development and updating of area and sector plans including charettes and planning initiatives

Other items required to be funded in the approved FY/08 budget include:
• Negotiated raises (year 2 of contracts ranging from 3.5% to 6%) are fully funded
• Implementation of the City’s minimum wage ordinance is funded for a full year in FY/08
• Implementation of the public campaign financing ordinance is fully funded for the election to be held in October, 2007
• Pet registration fees are transferred from the general fund to an ear-marked fund and appropriated to specified purposes as identified in the HEART ordinance
• Temporary positions with year-round demand will be converted to regular positions when appropriate to ensure uninterrupted service coverage

City government has worked in the past few years to offer a significant array of new, expanded and improved City services to meet the needs of our diverse population and prepare ourselves for the future – a future for our children. Albuquerque now stands ready to meet the challenges of a global economy.

This is Volume I of a two volume series on Albuquerque’s General Fund and Other Funds FY/08 Approved Budget. Volume I is the Financial Plan and Volume II is the Performance Plan. This volume contains the approved budget for the General Fund and several special revenue, internal service, debt service, project and enterprise funds.

The City Charter requires an operating budget to be formulated annually by the Mayor in consultation with the City Council. The budget process requires a two-volume set, comprised of a financial plan and a performance plan, be delivered on April 1. Council holds at least three public hearings and approves the budget as proposed or amends and approves it within 60 days.

Appropriations are at a program strategy level, the level at which expenditures may not legally exceed appropriations. Budgetary control is maintained by a formal appropriation and encumbrance system. The Mayor has authority to move program strategy appropriations by the lesser of five percent or $100 thousand, provided the fund appropriation does not change. Appropriations may be made or modified during the year by a legally adopted resolution. With the exception of project funds, appropriations revert to fund balance to the extent they have not been expended or encumbered at fiscal year end.

Budget data is prepared consistent with the City's basis of accounting. Governmental funds utilize the modified accrual basis of accounting, while proprietary funds (enterprise and internal service) and agency funds are on an accrual basis. Transactions are recorded in individual funds and each is treated as a separate entity.

Albuquerque provides traditional services such as public safety, culture and recreation, highways and streets, and refuse collection. In addition, the City operates parking facilities, a transit system, a major airport and a housing program. Volume I, the Financial Plan, contains a summary of funding issues by department, goal, and program strategy for all operating funds.

Volume II, the Performance Plan, contains detailed information on the purpose of strategies and key initiatives in the upcoming year. It includes information down through individual service activity levels, and the measurements required for a performance based budgeting system.

The Financial Plan, Volume I, has eight major sections. The Budget Synopsis is designed as an overview. This section discusses the policies underlying the approved budget.

The Goals section presents the City’s eight goals and a summary of funding for the goals by department and fund type.

The Financial Consolidations section presents an elimination of interfund transactions in order to provide an accurate picture of the budget as a whole. Total proposed revenues and appropriations for all funds are included in the consolidation tables.

The section on Revenue Outlook contains detailed information on the projected revenues, any proposed fee increases and economic issues to be addressed in the coming year.

The next section Department Budget Highlights contains financial information and other pertinent information on a department basis by goal and at the program strategy level. The Fund Balance Tables or Working Capital Tables, where appropriate, are presented with estimated ending balances. These tables provide the detailed information for the consolidated tables in the Executive Summary.

Bonded Indebtedness, the Capital Appendix and the Appendix complete the supporting budget documentation. The Appendix contains information that is useful to prepare or understand the budget, including definitions, a schedule of the functional grouping of funds and departments, and a budget calendar. There is also a brief explanation of the methodology used in budget preparation.

The Appropriations Legislation section is a copy of the budget legislation that was approved by City Council.
ALBUQUERQUE: THE COMMUNITY

Location and Climate. The city of Albuquerque is located in north central New Mexico. With an elevation ranging from 4,900 to 6,500 feet, the City nestles against the Sandia and Manzano Mountains on the east, is bisected north to south by the Rio Grande and spreads into the high desert on the west. The mountains, rising 5,000 feet above the City provide protection from harsh winter storms. Although winter snow is not uncommon, travel is rarely a problem. Albuquerque enjoys excellent weather year round, with four distinct seasons, but all four seasons contain a majority of sunny days. The climate is arid; the city averages only eight inches of precipitation a year.

History. The area's first permanent residents were Ancestral Puebloans who planted corn, beans and squash and constructed adobe and brick pit homes along the banks of the Rio Grande in the 6th century. They abandoned their pueblos around 1300 AD.

The Spanish arrived in the mid-16th century and opened a trading post in the last years of that century. In 1706, the present site of the city’s Old Town, just north of today’s downtown, was established and named after the Duke of Alburquerque, viceroy of New Spain. The city still bears the 'Duke City' nickname.

During much of the 18th and 19th century, Albuquerque was a trading center along the Camino Real linking Mexico City and Santa Fe. With the coming of the railroad in 1880, development around the railway station gave birth to what is now downtown Albuquerque. In the 20th century growth was fueled by Route 66, the mother road connecting Chicago to Los Angeles, which brought a steady stream of traffic through downtown. During and after WWII, a federal presence was established at Sandia National Laboratories and Kirtland AFB.

Government. In 1885, while New Mexico was still a territory of the United States, Albuquerque was chartered as a town, and in 1891, Albuquerque was organized under territorial laws as a city. The City Charter under which the City of Albuquerque government now operates was adopted in 1917. The purpose of the City Charter is to provide for maximum local self-government. The City Charter was amended in 1974 to move the city from a commission-manager to a mayor-council form of government. Voters elect a full-time mayor and nine part-time city councilors in non-partisan elections. The mayor and councilors serve four-year terms with council terms staggered every two years, providing continuity on the council. Albuquerque is a “home rule city” under the New Mexico Constitution. The City may exercise all legislative powers and perform all functions not expressly denied by general law or charter.

Statistics. The Albuquerque Metropolitan Statistical Area (MSA) in the 2000 census had a population of 712,738. Albuquerque, with 448,607 residents, is the largest city in New Mexico; accounting for approximately one-fourth of the state’s population. It is the 35th largest city in the country in terms of population. Albuquerque is culturally diverse. About 49.9% of the residents are non-Hispanic white; 37.3% Hispanic; 3.3% Native American; 2.8% African American; 2.2% Asian American; and 4.5% other. The median household income from the census for the Metropolitan Statistical Area (MSA) is $39,088. This is 93% of the U.S. average and compares favorably with other cities in the region. This cultural diversity is recognized, encouraged and celebrated throughout the City by special events, and particularly with Summerfest in the downtown area on Civic Plaza. Architecture, street and subdivision names, art, and dozens of annual ethnic festivals attest to this rich cultural diversity. Sixty percent of city residents own their homes. More information on the City’s demographic composition may be found in the “Statistical Information” section near the back of this document.

Economy. Located at the intersection of two major interstates, served by air and rail, Albuquerque is the major trade, commercial, and financial center of the state. Only 300 miles from the Mexican border, Albuquerque is well situated to benefit from the North American Free Trade Agreement. Trade and service are the largest economic sectors and provide over half the
jobs in the Albuquerque area. Government provides close to 20% of non-agriculture employment and accounts for the largest employers in the MSA:

- University of New Mexico 14,300
- Kirtland Air Force Base (Civilian) 16,360
- Albuquerque Public Schools 14,480
- Sandia National Labs 7,720
- City of Albuquerque 6,342
- Kirtland Air force Base (Military) 5,090

Albuquerque is noted as the hot air balloon capital of the world, playing host to an annual balloon fiesta that draws entries from around the world. Over 750 hot air balloons color the sky for nine days each fall. The City hosts the New Mexico State Fair each September. In addition, the City operates a major convention center hosting a number of national events annually.

The City relies primarily on two types of taxes, gross receipts taxes and property taxes. The total gross receipts tax rate in Albuquerque is currently 6.875%, of which the City receives 2.4125%. This includes a limited ten-year, quarter cent tax to address transportation issues and the permanent Public Safety Quarter Cent Gross Receipts Tax. The difference between the total tax and the City’s share goes to state and county governments. The largest share of city property taxes is used to service bonds for capital improvements, with approximately 28 percent used for general operations.
FINANCIAL POLICIES

Operating Budget

Type of Budgeting: The City of Albuquerque has a well-developed system of program performance budgeting. Program strategies are developed to impact the defined and monitored community conditions that move the City forward to achieving its goals. The legal appropriation is made at the program strategy level. Each program strategy is a collection of specific service activities that are monitored for financial and performance management. Program strategies and service activities are constructed with line-item detail and individual performance measures. The budget is presented as a Financial Plan and a Performance Plan.

Revenue Projections: The City has a seven member Multi-Year Forecasting Advisory Committee with members from the staff of the City Administration and Council, the University of New Mexico, private business and other governmental agencies. The Committee is required by ordinance to meet and review each forecast prior to finalization. A forecast is required to be included with the proposed General Fund budget submitted to Council on April 1 of each year and another forecast may be run at the discretion of the Director of the Department of Finance and Administrative Services.

Planning: The principal financial budget planning tool is the Five-Year Forecast. The Five-Year Forecast estimates future revenues and expenditures for the General Fund and the subsidized funds for the present fiscal year, the budget year and an additional three years. The forecast identifies key trends in revenues and expenditures and provides information about the financial challenges anticipated over the next few years. Budget instructions are developed to accommodate the projected surplus or shortfall projected for the budget year in the Five-Year Forecast.

Required by ordinance, the Five-Year Forecast presented to the City Council in December of each year which identifies:

- operating costs of capital projects
- inflation factors
- optimistic, pessimistic and control scenarios
- updated fund balances
- growth factors
- estimates of reversions, reappropriated encumbrances and reserves
- recurring and non-recurring revenues and expenditures
- a three year projection of expenditures and revenues, including actuals for the previous fiscal year

Budget Process: The budget process begins in December with the production of the Five-Year Forecast which influences the budget call. From late December through March, City departments prepare their budget requests and internal hearings on the requests are held on behalf of the Chief Administrative Officer (CAO). These hearings are attended by Office of Management and Budget, City Council, Internal Audit, and departmental staff as well as the CAO and Chief Financial Officer. By ordinance, at least two meetings are held with the Executive and City Council to discuss the preparation of the budget and information is provided to the City Council staff on requests to facilitate the cooperation in budget development. CAO hearings are usually held from January through March and the Mayor’s Proposed Budget document is submitted to the City Council by April 1. By ordinance, Council must hold at least three public hearings on the proposed budget and the public is encouraged to participate and comment. In April and May the City Council holds public hearings as a Committee of the Whole. By ordinance, Council may amend the budget proposal at any time prior to May 31. If the Council fails to approve a budget by May 31, the budget proposal as submitted by the Mayor is deemed approved.

Amending the Budget: Upon its own initiative or by request of the Mayor, the Budget may be amended by City Council with executive approval during the fiscal year.

Balanced Budget: The adopted budget must be balanced as a matter of state law. The approved budget is binding and no claims in excess of the budget may be paid. City ordinance prohibits budget proposals with
expenditures in excess of anticipated resources. Additionally, budget amendments during the fiscal year cannot result in total authorized expenditures that exceed anticipated available resources. City administrative instructions require service levels to be adjusted if necessary to avoid spending in excess of the appropriated level. Although not formally required by statute, ordinance or administrative instruction, the city’s Office of Management and Budget continues the long standing practice of proposing budgets which are balanced not only in terms of total revenue to expenditure, but also with recurring appropriations less than or equal to recurring revenue. One time and unpredictable revenue is identified and used to support one time appropriations.

Revenue Diversification: The City of Albuquerque is a subdivision of the State of New Mexico and as such is authorized to impose various taxes. The City has the authority to impose 1.5% of the Municipal Gross Receipts Tax, 0.25% of the Municipal Infrastructure Gross Receipts Tax and 0.0625% of Municipal Environmental Gross Receipts. Additionally, the City is granted the authority to impose an operation levy of property tax up to 7.65 mills. Debt service property tax levies to meet the debt service on General Obligation (GO) bonds must be approved by the voters. Revenue bond impositions do not require referendum. There is a constitutional limit on outstanding GO debt of 4% of assessed valuation. There is statutory authority to impose up to two judgment levies and put judgments of over $100,000 on the tax rolls. The City may impose up to two cents of gasoline tax, a Lodgers’ Tax of up to 5%, a Hospitality Fee of 1% and franchise fees for use of the City rights-of-way.

Reserves: The City General Fund is required to hold a reserve of 8.33% or 1/12th of the budgeted expenditure level. The reserve is adjusted as the budget is amended. As a home rule city, Albuquerque is not required to comply with the State of New Mexico policy but does so by administrative instruction.

Dealing with Revenue/Expenditure Fluctuations: The City of Albuquerque enjoys an excellent bond rating despite the relatively small total reserve held. This is due to the history of active monitoring and intervention when unexpected events affect revenue or expenditure levels. The City has shown that it will intervene to reduce expenditures and/or increase revenue levels to avoid use of the General Fund operating reserve.

Use of Fees and Charges: Fees and Charges are used to support 100% of the cost of Solid Waste Management, Air Quality Operating Permits and Vehicle Pollution Management, Aviation, and Golf. Fees and charges cover the operating cost of parking, but a General Fund subsidy is necessary to cover the debt service. Transit, while technically an Enterprise Fund requires a significant subsidy to cover operating costs. Select General Fund programs impose fees (building permit fee, BioPark and museum admission fees, etc.) and direct revenue to the general fund. With few exceptions, fee revenue is not earmarked to programs.

Compliance and Monitoring: As part of the active financial management policy of the City, expenditure projections by program are prepared quarterly. These reports are provided to all departments, the City administration and the Office of Internal Audit who reviews the reports and in turn reports their conclusions to the City Council. Because it is not sufficient to simply monitor expenditures to assure that programs are not spending beyond their appropriations, the City also prepares a quarterly revenue report as required by City ordinance. Revenues are reported by fund and source. Finally, performance measures are reported annually in the Performance Plan (part of the annual budget). The majority of one-year objectives require a report at some time during the year to the Executive and City Council.

Encumbrances: As a matter of City ordinance, amounts encumbered but not expended at the end of a fiscal year are appropriated to the subsequent fiscal year without further action by the Council. A report of the amounts and individual purchase orders are reported to the City Council by October 1.

Reversions: Reversions feed fund balance and amounts in excess of the required balance are treated as available for one time appropriations in the subsequent fiscal year.

Over expenditures: The City has adopted the practice of not “cleaning-up” program over expenditures, but rather reporting them in the Comprehensive Annual Financial Report (CAFR) as overspent. This practice provides
necessary information for future budget cycles and brings attention to the reasons for the over expenditures. The City does “clean-up” funds in the event that they are overspent. In most cases, when funds require “clean-up” there is sufficient fund balance to make the appropriation.

**Capital Budget**

**Capital Implementation Program (CIP):** The CIP was created in 1975 to implement the City’s adopted goals and objectives through the capital planning process. As mandated by city ordinance, CIP’s mission is to enhance the physical and cultural development of the City by implementing the Albuquerque/Bernalillo County Comprehensive Plan and other adopted plans and policies. Through a multi-year schedule of public physical improvements, the City acquires, constructs, replaces, upgrades and rehabilitates the built environment.

By November 21 of each even numbered year the Mayor submits the proposed CIP to the Environmental Planning Commission who conducts at least one public hearing and submits its recommendations to the Mayor by December 1. The Mayor is not required to revise the proposed CIP to incorporate the recommendations of the Environmental Planning Commission. The Mayor submits the proposed CIP to the City Council by January 3, except for CIP for the Air Quality, Aviation Enterprise, Parking Enterprise, Refuse Disposal, and Golf Enterprise Funds. The capital improvements appropriations for these funds are developed in conjunction with operating budgets and submitted to the Council no later than April 1 of each year. The Council must approve the CIP as proposed or shall amend and approve it. Council action shall be within 60 days after it has been submitted by the Mayor. This period begins on the date of introduction of the CIP bill at a City Council meeting. The Council shall hold at least one public hearing on the proposed program.

**Debt Management Policy & Guidelines:** The City’s debt policy was implemented in May, 2001. The debt policy sets forth the parameters for issuing debt and managing the outstanding debt portfolio and provides guidance to decision makers regarding the purposes for which debt may be issued, types and amounts of permissible debt, timing and method of sale that may be used, and structural features that may be incorporated. Adherence to the debt policy helps to ensure that the City maintains a sound debt position and that credit quality is protected.

**Investment Policy:** The City’s adopted debt policy seeks to balance three primary objectives for its cash portfolio – maintaining sufficient liquidity to meet financial obligations, earning a market rate of return (subject to permitted investment constraints), and diversifying investments among asset classes to ensure safety of principal. The liquidity goal is achieved by matching investment maturities with the expected timing of obligations. Attainment of a market return is measured by benchmarking the portfolio against a relevant index, such as the federal funds rate. Finally, diversification (safety) is accomplished through implementation of a strategic asset allocation, derived from modern portfolio theory concepts.

**Non Financial Goals**

**Goals and Objectives:** The City charter requires the establishment of five-year goals and one-year objectives be adopted by ordinance or resolution. The Mayor is required to formulate budgets consistent with the City’s goals and objectives. Similarly, the City Council is charged with adopting policies, plans, programs and legislation consistent with the goals and objectives. A separate volume of the budget called the Performance Plan is dedicated to describing the program performance budgeting annually.
**Long-Term Goals (Five Year Goals):** The City of Albuquerque has adopted a framework to develop, measure, and apply five year goals. This framework calls for:

- Developing goals with extensive public involvement;
- Measuring progress made in reaching goals;
- Connecting City services to goal achievement;
- Determining the effectiveness of those services in improving related community and customer conditions; and
- Linking the City’s budget to the goals.

For a description of the City goals and an overview of the process, please see the Performance Plan volume of the budget.

**Performance Planning:** The Performance Plan establishes performance measures for programs and service activities. The measures are developed by the departments with input from the Office of Management and Budget. The measures are updated and reported annually in the budget. In addition to measures, each program performance plan includes an accelerating improvement (AIM) point. The AIM point is a target to focus the department to achieve a specific quality or quantity of service. Finally, major initiatives and projects are reported.

**Short-Term Organization-Wide One-Year Objectives:** The City budget is increasing the use of one-year objectives to drive performance and results. The one year objectives are adopted in separate legislation. The legislation is included in the Appropriation Legislation section at the end of this section. These well defined short term policies generally require reporting. For the past few years, initiatives requiring budget expansion have been tied to a one-year objective. Progress on all objectives is reported to the Executive and City Council twice a year.

**FY/08 BUDGET SYNOPSIS**

The FY/08 adopted budget is supported by a strong, vigorous local economy. The Albuquerque economy is performing well above expectations. The underlying growth in gross receipts tax revenue for FY/06 (the one percent distribution from the state which provides a growth rate adjusted for tax rate changes) was 9.6%. The Five-Year Forecast produced in December 2006 had conservatively estimated an FY/07 GRT growth of 5.4%, but the budget increased the forecast to 7.5%. The initial forecast for FY/08 was 3.3%, but was revised upward to 4.3%. Unemployment was down to 3.7% in January 2007, driven by new local jobs.

The budget initially developed by the executive used assumptions from the conservative Five-Year Forecast. Per the budget instructions, departments submitted flat budgets that included the second year of compensation increases negotiated last year. Select expansion items reflecting the previous actions of the City Council and member requests were included (the Rail Yard acquisition, establishment of a Family Advocacy Center, expansion of library hours, and collection of e-waste). As the proposed budget was developed, it became obvious that the unanticipated strength in revenue provided the opportunity for program expansion or tax relief. The choice of action became the central issue between the Executive and Council in the budget process.

**The Five-Year Forecast**

The Five-Year Forecast prepared in December 2006 estimated future revenues and expenditures for the General Fund and the subsidized funds for FY/07 through FY/11.

The Five-Year Forecast projected the General Fund unreserved fund balance for FY/07 would be positive at $9.9 million. It also estimated that recurring revenues would exceed recurring expenses by $10.3 million. Much of this was due to an unanticipated improvement in revenues in FY/07. In FY/08 the gap between General Fund recurring revenues and expenditures was projected to swing to a negative $7.8 million, producing an unreserved fund balance of negative $21.8 million.
The $21.8 million FY/08 projected gap had two major causes. First, as a result of the 1/8 cent gross receipts tax revenue (GRT) reduction effective January 1, 2007, associated with the transition of Metropolitan Detention Center operations to Bernalillo County (the City cut and the County increased by 1/8th Cent), total revenue was assumed to grow modestly at 1.8% in FY/07 and 1.1% in FY/08. Fortunately, the Five-Year Forecast projected total FY/07 revenue to be $3.7 million above the original FY/07 budget level, adding capacity to support the mid-year GRT reduction. Secondly, on the expenditure side, the Five-Year Forecast included the compensation packages negotiated with the various unions during FY/07 and anticipated benefit increases which increased the total cost of City wages and benefits by $11.7 million in FY/08. CIP coming on line increased FY/08 expenditure levels by $2.6 million. Total General Fund expenditures were projected to increase $11.97 million above the original FY/07 budget level. However, the estimated FY/08 expenditure level was estimated to be $2.7 million below the revised appropriation level in FY/07, largely due to the transition of the Metropolitan Detention Center to the County.

Closing the Gap; Preparation of the FY/08 Budget

Departments were asked to bring forward flat budgets accounting only for salary and other technical adjustments. Departments were cooperative and a basic budget was prepared that reflected a reduction in the appropriation level.

The General Fund budget instructions allowed few positive issue papers. CIP coming-on-line was not automatically funded at the level included in the Five-Year Forecast. Neutral issue papers were allowed with the positive portion of the neutral issue paper linked to a one-year objective. Public Safety Quarter Center Tax issue papers were accepted.

The $21.8 million shortfall projected in the FY/08 Five-Year Forecast was largely closed by an unanticipated increase in General Fund revenue. Between the Five-Year Forecast and the approved budget, revenue projections increased $17 million in FY/08. Additional FY/07 revenue of $14.7 million, combined with expenditure savings produced $16.2 million available for appropriation.

Although the Five-Year Forecast had ambitiously reduced the salary savings rate to 0.5%, analysis of actual data from January 8, 2007 revealed a General Fund vacancy rate of 11.6%, well above the FY/07 budgeted salary savings rate of up to 3.5% in some departments. The proposed FY/08 General Fund budget retains the FY/07 salary savings rate of 3.5% for most departments except Mayor, Chief Administrative Officer, Council Services, and Internal Audit which remain at 0.5% and Fire, Police, Senior Affairs and Human Resources that are set at 1.0%. The increase in the salary savings rate reduced the gap by approximately $2.6 million.

The cost of CIP coming-on-line was estimated at $2.6 million in the Five-Year forecast. There was no funding for CIP coming-on-line in the approved budget. Departments were able to incorporate some of these costs into the adopted issue papers below. The Other Employee Benefits rate was reduced $2.9 million as a result of a more favorable contract with health and dental insurance providers as well as the use of available fund balance.

Additional appropriations of $1 million from additional Public Safety Quarter Cent Tax revenue are approved in the FY/08 budget. Approximately $10.4 million of adopted issue papers not included in the Five-Year Forecast are funded and $14.4 million of appropriations added by the City Council in the budget process. Finally, the transfer to other funds in FY/08 is lower than projected in the Five-Year Forecast. Some funds enjoy a higher than expected fund balance which is used in lieu of a General Fund transfer. (Most notably Transit has experienced a significant increase in ridership which increased fund revenue.)

## Revenue and Expenditure Aggregates

The approved FY/08 budget is built on the modest assumption that total revenue will increase only 1.23% over the FY/07 estimated actual level. This projected rate of increase includes the impact of a full year of the 1/8th cent GRT reduction effective 1/1/07. Total expenditures in the approved FY/08 budget are 1.65% above the FY/07 estimated actual expenditure level. The revised estimated FY/07 revenue of $469,502 million is an increase of 4.1% or $18.4 million above the FY/07 original budget revenue level. The FY/08 budget estimates revenue to grow $24.2 million above the original FY/07 budget but only $5.8 million above the FY/07 estimated actual revenue level. The disparity is due to the fact that the 1/8th cent tax reduction effective 1/1/07 was not part of the FY/07 budget at the time of adoption. It was the growth in FY/07 revenue experienced in the early part of the fiscal year that made it possible to implement the tax reduction to make taxpayers whole as the City transitioned the Metropolitan Detention Center responsibility to Bernalillo County.

Total recurring revenue exceeds recurring appropriations by $977 thousand in FY/08 with recurring revenue growing at 0.4% and recurring expenditures increasing at 5.66%. This unusual outcome is the result of the extraordinary unanticipated growth in recurring revenue in FY/07.

Significant Spending Initiatives

The FY/08 budget increases total General Fund expenditures $8 million or 1.7% above the FY/07 estimated actual expenditure level. The principal reason for modest expenditure increases are the tax reduction in FY/07 associated with the transfer of the Metropolitan Detention Center operations to Bernalillo County, resulting in a decrease in the transfer to the County to support operations from $15.4 million in FY/07 to $9 million in FY/08.

Expenditure changes are sorted and presented by category: technical adjustments, adopted issue papers, and Public Safety Quarter Cent Tax programs.

Technical Adjustments. The incremental cost of technical adjustments made in the FY/08 budget account for a decrease in cost of $43.2 million. This unusual result was caused by two major factors. First, all Public Safety Quarter Cent Tax appropriations, both the recurring and nonrecurring portions, are removed from the FY/07 base so that they can be separately identified in FY/08 appropriations. Second, the FY/06 transfer to Bernalillo County was removed reflecting the full transition of MDC operations to Bernalillo County coupled with the City’s 1/8th cent tax reduction in FY/07. Major elements contained in technical adjustments are listed in the table below.

Adopted Issue Papers and Initiatives.
Adopted General Fund issue papers total $26.6 million in FY/08. In also, the legislation includes $4.76 million in additional one-time funding for FY/07. Among the most significant initiatives is the $9 million transfer to Bernalillo County added by the City Council to support Metropolitan Detention Center operations. Another significant initiative added library hours at Alamosa, Erna Fergusson, Juan Tabo, San Pedro and Westgate. The Albuquerque Green and Sustainability Program builds on existing planning work to make Albuquerque a sustainable city in the way it addresses transportation, fuels, construction, waste management, etc. Additional funding at the Animal Care Centers will bring us closer to our goal of becoming a “live exit” city by providing additional medical services for rehabilitation and spay/neuter. The municipal election in FY/08 is funded as is the revised expenditure estimate for the operation of the STOP (red light camera) program. Additionally, funding is provided to support the newly re-opened Los Volcanes Fitness Center operated by the Department of Senior Affairs.

Enterprise and other fund programs are appropriated in this approved budget. All operating fund programs were subject to the same budget instructions and hearing process as the General Fund programs. Compensation and benefits are treated the same in other funds as in General Fund departments. Other funds issue papers are listed and a discussion of specific issues can be found in the narrative review by department in this volume.

**Transit Operating Fund**
- ABQ Ride-Rapid Ride Service Increase & Radios: 622
- Paratransit Service Increase: 459
- Strategic Support - Security for Park & Ride: 76
- Strategic Support - Production cost for advertising: 160
- Facility Maintenance - Maintenance for Park & Ride: 83
- Additional Funding for Downtown Trolley (Council): 75
- Implement results of charette for Rapid Ride redesign & improvements: 100

Some of the FY/07 one time appropriations are not specifically issue papers, but rather necessary appropriations to reflect existing expenditures such as emergency snow removal and red light camera operating expenditures that are completely backed by additional STOP program revenue. The City Council had passed an appropriation to acquire Rail Yard property prior to the introduction of the budget and that significant appropriation of $1.05 million is included in this calculation.

General Fund non recurring appropriations totaled $44.8 million reflecting the impact of capital and contracts primarily funded through the public Safety Quarter Cent Tax as well as the transfer of $9 million to Bernalillo County to support the Metropolitan Detention Center. Also listed as a non recurring appropriation are transfers supporting street maintenance, traffic engineering and storm drainage that were associated with the partially repealed Quarter Cent Basic Services Tax.

Public Safety Quarter Cent Tax Programs. In October 2003, voters approved the Public Safety Quarter Cent Gross Receipts Tax. The legislation specified that 34% of the tax was to be used for APD projects, 6% for corrections and detention, 34% for emergency preparedness/AFD and 26% for crime prevention and intervention. The value of the ¼ cent grows each year. The list below details the General Fund appropriations totaling $37.3 million.

It should be noted that the crisis intervention program funded from crime prevention and intervention ¼ cent funding in FY/07 is supported by ordinary General Fund in the Police Department in FY/08. Also, funding for a pilot Methamphetamine Treatment Program is included in Family and Community Services.

State Operating Grants

The approved budget contains appropriations for state grants as passed by the 2007 New Mexico State Legislature and signed by the Governor. By including these appropriations in the annual operating budget, the City is avoiding time delays associated with passage of special bill in order to expend the grants.

<table>

Changes in Employment

Staffing levels in the combined approved Enterprise and General Fund budgets are increased by 142 FTE, or 2.29% above the level approved in the original FY/07 budget. Details of changes in the level of employment by department are discussed in the Department Budget Highlights section of this volume, and the schedule of Personnel Complement by Program is contained in the Appendix. As can be seen from the table below, the General Fund adds 86 positions for a total increase of 1.99%. Enterprise funds add 53 positions for an increase of 4.1%. General fund positions added are primarily in public safety to improve 911 response times. Enterprise positions include those added to support our growing transit service.

<tr>
<td>TOTAL</td>
</tr>
</tbody>
</table>
Total available resources for FY/08 of $923 million is $41.9 million or 4.8% more than the $881 million estimated sixteen months ago for the originally approved FY/07 budget.

Gross Receipts Tax (GRT) makes up 37% of total resources in FY/08. This has increased from 36% in the FY/06 actual. The increase in the share is due to the relatively strong growth in the GRT. The growth rate was 4.6% in FY/03, 9.2% in FY/04, estimated to be 15.4% in FY/05 (due to addition of the Public Safety Quarter Cent Tax), in FY/06, and 5.17% in FY/07.

Enterprise revenues are another major source of revenue. The various enterprises the City operates generate 15% of the revenue in FY/08. This is down from 33% in FY/04 (not shown in the following chart), due to the creation of the Albuquerque Bernalillo County Water Utility Authority (ABCWUA). The City operates solid waste collection and disposal, a transit system, parking lots and parking structures, four golf courses, and an international airport and a small airport as enterprise funds. In FY/08, the enterprise revenues in the approved budget are $8.6 million or 6.5% above the FY/07 approved level. The increase is primarily due to a growth in solid waste collection and a rate increase in Golf.

Property taxes make up only 11% of City revenues. The bulk of property taxes are imposed by referendum and used to retire bonds for capital projects.

GRT, enterprise revenues and property taxes make up about 63% of total revenues. Other revenue sources include intergovernmental revenues including grants, interfund transfers, various relatively minor tax sources, admission fees to various City operated facilities such as the Zoo and Aquarium, and fees to builders for inspection, permits, etc.

Note: GRT includes state shared, Intergovernmental includes Federal Grants, County and State Shared revenue minus GRT; miscellaneous includes fines and forfeits and miscellaneous appropriated fund balance. Detailed information is provided in the Appendix.
HISTORICAL PERSPECTIVE OF CITY APPROPRIATIONS

As a rule of thumb, a government’s spending must keep up with increases in cost (inflation) and increases in the population to maintain the level of city services. Growth in total citywide appropriations had substantially exceeded this benchmark. It began slowing in FY/02 and declined recently due to the transfer of the water and sewer utility to the Albuquerque Bernalillo County Water Utility Authority, which is a separate entity. The growth in GF expenditures had barely kept pace. In FY/05 and FY/06, the addition of the Public Safety Quarter Cent Tax allows for an increase of city services as the expenditure growth exceeds the inflation rate and population growth.

For the period 20 year period FY/88 to FY/08 inflation, as measured by the Consumer Price Index, increased 76.2%, for an average of approximately 2.8% a year. In the same period of time, population within the City of Albuquerque increased by 35%, for an annual average of 1.5%. The following chart plots real per capita (adjusted for inflation and population growth) appropriations and expenditures.

Real consolidated total appropriations include appropriations from all funds (general, enterprise, special revenue, debt service and internal service) after interfund eliminations. Real per capita consolidated total appropriations increased 8.3% from FY/88 to FY/08 for an average annual growth rate of 0.4%. The increase is limited due to the exclusion of the Water Authority beginning in FY/05 and then the transfer of Metropolitan Detention Center operation to Bernalillo County in FY/07. General Fund real per capita expenditures showed an increase of 19.3% over the entire period FY/88 to FY/08. On an annual basis, this is growth of only 0.88% per year indicating that General Fund expenses increased only slightly faster than population plus inflation. The bulk of this gain was picked up in FY/04 with a shift of one-mil in property tax to the general fund and in FY/05 with the introduction of the quarter cent tax for public safety. The reduction of 1/8th cent in GRT in January of 2007, associated with the transfer of jail operations also limited this growth and FY/08 real expenditures decline by 2%.

Real Per Capita Total Consolidated Appropriations and General Fund Expenditures

*Consolidated appropriations are appropriations from all funds after interfund eliminations
2006 represents the estimated actual, and 2007 the approved budget.
The City operating budget appropriates the General Fund, the largest fund individually and by type. There are 16 Special Revenue Funds included which are funds received that have special restrictions on their use and are to be distinguished from three other special revenue funds that are not appropriated in the annual budget and referred to as Special Revenue Fund Excluded. This year, the Open and Ethical Election Fund and the Heart Ordinance Fund were added but the Corrections and Detention Fund was eliminated. Three Non-Enterprise Debt Service funds, 15 Enterprise Funds and five Internal Service Funds are appropriated. The Appendix contains a Numeric List of Fund names by Category. In using the list in the Appendix, it should be noted that the one Trust and Agency Fund appropriated is included in the category of Special Revenue Fund Included. This budget documents presents fund tables and highlights organized in the categories graphed below and demonstrating the relative size of total appropriations by type of fund.

FY/08 Net Appropriations by Fund Type all Funds
Total $922,908
($000’s)

SPENDING BY GOAL

The entire operating budget of the City of Albuquerque can be examined by goal. Albuquerque builds budgets at the service activity level. Groups of service activities form program strategies. Program strategies are sets of governmental activities and services designed to impact desired community conditions associated with City goals. Since appropriations are made at the program strategy level, and program strategies are associated with one of eight City goals, expenditure histories by goal can assist in understanding relative funding. A table outlining a three year funding history of each goal by program strategy can be found in the appendix.

The table entitled FY/08 Operating Budget by Goal, Department and Fund is discussed in this narrative. Examination of this table aids in understanding where City operating funds come from and where they are spent.

<td>171,911</td>
</tr>
</tbody>
</table>

**Goal 1: Human and Family Development** includes programs in the Cultural Services, Family and Community Services, Parks and Recreation, and Senior Affairs departments and accounts for 13% of total appropriations in FY/08. Roughly 49% of the funding is from the General Fund, 18% from Special Revenue Funds not Appropriated (for grants in Family and Community Services and Senior Affairs), and 34% is from enterprise funds that support operations of City apartments, the housing authority and golf courses. Bernalillo County in FY/07.

**Goal 2: Public Safety** includes the Environmental Health, Family and Community Services, Fire, Legal and Police departments. The majority of the funding for this goal, more than 96% is provided from the General Fund which supports large funding efforts in the Police and Fire Departments. Grants for the Police and Family and Community Services departments are seen in special revenue not appropriated. Although still growing, goal 2 growth was significantly reduced with the transfer of the Metropolitan Detention Center operations to
**Goal 3: Public Infrastructure** includes program strategies in the Aviation, City Support functions, Municipal Development, and Transit departments. Aviation and Transit are very large enterprise funds, although Transit receives most of its operational funding from a General Fund transfer. City Support is responsible for making the General Fund debt service payments as can be seen in the large amount in Non Enterprise Debt Service Funds. State grant funding for roads is reflected in this goal. Goal 3 funding was significantly reduced when water and sewer utility operations were moved to the Albuquerque Bernalillo County Water Utility Authority in FY/05.

**Goal 4: Sustainable Community Development** includes program strategies in Family and Community Services, Municipal Development, and more significant funding to the Parks and Recreation, and the Planning departments. The majority (92%) of the funding for this goal comes from the General Fund with grants in Family and Community Services providing 7% of total support.

**Goal 5: Environmental Protection and Enhancement** includes program strategies in Environmental Health, Parks and Recreation, and Solid Waste departments. The largest funding source (75%) for this goal is the enterprise revenue from the Solid Waste Utility. Special revenue funds from air quality operating permits and the vehicle pollution management program support Environmental Health programs and open space expendable trust funds support open space programs in the Parks and Recreation Department.

**Goal 6: Economic Vitality** is the smallest goal with respect to total funding and includes programs in the City Support functions, Economic Development, Family and Community Services and Finance and Administration Services Departments. The Lodgers’ Tax and the Hospitality Fee support the special revenue appropriations. The revenue from the tax and fee is used to make debt service and purchase necessary capital for the Albuquerque Convention Center and promote tourist related events within the City. General Fund appropriations in the Finance and Administrative Services Department support the Convention Center. Economic Development is funded by General Fund appropriations.

**Goal 7: Community and Cultural Engagement** includes program strategies in the Cultural Services, Legal and Senior Affairs Departments. The primary funding source is the General Fund accounting for 67% of goal funding. Special revenue funds in the goal are comprised of project funds for culture and recreation and the BioPark. Senior Affairs grants are seen in special revenue funds not appropriated.

**Goal 8: Governmental Excellence and Effectiveness** contains program strategies in the Chief Administrative Officer, City Support functions, Council Services, Finance and Administrative Services, Human Resources, Legal, Mayor’s Office, Municipal Development, and Office of Internal Audit departments. General fund appropriations account for approximately 47% of goal funding. General Fund appropriations finance the various administrative services provided to City operations. Internal service funds collected for the provision of telephone and radio services as well as the employee contributions to health insurance are reflected in the internal service funds within the goal and account for nearly 59% of goal funding. Note that net transfers are negative.

# City of Albuquerque Vision, Goal Areas, Goal Statements and Desired Community or Customer Conditions

NOTE: All Goals and Desired Community or Customer Conditions are interdependent and support the Community Vision.

## VISION: Albuquerque is a thriving high desert community of distinctive cultures, creating a sustainable future.

<table>
<thead>
<tr>
<th>Goal Area</th>
<th>Goal Statement</th>
<th>Desired Community or Customer Conditions</th>
</tr>
</thead>
</table>
| **HUMAN AND FAMILY DEVELOPMENT**   | People of all ages have the opportunity to participate in the community and economy and are well sheltered, safe, healthy, and educated. | 1. Residents are literate and educated.  
2. Youth achieve desired educational outcomes.  
3. Youth achieve responsible social development.  
4. Residents are active and healthy.  
5. Residents have access to physical and mental health care.  
6. Families are secure and stable.  
7. Safe, decent and affordable housing is available.  
8. Senior citizens live and function in optimal environments.  
9. Residents are safe from public health risks.  
10. Residents have a balance of means, opportunity, and avenues of support needed to provide for their basic needs. |
| **PUBLIC SAFETY**                  | Citizens are safe, feel safe and secure, and have trust and shared responsibility for maintaining a safe environment. | 11. Residents are safe.  
12. Residents feel safe.  
13. Travel on city streets is safe.  
14. Residents, businesses and public safety agencies work together for a safe community.  
15. Domestic animals are responsibly cared for and provided safe and healthy home environments.  
16. The community is prepared to respond to emergencies, natural disasters, catastrophic acts and other events that threaten the health and safety of the public. |
| **PUBLIC INFRASTRUCTURE**          | Ensure that all existing communities are adequately and efficiently served with well planned, coordinated, and maintained infrastructure. Ensure that new development is efficiently integrated into existing infrastructures and that the costs are balanced with the revenues generated. | 17. A reliable water system meets health and safety standards.  
18. Wastewater systems meet quality standards.  
19. A storm water system protects the lives and property of residents.  
20. Effective information technology infrastructure is accessible throughout the community.  
21. Residents have safe and affordable integrated transportation options that meet the public’s needs.  
22. The street system is well designed and maintained.  
23. New development is efficiently integrated into existing or approved infrastructure and its costs are balanced with the revenues generated and adopted City development policies.  
24. Sustainable, environmentally sensitive supplies of energy are available and are efficiently consumed. |
| **SUSTAINABLE COMMUNITY DEVELOPMENT** | Guide growth to protect the environment and the community economic vitality and create a variety of livable, sustainable communities throughout Albuquerque. | 25. Parks, open space, recreation facilities and public trails are available, accessible and strategically located, designed and maintained.  
26. Albuquerque’s built environments are safe, habitable, well maintained, and sustainable.  
27. A balance of densities, land uses, and pedestrian friendly environments is available throughout Albuquerque.  
28. The downtown area is vital, active, safe and accessible.  
29. Safe and accessible mixed-use areas with housing, employment, civic functions, recreation and entertainment exist throughout Albuquerque. |
| **ENVIRONMENTAL PROTECTION AND ENHANCEMENT** | Protect and enhance Albuquerque’s natural environments - its mountains, river, bosque, volcanoes, arroyos, air, and water. | 30. Air, water, and land are protected from conditions that are harmful to people and the environment.  
31. Water resources are sustainably managed, conserved and protected to provide a long-term supply and drought reserve.  
32. Solid wastes are produced no faster than natural systems and technology can process them. |

</tbody>
</table>
PERSONNEL SUMMARY
The FY/08 budget has a 2.3% increase over the FY/07 original budget. Full time positions are increased by a total of 142 from the FY/07 budget which includes grant funded positions. Further details are available in each of the department's budget highlights.

- The Aviation Department has an increase of seven positions over the FY/07 original budget. One part time aviation police officer was converted to full time. This position is funded through federal revenues. A sustainability manager is added to implement the airport's sustainability plan. A construction administrator is added to manage the department's construction projects. One maintenance worker is also added to Double Eagle II airport as activity there increases and three custodial staff are added to help maintain the expanded main terminal.

- There is a reduction of six positions in the CAO's office. The city hearing officer position was converted from part time to full time. This position along with seven others in the Administrative Hearing Office was moved to the Legal Department in order to provide dedicated oversight to the program. One additional position was moved from DFA to the budget office for FY/08. However, this position is unfunded for FY/08.

- Council Services increased their staffing levels by two positions during FY/07. An administrative assistant will assist with the overall increase in clerical and receptionist duties, and a CIP policy analyst will review all existing and proposed CIP projects. No positions were added in FY/08.

- The Cultural Services Department overall personnel count increased by nine positions in FY/08. The public library has expanded library hours at seven of their branches and adds eight full time staff including one librarian, three library paraprofessionals, one library customer assistant II, two general maintenance workers, and one systems administrator II. Taylor Ranch will also extend the children’s program and adds one full time librarian.

- There is no change in the number of positions for the Economic Development Department.

- The Environmental Health Department personnel count increased by 11 new positions over the FY/07 original budget. Two General Fund positions were created mid-year FY07. The FY/08 approved budget added nine new positions in the animal services program. The total department General Fund personnel complement is now at 178.

- The Family and Community Services Department had an overall decrease in their personnel count including all funds. The department's residential treatment program came to an end, eight general fund positions and two grant funded positions were eliminated due to the lack of a suitable facility and having to adhere to stringent new staffing requirements imposed by the State. One position was moved to Senior Affairs and at council's request one position was added for contract monitoring and oversight. Three positions were added for the programming and managing of the Albuquerque Teen Arts and Entertainment Center.

- The Finance and Administrative Services Department reflects an overall decrease of six positions from the FY/07 original level. A fiscal manager in purchasing was deleted and two accounting positions were transferred to the Human Resources Department during FY/07. Four CIP positions were deleted for the FY/08 budget year and a senior office assistant was approved for the Risk Management Fund.

- The Fire Department has an overall increase of 14 positions in FY/08. Eight new positions for an advanced medical response unit (referred to as a rescue unit, including three lieutenants and five drivers) were added. This rescue unit will be assigned to Station 21 located by the Cottonwood Mall on the west side of Albuquerque. Also, three new civilian positions are added in FY/08. Two accounting assistants will meet the expanding needs of the department in the areas of time keeping and accounts receivable. A warehouse worker will oversee the bunker management program.

- The Human Resources Department has two additional positions from the FY/07 original level. Two positions from accounting were transferred into the department during FY/07.

- There is no change in full time positions for the Office of Internal Audit and Investigations.
Legal increased their FY/08 positions by nine. The Administrative Hearing Office and its eight positions were moved to the Legal Department in order to provide dedicated oversight to the program. The AHO also received one position during the budget process.

There was no change in positions for the Mayor’s Office.

The Metropolitan Detention Center operations were transferred to Bernalillo County effective July 1, 2006. This transfer results in a reduction of 503 positions. The County was notified of the transfer in April 2005. The courts in March 2006 upheld the City’s right to terminate the existing operating agreement, thus confirming the transfer and recognizing the County’s responsibility to provide jail services under state statute.

Municipal Development has an additional four positions authorized in the FY/08 budget. Funding for three positions was transferred to contractual services as a result of the Albuquerque Bernalillo County Water Authority split. Six staff is added to the General Fund for increased permitting services, additional maintenance of roadway markings and the installation of illuminated street signs. One position is added in parking operations, a parking supervisor, for increased enforcement operations.

Parks and Recreation has an overall increase of eight positions. At mid-year a pool supervisor was created. To meet the growing needs at the shooting range one shooting range master was added. Six positions were added for the Aviation landscape. The department will be providing Aviation with landscape maintenance for the grounds in and around the Sunport, the interior plants, the newly landscaped Sunport Drive, and the rental car facility.

The Planning Department increased their personnel count by three positions to support expanded planning and code enforcement services. Mid-year, the department added one senior administrative assistant and one planning assistant. The FY/08 approved budget adds one senior planner. The total department General Fund personnel count for FY/08 is 191.

There is a total increase of 41 positions for the Police Department. Six communications staff was added mid-year to support the 911 call center. During the budget process, as part of the communications study, an additional 21 positions were also added to the communications center. Two additional positions were also added mid-year to support the photo enforcement program and the DWI seizure program. Both of these positions are funded from the revenue generated by the programs. Five civilian positions are added to support the Sixth Area Command in northwest Albuquerque. A records supervisor is added to the records center to provide civilian oversight and five positions are added to the evidence unit to provide proper disposition of evidence. A grant funded position was also added mid year to support the Forensic Science Center.

There is an increase of two full time positions for the Senior Affairs Department for the Los Volcanes Fitness Center scheduled to open in the spring of FY/08.

The Solid Waste Department reflects an increase of 23 positions for FY/08. Ten positions were added to the weed and litter program, six were added for graffiti removal, five were added for the multi-family recycling program and two administrative supervisors were added for operational review.

The Transit Department increased their personnel count by 22 new positions. Mid year the department added two motorcoach operators, one laborer, one lead mechanic, and one transit supervisor. The department offset two of these new positions by deleting an associate director and transit manager. For FY/08, the department added five positions in ABQ ride, ten positions in Paratransit, two positions in strategic support, and two positions in facility maintenance. The department’s operating fund personnel complement totals 556 positions in FY/08.

BUDGET HIGHLIGHTS BY FUND

Budget Highlights explains significant changes in each fund grouped by fund type. Graphs are provided showing the trends in expenditures and/or appropriations in each of these funds. Each fund group will have a table preceding the section that shows revenues, appropriations, and anticipated fund balances at year-end. However, as each fund is presented in its entirety, the discussions will all be based on the total revenue and total appropriation in the particular fund.
GENERAL FUND

The purpose of the general fund is to budget and account for resources traditionally associated with governments which are not required to be accounted for in another fund.

The General Fund is the repository for revenues and expenses that provide traditional government services such as fire protection, police protection, street repair, park maintenance and recreational facilities. The largest source of revenue for this fund is the Gross Receipts Tax.

The City of Albuquerque maintains 8.3% of the General Fund appropriations as a reserve to protect against changes in the economy, unanticipated fiscal needs or emergencies. If it is necessary to use some portion of that reserve in any given year, the budget for the following year reestablishes the appropriate amount.

</table>
Positive growth in the General Fund operating budget continues with the need to service a growing city. Available fund balance is used for one time expenditures associated with support of the Red-Light program and unanticipated snow removal costs in FY/07. Funding for increased library hours, expanded animal care, 911 communications enforcement and police officer retention programs drove up the General Fund appropriation level. Additionally, one time funding of $9 million is provided to Bernalillo County for the Metropolitan Detention Center.

- The Public Safety Quarter Cent Tax funding in FY/08 supports $37 million in appropriations for increased sworn police officers and firefighters, better equipment for police including the cooperative purchase of a helicopter with Bernalillo County. Funding is also provided to complete the renovation of the Fire Academy. Public Safety Quarter Cent Tax funding continues with an expansion of social services to address substance abuse including start up costs for a second ACT team, a pilot methamphetamine treatment program, as well as for mental health programs and youth gang issues.

- Total General Fund reserves are $45 million and include a reserve of $41.4 million or 1/12th of the total appropriation. This reserve is held in the event revenue falls unexpectedly or emergencies arise. Another $2.7 million is held in a Public Safety Quarter Cent Tax Reserve to provide funding for police compensation, police transport, and fire. A special reserve of $200 thousand is to provide funding for projects that require additional appropriations in FY/08 and $659 thousand from an IRB settlement for economic development initiatives.

A complete analysis of changes in both revenues and appropriations follows.

GENERAL FUND FY/08 APPROPRIATIONS

This is the eighth year that appropriations have been aligned with the City’s Five-Year Goals for resource allocation and performance measurement. The method of accounting has also been changed to reflect the same alignment of expenses in the audit beginning with FY/01.

The total General Fund (GF) appropriation is $497 million. The appropriation is an increase over the FY/07 original budget of $20.3 million (4.25%). Note that the table “General Fund FY/08 Appropriations by Goal” has been adjusted for transfers between funds and goals. The net General Fund appropriation level, after eliminations, is $452.7 million.

The chart above shows how the GF dollars are divided between the goals. In the GF, Public Safety receives 52.81% of total appropriations. The second highest allocation of funds is to Governmental Excellence and Effectiveness at 13.44% followed by Human & Family Development at 12.96%. Sustainable Community Development receives 7.94% while Public Infrastructure accounts for 6.4%. Environmental Protection and Enhancement receives 3.85%, Community and Cultural Engagement receives 1.81% and finally Economic Vitality accounts for .8% of GF. It should be noted that these percentages are only from the amount of GF monies allocated to the various goals. To determine total resources available for a goal, please see the discussion of total resources and total appropriations in the Budget Synopsis of this document.

General Fund Spending by Department

The General Fund budget can be examined by Department. The table above demonstrates that the City Support, Council Services, Family and Community Services, Legal and Police Department budgets grew by more than 10%. These gains are primarily offset by the elimination of the Metropolitan Detention Center budget (although $9 million is appropriated in City Support as a transfer to Bernalillo County) and reductions in the budget of the Parks and Recreation Department (due to the elimination of one-time funding for the Golf Academy acquisition) and the Chief Administrative Officer (due to the transfer of the administrative hearing office to the Legal Department).
General Fund revenues for FY/08 are expected to increase 1.2% to $475.3 million with $22.2 million in non-recurring receipts. This represents an increase of only $5.8 million from the current FY/07 estimate. The small increase is due to the full year impact of the reduction of 1/8 cent in the Gross Receipts Tax (GRT) effective January 1, 2007. The underlying growth in GRT for FY/08 is 4.3%.

Local taxes, other than gross receipts, are about $1.8 million or 3.2% above the estimated FY/07 revenues. Property tax revenues are expected to increase by 2.5% or $750 thousand due to growth and increased valuation as allowed under yield control. Franchise tax revenues increase by 4% or $960 thousand in FY/08. This is primarily due to increases in natural gas prices while other franchises have modest growth. Payments in lieu of taxes (PILOT) are expected to increase about $60 thousand. This occurs from limited growth in enterprise funds.

Intergovernmental assistance, other than state-shared GRT revenues, decreases by $757 thousand as gasoline municipal road distributions and vehicle registration revenue remain flat and cigarette taxes continue to decline. Additionally, revenue from court administrative fees for corrections is expected to end.

Charges for services show an increase of $794 thousand. The increases in revenue are from street charges as the Water Authority is now paying barricading, excavation and restoration fees and increases in fees for off-duty police overtime. There is also an increase in facility concession revenue from the Convention Center of $280 thousand due to the Bowling Congress, but this has an offsetting expense associated with it.

Charges for internal services increase by $747 thousand as the City Parks and Recreation Department increases grounds maintenance services for the Albuquerque International Sunport for an additional $715 thousand. Indirect overhead increases by $492 thousand due to increases in salaries in other operating funds and the creation of two new funds. Revenue for CIP funded positions increases by $97 thousand from FY/07 approved budget. Interfund transfers are expected to increase by $1.4 million. The majority of this is a $1 million transfer of evidence money through the Trust and Agency Fund.

Finally, interest earnings remain flat and fines for Safety Traffic Operations Program are set at $5.5 million, the level of the budgeted costs, and $3.4 million below the estimate for FY/07.

SIGNIFICANT REVENUE CHANGES FOR FY/08
Dollars in Thousands

**GROSS RECEIPTS TAX**

- Increase from FY/07 estimate (limited by full year of 1/8th cent tax cut) $3,402

**LOCAL TAXES**

- Increase in franchise revenues $960
- Property tax growth $750
- PILOT growth $60

**PERMITS AND LICENSES**

- Building permits fees expected to remain flat $0

**CHARGES FOR SERVICES**

- Streets services-barricading, excavation permits, and street restoration fees $395
- Compaction testing fees ($116)
- Facilities concessions at Convention Center $280

**INTERNAL SERVICE CHARGES**

- Expansion of grounds maintenance at Sunport $715

**MISCELANEOUS**

- Red light ordinance stabilization of revenues ($3,468)

**INTERFUND TRANSFERS**

- Transfer from Fund 305 $200
- Transfer of evidence money $1,000

PRIOR YEAR REVENUE CHANGES

Revenues for FY/07 are estimated at $469.5 million, up $18.4 million from the original FY/07 budget. The biggest change was unexpected GRT revenue growth. The increase above the budget was $10.8 million, which was limited by the unbudgeted half year of a 1/8 cent tax decrease. This tax reduction lowered revenue by $7.6 million. Growth in the one-percent distribution for FY/07 is now expected to be 7.5%. Employment growth in FY/07 is now above 3%. This is well above historical averages and is expected to slow toward a more sustainable level of 2.5% in FY/08. Property tax revenues are $369 thousand above the FY/07 budget with somewhat stronger than expected growth. Franchise revenues are $250 thousand above the budget due to stronger than anticipated growth in the cable franchise.

Building permit revenue is expected to be $286 thousand above the FY/07 budget. This is a decline from FY/06 levels but $1.3 million above the estimate in the Five-Year Forecast.

Interest earnings increase $425 thousand above the budget as interest rates grew substantially in percent terms and fund balances were substantially higher. Fines and penalties increased with expansion of the red light ordinance. The estimate for the year is now $9 million, $7 million above the FY/07 budget. Much of this revenue is offset by increases in costs associated with expansion of the program.

Charges for services were adjusted upward from the budget by $117 thousand. Strengths include off-duty police overtime, legal services, records search fees and fire inspection fees. These are mostly offset by the weakness in compaction testing, an increased slowdown in engineering fees and lower “latch key” after school program fees.

Transfers for funding CIP positions are reduced by $1.3 million to reflect the actual expenditures for the program. This is an offset of expenses and doesn’t affect fund balance.
SPECIAL REVENUE FUNDS INCLUDED IN BUDGET LEGISLATION

Special Revenue Funds account for funds received that have special restrictions placed on their use. The city has a number of different purpose special revenue funds. They are divided into two categories: those appropriated at the time the operating budget is prepared and those that are appropriated intra-year as the need or event requiring an appropriation arises. This particular group of funds is appropriated in the budget bill. Special Revenue Funds require no particular fund or working capital balance, as whatever is collected is restricted as to use by statutes, regulations, or ordinance’s and/or resolutions.

210 - Fire Fund - To account for the proceeds of the City’s share of taxes on fire insurance premiums collected by the state, which are required to be used for equipment, maintenance of equipment, or training.

215 - Recreation Fund - To account for the proceeds from the City’s share of the State cigarette tax which is required to be used for juvenile recreation purposes. (Section 7-12-15 NMSA 1978)

220 - Lodgers’ Tax Fund - To account for the proceeds of the Lodgers’ Tax which are collected on hotel and motel rentals and are required to be used for promotional activities and the acquisition or construction of certain facilities. (Section 3-38-21 NMSA 1978)

221 - Hospitality Fee Fund – To account for the 1% Hospitality Fee. (Ordinance No. 0-04-17)

225 - Cultural and Recreation Projects Fund - To account for contributions and donations earmarked for specific projects of the Cultural Services Department.

232 - Open and Ethical Elections Fund - This fund was created to provide public funding of elections as a means for candidates to run for Mayor or City Council without large donor contributions and to ensure the citizens that the election process is fair, responsible, and ethical. This fund establishes voluntary limits on campaign spending and equal public financing of campaigns for elections.

235 - Albuquerque Biological Park Projects Fund - To account for contributions and donations earmarked for specific projects of the Biological Park, which includes the zoo and the aquarium.

242 - Air Quality Fund - To account for the operation of the City’s Air Pollution Control Program Strategy, which includes regulating industrial and commercial sources of air pollutants and various activities regarding vehicle pollutants. (Section 9-5-1-13 RO/1994)

243 - Heart Ordinance Fund - To account for 60% of all net animal permits and license fees designated to paying costs associated with free micro-chipping and free spaying and neutering of companion animals in the City of Albuquerque. (Ordinance No. 29-2006)

260 - Corrections and Detention Fund - To account for the operations of the joint City/County Metropolitan Detention Center. Operations of the facility were transferred to Bernalillo County effective July 1, 2006.

282 - Gas Tax Road Fund - To account for the proceeds of the City’s share of the state shared gas tax revenues which is required to be used for street maintenance. (Section 7-1-6.9 NMSA 1978)

285 - City/County Projects Fund - To account for revenues received from the County for services provided by the City, most notably computer services.

287 - False Alarm Enforcement Fund - To account for alarm permit fees and fines to enforce the Albuquerque Alarm System Ordinance.

290 - City/County Facilities Fund - To account for rental income and costs of operating the jointly owned City/County facilities.

292 - Plaza Del Sol Building Fund - To account for rental income and costs of operating the Plaza Del Sol Building. (Enactment No. 29-1995)

730 - Vehicle/Computer Projects Fund - To segregate funds for planned purchases of vehicles and computer equipment for City departments.

851 - Open Space Expendable Trust Fund - To account for the investment earnings and related expenditures of the Acquisition and Management of Open Space Nonexpendable Trust Fund.

This fund provides support for the City of Albuquerque Public Safety goal and receives most of its revenue from the Fire Protection Fund of the State of New Mexico. The Fire Protection Fund law provides funds to incorporated cities, towns, villages and county fire districts for the operation, maintenance and betterment of local fire districts, and to encourage lower insurance rates and better public safety. These funds may be used for operating expenses, but are limited to: insurance premiums, maintenance, fire equipment, fire apparatus, and fire stations including repairs, parts, replacements, fuel, oil and lubrication of fire equipment. In addition, these funds may purchase office and building equipment, office expenses such as utilities, telephone, supplies, training aids and expenses for firefighters to attend training schools.

- This is essentially a “pass-through” fund, therefore, revenues and appropriations are roughly equal over time as shown on the graph.
- With the opening of Station 21, funding from the State of New Mexico increased by $265 thousand in FY/07.
- In the years where expense exceeds revenue, fund balance is used.

The Recreation Fund is used to account for the proceeds from the City’s share of the state cigarette tax, which is required to be used for recreational activities. The purpose of this fund is parallel to the Human and Family Development Goal in that they target healthy youth through ample opportunities for recreation and leisure.

From 1993 to 2003, $0.21 of state tax was collected on each pack of cigarettes sold. The City received a distribution of $0.03; $0.02 goes directly into the General Fund and $0.01 in the Recreation Fund. These funds are then transferred to the General Fund to help defray the costs of youth recreational programs throughout the City. In FY/03, the state legislature increased the tax on cigarettes to $.91 per pack. The City’s share was adjusted to $.04.

- The appropriation for the transfer to the General Fund is based on the estimate of the tax distribution for that fiscal year.
- FY/06 revenue came in less than anticipated. Available fund balance was used for the appropriated transfer to fund 110 for $290 thousand.
- Declining revenue over the past few years has caused the fund to be budgeted at a more accurate level.

The Lodgers’ Tax Fund segregates the proceeds of the Lodgers’ Tax from other revenues to assure that they are used only for promoting tourism, including the debt service on tourist related facilities, as stipulated by New Mexico State law. State law allows up to 50% of Lodgers’ Tax proceeds to be used for debt service and the City uses 50% of the City tax to pay off the debt incurred in building the original Convention Center as well as the large addition to the Convention Center. The other 50% goes to promoting Albuquerque for tourism and convention business. This funding is spent on contracts with the Albuquerque Convention and Visitors Bureau, the Hispanic Chamber of Commerce, the Indian Cultural Center and the American Indian Chamber of Commerce for providing such promotion. Proceeds of this fund are used to support the Economic Vitality Goal. The strategy is to maintain a high level of tourism and visitor activity that benefits the Albuquerque economy.

- Lodgers’ Tax Revenue for FY/08 is estimated at an increase of 3.5% of FY/07 estimated actual. One-twelfth of the appropriations are held in reserve.
- One million four hundred sixty-four thousand in estimated fund balance from FY/07 is appropriated subject to the 50/50 allocations.
- The subsidy previously budgeted from General Fund is zero for FY/08 due to anticipated increased revenue.

The Hospitality Fee Fund segregates the proceeds of the 1% Hospitality Fee from other revenues. Fifty percent of the revenue is to be used to support new debt to equip and furnish the Convention Center. The other 50% is to be used for advertising that publicizes and promotes tourist-related attractions, facilities and events within the City. Proceeds of this fund are used to support the Economic Vitality Goal. The strategy is to maintain a high level of tourism and visitor activity that benefits the Albuquerque economy.

- Revenues are estimated at $2.2 million and are appropriated for promotions and debt service. One-twelfth of the appropriations are held in reserve.
- A non-recurring appropriation of $304 thousand from fund balance is distributed equally between promotions and capital for FY/08.
- Of the $1.3 million transfer to other funds, $434 thousand is a transfer to the Capital Implementation Fund which includes $152 thousand of the fund balance distribution mentioned above. These funds will be used for renovations and repairs of the Convention Center.

The Cultural and Recreation Projects Fund was established as a new project fund in FY/98 to serve as a central repository for dedicated monies received by the various cultural and recreational functions to allow accumulation of funds for large projects. This fund provides support to the museums, community events, balloon museum and libraries in the following goals: Human and Family Development and Community and Cultural Engagement.

- This appropriation is split between the following divisions: community events, libraries, museums and balloon museum.
- Revenues for projects will be received from special collections/lost books, photo archives, contributions and donations, ticket sales, rental agreements, interest earnings and a sponsorship management agency contract. The sponsorship management agency will enhance special events offered to the public by providing both entertainers and a venue for the events in the various community planning districts of the City.
- The spike in FY/06 was for the Tricentennial Museum Exhibits. In FY/08, there is additional revenue for anticipated museum projects.

The Open and Ethical Elections Fund was created by Article XVI which was added to the Albuquerque City Charter and passed by the voters in October 2005. This fund was created to provide public funding of elections as a means for candidates to run for Mayor or City Council without large donor contributions and to ensure the citizens that the election process is fair, responsible, and ethical. This fund establishes voluntary limits on campaign spending and equal public financing of campaigns for elections.

- The first appropriation for this fund was done in FY/07 in a separate resolution.
- At Council’s request, an additional $400 thousand was funded in FY/08.
- Revenue and appropriations are the same amounts for FY/07 and FY/08. There is no variation for a line graph.

The Albuquerque Biological Park Projects Fund was established as a new project fund in FY/98 to serve as a central repository for dedicated monies received by the Aquarium, Botanic Gardens, and the Rio Grande Zoo. The fund allows accumulation of funds for large projects, and provides support to the Environmental Protection & Enhancement Goal through the various organizations that contribute to the three facilities at the BioPark.

- The FY/08 appropriation is for six park projects in the following areas: animal and plant care, continuing education, educational events, emergency purchases, exhibit renovations and improvements, as well as seasonal contractual labor.

- Revenues for these projects are received from support organizations, sales of animals and plants, contributions and donations, and special fund raising efforts and projects.

- The spike in FY/06 and estimated FY/07 was largely due to receipt of an inheritance. Also in FY/07, additional revenue was received from the Zoological Society to fund capital projects in the capital acquisitions fund.

Title V of the Clean Air Act requires inspection of major contributors of air pollution and also requires that the entities being inspected bear all the costs. The vehicle pollution management division (VPMD) administers the motor vehicle inspection/maintenance program with the express purpose of reducing carbon monoxide from motor vehicles. The operating permits program regulates the operations of industrial and commercial sources of air pollutants, administers the fugitive dust program as subscribed by the Air Quality Control Board regulations and provides technical consultation as it relates to the permitting application. The Air Quality Fund, an umbrella for VPMD and Title V of the Clean Air Act, provides the mechanism for these program strategies.

- The FY/08 budget includes $175 thousand of one time funding for new and replacement vehicles, desktop computers, and air quality analyzers.
- Revenues for the Air Quality Fund are derived from station permit fees, inspector certification fees, certified paper sales, operator permit fees and dust permits.
- In years when appropriations exceed revenues, fund balance is used.

The HEART (Humane and Ethical Animal Rules and Treatment) Ordinance Fund, established in FY/07, is a special revenue fund designated to paying costs associated with free micro-chipping and free spaying and neutering of companion animals in the City of Albuquerque. The fund targets low and moderate income persons, seniors, and when possible, the general public. Revenue for the fund is generated using 60% of all net animal permits and license fees.

- In FY/07 $90 thousand was appropriated from animal and permit fees to the HEART Ordinance Fund.
- The FY/08 budget is $135 thousand, with $11 thousand of this designated as a transfer to the General Fund for indirect overhead.

Previously, Bernalillo County and the City of Albuquerque jointly funded the Metropolitan Detention Center (MDC), formerly the Bernalillo County Detention Center. A separate fund was established to track all expenses and revenues for the division of costs between the City and the County. This fund provided support for the City of Albuquerque’s Public Safety goal.

The Metropolitan Detention Center operations were transferred to Bernalillo County effective July 1, 2006. The County was notified of the transfer in April 2005. In March 2006, the courts upheld the City’s right to terminate the existing operating agreement, thus confirming the transfer and recognizing the County’s responsibility to provide jail services under state statute. As a result, the Corrections and Detention Fund is planned to be closed in FY/07.

State Statute requires that state shared gas tax distributions be separated from other General Fund revenues. The City complied with this requirement in FY/01 and created the Gas Tax Road Fund. Gas tax receipts go directly into this fund to support the street maintenance program strategy, most of which was removed from the General Fund. The appropriation exceeds the projected gas tax distribution; therefore, a transfer from the General Fund is needed to subsidize the difference. Spending in this fund is tied to the Public Infrastructure Goal with the strategy to plan, provide, and maintain adequate and safe street systems.

- FY/08 gasoline tax revenues are estimated at $4.8 million, the same as the FY/07 estimated actual. Interfund revenue decreases $1.1 million due to a one time transfer for the 2006/2007 New Year’s weekend snow storm in FY/07 and the use of estimated fund balance.

- The FY/08 approved budget is a maintenance-of-effort budget including a 3.5% compensation increase for permanent employees. The decrease of $729 thousand is due to a one time appropriation for the snow storm.

The City/County Projects Fund is managed by the information services division of the Finance and Administrative Services Department. Fund 285 is part of the Governmental Excellence and Effectiveness Goal to provide high quality and efficient service to the public and other city agencies. This fund, which was created in FY/85, accounts for revenues received from Bernalillo County in exchange for computers, software, staff and related charges for computer services provided by the City.

![City/County Projects Fund](image)

The County pays the City $173 thousand for anticipated computer mainframe usage each year. In addition, the County pays variable amounts for special projects as negotiated in supplemental agreements.

The False Alarm Enforcement and Education Fund was created in 2003 to use alarm permit and fine revenues to implement the Albuquerque Alarm System Ordinance (Sections 9-3-1 through 9-3-99 ROA 1994). Revenues come from permit fees of alarm users and alarm companies, as well as other fees related to enforcement of the ordinance. Appropriations support the False Alarm Reduction Unit in the Albuquerque Police Department. Also, per the ordinance, cash balance in the fund in excess of $100 thousand at fiscal year end is transferred to the Capital Acquisition Fund in the subsequent fiscal year for the purchase of public safety equipment.

- Revenues are anticipated to come in to the fund at $685 thousand for FY/08. This is consistent with FY/07 and FY/06.

- The transfers to the capital fund are increased to $500 thousand for FY/08. This is an increase of $140 thousand over the FY/07 level of $360 thousand. The increase is due to additional available fund balance. There is an additional $10 thousand in transfers budgeted for indirect overhead.
The City/County Facilities Fund accounts for rental income and costs of operating the Albuquerque Bernalillo Government Center and the Law Enforcement Center. The fund is part of the Governmental Excellence and Effectiveness Goal to provide high quality and efficient service to the public and other City agencies. The program strategy is to provide a secure, safe, comfortable, efficient, sustainable and productive environment within City/County buildings.

- The allocation of square footage in the Government Center remains at 73% for the City and 27% for the County while the Law Enforcement Center remains at a 50/50 split.
- Funding in the amount of $840 thousand is included in the FY/08 budget for elevator system renovations, completion of the fire alarm system upgrade, building envelope weatherization and modernization of the building mechanical system.
- The final debt service payment was made in FY/07 resulting in a decrease of $1.1 million in the transfers to other funds.

The Plaza Del Sol Building Fund accounts for rental income and costs of operating the building located on Second and Roma. The fund is part of the Governmental Excellence and Effectiveness Goal to provide high quality and efficient service to the public and other City agencies. The program strategy is to provide a secure, safe, comfortable, efficient, sustainable and productive environment.

- The appropriations remain relatively flat at $1.4 million with approximately 41% of the appropriation going to debt service for the building.
- Interfund revenue from the General Fund in FY/08 is $1.4 million.
- Revenue and expenditures will match closely on a year by year basis. In years where expenditures exceed revenues, fund balance is used.
The Vehicle/Computer Project Fund was established in FY/93 to provide for replacement of computers and vehicles for General Fund or subsidized General Fund departments.

- The FY/08 appropriation includes $2 million for computer replacement and $1.8 million for vehicle replacement. This is expected to bring down fuel and maintenance costs as the fleet is upgraded with more efficient vehicles.

- There is funding for the purchase of police and fire vehicles from the Public Safety Quarter Cent Tax. The appropriation for these purchases is contained directly in the respective department’s General Fund budget.

The Open Space Expendable Trust Fund accounts for the investment earnings from proceeds of the sale of certain properties, which are then used for operational purposes to manage the City’s open space lands. Revenues are dependent on interest rates and sale of those properties that build up cash in the principal of the trust. In FY/01 regional parks were moved from the General Fund to the open space strategy. The entire program strategy supports the Environmental Protection and Enhancement Goal.

Charges for services in FY/06 came in $17 thousand higher than anticipated due to the opening of the Open Space Visitor’s Center.

Interfund revenue is comprised of interest earnings from the Open Space Permanent Trust Fund and transfers from the General Fund. In FY/08, the interfund revenue from the Open Space Permanent Trust Fund was increased due to amount of interest earned during the past two fiscal years.

In FY/08, fund balance is used to cover operating costs.

SPECIAL REVENUE FUNDS EXCLUDED IN BUDGET LEGISLATION

Special Revenue Funds account for funds received that have special restrictions placed on their use. The City has a number of different purpose special revenue funds divided into two categories: those appropriated at the time the operating budget is prepared; and those that are appropriated intra-year as the need or event requiring an appropriation arises. This specific group is for those funds that will be received from an outside entity with a different fiscal year than the City. Therefore, they can only be estimated when the budget is prepared. Special Revenue Funds require no particular fund or working capital balance as whatever is collected is restricted as to use by statutes, regulations, or ordinance’s and/or resolutions.

205 - COMMUNITY DEVELOPMENT FUND - To account for the sources and uses of Community Development Block Grants.

265 - OPERATING GRANTS FUND - To account for various grants from Federal and State agencies and other sources, which are restricted by the granting agency to expenditures for specified purposes.

280 - LAW ENFORCEMENT PROTECTION PROJECTS FUND – Projects funded by certain State taxes, fees and Federal/State narcotics forfeiture, which are required to be used for law enforcement services. (29-13-6-NMSA 1978)

The Community Development Fund has been established to account for the sources and uses of the Community Development Block Grants (CDBG). This fund provides support for various City goals, i.e., Human and Family Development, Public Safety, Sustainable Community Development and Economic Vitality. The program strategies primarily target low-income citizens and assist in developing affordable housing, health and social services, community-based economic development activities, strengthening neighborhood organizations, and preventing neighborhood deterioration. The Family and Community Services Department has developed a plan for the allocation of these funds in consultation with the Citizens’ Advisory Group.

- The Community Development Block Grant program for FY/08 provides for approximately $5.0 million in federal assistance by program income, entitlement grant, and reprogrammed funds.

- FY/06 actual grant award came in less than expected, while miscellaneous revenue (program income) was stronger than anticipated.

- In the years where expense exceeds revenue, fund balance is used.

The Operating Grants Fund was established to account for various grants from federal and state agencies and other sources. Operating grant funds are restricted by the granting agency to be expended for specified purposes under various city goals and program strategies. Grant awards arise outside the city budget cycle, therefore, legislation is taken to Council for appropriation approval prior to application for a grant or as the grant is awarded. An estimate of the City’s required cash match and indirect overhead charges for the operating grants is appropriated in the budget. This amounts to approximately $5.4 million in FY/08.

- FY/08 intergovernmental revenues increased by $1.4 million from FY07 levels.
- Appropriations for operating grants in FY/08 decreased by $374 thousand over the estimated actual FY/07 appropriation. This is the result of a decrease in the requirement for matching funds in FY/08.
- The transfer to General Fund for indirect overhead charges from individual grants is $777 thousand in FY/08.

The Law Enforcement Protection Fund accounts for several special revenues from local, state and federal sources. The fund is part of the Public Safety Goal to achieve communities where citizens feel safe and secure and there is a sense of trust and shared responsibility for maintaining a safe environment. The fund originated to handle state distributions under the Law Enforcement Protection Act. State and federal forfeitures of cash and other assets seized in the enforcement of drug laws were later included. Also, revenues from court fees to defray the cost of crime lab tests to prosecute criminal cases are deposited in the fund, as well as revenues from seizure of vehicles for repeat DWI offenders.

There is a slight decrease in federal forfeiture revenue due to a change in distribution by the courts. This revenue is utilized by the special investigations division. The special investigations program was supported by available fund balance in FY/06. In FY/07 a transfer from the General Fund of $431 thousand was initiated to help support the program and is continued in FY/08.

Fines and forfeitures for the DWI seizure program continue to come in at a level in excess of $1 million due to the enforcement of the DWI ordinance. This program funds four positions in the General Fund through a transfer. The four positions support the program and include a legal secretary, attorney, DWI seizure assistant and DWI seizure coordinator.

NON-ENTERPRISE DEBT SERVICE FUNDS

NON-ENTERPRISE Debt Service funds are accumulated and pay principal and interest on all non-enterprise long term debt. Payment of general obligation and sales tax revenue bonds issued for major capital structures and improvements are issued through these funds, as are the payments on the City/County building. State statute requires that debt service funds not retain more than 1/12 of the total appropriations in fund balance.

405 - SALES TAX REFUNDING DEBT SERVICE FUND - To accumulate monies for payment of principal and interest on revenue bonds secured by pledges of Gross Receipts Tax (sales tax) and certain Lodgers' Tax revenues.

415 - GENERAL OBLIGATION BOND DEBT SERVICE FUND - To accumulate monies for payment of principal and interest on all general obligations bonds.

435 - CITY/COUNTY BUILDING DEBT SERVICE FUND - To accumulate monies for payment of principal and interest on revenue bonds issued to finance construction of the joint City/County office building and secured by City Gross Receipts Tax revenues.

The Sales Tax Refunding Debt Service Fund provides support for the City of Albuquerque Public Infrastructure goal and is used to accumulate monies for payment of principal and interest of revenue bonds secured by pledges of Gross Receipts Tax (GRT), Lodgers’ Tax and Hospitality Fee revenues. GRT may be the sole security on the bonds or it may be a secondary pledge (e.g. Lodgers’ Tax Bonds). Projects financed by GRT supported debt include the Convention Center expansion and renovation, improvements to the Harry E. Kinney Civic Plaza, the Plaza del Sol Building acquisition, the public safety communications system, the crime lab, and the communications/emergency operations center.

The debt service appropriated and expended out of this fund is primarily pre-scheduled. A standard 6% interest rate is used to project variable rate debt service schedules. The fund expends in debt service obligations nearly what it collects in resources (transfers) as demonstrated by the graph. It is city policy to apply unused monies toward principal on any variable rate issuances. Fund balance is held to no more than 1/12 of total appropriations as specified by State statute.

The FY/08 adjustment to fund balance consists of reserves for Lodgers’ Tax ($1.24 million) and Hospitality Fee ($183 thousand) for future debt service.

In FY/07, the final payment of $1.3 million for the Series 1995 GRT/LT Bonds was made, thereby reducing the amount required in FY/08.

The General Obligation (GO) Bond Debt Service Fund provides support for the City of Albuquerque Public Infrastructure goal and is used to accumulate monies for payment of principal and interest of all general obligation bonds. GO Bonds are direct obligations of the city for which its full faith and credit are pledged and are payable from taxes levied on property located within the city. A variety of capital projects are funded with bond proceeds including the construction and/or improvement of libraries, streets, storm sewers, swimming pools, community centers, senior centers, parks, trails/bikeways, and other city owned facilities.

The budgeted amount of $81.2 million in FY/08 is slightly more than the FY/07 budgeted level.

In the years where expense exceeds revenue, fund balance is used.

The City/County Building Debt Service Fund was part of the City of Albuquerque Public Infrastructure goal and was used to accumulate monies for payment of principal and interest of revenue bonds issued to finance construction of the joint City/County office building. The city’s gross receipts tax revenues secured payment.

The final debt service payment for the City/County building was made July 1, 2007.

ENTERPRISE FUNDS

ENTERPRISES PROVIDE A COMMODITY OR SERVICE THAT THE SPECIFIC USERS PAY FOR THROUGH RATES AND FEES. THE CITY OPERATES SEVEN ENTERPRISE OPERATING FUNDS AND THEIR ASSOCIATED CAPITAL AND DEBT SERVICE FUNDS. FIVE FUNDS; APARTMENTS, AVIATION, BASEBALL STADIUM, GOLF AND REFUSE REQUIRE NO SUBSIDIES.

TRANSIT AND PARKING OPERATING FUNDS ARE SUBSIDIZED ENTERPRISE FUNDS. THE GOAL FOR FUND BALANCE IN THESE TWO FUNDS IS TO MAINTAIN THEIR FUND BALANCES AT A 1:1 CURRENT RATIO. THE REFUSE DISPOSAL OPERATING FUND SETS ITS GOAL FOR A WORKING CAPITAL BALANCE AT 7.5% OF ANTICIPATED OPERATING REVENUES. THE GOLF OPERATING FUND AND BASEBALL STADIUM OPERATING FUND HAVE A TARGET WORKING CAPITAL BALANCE OF 2:1 CURRENT RATIO.

611 - AVIATION OPERATING FUND - To account for the operations of Albuquerque International Sunport, the State’s largest airport.

615 - AIRPORT REVENUE BOND DEBT SERVICE FUND - To accumulate the monies to pay the debt service associated with the Albuquerque International Sunport.

641 - PARKING FACILITIES OPERATING FUND - To account for the operations of the parking facilities owned by the City.

645 - PARKING FACILITIES DEBT SERVICE FUND - To accumulate the monies to pay the debt service associated with the parking facilities owned by the City.

651 - REFUSE DISPOSAL OPERATING FUND - To account for the general operations of providing refuse removal services in the Albuquerque area.

655 - REFUSE DISPOSAL SYSTEM DEBT SERVICE FUND - To accumulate the monies to pay the debt service associated with providing refuse removal services in the Albuquerque area.

661 - TRANSIT OPERATING FUND - To account for the operations of ABQ Ride, the City’s bus transit system.

667 - TRANSIT DEBT SERVICE FUND - To account for monies for payment of principal and interest on a lease purchase agreement for bus purchases for the Transit Department.

671 - APARTMENTS FUND - To account for the sources and uses of City-owned apartments.

675 - APARTMENTS DEBT SERVICE FUND - To accumulate the monies for the debt service payments related to the Affordable Housing Projects Refunding Bonds, Series 2000.

681 - GOLF OPERATING FUND - To account for the operations of the City’s four municipal golf courses.

685 - GOLF OPERATING DEBT SERVICE FUND - To accumulate the monies to pay the debt service associated with the City’s golf courses.

691 - BASEBALL STADIUM OPERATING FUND - To account for operations of the baseball stadium.

695 - BASEBALL STADIUM DEBT SERVICE FUND - To accumulate the monies to pay the debt service associated with the baseball stadium.

805 - HOUSING AUTHORITY FUND - To account for the operations of the City’s low-income housing program. Financing is provided by rentals of housing units and grants from the Department of Housing and Urban Development.

The Aviation Operating Fund accounts for all the revenues and expenses arising from the operation of the Albuquerque International Sunport and the Double Eagle II Reliever Airport. While covering all the operational expenses of the airport facilities, a considerable portion of the revenue collected is transferred to a debt service fund to pay the debt service on capital projects. This operating fund supports the Public Infrastructure Goal and the Economic Vitality Goal.

- New initiatives result in an additional $1.1 million in aviation operations. Among these are landscape maintenance, sustainability, foreign trade zone and air service consulting, and additional maintenance support. The additional increases are the result of wage and benefit adjustments. The transfers to other funds include an increase of $1 million to the debt service fund and a decrease of $2 million to the capital fund.

- Revenue increases for FY/08 are primarily attributable to increases in airport parking and rental car facilities. There are also slight increases from leased sites and operations at the Double Eagle II airport. The rental agreement with the airlines results in an increase in revenue from concessions and general aviation combined with a decrease in rent from the airlines and airfield operations.

- Appropriations exceed revenues in FY/07 and FY/08 as excess working capital balance is utilized.

The Airport Revenue Bond Debt Service Fund pays the debt service related to capital improvement projects at the two City airport facilities. Capital projects being paid for include renovation of the terminal building, a consolidated fuel farm, west area road rehabilitation, landscaping modifications, expansion of security check-point, consolidated rental car facility, runway upgrades, public parking facility and replacement of aprons at the main terminal and south general aviation. Except for interest on cash balances in the fund, all revenue to the fund is transferred from the Aviation Operating Fund.

- Approved FY/08 appropriation increases slightly by $642 thousand.
- The transfer from the operating fund increases $1 million to keep pace with the debt service payments of $26.5 million.

The Parking Facilities Operating Fund, which is managed by the Department of Municipal Development, accounts for operations of parking structures and parking lots owned by the City. Fund 641 is part of the Economic Vitality Goal. The program strategy is to develop and maintain a parking infrastructure that supports commerce and the economic vitality of the Downtown area.

- FY/08 enterprise revenues are estimated to increase approximately $63 thousand from the FY/07 estimated actual.
- In FY/08 the fund transfers $3.1 million to subsidize the payment of debt service in fund 645 and $505 thousand to the General Fund for PILOT and indirect overhead for a total of $3.6 million.
- The General Fund subsidy to fund 641 is $2.0 million with $1.6 million identified as economic incentives.

The Parking Facilities Debt Service Fund transfers monies to the Sales Tax Debt Service Fund to pay debt on parking structures owned by the City. Series 2000A Bonds were issued in the amount of $25.6 million for various new parking projects. The debt service payment schedule began in FY/01 for these new projects.

- The FY/08 transfer from the Parking Facilities Operating Fund is $3.1 million. This is an increase of $647 thousand from the FY/07 estimated actual amount of $2.5 million.
- The transfer to the Sales Tax Debt Service Fund is estimated at $3.4 million in FY/08.
- Revenue and expenditures will match closely on a year by year basis. In years where expenditures exceed revenues, fund balance is used.

The Refuse Disposal Operating Fund accounts for the general operations of providing refuse removal services, as well as recycling services, weed, litter and graffiti removal for the City of Albuquerque. All the program strategies support the Environmental Protection and Enhancement Goal.

The FY/08 budget includes a transfer from the General Fund to Solid Waste Department of $1.3 million to fund the year-round “War on Weeds” program. This is an increase of $500 thousand from FY/07.

The planned working capital balance for the fund is 7.5% of anticipated operating revenues or $3.8 million.

The Refuse Disposal System Debt Service Fund accumulates monies for payment of principal and interest of revenue bonds secured by a pledge of net revenues from refuse disposal operations.

- The transfer received from the operating fund has decreased by $68 thousand from the FY/07 original level due to decreased interest payments in FY/08.
- Miscellaneous revenue reflects interest earnings. FY/08 is conservatively estimated at $30 thousand however FY/06 and FY/07 have exceeded estimates.
- Revenues and expenditures will match closely on a year-by-year basis. In years where expenditures exceed revenues, fund balance is used.

The Transit Operating Fund, which is managed by the Transit Department, captures revenue and expenditures associated with operating the city's public transportation system. Major sources of revenue include passenger fares, intergovernmental revenue, General Fund operating subsidy, and twenty percent from the Quarter Cent Transportation Infrastructure Tax approved by residents in the Spring of 1999 to enhance transit services. Fund 661 is part of the Public Infrastructure Goal. The program strategies target a variety of transportation options for commuters to include the mobility impaired.

- The FY/08 increase in total resources and expenditures is attributable to increased ridership and increased fuel and operating costs.
- The FY/08 transfer from the General Fund is $24.1 million and the Transportation Infrastructure Tax Fund transfer is $7.6 million.
- The Quarter Cent Transportation Infrastructure Tax is scheduled to end in 2009.
- In years that expenditures exceed revenue, fund balance is used.

The Transit Debt Service Fund provides support for the City of Albuquerque Public Infrastructure goal and is used to accumulate monies for payment of principal and interest on a lease purchase agreement for bus purchases for the Transit Department.

On July 1, 2006 the City entered into a lease purchase agreement with Bank of Albuquerque for $20 million in order to finance the purchase of additional buses. In FY/07, the City applied for and was awarded a Section 5307 grant from the Federal Transit Administration (FTA) to be used for the acquisition of revenue vehicles and associated equipment and to repay debt service. The Transit Department will use this grant and future grant awards from the FTA for payment of principal and interest on the lease purchase agreement.

- The FY/08 budget for debt service is $2.7 million. The fund expends in debt service obligations nearly what it collects in reimbursements from the Section 5307 grant.
- The stated term of the lease purchase agreement is July 1, 2006 through July 1, 2016. Payments of approximately $1.3 million in principal plus interest are due on January 1st and July 1st of each year.
- The lease purchase agreement may be paid off at any time with a lump sum payment.

The Apartments Fund was established to account for the sources and uses of city owned apartments. This fund provides support for the city goal of Human and Family Development. The program strategies primarily target low-income citizens and assist in developing affordable housing.

The City owns apartments and provides affordable and Section 8 housing to low income persons and other qualified persons.

Funds in the amount of $3.3 million have been appropriated for FY/08. Enterprise revenues are projected to be $3.1 million.

This fund accounts for the operations of city owned apartments.

In years where appropriations exceed revenues, fund balance is used.

The Apartments Debt Service Fund has been established to account for the debt service payments related to the Affordable Housing Projects Refunding Revenue Bonds, Series 2000.

- An extra debt service payment was made for $500 thousand in FY/06. Fund balance was used to cover the payment and to cover the increased cost in fiscal agent fees for FY/06.
- Funds in the amount of $934 thousand have been appropriated for the payment of debt service for FY/08.
- This fund accounts for the debt service of city owned apartments.

The Golf Operating Fund accounts for the operations of four municipal golf courses: Arroyo del Oso in the northeast heights, Ladera on the west side, Los Altos on the east side, and Puerto del Sol in the southeast near the airport. The fund provides support for the Human and Family Development Goal by providing the community a quality opportunity for recreation and leisure.

- **FY/06** ended with a working capital balance of $140 thousand. A good year for the Golf Fund. A warm winter and tightening of expenses helped with the positive working capital balance.

- Estimated actual **FY/07** has a negative balance of ($179) that carries forward into **FY/08**. Even though there was a rate increase for **FY/07** the winter snow hindered the ability for golfers to play the courses.

- At Council’s request the proposed rate increase was cut by 2/3. Anticipated **FY/08** revenue increases by $184 thousand.

- The **FY/08** operating budget contains increases for technical adjustments that are not covered by the rate increase.

FY/08 is an unbalanced budget.

The Golf Operating Debt Service Fund accumulates monies for payment of principal and interest of revenue bonds issued to make improvements at the City golf courses.

In FY/08, the transfer from Golf Operating Fund was increased by $24 thousand to match the debt service payment for FY/08.

In the years where expense exceeds revenue, fund balance is used.

The Baseball Stadium Operating Fund captures the revenue and expenditures associated with the operations of the baseball stadium. The fund was established in April of FY/03. The major sources of revenue are from ticket surcharge, concessions and the stadium lease. The fund is part of the Community and Cultural Engagement Goal to provide high quality and efficient service to the public and other city agencies.

- FY/08 includes $692 thousand for operations and a $1.2 million transfer for debt service on the baseball stadium.
- The approved FY/08 budget is a maintenance-of-effort budget with a minimal increase of $5 thousand over the estimated actual amount of $687 thousand for FY/07.
- Revenues for stadium operations are budgeted at the estimated actual amount of $1.7 million.
The Baseball Stadium Debt Service Fund accumulates monies for payment of principal and interest of revenue bonds secured by proceeds from the operation of the baseball stadium.

FY/08 is the fifth full year of debt service payments for the baseball stadium. The scheduled baseball stadium debt service payment for FY/08 is approximately $1.2 million.

The Housing Authority is primarily responsible for the Develop Affordable Housing program strategy of the City’s Human and Family Development goal. Over 3,500 families, handicapped and elderly citizens are provided housing or rental assistance through the low-income housing programs offered by the Housing Authority. The Housing Authority Fund was established to account for the operations of these housing programs.

- The Housing Authority budget is prepared and maintained in accordance with the U.S. Department of Housing and Urban Development (HUD) regulations. HUD provides over 90% of the funding for the Housing Authority.
- Actual grant funding for FY/06 came in less than anticipated, but enterprise revenue came in stronger. Appropriations were adjusted accordingly.
- The two main housing programs operated by the Housing Authority are the city-owned public housing program and the Section 8 rental assistance program. In FY/08, the City-owned public housing program accounts for $29.8 million of grant funds and $1.6 million in rent, other service charges and miscellaneous revenue.
INTERNAL SERVICE FUNDS

Internal Service Funds provide goods and services to other city departments at the best rate possible. By concentrating the buying power of the City in one location, a better price can be obtained. Additionally, City employees can perform services that would have to be purchased outside, if they were not concentrated, more efficiently.

Internal Service Funds, except for the Risk Management Fund, use a guide of a 2:1 current ratio to determine the desirable working capital balance. The Risk Management Fund’s working capital balance should be maintained at the level of an actuarial study that includes an estimate of potential losses.

705 - Risk Management Fund - To account for the costs of providing worker’s compensation, tort and other claims insurance coverage to City departments.

715 - Supplies Inventory Management Fund - To account for the costs of providing supplies, warehousing and inventory issuance services to City departments.

725 - Fleet Management Fund - To account for the costs of providing vehicle maintenance and motor pool services to City departments.

735 - Employee Insurance Fund - To account for the costs of providing group health, dental and vision insurance to City employees.

745 - Communications Management Fund - To account for the costs of providing communication services to City departments.

The Risk Management Fund is managed by the risk management division of the Finance and Administrative Services Department except for the unemployment compensation and employee equity programs that are managed by the Human Resources Department. This internal service fund captures revenue and expense for administering claims and risk management programs and promoting health and safety awareness for the City. Fund 705 is part of the Governmental Excellence and Effectiveness Goal to provide high quality and efficient service to the public and other city agencies. The program strategies address employee equity, health services, safety, substance abuse programs, tort and other claims management, workers' compensation and unemployment compensation.

Risk Management Fund revenues are derived from a cost of risk allocation assessed to each City department. The annual risk allocation process takes into consideration department loss experience as well as exposure to loss.

The Supplies Inventory Management Fund warehouse operation is managed by the purchasing division of the Finance and Administrative Services Department. Fund 715 is part of the Governmental Excellence and Effectiveness Goal to provide high quality and efficient service to the public and other city agencies. This program strategy provides centralized receiving, stocking, and issuing of supplies and materials to City departments. In addition, the fund is responsible for managing the just-in-time (JIT) office supply contract, the JIT traffic pavement marking and sign materials contract, the JIT fire station furnishings and kitchenware contract, and the sales and auctions of the City’s surplus property. The fund recovers its costs for providing these services to City departments by adding a 17% service surcharge across the board for warehouse issues, 5% surcharge on JIT supplies issues, and 8% surcharge on JIT pavement marking and sign materials issues and fire station furnishings issues.

The FY/08 appropriation exceeds the estimated revenues, but as in past years there is sufficient working capital balance to cover this shortage.

In FY/07, the estimated excess of revenues to expenditures will fall to working capital balance.

The Fleet Management Fund provides centralized vehicle maintenance and fuel services for all City departments except Transit and Solid Waste. Revenues are collected through billings made to user departments based on services provided. Revenue in this fund is used to support the Governmental Excellence and Effectiveness Goal and the Fleet Management Program Strategy.

- The appropriation for the fuel line item was increased by $582 thousand to cover anticipated increased fuel prices. Internal service revenues for fuel are expected to increase proportionately.

This fund is part of the Governmental Excellence and Effectiveness Goal, which provides high quality and efficient service to the public and other city agencies.

The Employee Insurance Fund was created July 1, 1998 to account for the resources and expenditures associated with Group Health and Dental Insurance. In FY/06, Vision Insurance was added. This fund, which is administered by the Human Resources Department, was previously accounted for in the Trust and Agency Fund 820.

![Employee Insurance Fund Graph](image)

- The benefit rate decreased 1.69% from the FY/07 rate. Accumulated fund balance will be used to support the insurance costs in FY/08.
- The anticipated cost of health, dental and vision insurance for FY/08 is $3.4 million more than the original FY/07 budgeted level.
- In FY/04 the City of Albuquerque raised its share of contributions for health and dental insurance from 80% to 83%. The City will continue to pay the 83% in FY/08.

The Communications Management Fund is managed by the information services division of the Finance and Administrative Services Department. Fund 745 is part of the Governmental Excellence and Effectiveness Goal to provide high quality and efficient service to the public and other city agencies. The program strategy is to facilitate community services, emergency response and economic development through the provision of telecommunication service, equipment and infrastructure. This internal service fund was established in FY/99 to more accurately track telephone and radio costs.

- Radio internal service revenue is generated by recapturing costs based on an 18 month history.
- The FY/08 appropriation exceeds the estimated revenues, but as in past years there is sufficient working capital balance to cover this shortage.

CAPITAL BUDGET
Capital is defined as tangible property with a life beyond a one year budget cycle. Land, equipment, buildings as well as the services required to build or install may be classified as capital. Capital acquisition is primarily funded by bond proceeds, but recurring and non-recurring revenue may be used. Major capital improvements for the City of Albuquerque are funded primarily with general obligation and enterprise fund revenue bonds. In many cases, these bond funds are matched with Federal and/or State contributions and private assessments. Matching funds include those from the Federal Department of Transportation, Federal Aviation Administration, Environmental Protection Agency, Economic Development Administration, State Department of Transportation, the State Legislature capital outlay program and local special assessment districts. Other sources of revenue that fund capital improvements include: Metropolitan Redevelopment/Tax Increment Funds (TIF), Community Development Block Grant (CDBG) funds, special taxes, and Gross Receipts Tax backed revenue bonds.

General obligation bonds (G.O. bonds) fund a host of capital improvements that directly affect the basic needs and quality of life of every Albuquerque resident. Public safety equipment, including police and fire facilities and vehicles; street and storm drainage improvements; public transportation improvements; parks, recreation and open space facilities; cultural institutions, including the zoo and museums; senior and community centers; all these capital facilities and more are funded by general obligation bonds. Enterprise Fund revenue bonds fund improvements to the Sunport and the Solid Waste Management and Disposal System. Tax Increment Financing (TIF) and Community Development Block Grant funds are generally allocated on a project by project basis depending on need. Needs are determined by the Albuquerque Development Commission through TIF, and by an ad hoc community committee of citizens through CDBG. Both the Albuquerque Development Commission and the ad hoc committee solicit and are advised by input from the public. A special, voter approved, quarter-cent gross receipts tax funds street rehabilitation (primarily), transit improvements, and trail and bikeway expansion.

Collectively all these sources of revenue are referred to as the Capital Improvements Program (CIP) and they provide for the planning, purchase, design, rehabilitation, renovation, construction and development of facilities, properties and systems to enhance the physical development of the City. The City of Albuquerque prepares a ten-year plan for capital improvements and updates that plan every two years. The current 2007-2016 Decade Plan, includes the 2007 General Obligation Bond program that will be voted on in the October 2, 2007 election. A summary of the plan is provided in the Capital Appendix. The Decade plan may be obtained in hard copy from the Capital Implementation Program Division of the Department of Municipal Development, or it may be viewed on the City’s web page at: www.cabq.gov/cip/planning.

**GENERAL OBLIGATION BOND PROGRAM**

General obligation bonds, so named because they are backed by the full faith and credit of the City of Albuquerque, may be used to finance any capital improvement approved by the voters. G.O. bonds may be redeemed by any regular source of city funding, but as a policy matter are generally redeemed by property taxes paid to the City. The City’s property tax rates have remained constant for well over a decade and no tax rate increase has been required to fund the G.O. bond program of capital improvements.

As shown in the chart below, the general obligation bonds of the City of Albuquerque have traditionally enjoyed an excellent bond rating and they continue to do so.

<table>

</tr>
</thead>
<tbody>
<tr>
<td>Moody’s</td>
<td>Aa3 with a stable outlook</td>
</tr>
<tr>
<td>Fitch</td>
<td>AA with a stable outlook</td>
</tr>
</tbody>
</table>
The City enjoys these high ratings for several reasons. First and most important, the City redeems its G.O. bonds in a relatively short time frame -- within ten years. Recently, the City has begun redeeming bonds sold for equipment in less than five years, sometimes in as little as one year. For example, bonds recently sold for a large purchase of marked police vehicles were redeemed in one year. In addition, the City is perceived to have strong financial management, a favorable debt profile, an orderly capital planning process and, as a result, a manageable capital plan, and finally, a diverse economy. Due to low interest rates, the cost to the taxpayers for the issuance of bonds has been at historically low levels enabling the City to pay down bond indebtedness in an average of 8 years rather than the usual 10 years.

Every two years, in conjunction with the regular municipal election, a series of bond questions are placed on the ballot for voter approval. A bond question, also sometimes called a bond purpose or issue, is a group of like projects gathered together in one election question. Voters are asked to consider each question and to decide whether or not to approve the proposed funding. The City Council gave final approval to the 2007 G.O. bond and to the bond election resolution in June 2007. Ten bond questions will be presented to the voters in October 2007 in the amounts shown in the chart below. More detail on the election questions is included in the Capital Appendix section.

GO CAPITAL PLANNING

The Capital Implementation Program Division of the Department of Municipal Development administers a two-year long planning process that begins with a resolution adopted by the City Council establishing criteria against which all projects are required to be evaluated. Each City department submits an application for projects and these applications go through a rigorous review process that includes staff review, rating and ranking, senior city management review and recommendation to the Mayor, the Mayor’s recommendation to the Environmental Planning Commission (EPC) and the City Council’s review and amendment.

There is public participation at various points in this process. First, when the City Council adopted the 2007 criteria resolution, they established the Council-Neighborhood Set-Aside program, which provided that $1 million would be set-aside in each Council District for projects recommended to the Councilors by the public in their districts. The EPC is required to hold a public hearing and the City Council is also required to hold at least one public hearing. During the 2007 planning cycle, EPC held its public hearing in January 2007 and the City Council held two public hearings during May and June 2007. In June 2007, the City Council passed the final resolution authorizing the election. The capital planning process is established by ordinance and planning for the G.O. bond programs generally follows the outline described above and the planning calendar below. The products of this process are specific projects, grouped into bond questions that the voters may approve or disapprove.

Note 1: Street Bonds that were rejected in 2003 were reformulated and passed by the voters in 2004.
Several projects in the GO program stand out in size and importance to the community. Certain street projects like Eubank Boulevard South are intended to stimulate economic development in an area. That project involved widening a stretch of Eubank Boulevard from Central Avenue to the Eubank entrance of Kirtland Air Force Base (KAFB) from 4-lanes to 6-lanes to include sidewalks, landscaping and on-street bike lanes. The improvements will support quality development of the Sandia Science and Technology Park and improve access conditions for the region’s major employers: KAFB and Sandia National Labs. The project was completed in FY/03. Two major road projects were presented in the 2003 bond program. The $9.5 million Unser project was proposed to be used on the segment between Dellyne and the county line and the $12.0 million Paseo Del Norte project was proposed to concentrate on improvements from Rainbow to Golf Course Road. The Mayor’s 2004 Streets Bond Program includes these two projects, but at lesser amounts. Unser was passed at $7.5 million and Paseo del Norte was passed at $8.7 million. The reason for the decrease in funding is that the New Mexico State Legislature granted the City $5.3 million for the two projects. Thus the cost to complete the two projects has not changed, but the City’s share of the cost has been reduced. The City has also undertaken a new and very popular program to landscape undeveloped medians throughout the Albuquerque area. The 2004 bond program included $5 million for that effort and the 2005 proposed program contains the same amount.

In the Cultural area, the expansion of the Albuquerque Art Museum is complete. This $8.5 million project added nearly 40,000 square feet of community galleries, meeting space, a gift shop and outdoor sculpture gardens. The BioPark received funds for an Animals of Asia Exhibit which will hopefully house a panda bear, Japanese gardens, renovations to the park and the beginnings of a new South Pacific Ocean experience. The Anderson/Abruzzo Albuquerque Balloon Museum located at Balloon Fiesta Park was completed and the grand opening occurred during the 2005 Balloon Fiesta.

Operating and Maintenance Costs of GO Program
Generally, the capital program affects the operating budget by increasing operating costs as new or enhanced projects are added to the City. In some cases, adding more efficient equipment reduces operating costs. Due to the time it takes to plan and complete major capital projects, the operating impacts may not take place until two or three years after voters approve the projects. Additionally, some projects are phased in and have bond funding across several CIP program years. Incremental operating funding for capital projects coming-on-line are detailed in the “Budget Highlights” section of each department narrative. For the General Fund, capital projects coming-on-line resulted in $5.2 million in additional operating costs in FY07. In FY/08 operating costs of projects were limited to about one million dollars as there were no major projects coming on line.

In FY/09 costs of projects coming-on-line are estimated at $3.3 million in operating and maintenance costs, and again there are no large projects anticipated to come-on-line. The 2007 bond election does have projects that will take several years to build that will have more major impacts such as the construction of the police station for the 6th area command and the Domingo Baca Community Center. These are not expected to open for several years.

## CAPITAL IN THE OPERATING BUDGET

The annual budget makes appropriations for capital expenditures, largely from non-recurring revenue. The operating budget also identifies appropriations resulting from CIP coming-on-line (see below and in the budget synopsis). In the General Fund a number of capital purchases are made as one time expenses. In FY/08 the major purchases are $14 million for various purposes.

**ENTERPRISE PROGRAM**

The enterprise capital program consists of capital purchases needed for the enterprise funds. Aviation and Solid Waste Management revenue bonds are sold to pay for these projects therefore, no voter approval is needed. The money for projects is generated by fees paid for the services provided by the enterprise with a pledge against the net revenues of the respective system. As with the GO bond program, there are matching grant funds available for programs. The following is a list of major capital projects expected for the enterprise funds.

As of December 2003, the Water/Wastewater enterprise is a separate entity and no longer is a City entity. The New Mexico State legislature in the 2003 session created the Albuquerque-Bernalillo County Water Utility Authority. The authority is a joint agency of the two governments and reports to the water board made up of four City councilors, four County commissioners and the Mayor. Beginning FY/2005, the Water Utility Authority began providing separate budgets.

**DEVELOPMENT IMPACT FEES**

The City adopted a development impact fee program that took effect on July 1, 2005. The program was phased in with full impact of the fees taking place in January 2007. Impact fees help fund critical major infrastructure in Albuquerque. Builders of new commercial and residential buildings pay impact fees that represent a proportionate share of the cost of the parks, roads, drainage facilities and public safety facilities necessary to serve that new development. The fees are set differently by geographic areas to reflect the differing costs of development for infill or other reasons. The fees by area are included in the Capital Appendix at the back of this document. Through FY/07 the program has raised approximately $12 million.
Expenditures to date have been limited by lack of funds, but the levels of funds are now large enough to begin constructing projects. The Component Capital Implementation Plan (CCIP) was adopted in 2005 and is the spending plan equivalent of the CIP Decade plan for the Impact Fee Program.

GROSS RECEIPTS TAX REVENUE BONDS

In FY/00, $25 million worth of Gross Receipts Tax Revenue Bonds were issued for the construction of parking structures in the downtown area. As a major public/private partnership aimed at revitalizing downtown, the bonds were issued as taxable bonds, since some of the functions are in support of private enterprises and cannot qualify for tax-exempt status. The three major parking structures are the Alvarado Center Movie Complex, the renovation of the Old First National Bank building on Central Avenue, and the Old Albuquerque High School project. The Alvarado Center Movie Complex parking structure was built across from the Alvarado Transportation Center to provide parking for the downtown movie theater and adjacent retail stores. The Old First National Bank building parking structure was originally going to provide spaces for a new hotel planned in the remodeled bank. Funding for that project fell through and the old bank will now be converted to condominiums and lofts. This is adjacent to La Posada Hotel and the future residents of the condominiums and lofts will use the parking structure. The remodeling of the Old Albuquerque High School is a project receiving partial funding from the GO bond program and was described in that section.

STADIUM BONDS

In May of 2001, the voters approved issuance of $10 million in General Obligation Taxable Bonds to renovate the existing City baseball park to bring it up to the Pacific Coast League Triple-A standards. The Albuquerque Duke’s, a Triple-A farm club for the Los Angeles Dodgers, played ball in this stadium for 29 years. The team was purchased and moved to Portland, Oregon for the 2001 season. The Calgary Cannons, a Triple-A team in Calgary, signed an agreement to bring the team to play in the renovated sports stadium in 2003. The expected cost of the renovation was $25 million. A $15 million loan was provided by the New Mexico Finance Authority to make up the shortfall. The loan will be paid off from revenue the City will receive from leasing the stadium and from a surcharge on revenues. To allow the surcharge, the state legislature exempted stadium revenues from the gross receipts tax, allowing the surcharge to replace it. The stadium was built on time and within budget and opened in April 2003 with the new team, the Albuquerque Isotopes. The stadium has been a success and has had strong attendance in its first three and one half years, including hosting the AAA all star game in July 2007.
ECONOMIC OUTLOOK
AND GENERAL FUND REVENUE ANALYSIS
ECONOMIC OUTLOOK

The sections on the Economic Outlook are based on the October 2006 baseline forecast that was used in the Five-Year Forecast. The forecasts of Gross Receipts Tax revenues that rely on this forecast were adjusted upward from the levels of the Five-Year Forecast. The adjustments were based on actual receipts in taxes that far exceeded the forecast. The adjustments to revenue estimates are explained in more detail in the section titled Revenue Analysis. Even though actual performance of the economy was better than the October forecast, there has been little change in the outlook for the economy and uncertainty remains high for oil prices, interest rates and inflation. The slump in the housing market continues to affect the economy and create uncertainty about the impact on the local economy. The effect of these changes on revenues and costs will be watched closely during the fiscal year.

NATIONAL ECONOMY

The national economy grew slowly following the recession in 2001 and meaningful turnaround did not begin until FY/04. The third quarter of calendar year 2003 showed an increase of 7% in real gross domestic product (GDP) and increases in employment. FY/04 had real GDP growth of 4.1% and FY/05 followed with growth of 3.7%. The Federal Reserve Bank (FRB) began increasing rates at the beginning of FY/05 on fears of inflation. Increases in oil prices substantially raised inflation in FY/05 and FY/06, but the reduction in oil prices is now moderating inflation. For FY/06 inflation as measured by the consumer price index (CPI) averaged 3.8%. The average oil price for FY/06 was $64.30 per barrel. The highest price was $77.03 per barrel on July 14, 2006. Global Insight (GI) sees these prices increasing in FY/07 to an average of $66.20 per barrel and slowly decreasing to $62.57 in FY/11. Still, inflation remains under control. Helped by decreases in the price of oil, GI expects the CPI to increase 2.4% in FY/07 and increasing to 1.8% by FY/11.

GI also presents risks to the forecast in the form of optimistic and pessimistic scenarios. The pessimistic scenario, assigned a probability of 25%, assumes that the economy will be hit by inflation. This presupposes that oil prices will exceed $85 per barrel in the middle of FY/07 and decline only to $70 per barrel by FY/11. Real GDP growth declines to 2.1% in FY/07 and 0.9% in FY/08 with several quarters near zero. The FRB reacts to inflation pushing up the federal fund rate to 6.0% in FY/07 and an average of 7.6% for FY/08. Higher interest rates create a deeper downturn in the housing market than in the baseline. Unemployment increases, averaging 5.8% and 5.9% in FY/08 and FY/09 respectively. The optimistic scenario where the economy experiences "only a brief slowdown" is assigned a probability of 20%. In this scenario, productivity is stronger than the baseline and the world economy is stronger thereby helping U.S. exports. Business investment is also stronger and oil prices are lower. All of this helps strengthen GDP and weaken inflationary pressures. GDP growth averages 2.9% in FY/07 increasing to 3.6% in FY/08. Housing starts are well above baseline and unemployment stays at the FY/06 level of 4.8% in FY/07 and declines to 3.9% by the end of the forecast. These scenarios are included in the revenue forecast in the Alternative Scenarios section.

Gross Domestic Product (GDP): In FY/03 the economy rebounded slowly to post a 2.5% growth rate. Growth increased to 4.1% in FY/04 and 3.7% in FY/05. Growth slowed to 3.4% in FY/06 and 2.6% in FY/07. In FY/08 growth remains low at 2.7% increasing to 3.5% in FY/09 and then about 3% for the remainder of the forecast.

Employment and Productivity: As the economy moved into recession, unemployment jumped from the historically low rates of around 4% from FY/05 to FY/02, to 5.9% in FY/03 and 5.7% in FY/04. Unemployment in FY/05 continued a slight decline to about 5.3% and declined to under 4.8% in FY/06. Currently unemployment remains around this level for the remainder of the forecast. Employment growth has made some increases recently, but was near zero in FY/04. FY/05 and FY/06 had growth of approximately 1.5%. Growth is expected to slow to 1.2% in FY/07 and FY/08 with an increase back to 1.6% in FY/09. FY/04 showed a strong increase in productivity with output per hour...
growth of 4.7%. This slowed to 1.9% in FY/05 and 2.6% in FY/06. Growth for the remainder of the forecast is about 2% each year.

**Inflation:** As measured by the consumer price index for urban consumers, inflation was low, around 2%, for the period FY/02-FY/04. In FY/05 inflation jumped to 3% driven largely by oil price increases with inflation reaching 3.8% in FY/06. In FY/07 the inflation rate slows to 2.4% and continues to decline reaching 1.8% for FY/09 and the remainder of the forecast.

**Interest Rates:** After cutting the federal funds rate to 1%, the lowest level since the 1960s, the FRB increased rates twice in 2004 and continued to increase throughout FY/05 into FY/06. Rates averaged 2% for FY/05 but were 4% at the end of the fiscal year. Rates were raised to 5.25% at the June meeting of the FRB. GI expect rates to decline in mid 2007.

**World Economy:** GI believes that the world economy will continue to grow at a sluggish rate. The dollar will continue to weaken. The current trade account deficit was $737 billion in FY/05 and $838.1 billion in FY/06 and is expected to increase to $866 billion in FY/07. In the remainder of the forecast the deficit trends down slightly in FY/08 and FY/09 then increases again in FY/10 and FY/11. Slower growth in the rest of the world would lower export growth, hurt the U.S. economy and increase the existing trade imbalance.

ALBUQUERQUE ECONOMY

The situation in the Albuquerque economy is similar to the nation as a whole. Contrary to the nation, the increases in the Albuquerque MSA employment began expanding more rapidly in FY/06. Employment growth for FY/05 was 2% and in FY/06 this increased to 2.5%. Employment growth in FY/07 is expected to be 3%. Although construction is leading the employment growth with 8.8% growth in FY/06, the manufacturing sector grew 1.9% after declining from FY/02 to FY/05. Manufacturing figures to be a key sector with growth of 5% in FY/07 and 4.2% in FY/08. The unemployment rate in Albuquerque increased from around 3% in FY/01 to 5.6% in FY/04. The unemployment rate declined to 5.5% in FY/05 and continued to edge down to 4.7% in FY/06 and dropped to 4.1% in FY/07, staying near this level for the remainder of the forecast.

Table 3 at the end of this section provides sector employment numbers for FY/02 to FY/11 by the NAICS categories.

Wholesale and Retail Trade: This sector accounts for about 15% of employment in the MSA and has posted slow employment growth. From FY/02 to FY/04 the sector was flat and posted growth of 1.4% and 2.5% in FY/05 and FY/06 respectively. The forecast expects annual growth of about 1.8%.

Transportation and Utilities: Employment in this sector declined in the period FY/02 to FY/06. There were layoffs at Public Service Company of New Mexico (PNM) as well as in the transportation industry in general in FY/04. In FY/06 the sector posted employment gains, albeit modest, at only 0.4%. The forecast anticipates annual growth of approximately 1.5%.

Manufacturing: This sector accounted for 8.5% of employment in 1993, declining to 6% in FY/05. Employment peaked in FY/98 at 28,342 jobs, declining to 22,617 in FY/05, a loss of over 5,500 jobs. Still, the manufacturing sector has held up better in Albuquerque than it has in the U.S. economy. These job losses were due first to the Asian financial crisis of 1998, which hit telephone manufacturing and hurt the local employment at Motorola and Philips. Motorola sold what little manufacturing capacity it had left in 1999 and Philips closed its plant in October 2003. Intel, after expanding in 1995, has held employment rather constant despite a $2 billion expansion in 2002. In FY/06 manufacturing posted employment growth of 1.9%, a net of 442 jobs. The employment forecast is stronger with growth of 5.2% in FY/07 and 4.2% in FY/08. The growth comes in large part due to the addition of jobs at Meritil, Eclipse Aviation, Tempur-Pedic Mattress and Advent Solar. Growth continues for the remainder of the forecast, but at a slower rate, slowing to only 0.2% in FY/11. This is driven in large part by the national forecast, which expects electronics manufacturing to decline.

Educational and Health Services: Albuquerque is a major regional medical center hub. Presbyterian Hospital and its HMO are one of the largest employers in the area. This is also one of the fastest growing categories in the MSA economy. In the ten fiscal years through FY/05, this sector had average growth of 4.2%. In FY/06, growth slowed to 3.2%. In FY/07, growth is expected at 3.5% and then the growth tapers off to around 2% for the remainder of the forecast.

Leisure and Hospitality: This category includes eating and drinking establishments as well as hotels and other travel related facilities. Growth has been volatile in this sector with only 1.3% in FY/03, 2.7% in FY/04, a decline of 0.5% in FY/05 and an increase of 2.6% in FY/06. The forecast increases to 2.9% in FY/07, but then slows to an average of 1.6% for the entire forecast. Though employment in the sector is dominated by eating and drinking establishments (approximately 75% of the sector) lodging is an important source of revenue to the City. Lodger's Tax for the City, after being flat for several years, grew 4.9% in FY/04, 3.3% in FY/05 and 10.7% in FY/06.

Financial Activities: This sector includes finance and insurance including credit intermediation. The employment in this sector increased at an annual average of 0.3% between FY/02 and FY/06, with declines of 2.6% and 1.4% in FY/02 and FY/03. Average annual growth for the sector is expected to be stronger in the forecast but still is an anemic 1.1% for FY/07 to FY/11.

Professional and Business Services: This category includes temporary employment
agencies and some of Albuquerque’s back-office operations. It also includes Sandia National Labs (SNL). This sector had average annual growth of 1.3% from FY/02 to FY/06. Growth in FY/05 was 3.3% and 2% in FY/06. The growth for the forecast years FY/07 to FY/11 averages 2.4%.

Information: This sector includes businesses in publishing, broadcasting, telecommunications and internet service establishments. This sector was very strong in the 1990s but lost over 2,300 jobs from FY/02 to FY/05 including the loss of jobs when the MCI call center closed. In FY/06 the sector grew by 3.8%, but is expected to decline in FY/07 due to the loss of 900 jobs at the AOL call center. The remainder of the forecast shows strong growth with increases in the sector including new jobs for Verizon, Lockheed Martin call center and Lion’s Gate. Growth for the forecast period averages 2.4%.

Construction: Construction is typically cyclical, with significant swings in building and employment. The following chart (Figure 2) shows the real value of single-family, multi-family and non-residential new permits from 1970 to 2004 (deflated by the CPI; 100=1982-84). Four distinct peaks occur in 1973, 1979, 1985 and 1995. There was only a slight decline from the 1995 peak, and the real value of construction has exceeded this level. The increase is driven primarily by residential construction. Commercial construction in real terms has remained relatively flat and the total annual value of construction has not reached any of the previous peaks. The most recent information available is the third quarter of 2006; this information shows a distinct slowdown in the residential housing market. Single family construction in 2006 is well below the first three quarters of 2005. Single family values are off 15% and the total of all categories of permit value is down 11%. The only gains consisted of a 10% increase in the value of new commercial permits and in the value of permits for additions and alterations which was up 24%. The number of single family permits issued in the third quarter declined 49% compared to the third quarter of 2005; this is the lowest level since 1995. The value per single family permit continues to increase, but at a slower rate. For the third quarter, only the value of additions and alterations is above the 2005 third quarter. The forecast of housing starts provided by BBER in the October baseline anticipated a slowdown of about 1,400 single family permits in FY/07; the first quarter has a slowdown that exceeds this estimate. The past construction cycles were accentuated by large builds of multi-family housing, in part, to capture tax breaks that are no longer available. After overbuilding, vacancy rates would increase dramatically and apartment building would cease for several years single family construction slowed dramatically. Since 1995, single-family construction has made up a larger share of total construction and multi-family construction has remained subdued.
Building permits only tell part of the construction story. Non-building construction such as roads and storm drainage are not captured in the permit numbers. Large construction projects for the state, such as University Hospital, are permitted by the State rather than the City. Employment in the construction sector gives a picture of growth in the entire MSA. As shown in the chart above, construction employment moves similarly to permit values, but differences occur. Growth in employment was very strong in 2000-2002, driven in large part by the Intel project and the Big-I reconstruction project. The Big-I was completed ahead of schedule in June 2002 and the Intel project was finished in June of 2002. As these jobs were lost, the City saw a reduction in employment in FY/02 and some additional losses in FY/03 of 3.3% and 2.3% respectively. In FY/04, growth was 5.2% and in FY/05 employment exceeded the peak in FY/02, with growth of 9.8%. In FY/06 growth slowed only slightly to 8.8%. Growth in FY/07 is expected to slow to 5.8% and then 1.6% in FY/08. The remainder of the forecast projects growth around 1.8%. Even so, the level of employment in the sector remains above historical levels. Permitting at the City, particularly residential, is expected to decline substantially. Additionally, many large projects are recently completed or are nearing completion, including the Coors and I-40 interchange, the drinking water project from the Water Authority and the University Hospital renovation.

Source: Global Insight and FOR-UNM October 2006 Baseline Forecasts
REVENUE ANALYSIS
The General Fund revenue projections are summarized in two tables included in this section. The first table, General Fund Revenue and Growth by Major Category, presents growth rates using the most recent estimates. The second table, General Fund Revenues, presents comparisons of the current revenue estimates by major revenue source. For FY/06 the actual unaudited results are reported. FY/07 includes revenues from the approved budget, the estimate in the Five-Year Forecast and estimated actuals. FY/08 reports the revenue estimates from the Five-Year Forecast and the approved budget. Many of the revisions to the earlier revenue estimates were made in light of changes in actual receipts.

Revised FY/07 Revenue Estimates: Total General Fund revenues for FY/07 are anticipated to be $469.5 million or $22.2 million above FY/06. This is an increase of 5% over FY/06 and is $18.4 million above the approved FY/07 budget. The strong growth is the result of several items. The increase above the FY/07 approved budget is due to stronger than expected Gross Receipts Tax (GRT) revenue in FY/06 and stronger than anticipated growth in FY/07. This was somewhat offset by the 1/8th cent tax decrease effective in January 2007. The City loses only five months of revenue, due to the one month delay in receiving GRT revenue. Non-recurring revenues are estimated at $18.2 million. This includes $10.6 million in GRT revenue from the 1/8th cent tax cut, $3.5 million in STOP program revenues, the revenues for Transportation Infrastructure Tax CIP funded positions and other one-time grants and transfers.

Revenue Estimates for Approved FY/08: Estimated total General Fund revenues for FY/08 are $475.3 million representing an increase in total revenue of 1.2% or $5.8 million above the FY/07 estimated actuals. GRT revenues increase by only $3.4 million as a result of the full year impact of the 1/8th cent January 2007 reduction. Non-recurring revenues are $22.2 million. The largest part of this is $18 million in GRT revenue counted as non-recurring due to the 1/8th cent tax cut, council scheduled to take effect in FY/09. Additionally, transfers from the Transportation Infrastructure Tax are counted as non-recurring revenue, as the tax will expire in December 2009. Recurring revenues are $453.1 million, an increase of 0.4% from the estimated FY/07. Details by category are discussed in the following text.

Gross Receipts Tax Revenues: Gross Receipts Tax revenue, as measured by the one-percent distribution, after experiencing weak growth of 0.2% in FY/02, increased by 4.6% in FY/03, 9.2% in FY/04, 4.2% in FY/05 and 7.3% in FY/06. In FY/07 growth in the one-percent distribution is expected to be 7.5%. The revenue estimate for FY/07 was adjusted for the effect of the ½ year tax cut of 1/8th cent that went into effect in January 2007. Growth in the FY/08 is estimated at 4.3%. The tax cut reduces growth in the total GRT revenue to 5.1% in FY/07 and 1% in FY/08.

The GRT forecast is based on econometric models, which take into account the impacts of economic conditions on GRT. The Five-Year Forecast was based on the FOR-UNM October 2006 forecast. The forecast was updated in March 2007 to reflect actual receipts and changes in the economic outlook that was used in the Five-Year Forecast. Expected employment growth at the end of 2006 was very strong at about 3.5% which exceeds long-term growth. Employment growth is expected to average 3.2% in FY/07 and slow in FY/08 to 2.5%. Growth is enhanced by increases in manufacturing, professional services and administrative jobs and limited by expected slowdowns in construction. The growth in manufacturing includes jobs at TempurPedic, Eclipse Aviation, Merrilat and Advent Solar.

**Revenue Loss from Tax Cuts**

1/8th reduction Corrections/County Increase(full year FY/08) 7,481 7,629 18,544 19,098
Property Tax: Revenues in FY/06 were $28.0 million. Based on the assessors reported net taxable values and accounting for yield control, FY/07 revenue is estimated to be $30.0 million. Growth for FY/08 is expected to be 2.5% with revenue of $30.8 million.

Franchise Tax: Franchise revenues totaled $24 million in FY/06 and are expected to be $24.2 million in FY/07 and grow to $25.2 million in FY/08. Over the past two years the primary source of growth is the natural gas franchise. Revenues increased due to high natural gas prices and a rate increase that went into effect in April 2004. FY/07 had lower gas prices and a colder year that was expected to bring in revenues somewhat above FY/06. The telephone franchise remains weak and is expected to remain flat over the next few years as competition from wireless continues to enter into the market. The telephone and cable franchises will have limited growth as high-speed internet connectivity is not part of the franchise due to rulings in the federal courts. In FY/06, FY/07 and FY/08 revenues for the cable franchise are limited as the one time payment of $1.1 million in revenue from Comcast in FY/03 is being repaid over 4 years. FY/07 has modest growth of 2% for electricity. The franchise with the water authority also has limited growth due to wet weather in the summer of FY/07 and the expectation that water conservation measures by customers will continue.

PILOT: Payments in lieu of taxes (PILOT) generally increase due to increased revenue collection and property valuations. In FY/08, PILOT growth was limited due to a 1/8th cent reduction in GRT and is estimated to grow 4% in large part due to increases in transit revenue.

Licenses and Permits: Building permit inspection revenues in FY/06 showed modest increases of 3.8% following several double digit increases. FY/07 has an expected decline of 14.4% based on the actual permits issued through February. This includes a decline of approximately 50% in the number of single-family units permitted in the first eight months of FY/07. FY/08 is expected to remain at the FY/07 level of $10.5 million. Other licenses and permits brought in $3 million in receipts in FY/06. FY/07 revenues are expected to remain flat with a small increase to $3.1 million expected in FY/08.

Intergovernmental Assistance: In FY/06, revenues included one time payments related to hurricanes, and are expected to decline by $1.1 million to $5.3 million in FY/07. FY/08 is expected to decline an additional $657 thousand as gasoline municipal road distributions and vehicle registration shared revenue remain flat while cigarette taxes continue to decline. Additionally revenue from court fees for corrections is expected to end.

Charges for Services: Charges for services in FY/07 are expected to decline primarily due to decreases in engineering inspections and the City no longer providing testing for compaction. Most other revenue sources are expected to remain flat or have only modest growth. Gains in FY/07 include revenues from the opening of the Olympic-size pool on the City’s westside and operations of the Albuquerque Golf Training Center. In FY/08 revenues are anticipated to increase $794 thousand. Although most revenues are flat there are increases in streets charges as the Water Authority is now paying barricading, excavation and restoration fees as well as increases in fees for off-duty police overtime. There is also an increase in facility concession revenue from the Convention Center of $281 thousand due to the Bowling Congress, but this has an offsetting associated expense.

Intra-City Charges: Intra-city charges include internal services, indirect overhead and positions funded by the CIP program. Revenues from CIP funded positions are expected to be $7.9 million in FY/07 a reduction of $1.3 million from the approved budget and $9.2 million in FY/08. These revenues are completely offset by expenses.

Internal service revenues have declined in the past five years as the City has chosen not to provide certain services. In FY/07 revenues are expected at $1 million, increasing to $1.8 million in FY/08 primarily due to an increase in grounds maintenance provided to the Albuquerque International Sunport.

Indirect overhead revenues are estimated at $13.7 million in FY/07 and $14.1 million in FY/08. Increases are due to salary increases and the addition of two new funds.

Miscellaneous Revenues: Historically the largest source of miscellaneous revenue is interest earnings. In FY/07 interest earnings are
expected to increase to $3 million and then to $3.1 million in FY/08. The increased revenues for FY/08 are expected from increased fund balances and flat interest rates. For FY/07 and FY/08 revenues from fines are up dramatically due to the expansion of the STOP program. Estimated at $1.3 million in the FY/07 budget and Five-Year Forecast, revenues ballooned with expansion of the number of intersections and the vans used for speeding. The estimate for FY/07 is $9 million with approximately $4.2 million in one time revenue. Revenues from the program are estimated at $5.5 million which is the level of expected costs.

Inter-Fund Transfers: Incoming transfers from other funds increased in FY/07 primarily due to a transfer from Solid Waste to pay for security. In FY/08 revenues increase by $1.4 million. One million dollars of this is a one time transfer of evidence money through the transfer from the Trust and Agency Fund.
DEPARTMENT BUDGET HIGHLIGHTS
The Aviation Department operates two municipal airports: Albuquerque International Sunport covers approximately 2,200 acres on Albuquerque’s east side and Double Eagle II (DEII) Reliever Airport which covers approximately 4,500 acres on Albuquerque’s west side.

The Albuquerque International Sunport is the largest and most active multimodal facility in the state and is an economic engine for New Mexico. The Sunport is classified as a medium hub airport by the Federal Aviation Administration (FAA) and is home to eight major commercial carriers, seven commuter airlines, and six freight service providers. There are more than 6.4 million origin and destination passengers that utilize the Sunport in a given year. The Sunport offers a consolidated rental car facility, located on a 76-acre site approximately one-half mile west of the terminal. Currently, there are eight rental car companies that operate from the rental car facility. The facility is comprised of a customer service building, ready/return parking area, and service center facilities. Approximately 2.1 million passengers rent cars annually at this consolidated facility. The Sunport has a taxiway/runway partnership with Kirtland Airforce Base. In addition, the Sunport has a retail concession program, art collection, and leases a home office to Eclipse Aviation. Eclipse Aviation assembles and manufactures twin-engine jets and has 400 employees. The Sunport and terminal tenants employ over 3,500 individuals.

Double Eagle II is located on Albuquerque’s west side. This facility has approximately 240 based aircraft and approximately 125 thousand annual airfield operations comprised of training, military, air ambulance, charter, private, and corporate flights. The construction of the 80-foot Air Traffic Control Tower was completed during the fall of 2006 and is FAA certified. In addition to the robust general aviation activity, DEII is evolving as a center for aerospace industry and a future employment center for Albuquerque’s west side. The creation of the Aerospace Technology Park at DEII is allowing for the establishment of leading edge high tech industry and the promotion of clean industry for the community. Eclipse Aviation will move manufacturing operations to DEII in 2009 to anchor the park. As a general aviation reliever airport, DEII is a critical component of the Albuquerque Airport System.

**Mission**

Provide safe, reliable, and functional facilities for the traveling public, the airlines, airport businesses, and other users of the Sunport and Double Eagle II.

**Budget Highlights**

The approved FY/08 operating budget for the City’s two airports including transfers for capital and debt service needs is $73.6 million which is an increase of $1.3 million from the original FY/07 budget. The increase is primarily attributable to several initiatives started at the airport.
The airport is funding a manager and contractual services to oversee the airport system sustainability implementation program and assist in the airport’s LEED certification and green building standards. The cost of this initiative is $131 thousand. Consulting to promote international commerce and activity in the Foreign Trade Zone and to implement an air service plan to attract domestic and international flights is provided at a cost of $85 thousand. Funding of $60 thousand is provided to help control wildlife populations through removal and relocation of prairie dogs.

Due to the high number of capital projects, a construction administrator is funded at $62 thousand. With the increase in activity at Double Eagle II airport, a maintenance worker is now needed for the airport and funded at $41 thousand. With the expansion at the main terminal, funding of $104 is needed for three additional custodial staff. A parttime parking attendant is funded at $19 thousand for the new long term surface lot. This new lot is expected to bring in additional revenue of $584 thousand.

Funding to maintain the $3.3 million investment in landscape improvements is increased by $600 thousand for FY/08. A memorandum of understanding will be developed with the Parks and Recreation Department to provide maintenance of the aviation landscape.

The Debt Service Fund transfer from the Operating Fund will increase by $1 million to a total of $26.5 million. The transfer to the Airport Capital Fund is decreased by $2 million to slightly below $17 million. The increase in wages and other adjustments offsets the adjustments for these two transfers. One parttime aviation officer was reclassified intra-year to a full time aviation officer position. The cost of this position is offset by federal revenues.

A restructuring of the revenue agreement with the airlines results in a decrease in revenue from airline rental income and airfield operations and an increase from concessions and general aviation as compared to original FY/07. Overall, revenues for FY/08 are expected to increase by $4.7 million over the FY/07 original budgeted level. Contributing factors include revenues from airport parking, the rental car facilities, an increase from leased sites and an increase from Double Eagle II airport.

**Prior Year Accomplishments**

**General Aviation**

- Provided new computer “work stations” within the terminal building for the traveling public to complement the free wireless Internet.
- Received final approval from FAA for Passenger Facility Charge #3.
- Completed the new airline Fuel Farm.
- Began development of the Airport System Sustainability Program.
- Instituted an airport wide recycle program that has already had significant reduction in landfill waste.
- Completed renovations of two restrooms in the bag claim area within the terminal building.
- Completed airline negotiations and all airlines have executed the new agreement.
- Increased cooling/heating capability within the terminal building.
- Installed new Flight Information Display Systems (FIDS) within the terminal building.
- Passed the FAA’s annual certification inspection of the Sunport conducted in June of 2007.

**Air Service Development**

- Brought Express Jet to Albuquerque with service to six destinations, including non-stop flights from Albuquerque to San Antonio, Austin, Tulsa, Oklahoma City, Sacramento and Ontario (CA).
AVIATION

Foreign Trade Zone (FTZ)
- Completed minor border modification at General Purpose Zone with approval by U.S. Department of Commerce.
- Leased UNM Press Building to NanoPore as initial tenant of the General Purpose Zone.
- Completed successful negotiations with various tenants to locate at or use the FTZ when activated.
- Submitted the application to establish a subzone in Lea County, New Mexico for Louisiana Energy Service, LP for the purpose of high security nuclear material enrichment.
- Began the process to establish a subzone in Albuquerque for Sennheiser New Mexico LLC for purpose of manufacturing and distributing audio products, such as wireless microphones, headphones, TV listening systems and other such products.
- Began development of a comprehensive site plan for the FTZ to identify appropriate land use applications in conjunction with Darren Sowell Architects.

Double Eagle II
- Completed construction of the air traffic control tower to be equipped and commissioned in FY/08.
- Completed construction of the midfield development, Phase II.
- Began construction of infrastructure for Aerospace Technology Park to support first facility construction by Eclipse Aviation.
- Began construction of the EagleNet fiber optic communications network.

Public Information
- Facilitated seven film and video productions that will bring recognition to the Sunport, Double Eagle II and the City of Albuquerque.
- Conducted over 20 tours of the Sunport for schools and community organizations.
- Participated in numerous conferences and community events to promote and enhance the image of the Sunport and the City of Albuquerque.
- Participated in various charity events including a children’s book drive and Relay for Life cancer walk.
- Hosted two successful media events for two new airlines, ExpressJet and New Mexico Airlines, serving the Sunport.
- Created customer service screens on terminal FIDS displays with City of Albuquerque and travel information.

PRIORITY OBJECTIVES

PUBLIC INFRASTRUCTURE GOAL: ENSURE THAT ALL EXISTING COMMUNITIES ARE ADEQUATELY AND EFFICIENTLY SERVED WITH WELL PLANNED, COORDINATED, AND MAINTAINED INFRASTRUCTURE. ENSURE THAT NEW DEVELOPMENT IS EFFICIENTLY INTEGRATED INTO EXISTING INFRASTRUCTURES AND THAT THE COSTS ARE BALANCED WITH THE REVENUES GENERATED.

- OBJECTIVE 1. Continue construction of the Terminal Optimization project, which includes reconstruction of food and beverage areas, enlarge and modernize restrooms; enlarge passenger holdrooms; enhance special systems; and modify communication center. Report to the Mayor and City Council on the progress of actions by the end of the fourth quarter, FY/08.
OBJECTIVE 2. Reconstruct and rehabilitate the General Aviation Apron by fourth quarter of FY/08 and report to the Mayor and City Council on the progress of actions by the end of the fourth quarter, FY/08.

OBJECTIVE 3. Reconstruct and rehabilitate the Terminal Apron by 1st quarter of FY/08 and report to the Mayor and City Council on the progress of actions by the end of the second quarter, FY/08.

ECONOMIC VITALITY GOAL: ACHIEVE A VITAL, DIVERSE, AND SUSTAINABLE ECONOMY IN WHICH BUSINESSES AND RESIDENTS HAVE OPPORTUNITIES FOR SUCCESS.

OBJECTIVE 1. Continue marketing and complete activation of the Foreign Trade Zone to promote international commerce and activity at the Sunport. Submit a report to the Mayor and City Council by end of the fourth quarter, FY/08.

OBJECTIVE 2. Construct the Aerospace Training Center in the Aerospace Technology Park at Double Eagle II and report to the Mayor and City Council on progress by the end of FY/08.

OBJECTIVE 3. Continue efforts to develop direct international flights to Mexico and explore opportunities to develop direct international flights with Canadian destinations. Develop and promulgate the business case for these flights. Submit a progress report to the Mayor and City Council by the end of the second quarter, FY/08. (Aviation and CAO)

OBJECTIVE 4. Create a prototype program regarding development ready certified sites at the Aerospace Technology Park at Double Eagle II and the Foreign Trade Zone at the Sunport by the end of second quarter FY/08 and begin an evaluation of the program in third and fourth quarter FY/08. Provide a report to the Mayor and City Council on the evaluation by the end of FY/08.

OBJECTIVE 5. Develop a Sustainability Plan for the Airport System and report status and results to the Mayor and City Council by the end of the first quarter, FY/08.

OBJECTIVE 6. Continue activities for air cargo marketing and include the status in a report to the Mayor and City Council by end of FY/08.
The Chief Administrative Officer Department supports the top executive office of the City of Albuquerque as well as general city functions. The Chief Administrative Officer (CAO) is appointed by the Mayor with the consent of the City Council to provide day-to-day management of the City. Together, the Mayor and CAO provide the leadership and direction to execute policies legislated by the City Council. The department oversees providing the municipal goods, services, facilities, and infrastructure required of a modern city.

### Budget Highlights

The approved FY/08 General Fund budget for the Chief Administrative Officer Department is $3.5 million. This is a decrease of $816 thousand from the FY/07 original budget level of $4.3 million.

The number of full time permanent positions for the Administrative Hearing Office was increased by one during FY/07 with the conversion of the City Hearing officer from part-time to full time. This position as well as seven others in the Administrative Hearing Office were transferred to the Legal Department in order to provide dedicated oversight of the program. This resulted in a $773 thousand reduction for the CAO office from the approved FY/07 budget.

The Chief Administrative Officer’s budget now consists of the CAO’s office, Office of Management and Budget, Office of Police Oversight and the Office of Volunteerism and Engagement.

For the CAO, one time FY/07 funding of $100 thousand for a regional competitive analysis of APD and $50 thousand for a study of mutual aid and response agreements is removed from the FY/08 approved budget. One time funding of $4 thousand for equipment needs for the Independent Review Office was also removed from the budget. In addition, the City Council chose not to fund the deputy CAO position for FY/08 and reduced the CAO’s budget by $150 thousand. These changes were slightly offset by an increase in wages and other technical adjustments for an overall decrease of $234 thousand from the original FY/07 budget.

The Office of Management and Budget increased by $63 thousand due to an increase in wages and other technical adjustments. There is also the transfer of one position from the Department of Finance and Administrative Services during FY/07, however, this position is not funded in the FY/08 budget.

There are four positions funded in the Office of Emergency Management with an anticipated increase in funding from State and Federal sources for Emergency Management grants of $128 thousand.

### PRIOR YEAR ACCOMPLISHMENTS

- Assumed management of a volunteer matching website hosted by the Points of Light Foundation. The website address is www.cabq.gov/move and serves as a resource for nonprofit agencies to recruit volunteers. Since assuming management of the website, the number of registered nonprofit agencies increased from 160 to 351 (219%). Additionally, the number of registered volunteers has increased from 295 to 979 (332%). As of June 30, 2007, a total of 916 volunteer opportunities have been posted on the MOVE website, resulting in 817 referrals. The MOVE office also made 224 telephone referrals for volunteers without Internet access. Of the 351 nonprofits registered on the MOVE website, 163 reported a total of 2 million volunteer service hours during calendar year 2006. The Independent Sector estimates the value of volunteer time to be $18.04 per hour. Based on this figure, the economic impact to the Greater Albuquerque community was more than $36 million.

- Assisted in recruitment of volunteers for various special events (e.g., Jr. Achievement Job Shadow Day; Fourth of July celebration; BioPark Halloween celebration; Intel International Science & Engineering Fair.

- Coordinated a community-wide event, Make a Difference Day, in October 2006. More than 3,500 volunteers completed 200 projects for nonprofits. This was the most successful Make a Difference Day in Albuquerque’s history.

- Co-hosted an all-day training seminar for 70 volunteer managers in May 2007.

- Co-hosted six brown bag lunches—with 336 volunteer managers in attendance.
Worked with individuals from the nonprofit community to establish a DOVIA (Directors of Volunteers in Agencies). A DOVIA is a professional association for volunteer managers that provide training and networking opportunities.

Attended training seminars hosted by the Points of Light Foundation. The sessions included ideas to market and strengthen volunteer programs.

Implemented the Volunteer Screening program. During FY/07, 503 background checks were completed by the Albuquerque Police Department.

Collaborated with other agencies that serve the nonprofit community. Included are: ¡VOLUNTEER! Albuquerque, N.M. Commission for Community Volunteerism, Governor’s Office for Faith-Based & Community Initiatives, NGO New Mexico, N.M. Forum for Youth in Community, Albuquerque Community Foundation, Jr. League of Albuquerque, Kirtland Air Force Base Family Support Services, Association for Fundraising Professionals, Corporate Volunteer Council, United Way of Central New Mexico, and the Center for NonProfit Excellence.

Received 324 complaints about the police department of which 101 were inactivated, 48 were mediated and 175 were investigated.

Implemented a mediation program for officers and citizens to settle misunderstandings before a full investigation is started. This is expected to reduce the number of investigations.

Established a temporary shelter at the Manzano Multi-Generational Center during the December 30, 2006 blizzard. We provided shelter for over 200 travelers as well as supported the Red Cross’ need to process other travelers into hotels.

Requested Federal Emergency Management Agency (FEMA) funding to acquire 2000 sheltering kits. Kits include cots, blankets, hygiene kits, portable radios, walkie-talkies and other items. The request also asks for two six passenger pick up trucks to move the eight cargo trailers needed to store the equipment. This will provide state-wide support as part of the preparedness area program.

Trained 150 fully equipped citizens capable of responding in emergencies. They supported the flood victims in Belen and snow bound residents in recent storms.

Obtained over $90 thousand to support the downtown area’s Buffer Zone Protection Program (BZPP). The BZPP funds will support a much needed Closed Circuit Television set up for the City Plaza area further enhancing the protection of our governmental facilities.

Obtained funds to update the Closed Circuit Television System at the 911/Fire Dispatch Center providing greater security for the communications teams.

Developed a Standby Incident Action Plan that will allow the Emergency Operations Center to act faster in supporting first responders in the event of another major Bosque fire.

Developed and positively tested a Tactical Interoperable Communications Plan (TICP). In the event of a major disaster, all agencies in the area will have the capability to communicate no matter what radio system they may be using. This project has become the model for the rest of the State in developing other TICPs.

Trained over 200 city employees and volunteers to perform in the EOC. Advanced training began this year in the form of Tabletop Exercise being conducted by a contractor.

Doubled the number of positions in the EOC from 20 to 40 positions by purchasing 20 laptops. This eased the burden on each position and made the city Homeland Security National Incident Management System compliant. By purchasing lap tops, we now have a greater capability of relocating in the event the EOC is out of commission.

Received initial approval from the FEMA for a plan to enhance public awareness, create a decision tool for management, promote compliance with state and federal program requirements, and enhance local policies for hazard mitigation policy and inter-jurisdictional coordination of mitigation-related programming.

Recommended new goals and desired community conditions based on 2006 Citizens Goals Forum and IPC recommendations that were adopted by the Mayor and City Council in December 2006.

Conducted the 2007 Citizen Perception of Community Conditions Survey under contract with Research and Polling, Inc. and assisted Planning and FCS with customer/client surveys.
CHIEF ADMINISTRATIVE OFFICER

- Revamped the structure and executed major changes to the City's Performance Plan.
- Conducted over 12 process improvement and evaluation projects.
- Tracked and projected expenditure data and communicated with departments to assure financial budget compliance of nearly 200 operating programs.
- Received the GFOA Distinguished Budget Presentation award for the twenty second consecutive year.

**PRIORITY OBJECTIVES**

**PUBLIC SAFETY GOAL:** Citizens are safe, feel safe and secure, and have trust and shared responsibility for maintaining a safe environment.

- **OBJECTIVE 4.** Evaluate the Red Light Photo Enforcement Program by analyzing trends in violations, appeals, accidents, etc. by intersection. Identify the unserved, highest impact intersections and provide an implementation schedule. Evaluate the Mobile Photo Traffic Speed Enforcement Program in school zones by analyzing trends in violations and appeals. Provide a report to the Mayor and City Council at the end of the second and fourth quarters, FY/08.

**SUSTAINABLE COMMUNITY DEVELOPMENT.** Guide growth to protect the environment and the community’s economic vitality and create a variety of livable, sustainable communities throughout Albuquerque.

- **OBJECTIVE 19.** Improve coordination and communication between the Planning, Transit, and Municipal Development departments for the purpose of ensuring sustainable development and redevelopment. Tie key capital and planning decisions to expected fossil fuel consumption, carbon emissions, and water consumption in order to maximize efficiency. Provide a progress report to the Mayor and City Council by the end of the second quarter of FY/08.

**ECONOMIC VITALITY.** Achieve a vital, diverse, and sustainable economy in which businesses and residents have opportunities for success.

- **OBJECTIVE 3.** Continue efforts to develop direct international flights to Mexico and explore opportunities to develop direct international flights with Canadian destinations. Develop and promulgate the business case for these flights. Submit a progress report to the Mayor and City Council by the end of the second quarter, FY/08.

**COMMUNITY AND CULTURAL ENGAGEMENT GOAL:** Residents are fully and effectively engaged in the life and decisions of the community to: promote and enhance our pride, cultural values and resources; and, ensure that Albuquerque’s community institutions are effective, accountable and responsive.

- **OBJECTIVE 4.** Develop and present the 2008 Albuquerque Progress Report to the Mayor and City Council by the end of FY/08.
City Support is a division of city government that operates as a pseudo-department made up of a number of diverse city-wide financial programs. The department does not have a director or positions although it does contain appropriations in the General Fund for salaries and benefits in the early retirement and compensation in lieu of sick leave program strategies. Appropriations for debt service payments and city match on operating grants are also included here.

#### Budget Highlights

The FY/08 budget for City Support is $120.7 million, an increase of $9.4 million over the FY/07 approved budget. The increase is primarily due to $9 million in funding for the Metropolitan Detention Center requested and approved by the City Council. An increase of $412 thousand in the transfer to the Open and Ethical Elections fund, for an FY/08 approved budget total of $885 thousand, also contributed to the approved budget increase for City Support.

Other transfers include $5.4 million to the Operating Grants Fund and $3.8 million to the Vehicle/Equipment Replacement Fund. A transfer to the Refuse Disposal Fund (651) of $1.3 million, an increase of $500 thousand from FY/07, is for the Neighbor to Neighbor War on Weeds program.

Total FY/08 funding for the Sales Tax Debt Service Fund (405) is $10.8 million. This is an increase of $135 thousand from the FY/07 approved budget of $10.7 million.

FY/08 funding of $81 thousand for the FY/08 General Obligation Bond Debt Service Fund (415) remains at approximately the same amount from the prior year.

COUNCIL SERVICES

Council Services provides support services to the Albuquerque City Council. City Council is the governing body charged with setting long-term goals and short-term objectives, enacting policy, adopting a budget for the operations of city government, and coordinating with other agencies. Albuquerque is divided into nine districts. Each district is represented by one Councilor elected by district residents. Councilors serve a four-year term and may succeed themselves in office. Each candidate for Councilor must be a resident of the District prior to the date of filing of the declaration of candidacy and a qualified voter of the City.

The Council has the power to adopt all ordinances, resolutions or other legislation conducive to the welfare of the people of the City and not inconsistent with the City charter, and shall not perform any executive functions except those functions assigned to the Council by the charter.

Council meetings are open to the public and are conducted on a regular basis. Council establishes and adopts by ordinance or resolution five-year goals and one-year objectives. These goals and objectives are reviewed and revised annually by the Council. They also review and approve or amend all budgets of the City and adopt policies, plans, programs and legislation consistent with established goals and objectives.

**Budget Highlights**

The FY/08 approved budget is $3.4 million and is a 38.3% increase over the FY/07 original budget of $2.5 million. This budget includes $72 thousand for the negotiated 3.5% compensation increase for all permanent employees. Two positions were created in FY/07 and full year funding is included in the FY/08 budget. An administrative assistant will assist with the overall increase in clerical and receptionist duties. A CIP policy analyst was also added to review all existing and proposed CIP projects. These two positions bring the total number of staff within City Council to 27.

City Council will continue to ensure sustainable development and redevelopment by addressing small opportunity areas and planning challenges in established areas of the City. The FY/08 budget includes funding totaling $595 thousand to the following projects: amendments to the Downtown neighborhood sector plan for $75 thousand, a Downtown traffic management plan for $20 thousand, Los Duranes land use plan for $75 thousand, a 4th street planning charrette for $75 thousand, funding to determine the best location and operation for charter school District 9 for $100 thousand, and funding for the East Central MRA and sector plan for $250 thousand.

### PRIOR YEAR ACCOMPLISHMENTS

- Passed the Red Light Ordinance.
- Passed legislation increasing the funding for Energy Conservation from 1% of the G.O. Bond Program to 3%.
- Passed legislation for the low-flow water conservation effort in coordination with the Water Utility Authority.
- Continued efforts for conservation of open space, to specifically include the acquisition of the Hawk Watch property.
- Passed legislation to prohibit the use of hand held cell phone use while operating a vehicle.
- Passed the Workforce Housing Ordinance.
- Provided initial funding for the acquisition of the Railyard property.
- Continued efforts to preserve affordable housing at the Del Rey Mobile Home Park.
- Passed legislation for storm drain funding in the Santa Barbara-Martineztown area as well as a surge pond to eliminate flooding at Tingley Park.
- Passed legislation creating the Open and Ethical Election process and funding related thereto.
- Adopted policy to make railroad crossings within the City limits “Quiet Zones”.
- Approved the development agreement for the DeAnza Motor Lodge Metropolitan Redevelopment Project.
The Cultural Services Department is comprised of seven divisions. The Albuquerque Biological Park (BioPark) operates the Rio Grande Zoo, the Aquarium, the Botanical Gardens and Tingley Beach. The Albuquerque Museum protects and displays the artwork and historical items of Albuquerque’s and New Mexico’s cultural life. The museum also brings national and international exhibits to the citizens of Albuquerque. The Explora Science Center Museum provides interactive displays to educate and intrigue people about science, art, culture, and technology. The Anderson/Abruzzo Balloon Museum offers exhibitions and informative programs on the history, science and art of ballooning. The Albuquerque/Bernalillo County Library System provides reading and research materials as well as access to electronically transferred information through 17 locations. Access to digital resources is available 24/7 through the Library’s web page. As part of the Community Events division, the KiMo Theatre and the South Broadway Cultural Center provide stages for the interaction of performers, artists, and audiences. Community Events organizes large and small outdoor, multi-cultural gatherings throughout the City. Strategic Support provides central services, media resources, including operation of the local government access channel, and promotion/marketing for the department.

MISSION

The mission of the Cultural Services Department is to enhance the quality of life in the City by celebrating Albuquerque’s unique history and culture, and providing services, entertainment, programs and collections that improve literacy, economic vitality and learning in state of the art facilities that enrich City life and increase tourism to Albuquerque.

The FY/08 General Fund approved budget includes a 3.6% increase over the FY/07 original budget of $35.2 million. This budget includes $688 thousand for the negotiated 3.5% compensation increase for all permanent employees in FY/08. With the exception of funding for expanded library hours and services, the Cultural Services Department has a maintenance-of-effort budget in FY/08.

The budget for FY/08 includes funding for the expansion of library hours. An additional 84 library system hours are funded to increase circulation, turnstile count and computer usage by an estimated 15%. Additional hours will increase the availability of public access computers and provide more opportunities for programming for both youth and adults. The libraries with extended hours include Erna Fergusson, Juan Tabo, Alamosa, Westgate, Lomas Tramway and Cherry Hills. They will operate 60 hours per week. Eight full time staff including one librarian, three library paraprofessionals, one library customer assistant II, two general maintenance workers, one systems administrator II and 25 permanent part time positions are funded at $1.1 million. Taylor Ranch will also expand the children’s program and adds one full time librarian. Funding of $157 thousand is provided for utilities and contractual services primarily to improve custodial service at the libraries. Also, $45 thousand is funded for computers, printers and network equipment at the Taylor Ranch library.
The 59,000 square foot infrastructure of the Anderson/Abruzzo Albuquerque International Balloon Museum was completed in FY/06. The balloon museum continues to provide informative programs on the history, science and art of ballooning with a 25,000 square foot exhibition space, creative learning and educational classrooms, a specialty library on ballooning and air flight as well as a themed museum shop and food service area. The Anderson/Abruzzo Balloon Museum in FY/08 will move from the Community Events program strategy to the Anderson/Abruzzo Balloon Museum program strategy. This will enable the public to easily locate funding and general information regarding this program. In addition, the Balloon Museum will continue to be used to promote City community and cultural events.

Funding continues for two project funds established in FY/98. The Culture and Recreation Projects Fund includes appropriations of $1.0 million designated to the library, museum, community events and balloon museum projects. An increase of $394 thousand is included for museum projects and an additional $40 thousand is funded for the Balloon Museum. The Albuquerque BioPark Project Fund received appropriations for projects of $1.4 million in FY/08, an increase of $500 thousand over the FY/07 original budget of $900 thousand.

Prior Year Accomplishments

Strategic Services:
- Added a second non-linear editing system for GOV TV allowing staff to prepare a greater number of productions with higher production techniques.
- Began production of “This is Cultural Services” promotional spots on GOV TV. The segments help to educate the public by highlighting specific services and attractions within the department while portraying the divisions together as an organized unit.
- Cooperated successfully with Albuquerque Convention and Visitor’s Bureau in placing various advertisements in regional and national publications promoting cultural services attractions with $100 thousand funding provided by ACVB.
CULTURAL SERVICES

Community Events:

KiMo Theatre
- Selected for an advance screening of the major motion picture "Wild Hogs."
- Chosen as the first venue of a major tour featuring a sold out performance by Lucinda Williams.
- Hosted local arts groups: Opera Southwest (performing for over 30 years) and Ballet Theatre of New Mexico with SOLD-OUT performances of The Nutcracker.

South Broadway Cultural Center
- Presented five touring shows, three of which were sold out well in advance.
- Doubled facility usage since FY/04.

Special Events
- Initiated the "Old Town, New Fun" program, which included live music and performance in and around Historic Old Town Plaza.
- Developed and supported new programs on Harry E. Kinney Civic Plaza for both downtown employees, residents and convention goers including: entertainment for the Intel Science Fair, organizing the Mayor's Children's Book Fair, the inaugural Q Jam Music Festival and Sustainability Fair, lunchtime piped-in music and several daytime concerts.
- Organized a successful Twinkle Light Parade with a public attendance of approximately 75,000 citizens.
- Organized and implemented a two day Freedom Fourth Celebration featuring performances by the New Mexico Symphony and Linda Ronstadt. On the 4th of July over 80,000 individuals attended the event.
- Presented, recorded, and broadcast on GOV TV: Lo Maduro de la Cultura sold out performances by local and contemporary groups including "Rock 'n Soul Show and Revue; the reunion of the “Last Mile Ramblers”, a special performance by “Cadillac Bob and the Rhinestones”, and several others.

Museum:
- Developed an on-line education curriculum for teachers (in cooperation with the Albuquerque Museum Foundation) and provided mini-traveling exhibitions that circulated to schools in five regions of New Mexico as part of the Resonance from the Past: African Sculpture from the New Orleans Museum of Art exhibition.
- Recorded attendance of 46,679 and received vast media attention with the exhibition Dreamscape Desperado: Billy the Kid and the Outlaw in America. This was first and largest of its kind.
- Received regional acclaim as an important exhibition of contemporary Native American art with the final exhibit of the Albuquerque Tri-centennial Celebration Unlimited Boundaries: Dichotomy of Place in Native American Art.

Anderson/Abruzzo International Balloon Museum:
- Received national TV attention through the broadcasting of the CBS Early Show and Nickelodeon (March 2007) from the site.
- Received a Best of 2006 Award from Southwest Contractor as New Mexico’s top public project over $5 million.
- Received broad positive coverage in national publications, including Ballooning, Cowboys & Indians, Good Housekeeping, Redbook, Miami Herald, Chicago Tribune and the Los Angeles Times.
- Hosted, for the first time ever in New Mexico, the National Arts Program's (NAP) from May – June 2007, where a total of 61 City of Albuquerque employees from 13 City departments and their family members contributed 92 works of art interpreting the theme -- Flight.
CULTURAL SERVICES

- Attendance for facility rentals increased 28% during FY/07.
- Launched a successful new summer program, Around the World in 80 Days, which uses ballooning as a medium to educate children and families about cultural diversity and geography.

Public Library:
- Completed the $650 thousand renovation of the Wyoming library.
- Registered 27,101 individuals to participate in the 2007 Summer Reading Program. 3,076 of these were teens, representing a 22% increase.
- Developed a facilities and technology plan that include an assessment of the condition of existing facilities and equipment as well as design elements for a “Virtual Library.”
- Purchased more than 4,000 Spanish language items, two new on-line databases and 5,000 board books which are essential tools in developing early literacy.
- Increased the number of e-books, music CD’s and other digital resources.
- Increased building visits by 5% and circulation by 2% from 2006 to 2007.

Biological Park:
- Set all time high attendance record of 1,118,000. The Albuquerque Biological Park is the number one most visited tourist attraction in New Mexico (statistics obtained from New Mexico Department of Tourism).
- Received “Bravos” Award for Zoo Music series.
- Received National American Public Gardens Association Award for the Heritage Farm program and exhibit.
- Displayed Heritage Farm exhibit on the Mall in Washington, D.C.
- Hosted International Elephant Manager’s Conference.

PRIORITY OBJECTIVES

HUMAN & FAMILY DEVELOPMENT - PEOPLE OF ALL AGES HAVE THE OPPORTUNITY TO PARTICIPATE IN THE COMMUNITY AND ECONOMY AND ARE WELL SHELTERED, SAFE, HEALTHY, AND EDUCATED.

- OBJECTIVE 1. Increase the number of early childhood literacy participants by 50% from an estimated 300 in FY/07 to 450 in FY/08 to give children a head start on a life of learning, enhance children's development and increase pre-reading skills. Report results annually in the City's Performance Plan.

- OBJECTIVE 2. Increase the number of teens in the Summer Reading Program by 5% from 2,514 to 2,640 by targeting outreach programs specifically to that age group to increase economic opportunities for our youth and to encourage a literate and well educated community. Report results annually in the City's Performance Plan.

- OBJECTIVE 3. Increase circulation, turnstile count and computer usage 15% by adding 64 per week library system hours by the end of FY/08 to low hour branches and branches located on major thoroughfares. Report results in the Performance Plan. Provide a status report to the Mayor and City Council by the third quarter of FY/08.
COMMUNITY AND CULTURAL ENGAGEMENT GOAL: Residents are fully and effectively engaged in the life and decisions of the community to: promote and enhance our pride, cultural values and resources; and, ensure that Albuquerque’s community institutions are effective, accountable and responsive.

- OBJECTIVE 1. Continue to enhance the Historic Old Town Area with live entertainment, improved cooperation and communication with community stakeholders, and better services to visitors. Report results in the FY/08 Performance Plan.

- OBJECTIVE 2. Increase the programming, appeal and use of the Harry E. Kinney Civic Plaza on certain business days, for special events and during times of heavy downtown traffic. Report results in the FY/08 Performance Plan.
The Economic Development Department provides services intended to bring long term economic vitality to the City. Included in the department are the office of economic development, the film office and the office of international trade.

**Mission**

Develop a more diversified and vital economy by the expansion and retention of businesses, develop appropriate industry clusters, recruit appropriate industries, assist start-ups of new businesses, and promote the film industry. Support international trade efforts and increase international business opportunities for Albuquerque companies to increase export of goods and services, create awareness of international trade as a vehicle for market growth, market Albuquerque companies abroad and gain recognition for Albuquerque as an international business destination.

### Budget Highlights

The FY/08 approved budget for the Economic Development Department is at $3.2 million. This is a $66 thousand increase from the original FY/07 level.

One time FY/07 funding of $50 thousand for an International Science and Engineering Fair and $291 thousand for Economic Incentive contracts are removed from the FY/08 approved budget. These are offset by $105 thousand in contractual services funded from the IRB reserve and an increase of $236 thousand in the transfer to the Parking fund as an economic incentive subsidy. The transfer to the Parking fund is budgeted at slightly under $1.6 million for FY/08 or 50% of the total approved budget. City Council also approved one time funding of $50 thousand in FY/08 for the Duke City Shootout Film Festival.

162
**Prior Year Accomplishments**

- Passed IRBs for Advent Solar; Initiated Enterprise facilitation (Siroli project); Completed Market overview for a downtown headquarters hotel; Established Mayor's Small Business Advisory Council; Held first Mayor's Technology Summit; and initiated development of film studios.

- MovieMaker magazine named Albuquerque as a Top Ten city for movie making. (Albuquerque Journal, March 18, 2007)

- Small Times Magazine voted Albuquerque as fourth in small tech industry. (Albuquerque Journal, March 18, 2007)

- Forbes Magazine voted Albuquerque as the Best Place for Business and Careers, citing the City's low business cost, educated population, and rising household income. (Albuquerque Journal, March 18, 2007)

- Completed an Albuquerque sustainable economic development plan and submitted to the Mayor and City Council.

- Completed the business case for an outdoor "backlot" for film production and submitted the plan to the Mayor and City Council.

- Increased entries and attendance at Albuquerque film festivals and performance measures will be reported in the performance plan for FY/08 and beyond.

- Continued projects initiated by the Albuquerque-Chihuahua Bilateral Commission.

- Coordinated and led trade missions to Guadalajara and Chihuahua City.

- Coordinated meetings with Mayors and official delegations of 7 sister cities from Mexico, Japan, China, Spain, Taiwan, and Turkmenistan.

- Held three quarterly international trade development seminars with 95 participating companies. Performance measures have been incorporated into the FY/08 Performance Plan.

- Established the International Business Resource Center within the Economic Development Department. Additional work such as improving the reference library will continue into FY/08.

- Broke ground on the $80 million Albuquerque Studios, the largest independent movie studio in North America. The studio had six stages up and running by the spring of 2007.

- Announced Sony Imageworks, one of the largest visual effects companies in the world, will build a 100,000 sq ft facility at Mesa del Sol. Groundbreaking was May, 2007.

- 4 equipment companies specializing in grip, lights, or camera equipment opened up branch offices in ABQ

- 19 movies or TV shows shot in whole or in part in the greater ABQ Film area. (Short movies, TV commercials, music videos, documentaries are not included in this number.)

- Sponsored eight film festivals and 4 Kimo premieres.

**Priority Objectives**

**Economic Vitality Goal:** Achieve a vital, diverse, and sustainable economy in which businesses and residents have opportunities for success.

- Objective 7. Develop a plan by the end of the first quarter, FY/08, for creating an International Trade Center that would promote and facilitate foreign relations and international trade between Albuquerque and foreign countries. Submit a status report to the Mayor and City Council by the end of the first quarter, FY/08.
ECONOMIC DEVELOPMENT

- **OBJECTIVE 8.** Develop a plan, identify space, and find funding for an International Business Resource Center and the installation of computer equipment, market research literature and meeting space at the Economic Development Department by the end of the fourth quarter, FY/08. Report pertinent performance measures in the Performance Plan. Submit a status report to the Mayor and City Council by the end of the fourth quarter, FY/08.

- **OBJECTIVE 9.** Increase the number of and attendance at Albuquerque film festivals and premiers by the end of FY/08. Report pertinent performance measures in the Performance Plan. Submit a status report to the Mayor and City Council by the end of the fourth quarter, FY/08.

- **OBJECTIVE 10.** Continue supporting the efforts of the Siroli Enterprise Facilitation economic development model in the Southeast Heights area to provide one-on-one assistance to local entrepreneurs so that the project is fully sustainable by end of FY/08. Submit status reports to the Mayor and City Council at the end of the second and fourth quarters, FY/08.

- **OBJECTIVE 11.** Implement a Sustainable Economic Development Plan by the end of the second quarter, FY/08. Submit a status report to the Mayor and City Council by the end of the second quarter, FY/08.

- **OBJECTIVE 12.** Establish the Mayor’s Technology Advisory Council by the end of the first quarter, FY/08, to support technology-based economic development as recommended at the Mayor’s Technology Summit. Submit a status report to the Mayor and City Council by the end of the first quarter, FY/08.

- **OBJECTIVE 13.** Work with the Mayor’s Small Business Advisory Council and the Purchasing Division to modify the Purchasing Ordinance to allow for small business incentives with the City. Create a Small Business Industrial Revenue Bond product, and research and recommend any other incentives to support the growth of local small businesses by the end of the second quarter, FY/08. Submit a status report to the Mayor and City Council by the end of the second quarter, FY/08.

- **OBJECTIVE 14.** Based on the findings of the UNM BBER Arts & Culture Industries Economic Impact Study, develop an Arts and Culture Industries Economic Development Plan to address this small but growing and significant segment of Albuquerque’s economy. Present the recommended plan to the Mayor and City Council by the end of the third quarter, FY/08.

- **OBJECTIVE 15.** Utilize current City information system infrastructure and/or new technology to develop a client management system for all Economic Development divisions by the end of the second quarter, FY/08, that will enable the Department to better track and maintain clients in order to provide a constantly increasing and evolving level of customer service. Submit a status report to the Mayor and City Council by the end of the second quarter, FY/08.

- **OBJECTIVE 16.** Enhance economic growth in the Albuquerque music industry by creating educational opportunities for mentoring individuals and businesses. Begin reporting pertinent performance measures in the FY/09 Performance Plan.
The Environmental Health Department protects the environment and the health and safety of Albuquerque area citizens through regional air and groundwater monitoring, landfill characterization and remediation, offering safe disposal options for household hazardous waste, and ensuring that city-owned fueling facilities comply with environmental regulations. The department is the health authority for the City of Albuquerque and takes a leadership role in improving the health and well being of the citizens of Albuquerque. These efforts prevent disease and disability through consumer protection programs, such as restaurant inspection, and through a county-wide program to prevent diseases transmitted by insects and rodents. The department also promotes public health by fostering partnerships with citizens, community groups and businesses. To accomplish its mission, the department conducts activities in public information, planning, plan review, standards and regulation review and development, enforcement, inspection, surveillance, analyses, response to complaints, investigation and environmental remediation. The department also oversees the activities of the Albuquerque Animal Care Center responsible for enforcing the animal services ordinance and providing a leadership role in Albuquerque’s quest to become a live exit city.

**MISSION**

To serve the citizens of Albuquerque and Bernalillo County through programs designed to prevent disease, promote health and protect the environment.

**BUDGET HIGHLIGHTS**

The FY/08 approved budget for Environmental Health increases by $1.4 million, or 8.5%, over the FY/07 original budget. The total General Fund budget is $14.7 million. Two general fund positions were created mid-year FY/07 at a cost of $217 thousand. FY/08 funding for the Air Quality Fund and other grants is an additional $6.8 million. For FY/08, full time positions are 237.

With the mid-year creation of a sustainability coordinator, the department is focused on developing a sustainable community through wise and innovative choices for water conservation, renewable energy and biofuels, energy conservation, greenhouse gas emissions, alternative transportation, green buildings and a sustainable water supply. The FY/08 budget also includes $250 thousand to expand the urban forest program and $125 thousand to develop an urban wildlife program.

This budget supports the second phase of the plan to become a “live exit” city by 2009. Increased funding for animal care is $877 thousand with an additional nine positions for the Albuquerque Animal Care Centers (AACC). This will enable the department to meet the Humane Society of the United States (HSUS) standards of care by providing veterinary and other staff and equipment to the animal care centers. HSUS recommendations the department will implement in FY/08 include: initiation of a general maintenance program (contractual services will be reduced to offset some of the costs of new general services position); addition of one veterinarian, three vet technicians, and two vet assistants to identify sick or injured animals and provide medical care; addition of one animal health attendant assigned exclusively to the vet clinic to feed, clean and maintain animal patients; and addition of one administrative assistant to coordinate a lost/found matching program to increase the AACC’s reclaim rate. Veterinary services equipment and kennel equipment are funded at $184 thousand.
ENVIRONMENTAL HEALTH

In FY/07 the HEART (Humane and Ethical Animal Rules and Treatment) Ordinance Fund was established as a special revenue fund designated to paying costs associated with free micro-chipping and free spaying and neutering of companion animals in the city of Albuquerque, primarily for low income and senior citizens. Revenue for the HEART Ordinance Fund is allocated as 60% of net animal permits and license fees from the AACC. In FY/08 the estimated budget amount for this fund is $135 thousand.

The department’s Air Quality program is funded at $3 million in FY/08. The program does not have additional personnel in the FY/08 approved budget and did not add any personnel intra-year. The Air Quality program has 31 funded positions.

OPERATING PERMITS

The FY/08 approved budget for the Operating Permits program is approximately $1.5 million and includes one time funding in the amount of $105 thousand for two new bio-diesel fuel and one HYBRID replacement vehicles, desktop computers and two portable air quality analyzers to detect and measure air emissions.

VEHICLE POLLUTION

The FY/08 approved budget for the Vehicle Pollution Management program is $1.4 million. This includes $70 thousand in one time funding for one replacement bio-diesel fuel and one HYBRID replacement vehicles, as well as desktop computers.

**Revenue**

General fund revenues are budgeted at slightly increased amounts for FY/08. Overall, animal services revenues are budgeted to decrease by $17 thousand over the estimated actual for FY/07. The animal license and permits fees listed below include revenues designated for the HEART Ordinance Fund. Air Quality Fund revenues are budgeted to increase by $65 thousand over FY/07 estimated actual level.

**Prior Year Accomplishments**

- Played a key role in developing a multi-faceted, integrated approach with real action-oriented solutions to reduce greenhouse gas emissions and impacts of climate change. AlbuquerqueGreen accomplishments include an overall 67% reduction in greenhouse gas emissions from city government operations since 2000. Mayor Martin J. Chávez received first place in 2007 Mayors’ Climate Protection Awards in the large city category for AlbuquerqueGreen.

- First known municipality to open a pet adoption center in a retail environment. "Lucky Paws," a 3,000 square foot facility, opened to provide a state of the art adoption center as an alternative to a regular city animal shelter.

- Operated the mobile spay/neuter clinic four days a week since early February with as many as 25 surgeries scheduled each day. The Animal Care Center’s mobile spay/neuter clinic performed its 1,000th...

- Hired a city forester in May of 2006. The City of Albuquerque is the first City in the nation to place a city forester in the Environmental Health Department. This action recognizes the environmental and scientific contribution of urban forestry to help combat global warming.

- Developed strong relationships with other City departments and local green industry to raise awareness and promote urban forest management; provide expertise to other city departments, civic groups and citizens; review and update existing policies, plans, and ordinances; and create a plan to inventory, monitor, manage, and promote trees and green space.

- Hired the City’s first wildlife biologist in April of 2007 who has undertaken development of a comprehensive wildlife conservation plan.

- Maintained Albuquerque’s good air quality which remains below the health based federal ambient air quality standards due to effective implementation of the air quality programs and education and outreach. This accomplishment has occurred while the Albuquerque metropolitan area’s population has increased over 12% since 2000.

- Completed the Extraordinary Road Trip outreach project in FY/07. The Extraordinary Road Trip project involved the promotion and distribution of an educationally interactive software program to young adult drivers. The program introduced the young adult drivers to the Air Quality Index as a tool to better understand the impacts from vehicles to local and worldwide ambient air quality, climate change, and fuel conservation. A total of 21 presentations were given at 11 public schools, the county juvenile detention center and a foster treatment center. Approximately 570 students attended these demonstrations.

- Generated 163,888 KWH of electricity in FY07 from the microturbine at the closed Los Angeles landfill. In early 2007, improvements to the system resulted in a higher operational efficiency of 85%. (Normal efficiency for Albuquerque’s altitude is about 70%.) The high efficiency operation continues. Electricity generated by the micro-turbine is used to power the landfill groundwater remediation and landfill gas extraction systems with excess power sold to the Public Service Company of New Mexico (PNM).

- Completed 6,300 food, pool and body art inspections.

**PRIORITY OBJECTIVES**

**HUMAN AND FAMILY DEVELOPMENT**

**GOAL:** PEOPLE OF ALL AGES HAVE THE OPPORTUNITY TO PARTICIPATE IN THE COMMUNITY AND ECONOMY AND ARE WELL SHELTERED, SAFE, HEALTHY, AND EDUCATED.

**PUBLIC SAFETY**

**GOAL:** CITIZENS ARE SAFE, FEEL SAFE AND SECURE, AND HAVE TRUST AND SHARED RESPONSIBILITY FOR MAINTAINING A SAFE ENVIRONMENT.

- OBJECTIVE 5. Increase live exits of adoptable animals at AACC, as defined by the AACC classification system, to 90% for FY/08 and 100% for FY09. Report results in the City’s Performance Plan.

- OBJECTIVE 6. Initiate programming to increase adoptions of adoptable and rehabilitatable pets; reach out to and educate the community about the need for pet alteration and make alteration more convenient and affordable, especially to lower income residents and senior citizens; continue enforcement of alteration and microchip requirements and increase microchipping of the Albuquerque pet population; report on progress to the Mayor and City Council by the end of the third quarter, FY/08, and in the City’s Performance Plan.
ENVIRONMENTAL PROTECTION AND ENHANCEMENT GOAL: Protect and enhance Albuquerque’s places and natural environment — its mountains, river, bosque, volcanoes, arroyos, clean air and underground water supply.

- **OBJECTIVE 2.** Update annually the inventory of departments generating greenhouse gases and use it to continue identification of mitigation options to reduce greenhouse gases and to track progress of greenhouse gas reductions. Submit the inventory update and proposed mitigation options to the Mayor and the City Council by the end of FY/08.
The Family and Community Services Department offers a range of services designed to strengthen families, improve neighborhoods, and enhance the quality of life for community residents, particularly for low and moderate-income individuals and families.

The services offered by the Department directly or by contract with nonprofit providers include: social services, health care, child care, early childhood education, before and after school care, youth services, therapeutic recreation, child nutrition, gang intervention and prevention, substance abuse treatment and prevention, multi-service centers, community recreation centers, public housing, rent assistance, affordable housing development, fair housing, and human/civil rights education and enforcement. Services are incorporated within program strategies to allow for performance measures and to align specifically to City Goals and Desired Community Conditions.

MISSION

To improve the quality, delivery, and effectiveness of health, social, recreational, nutritional, educational, housing, and other human service programs for residents of the Albuquerque metropolitan area; to increase the available services through resource sharing and coordination; and to improve the quality of life for low and moderate income residents.

Budget Highlights

The approved FY/08 General Fund budget increases by $3.6 million over the original FY/07 budget. The total approved General Fund budget is $38.8 million. The increase is due to a second year of an employee compensation increase of 3.5%, the minimum wage increase, requests from City Council, and an increase in the Public Safety Quarter Cent Tax.

The department has a large number of temporary employees that work at the community centers and at school playgrounds for after school activities. The number of temporary employees increases during the summer months. With the passing of the Albuquerque Minimum Wage Ordinance many temporary employees qualified for a wage increase at a cost of $679 thousand.

The Public Safety Quarter Cent Tax funding for the department is $10.4 million, which is an increase of $1.4 million over the FY/07 original budget. Of the $1.4 million, $300 thousand is returned to the department from Police who are funding in their own budget follow-up services for the crisis intervention team’s mental health crisis calls. Additional funding of $48 thousand is for health and social services, $56 thousand is for mental health services, $64 thousand is for emergency shelter, and $385 thousand is for substance abuse. One time funding of $521 thousand is for a second ACT Team with start up costs of $131 thousand and $390 thousand is for a pilot program for methamphetamine treatment. Within Family and Community Services Public Safety Quarter Cent Tax funding, the department reallocated resources. The residential treatment program under substance abuse came to an end for lack of a suitable facility and having to comply with new stringent staffing requirements imposed by the State. The City will restructure the eight General Fund positions and two grant positions to areas where they are needed and funding of $698 thousand will be available for substance abuse treatment contract vouchers.

At Council’s request $28 thousand was budgeted for Holiday Park Community Center for furniture and equipment, $75 thousand for Westgate Community Center for equipment, and $27.5 thousand for Taylor Ranch Community Center for equipment and temporary wages for a summer satellite program. Council also requested additional funding for social service contracts in the following programs: $640 thousand for health and social services, $350 thousand for partner with public education, $118 thousand for mental health services, $125 thousand for substance abuse, and $50 thousand for...
support services for the homeless. Also in response to a Council request, four positions were added. An executive director, program director, and administrative assistant are funded for $75 thousand. The executive director is funded for a full year, while the program director and administrative assistant are funded for one-fourth of the fiscal year. A contract monitor was also funded for $50 thousand for social service contract monitoring and oversight.

Funding for the Apartments Operating Fund has increased by $68 thousand in the FY/08 approved budget over the FY/07 amount of $3.28 million. Contractual services funding increased by $66 thousand while the transfer to the debt service fund has increased by $3 thousand. The approved budget of $3.3 million is the amount estimated by the property management company to manage the apartments during FY/08.

FAMILY AND COMMUNITY SERVICES

REVENUE

The FY/08 General Fund revenues are relatively flat over the FY/07 original budget. There is an estimated revenue increase in child care services, community centers, and multi-services center rental, but this is offset by a decrease in latch key services. Revenues for the Apartments Operating Fund are estimated at $3.1 million for FY/08.

PRIOR YEAR ACCOMPLISHMENTS

- Completed renovation and re-opened West Mesa Community Center
- Completed renovation and re-opened Mesa Verde Community Center
- Awarded a State CYFD Grant to run nine (9) Pre-K classrooms (two new) to the program for this coming fiscal year
- Division of Child and Family Development had 18 early childhood teaching staff receive funding through the State TEACH program to continue their education. Four of the teaching staff have received their associates degree during this fiscal year under the State TEACH program
- Reached goal of 100% of Early Head Start families receiving initial health screening with 45 days of entry in to the program
- Provided training to over 50 attorneys on Fair Housing Rights/Laws
- Made presentations on Fair Housing to over 693 Realtors
- Provided employment discrimination training for "Crossroads for Women," a transitional program for women who have been incarcerated
- The four multi-service centers worked in congruence to develop a standardized procedure to more accurately capture statistics on the number of clients served and the type of services rendered
- Initiated a new substance abuse program at each Health and Social Service Center. The program will augment an existing program at the John Marshall Center and add additional services to the rest of the centers to provide a tool for recovery from substance abuse

173
HUMAN AND FAMILY DEVELOPMENT GOAL: People of all ages have the opportunity to participate in the community and economy and are well sheltered, safe, healthy, and educated.

- OBJECTIVE 5. Utilizing existing or available grants, funding and resources, select the developer for Phase II Trumbull Development by end of first quarter FY/08 and submit site plan to DRB by end of second quarter FY/08. Begin construction by the end of FY/08. Report on progress of Phase II Development to the Mayor and City Council by end of FY/08.

- OBJECTIVE 6. Utilizing existing or available start-up funding and resources, contract with an operator for the Albuquerque Teen Arts and Entertainment Center, begin programmatic planning and planning for renovation of the Ice House building, and seek a broad group of partners from the arts and youth-services community by the end of the second quarter of FY/08. Utilizing CIP funding that is scheduled to come on line in the third quarter of FY/08, complete design and begin renovation of the Ice House building by the end of the third quarter of FY/08. Using outside funding sources, hold an event in the renovated facility by the end of FY/08. Report to the Mayor and City Council at the end of the second, third, and fourth quarters of FY/08.

- OBJECTIVE 7. Work with the property manager, Treasury Division of DFAS, and Bond Counsel to examine all options available including the sale of the properties or restructuring of the debt on the 2000 Series Multi-Family Revenue Bonds which were sold to purchase the affordable housing/mixed income apartment complexes now managed on contract by Monarch Properties. Provide the analysis of these options to the Mayor and City Council by the end of the second quarter of FY/08.

- OBJECTIVE 18. Prepare a study to analyze costs and benefits associated with a patient exchange program with other communities for the treatment of drug and alcohol addiction. Submit a report to the Mayor and City Council by the end of the second quarter of FY/08.

- OBJECTIVE 19. Implement the recommendations of the City of Albuquerque Housing Task Force’s report of May 2006. The report includes eleven recommendations to improve the existing housing rehabilitation program and five recommendations to change program delivery strategies. Particular emphasis should be placed on the recommendations related to the focus, management, and productivity of the Housing Rehabilitation Program. Provide a progress report to the Mayor and City Council by the end of the second quarter of FY/08.

- OBJECTIVE 20. Complete design and bidding on the Thomas Bell Community Center gymnasium by the end of the second quarter of FY/08 and begin construction in the third quarter of FY/08. Provide a progress report to the Mayor and City Council by the end of the second quarter of FY/08.

- OBJECTIVE 21. Initiate construction of affordable housing units in Barelas on vacant lots purchased by the Barelas Community Development Corporation. Provide a progress report to the Mayor and City Council by the end of the second quarter of FY/08.
THE FINANCE AND ADMINISTRATIVE SERVICES

The Finance and Administrative Services Department provides internal services including accounting, information technology, purchasing, office services, risk management, cash management and investment and citywide fleet services. The department also provides tourism management services and citywide call center services.

MISSION

The Finance and Administrative Services Department seeks to provide timely, accurate and relevant financial information to departments, provide innovative business solutions and protect city resources.

Budget Highlights

General Fund

The FY/08 General Fund appropriation of $24.2 million is $765 thousand above the original FY/07 level. The increase to personnel costs is $159 thousand and includes the FY/08 COLA adjustment. Fifty thousand is appropriated to citizen services for a database development of services for the disabled citizens of Albuquerque. The contract for the management of the Convention Center has increased by $312 thousand and Convention Center utilities were increased $163 thousand. In anticipation of the Bowling Congress event, contractual services reflects an additional $280 thousand flow-thru appropriation that is required to pass liquor revenue to the contractor. Overall, transfers decreased by $89 thousand.

A total of seven general fund positions were deleted intra-year in the Finance and Administrative Services department during FY/07. They include four CIP positions in ISD, a fiscal manager in purchasing and two accounting positions that were transferred to the Human Resources department.

Lodgers’ Tax Fund

There is a 3.5% increase projected for Lodgers’ Tax revenue over the estimated actual revenue in FY/07. Fifty percent of the revenue is identified for promotions and 50% is identified for debt service. In addition, estimated fund balance built up in FY/07 has been appropriated subject to the 50/50 allocations. This budget directs $732 thousand of one time available fund balance to be appropriated for the Albuquerque Convention and Visitors Bureau (ACVB) and the Hispano Chamber of Commerce in the customary manner and an equal amount is to be transferred for debt service.

Hospitality Fee Fund

The Hospitality Fee Fund also reflects a 3.5% projected increase in revenue. As in Lodgers’, revenue is split 50/50 between promotions and debt service/capital. There is $152 thousand from FY/07 estimated fund balance that is appropriated to ACVB and the Hispano Chamber. An equal amount is to be transferred to the Capital Acquisition Fund which will be used for necessary improvements in the Convention Center.

Risk Management Fund

The DFAS portion of the Risk Management Fund appropriation increased by 7.6% from the original FY/07 level to $31.7 million. Two million two hundred thousand dollars in operating expenses were added for increased workers’ compensation insurance and claims, tort and other claims and judgments, annual systems maintenance and the drug testing lab contract. A senior administrative assistant is added for the increased workload associated with mandatory drug testing.
Supplies Inventory Management Fund
The approved budget for the Supplies Inventory Management Fund is slightly more than $1 million which is an increase of $270 thousand from the FY/07 original level. Eighty-six thousand dollars is due to the increased cost for existing staff which includes the negotiated 3.5% compensation increase. This year’s budget also changes the accounting method for the recognition of auction revenues and expenditures. Operating expenses are increased by $62 thousand to account for the change. An additional $45 thousand for temporary warehouse staff increases contractual services. A one time appropriation from fund balance will be used to purchase a replacement vehicle needed for warehouse deliveries.

Fleet Management Fund
There is an overall increase for the Fleet Management Fund of $1.1 million from the FY/07 original level which brings the approved budget to $13.6 million. For existing staff, early retirement funding and the negotiated 3.5% compensation increase changes personnel costs by $210 thousand. Anticipated FY/08 fuel costs increase operating expenses by $582 thousand in the fuel/lubricant line item. Also an increase of $123 thousand is for employee training, scanner updates and building maintenance. One time capital costs for E85 fuel upgrades, dispensing equipment, vehicle lifts and office furniture and equipment total $181 thousand.

Communications Management Fund
The Communications Management Fund will increase to $1.5 million and is an increase of $151 thousand from the FY/07 original budget. There is an increase of $19 thousand for contractual services and an increase for transfers of $24 thousand. For existing staff, early retirement funding and the negotiated 3.5% compensation increase for permanent staff is included in the overall change of $108 thousand for personnel costs.

City/County Projects Fund
The City/County Projects Fund remains at the FY/07 level with no changes to appropriations.

Vehicle/Equipment Replacement Fund
This fund remains at the FY/07 appropriation level. There is a $3.8 million appropriation for the City’s replacement of vehicles and computers. Two million dollars will be set aside for computer needs as identified by the Information Systems Committee (ISC) and $1.8 million will be used for the replacement of vehicles. This is expected to have an impact on rising fuel and maintenance costs as the fleet is upgraded with more efficient vehicles. New vehicle acquisitions will focus on alternative fuel applications.

**Prior Year Accomplishments**

**Accounting Division**
- Implemented Government Accounting Standards Board (GASB) Statement 44 Statistical Tables and completed the final phase of the GASB 34 Infrastructure implementation for the fiscal year 2006 CAFR.
- Prepared the fiscal year 2006 CAFR utilizing new accounting trial balance software.
- Completed analysis of old outstanding payroll and accounts payable checks outstanding and escheated $83,300 to the State of New Mexico.
- Processed 26 payrolls timely for four different legal entities.
- Exceeded $600 thousand in fee collections for fiscal year 2007.
- Made 65% of dollars paid to vendors by ACH. Total ACH payments amounted to over $449 million.
- Participated in numerous ERP fit-gap sessions.
- Payroll has implemented many formula changes and data clean-up in EmPath to make it more efficient and to prepare for the ERP implementation. Additional modifications have been made to handle legislated changes for PERA retirees that are rehired.
- Evaluated and streamlined the processes for sick leave incentive, sick leave conversion, and vacation sell-back.
- Created a new "entity" for the Water Authority in order to process their paperwork within their administrative boundaries.

**ISD**
- Completed Phase I analysis and design of Peoplesoft ERP (HR/Payroll/Budgeting).
- Evaluated first phase PeopleSoft modules, compared their functionality to the existing business practices to identify "gaps" between what is provided and what is needed and documented this "fit-gap" information.
- Evaluated all qualified RFP respondents and selected the most qualified and capable ERP Implementation vendor to assist the City with the ERP project.
- Documented employment and employee benefit conflicts between the published Policies and Procedures manuals, common practice, and union contracts. Provided those to the HR Director and continue to consult with her on these matters.
- Upgraded campaign reporting system per approved ordinance changes.
- Upgraded existing performance objectives application to Sharepoint.
- Completed initial functionality of work orders in the Peoplesoft CRM application.
- Completed implementation of Point of Sale and On-line City facility reservation at BioPark.
- Reviewed National Cashbook program.
- Migrated over 2,800 Lotus Domino/Notes email users to Microsoft Exchange/Outlook.
- Configured and installed the PeopleSoft server and database development infrastructure for the City's ERP Project.
- Configured and installed the server and database infrastructure for APD’s Comprehensive Information System Project.
- Implemented Plone content management infrastructure for Web applications.
- Redesigned the City's public website to make it more customer-friendly.

178
FINANCE AND ADMINISTRATIVE SERVICES

- Transitioned intranet from Lotus to Sharepoint.
- Implemented Sustainability website.
- Implemented Constant Contact email subscription for the public.
- Implemented Flicks image galleries on the City website.
- Implemented Google analytics to provide accurate data on website traffic.
- Developed Google maps including Dog Parks and Summer Fun Attraction maps for the City's website.
- Implemented on-line sales for Luminaria Tour tickets.
- Implemented the Mayor's Best Green Practice on-line registration and ticket sales for the 311 Call Center.
- Implemented new point-of-sale system for the Zoo, Aquarium and Botanic Gardens.
- Developed a point-of-sale strategy for Transit Department.
- Implemented Fuel Focus fuel management software.
- Installed network equipment and wiring in the newly remodeled Wells Park, Heights, Mesa Verde, and West Mesa Community Centers.
- Installed Internal/External Access points at Fire Stations 5, 21, 14, 15 and 16.
- Moved all public libraries to the Time Warner Telecom SONET ring and connected their staff networks directly to the City Internal network using an ASA Firewall appliance.
- Installed DSL Lines at each remote monitoring station and setup VPN hardware clients to connect back into the City Network for remote management.
- Installed the network at the new Westside Maintenance Facility.
- Setup network connection to the City infrastructure for the Lucky Paws Adoption Center, APD open space tactical range, ATC police station, the newly created water treatment plant, the tennis complex off of I-40, and the red light hearing room at First Plaza.
- Connected Manzano Mesa Open Space area for wireless camera.
- Connected Water Authority's treatment plant II and Zoo/Aquarium to the Comcast Fiber.
- Upgraded the core switch at Plaza del Sol network to 10 GB link, the zoo to a switched network, and the core switch at APD main.
- Setup internal access points for APD Crime lab and external access points at all APD substations.
- Setup wireless bridging to the Solid Waste Department network.
- Upgraded the uninterruptible power supply (UPS) and related equipment in the City's main computer room.
- Modified the payroll, purchasing, employee benefits, accounts payable, general ledger and accounts receivable systems to accommodate the secession of the Water Department and to allow for the City's ongoing support responsibilities for the Water Utility Authority.
- Configured and implemented the City's new Revenue Management System (ERM). Rolled out the first service to be billed by this system: DMD’s GPS service.

Communications

- Served as the communications equipment consultant for EOC Massive Area Response Exercise.
- Updated all software and hardware for radio consoles, IMC, GETCs, site controllers, CSD and system modules to meet current code.
- Upgraded console processor at County dispatch and APD dispatch.
- Expanded fire alerting/paging system (Arson, FMO, Supply, and CIP) and configured 32 new alerting systems for future installation.
- Ordered, assembled, and installed public address systems on the trains that run between the Zoo and Bio Park.
- Installed six base stations and associated equipment, and four desktop remotes for the new San Juan/Chama facility.
- Obtained 100% portable radio equipment replacement for DMD security and provided access to City Public Safety Radio Communications System.
- Replaced 320 of ABQ Fire LPE-200 portables with new P5100 series portables.
- Completed 3878 work orders from July 1st 2006 to June 7th 2007.
- Performed 237 mobile radio installations for various City of Albuquerque departments.
- Replaced discontinued DS3 microwave radio links between Holly/Marquette; and Marquette/ABQ Communications Center.
- Saved APD over $400 thousand dollars in mobile radio costs for new 2007 fleet.
- Replaced the UPS system and HVAC system for the downtown telecommunications hub.
- Developed Statement of Work for the new 800 MHz reconfiguration.
- Developed Request for Planning Funding request and submitted to Sprint/Nextel for the rebanding project.

Purchasing

- Initiated a new on-line process for reallocation and sale by on-line auction of City surplus goods.
FINANCE AND ADMINISTRATIVE SERVICES

- Created an on-line contracts information and download web-site.
- Established curriculum for ongoing purchasing training in comprehensive course studies.

Treasury
- Saved approximately $1.9 million in interest expense on the Series 2007 A Short-Term General Obligation Bonds. This debt service savings will be utilized for future projects. The bonds were sold to the State Treasurer on June 29, 2007 and paid off on July 2, 2007 providing the approximately $1.9 million debt service savings for capital projects.
- Assistant Treasurers of Debt and Cash Management received the Certified Treasury Professional designation by the Association of Financial Professionals (AFP).
- Earned 5.0% on the City’s investment portfolio, eclipsing the benchmark one-year Treasury average yield of 4.98% as a result of a strategic decision to invest the majority of City funds in overnight repurchase agreements.
- Bifurcated the portfolio into two components – core and liquidity. The goal of the core component is to earn a competitive total rate of return within investment policy guidelines. The liquidity component is invested in money market instruments, such as repurchase agreements and Treasury bills, with the goal of earning a competitive return while ensuring adequate reserves to meet City obligations.
- Changed its pool of repurchase agreement dealers to include some of the world’s largest market makers. As a result, the City is earning an average of three to four basis points higher on overnight investments.

311/Citizen Contact Center
- Conducted Citizen Satisfaction survey: 78% extremely satisfied & 20% satisfied rating for Customer Service, 71% extremely satisfied & 24% satisfied rating for Solution/Answer provided. Awareness of 311: 74% knew 311 existed, up 38% from 2006.
- Took our millionth 311 call on March 16, 2007.
- Municipal Development routed various telephone numbers to 311.
- Increased call volume 33.1% over last year. Received 739 thousand calls from June 1, 2006 to June 26, 2007 with 99.15% of the calls answered within 30 seconds or less.
- Increased e-mail volume by 314.0%. Received 3,852 e-mails from citizens requesting information from the City.
- Eliminated over 18% of non-emergency calls from the 911 Communication Center.
- Successfully implemented phase 2 of PeopleSoft.
- Handled calls for various special programs, municipal elections, July 4th Celebration, Medical Management Response Systems Community Exercise, Luminaria Tour Tickets, and various other program registrations for Mayor and City sponsored events.
- Met with over 33 community organizations and spoke to over 1,400 people about the purpose and benefits of 311.
- Hosted 25 site tours for both internal departments and various out of state municipalities.

Convention Center/Tourism
- Evaluated contractors (ACVB, AHCC and SMG) performance and made recommendation to renew all three contracts; all three contracts were renewed for an additional two years.
- Initiated a proposal to use a portion of Lodgers Tax for advertising city museums, the BioPark, and other city assets to potential visitors.
- Facilitated bi-monthly meetings between Cultural Services and ACVB to effectively utilize $100 thousand of Lodgers Tax monies to advertise City venues.
- Completed phase I of ascetic renovations for convention center, finalized contractor and contracts to start Phase II.

Risk Management
- Implemented a deficit reduction program more than five years ago in response to concerns that the Risk Management Fund was under funded based on actuarial predictions. FY/07 marks the completion of that effort and the fund is again within sound actuarial limits.
- Implemented a cost reduction effort for pharmaceuticals which included negotiating a new contract that includes 10% discounting for the City.
- Continued efforts to increase vehicle safety through the City Operators Permit system that resulted in the establishment of an independent Fleet Safety Office staffed by a Fleet Safety Officer and his assistant. The Fleet Safety Officer has built upon previous efforts to address accident review and drivers’ license monitoring. An audit of the Fleet Safety Office by Internal Audit was addressed by implementing various changes including a revamp of the filing system.
FINANCE AND ADMINISTRATIVE SERVICES

- Added one full-time adjuster in FY07 in response to audit concerns that the adjuster’s caseloads were well above the industry standard. As a result of the additional staff, caseloads have been reduced and can be more closely managed. In FY07, the ratio of files opened to files closed returned to 1:1.

Fleet Management
- The upgrade is complete at 4th Street fuel station for E85 fuel.
- Expanded services such as oil changes, minor maintenance and emergency repairs at multiple vendors located throughout the city and includes after hours service and overflow work from the shops.
- Extended preventative maintenance intervals in conjunction with the use of synthetic blend oil. Changed to 5,000 miles (industry standard).
- Consolidated shifts that resulted in cost savings, increased scheduled maintenance compliance, maximized labor and non-labor resources and improved efficiencies.
- Upgraded all fueling locations EJ Ward to Maximus Fuel Focus (Solid Waste also included).
- Established a Fleet User Configuration Change Board (CCB) for defining city wide fleet management decisions.
- Negotiated with vehicle vendors to hold pricing from ‘07 through ‘08 buying year.

PRIORITY OBJECTIVES

PUBLIC SAFETY GOAL: CITIZENS ARE SAFE, FEEL SAFE AND SECURE, AND HAVE TRUST AND SHARED RESPONSIBILITY FOR MAINTAINING A SAFE ENVIRONMENT.

- OBJECTIVE 3. Implement the first phase of the APD technology strategic plan to guide policy and resource allocation decisions for the development, purchase, allocation, implementation and maintenance of technology for the Albuquerque Police Department. Upgrade the record management and computer-aided dispatching systems; implement field reporting; modernize hardware and network infrastructure; coordinate information sharing with other agencies, and streamline business processes to eliminate redundancies and inefficiencies within the department. Submit progress reports biannually to the Mayor and City Council starting at the end of the second quarter, FY/08, and in the City’s Performance Plan.

GOVERNMENTAL EXCELLENCE AND EFFECTIVENESS: GOVERNMENT IS ETHICAL AND ACCOUNTABLE; EVERY ELEMENT OF GOVERNMENT CONTRIBUTES EFFECTIVELY TO MEETING PUBLIC NEEDS.

- OBJECTIVE 1. Configure, test, and implement the following ERP modules by the end of FY/08: Human Resources (employment, benefits, and payroll), General Ledger, and Budget/Enterprise Performance Management. Provide a status report to the Mayor and City Council by the end of FY/08.
- OBJECTIVE 2. Determine the feasibility and related costs of establishing a single citywide dispatching function. Report to the Mayor and City Council by the end of the third quarter, FY/08.
- OBJECTIVE 13. Create a data-base of services available to the disabled citizens of the metropolitan area and provide this data-base to 311 operators in order to provide the best services available to disabled citizens. Report to the Mayor and City Council on implementation progress by the end of the second quarter of FY/08.
The Albuquerque Fire Department (AFD) was established as a paid municipal fire department in 1900 and has since evolved into an all-hazard, public safety entity. The nature of the operations and service includes E-911 emergency dispatch, the provision of fire prevention, structural and wildland fire suppression, emergency medical services, hazardous materials containment and control, specialized technical rescue, arson investigation, and response to and control of all manner of emergency situations.

The Fire Department provides diverse, superior emergency service response in a timely, consistent, and professional manner. Firefighters in suppression and rescue services provide service to the community 24 hours a day and are assigned to 23 engine companies, 18 rescue companies, six ladder companies, a heavy technical rescue (HTR), two hazardous materials response units, and four brush trucks used as wildland response units.

**Mission**

The Albuquerque Fire Department will save lives, protect property and the environment ensuring fire fighter safety and survival.

**Budget Highlights**

The FY/08 approved budget for the Albuquerque Fire Department reflects an overall increase of 5.5% from the FY/07 original budget. This budget includes $2.3 million for negotiated compensation increases at 4.5% for firefighters and 3.5% for all other permanent employees in FY/08.

This budget contains $13.5 million in Public Safety Quarter Cent Tax, an increase of $1.2 million above Fire's FY/07 original budget level. The annualized recurring portion of this tax carried forward from FY/07 is $6.7 million which includes a total of 83 positions and associated operating costs.

The Public Safety Quarter Cent Tax funds $675 thousand in the FY/08 budget by adding eight new positions for an advanced medical response unit (referred to as a rescue unit, including three lieutenants and five drivers). This rescue unit will be assigned to Station 21 located by the Cottonwood Mall on the west side of Albuquerque. The rescue is scheduled to open October 2007. Funding in the amount of $856 thousand was originally proposed for rehab and renovation of Station 2. All but $133 thousand of this amount was redirected to fund Rescue 21 as well as weight training equipment for $50 thousand at Station 20. The $133 thousand from the Public Safety Quarter Cent Tax will be held in reserve for AFD to be appropriated during the year. Funding for Station 2 rehab and renovation will be on the GO Bond ballot this fall.
The budget includes funding for three new civilian positions also funded by the Public Safety Quarter Cent Tax. Two accounting assistants, funded at $82 thousand, will meet the expanding needs of the department in the areas of time keeping and accounts receivable. A warehouse worker for $48 thousand will oversee the bunker management program.

Also funded by the Public Safety Quarter Cent Tax in FY/08 is $237 thousand to purchase a real time emergency response field data system. This information will update the current records management system. This funding also provides the purchase of a backup Mercom system which provides a method of recording all 800 MHz radio and telephone transmissions. In addition, $126 thousand is included for an air conditioner in the computer/telephone room at the communication center, a bobcat for facility landscaping and a garage to house AFD and APD specialty vehicles. Funding for the garage will be shared with APD.

The Public Safety Quarter Cent Tax will also fund $3.5 million for renovation at the Fire Academy as well as $171 thousand targeted for general rehab and renovation. The budget includes $1.1 million for vehicle replacement, including two pumper units, six sedans and one SUV. Also, $828 thousand is included for general equipment needs to support routine operations.

The Albuquerque Fire Department (AFD) generates revenue primarily by inspecting new and existing buildings for fire code regulations. During FY07, AFD began to work closely with the Albuquerque Film Office providing fire service to the movie industry. Revenue from the movie industry is estimated at $40 thousand in FY07 and is a component of the fire inspection fees. In addition, revenues are also generated by providing emergency medical support (EMS) staff at large events, and by providing training as well as renting the training facility to outside agencies.

**Prior Year Accomplishments**

- Collected $17 thousand through commercial after-hours inspections and $46 thousand through the collection of previously uncollected inspection fees.
- Installed Fire Alerting System (Zetron) for use city-wide.
- Installed Mobile Data Terminals (MDT's) or Toughbook 18 on all AFD field units; they are all GPS-ready for use with the new CAD Automatic Vehicle Locator system.
- Implemented 90% of the Mobile Records Management System (RMS) data collection system. This system allows for incident reports to be entered into RMS live while on scene.
- Assisted in the development of an Interoperability Communication Plan, a comprehensive communication plan that will enhance emergency response in the future. This plan culminated in a multi-agency exercise to test the plan and as a result, the City of Albuquerque received favorable reviews.
- Successfully incorporated a new EMS supplies ordering and distribution program along with a bar-coding system. This will keep costs down through efficient monitoring of supplies distribution.
- Assisted Mesa del Sol planners with the development and design of a fire station to provide fire and EMS protection for the area.
- Received authority from Albuquerque Public Schools to enforce the City’s Fire Code in APS schools. Included in the MOU are provisions to start billing fees for the inspection of these facilities. Since the signing of the MOU, 25 schools have been inspected.
- Began a system of coordination with the Bureau of Alcohol Tobacco and Firearms for the storage of explosives in the City of Albuquerque.
- Continued to work closely with the Albuquerque Film Office in making the City a premier destination for the filming of motion pictures in the county. This generated estimated revenue of $40 thousand in FY07.
- Completed and presented the Albuquerque Fire Department Long Range Master Plan to the Mayor’s office.
PUBLIC SAFETY GOAL: Citizens are safe, feel safe and secure, and have trust and shared responsibility for maintaining a safe environment.

- **OBJECTIVE 2.** Utilizing existing funding, and in accordance with State regulations, develop a pilot program of temporary administrative changes in order to immediately staff empty paramedic driver positions with current AFD personnel. Partner with OMB to study the effects of the pilot program and recommend changes to existing personnel policies in order to affect permanent solutions. Submit a report to the Mayor and City Council by the end of the second quarter, FY/08.

- **OBJECTIVE 12.** Form a committee to establish design priorities (“pre-design”) for the Double Eagle hangar / substation in preparation for the funded DE design and construction. Provide a report to the Mayor and City Council by the end of FY/08.

- **OBJECTIVE 13.** Develop a plan for the interim provision of public safety services for Mesa del Sol, including facilities, staffing, and milestones. Provide a report to the Mayor and City Council by the end of the second quarter, FY/08.
HUMAN RESOURCES

The Human Resources Department provides expertise, consultation and services to support City departments in achieving community desired outcomes.

Mission

To provide leadership in the management and development of human capital by supporting the recruitment, retention and development of competent, well-trained and motivated employees. To provide management tools, which engender an environment that is healthy, safe and productive and to ensure that employees are empowered with the information and skills necessary to achieve City of Albuquerque goals and objectives.

Key focuses are: recruitment, equitable classification, competitive compensation and benefits programs, training and promotional opportunities for all employees; dissemination, maintenance and interpretation of the Personnel Rules & Regulations to ensure consistency and compliance with the Merit System Ordinance; consultation and assistance in ensuring compliance with State and Federal laws.

BUDGET HIGHLIGHTS

The FY/08 approved General Fund budget for the Human Resources Department of $2.7 million is $224 thousand more than the original FY/07 level. This is primarily the result of a net increase of two positions added mid-year in FY/07 and the FY/08 negotiated 3.5% average cost of living increase for classified employees. Telephone and risk adjustments decreased by a net total of $60.7 thousand.

The department’s portion of the Risk Management Fund was increased by $96 thousand to $779 thousand in FY/08. Personnel costs increased by $21 thousand and Unemployment Compensation Insurance premiums increased by $75 thousand.

The Employee Insurance Fund increased $3.5 million from the original FY/07 budget appropriation. There is a 7.5% average increase in the cost of health, dental and vision insurance with a budget impact of $3.4 million. Costs for insurance continue to rise in the industry nationally. This budget offsets the impact of increased costs on employees by continuing to pay 83% of insurance costs. Primarily due to the negotiated 3.5% compensation increase for classified employees, personnel costs changed by $24 thousand. Transfers increased by $24 thousand due to an increase in the indirect overhead allocation.

**Revenue**

The employee benefit rate decreased from 16.56% in FY/07 to 14.87% for the FY/08 budget. Accumulated fund balance in the Employee Insurance Fund will be used to support FY/08 insurance costs and decrease costs to city departments. The City of Albuquerque also has agreements with several Inter-Governmental Agencies (IGAs) to provide administrative services for insurance benefits. Each government entity reimburses the City for these services. The IGA group currently consists of Bernalillo County, City of Belen, Cochiti Lake Township, Middle Rio Grande Conservancy District, Sandoval County, Southern Sandoval County Arroyo Flood Control Authority, Town of Bernalillo, Town of Mountainair, Village of Bosque Farms, Village of Corrales, Village of Cuba, Village of Los Ranchos de Albuquerque, Village of San Ysidro and Village of Tijeras. Estimated revenues from IGAs are $115 thousand. Interest revenue and other miscellaneous income are estimated at $63 thousand.

**Prior Year Accomplishments**

**Administration**

- Maintained Department of Labor charges for Family Medical Leave Act (FMLA) violations at zero for the fourth year in a row.
- Conducted an audit of physical layoff records and developed a tracking spreadsheet and standardized notices/letters which were provided to department human resource coordinators to better ensure a consistent process for handling physical layoff across City departments.
- Supported 20 staff members from Human Resources and client departments who completed part one of a two-part International Public Management Association for Human Resources competencies certification program. Participants will complete certification testing in the first quarter of FY/08.
- Completed the initial proposal for an HRD strategic plan which will be used to better align day-to-day functions and major projects with priority objectives and the City’s Performance Plan.
HUMAN RESOURCES

- Adopted an HR Project Management model which will be utilized to implement, monitor and deploy priority objectives as well as major projects throughout the Human Resources Department.
- Conducted a personnel records assessment and identified improvement opportunities for enhancing and monitoring compliance with federal regulations, as well as state guidelines for records retention.
- Successfully administered the layoff process for Water Utility employees wishing to retain employment with the City.
- Provided monitoring of the PERA Rio System on a bi-weekly basis. The system was implemented by PERA in 2006 to identify and correct both historical and new errors that arise from changes in employee participation and/or plan status. All historical errors prior to 2007 were corrected. Since January 2007, HRD has corrected 4,894 errors.

Classification & Compensation / Employment

- Collapsed Classification & Compensation/Employment functions and intensified cross-training efforts to enhance understanding of the integration and work flow between these areas. This also provides a better depth of coverage in HR generalist functions to client departments.
- Created approximately 300 new job codes and organization codes to successfully transition Water Utility positions to a separate business unit within the Empath system. Collaborated with Water Utility, Payroll and ISD to ensure a smooth transition of employees and functions.
- Successfully deployed the updated evaluation tool/process for determining Fair Labor Standards Act (FLSA) designation and completed a self audit for M11 and M12 positions. This included meetings with 162 employees and their supervisors.
- Achieved 90% alignment of employee salaries to rate tables, effectively reducing the number of employees that require individual monitoring.
- Changed HR coordinator’s meetings to a facilitated/interactive format in FY/07. While meetings are still used to provide updates on critical changes in City, State and Federal laws; there is, in particular, an additional focus on the development of HR competencies through an understanding of common legal terms and accepted HR practices in employment and classification.

Testing

- Provided preparatory training to 55 officers in APD and AFD to enhance understanding of public safety promotional processes and create a readily available pool of subject matter experts for the promotional testing process.

Insurance & Benefits

- Provided organizational support to the Mayor’s First Annual Conference for Women by procuring speakers and coordinating with the health care and fitness communities to provide free health screenings, educational exhibits and door prizes.
- Sponsored and hosted the fall “Passport to Good Health Fair”. Forty vendors participated, providing 11 free health screenings and extensive wellness information to the 1,108 employees attending. Forty eight percent of employees tested had borderline high cholesterol and 14% tested at the "at risk" level. Fairs continue to be very effective in identifying preventable and treatable illnesses that have a direct correlation to employee attendance, claims experience and health care premiums.
- Effectively negotiated strategies that resulted in FY/07 medical plan costs increases of 6.2% compared to the medical HMO trend with Rx forecast at 11.4%.
- Successfully deployed a pilot wellness initiative for the Pre-management Development program and initiated a second pilot for the Solid Waste Department. These pilots will serve to identify "next steps" for a city-wide wellness initiative.

Learning, Education and Development (L.E.A.D.)

- Established a new scheduling system for the 4th floor computer training room at City Hall.
- Designed new I-9 verification system for New Employee Orientation as well as an I-9 compliance model.
- Twenty-eight of 30 participants successfully completed the City Pre-management Development program and will be graduating in July of 2007.
HUMAN RESOURCES

- Created a pilot process for synchronous monitoring of Employee Work Plan/Performance Evaluation Guide (30 day-3 month-6 month) for probationary employees.
- Held the Winter Management Conference for 1,200 city managers. Curriculum included instruction on compliance with the FLSA, essentials of project management, supervisory role in change management and guidelines for integrating new employees into the workplace.
- Created twelve new safety training/meeting modules.
- Piloted the Moodle Learning Management System (LMS) on city intranet. It is currently undergoing testing.

PRIORITY OBJECTIVES

GOVERNMENTAL EXCELLENCE AND EFFECTIVENESS: GOVERNMENT IS ETHICAL AND ACCOUNTABLE; EVERY ELEMENT OF GOVERNMENT CONTRIBUTES EFFECTIVELY TO MEETING PUBLIC NEEDS.

- OBJECTIVE 5. Analyze FMLA data to identify categories, trends, and patterns of absence, associated costs and intervention opportunities. Report to the Mayor and City Council by the end of second quarter, FY/08. Report results in the Performance Plan.
- OBJECTIVE 6. Explore the feasibility and cost effectiveness of outsourcing FMLA leave administration. Report findings to the Mayor and City Council by the end of first quarter, FY/08.
- OBJECTIVE 7. Develop a web page and on-line process specifically designed to recruit and maintain a pool of applicants for high turnover positions including Motor Coach and 911 Operators. Report to the Mayor and City Council by the end of second quarter, FY/08.
- OBJECTIVE 8. Research best practices for public safety testing and adopt and utilize practices, as appropriate, to revise and update the APD Entrance Exam by the end of second quarter, FY/08, and submit a report to the Mayor and City Council.
- OBJECTIVE 10. By the first quarter of FY/08, identify the temporary positions which should be appropriately transitioned to permanent positions and develop a plan for departments to transition these positions by the second quarter of FY/08. Report status to Mayor and City Council by the second quarter, FY/08.
- OBJECTIVE 11. Focus Human Resource department resources on the development of a city-wide curriculum to educate and train employees on workplace safety, technological enhancements, and computer skills training to ensure safe environments and high employee productivity. Submit curriculum by first quarter, FY/08, in order to begin training by third quarter, FY/08; report to Mayor and City Council by the end of FY/08.
- OBJECTIVE 12. Conduct a study to determine the feasibility of the city becoming self-insured for sponsored benefits; report to the Mayor and City Council by the end of second quarter, FY/08.
- OBJECTIVE 14. Revise the appropriate rules and regulations in order to implement the Policy of the City Council, the governing body of the City of Albuquerque, to allow employees of the City and the Water Utility Authority to move between the two organizations maintaining their accrued sick leave, accrued vacation and seniority. Provide a report to the Mayor and City Council by the end of the second quarter of FY/08.
The Legal Department is divided into five programs: legal services, real property, safe city strike force, the city clerk’s office, and the administrative hearing office. City attorneys represent the City's interests before all courts, administrative bodies, tribunals, and legislative bodies in New Mexico, and are responsible for oversight of the civil lawsuits filed against all City departments. In addition to trial work, the legal services division advises clients on “liability avoidance” in all employment matters, protection of environmental resources, the management of risk in the operation of City services, land use and civil rights matters. The city clerk’s office preserves and maintains custody of all city records through the Public Records Act and is responsible for conducting municipal elections. The administrative hearing office program is responsible for conducting hearings related to planning, red light, DWI enforcement and other administrative matters. To improve neighborhood quality of life and public safety, the safe city strike force program targets properties that pose an extreme nuisance to the neighborhoods and surrounding communities, initiates graffiti vandalism lawsuits and DWI vehicle forfeitures. Attorneys assigned to the safe city strike force also oversee the metropolitan traffic court arraignment program, which negates the need for police officers to be present at traffic arraignments. The Legal Department, through its real property division, is responsible for the management, acquisition, disposal, and coordination of City real property.

MISSION

To provide timely and quality legal services at a reasonable cost to the Mayor's Office, City Council and City agencies and to represent the City of Albuquerque in litigation in state and federal courts and administrative hearings.

BUDGET HIGHLIGHTS

The FY/08 General Fund approved budget for the Legal Department has a growth rate of 24.8%. The majority of this growth is attributed to the transfer of the Administrative Hearing Office (AHO) from the CAO to Legal. The administrative hearing office program was created with eight positions and is budgeted at $1.05 million. The Administrative Hearing Office is responsible for conducting hearings related to planning, red light, DWI enforcement and other administrative matters. To help with the increased number of hearings, one hearing officer is added as well as $158 thousand for other operating costs.

This budget also includes funding of $638 thousand for the City Clerks Office for the biennial election held in October 2007. In preparing the FY/08 budget, the department did a minimal reorganization by moving the boards and commissions activity to the administrative hearing office program.

The Open and Ethical Elections Fund is administered by the City Clerks Office and was created by Article XVI which was added to the City Charter and passed by the voters in October 2005. This fund was created to provide public funding of elections as a means for candidates to run for Mayor or City Council without large donor contributions and to ensure the citizens that the election process is fair, responsible, and ethical. The FY/08 original request was $485 thousand. An additional $400 thousand was budgeted at Council’s request bringing the total in this fund to $885 thousand for campaign financing.

**Revenue**

The Administrative Hearing Office brings two new revenue sources for the Legal Department. Anticipated revenue for FY/08 from the AHO is $84 thousand. At Council’s request, there is an increase in funding for the Open & Ethical Elections Fund. Total revenue for this fund is $885 thousand. General Fund revenues remain relatively flat over the estimated actual FY/07.

**Prior Year Accomplishments**

- Condemnation and demolition of shopping center, meth lab, and nuisance property.
- Closure and board-up of Nob Hill motel as substandard.
- Negotiated consent to demolish 27 residential homes in Wells Park Neighborhood.
- Closure of bar and liquor establishments.
- Closure of plating company as a hazardous site.
- Amendments to Housing Code requiring condemnation of residential homes after a full year of board-up.
- Worked on tenant displacement ordinance requiring reimbursement from land owners and landlords to displace tenants.
- Continued implementation of red light camera program and providing of defense.
- Defendant constitutionality of Kendra’s Law in Court of Appeals.
- Implemented and defended constitutionality of HEART ordinance.
- Secured a Court of Appeals decision that has defined the proper measure of damages in an inverse condemnation case removing uncertainty in this area and saving a considerable sum of money for the public.
- Completed major revisions to Albuquerque’s Sign Ordinance.
- Preserved the Zuni murals at the De Anza Motor Lodge by a development agreement drafted by the division.
- Maintained a RICO lawsuit against former City employees and a bus company upon allegations of wrongfully appropriating City property.
- Secured a new Independent Review Officer (IRO) for the Police Oversight Committee.
- Facilitated the Paseo del Norte extension and work is continuing on the Second and Montano street improvement project.
- Assisted with several real estate matters including securing voting control at the Acropolis project, the Placitas Open Space matters, development of ball fields on the west side and the southeast heights, protected housing for older persons at the 7 Bar property, and the office lease for the African-American Chamber of Commerce.
- Closed (sold) the 7-Bar property for $8.6 million in April and closed three acquisitions for $1,087,000.
- Completed the right-of-way for the 2nd & Montano, 4th & Montano and the Paseo del Norte west extension.
- Instrumental in acquiring the Hawkwatch and Keleher properties for Open Space.
- Scheduled 8,593 requests for public hearings, since the beginning of calendar year 2007.
Completed a land exchange with the New Mexico Commissioner of Public Lands to enhance development in and around Double Eagle II Airport, worked closely with specialized outside counsel to accomplish a very favorable settlement in a patent infringement action in Federal District Court, and worked on a Chapter 11 bankruptcy action filed by legacy airlines Delta and Northwest as they emerged from bankruptcy and continued as operating airlines at the Sunport.

Negotiated and executed an agreement with the state fire marshal's office to have AFD begin doing inspections and fire safety training classes at APS schools and properties. Negotiated and executed an agreement with DOE for mutual use of emergency management facilities. Drafted a resolution for obtaining state funding for fire suppression and prevention training.

Negotiated new franchise agreements with the Albuquerque Bernalillo County Water Utility Authority and with New Mexico Utilities, Inc. Assisted with the RFPs for energy projects like the Biodiesel Facility, WIFI and Solar Pools and with the KREBS application for energy credit. Drafted an update to Purchasing Ordinance and drafted and revised the Small Business Preference for Purchasing Ordinance. Assisted with Council and Administration-mandated projects including Library collections (contract and RFP); temporary worker contracts; EMSA ambulance agreement; ISD projects such as CRS (911), ERP, POS at the BioPark, APDCIS; and creation of a campaign contributions report for RFPs.

Completed approximately 20 evictions for cause from public housing as a result of behavior and financial issues that violated federal regulations or disturbed the peaceful enjoyment of the neighborhood and community. Participated in approximately 28 administrative hearings that resulted in termination of Section 8 Housing Choice Voucher program which provides a subsidy that allows low income families to rent privately-owned and operated dwellings.

Represented the City during the Vulcan Materials case, which involved many days of technical testimony and public comment. After EHD’s Air Quality Division (AQD) technical staff considered and rejected several applications by Vulcan Materials Company for construction of a cement batch plant on property that had been zoned M2 for heavy manufacturing since 1973, AQD issued a permit authorizing construction subject to numerous restrictions. A petition to the Albuquerque-Bernalillo County Air Quality Control Board was filed challenging the City’s air quality permit review process. Ultimately, the Board upheld the AQD’s review and issuance of the permit.

Participated in the completion of approximately 50 administrative enforcement actions for violations of air quality laws and permits. This resulted in facilities throughout Bernalillo County coming into compliance by obtaining permits, adding or updating pollution control equipment, training employees, improving recordkeeping and monitoring, completing performance testing, and paying a total of $150,000 into the general fund.

Held trainings on the public record ordinance, and most of the boards, committees and task forces have been trained in the Open Meetings Act.

At the Records Center, scanned, indexed, and retrieved 604,101 pages from 07/01/06 thru 06/30/07.
PUBLIC SAFETY:  Citizens are safe, feel safe and secure, and have trust and shared responsibility for maintaining a safe environment.

- **OBJECTIVE 4.** Evaluate the Red Light Photo Enforcement Program by analyzing trends in violations, appeals, accidents, etc. by intersection. Identify the unserved, highest impact intersections and provide an implementation schedule. Evaluate the Mobile Photo Traffic Speed Enforcement Program in school zones by analyzing trends in violations and appeals. Provide a report to the Mayor and City Council at the end of the second and fourth quarters, FY/08.

GOVERNMENTAL EXCELLENCE AND EFFECTIVENESS GOAL:  Government is ethical and accountable; every element of government contributes effectively to meeting public needs.

- **OBJECTIVE 3.** Analyze all City franchises and identify opportunities which will standardize or make more consistent franchise management, enforcement, monitoring, and approaches to renewal. Submit the initial analysis to the Mayor and City Council by the end of FY/08.

- **OBJECTIVE 4.** Use all available administrative processes to advance PNM funding of underground utilities. Report on progress to the Mayor and City Council at the end of FY/08.
The Mayor’s Office supports the top elected official of the City of Albuquerque. The Mayor is the elected chief executive and ceremonial head of the City pursuant to the City Charter. The office is comprised of support staff and constituent services that keep the Mayor in touch with residents of Albuquerque. The Mayor provides the leadership, policy staff and direction to execute his policies and those legislated by the City Council to provide municipal goods, services, facilities, and infrastructure required of a modern city.

The Metropolitan Detention Center operations were transferred to Bernalillo County effective July 1, 2006. The County was notified of the transfer in April 2005. In March 2006, the courts upheld the City’s right to terminate the existing operating agreement, thus confirming the transfer and recognizing the County’s responsibility to provide jail services under state statute.

For the FY/08 budget, council approved a nine million dollar appropriation for transfer to the MDC. This resides in the City Support budget.

MUNICIPAL DEVELOPMENT

The Department of Municipal Development (DMD) was created by the passage of R-03-304 to assure that capital projects would be completed efficiently and in a timely manner with high quality standards. The Department also oversees the security and maintenance of City facilities, including the operation of Isotopes Stadium. The Parking Division maintains parking facilities and meters in the Downtown and Nob Hill areas. DMD provides the operation and maintenance of city streets, storm drains, and traffic signals and the development and design of capital infrastructures for streets and storm drainage.

Program strategies include strategic support; design recovered for transportation, storm drain, CIP and parks; construction; street cip/transportation infrastructure tax; storm drainage; general fund street services; special events parking; facilities; street services; city/county building; plaza del sol building; parking services, and stadium operations.

MISSION

The Department of Municipal Development has been organized to assure that capital projects are completed efficiently and timely; to provide security and maintenance of city facilities; provide flood protection; and maintain and upgrade the city’s transportation system.

BUDGET HIGHLIGHTS

General Fund
The DMD FY/08 General Fund approved budget is $45.3 million. This is an increase of 2.1% over the FY/07 approved budget of $44.4 million. At the beginning of FY/08, the Albuquerque Bernalillo County Water Utility Authority (ABCWUA) became a separate entity from the City. As a result, funding for three positions was transferred to contractual services and total staff for the department was reduced.

Included in the FY/08 approved budget is $77 thousand for two additional staff to handle the increased workload for permitting services within the construction division. Per O-06-32, the ABCWUA is now required to obtain and pay for barricade and excavation permits.

The FY/08 approved budget includes $84 thousand for a two man crew to provide for additional maintenance of roadway markings. The goal of the department is to re-stripe every major roadway twice annually, inspect every existing marked crosswalk annually and refresh markings every other year.

The department is implementing a program to install illuminated street signs at signalized intersections. Funding in the amount of $49.5 thousand is included in the approved budget for two positions to be filled in January 2008.

Various facilities will be operational during FY/08 including Fire Stations 5, 10 and 21, the APD transfer station at the Alvarado Transportation Center, the Open Space Visitor Center and the Shooting Range Park. Funding in the amount of $89.4
MUNICIPAL DEVELOPMENT

thousand is approved for maintenance of these facilities including HVAC, plumbing, electrical, painting, general construction and preventive maintenance.

The demand for street sweeping services and storm drain/detention pond maintenance has increased due to growth throughout the City, especially on the Westside. In order to maintain pace with the increased demand, $22 thousand is included in the FY/08 approved budget for refuse removal and vehicle fuel/maintenance. Capital improvement project funds will be used to purchase a vactor truck for these increased services.

In FY/08, the basic services transfer is funded on a non-recurring basis at $6.7 million. Street maintenance is funded at $3.1 million, traffic engineering at $440 thousand and storm drainage is funded at $3.2 million.

Also funded in FY/08 is $75 thousand to update the on-street bicycle plan. A traffic and safety design study for the intersection of Claremont & 2nd street is funded at $150 thousand.

Gas Tax Road Fund
The FY/08 approved budget for the Gas Tax Road Fund is $5.4 million, a 1.8% increase over the approved FY/07 budget. The FY/08 approved budget includes funding for a 3.5% compensation increase for permanent employees and is a maintenance-of-effort budget.

City/County Facility Fund
The approved budget for FY/08 for the City/County Facility Fund is $3.8 million or a decrease of 12.1% from the approved FY/07 amount of $4.3 million. Included in the approved budget for FY/08 is $840 thousand to replace major components of the City/County Building. The facilities staff has proposed a 10-year building component replacement plan to anticipate the needs associated with the maintenance of our 20-year old City/County building. The FY/08 plan includes renovations of the elevator system, completion of the upgrade to the fire alarm system, building envelope weatherization and the modernization of the building mechanical system. A portion of the funding for the FY/08 building optimization plan will come from the capital improvement project fund. The final debt service payment was made in FY/07 resulting in the decrease of the approved budget.

Plaza del Sol Building Fund
A budget of $1.4 million is approved for FY/08 for the Plaza del Sol Building Fund an increase of 5.6% over the FY/07 approved budget. Increased utilities and the 3.5% compensation increase account for the increased budget. Also included is a transfer of $572 thousand to the Sales Tax Debt Service Fund.

Parking Services Operating and Debt Service Funds
The Parking Division’s FY/08 approved budget reflects an increase of 22.0% from the FY/07 approved budget. This is attributed mainly to the use of available fund balances in both the operating fund and debt service fund during FY/07.

The Parking Division plans to expand enforcement activities during FY/08. Hours of enforcement will be increased to 8:00 am to 6:00 pm Monday through Saturday from the current hours of Monday through Friday 8:00 am to 4:00 pm. The FY/08 approved budget includes $81 thousand for a parking enforcement supervisor, a patrol vehicle and a hand-held citation device. The position will be a field supervisor that can implement the extended enforcement hours as well as supervise and schedule staff.

In FY/06, the City began tracking the loss of revenue resulting from incentives granted to encourage downtown economic development. In FY/08, it is estimated that the cost of parking validations is approximately $639 thousand, the cost of monthly rate reductions is $707 thousand and the cost associated with special events is $244 thousand, including $208 thousand for the US Bowling Congress event. This results in an economic incentive subsidy transfer from the General Fund of approximately $1.6 million to cover downtown parking economic incentives in FY/08.

The debt service payment on the 2000A Bonds is $3.4 million in FY/08. This payment is funded by a transfer from the Parking Services Operating fund for $3.1 million and the use of fund balance, an estimated $267 thousand, from the Parking Debt Service Fund. The Parking Debt Service Fund transfers $3.4 million to the Sales Tax Debt Service Fund for the debt service payment in FY/08.
MUNICIPAL DEVELOPMENT

It was fully anticipated at the time the bond ordinance was passed for the Series 2000A bonds issued in FY/00 that interest earnings would be used to make debt payments until such time as all the proceeds were exhausted on parking projects. Since there are minimal interest earnings to help cover the debt payments, the General Fund subsidy will continue over the remaining years of debt service.

Baseball Stadium Operating and Debt Service Funds
The Baseball Stadium Operating Fund 691 approved budget for FY/08 is $1.9 million, a maintenance-of-effort budget. The FY/08 budget for the Baseball Stadium Debt Service Fund 695 is $1.2 million.

Revenue sources for the Department of Municipal Development include parking revenues, baseball stadium revenues, rental of City property and permit and inspection fees. General Fund revenues for various permit, inspection and survey fees are estimated at $1.1 million for FY/08. Engineering inspections and surveys are estimated to generate $181 thousand.

Rental income in the City/County Building Fund is estimated at $1.3 million for FY/08 and is from Bernalillo County for the County's share of the City/County Building maintenance, security, debt service and renovations.

Revenues for the Parking Fund are estimated at $3.9 million for FY/08 and are in the areas of enforcement, meters and operations. Enforcement revenues are estimated at $550 thousand, meter revenue at $739 thousand, and $2.7 million is estimated for operations.
The Baseball Stadium revenues are budgeted at $1.7 million the same as the FY/07 estimated actual revenues. Stadium revenues are generated from lease payments and surcharge revenues.

</table>

**Prior Year Accomplishments**

**Transportation Division**
- Completed intersection improvements at: 4th & Montano; 2nd & Montano; Sage & Unser; and Montgomery & Carlisle.
- Completed the roundabout at 8th and Central.
- Completed roadway improvements at: Ellison from Coors Bypass to 7 Bar Loop; Holbrook; San Antonio from Eubank to Browning; Louisiana from Carmel to Signal; Paseo del Norte from Golf Course to Universe; Montano from I-25 to the Bernalillo County line; and Trujillo Road.
- Completed other projects at the Mariposa Diversion Trail, various railroad crossing improvements, the McMahon Bridge over the Calabacillas Arroyo and bikeways in the Journal Center.

**CIP Division**
- Completed median work along:
  - Coors: Hanover to Coors/I-40 Interchange
  - Montgomery: Juan Tabo to Morris; Morris to Eubank
  - Central: San Mateo to San Pedro; River to Rio Grande Blvd
  - Candelaria: Tramway to Eubank
  - Spain: Juan Tabo to Lowell
  - Gibson: San Pedro to Louisiana
  - Lomas: Tomasita to Juan Tabo
  - Louisiana: Paseo del Norte to Signal
  - Unser: North of Dellyne to top of the Escarpment
  - University: Rio Bravo to Bobby Foster
- Completed projects related to the Albuquerque Convention Center; the Lucky Paws – Pet Adoption Center, the Alvarado Transportation Center, the Velodrome/BMX Track, the Westside Skate Park, the Coors/I-40 Interchange landscaping and the 2007-2016 General Obligation Bond Program and Decade Plan.

**Park Design & Construction Division**
- Completed various phases of park construction, renovation and improvements at Bataan Memorial Park, Manzano Mesa Park, Highlands Park, Luecking South Park, Westgate Park, Tiguex Tricentennial Park, Phil Chacon Park, and Tower Pond Park.
Traffic Engineering Division
- Installed traffic signal at Ouray & 57th; Mountain & 19th; and Airport & Central.
- Installed 73 speed humps on 25 residential streets.
- Completed phase 8 of the traffic signal interconnect project.

Security Division
- Completed transition of all personnel from antiquated VHF radio system to 800Mgh Law Enforcement Network giving the division the capability to communicate directly with area law enforcement & fire personnel.
- Completed public safety training of all new personnel through the APD security program. All personnel are currently certified.
- Trained 4 command staff to respond to and staff a public safety chair at the Emergency Operations Center in the event of an activation.
- Began a recruitment program with CNM in an effort to recruit & hire future security officers through the 2 year Criminal Justice program.
- Implemented a program to assist the Albuquerque Fire Department with fire watch patrols in the Bosque.

Construction Services Division
- Inspected over $100 million of construction projects including the following: the Montano Road widening, Jefferson bikeways, the Westside Transit Center, fueling station upgrade and the Jerry Cline tennis courts.
- Installed five global positioning base stations for the Albuquerque Real Time Global Navigation Satellite System Network to be used for high accuracy surveying.
- Implemented the new KIVA software system for issuing barricade and excavation permits which connects permit locations to a GIS network.
- Approved over 200 special events applications.

Street Maintenance Division
- Both, the 2006A and the 2006B residential and arterial street rehabilitation projects were completed.

Storm Drainage Division
- Replaced bar screen at the Barelas pump station (#32) and electrical upgrades were completed at the Alcalde pump station (#41).
- Completed improvements at the Hotel Circle storm drain, the Central-Atrisco storm drain and the Tingley Detention Basin.

Facilities Division
- Utilized 311 call center for maintenance requests at DMD maintained buildings realizing a 40% increase in requests for maintenance service vs. FY/06.
- Increased the central building automation control system by 25% with the addition of building automation controls at Fire Station 5, Fire Station 21, Palo Duro Senior Center, Westside Technical Center, and the Police Academy.
- Installed variable frequency drives on 75% of supply and return fans at the City/County Building and the Old City Hall Building resulting in reduced energy and maintenance costs.
MUNICIPAL DEVELOPMENT

- Began phase one of the City/County Building Optimization Plan to address carpet replacement, fire alarm system replacement, painting, suspended ceiling tile replacement, and lighting fixture replacement resulting in reduced energy consumption and maintenance costs.

- Converted 100% of City buildings to use 15% wind generated electricity.

- Created an energy conservation training program for management staff to be used at annual management conferences in the future.

Parking Division

- Leased three major structures (Acropolis, 5th & Copper and Civic Center) at over capacity while the Convention Center is leased at capacity.

- Installed forty pay stations replacing single head meters and in areas that did not contain any meters.

- Improved the following facilities:
  Gold:  All lighting was replaced and a new 9 zone timer was installed
  Gold:  Re-striped all levels
  4th & Lead:  New fencing was installed on the south side of the structure
  5th & Copper:  New fencing was installed on the east side of the structure
  5th & Copper:  Replaced the fire alarm box system

- Successfully implemented the parking structure increased hours of operation pilot program.

PRIORITY OBJECTIVES

HUMAN AND FAMILY DEVELOPMENT GOAL: PEOPLE OF ALL AGES HAVE THE OPPORTUNITY TO PARTICIPATE IN THE COMMUNITY AND ECONOMY AND ARE WELL SHELTERED, SAFE, HEALTHY, AND EDUCATED.

- OBJECTIVE 15. Using funds available from the State and the FY/07 General Obligation Bond election, renovate and enhance the Shooting Range Park by the end of FY/08 to accommodate the NRA Police National Shooting Championships and the US Open National Skeet Shooting Championships, and to provide improved amenities for local patrons. Submit a report to the Mayor and City Council by the end of FY/08.

PUBLIC INFRASTRUCTURE GOAL: ENSURE THAT ALL EXISTING COMMUNITIES ARE ADEQUATELY AND EFFICIENTLY SERVED WITH WELL-PLANNED, COORDINATED, AND MAINTAINED SEWER, STORM, WATER AND ROAD SYSTEMS AND AN INTEGRATED MULTI-MODAL REGIONAL TRANSPORTATION SYSTEM. ENSURE THAT NEW DEVELOPMENT IS EFFICIENTLY INTERGRATED INTO EXISTING INFRASTRUCTURES AND THAT THE COSTS ARE BLANCED WITH THE REVENUES GENERATED.

- OBJECTIVE 4. Utilizing approved CIP funds, complete landscaping of 5 miles of medians by June 30, 2008. Report to the Mayor and City Council on progress by the end of third quarter, FY/08.

- OBJECTIVE 5. Evaluate the benefits of short-term storm drain improvements and begin implementation of long-term improvements in the Barelas and Martineztown areas. Report on progress to the Mayor and City Council by the end of fourth quarter, FY/08.

- OBJECTIVE 7. Utilizing existing resources, evaluate the effectiveness of the new global positioning system base stations that provide readily available data to subscribing survey users in the greater metropolitan area. Report in the Performance Plan beginning first quarter, FY/08.
OBJECTIVE 8. Reactivate the GIS Task Force to evaluate existing GIS resources and develop a proposal for a comprehensive, integrated GIS system for the City to better coordinate physical assets, projects, and strategic planning efforts. Report to the Mayor and City Council by the end of second quarter, FY/08.

OBJECTIVE 9. Improve response to citizen concerns and increase efficiency of existing street maintenance and traffic signalization by obtaining equipment, training, software, and access required to provide real time in-vehicle access to the City’s 311 Service Order software. Develop baseline and performance measures to be included in the FY/09 Performance Plan.

OBJECTIVE 10. Utilizing the pavement rating system report, identify and implement a methodology that will allow for timely and regular monitoring of street conditions to facilitate the identification of priorities for rehabilitation, renovation and construction and reconstruction. Report in the Performance Plan beginning second quarter, FY/08.

OBJECTIVE 11. Begin construction of the following storm drain projects: Osuna Blvd from the North Diversion Channel to Jefferson St., Wyoming Blvd. crossing of the La Cueva Arroyo, and San Mateo Blvd from the Hahn Arroyo south to Aztec Street. Report progress to the Mayor and City Council by the end of fourth quarter, FY/08.

OBJECTIVE 12. Improve pavement markings on City roadways. This will include striping on arterials and collectors, painting of median noses, and painting of existing marked cross walks. Also, install and maintain marked parking stalls as deemed necessary. Report to the Mayor and City Council by end of the fourth quarter, FY/08.

OBJECTIVE 24. Develop a conceptual plan to address connectivity and potential improvements for trail surfacing on the west side of the Bosque from Alameda to Central. Provide a report, with submittal of the Plan, to the Mayor and City Council by the third quarter of FY/08.

SUSTAINABLE COMMUNITY DEVELOPMENT GOAL: GUIDE GROWTH TO PROTECT THE ENVIRONMENT AND THE COMMUNITY’S ECONOMIC VITALITY AND CREATE A VARIETY OF LIVABLE, SUSTAINABLE COMMUNITIES THROUGHOUT ALBUQUERQUE.

OBJECTIVE 1. Design and construct Phase 5 improvements at Balloon Fiesta Park as funds allow; improvements may include: southern entry at Balloon Museum Drive and Jefferson; pedestrian improvements such as shade and seating along the concourse and vendors row; outdoor exhibits and landscaping at the north side of the Balloon Museum; improvements to the command center/safety building; restrooms; purchasing and installing balloon ride simulator at the Balloon Museum. Report to the Mayor and City Council by end of second and fourth quarters, FY08.

OBJECTIVE 2. Construct Phase 5 improvements at Tower Park/Pond as funds allow, including off-leash dog exercise area, irrigated turf recreation field(s), and perimeter landscaping. Report to the Mayor and City Council by end of FY/08.

OBJECTIVE 13. Complete the programming and design of Phase II of the Albuquerque Bicycle Park (Veloport) and submit a status report to the Mayor and City Council by the end of the second quarter, FY/08.

ENVIRONMENTAL PROTECTION AND ENHANCEMENT GOAL: PROTECT AND ENHANCE ALBUQUERQUE’S PLACES AND NATURAL ENVIRONMENT – ITS MOUNTAINS, RIVER, BOSQUE, VOLCANOES, ARROYOS, CLEAN AIR AND UNDERGROUND WATER SUPPLY.

OBJECTIVE 1. Pending approval and appropriation of funds from 2007 G.O. bonds, implement renewable energy projects in support of the 2030 resolution, reducing carbon based energy use 10% every 5 years in order to become carbon neutral by 2030. Report progress in the Performance Plan annually.
ECONOMIC VITALITY. ACHIEVE A VITAL, DIVERSE, AND SUSTAINABLE ECONOMY IN WHICH BUSINESSES AND RESIDENTS HAVE OPPORTUNITIES FOR SUCCESS.

- OBJECTIVE 17. Utilizing off-setting revenues from increased parking citations, expand the hours and days for enforcement activities of on-street and off-street parking to be implemented in the second quarter, FY/08. Report on outputs and unit costs in the Performance Plan after implementation.
The Office of Internal Audit and Investigations was created as an independent office of City Government. The office is not part of the City’s executive branch or the City Council.

Internal Audit and Investigations performs audits, conducts management studies, and investigates claims of waste, fraud and mismanagement. The goals of the department are to:

- conduct audits and investigations;
- prevent and detect fraud, waste and abuse in City activities;
- propose ways to increase the City’s legal, fiscal and ethical accountability; and
- deter criminal activity.

As specified in the Accountability in Government Ordinance, the Accountability in Government Oversight Committee is comprised of five representatives from the community at large. The Mayor and one Councilor, appointed annually by the Council President, are nonvoting ex officio members. The Committee reviews and approves all audit and investigatory reports at each meeting.

Mission

To provide independent audits and investigations to promote transparency, accountability, efficiency and effectiveness of City government for the citizens of Albuquerque.

Completed twelve audits and investigations of City departments, divisions, processes and contracts.

Followed up on eleven previously issued audits.

The Inspector General was hired in January 2007.

Audit management and staff received seventy-eight requests for assistance.

An audit of a City contractor identified $62,000 in overpayments to be repaid to the City.

Participated on numerous committees and task forces at the request of the City Council and the Administration.
The Parks & Recreation Department strives to work as a team to be well prepared and focused to serve the community's needs for health, leisure, culture, and recreation with a high level of customer confidence. The Department's five division work together to:

- Promote and market Albuquerque's recreation programs, parks, golf courses, and open space
- Develop new strategies to improve Albuquerque leisure, recreation, and sports facilities and programs
- Conserve and sustain Albuquerque's natural and cultural resources for future generations
- Meet youth entertainment and sports needs and expectations
- Maintain harmony with community and neighborhood associations
- Ensure that every visitor has a quality experience
- Involve and empower community groups
- Increase customer confidence
- Respond to customer needs every day of the week

**MISSION**

We, the employees of the City of Albuquerque Parks & Recreation Department, pledge to provide our citizens with courteous, efficient, and timely professional service.

We will work to create a safe, healthy, and sustainable community in which we and our children enjoy a network of well planned, maintained, and operated parks, golf courses open space, trails, and recreation facilities intended to improve and enhance the quality of life within our city.

**BUDGET HIGHLIGHTS**

**GENERAL FUND**

The FY/08 General Fund budget for Parks and Recreation is $23.6 million. Changes in this year's approved budget include a minimum wage increase, memorandums of understanding (MOU), Shooting Range expansion, and providing landscape maintenance to entire grounds of the Albuquerque International Sunport.

The department hires temporary and student employees throughout the fiscal year and during the summer the department hires additional temporary employees for golf and park maintenance, recreation field maintenance, lifeguards, tennis instructors, and outdoor recreation leaders. Many of these individuals qualified for a wage increase with the passage of the Albuquerque Minimum Wage Ordinance. To comply with this ordinance $250 thousand is budgeted.

At Council’s request $25 thousand is funded in strategic support for a feasibility study of converting the Ladera Golf Course to a target golf course. Also, at Council’s request, funding of $100 thousand is budgeted for a master plan for Tijeras Canyon open space acquisition.

Additional middle school fields were added to the MOU that the department has with Albuquerque Public Schools (APS) for joint use of parks. The department has budgeted $36 thousand for repairs and maintenance for the additional fields. To offset this cost the department will bill APS $36 thousand which is their portion of 35% of costs per the MOU.

To help address the shortage of sports fields for youth on the Westside, the City has entered into a Joint Use Agreement (JUA) with Central New Mexico Community College (CNMCC) and APS. CNMCC will be constructing three lighted sports fields at their Westside campus to the City’s specifications, and APS and the department will share in the use and maintenance of the fields. The department will do 100% of the maintenance and APS will reimburse half of the costs. It is
estimated that total maintenance costs will be $80 thousand. The department has budgeted $40 thousand for temporary wages, utilities, supplies, and maintenance and has recorded the corresponding revenue to cover those costs.

The Shooting Range has been expanding over the last few years and, with the expansion and renovations, the Shooting Range hosted the NRA Police National Shooting Championship in September 2006 and will be hosting the event for the next four years. The Shooting Range will also be hosting the US Open National Skeet Shooting Championship in early September 2007. This is the second largest skeet shooting event in the U.S. To help with these events and increased number of visitors, the department added one shooting range master and supplies for $54 thousand. In addition, the Shooting Range revenue and participants have grown from $89 thousand and 25 thousand in FY/97 to $259 thousand and 56 thousand in FY/07.

Park management will be providing Aviation with landscape maintenance for the grounds in and around the Sunport, the interior plants, the newly landscaped Sunport Drive, and the rental car facility. The total contract is for $1.2 million. Of this amount, $521 thousand is in the base budget in the turf management activity and will be transferred to the new program and activity, aviation landscape maintenance that is created in this budget to track and segregate the costs. The $521 thousand to be transferred is as follows: $47 thousand for one grower tech; $168 thousand for temporary wages; $7 thousand for telephones; $43 thousand for supplies; $129 thousand for repairs and maintenance; $21 thousand for risk; $49 thousand for vehicle maintenance; and $56 thousand for fuels. The incremental increase to the approved budget is $715 thousand. To perform the required level of maintenance at the Sunport, the department has added four park maintenance worker III, one irrigation specialist IV, and one park supervisor for a total of $251 thousand. In addition to these six positions, $22 thousand is for temporary wages; $94 thousand for water; $5 thousand for supplies; $60 thousand for contractual services; $70 thousand for equipment that will be held in the Capital Acquisition Fund and $213 thousand for one time equipment purchases.

A pool supervisor was added mid-year and is funded in the FY/08 approved budget.

**Golf Enterprise Funds**

The four City municipal golf courses are at a crossroads in this FY/08 approved budget. The Mayor's proposed budget provided a means for conveying the many concerns that face this enterprise which include expenditure growth outpacing revenue, aging irrigation systems, aging equipment, and non-viable working capital balance. A green fee rate increase was developed and supported by the Golf Advisory Board to help resolve these concerns.

City Council provided an amendment that decreased the green fee rate increase by 2/3 and eliminated any rate increases for senior golfers. Senior golfers constitute approximately 32% of all rounds played on City courses. The new green fee rates are estimated at providing an increase of $185 thousand. The increase in revenue will cover the revenue (fund balance) short fall in FY/07 which is attributed to a cold and snowy winter. Unfortunately, it does not address the technical adjustment, which increased the operating costs, or the non-viable working capital balance. Council also amended the CIP bill by allocating $1.0 million for equipment for maintaining the golf courses. Course improvements and equipment replacement requirements continue to exceed available resources to maintain the City courses. The Golf Enterprise Fund is beginning FY/08 with an unbalanced budget of $199 thousand.

**Open Space Expendable Trust Fund**

The FY/08 approved budget for the Open Space Expendable Trust Fund has a growth of 3.6%. The only changes made to this budget are for technical adjustments which include the negotiated 3.5% COLA increase and an increase in fuel and fleet.

### Revenue

General Fund revenues increase in FY/08. Shooting range revenues anticipate an increase of $24 thousand due to hosting several national shooting competitions. Parks joint use revenues have increased by $80 thousand with the addition of another APS sports field to the existing MOU and with the sports fields that are to be built at the Westside campus of CNMCC. The largest increase in revenue of $715 thousand is in the ground maintenance revenues. These revenues are from the contract that was signed with Aviation for park management to maintain grounds in and around the Sunport, the interior plants, the newly landscaped Sunport Drive, and the rental car facility.
In the Golf Enterprise Fund a rate increase was introduced by the Mayor. At Council’s request, the rate increase was reduced by 2/3 producing revenue of $185 thousand over the FY/07 original budget. In the new rate structure, all fees are increased and seniors are held harmless.

The Open Space Fund stays constant with expected revenue of $75 thousand for FY/08.

**Prior Year Accomplishments**

**Golf Management:**
- Renovated and reopened the Executive Nine-Hole course at Ladera Golf Course in June 2007. An improvement plan has been implemented at Ladera Golf to improve soil, irrigation, and course conditions.

**Park Management:**
- Humanely relocated over 500 prairie dogs from urban park areas in FY/07.
- Planted 2,000 new park and street trees and held a tree give-a-way event to encourage citizens to plant more trees for the environment.
- Reduced water use in City parks by reducing water consumption in FY/07 by 30%. The Parks and Recreation Department is also contracting for an updated and expanded park water conservation plan in FY/08.
- Added 12 additional miles of landscaped medians and 23 acres of new park land to maintenance. Some of the highlights include Tower Park, Westgate Park, LBJ Joint-Use Sports Fields, Paradise Skies Park, and Ventana West Park. Park management division crews renovated medians on Ventura, Yale Blvd. and Central Ave. and renovated Tom Bolack, Santa Fe Village, Fox Memorial, and Parkway Parks. The Parks & Recreation Department now maintains approximately 2,769 acres of developed park land, 120 miles of landscaped medians and 95 miles of paved off-street bicycle trails.
- Renovated and maintained drinking fountains in City parks. Many of the new parks are being equipped with drinking fountains. For the first time in over 20 years the permanent public rest rooms at Los Altos Park were renovated and are being made available to the public.
Renovated the Los Altos, Tom Bolack, Rio Grande Triangle, and Santa Fe Village dog parks. New more durable surfaces were added along with water for dogs, benches, and netting to protect dog park visitors and dogs from flying softballs. A new dog park was added at the Westgate Community Park. New dog parks will be completed at North Domingo Baca Park and Tower Park this fall.

Installed solar powered compacting trash cans at Tiguex Park, Civic Plaza, Columbus Park, and Mariposa Basin Park that hold eight-time capacity of standard trash can. In addition, installed in-ground trash cans at Kit Carson and 4-H Park that hold ten-times the amount of a standard trash cans.

Completed phase 8 of the development of the Veteran’s Memorial Park. Phase 8 includes a stage, trails, landscaping, and memorials. The Parks and Recreation Department has been working with the NM Veteran’s to financially support the operations of the Visitor Center.

Recreation Services Division:

- Stepped up sports field maintenance by increasing frequency of mowing, fertilizing, and top dressing; purchasing new equipment; and creating a dedicated crew of temporary employees to conduct maintenance and fill holes in sports fields on a regular basis.

- Completed and opened the new BMX World Class Complex. The facility is leased to the American Bicycle Association and Duke City BMX. The Parks & Recreation Department oversees the lease arrangement and monitors compliance. Two BMX national events have been successfully held at the City’s new world class BMX Complex attracting more then 4,000 participants.

- Completed and brought on line new Skate Parks at Alamosa Park, Coronado Park and 7-Bar Loop near Cibola High School. The Parks & Recreation Department has created a separate skate park maintenance crew and employs security officers to patrol the skate parks and keep them safe.

- Renovated the Sierra Vista Swim and Tennis Complex bath house and tennis building. Los Altos swimming pool bath house and pool are also currently undergoing being renovated and will be completed in August 2007. Wilson Pool was re-landscaped and all structures and buildings painted; new decorative fencing was installed at East San Jose Swimming Pool and benches and shade structure was installed on the east side of the pool.

- Expanded the Jerry Cline Tennis Complex from 12 courts to 18 lighted courts and a new tennis center building was added. Sierra Vista Tennis Courts were re-constructed and three new courts were added at Arroyo del Oso. Tennis courts at Los Altos Park, Alamosa Park, Barelas Park, and Altura Park were resurfaced; and new courts were added at Paradise Skies Park.

- Made improvements to the disc golf facilities at the Ladera Dam and Montessa Park.

- Started a co-ed youth softball summer league and the response was a success. Over 280 kids participated.

- Upgraded all of the existing softball fields by replacing the infield dirt with engineered soil similar to the material used at the Isotope Ball Park.

- Opened and began operating the Golf Training Center at Balloon Fiesta Park.

Open Space Division:

- Successfully hosted the 2006 NRA Police Shooting Championships at the west side Shooting Range Park.

- The Parks & Recreation Department successfully hosted the 2006 Zone 7 National Skeet Shooting Championships. This event drew 180 top skeet shooters from around the United States.
Finished and opened the Open Space Visitor Center project at Coors and Bosque Meadows Drive. The Visitor Center will serve the public as a west side interpretative and educational center for the City’s Open Space Program. It will also serve as a west side Nature and Community Center.

Acquired 40 acres of Open Space in the Volcano Heights area on the west side of Albuquerque in the Petroglyph National Monument. In addition, the 63-acre Hawkwatch Property was acquired in the Tijeras Canyon to save a critical wildlife habitat and to create a viable wildlife corridor between the Sandia Wilderness and the Manzano Mountains.

Continued control of exotic invasive high water use vegetation control in the bosque, planted an additional 2,000 native cottonwood trees, and added a large group picnic area and ADA trail system at Central Ave. and the river.

Balloon Fiesta Park:

- Increased the use of the Balloon Fiesta Park significantly including for the first time ever, youth league play soccer, kick-ball tournaments, and bicycle racing.

**PRIORITY OBJECTIVES**

**HUMAN AND FAMILY DEVELOPMENT GOAL:** People of all ages have the opportunity to participate in the community and economy and are well sheltered, safe, healthy, and educated.

- **OBJECTIVE 10.** Develop a strategic plan to address the renovation and/or modernization and operation of the City’s aging swimming pools to effectively meet customer needs and environmental health and building code standards, correct facility deficiencies, and manage risks. Identify future operating/capital costs and anticipated revenue streams (including fee schedule). Submit the plan to the Mayor and City Council by the end of the fourth quarter FY/08.

- **OBJECTIVE 11.** Identify a suitable location, move, and begin operating the City’s Indoor Mondo Track at an alternate location by the end of the second quarter FY/08 using existing resources. If a suitable site cannot be identified, suspend use of the track. Begin reporting pertinent performance measures of track utilization in the FY/09 Performance Plan. Submit a status report to the Mayor and City Council by the end of the second quarter FY/08.

- **OBJECTIVE 12.** Identify opportunities to develop larger regional sports facilities that will accommodate both the growing demand for local youth activities and larger national amateur competitions by the end of the fourth quarter FY/08. Include the sports to be added, potential markets, the availability of partners, options for operating models, capital and operating costs, and potential funding sources and revenue streams. Submit the report to the Mayor and City Council by the end of the fourth quarter, FY/08.

- **OBJECTIVE 13.** Using existing resources, improve and expand facilities at the Balloon Fiesta Park by the end of FY/08 for recreation to include soccer, sand volleyball, cricket, bicycle racing, disc golf, other suitable sports, and group reservations. Identify costs and how they will be absorbed into existing department budgets. Submit a status report to the Mayor and City Council by the end of the fourth quarter, FY/08.

- **OBJECTIVE 14.** Provide monitoring by the end of the second quarter FY/08 for security systems at 12 swimming pools, the 6th and Aspen and Los Altos Park Management Satellites, the Balloon Fiesta Park Golf Training Center and Maintenance Shop, the Veterans Memorial Visitor Center, the Open Space Visitor Center, and the Sierra Vista Tennis Complex. Submit a status report to the Mayor and City Council by the end of the second quarter, FY/08.
OBJECTIVE 16. Develop a Golf Course Equipment Replacement Schedule, based on equipment life expectancy, by the end of the first quarter FY/08 to ensure up-to-date equipment is available for the efficient maintenance of City golf courses. Begin reporting the average age of equipment in the City's FY/09 Performance Plan. Submit a status report to the Mayor and the City Council by the end of the first quarter, FY/08.

OBJECTIVE 17. Create an Adopt-A-Hole Volunteer Program at each City golf course by the end of the first quarter FY/08. Work with the Golf Associations at each course to coordinate volunteers to assist with planting flowers, trimming trees, cleaning the course, hand watering, painting, etc. Begin reporting pertinent performance measures, including volunteer hours and incentives/reimbursements provided, in the City's FY/09 Performance Plan. Submit a status report to the Mayor and City Council by the end of the first quarter, FY/08.

SUSTAINABLE COMMUNITY DEVELOPMENT GOAL: GUIDE GROWTH TO PROTECT THE ENVIRONMENT AND THE COMMUNITY’S ECONOMIC VITALITY AND CREATE A VARIETY OF LIVABLE, SUSTAINABLE COMMUNITIES THROUGHOUT ALBUQUERQUE.

OBJECTIVE 14. Using existing resources, reduce litter in City parks by the end of FY/08 by increasing the frequency of refuse removal, adding functional and attractive trash receptacles, implementing pack-it-out requirements for group use reservations, installing better signage, using volunteers, and educating the public. Begin reporting pertinent performance measures in the FY/09 Performance Plan. Submit a status report to the Mayor and City Council by the end of the fourth quarter, FY/08.

OBJECTIVE 15. Using existing resources, provide five (5) additional dog off-leash areas in City parks and add amenities in existing dog parks so that they are user friendly and submit a status report to the Mayor and City Council by the end of the fourth quarter, FY/08.

OBJECTIVE 16. Develop a joint use agreement with APS for the operation, maintenance and use of the new Highland High School lighted synthetic turf soccer field by the end of the first quarter, FY/08; add the CNM soccer complex and the LBJ Middle School athletic fields to the joint use agreement. Submit a status report to the Mayor and City Council by the end of the first quarter, FY/08.

ENVIRONMENTAL PROTECTION AND ENHANCEMENT GOAL: PROTECT AND ENHANCE ALBUQUERQUE’S PLACES AND NATURAL ENVIRONMENT - ITS MOUNTAINS, RIVER, BOSQUE, VOLCANOES, ARROYOS, CLEAN AIR AND UNDERGROUND WATER SUPPLY.

OBJECTIVE 8. As funding is available, acquire properties for Major Public Open Space (MPOS) as identified in the Albuquerque/Bernalillo County Comprehensive Plan and any Subdivision Master Plan. Continue to report pertinent performance measures in the Performance Plan.

OBJECTIVE 9. Conduct a study to consider the feasibility of converting the Ladera Golf Course to a target or desert golf course. Present the findings to the Mayor and City Council by the end of the first quarter of FY/08.
The Planning Department provides leadership to facilitate high quality growth and development in our City. The department enforces zoning, building, and land use codes and regulations so that buildings and neighborhoods are safe and protected. It also develops area development plans to ensure that growth conforms to adopted plans, policies and regulations.

**MISSION**

The Planning Department will play a key role in developing the tools to implement and manage the future growth of Albuquerque.

**BUDGET HIGHLIGHTS**

The FY/08 General Fund appropriation for the Planning Department exceeds the FY/07 original budget level by 5.2% or $775 thousand. The total FY/08 approved budget is $15.7 million. The increase is attributable to a rise in personnel, operating and capital expenses to further expand planning services at the request of City Council. This includes funding for expanded building condemnations (board ups and demolitions), increased code enforcement efforts, additional sector and redevelopment plans, and funding to create a Planning Users Task Force to monitor and recommend improvements to the Planning Department.

The department's personnel complement had a net increase of two positions in FY/07. Intra-year, the department added a planning assistant and a senior administrative assistant, at an increased cost of $88,4 thousand. In FY/08, one senior planner is funded as part of the effort to keep up with demand for sector and redevelopment planning services.

**PROGRAM STRATEGY BY GOAL:**

**GOAL 4: SUSTAINABLE COMMUNITY DEVELOPMENT**

**Prior Year Accomplishments**

- Began the establishment of a Green Building program. In collaboration with the design and building community, the Planning Department developed “green” amendments to the Uniform Administrative Building Code for council adoption. The department created a green building program manager position to manage the green building program.
- Instituted a homebuilders “kiosk” program to remove the visual litter of home marketing signs in partnership with the New Mexico Home Builders Association
- Handled over 550 developer inquiries and processed 2200 neighborhood notifications for development cases. The department recorded over 12,000 on-line visits to the Office of Neighborhood Coordination (ONC) monthly neighborhood newsletter.
- Launched the development of a three dimensional model of downtown Albuquerque on Albuquerque Geographic Information System (AGIS).
- Fully implemented the transition from exactions to impact fees on January 1, 2007.
- Processed the Nob Hill and Barelas sector plans through extensive public and Environmental Planning Commission (EPC) review. The plans were forwarded to City Council for adoption.
- Continued the processing of ten sector and metropolitan redevelopment plans city wide. They include: Coors Corridor Plan Update, North Fourth Street Sector Plan, Near North Valley Sector Plan, Southwest Albuquerque Strategic Plan, Uptown Sector Plan Update, North I-25 Gateway Plan, Westside/Double Eagle II Plan, Menaual Corridor Improvement Plan, Great Streets and East Central Redevelopment /Sector Plan.
- Began the development of nine new sector and metropolitan redevelopment plans citywide. They include: Martineztown/Santa Barbara Sector Plan Update, East Gateway Sector Plan, Victory Hills/Clayton Heights/Lomas del Cielo Metropolitan Redevelopment Plan, West Downtown Metropolitan Redevelopment area, Silver Hill Design Overlay Zone, District 8 Plan, South Yale Sector Plan, Central & Unser Transit Oriented Development (TOD) Charrette, and North Fourth Street Charrette.
- Conducted over 32 community canvasses (sweeps) covering approximately 13,000 properties and aggressively enforced illegal (bandit) signs city wide which resulted in the removal of over 3,000 illegal signs.
- Boarded up 95 buildings and demolished 15 dilapidated structures city wide.

216
Permitted over 7,000 residential and commercial buildings city wide. Using existing resources increased the number of inspector reported cases of “un-permitted” construction city wide by 5%.

Increased the number of public inquiries/visits to the Planning department web site to approximately 240,000.

Prepared redevelopment designation reports for the Clayton Heights and East Gateway areas.

Completed design and easement work for the International Marketplace Phase II streetscape.

Negotiating with a developer for the adaptive reuse of the DeAnza Motel.

Purchased the old Greyhound downtown property and demolished buildings to accommodate the East Second Street live/work rental and mixed income rental housing.

**PRIORITY OBJECTIVES**

**SUSTAINABLE COMMUNITY DEVELOPMENT GOAL:** Guide growth to protect the environment and the community’s economic vitality and create a variety of livable, sustainable communities throughout Albuquerque.

- **OBJECTIVE 8.** Reactivate the GIS Task Force to evaluate existing GIS resources and develop a proposal for a comprehensive, integrated GIS system for the City to better coordinate physical assets, projects, and strategic planning efforts. Report to the Mayor and City Council by the end of the second quarter, FY/08.

- **OBJECTIVE 3.** Adopt a revised Metropolitan Redevelopment Plan for the expanded Near Heights Metropolitan Redevelopment Area (Gibson, San Mateo and Central corridors) and submit a status report to the Mayor and City Council by the end of the second quarter, FY/08.

- **OBJECTIVE 4.** Complete a charrette for the Central / Unser mixed use transit oriented development and submit a status report to the Mayor and City Council by the end of the first quarter, FY/08.

- **OBJECTIVE 5.** Complete conversion of the Planning Department's applications (DRB, EPC and LUCC) to KIVA and submit a status report to the Mayor and the City Council by the end of the third quarter, FY/08.

- **OBJECTIVE 6.** In collaboration with the design and building community, develop and adopt “Green” amendments to the Uniform Administrative Building Code for the City and submit a status report to the Mayor and the City Council by the end of the second quarter, FY/08.

- **OBJECTIVE 7.** Identify staffing and training needs to implement “Green” amendments to the Uniform Administrative Code and other green building legislation. Submit a report to the Mayor and City Council by the end of the second quarter of FY/08.

- **OBJECTIVE 8.** Present to City Council for adoption an East Central Metropolitan Redevelopment / Sector Plan by the end of the third quarter, FY/08.

- **OBJECTIVE 9.** Present to City Council for adoption a South Yale Metropolitan Redevelopment / Sector Plan by the end of the third quarter, FY/08.

- **OBJECTIVE 10.** Present to City Council for adoption design overlay standards for Menaul Boulevard within Council District 7 by the end of the second quarter, FY/08.

- **OBJECTIVE 11.** Conduct a charrette in District 8 to determine if there is a need for changes in land use and/or zoning in the district. Report to the Mayor and City Council on the status by the end of the third quarter, FY/08.

- **OBJECTIVE 12.** Complete the programming and design of the International Gateway Streetscape (Phase II Alcazar & Central) and submit a report to the Mayor and City Council by the end of the first quarter, FY/08.
The Albuquerque Police Department (APD) provides quality law enforcement services to the citizens of Albuquerque by working with neighborhoods to identify and abate conditions in the community that contribute to the occurrence of crime; by providing rapid dispatch and officer response to requests for emergency assistance; by conducting effective investigation of crimes through its specialized investigation units supported by the City’s crime laboratory; by operating crime prevention and community awareness programs; by cooperating with other law enforcement agencies and with other entities in the criminal justice system; and by providing strong internal support agencies.

APD is budgeted in nine operating program strategies. Neighborhood policing is the largest of the program strategies supporting the six area commands, open space, tactical support, the traffic section and the department’s recruiting and training units. The investigative services program strategy consists of three specialized divisions and a mental health intervention team, Crisis Outreach and Support Team (COAST). The special investigations division targets narcotics offenders and career criminals (gangs, vice, fugitives); the criminal investigations division investigates armed robberies, homicide, property crimes and juvenile crimes. The Metropolitan Forensic Science Center performs the department’s criminalistics, identification and evidence functions. The professional standards program strategy is comprised of the inspections and accreditation section, internal affairs and behavioral sciences. The communications and records program strategy supports the department’s technology initiatives, communications, records management and case preparation for the field services bureau. The officer and department support program strategy provides long-range planning, problem solving, administrative, human resources, and fiscal support. The prisoner transport program strategy funds the transport of prisoners to the Metropolitan Detention Center. False alarm reduction program strategy provides support of the Albuquerque alarm system ordinance in an effort to reduce false alarms. For FY/08, the family advocacy center program strategy houses the investigative officers of domestic violence and sexual abuse and co-partners with other social agencies in providing assistance to these victims. The final program strategy is off-duty police overtime which provides a mechanism to allow businesses and other external entities to employ sworn officers during their off-duty hours.

MISSION

We, the members of the Albuquerque Police Department, believe in the shared responsibility of police personnel, government leaders and citizens to improve Albuquerque’s quality of life and to defend our community. We vow to uphold the U.S. Constitution, to fairly enforce the laws of New Mexico and the City of Albuquerque in order to protect life, property and rights. In partnership with the community, we will engage in proactive policing to maintain order, reduce crime and the fear of crime through education, prevention and enforcement.

VISION

The Albuquerque Police Department envisions a safe, secure community where the rights, history and culture of each citizen is valued and respected. We will achieve this vision by proactively collaborating with the community to identify and solve public safety problems and improve the quality of life in Albuquerque.

BUDGET HIGHLIGHTS

The FY/08 approved General Fund budget reflects an increase of $13.2 million over the original budgeted FY/07 level. The approved budget is $143.7 million. As part of the Mayor’s emphasis on public safety, the sworn police force continues to be funded at 1,100 officers. One hundred and twenty five of these officers are funded by the Public Safety Quarter Cent Tax. Thirty one additional non-sworn personnel are also funded by the quarter cent within the Prisoner Transport program.
The significant driving factor for the increase in the Police budget is the increase in wages and benefits. An equivalent of a 4.5% increase in wages for sworn personnel is included in the approved budget in the form of increased PERA contributions. The City is now contributing 75% of the employee’s share for a total contribution of 30.73%. Civilian positions are funded at a 3.5% increase. This, combined with other adjustments for salaries and health and dental insurance, results in a $4.3 million increase in the Police budget for personnel costs.

Public Safety Quarter Cent Tax revenue is budgeted at $13.4 million and consists of the cost of 125 officers at $8.1 million, 31 prisoner transport personnel and associated operating costs at $1.9 million, vehicles, equipment and supplies of $1.8 million and $1.6 million designated for the joint purchase of a helicopter with Bernalillo County. There is an additional $2.1 million of Public Safety Quarter Cent Tax revenue in reserve to provide an additional source of funding for police officer pay increases. It should be noted that City Council approved the redistribution of $3.7 million proposed for police vehicles to the helicopter and the reserve for pay increases. The $1.9 million prisoner transport program is funded by the funds initially reserved for a central processing unit. This program minimizes the impact on officer overtime, police vehicle maintenance and fuels associated with the transport of prisoners to the west side jail facility. Also, for FY/08, funding for six mental health intervention staff is moved from Public Safety Quarter Cent Tax to the General Fund. The cost of these positions is $388 thousand.

Also included in the FY/08 approved General Fund budget is the intra-year addition of eight civilian positions at a cost of $379 thousand. As the police force increases so does the need for support staff. Six of these positions are communication staff for the 911 call center. A DWI seizure assistant was added mid-year to help with the increase in vehicle seizures. This position is funded by the proceeds from these seizures. An additional fiscal position was also added mid-year to account for photo enforcement revenues and expenditures. This position is also funded by proceeds from the photo enforcement program.

There are a number of new initiatives for the FY/08 budget. The Family Advocacy Center (FAC) is established in the department. There is an incremental cost of $628 thousand; however, 64 positions were moved from other programs, primarily Investigative Services, to this program for a total budget of $5 million. APD and other social agencies will be housed in a central location and will serve victims of domestic violence and sexual abuse in the greater Albuquerque area. Funding to establish the sixth area command in northwest Albuquerque is provided at $617 thousand. This includes five civilian positions and the upgrade of various sworn personnel. Once fully operational the sixth area command will serve Albuquerque’s growing northwest side.

Funding for the 911 communications center is increased by $1.3 million with the addition of 21 positions. The intention is to provide adequate staffing and improve the response time for 911 emergency calls. An officer retention and recruitment plan is funded at $950 thousand in the approved budget. This plan is intended to increase the number of new recruits by promoting the department as a positive employment option and retaining existing officers with 20 or more years of experience. The appropriation bill includes an additional $250 thousand in start up costs for FY/07 for this purpose.

There are six additional civilian positions added to records management and the evidence unit at a cost of $258 thousand. A records officer will replace a lieutenant position in overseeing the records section. This will enable the department to reassign the lieutenant to appropriate police functions and provide stable long term leadership for the section. Five evidence technicians are funded as a disposition unit for old evidence. This will separate the functions of disposition and intake of evidence and enable the department to reduce the inventory that is no longer required.

There is an increase in the APD budget of $3.9 million to cover the increased costs of photo enforcement. This increase is offset by revenues from the photo enforcement program. A contract for aviation maintenance is funded at $70 thousand.

In addition, City Council has provided $475 thousand in overtime funding for the Trumbull weekend patrol, Party Patrol Enforcement and the implementation of the Montgomery Boulevard tact plan. One time funding of $50 thousand for exercise equipment at the northeast area command as well as $50 thousand for a study on types of calls for service is also provided by City Council.

There is no change in the False Alarm Enforcement and Education Fund operating program from the original FY/07 budget. The budget remains the same at $518 thousand. The transfer to the Capital Acquisition Fund increases by $140 thousand to a total of $500 for FY/08. The money in the Capital Acquisition Fund is used exclusively for capital outlay for public safety vehicles and equipment.

Grant funding is budgeted similar to the FY/06 level as federal funding for an Interoperability grant is included in FY/07 but not anticipated for FY/08. There was also a mid-year addition of one forensic scientist position in FY/07 funded from a state grant.
## POLICE

### REVENUE

Revenues from the photo enforcement program continue to come in strong. For FY/07, the estimated actual is $9 million. For FY/08, there is a conservative estimate of $5.5 million due to potential legislation changes and litigation. These revenues will be monitored closely throughout the year. Revenues for Off-Duty Police overtime are projected at $360 thousand above the FY/07 original budget level due to changes in the program. An increase in overtime pay for the officers is anticipated to bring in increased revenues as outside agencies are charged more for these services. Police services for warrants, the crime lab and federal reimbursement are broken out separately from miscellaneous starting with estimated actual FY/07. There is no significant change in these amounts from prior years. Revenue in the False Alarm Fund is anticipated at $667 thousand which is consistent with prior years.
PLAN TO ACTION

Planned, constructed and opened a new state-of-the-art Prisoner Transport Center (PTU). APD joined forces with the City of Albuquerque’s Transit Department and identified unused space at the historic Alvarado Transportation Center (ATC) that was converted to a prisoner transfer facility. The space was renovated to include three holding cells, restrooms, office space and a prisoner intake and processing area. Installed two new Intoxilizer 8000 breath analyzers and new PTU staff consisting of 1 lieutenant, 5 sergeants and 26 Transport Officers were hired and trained. The PTU became operational in August and immediately began processing an average of 75 prisoners per day. The average prisoner processing time decreased from over 90 minutes per arrest to approximately 20 minutes per arrest.

Created the Crisis Outreach and Support Team (COAST). On a weekly basis, the COAST team, joined by staff from the NM Department of Health, Crisis Intervention Team and numerous service providers, has been interacting with those in need of services. The results have shown that persons who may have otherwise ended up in jail or back on the streets are now receiving assistance. The work of COAST is being recognized on a national level.

Formed the Albuquerque Retail Assets Protection Association (ARAPA), a partnership with APD and business owners and managers from local area retail merchants. This group meets regularly to address retail-related crime issues. APD detectives and representatives from the loss prevention industry attend monthly meetings, sharing intelligence information to determine what problems the retailers are experiencing and coordinate efforts to ensure timely prosecution of chronic property crime offenders.

Sponsored an Auto Theft Summit that focused on bringing stakeholders together from law enforcement, the District Attorney’s office, and various private sector partners, to develop a more comprehensive response enabling these groups to work more effectively to combat the City’s auto theft problem. At this summit, participants discussed the impact of technological advancements on auto theft enforcement and investigations, developed crime prevention and education strategies, and recommended changes to current state laws to be more effective at fighting auto theft in our community.

Began working with homeless service providers to address the needs of Albuquerque’s homeless population, and the concerns that citizens have regarding homeless persons in Albuquerque. The Department implemented the Strategic Homeless Outreach Program, which brings police officers and homeless service providers together to address the needs of homeless persons.

Conducted 2 Crime Scene Investigation (CSI) academies, graduating 53 students.

Conducted two citizen police academies (CPA) graduating 68 students.

Hosted three police cadet classes and graduated 45 police officers in 2006.
Completed two Prisoner Transport Unit classes, graduating 29 PTU officers. The Advanced Training Unit also trained 9 lateral/rehire officers and 17 Police Service Aides during 2006. In addition, annual maintenance of effort and physical wellness training was conducted by Advanced Training Unit personnel. The Recruiting Unit established recruiting partnerships with the New Mexico Scorpions, the Albuquerque Thunderbirds and the University of New Mexico. Recruiting posters were developed and recruiting was initiated with the Transition Assistance Programs at Kirtland, Cannon and Holloman Air Force Bases.

Continued the Women Against Crime program, a class that invites men and women from the community to teach them how to protect themselves and how not to be a victim.

Hosted the 2006 National Rifle Association’s National Police Championship in October. This first-ever event brought competitors from all over the globe to Albuquerque, generating rave reviews about the range facility and APD’s hosting of the event. The Championship will call Albuquerque home for the next four years.

Made considerable progress on the Comprehensive Information Systems Project (CISP). The CISP allows for one-time data entry to allow information to be accessed and shared among neighboring law enforcement agencies. To utilize the full functionality of this system, APD has invested in a Radio Frequency (RF) Infrastructure which will allow APD to access and send data from their vehicles, creating a safer and more efficient workplace. Officers will be able to forward police reports electronically, greatly reducing the time required for reports and information to be available to the public and the judicial system. Officers will also be able to access databases which currently require them to be at a desk to access.

Broke “wall” on the new APD Museum. The temporary museum is located in a remodeled section of the first floor of the Old Main facility and houses antique photos and memorabilia of APD’s storied past. The museum will function as both a display and meeting area for neighborhood groups and schoolchildren.

Continued the Problem Solving Initiative (POP) program targeting the “Top 5” property crime offenders each month. The POP meetings include all command-level staff, members of the District Attorney’s office, Public Safety Partnership, Albuquerque Retailers Association and supervisors of several APD units.

Co-created the Adopt a School Program initiative. Begun as a coordinated effort between Apache Elementary School and the Foothills Area Command, the program consists of officers who volunteer to participate in school activities.
Unvailed an upgraded and more robust version of the Computer Aided Perpetrator Targeting Using Recovered Evidence (CAPTURE) database to include a mapping system that assists APD detectives in identifying clusters where crimes were committed.

- Provided speedy turnaround for 3,100 requests for evidence to be available to be viewed for forensic analysis. With the help of Firearms Unite, the Evidence Unit eliminated a 3-year backlog of more than 1,400 weapons needing NIBN testing in FY07. The Evidence Unit leadership spearheaded a massive warehouse cleanup and property accountability effort. An estimated 885,000 items were re-warehoused into the proper storage environment, using a standardized location strategy. Recent inspections and quality control audits have concluded that the evidence unit has a 99.9% accuracy rate achieved for the 47,559 items checked.

- PUBLIC SAFETY: CITIZENS ARE SAFE, FEEL SAFE AND SECURE, AND HAVE TRUST AND SHARED RESPONSIBILITY FOR MAINTAINING A SAFE ENVIRONMENT.

- OBJECTIVE 2. Partner with FCS and United Way to open and operate a Family Advocacy Center for victims of domestic violence, sexual assault and crimes against children by the end of second quarter, FY/08. Report to Mayor and City Council by end of FY/08.

- OBJECTIVE 3. Implement the first phase of the APD technology strategic plan to guide policy and resource allocation decisions for the development, purchase, allocation, implementation and maintenance of technology for the Albuquerque Police Department. Upgrade the record management and computer-aided dispatching systems; implement field reporting; modernize hardware and network infrastructure; coordinate information sharing with other agencies, and streamline business processes to eliminate redundancies and inefficiencies within the department. Submit progress reports biannually to the Mayor and City Council starting at the end of the second quarter, FY/08, and in the City’s Performance Plan.

- OBJECTIVE 4. Evaluate the Red Light Photo Enforcement Program by analyzing trends in violations, appeals, accidents, etc. by intersection. Identify the unserved, highest impact intersections and provide an implementation schedule. Evaluate the Mobile Photo Traffic Speed Enforcement Program in school zones by analyzing trends in violations and appeals. Provide a report to the Mayor and City Council at the end of the second and fourth quarters, FY/08.

- OBJECTIVE 7. In conjunction with the Public Safety Partnership, develop a training module to teach problem solving techniques to community groups, city department staff, neighborhood associations and coalitions, and other
interested parties by the third quarter, and will provide a report on the status of this objective by the end of the third quarter of FY/08. Report on the participation in this training and the results achieved in the City’s Performance Plan.

- **OBJECTIVE 8.** Build on the pilot West Side Crime Alert system and expand it throughout the city by transferring its platform to a web-based system. Report on system activities to the Mayor and City Council by the end of the third quarter, FY/08.

- **OBJECTIVE 9.** Create a Fraud Division to include a Cyber Crimes Unit that will specifically address cases of fraud, identify theft, and computer related crimes by the end of the fourth quarter, FY/08; provide a status report on activities to the Mayor and City Council within 6 months of its creation and report results in the Performance Plan.

- **OBJECTIVE 10.** Increase law enforcement effectiveness by expanding the problem solving model regionally by supporting and training regional agencies on its use; collaborate regionally in its application to reduce crime. Provide a status report to the Mayor and City Council on this effort by the end of FY/08.

- **OBJECTIVE 11.** Increase APD’s ability to link suspects and crimes together by improving CAPTURE information dissemination to all investigators and their chain of command. Provide a status report to the Mayor and City Council on this effort by the end of the second quarter, FY/08.

- **OBJECTIVE 12.** Form a committee to establish design priorities (“pre-design”) for the Double Eagle hangar / substation in preparation for the funded DE design and construction. Provide a report to the Mayor and City Council by the end of FY/08. (APD/Officer and Dept Support and AFD/Headquarters)

- **OBJECTIVE 13.** Develop a plan for the interim provision of public safety services for Mesa del Sol, including facilities, staffing, and milestones. Provide a report to the Mayor and City Council by the end of the second quarter, FY/08.

- **OBJECTIVE 14.** Prepare for the CALEA onsite assessment for the 6th reaccreditation of the Albuquerque Police Department in FY/09 by preparing the application and conducting a mock assessment. Provide milestones for the reaccreditation in a report to the Mayor and City Council by the end of the third quarter, FY/08.

- **OBJECTIVE 15.** Develop a design for the 6th Area Command facility that meets or exceeds the silver level Leadership in Energy and Environmental Design (LEED) rating criteria. Provide a report to the Mayor and City Council by the end of FY/08.

- **OBJECTIVE 16.** Increase efforts to promptly and appropriately dispose of property held by the Evidence Unit which has no further evidentiary value, through the creation and utilization of an Evidence Disposition Unit. Report progress in the City’s Performance Plan, beginning in FY08.

- **OBJECTIVE 19.** Prepare a study to analyze the types of calls to which police officers are currently responding. Determine the potential of eliminating the necessity of police officers responding to calls that others, such as Public Safety Officers, could respond to, without jeopardizing public safety. In addition, as part of this analysis, determine which calls do not necessitate a response by any APD personnel. Provide a report of findings and recommendations to the Mayor and City Council by the end of the second quarter of FY/08.

**GOVERNMENTAL EXCELLENCE and EFFECTIVENESS.** Government is ethical and accountable; every element of government contributes effectively to meeting public needs.

- **OBJECTIVE 2.** Determine the feasibility and related costs of establishing a single citywide dispatching function. Report to the Mayor and City Council by the end of the third quarter, FY/08.
The Department of Senior Affairs (DSA) offers a broad range of programs and services responsive to the needs of senior citizens in Albuquerque/Bernalillo County. The department provides services through three program strategies: well being and fitness; access to basic services; and volunteerism. The well being and fitness program strategy provides activities and services for seniors to prevent social isolation and includes socialization, nutrition, health and education. Access to basic services supports independent living and provides intervention services that support primarily frail low-income elders. Services include information, home delivered meals, transportation, in-home services, and senior center support services. Volunteerism provides services to support community involvement. It provides awareness and opportunities for individuals to get involved. The department maintains six senior centers, one multigenerational center, and 18 meal sites where seniors may gather for organized activities, socializing and services.

MISSION

Provide opportunities that involve and assist seniors to achieve their potential, live in dignity and share their wisdom.

Provide opportunities that involve and assist seniors to maintain their physical and mental health and keep them living in homes for as long as safely possible.

**BUDGET HIGHLIGHTS**

The FY/08 approved budget for the Department of Senior Affairs includes $5.4 million in General Fund appropriations and $5.5 million in operating grants to the Senior Affairs Department. The FY/08 approved budget for General Fund is an increase of 7.7% over the FY/07 approved budget of $5.0 million including funding for a 3.5% compensation increase for all permanent employees and two positions added intra-year FY/07.

The Los Volcanes Fitness Center is anticipated to open in the spring of FY/08. Included in the FY/08 approved budget is $94.5 thousand for two full time staff and 3 part-time staff as well as operating appropriations and $50 thousand for equipment purchases. Also, $47 thousand is appropriated for temporary staff to provide in-home repair services for the elderly.

To align with goals and program strategies, resources provided by the New Mexico Aging and Long Term Service Department (Area Plan Grant) and appropriated to the Family and Community Services Department are again included in the FY/08 budget as pass through grant funds. This provides appropriate levels of funding for delivery of service and effective performance measurement of program strategies and service activities. The Chief Operations Officer reporting to the CAO retains the administrative and fiscal responsibilities of the Area Plan program through the staff of Family and Community Services Department.

Prior Year Accomplishments

- Expanded the volunteer outreach into the community by working in partnership with Mayor’s Office. The new program, MOVE, works to coordinate all volunteer programs within City Government and the community.
- Hosted the 2006 Senior Olympic Annual Summer Games on the University of New Mexico campus and other venues the week of August 2-6, 2006. More than 1250 athletes from around New Mexico competed in 150 events in more
than 20 different sports. The Transportation/Nutrition Division provided transportation to the athletes to various venues that were spread throughout Albuquerque and Bernalillo County.

- Produced and distributed its fifth Annual Report, detailing FY2006 achievements, with particular emphasis given to the senior center focus of “Baby Boomer” recruitment. The report is being utilized as an important communication tool to convey the Department’s accomplishments, budget issues, new direction and vision for the past and upcoming fiscal year.

- Implemented a concentrated marketing and recruitment effort, targeting “Baby Boomers” (those born between 1946 and 1964) as prospective center members began in July, 2006. Overall senior center hours were increased by 8% and entail all centers being opened either Saturdays or Sundays and a minimum of one week night (5pm-9pm). DSA has recruited more than 700 Baby Boomers, aged 50-54, during FY/07 exceeding its overall projected membership goals.

- Began an aggressive and targeted membership campaign, aimed at 50+ seniors was initiated in FY/07. In an effort to align center age requirements with AARP and National Senior Olympics, senior centers lowered its participation age from 55 to 50 which increased the potential senior market in Albuquerque/Bernalillo County by 35,000. Each center increased its membership by 5% and developed and implemented a member recruitment and retention program. DSA has met and exceeded membership goals and its commitment to increase revenues by $50,000.

- Increased utilization of the Palo Duro Senior Sports and Fitness Center by extending evening hours from 5pm to 7pm, Monday-Friday and Saturdays, 9am to 2pm.

- Provided emergency support when the severe snow storms closed down Interstate 40 during the 2007 New Year’s weekend. Manzano Mesa Multigenerational Center, in the southeast quadrant of the city, was utilized as a hospitality center as per Mayor Chavez’ instruction. The center hosted approximately 300 people who were stranded in Albuquerque with no other place to stay. Visitors were fed, sheltered and afforded cots for the 48-hour period they were stranded; also during this period, Los Volcanes Senior Center on the west end of Interstate 40 was made available for stranded travelers.

- Continued to safely transport clients to their destination with few cancellations during this severe storm. Homebound seniors were provided with extra emergency shelf stable and/or frozen meals, which were distributed before road and weather conditions made daily deliveries impossible.

- Worked closely with the Albuquerque 311 call center to address the huge number of calls from seniors requesting assistance for snow shoveling and clearing of sidewalks and entryways. The severe snow storm during the 2007 New Years Eve weekend had the effect of isolating seniors and creating dangerous conditions for frail senior citizens in Albuquerque Senior Information, Care Coordination, Home Services and DSA Volunteer Program staff served 182 seniors and coordinated 73 community volunteers to assist in this effort.

- Held the second annual Family Caregiver Conference was held on November 18, 2006 and served over 300 participants throughout the community and was evaluated by caregivers as a tremendous success. The Family Caregiver Resource Guide was published in partnership with Prime Time Monthly News.

- Successfully applied for a grant from the Daniels Foundation in partnership with New Mexico Silver Horizons Inc., to begin outreach and education within the business community and assist working caregivers. The amount of $16,000 was awarded to our non-profit partner, Silver Horizons, Inc., and the Department of Senior Affairs provided the hands-on field work to complete this outreach. Seven new business partnerships have been established reaching caregivers where they work with information and support services.

- Achieved approximately 150% of the expected units of service for the Information and Assistance program which amounts to 45,378 calls.

- Provided the following nutrition and transportation services:
  - Served over 147,300 congregate lunches to approximately 1,900 unduplicated participants at meal sites located throughout the Albuquerque/Bernalillo County area.
Delivered over 195,000 home delivered meals to approximately 1,225 frail and elderly home bound clients.

Transportation provided over 79,000 one way trips to approximately 670 senior participants to senior centers, meal sites, medical facilities, shopping locations and special events in FY/07.

Approximately 133,700 senior clients attended over 15,328 socialization sessions at the meal sites.

Marketed special events to customers and the public at large. Marketed events included the first “Dancing Under the Starz,” which drew approximately 500 dancers to the Albuquerque Convention Center on June 9, 2007 and the second annual “Artitude,” an arts & crafts extravaganza held at Manzano Mesa Multigenerational Center, which drew 100 vendors and approximately 2,000 customers in October, 2006.

Reopened Palo Duro Senior Center built in 1974 and the oldest facility in our senior center network on June 1, 2007 after undergoing a nearly $1 million dollar renovation. New features in the facility include re-configuration of the administration offices and reception area, the creation of a coffee lobby, new roofing, and lighting, restroom remodeling and re-surfacing of the parking lot. Response from seniors has been ecstatic regarding the remodeling efforts and the re-opening.

Home Chore surpassed the annual goal of 550 clients to 800 clients in FY/07. In addition, the hours of service for the Home Repair/Retrofit program also grew by 6%.

Installed equipment providing wireless internet access (WiFi) at all seven senior centers. This will permit seniors that bring in their own laptop or tablet computer to access the internet without cables or wires for Web browsing, email, and access to millions of pages of information and services on the World Wide Web.

Continued the implementation of the Social Assistance Management System (SAMS) at all facilities. The system is fully operational in all centers and programs and is our primary database for the tracking of senior service delivery and participation. The system provides all record keeping and required reports as mandated by the State. Handheld Laserlite barcode scanners were tested that will increase the timeliness and efficiency of inputting data to the SAMS database for home delivered meals and other services.

Installed Datacard ID card production systems at all seven senior centers and the Palo Duro Senior Sports and Fitness Center. This system consists of a Datacard printer, digital camera, and software that produce durable plastic membership ID cards for seniors. The cards have the senior’s name, ID number, machine readable barcode and color photo. The system accesses the SAMS database to retrieve the senior’s information. The card is used to access services at all City of Albuquerque senior facilities and permits automated tracking of service utilization using SAMS.

OBJECTIVE 8. Complete land acquisition and identify funding for Phase I (Centralized Kitchen) of the Centralized Kitchen and Social Services facility. Submit a report/plan by the end of FY/08 to the Mayor and the City Council.

OBJECTIVE 9. Building on the results of the client surveys and needs assessments, develop an outreach and recruitment program to educate and inform seniors not using DSA services of the benefits of utilizing and participating in Senior Affairs services by year-end, FY/08. Submit a report/plan by the end of FY/08 to the Mayor and the City Council.
COMMUNITY AND CULTURAL ENGAGEMENT GOAL: RESIDENTS ARE FULLY AND EFFECTIVELY ENGAGED IN THE LIFE AND DECISIONS OF THE COMMUNITY TO PROMOTE AND ENHANCE OUR PRIDE, CULTURAL VALUES, AND RESOURCES AND ENSURE THAT ALBUQUERQUE’S COMMUNITY INSTITUTIONS ARE EFFECTIVE, ACCOUNTABLE, AND RESPONSIVE.

- OBJECTIVE 3. Increase the number of volunteers providing service to the Albuquerque community and seniors by 12% from 1,500 to 1,680 volunteers by the end of FY/08. Submit a report by the end of FY/08 to the Mayor and City Council. Report appropriate measures in the Performance Plan.
MISSION

The Solid Waste Management Department team in its commitment and dedication of ensuring a sustainable, vibrant, and beautiful Albuquerque, delivers premier solid waste collection, recycling service, anti-graffiti efforts, weed and litter clean up, and related community outreach programs. These services are united, comprehensive and available to City residents, businesses and other government agencies. In continuing to meet the needs of a growing community, the department is ever expanding its role for a cleaner environment and researching ways to convert waste to a sustainable resource for the benefit of the public.

Vision Statement

The Solid Waste Management Department team is committed to becoming the most efficient and effective department in the City of Albuquerque, invaluable and respected by all residents. The department is further dedicated to becoming the leader and model for other cities in the nation in solid waste collection, recycling, anti-graffiti and weed and litter clean up as well as enhancing community partnerships. Municipal waste in the future will be an asset and the community will generate a resource. The City of Albuquerque, through its Solid Waste Management Department, will convert this resource into sustainable energy production.

Commitment to our employees: The department is committed to providing its employees exceptional compensation and benefits coupled with a safe work environment and a satisfying personal and professional challenge.

Budget Highlights

The Solid Waste Management Department's budget is $54.6 million for FY/08. This is an increase of $3.1 million or 6% above the FY/07 original budget level.

The FY/08 budget includes 23 additional FTE added throughout FY/07. Ten positions were added to the Weed and Litter program, six were added for graffiti removal, five were for the Multi-Family Recycling program and two administrative supervisors were added for operational review. Personnel costs for the department increase by $2.3 million. This includes $737 thousand for the negotiated 3.5% average compensation increase for permanent employees. Five hundred thousand is approved for additional overtime in the collections program.

Internal telephone, wind generated power, fleet and risk assessments decreased by a total of $801 thousand. The transfers to the Water Utility Operating Fund, Refuse Capital Fund, and Indirect Overhead increased by $186 thousand, $77 thousand and $222 thousand, respectively. The debt service transfer decreased by $68 thousand. All other transfers combined increased by $112 thousand.

Operating expenses changed by $972 thousand due in part to a $550 thousand increase in the fuel/lubricants line item. While the fuel surcharge accommodates changing fuel costs, the corresponding appropriation for lubricants has remained unchanged. This increase funds the line item properly.
Language is included in the FY/08 budget resolution for a contingency appropriation for fuel costing $1.87 per gallon and above. The current appropriation is $1.1 million and reflects funding up to $1.86 per gallon. This allows the department to appropriate funding in the fuel line item when and if it is needed in FY/08.

Other operating expense changes include $400 thousand to fund an electronic waste recycling (E-Waste) program and $80 thousand to be used for compost operations and a marketing plan.

The department’s debt service fund appropriation decreases by $68 thousand in FY/08.

The department will adopt a Zero Waste Initiative as a long term goal in order to eliminate waste and pollution in the manufacture, use, storage and recycling of materials. This will require the development of a Zero Waste Plan with significant input from stakeholders throughout the community.

SOLID WASTE MANAGEMENT

REVENUE

There is no rate increase for FY/08 and revenues are expected to increase by 6% from the FY/07 original estimated revenue level. Anticipated residential and commercial growth remains at 2% and 1%, respectively.

The FY/08 budget also increases the transfer from the General Fund to the Solid Waste Department by $500 thousand for a total of $1.3 million to fund the “War on Weeds” program.

Prior Year Accomplishments

- Began planning for a “Zero Waste Initiative” in partnership with the Mayor’s Sustainability Team for the purpose of diverting 100% of waste from the landfill by the year 2030.
- Began the Multi-Family Dwelling Recycling Program in March 2007 for all apartment communities with 25 units or more.
- Honored with the Unsung Heroes of 2007 recognition by the Albuquerque Convention and Visitor’s Bureau.
- Implemented “real-time dispatch” of citizen graffiti sightings in February 2007. Citizen calls to 311 to report graffiti are dispatched immediately for removal during regular work hours seven days a week.
- Successfully completed collection of refuse during the major snow storms in December 2006 and January 2007. The department removed debris/cinder from the streets, roads and commercial lots as part of collection service totaling over 430 tons. The department cleared the access road from Central Avenue to the landfill scale house which benefited law enforcement agencies transporting prisoners to and from the Bernalillo County Detention Center.
- Utilized Route-Smart® software (in-house) to rebalance 215 residential routes for approximately 180,000 residential containers. Commercial routes, Monday through Saturday, were restructured to make them equitable and efficient.
- Provided green waste collection to Albuquerque residents in December 2006 and May 2007, decreasing recyclable green waste being deposited into the landfill. In addition, the annual Christmas tree cycling program diverted approximately 5,750 trees from the landfill.
- Installed a video security system at the Eagle Rock Convenience Center and the Intermediate Processing Facility for security-breach analysis and facility monitoring. The Cerro Colorado Landfill, Montessa Park and Don Reservoir Convenience Centers are slated for security camera installation next year.
Installed the Symantec Ghostcasting® system on all department computers is used to manage the backup and restoration of department work stations and data.

Installed four mobile laptop units in the service representatives’ vehicles to connect to department customer information system data and network resources. This will allow field representatives to review and print customer data to better serve our customers.

Began the active Automatic Vehicle Locator (AVL) pilot program with five units for evaluation. Each unit collects comprehensive fleet management data directly from the on-board computer on each vehicle. Tracking and location data are gathered from a GPS. AVL equipped vehicles can be remotely tracked and located in real time. Thirteen additional units were purchased and installed onto the anti-graffiti vehicles. Based on the information retrieved from the active AVL units, the Solid Waste Management Department has been able to enhance available fleet and manpower resources.

Moved the department’s glass recycling program towards color separation of glass gravel in order to reach a larger market. In addition, the glass sand product has been marketed to American Clay “The Original Earth Plaster” Company. They are utilizing the glass sand as a mixture for interior and exterior plaster and building products. The goal is to create a long term market stream for the glass sand product which is a by-product of glass gravel.

Submitted an application to the New Mexico Department of Transportation to evaluate the City’s compost and mulch products. The department expects to become a supply vendor for state-wide landscaping and mulching projects. Approximately 6,102 tons of compost has been produced.

Fully implemented the Customer Information Billing System. In conjunction with the Water Authority, a new version of the bill has been produced using DOC1 bill print software which was implemented on April 1, 2007.

Employed 17,053 semi-skilled participants from Albuquerque neighborhoods. This partnership has brought both pride and responsibility for those who have participated and has resulted in more than 90,000 miles of weeds and litter cleaned in the City limits.

Reviewed and revised the department’s Standard Operating Procedures.

Participated in a pilot health and wellness program to improve the overall health of SWMD employees.

Provided a 7-day a week litter control and sweeping effort on the highway, partially funded by the NMDOT.

Received the Presidents Circle award in December of 2006 for the efforts of the Keep Albuquerque Beautiful program.

The Eagle Rock Convenience Center floor and the sidewalls were refurbished with special concrete material to repair and extend their life.
ENVIRONMENTAL PROTECTION AND ENHANCEMENT GOAL: PROTECT AND ENHANCE ALBUQUERQUE’S PLACES AND NATURAL ENVIRONMENT — IT’S MOUNTAINS, RIVER, BOSQUE, VOLCANOES, ARROYOS, CLEAN AIR AND UNDERGROUND WATER SUPPLY.

- **OBJECTIVE 3.** Implement an electronic waste recycling program and submit a status report to the Mayor and City Council by the second quarter, FY/08.

- **OBJECTIVE 4.** Design and construct the landfill gas system for cell #6 by the third quarter, FY08, and provide appropriate measures in the Performance Plan on system outputs and unit costs and revenues.

- **OBJECTIVE 5.** Initiate a full-scale compost operation and marketing plan; submit a report to the Mayor and City Council by the end of FY08, detailing green waste diversion volume and tonnage, product production, costs and revenues, marketing approaches, etc. Provide appropriate measures in the Performance Plan on compost outputs and unit costs and revenues.

- **OBJECTIVE 6.** Establish a Solid Waste Management Operations Review Section by the second quarter of FY/08 to assist the department in the reduction of risk costs and to enhance operational efficiencies; report to the Mayor and City Council by the third quarter, FY/08, on activities and results.

- **OBJECTIVE 7.** Develop a plan for the permitting, design and construction of a transfer station and release an RFP by the end of FY/08. Submit a status report to the Mayor and City Council by the end of FY/08.
The City Transit Department provides fixed route bus service throughout the Albuquerque community, and para-transit service for the mobility impaired population. The department also offers Rapid Ride in heavily traveled routes. Rapid Ride is a super-limited-stop service that utilizes powerful diesel-electric hybrid articulated buses, and sophisticated electronic packages to manipulate traffic signals, thereby allowing buses to move through traffic quickly. The department provides connection routes with the New Mexico Rail Runner throughout the city, to the airport, and to the city of Rio Rancho. Additional services such as special events park and ride services to the New Mexico State Fair and the annual luminaria tours, are also made available in an effort to offer a broad range of alternative transportation services. Through its marketing section, the department is aggressively promoting and encouraging alternative transportation to the community. These include the “Dump the Pump” campaign encouraging commuters to use public transportation, the ABQ Ride “Rock Star Shuttle” campaign, offering service to the Journal Pavilion for concerts, and the “Discover a Book on ABQ Ride” effort, which provides new or gently used books to children to read while riding the bus.

MISSION

Albuquerque Transit will provide and aggressively promote the use of a broad range of alternative transportation services for the Albuquerque metropolitan area.

BUDGET HIGHLIGHTS

Transit’s FY/08 operating budget is $46 million, a 25% increase from the FY/07 approved budget. This amount includes a general fund operating subsidy of $24.1 million in order to meet the full operational needs of the department as well as ongoing expansion plans, and $2 million in grants. Intra-year, the department added three full time operational positions and 20 part time driver positions. For FY/08 total full time positions are 589. In FY/08 the department has funding to further expand the Rapid Ride service and the para-transit services offered to disabled riders.

The department’s FY/08 budget focuses on an increase in its pivotal Rapid Ride service and accompanying increases in its para-transit service to maintain overall fleet compliance with the Americans with Disabilities Act (ADA). To meet the increasing ridership demand, the department will increase Rapid Ride service by approximately 11,000 hours along its high capacity corridors and commuter routes. This will require the addition of four full time motor coach operators and one mechanic. Nine additional para-transit drivers and one mechanic are also funded to maintain full ADA compliance.

The department has $750 thousand in Congestion Mitigation and Air Quality (CMAQ) grant funding available for FY/08 and will use these funds in conjunction with an FY/08 General Fund match of $188 thousand to expand the Rapid Ride service. The CMAQ grant and General Fund match will also fund eight fulltime motor coach operators and three fulltime mechanics.

In FY/08 the department will have three Rapid Ride Park and Ride locations in operation. Due to increases in locations and stations on the routes, and the need to provide general maintenance and cleaning of the facilities and provide for rider safety, the department is funded for two additional general service workers and two security officers at a cost of $159 thousand.
To create public awareness of the department’s activities and to provide for business advertisement, the department will contract with an outside agency to work with local, regional, and national advertisers to sell advertising space on transit vehicles, shelters and benches. Funding in the amount of $160 thousand has been added to the FY/08 budget for this contract. The advertising agency will guarantee a minimum of $160 thousand in annual revenues to be used to supplement the department’s marketing budget.

In FY/07 the Transit Debt Service Fund was created to accumulate monies for payment of principal and interest on a lease purchase agreement for bus purchases. The FY/08 budgeted amount for debt service is $2.7 million.

Revenues from passenger fares and other transit service fee revenues are expected to increase in FY/08 due to high demand for public transportation and expanded services. The Transit Department is expected to generate approximately $5.4 million in passenger fares and approximately $2.2 million in other revenues to offset operating costs.
Saw a 25% increase in average monthly boardings (135,808) over FY06 (108,375) on the existing and newly named “Red” route running the Central Avenue corridor.

Planned a new “Blue” route in FY/07 for implementation in July 2007 to provide Rapid Ride service to the west side.

Added additional routes in FY/07 to include the #157 – Montano/Uptown, connecting Cottonwood Mall with Coronado and Winrock Malls, the #222 – Rio/Bravo/Sunport route from Rio Bravo and Coors, serving the Rail Runner station at 2nd street and Rio Bravo and continuing to the airport, and the #151 – connecting Rio Rancho with the Rail Runner at the El Pueblo Station. ABQ RIDE also added the D-RIDE, which is a free downtown circulator.

Ordered 56 new “regular” fixed-ride buses with delivery expected to begin by October 2007.

Continued to increase sales of the Summer Fun Bus Pass. During FY 07, ABQ RIDE sold 2,395 Summer Fun Bus Passes, double the amount sold during the previous year.

Increased ticket sales for ABQ RIDE’s Rock Star Shuttle to Journal Pavilion concerts by 33% in FY/07 compared to FY/06.

Implemented a pass for adults to use on the late night Rapid After Dark service. The pass is an unlimited ride pass for adults on Friday and Saturday nights between 8 p.m. and 3 a.m.

Was a finalist for a City Livability Award at the U.S. Conference of Mayors for the department’s child literacy program which places children’s books on all city buses.

Improved the department’s electronic capabilities to include a video surveillance joint project between ABQ-RIDE, Albuquerque Police Department and the City’s Information Systems Division which installed six (6) surveillance cameras in high capacity areas to provide increased safety and the ability to review tapes for evidence should an incident occur in these areas.

Installed four 42” LCD screens in the dispatch area. The purpose is to provide dispatchers with Rapid Ride locations, Predictive Arrival Sign information and video from surveillance cameras.

Sold ABQ Ride Luminaria tour tickets on the Internet. This project was a great success, selling the initial 2,700 tickets in three weeks and then adding an additional 520 tickets which sold out in three days.

PUBLIC INFRASTRUCTURE GOAL: ENSURE THAT ALL EXISTING COMMUNITIES ARE ADEQUATELY AND EFFICIENTLY SERVED WITH WELL-PLANNED, COORDINATED, AND MAINTAINED SEWER, STORM, WATER AND ROAD SYSTEMS AND AN INTEGRATED MULTI-MODAL REGIONAL TRANSIT SYSTEM. ENSURE THAT NEW DEVELOPMENT IS EFFICIENTLY INTEGRATED INTO EXISTING INFRASTRUCTURES AND THAT THE COSTS ARE BALANCED WITH THE REVENUES GENERATED.

OBJECTIVE 13. Utilizing Federal funding, and existing/available revenue, award and complete the construction of a park and ride facility at 7 Bar Loop. This facility is required to serve the several routes that emanate from the various neighborhoods in the Northwest Mesa area. Report on progress to the Mayor and City Council by the end of second quarter, FY/08.

OBJECTIVE 14. Utilizing existing or available revenue or funding, award a construction contract for the development of the Central and Unser Park and Ride/Southwest Transit Center. This facility will act as a major intermodal interchange for several routes, provide private vehicle parking and secure bicycle storage. Report to the Mayor and City Council by the end of fourth quarter, FY/08.

OBJECTIVE 15. Utilizing existing or available revenue or funding, determine the feasibility of establishing a park and ride facility in the area of Coors and Montano to serve as a transfer point for routes serving Coors (N/S)
and Montano/Montgomery (E/W). Report progress to the Mayor and City Council at the end of fourth quarter, FY/08.

- **OBJECTIVE 16.** Utilizing existing or available revenue or funding, and in-house resources, develop a Park and Ride/Transit Center Strategic Plan for facilities beyond FY/08. Submit the plan to the Mayor and City Council by the end of FY/08.

- **OBJECTIVE 17.** Utilizing Congestion Mitigation and Air-Quality (CMAQ) funding, and other additional revenue, if available, extend Rapid Ride service along Central Avenue east of Wyoming or on other high capacity corridors and commuter routes. Report progress to the Mayor and City Council by the end of second quarter, FY/08.

- **OBJECTIVE 18.** Utilizing Congestion Mitigation and Air-Quality (CMAQ) funding, and other additional revenue, if available, establish at least 2 new fixed routes in both the Southwest and Northwest Mesa areas to meet increased need for service. Report to Mayor and City Council by the end of second quarter, FY/08.

- **OBJECTIVE 19.** Utilizing existing or available revenue or funding, and in-house resources, update the 2006-2011 Short Range Transit Plan (SRTP). Submit the plan by the end of FY/08 to the Mayor and City Council.

- **OBJECTIVE 20.** Utilizing existing or available revenue or funding, and in-house resources, develop a 10 year Capital Needs Assessment for all capital assets necessary for the appropriate and efficient operation of the Albuquerque Transit Department. This Needs Assessment will become the basis for requests for capital funding from all sources. Report progress to the Mayor and City Council by the fourth quarter, FY/08.

- **OBJECTIVE 21.** Utilizing existing or available revenue or funding, and in-house resources, develop a detailed, integrated service plan to provide services to both the Northwest and Southwest Mesa areas. Capital equipment necessary to implement the Westside Service Plan will be included in the Capital Needs Assessment. Report progress to the Mayor and City Council by the fourth quarter, FY/08.

- **OBJECTIVE 22.** Improve maintenance and security for all park and ride facilities. Report on activities and effectiveness in the City’s Performance Plan and provides an initial assessment to the Mayor and City Council by the end of FY/08.

- **OBJECTIVE 23.** Based on the FTA assessment and subsequent improvements, develop and implement a plan to improve the quality, availability, and efficiency of the Sun Van (Para transit) service. Report on activities and effectiveness in the City’s Performance Plan and provide an initial assessment to the Mayor and City Council by the end of FY/08.

- **OBJECTIVE 19.** Improve coordination and communication between the Planning, Transit, and Municipal Development departments for the purpose of ensuring sustainable development and redevelopment. Tie key capital and planning decisions to expected fossil fuel consumption, carbon emissions, and water consumption in order to maximize efficiency. Provide a progress report to the Mayor and City Council by the end of the second quarter of FY/08.
BONDED INDEBTEDNESS
BONDED INDEBTEDNESS

The City finances a substantial portion of its traditional municipal capital improvements with general obligation bonds. However, certain capital improvements are financed with revenue bonds. The City's Capital Implementation Program (CIP) consists of a ten-year program, with a general obligation bond election held every odd-numbered year to approve the two-year capital budget portion of the program. It was the policy of the City for more than ten years to maintain a stable tax rate of approximately 20 mills for general obligation bond debt service. Capacity to issue bonds in future years was calculated by using a tax production at 20 mills and assumed new issues would have level annual principal payments for a ten-year retirement. Beginning in 1986, successive statewide reassessments to bring locally assessed property values up to the statutory requirement of "current and correct" resulted in large increases in net taxable value and reduced substantially the debt service mill levy required to meet debt service on outstanding general obligation bonds.

In putting together both the CIP program for the next bond election and the Decade Plan, the City will continue to assume a stable mill levy (at 7.976 mills) approximately equal to annual principal payments and a maximum maturity on the bonds of ten years. It is early in the 2007 CIP cycle. A criteria resolution, which establishes the priorities of the 2007 CIP program, was introduced to the City Council in February of 2006. This is the beginning of preparations for the bond election that will take place in October of 2007.

Utility and enterprise projects are funded directly out of revenues or with revenue bonds supported by net revenues. To the extent that net revenues of the enterprise projects produce minimal coverage or fall short in the start up years for discrete projects, Gross Receipts Taxes have been pledged as additional security. Gross Receipts Taxes have been used to secure parking structure revenue bonds, airport revenue bonds and lodgers' tax bonds to finance the construction of the convention center and a municipal office building, and to acquire another office building.

The total outstanding general obligation indebtedness of the City as of July 1, 2007 is $164.5 million shown in the table on the next page. The City does not have any short-term tax revenue anticipation notes outstanding. The amount of general-purpose general obligation debt of the City is limited to 4% of assessed valuation. As of January 1, 2007, the 4% statutory limit is $394.3 million versus outstanding general-purpose debt of $156.1 million, leaving $238.2 million available for future issues. In the regular municipal election held on October 4, 2005, the voters approved the issuance of $113 million in general purpose general obligation bonds and $8.1 million of storm sewer system general obligation bonds. The City issued bonds in the amount of $37 million on June 30, 2006 and is anticipating issuing the remaining authorization of $84.1 on August 6, 2007.

The Albuquerque Metropolitan Arroyo Flood Control Authority (AMAFCA) is a special purpose district that overlaps Albuquerque. The amount of debt it can issue is limited by state statute. AMAFCA is authorized $40 million of which $22.3 million is issued and outstanding as of December 31, 2006, with $20.3 million payable from taxable property within the City.

The Albuquerque Bernalillo County Water Utility Authority (ABWUA) was created in 2003, by the New Mexico Legislature adopted Laws 2003, Chapter 437 (Section 72-1-10, NMSA 1978). The legislation also provides that the debts of the City payable from net revenues of the Water/Sewer System shall be debts of the Authority and that the Authority shall not impair the rights of holders of outstanding debts of the Water/Sewer System. This debt is no longer part of the City’s debt obligation and is not included in the following table.

FINANCIAL CONSOLIDATIONS
The City of Albuquerque's operating budget appropriates monies in 40 funds divided into five types. In addition, estimated information on grant funds is provided although not appropriated. Appropriation bills for grants are introduced to Council as grants arise.

Individual funds are established for specific purposes and operate as separate entities. However, there are large numbers of financial transactions between these funds. Some transactions are arms length, such as the payment in lieu of taxes (PILOT) and indirect overhead, which the enterprise funds pay to the General Fund. Enterprises are expected to function like a private business requiring payment of taxes. In addition, central services such as purchasing, payroll, accounting, and computer access are provided by the General Fund to all other funds in the City. These costs are charged to the enterprise through indirect overhead.

City policy requires that all positions be funded in an operating fund. Thus, employees hired to do construction projects financed by General Obligation Bonds are funded in the General Fund and the capital program remits payment to the General Fund.

Transfers between funds occur for a wide variety of reasons. Funding is transferred from the appropriate operating fund to the corresponding debt service fund. A city match for grant funds is transferred from the General Fund. Transfers are recorded to cover subsidies for those funds that require a subsidy from the General Fund to continue operations such as Transit, Parking and Open Space. Some funds are set up to record financial transactions that are shared between two separate government bodies. This requires a transfer to appropriate the money in the General Fund as well as in the resident fund.

Total dollars involved in such transactions are quite large. Because they are appropriated in more than one fund, they are counted twice inflating the total expenses of the City. Just as the expenses are counted twice, so also are revenues, since the funds receiving the transfers treat such transfers as revenue. This overstates the City's total appropriations and revenues.

There are three types of tables, (1) combined revenues by fund group, (2) combined appropriations by fund group, and (3) consolidated revenues, appropriations and fund balances.

The consolidations in the following pages prevent the distortion by eliminating interfund transactions. The first two sets of tables deal with the City’s total budget. The first column is the combined City total for all funds and fund groups after all eliminations. The second column shows the total amount that has been eliminated. The third column is the total as appropriated prior to eliminations.

The third table covers the different fund groups. There are six fund groups in this budget. The General Fund accounts for general government functions and is supported primarily by taxes. The two special fund tables have specific revenue sources and limitations on their use. Many of these are grants from other governmental agencies. The City budget separates them based on whether it is possible to appropriate them in this document or if they must be appropriated at a later time due to timing issues with the grantor. Debt Service funds provide for the reservation of monies for the payment of interest and principal on outstanding debt obligations. Enterprise funds account for services provided and paid for by rates and user fees. Internal service funds service the City and other governmental agencies and receive all revenue from those agencies.

Individual fund tables that support these financial consolidations are located in the budget highlights by fund section in this document.
## COMBINED REVENUES BY FUND GROUP AND SOURCE - APPROVED BUDGET FY/08

(a) Transfers between funds have been eliminated from Estimated Revenues and Appropriations.
(b) These funds are appropriated by separate resolutions.
APPENDIX
FISCAL YEAR 2008
BUDGET CALENDAR OF EVENTS

Jan 5  Budget Call--message and instructions to departments
Jan 5  FIVE YEAR FORECAST Introduced to Council

Dec – Mar 3  Departmental preparation of FY/08 budget request. Meetings between Budget staff and
department staff to answer questions on instructions and procedures
   Departments prepare detail information forms and supporting schedules, and submit one
   copy to Budget Office
   Enterprise funds (except Transit) and Air Quality Fund by Jan 19
   General Fund and all other funds by Jan 26
   Departmental entries to Budpro must cease after budgets are submitted

Feb 5 – Feb 9  Enterprise CAO Budget Hearings

Feb 13-23  General Fund and Other Fund CAO Budget Hearings

Feb - Mar  Preparation of Proposed General Fund Budget Document

Apr 1  Proposed General Fund and Enterprise Budget Document Submitted to Council

Apr - May  City Council Committee of the Whole considers General Fund/Other Funds Budget
Proposal
ANALYSIS METHODOLOGY FOR COMPUTING LINE ITEM ADJUSTMENTS

Numerical Rounding
Budgets were developed using whole numbers. When program strategies were summarized, each was rounded down to the nearest one thousand. Rounding makes for ease of reading when reviewing the document.

Salaries
- The wage and salary base was established for each filled or authorized-to-be-filled position.
- This base is increased for all wage adjustments for FY/08 to occur prior to July 1, 2007 so as to incorporate current contractual increases.
- Employee benefits are calculated on wage and salary costs at the following rates: FICA – 7.65% regular, 1.45% for police and fire hired after April 1, 1986; PERA – 19.01% for bus drivers, security and animal control officers, blue and white collar and management/professional, 33.4% for fire, 30.73% for police, and 7.00% for temporary employees and some seasonal employees. Other employee benefits (group life, health insurance, unemployment compensation insurance and employee bus passes) – 14.87%; retiree health insurance is 1.3% for all employees.
- A vacancy savings rate of 3.5% for city departments is calculated into employee salaries with the exception of the public safety departments of Fire and Police. These departments remain at 1.0%. Smaller city departments also remain at a reduced rate.

Operating Expenses
Department managers were required to provide detailed information supporting FY/08 budget requests for professional services, contract services and repairs and maintenance. Other FY/08 operating expenses were equal to FY/07 appropriated amounts. One-time appropriations for FY/07 were deleted.
- Inflationary adjustments were not granted as automatic across-the-board adjustments.
- For FY/08, utilities (gas, electricity, water) are budgeted based on historical expenditures and anticipated needs.
- Beyond those stated above, line item increases needing special justifications include either extraordinary price increases, increased workload, or a special need not previously funded.

Capital Expenditures
New and replacement property items are included in the appropriate program appropriations within each of the funds.

Transfers
- Workers’ Compensation and insurance transfers are treated as direct transfers to the Risk Management Fund in each program for FY/08. These transfers are identified by the Finance and Administrative Services Department, risk management division based on the historical experience and exposure factors relative to each specific program. Year five of the five–year plan to address an $11.57 million deficit was completed in FY/07 and is no longer included as a cost of risk.
- Vehicle maintenance charges are estimated for FY/08 according to the class of vehicle and historical cost of maintaining that class. These charges are designed to recover the costs of normal maintenance including a preventive maintenance program which schedules vehicles for periodic checks and needed repairs as determined by those checks.
- Radio maintenance costs are based on historical average prices during an 18-month period ending December 2006.
- Fuel costs are estimated using YTD FY/07 and trending through FY/08. Estimated gallon usage for FY/08 is 2.4 million. The associated cost for fuel is $6.6 million, which is an increase of $582 thousand over FY/07. The average cost per gallon is $2.80.
REVENUE FORECASTING METHODOLOGIES

Revenue estimates are prepared using methodology appropriate for the sources of revenue. The methodologies range from simple trend analysis to more complicated regression models linking revenues with economic and demographic factors. In general, the revenues can be broken into five main categories.

- **Tax Revenues** - Sources include Gross Receipts Tax (GRT), property tax, franchise fees and payments in lieu of taxes (PILOT).
- **Charges for Services** - Services provided by the City generate this source of General Fund revenue. These include but are not limited to entrance fees to city venues, street repair and inspection related to construction and right of way use, police services etc. For other and enterprise funds, this includes fees charged for golf, refuse disposal, transit, aviation and parking.
- **Permits and Licenses** - Revenue is primarily generated through the construction industry for building and construction permits. Other permit and license revenue include animal licenses, business registrations, restaurant and food processing inspection permits etc.
- **Sources Internal to the City** - Revenue is generated through indirect overhead, funding of employees to manage capital projects, and interdepartment/intradepartment transfers.
- **Other Miscellaneous Charges** – Interest earnings is the main source for this category.

Discussion is presented by fund, but discussions of similar revenue sources are applicable to all funds.

**General Fund**

The city economist prepares General Fund revenue estimates using various models and inputs from the department staff familiar with a particular revenue source. The forecast is presented to and reviewed by the Forecast Advisory Committee as provided in City ordinance. The Forecast Advisory Committee is made up of city staff, and an outside expert in revenue estimation and tax policy.

The estimates for GRT revenue stream in Fiscal Year 2008 are estimated to be 72% of the general fund budget and estimates are detailed and monitored regularly. The gross receipts tax base is forecast using multiple regression analysis that utilizes estimates of future economic activity locally and nationally as provided and described in the section titled Economic Outlook. Known tax rates are then applied to this estimated base to get an estimate of the expected tax revenue. The Transportation Infrastructure Tax is a GRT tax and forecasts are based on this methodology.

Property taxes are estimated based on trend analysis of the tax base. The county assessor provides information on the tax base and its structure. The tax base forecast uses historical growth rates, known expansions in the building activity and limitations in the growth of the existing tax base as set in state law. The forecast tax revenue is then based on the current tax rates and expected collection rate by the county for the tax.

Franchise fees are imposed on utilities providing electricity, natural gas, communications (telephone and cable TV), and water. The tax base is the gross revenue of the utility. Forecasts are based on the historic growth in these revenues with adjustments based on known changes in rates and expected changes that will impact consumption or increase revenues. Seasonality and weather are issues that are important for natural gas, water and electricity. Average weather is generally assumed. As many of these companies are regulated, information on forecasted revenues may be readily available from the company. Examples of specifics that have changed recent forecasts are the large increases in natural gas prices and continued expansion of cell phones that has eroded the tax base for the telephone utilities.

Permit and license revenues are estimated by the departments and reviewed by the city economist. The largest source of permit revenue is associated with construction and these estimates are tied to forecasts of construction activity, provided by the Bureau of Business and Economic Research at the University of New Mexico and input from city and outside experts in the construction industry.

Forecasts of charges for service are usually based on trend analysis, any changes in the charges or rates for entry into city facilities or for provision of services. The departments that supply these services provide expert knowledge in preparation of revenue estimates for their facilities.
Internal revenues are based on budget estimates of expenses for other funds and estimates of inflation from the national economic forecast for out years.

The largest source of miscellaneous revenue is interest earnings on investment. Forecasts of interest earnings are based on expected interest rates, from the national economic forecasts and the size of interest earning balances.

Other Funds

Enterprise Revenues

Enterprise revenues are prepared by the departments based on trend analysis of growth and the rate structure that is in place and any proposed changes in rates or changes in services. These revenue estimates are reviewed by the city economist and the budget analyst from the Office of Management and Budget.

Lodger’s Tax and Hospitality Fee

Estimates of these taxes are based on trend analysis. As these revenues are quite volatile and there are no prospective measures of tourism and business travel for Albuquerque, the forecasts are always quite conservative.

### Gasoline Taxes
- **2 Cent Gasoline Tax**
  - Imposed in one cent increments
  - Positive Referendum Required
  - Maximum: $0.02
  - Currently: $0.00
  - USE Limitations: Restricted by statute to roads and transit
  - FY08 FULL-YEAR IMPACT: $0.00

### Property Taxes
- **Operating Levy**
  - Vote of governing body (DFA-LGD informed by Sept. 1); blended residential and non-residential rate includes P&I
  - Maximum: 7.65 mills
  - Currently: 3.18 mills
  - USE Limitations: Any lawful purpose. Limited constitutionally to 20 mills total (all jurisdictions). Yield Controlled. Judgments in excess of $100K may be placed on tax rolls.
  - FY08 FULL-YEAR IMPACT: $30.78
- **Debt Service**
  - Positive referendum by G.O bond election every two years; includes P&I
  - Maximum: 7.976
  - Currently: 7.976
  - USE Limitations: Pay debt service. Not Yield Controlled. Debt limited to 4% of assessed valuation, except where debt has been issued for water and sewer purposes
  - FY08 FULL-YEAR IMPACT: $78.39
TAX AUTHORITY AUTHORIZED AND UNIMPOSED FY/08

LOCAL OPTION GROSS RECEIPTS TAX
The Municipal GRT authority is 1.5 cents and the tax may be imposed in 1/4 or 1/8 cent increments by positive referendum or by the governing body subject to a negative referendum. The City uses 1/2 cent to fund general government, while another 1/4 cent is dedicated to Basic Services. A 1/4 cent transportation tax was passed by the voters on a mail in ballot on March 31, 1999. This tax is in effect for ten years beginning January 1, 2000. A 1/4 cent public safety tax was passed by the voters October 28, 2003. A 1/8 cent reduction in the tax was made effective January 1, 2007. This leaves the City with 3/8 cent available. Additional revenues will not include the food and medical distribution.

Revenue available $52,710,000

The City has imposed a 1/16 cent Municipal Infrastructure Gross Receipts Tax and has a second 1/16 cent in unused authority. The tax may be used for any lawful purpose and is not subject to referendum. The 1998 legislature allows this second 1/16 cent to be used for economic development, but is subject to positive referendum. Authority for an additional 1/16 cent (two 1/16 cent) Municipal Infrastructure Gross Receipts Tax was added in the 1998 Legislative session. This tax may be used for economic development, regional transit systems and infrastructure investments as designated by statute. Imposition of this tax is subject to positive referendum. A 3% administrative fee is currently assessed on municipal option gross receipts taxes above the first half-cent tax.

Revenue available $17,570,000

Albuquerque has authority for a 1/16 cent Environmental Gross Receipts Tax but has not exercised that authority. Purposes are limited to those defined by statute.

Revenue available $8,785,000

PROPERTY TAX
The City has authority to impose an Operational Levy of up to 7.65 mills. The City has imposed a mill levy of 3.54, but due to yield control the FY/08 imposed average levy for residential and non-residential is 3.17 mills. The governing body may increase the imposed levy up to the statutory maximum, but the actual tax rates are set by the Local Government Division of the New Mexico Department of Finance and Management and are subject to statutory yield control provisions.

Revenue available $39,899,000

The Debt Service Levy is imposed to meet debt service on General Obligation bond issues approved by the voters. There is a constitutional limit that outstanding General Obligation debt may be no more than 4% of assessed valuation, except where the debt has been issued for water and sewer purposes. There is statutory authority to impose a judgment levy and put judgments over $100,000 on the tax rolls. This levy was reduced from 8.976 to 7.976 in the FY/04 Budget, shifting 1 mill to operations.

GASOLINE TAX
The City may impose up to two cents in one-cent increments. Purposes are restricted by statute, and the tax must be approved by the voters.

Revenue available $4,700,000

FRANCHISE FEES
The City has statutory authority to negotiate franchise fees for use of City right-of-way by utilities. Current fees are 2% of specified electric revenues, 5% for Cable TV and 3% for local exchange telecommunications franchises. The franchise fee with the Albuquerque/Bernalillo Water Utility Authority is 4%.

LODGER'S TAX
Within the City limits, hotels and other lodging facilities pay the statutory maximum of a 5% tax on room rentals. By State law, 50% of the proceeds must be spent on promotion; the other 50% is pledged for debt service.

HOSPITALITY FEE
In addition to the lodger’s tax, a hospitality fee of 1% is collected by the City. By State law, 50% of the proceeds must be spent on promotion; the other 50% is pledged for debt service/capital. The fee has a sunset date July 1, 2013.

TOTAL UNUSED TAX AUTHORITY AVAILABLE $123,664,000

GLOSSARY OF TERMS

ACCRUED EXPENSES: Expenses incurred but not due until a later date

ADJUSTMENTS FOR POLICY DIRECTION CHANGES: Proposed adjustment to the maintenance-of-effort budget both positive and negative which are considered major policy issues

ANNUALIZED COSTS: Costs to provide full year funding for services initiated and partially funded in the prior year

APPROPRIATION: Legal authorization granted by City Council to make expenditures and to incur obligations for specific purposes within specified time and amount limits

APPROPRIATIONS RESOLUTION: Legal means to enact an appropriation request, e.g., annual operating budget

AUDIT: Official examination of financial transactions and records to determine results of operations and establish the City's financial condition

BASE BUDGET: Portion of an annual budget providing for financing of existing personnel, replacement of existing equipment, and other continuing expenses without regard for price changes

BONDED INDEBTEDNESS/BONDED DEBT: That portion of indebtedness represented by outstanding general obligation or revenue bonds

CAPITAL BUDGET: Plan of proposed capital outlays and the means of financing them

CHARETTE: A collaborative session in which a group drafts a solution to a design problem

COMMUNITY POLICING: A pro-active partnership between the Albuquerque Police Department, the citizens of Albuquerque, other agencies within the City of Albuquerque and other levels of State Government, Federal Government and the private sector. This partnership seeks to expose the root causes of crime and disorder and to eradicate such conditions through the aggressive enforcement of laws, ordinances, city policies and through positive community collaboration

DEBT SERVICE FUND: Fund for the accumulation of resources to pay principal, interest, and fiscal agent fees on long-term debt

DESIRE COMMUNITY CONDITION: A condition that describes in detail what future achievement of a particular Five-Year-Goal would look like

EMPATH: The City's payroll and human resource software program

ENCUMBRANCES: Commitments of appropriated monies for goods and services to be delivered in the future

ENTERPRISE FUND: Fund established to account for services financed and operated similar to private businesses and with costs recovered entirely through user charges

FINANCIAL PLAN: See Operating Budget.

FISCAL YEAR: In Albuquerque, a period from July 1 to June 30 where the financial plan (budget) begins the period and an audit ends the period

FUND: Fiscal and accounting entity with self-balancing set of books to accommodate all assets and liabilities while conforming to designated parameters

FUND BALANCE: The difference between assets and liabilities. Total assets include cash, accounts receivable and inventory less total liabilities which include accounts payable and deferred revenue equals Fund Balance. Fund balance includes beginning fund balance, revenues, expenses, fund additions and fund deductions. Fund balances less required reserves are generally available for appropriation. Fund balance available for appropriation is treated as a nonrecurring resource.

GENERAL FUND: Fund which accounts for resources traditionally associated with governments which are not required to be accounted for in another fund

GENERAL OBLIGATION BONDS: Bonds with payment pledged on full faith and credit of issuing government

GOALS: General ends toward which the City directs its efforts in terms of meeting desired community conditions. The Mayor and City Council with input from the community, establish Five-Year Goals for the City

IMPACT FEES: Assessed by the city to compensate for additional costs associated with the type and location of new development
GLOSSARY OF TERMS

**INDIRECT OVERHEAD**: Cost of central services allocated back to a department through a cost allocation plan.

**INTERFUND TRANSFER**: Legally authorized transfers from one fund to another fund.

**INTERGOVERNMENTAL REVENUES**: Revenues from other governments in the form of grants, entitlements, shared revenues, etc.

**MAINTENANCE OF EFFORT**: Base budget plus allowances for cost-of-living wage adjustments and inflationary price increases.

**NON-RECURRING EXPENDITURE**: Expenditure occurring only once, or within a limited time frame.

**NON-RECURRING REVENUES**: Revenues generated only once.

**OBJECTIVES**: Specific steps taken to achieve Goals in specific and measurable terms; the results a program is expected to achieve: proposed by the Mayor and adopted by City Council annually via resolution.

**OPERATING**: Term that applies to all outlays other than capital outlays.

**OPERATING BUDGET**: Financial plan for future operations based on estimated revenues and expenditures for a specific period.

**OPERATING REVENUES**: Proprietary (enterprise service) fund revenues directly related to the fund’s primary service activities and derived from user charges for services.

**PAYMENT IN LIEU OF TAXES (PILOT)**: Equivalent of private sector's property and other taxes paid to General Fund by enterprise funds.

**PERFORMANCE PLAN**: Part of the annual budget that aligns city services (via Program Strategies) to Goals, reports on major services, delivered impacts on Goals and provides performance measurement.

**PROGRAM STRATEGY**: The unit of appropriations and expenditure that ties related service activities together to address a desired community condition(s) that pertains to one of the City’s Five-Year Goals.

**PUBLIC SAFETY QUARTER CENT TAX**: A gross receipts tax passed by the voters in October of 2003 with revenue dedicated to the Police (34%), Fire (34%), a central processing facility (6%) and Family & Community Services (26%) for crime prevention and intervention. With the transition of operations of the Metropolitan Detention Center (MDC) to the County, funds identified for a central processing facility are utilized for transpiration of prisoners to the MDC.

**RECURRING EXPENDITURES**: Expenditures generally arising from the continued operations of city government in a manner and at a level of service that prevailed in the last budget, or new and/or increased services expected to be provided throughout the foreseeable future.

**RECURRING REVENUES**: Revenues generated each and every year.

**RESERVE**: Portion of fund balance earmarked to indicate its unavailability or to indicate portion of fund equity as legally segregated for a specific future use.

**RETAINED EARNINGS**: Revenue and reversions in excess of expense that fall to fund balance or working capital balance at the end of a fiscal year.

**REVENUES**: Amounts received from taxes and other sources during the fiscal year.

**SERVICE ACTIVITY**: A set of related functions that are managed below the Program Strategy level and are the smallest unit of budgetary accountability and control.

**UNALLOCATED / UNRESERVED / UNRESTRICTED FUND BALANCE**: Fund equity of governmental funds and trust funds not set aside for any specific purpose.

**WORKING CAPITAL**: The excess of current assets over current liabilities at any time.

REDUCTIONS

JBS-HOUSING BALANCE

1. There shall be lower or reduced impact fees for service areas:
   "SW MESA," "W MESA" and "NW MESA".

2. Adjustment, For every new building housing the following uses, the Roadway Facilities Impact Fee will be reduced as follows:
   Industrial or Manufacturing: .................... 70% reduction
   Institutional: .................................. 60% reduction
   Office: ......................................... 50% reduction
   Lodging, Retail, or Quality Restaurant: 30% reduction
   METROPOLITAN REDEVELOPMENT AREAS

No impact fees shall be charged for non-residential development within Metropolitan Redevelopment Areas that conforms to the MRA Plan. Impact fees for all owner-occupied housing affordable to households in these areas shall be waived.

IMPACT FEE WAIVERS FOR ECONOMIC BASED DEVELOPMENT PROJECTS

Impact fees may be waived for development that is subject to Industrial Revenue Bonds, Metropolitan Redevelopment Bonds or the Local Economic Development Act (Section 50-9-1-1 et seq., NMMSA 1978) and that has a positive economic impact on the City. AFFORDABLE HOUSING

Impact fees for all owner-occupied housing within Planned Village Development Zones and Infill Development Zones shall be completely waived.

CAPITAL IMPROVEMENT: Any of the following facilities that have a life expectancy of ten or more years and are owned and operated by or on behalf of a municipality or county.

- Drainage Facilities
- Park, Recreation, Trails and Open Space Facilities
- Public Safety Facilities
- Roadway Facilities

IMPACT FEE: A one time charge imposed on new development to help fund the costs of capital improvements that are necessitated by and attributable to the new development.

-Money must be spent in the service area in which it is collected.

-Impact fees are restricted to capital investments.

SERVICE AREA: The area within the corporate boundaries or extraterritorial jurisdiction of a municipality or the boundaries of a county to be served by the capital improvements or facility expansions specified in the capital improvements plan designated on the basis of sound planning and engineering standards.

(The information above is drawn from the New Mexico Development Fees Act)
RESOLUTION

APPROVING THE PROGRAMMING OF FUNDS AND PROJECTS FOR THE 2005-2014 COMPONENT CAPITAL IMPROVEMENTS PLANS (CCIPs)

WHEREAS CCIPs are a component of the local infrastructure capital improvements program (CIP) and list the growth-supporting projects that will be supported by impact fees; and

WHEREAS CCIPs for public safety facilities, roadway facilities, drainage facilities and park, recreation, trail and open space facilities are adopted in §§14-19-1-8(B), 14-19-2-8(B), 14-19-3-8(B) and 14-19-4-8(B); and

WHEREAS the adopted CCIPs vary in the time period covered and reference funds from sources other than impact fees; and

WHEREAS it is important that the CCIPs be consistent in the time periods covered and that impact fee revenues are the only funding source they reference.

BE IT RESOLVED BY THE COUNCIL, THE GOVERNING BODY OF THE CITY OF ALBUQUERQUE:

Section 1. The ten year program, FY 2005 through FY 2014, for the CCIPs, as included in the City of Albuquerque’s 2005-2014 Decade Plan for Capital Improvements, is approved. The CCIPs are attached as Exhibit

Source: Bernalillo County Abstract of Property Reported For Taxation
Note: Bernalillo County assesses property at 33 and 1/3% of assessed valuation in accordance with Sections 7-37-7 and 7-37-7.1 NMSA 1978. Estimated actual value is calculated by dividing assessed value by those percentages. Tax rates are per $1,000 of assessed value.

(1) Weighted average of residential rate and non-residential (commercial) rate based on percentage of each type to total assessed value.
(2) Residential exemptions are Head of Household ($2,000) and Veteran ($4,000) and low income/age (65 years old with less than $18,500 in income).
(3) Non-residential exemptions are granted for agriculture property and for Industrial and Municipal Revenue Bonds.

Source: Bernalillo County Treasurer's Reports for the Year ended June 30 and Bernalillo County 2006 Property Tax Schedule.

(1) Percentage of Levy collected to date is based on the revised taxes levied for each fiscal year based on adjustments made to the property tax rolls by the Bernalillo County Assessor's Office.

(2) In fiscal year 2000, Bernalillo County implemented a new property tax assessment and collection software system. Current total collections to date information is not available by tax year for fiscal years 1997, 1998, and 1999.

</table>

(1) Twenty-nine Capital Implementation Program FTEs, 62 Buildings FTEs, and 20 City/County Building FTEs were transferred to the Municipal Development Category.

(2) Effective February 1, 2004 management of the Convention Center was awarded to an individual firm and the oversight of the management contract was transferred to the Department of Finance and Administrative Services.

(3) The New Mexico Legislature adopted legislation creating the Albuquerque Bernalillo County Water Utility Authority (ABWUA). In FY 2005 the City transferred all functions, appropriations, money, records, equipment, property, and personnel to the ABWUA.

(4) Twenty-nine FTEs were added for the new City 311 call center and 54 Fleet management FTEs were transferred from Public Works to DFAS.

(5) The Department of Municipal Development was created by the passage of R-03-304 to assure that capital projects would be completed efficiently and in a timely manner.

(6) The remaining functions of the Public Works Department was transferred to the Municipal Development Department. Public Works is no longer a City Department.

APPROPRIATIONS LEGISLATION
RESOLUTION

ESTABLISHING ONE-YEAR OBJECTIVES FOR THE CITY OF ALBUQUERQUE
IN FISCAL YEAR 2008; TO MEET FIVE-YEAR GOALS.

WHEREAS, Section 4-10(b) of the City Charter specifies that the Council
shall annually review and adopt one-year objectives related to the five year
goals for the City, which goals and objectives are to serve as a basis for
budget formulation and other policies and legislation; and

WHEREAS, on August 1, 1994 the Council adopted what became
Ordinance Enactment 35-1994 revising the goals and objectives process, and
on August 19, 1994 the Mayor approved it; and

WHEREAS, on October 20, 1997 the Council amended Enactment 35-1994,
revising the goals and objectives process (Enactment Number 39-1997), and
on November 10, 1997, the Mayor approved it; and

WHEREAS, on April 25, 2001 the Council repealed Chapter 14, Article 13,
Part 3 and amended Chapter 2, Article 11 of ROA 1994, adapting the process
for the establishment of Five Year Goals and Annual Objectives, as part of the
annual budget process; and

WHEREAS, the Mayor and Council adopted five-year goals for the City (R-
06-137; Enactment Number 122-2006), and are prepared to adopt one-year
objectives for the City for Fiscal Year 2008 (FY/08).

BE IT RESOLVED BY THE COUNCIL, THE GOVERNING BODY OF THE CITY OF
ALBUQUERQUE:

Section 1. That the City of Albuquerque adopts the following one-year
objectives for FY/08, grouped under the eight five-year goals of the City.

HUMAN AND FAMILY DEVELOPMENT GOAL: People of all ages have the
opportunity to participate in the community and economy and are well
sheltered, safe, healthy, and educated.

OBJECTIVE 1. Increase the number of early childhood literacy
participants by 50% from an estimated 300 in FY/07 to 450 in FY/08 to give
children a head start on a life of learning, enhance children's development and
increase pre-reading skills. Report results annually in the City's Performance
Plan (CSD/Library).

OBJECTIVE 2. Increase the number of teens in the Summer Reading
Program by 5% from 2,514 to 2,640 by targeting outreach programs
specifically to that age group to increase economic opportunities for our
youth and to encourage a literate and well educated community. Report
results annually in the City's Performance Plan (CSD/Library).

OBJECTIVE 3. Increase circulation, turnstile count and computer
usage 15% by adding 64 per week library system hours by the end of FY/08 to
low hour branches and branches located on major thoroughfares. Report
results in the Performance Plan. Provide a status report to the Mayor and City
Council by the third quarter of FY/08 (CSD/Library).

OBJECTIVE 4. Continue to implement risk-based consumer health
protection inspection strategy and report on inspections and food-borne
illness in the Performance Plan. (EHD/Consumer Health)

OBJECTIVE 5. Utilizing existing or available grants, funding and
resources, select the developer for Phase II Trumbull Development by end of
first quarter FY/08 and submit site plan to DRB by end of second quarter
FY/08. Begin construction by the end of FY/08. Report on progress of Phase II
Development to the Mayor and City Council by end of FY/08. (FCS/Community
Development and Plan and Coordinate)

OBJECTIVE 6. Utilizing existing or available start-up funding and
resources, contract with an operator for the Albuquerque Teen Arts and
Entertainment Center, begin programmatic planning and planning for
renovation of the Ice House building, and seek a broad group of partners from
the arts and youth-services community by the end of the second quarter of
FY/08. Utilizing CIP funding that is scheduled to come on line in the third
quarter of FY/08, complete design and begin renovation of the Ice House
building by the end of the third quarter of FY/08. Using outside funding
sources, hold an event in the renovated facility by the end of FY/08. Report to
the Mayor and City Council at the end of the second, third, and fourth quarters
of FY/08. (FCS)

OBJECTIVE 7. Work with the property manager, Treasury Division of
DFAS, and Bond Counsel to examine all options available including the sale of
the properties or restructuring of the debt on the 2000 Series Multi-Family
Revenue Bonds which were sold to purchase the affordable housing/mixed
income apartment complexes now managed on contract by Monarch
Properties. Provide the analysis of these options to the Mayor and City
Council by the end of the second quarter of FY/08. (FCS/Plan and Coordinate)

OBJECTIVE 8. Complete land acquisition and identify funding for
Phase I (Centralized Kitchen) of the Centralized Kitchen and Social Services
facility. Submit a report/plan by the end of FY/08 to the Mayor and the City
Council. (Senior Affairs/Senior Social Services)

OBJECTIVE 9. Building on the results of the client surveys and
needs assessments, develop an outreach and recruitment program to educate
and inform seniors not using DSA services of the benefits of utilizing and
participating in Senior Affairs services by year-end, FY/08. Submit a
report/plan by the end of FY/08 to the Mayor and the City Council. (Senior
Affairs/Senior Well Being)

OBJECTIVE 10. Develop a strategic plan to address the renovation
and/or modernization and operation of the City's aging swimming pools to
effectively meet customer needs and environmental health and building code
standards, correct facility deficiencies, and manage risks. Identify future
operating/capital costs and anticipated revenue streams (including fee
schedule). Submit the plan to the Mayor and City Council by the end of the
fourth quarter FY/08. (Parks and Recreation Department, Provide Quality
Recreation)

OBJECTIVE 11. Identify a suitable location, move, and begin
operating the City's Indoor Mondo Track at an alternate location by the end of
the second quarter FY/08 using existing resources. If a suitable site cannot be
identified, suspend use of the track. Begin reporting pertinent performance
measures of track utilization in the FY/09 Performance Plan. Submit a status report to the Mayor and City Council by the end of the second quarter FY/08. (Parks and Recreation Department, Provide Quality Recreation)

OBJECTIVE 12. Identify opportunities to develop larger regional sports facilities that will accommodate both the growing demand for local youth activities and larger national amateur competitions by the end of the fourth quarter FY/08. Include the sports to be added, potential markets, the availability of partners, options for operating models, capital and operating costs, and potential funding sources and revenue streams. Submit the report to the Mayor and City Council by the end of the fourth quarter, FY/08. (Parks and Recreation Department, Provide Quality Recreation)

OBJECTIVE 13. Using existing resources, improve and expand facilities at the Balloon Fiesta Park by the end of FY/08 for recreation to include soccer, sand volleyball, cricket, bicycle racing, disc golf, other suitable sports, and group reservations. Identify costs and how they will be absorbed into existing department budgets. Submit a status report to the Mayor and City Council by the end of the fourth quarter, FY/08. (Parks and Recreation Department, Provide Quality Recreation)

OBJECTIVE 14. Provide monitoring by the end of the second quarter FY/08 for security systems at 12 swimming pools, the 6th and Aspen and Los Altos Park Management Satellites, the Balloon Fiesta Park Golf Training Center and Maintenance Shop, the Veterans Memorial Visitor Center, the Open Space Visitor Center, and the Sierra Vista Tennis Complex. Submit a status report to the Mayor and City Council by the end of the second quarter, FY/08. (Parks and Recreation Department, Provide Quality Recreation)

OBJECTIVE 15. Using funds available from the State and the FY/07 General Obligation Bond election, renovate and enhance the Shooting Range Park by the end of FY/08 to accommodate the NRA Police National Shooting Championships and the US Open National Skeet Shooting Championships, and to provide improved amenities for local patrons. Submit a report to the Mayor and City Council by the end of FY/08. (DMD)

OBJECTIVE 16. Develop a Golf Course Equipment Replacement Schedule, based on equipment life expectancy, by the end of the first quarter
FY/08 to ensure up-to-date equipment is available for the efficient maintenance of City golf courses. Begin reporting the average age of equipment in the City's FY/09 Performance Plan. Submit a status report to the Mayor and the City Council by the end of the third quarter, FY/08. (Parks and Recreation Department, Affordable and Quality Golf)

OBJECTIVE 17. Create an Adopt-A-Hole Volunteer Program at each City golf course by the end of the first quarter FY/08. Work with the Golf Associations at each course to coordinate volunteers to assist with planting flowers, trimming trees, cleaning the course, hand watering, painting, etc. Begin reporting pertinent performance measures, including volunteer hours and incentives/reimbursements provided, in the City's FY/09 Performance Plan. Submit a status report to the Mayor and City Council by the end of the third quarter, FY/08. (Parks and Recreation Department, Affordable and Quality Golf)

OBJECTIVE 18. Prepare a study to analyze costs and benefits associated with a patient exchange program with other communities for the treatment of drug and alcohol addiction. Submit a report to the Mayor and City Council by the end of the second quarter of FY/08. (FCSD/ Substance Abuse Treatment and Prevention)

OBJECTIVE 19. Implement the recommendations of the City of Albuquerque Housing Task Force’s report of May 2006. The report includes eleven recommendations to improve the existing housing rehabilitation program and five recommendations to change program delivery strategies. Particular emphasis should be placed on the recommendations related to the focus, management, and productivity of the Housing Rehabilitation Program. Provide a progress report to the Mayor and City Council by the end of the second quarter of FY/08. (Family and Community Services)

OBJECTIVE 20. Complete design and bidding on the Thomas Bell Community Center gymnasium by the end of the second quarter of FY/08 and begin construction in the third quarter of FY/08. Provide a progress report to the Mayor and City Council by the end of the second quarter of FY/08. (Family and Community Services/DMD)

OBJECTIVE 21. Initiate construction of affordable housing units in
Barelas on vacant lots purchased by the Barelas Community Development
Corporation. Provide a progress report to the Mayor and City Council by the
end of the second quarter of FY/08. (Family and Community Services)

PUBLIC SAFETY GOAL: Citizens are safe, feel safe and secure, and have trust
and shared responsibility for maintaining a safe environment.

OBJECTIVE 1. Utilizing existing funding, and in accordance with
State regulations, develop a pilot program of temporary administrative
changes in order to immediately staff empty paramedic driver positions with
current AFD personnel. Partner with OMB to study the effects of the pilot
program and recommend changes to existing personnel policies in order to
affect permanent solutions. Submit a report to the Mayor and City Council by
the end of the second quarter, FY/08. (AFD/Headquarters)

OBJECTIVE 2. Partner with FCS and United Way to open and
operate a Family Advocacy Center for victims of domestic violence, sexual
assault and crimes against children by the end of second quarter, FY/08.
Report to Mayor and City Council by end of FY/08. (APD/Family Advocacy
Center)

OBJECTIVE 3. Implement the first phase of the APD technology
strategic plan to guide policy and resource allocation decisions for the
development, purchase, allocation, implementation and maintenance of
technology for the Albuquerque Police Department. Upgrade the record
management and computer-aided dispatching systems; implement field
reporting; modernize hardware and network infrastructure; coordinate
information sharing with other agencies, and streamline business processes
to eliminate redundancies and inefficiencies within the department. Submit
progress reports biannually to the Mayor and City Council starting at the end
of the second quarter, FY/08, and in the City’s Performance Plan. (DFAS/ISD
and APD/Officer and Dept Support)

OBJECTIVE 4. Evaluate the Red Light Photo Enforcement Program by
analyzing trends in violations, appeals, accidents, etc. by intersection.
Identify the unserved, highest impact intersections and provide an
implementation schedule. Evaluate the Mobile Photo Traffic Speed
Enforcement Program in school zones by analyzing trends in violations and
appeals. Provide a report to the Mayor and City Council at the end of the second and fourth quarters, FY/08. (APD, Legal, OMB)

OBJECTIVE 5. Increase live exits of adoptable animals at AACC, as defined by the AACC classification system, to 90% for FY08 and 100% for FY09. Report results in the City’s Performance Plan. (EHD/AACC)

OBJECTIVE 6. Initiate programming to increase adoptions of adoptable and rehabilitatable pets; reach out to and educate the community about the need for pet alteration and make alteration more convenient and affordable, especially to lower income residents and senior citizens; continue enforcement of alteration and microchip requirements and increase microchipping of the Albuquerque pet population; report on progress to the Mayor and City Council by the end of the third quarter, FY/08, and in the City’s Performance Plan. (EHD/AACC)

OBJECTIVE 7. In conjunction with the Public Safety Partnership, develop a training module to teach problem solving techniques to community groups, city department staff, neighborhood associations and coalitions, and other interested parties by the third quarter, and will provide a report on the status of this objective by the end of the third quarter of FY/08. Report on the participation in this training and the results achieved in the City’s Performance Plan. (APD/Neighborhood Policing)

OBJECTIVE 8. Build on the pilot West Side Crime Alert system and expand it throughout the city by transferring its platform to a web-based system. Report on system activities to the Mayor and City Council by the end of the third quarter, FY/08. (APD/Neighborhood Policing)

OBJECTIVE 9. Create a Fraud Division to include a Cyber Crimes Unit that will specifically address cases of fraud, identify theft, and computer related crimes by the end of the fourth quarter, FY/08; provide a status report on activities to the Mayor and City Council within 6 months of its creation and report results in the Performance Plan. (APD/Investigative Services)

OBJECTIVE 10. Increase law enforcement effectiveness by expanding the problem solving model regionally by supporting and training regional agencies on its use; collaborate regionally in its application to reduce crime. Provide a status report to the Mayor and City Council on this effort by the end
OBJECTIVE 11. Increase APD's ability to link suspects and crimes together by improving CAPTURE information dissemination to all investigators and their chain of command. Provide a status report to the Mayor and City Council on this effort by the end of the second quarter, FY/08. (APD/Officer and Dept Support)

OBJECTIVE 12. Form a committee to establish design priorities ("pre-design") for the Double Eagle hangar / substation in preparation for the funded DE design and construction. Provide a report to the Mayor and City Council by the end of FY/08. (APD/Officer and Dept Support and AFD/Headquarters)

OBJECTIVE 13. Develop a plan for the interim provision of public safety services for Mesa del Sol, including facilities, staffing, and milestones. Provide a report to the Mayor and City Council by the end of the second quarter, FY/08. (APD/Officer and Dept Support and AFD/Headquarters)

OBJECTIVE 14. Prepare for the CALEA onsite assessment for the 6th reaccreditation of the Albuquerque Police Department in FY/09 by preparing the application and conducting a mock assessment. Provide milestones for the reaccreditation in a report to the Mayor and City Council by the end of the third quarter, FY/08. (APD/Professional Standards)

OBJECTIVE 15. Develop a design for the 6th Area Command facility that meets or exceeds the silver level Leadership In Energy and Environmental Design (LEED) rating criteria. Provide a report to the Mayor and City Council by the end of FY/08. (APD/Officer and Dept Support)

OBJECTIVE 16. Increase efforts to promptly and appropriately dispose of property held by the Evidence Unit which has no further evidentiary value, through the creation and utilization of an Evidence Disposition Unit. Report progress in the City's Performance Plan, beginning in FY08. (APD/Investigative Services)

OBJECTIVE 17. Conduct a study to consider the feasibility of merging the Albuquerque Fire Department with the Bernalillo County Fire Department in terms of providing more efficient service and to generate cost savings. Provide a report to the Mayor and City Council by the end of the second
OBJECTIVE 18. Co-locate City and County fire services at Station 3 on Barcelona. Provide a report defining operational and financial impacts to the Mayor and City Council by the end of the first quarter of FY/08. (AFD)

OBJECTIVE 19. Prepare a study to analyze the types of calls to which police officers are currently responding. Determine the potential of eliminating the necessity of police officers responding to calls that others, such as Public Safety Officers, could respond to, without jeopardizing public safety. In addition, as part of this analysis, determine which calls do not necessitate a response by any APD personnel. Provide a report of findings and recommendations to the Mayor and City Council by the end of the second quarter of FY/08. (APD)

OBJECTIVE 20. Conduct a study to consider the feasibility of merging the Albuquerque Fire Department Dispatch with the Bernalillo County Fire Department Dispatch in terms of providing more efficient service and improving response times. Provide a report to the Mayor and City Council by the end of the second quarter of FY/08. (Albuquerque Fire Department)

PUBLIC INFRASTRUCTURE. Ensure that all existing communities are adequately and efficiently served with well planned, coordinated, and maintained infrastructure. Ensure that new development is efficiently integrated into existing infrastructures and that the costs are balanced with the revenues generated.

OBJECTIVE 1. Continue construction of the Terminal Optimization project, which includes reconstruction of food and beverage areas, enlarge and modernize restrooms; enlarge passenger holdrooms; enhance special systems; and modify communication center. Report to the Mayor and City Council on the progress of actions by the end of the fourth quarter, FY/08. (Aviation)

OBJECTIVE 2. Reconstruct and rehabilitate the General Aviation Apron by fourth quarter of FY/08 and report to the Mayor and City Council on the progress of actions by the end of the fourth quarter, FY/08. (Aviation)

OBJECTIVE 3. Reconstruct and rehabilitate the Terminal Apron by 1st quarter of FY/08 and report to the Mayor and City Council on the progress...
OBJECTIVE 4. Utilizing approved CIP funds, complete landscaping of 5 miles of medians by June 30, 2008. Report to the Mayor and City Council on progress by the end of third quarter, FY/08. (DMD/Design Recovered Parks)

OBJECTIVE 5. Evaluate the benefits of short-term storm drain improvements and begin implementation of long-term improvements in the Barelas and Martineztown areas. Report on progress to the Mayor and City Council by the end of fourth quarter, FY/08. (DMD/Design Recovered Storm)

OBJECTIVE 7. Utilizing existing resources, evaluate the effectiveness of the new global positioning system base stations that provide readily available data to subscribing survey users in the greater metropolitan area. Report in the Performance Plan beginning first quarter, FY/08. (DMD/Construction)

OBJECTIVE 8. Reactivate the GIS Task Force to evaluate existing GIS resources and develop a proposal for a comprehensive, integrated GIS system for the City to better coordinate physical assets, projects, and strategic planning efforts. Report to the Mayor and City Council by the end of second quarter, FY/08. (DMD/Strategic Support and Planning)

OBJECTIVE 9. Improve response to citizen concerns and increase efficiency of existing street maintenance and traffic signalization by obtaining equipment, training, software, and access required to provide real time in-vehicle access to the City’s 311 Service Order software. Develop baseline and performance measures to be included in the FY/09 Performance Plan. (DMD/Street Services)

OBJECTIVE 10. Utilizing the pavement rating system report, identify and implement a methodology that will allow for timely and regular monitoring of street conditions to facilitate the identification of priorities for rehabilitation, renovation and construction and reconstruction. Report in the Performance
Plan beginning second quarter, FY/08. (DMD/Street Services)

OBJECTIVE 11. Begin construction of the following storm drain projects: Osuna Blvd from the North Diversion Channel to Jefferson St., Wyoming Blvd. crossing of the La Cueva Arroyo, and San Mateo Blvd from the Hahn Arroyo south to Aztec Street. Report progress to the Mayor and City Council by the end of fourth quarter, FY/08. (DMD/Design Recovered Storm)

OBJECTIVE 12. Improve pavement markings on City roadways. This will include striping on arterials and collectors, painting of median noses, and painting of existing marked cross walks. Also, install and maintain marked parking stalls as deemed necessary. Report to the Mayor and City Council by end of the fourth quarter, FY/08. (DMD/Street Services)

OBJECTIVE 13. Utilizing Federal funding, and existing/available revenue, award and complete the construction of a park and ride facility at 7 Bar Loop. This facility is required to serve the several routes that emanate from the various neighborhoods in the Northwest Mesa area. Report on progress to the Mayor and City Council by the end of second quarter, FY/08. (Transit/ABQ Ride)

OBJECTIVE 14. Utilizing existing or available revenue or funding, award a construction contract for the development of the Central and Unser Park and Ride/Southwest Transit Center. This facility will act as a major intermodal interchange for several routes, provide private vehicle parking and secure bicycle storage. Report to the Mayor and City Council by the end of fourth quarter, FY/08. (Transit/ABQ Ride)

OBJECTIVE 15. Utilizing existing or available revenue or funding, determine the feasibility of establishing a park and ride facility in the area of Coors and Montano to serve as a transfer point for routes serving Coors (N/S) and Montano/Montgomery (E/W). Report progress to the Mayor and City Council at the end of fourth quarter, FY/08. (Transit/ABQ Ride)

OBJECTIVE 16. Utilizing existing or available revenue or funding, and in-house resources, develop a Park and Ride/Transit Center Strategic Plan for facilities beyond FY/08. Submit the plan to the Mayor and City Council by the end of FY/08. (Transit/ABQ Ride)

OBJECTIVE 17. Utilizing Congestion Mitigation and Air-Quality...
(CMAQ) funding, and other additional revenue, if available, extend Rapid Ride service along Central Avenue east of Wyoming or on other high capacity corridors and commuter routes. Report progress to the Mayor and City Council by the end of second quarter, FY/08. (Transit/ABQ Ride)

OBJECTIVE 18. Utilizing Congestion Mitigation and Air-Quality (CMAQ) funding, and other additional revenue, if available, establish at least 2 new fixed routes in both the Southwest and Northwest Mesa areas to meet increased need for service. Report to Mayor and City Council by the end of second quarter, FY/08. (Transit/ABQ Ride)

OBJECTIVE 19. Utilizing existing or available revenue or funding, and in-house resources, update the 2006-2011 Short Range Transit Plan (SRTP). Submit the plan by the end of FY/08 to the Mayor and City Council. (Transit/Strategic Support)

OBJECTIVE 20. Utilizing existing or available revenue or funding, and in-house resources, develop a 10 year Capital Needs Assessment for all capital assets necessary for the appropriate and efficient operation of the Albuquerque Transit Department. This Needs Assessment will become the basis for requests for capital funding from all sources. Report progress to the Mayor and City Council by the fourth quarter, FY/08. (Transit/Strategic Support)

OBJECTIVE 21. Utilizing existing or available revenue or funding, and in-house resources, develop a detailed, integrated service plan to provide services to both the Northwest and Southwest Mesa areas. Capital equipment necessary to implement the Westside Service Plan will be included in the Capital Needs Assessment. Report progress to the Mayor and City Council by the fourth quarter, FY/08. (Transit/ABQ Ride)

OBJECTIVE 22. Improve maintenance and security for all park and ride facilities. Report on activities and effectiveness in the City’s Performance Plan and provide an initial assessment to the Mayor and City Council by the end of FY/08. (Transit/Facility Maintenance/Strategic Support)

OBJECTIVE 23. Based on the FTA assessment and subsequent improvements, develop and implement a plan to improve the quality, availability, and efficiency of the SunVan (paratransit) service. Report on
activities and effectiveness in the City’s Performance Plan and provide an
initial assessment to the Mayor and City Council by the end of FY/08.

(Transit/Paratransit Services)

OBJECTIVE 24. Develop a conceptual plan to address connectivity
and potential improvements for trail surfacing on the west side of the Bosque
from Alameda to Central. Provide a report, with submittal of the Plan, to the
Mayor and City Council by the third quarter of FY/08. (DMD/Transportation)

SUSTAINABLE COMMUNITY DEVELOPMENT. Guide growth to protect the
environment and the community’s economic vitality and create a variety of
livable, sustainable communities throughout Albuquerque.

OBJECTIVE 1. Design and construct Phase 5 improvements at
Balloon Fiesta Park as funds allow; improvements may include: southern
entry at Balloon Museum Drive and Jefferson; pedestrian improvements such
as shade and seating along the concourse and vendors row; outdoor exhibits
and landscaping at the north side of the Balloon Museum; improvements to
the command center/safety building; restrooms; purchasing and installing
balloon ride simulator at the Balloon Museum. Report to the Mayor and City
Council by end of second and fourth quarters, FY08. (DMD/Construction)

OBJECTIVE 2. Construct Phase 5 improvements at Tower Park/Pond
as funds allow, including off-leash dog exercise area, irrigated turf recreation
field(s), and perimeter landscaping. Report to the Mayor and City Council by
end of FY/08. (DMD/Design Recovered Parks and CIP)

OBJECTIVE 3. Adopt a revised Metropolitan Redevelopment Plan for
the expanded Near Heights Metropolitan Redevelopment Area (Gibson, San
Mateo and Central corridors) and submit a status report to the Mayor and City
Council by the end of the second quarter, FY/08. (Planning Department,
Community Revitalization)

OBJECTIVE 4. Complete a charrette for the Central / Unser mixed
use transit oriented development and submit a status report to the Mayor and
City Council by the end of the first quarter, FY/08. (Planning Department,
Community Revitalization)

OBJECTIVE 5. Complete conversion of the Planning Department’s
applications (DRB, EPC and LUCC) to KIVA and submit a status report to the
OBJECTIVE 6. In collaboration with the design and building community, develop and adopt "Green" amendments to the Uniform Administrative Building Code for the City and submit a status report to the Mayor and the City Council by the end of the third quarter, FY/08. (Planning Department, Strategic Support and GIS)

OBJECTIVE 7. Identify staffing and training needs to implement "Green" amendments to the Uniform Administrative Code and other green building legislation. Submit a report to the Mayor and City Council by the end of the second quarter of FY/08. (Planning)

OBJECTIVE 8. Present to City Council for adoption an East Central Metropolitan Redevelopment / Sector Plan by the end of the third quarter, FY/08. (Planning Department, Community Revitalization)

OBJECTIVE 9. Present to City Council for adoption a South Yale Metropolitan Redevelopment / Sector Plan by the end of the third quarter, FY/08. (Planning Department, Community Revitalization)

OBJECTIVE 10. Present to City Council for adoption design overlay standards for Menaul Boulevard within Council District 7 by the end of the second quarter, FY/08. (Planning Department, Community Revitalization)

OBJECTIVE 11. Conduct a charrette in District 8 to determine if there is a need for changes in land use and/or zoning in the district. Report to the Mayor and City Council on the status by the end of the third quarter, FY/08. (Planning Department, Community Revitalization)

OBJECTIVE 12. Complete the programming and design of the International Gateway Streetscape (Phase II Alcazar & Central) and submit a report to the Mayor and City Council by the end of the first quarter, FY/08. (Planning Department, Community Revitalization)

OBJECTIVE 13. Complete the programming and design of Phase II of the Albuquerque Bicycle Park (Veloport) and submit a status report to the Mayor and City Council by the end of the second quarter, FY/08. (DMD/Construction)

OBJECTIVE 14. Using existing resources, reduce litter in City parks
by the end of FY/08 by increasing the frequency of refuse removal, adding
functional and attractive trash receptacles, implementing pack-it-out
requirements for group use reservations, installing better signage, using
volunteers, and educating the public. Begin reporting pertinent performance
measures in the FY/09 Performance Plan. Submit a status report to the Mayor
and City Council by the end of the fourth quarter, FY/08. (Parks and
Recreation Department, Parks and Landscape Management)

OBJECTIVE 15. Using existing resources, provide five (5) additional
dog off-leash areas in City parks and add amenities in existing dog parks so
that they are user friendly and submit a status report to the Mayor and City
Council by the end of the fourth quarter, FY/08. (Parks and Recreation/Parks
Management)

OBJECTIVE 16. Develop a joint use agreement with APS for the
operation, maintenance and use of the new Highland High School lighted
synthetic turf soccer field by the end of the first quarter, FY/08; add the CNM
soccer complex and the LBJ Middle School athletic fields to the joint use
agreement. Submit a status report to the Mayor and City Council by the end of
the first quarter, FY/08. (Parks and Recreation/Parks Management)

OBJECTIVE 17. Complete the training for and conversion to project
management environment for all Planning projects to allow all stakeholders to
be aware of progress. Provide weekly reports to stakeholders beginning
January 1, 2008. (Planning/Strategic Support)

OBJECTIVE 18. Investigate and propose planning alternatives to
new Sector Development Plans in order to provide assistance in addressing
small opportunity areas and planning challenges in established areas of the
city. Determine other effective planning tools that can be used to protect
neighborhoods and help them plan for their own future. Submit a report to
the Mayor and City Council by the end of the second quarter of FY/08.
(Planning)

OBJECTIVE 19. Improve coordination and communication between
the Planning, Transit, and Municipal Development departments for the
purpose of ensuring sustainable development and redevelopment. Tie key
capital and planning decisions to expected fossil fuel consumption, carbon
emissions, and water consumption in order to maximize efficiency. Provide a progress report to the Mayor and City Council by the end of the second quarter of FY/08. (CAO, Planning, Transit, DMD)

ENVIRONMENTAL PROTECTION and ENHANCEMENT. Protect and enhance Albuquerque's natural environments - its mountains, river, bosque, volcanoes, arroyos, air, and water.

OBJECTIVE 1. Pending approval and appropriation of funds from 2007 G.O. bonds, implement renewable energy projects in support of the 2030 resolution, reducing carbon based energy use 10% every 5 years in order to become carbon neutral by 2030. Report progress in the Performance Plan annually. (DMD/City Buildings)

OBJECTIVE 2. Update annually the inventory of departments generating greenhouse gases and use it to continue identification of mitigation options to reduce greenhouse gases and to track progress of greenhouse gas reductions. Submit the inventory update and proposed mitigation options to the Mayor and the City Council by the end of FY/08. (EHD/Air Quality)

OBJECTIVE 3. Implement an electronic waste recycling program and submit a status report to the Mayor and City Council by the second quarter, FY/08. (SWMD/Recycling)

OBJECTIVE 4. Design and construct the landfill gas system for cell #6 by the third quarter, FY08, and provide appropriate measures in the Performance Plan on system outputs and unit costs and revenues. (SWMD/Disposal)

OBJECTIVE 5. Initiate a full-scale compost operation and marketing plan; submit a report to the Mayor and City Council by the end of FY08, detailing green waste diversion volume and tonnage, product production, costs and revenues, marketing approaches, etc. Provide appropriate measures in the Performance Plan on compost outputs and unit costs and revenues. (SWMD/Recycling)

OBJECTIVE 6. Establish a Solid Waste Management Operations Review Section by the second quarter of FY/08 to assist the department in the reduction of risk costs and to enhance operational efficiencies; report to the
Mayor and City Council by the third quarter, FY/08, on activities and results.

(SWMD/Collections)

OBJECTIVE 7. Develop a plan for the permitting, design and construction of a transfer station and release an RFP by the end of FY/08.
Submit a status report to the Mayor and City Council by the end of FY/08.

(SWMD/Disposal)

OBJECTIVE 8. As funding is available, acquire properties for Major Public Open Space (MPOS) as identified in the Albuquerque/Bernalillo County Comprehensive Plan and any Subdivision Master Plan. Continue to report pertinent performance measures in the Performance Plan. (Parks and Recreation Department, Open Space Management)

OBJECTIVE 9. Conduct a study to consider the feasibility of converting the Ladera Golf Course to a target or desert golf course. Present the findings to the Mayor and City Council by the end of the first quarter of FY/08. (Parks and Recreation Department/Golf)

OBJECTIVE 10. Complete a city-wide canopy cover and pervious/impervious satellite data inventory. Provide a report to the Mayor and City Council by the end of the second quarter of FY/08. (Environmental Health)

ECONOMIC VITALITY. Achieve a vital, diverse, and sustainable economy in which businesses and residents have opportunities for success.

OBJECTIVE 1. Continue marketing and complete activation of the Foreign Trade Zone to promote international commerce and activity at the Sunport. Submit a report to the Mayor and City Council by end of the fourth quarter, FY/08. (Aviation)

OBJECTIVE 2. Construct the Aerospace Training Center in the Aerospace Technology Park at Double Eagle II and report to the Mayor and City Council on progress by the end of FY/08. (Aviation)

OBJECTIVE 3. Continue efforts to develop direct international flights to Mexico and explore opportunities to develop direct international flights with Canadian destinations. Develop and promulgate the business case for these flights. Submit a progress report to the Mayor and City Council by the end of the second quarter, FY/08. (Aviation and CAO)
OBJECTIVE 4. Create a prototype program regarding development ready certified sites at the Aerospace Technology Park at Double Eagle II and the Foreign Trade Zone at the Sunport by the end of second quarter FY/08 and begin an evaluation of the program in third and fourth quarter FY/08. Provide a report to the Mayor and City Council on the evaluation by the end of FY/08. (Aviation/ Mgt and Prof Support)

OBJECTIVE 5. Develop a Sustainability Plan for the Airport System and report status and results to the Mayor and City Council by the end of the first quarter, FY/08. (Aviation/ Mgt and Prof Support)

OBJECTIVE 6. Continue activities for air cargo marketing and include the status in a report to the Mayor and City Council by end of FY/08. (Aviation)

OBJECTIVE 7. Develop a plan by the end of the first quarter, FY/08, for creating an International Trade Center that would promote and facilitate foreign relations and international trade between Albuquerque and foreign countries. Submit a status report to the Mayor and City Council by the end of the first quarter, FY/08. (Economic Development Department, International Trade)

OBJECTIVE 8. Develop a plan, identify space, and find funding for an International Business Resource Center and the installation of computer equipment, market research literature and meeting space at the Economic Development Department by the end of the fourth quarter, FY/08. Report pertinent performance measures in the Performance Plan. Submit a status report to the Mayor and City Council by the end of the fourth quarter, FY/08. (Economic Development Department, International Trade)

OBJECTIVE 9. Increase the number of and attendance at Albuquerque film festivals and premiers by the end of FY/08. Report pertinent performance measures in the Performance Plan. Submit a status report to the Mayor and City Council by the end of the fourth quarter, FY/08. (Economic Development Department, Film Office)

OBJECTIVE 10. Continue supporting the efforts of the Sirolli Enterprise Facilitation economic development model in the Southeast Heights area to provide one-on-one assistance to local entrepreneurs so that the
project is fully sustainable by end of FY/08. Submit status reports to the
Mayor and City Council at the end of the second and fourth quarters, FY/08.
(Economic Development Department, Economic Development)

OBJECTIVE 11. Implement a Sustainable Economic Development
Plan by the end of the second quarter, FY/08. Submit a status report to the
Mayor and City Council by the end of the second quarter, FY/08. (Economic
Development Department, Economic Development)

OBJECTIVE 12. Establish the Mayor’s Technology Advisory Council
by the end of the first quarter, FY/08, to support technology-based economic
development as recommended at the Mayor’s Technology Summit. Submit a
status report to the Mayor and City Council by the end of the first quarter,
FY/08. (Economic Development Department, Economic Development)

OBJECTIVE 13. Work with the Mayor’s Small Business Advisory
Council and the Purchasing Division to modify the Purchasing Ordinance to
allow for small business incentives with the City. Create a Small Business
Industrial Revenue Bond product, and research and recommend any other
incentives to support the growth of local small businesses by the end of the
second quarter, FY/08. Submit a status report to the Mayor and City Council
by the end of the second quarter, FY/08. (Economic Development Department,
Economic Development)

OBJECTIVE 14. Based on the findings of the UNM BBER Arts &
Culture Industries Economic Impact Study, develop an Arts and Culture
Industries Economic Development Plan to address this small but growing and
significant segment of Albuquerque’s economy. Present the recommended
plan to the Mayor and City Council by the end of the third quarter, FY/08.
(Economic Development Department, Economic Development)

OBJECTIVE 15. Utilize current City information system
infrastructure and/or new technology to develop a client management system
for all Economic Development divisions by the end of the second quarter,
FY/08, that will enable the Department to better track and maintain clients in
order to provide a constantly increasing and evolving level of customer
service. Submit a status report to the Mayor and City Council by the end of
the second quarter, FY/08. (Economic Development Department, Economic
OBJECTIVE 16. Enhance economic growth in the Albuquerque music industry by creating educational opportunities for mentoring individuals and businesses. Begin reporting pertinent performance measures in the FY/09 Performance Plan. (Economic Development Department, Economic Development)

OBJECTIVE 17. Utilizing off-setting revenues from increased parking citations, expand the hours and days for enforcement activities of on-street and off-street parking to be implemented in the second quarter, FY/08. Report on outputs and unit costs in the Performance Plan after implementation. (DMD/Parking)

COMMUNITY and CULTURAL ENGAGEMENT. Residents are fully and effectively engaged in the life and decisions of the community to promote and enhance our pride, cultural values, and resources and ensure that Albuquerque's community institutions are effective, accountable, and responsive.

OBJECTIVE 1. Continue to enhance the Historic Old Town Area with live entertainment, improved cooperation and communication with community stakeholders, and better services to visitors. Report results in the FY/08 Performance Plan. (CSD/Community Events).

OBJECTIVE 2. Increase the programming, appeal and use of the Harry E. Kinney Civic Plaza on certain business days, for special events and during times of heavy downtown traffic. Report results in the FY/08 Performance Plan. (CSD/Community Events).

OBJECTIVE 3. Increase the number of volunteers providing service to the Albuquerque community and seniors by 12% from 1,500 to 1,680 volunteers by the end of FY/08. Submit a report by the end of FY/08 to the Mayor and the City Council. Report appropriate measures in the Performance Plan. (Senior Affairs)

OBJECTIVE 4. Develop and present the 2008 Albuquerque Progress Report to the Mayor and City Council by the end of FY/08. (CAO/Budget and Performance Management)
GOVERNMENTAL EXCELLENCE and EFFECTIVENESS. Government is ethical and accountable; every element of government contributes effectively to meeting public needs.

OBJECTIVE 1. Configure, test, and implement the following ERP modules by the end of FY/08: Human Resources (employment, benefits, and payroll), General Ledger, and Budget/Enterprise Performance Management. Provide a status report to the Mayor and City Council by the end of FY/08. (DFAS/ISD)

OBJECTIVE 2. Determine the feasibility and related costs of establishing a single citywide dispatching function. Report to the Mayor and City Council by the end of the third quarter, FY/08. (DFAS & APD)

OBJECTIVE 3. Analyze all City franchises and identify opportunities which will standardize or make more consistent franchise management, enforcement, monitoring, and approaches to renewal. Submit the initial analysis to the Mayor and City Council by the end of FY/08. (Legal/Legal Services)

OBJECTIVE 4. Use all available administrative processes to advance PNM funding of underground utilities. Report on progress to the Mayor and City Council at the end of FY/08. (Legal/Legal Services)

OBJECTIVE 5. Analyze FMLA data to identify categories, trends, and patterns of absence, associated costs and intervention opportunities. Report to the Mayor and City Council by the end of second quarter, FY/08. Report results in the Performance Plan. (HR/Personnel Services)

OBJECTIVE 6. Explore the feasibility and cost effectiveness of outsourcing FMLA leave administration. Report findings to the Mayor and City Council by the end of first quarter, FY/08. (HR/Personnel Services)

OBJECTIVE 7. Develop a web page and on-line process specifically designed to recruit and maintain a pool of applicants for high turnover positions including Motor Coach and 911 Operators. Report to the Mayor and City Council by the end of second quarter, FY/08. (HR/Personnel Services with ISD)

OBJECTIVE 8. Research best practices for public safety testing and adopt and utilize practices, as appropriate, to revise and update the APD
Entrance Exam by the end of second quarter, FY/08, and submit a report to the Mayor and City Council. (HR/Personnel Services)

OBJECTIVE 9. Design and pilot a tiered “Public Service / Customer Service” curriculum for all employees. Report to Mayor and City Council by the end of FY/08. (HR/Personnel Services)

OBJECTIVE 10. By the first quarter of FY/08, identify the temporary positions which should be appropriately transitioned to permanent positions and develop a plan for departments to transition these positions by the second quarter of FY/08. Report status to Mayor and City Council by the second quarter, FY/08. (HR/Personnel Services)

OBJECTIVE 11. Focus Human Resource department resources on the development of a city-wide curriculum to educate and train employees on workplace safety, technological enhancements, and computer skills training to ensure safe environments and high employee productivity. Submit curriculum by first quarter, FY/08, in order to begin training by third quarter, FY/08; report to Mayor and City Council by the end of FY/08. (HR/Training)

OBJECTIVE 12. Conduct a study to determine the feasibility of the city becoming self-insured for sponsored benefits; report to the Mayor and City Council by the end of second quarter, FY/08. (HR/Insurance)

OBJECTIVE 13. Create a data-base of services available to the disabled citizens of the metropolitan area and provide this data-base to 311 operators in order to provide the best services available to disabled citizens. Report to the Mayor and City Council on implementation progress by the end of the second quarter of FY/08. (DFAS/Citizen Services)

OBJECTIVE 14. Revise the appropriate rules and regulations in order to implement the Policy of the City Council, the governing body of the City of Albuquerque, to allow employees of the City and the Water Utility Authority to move between the two organizations maintaining their accrued sick leave, accrued vacation and seniority. Provide a report to the Mayor and City Council by the end of the second quarter of FY/08. (Human Resources)

Section 2. That the Mayor shall submit a report by Goal to the City Council at least semi-annually summarizing the progress made toward implementation of all the one-year objectives and that any report called for in
this resolution shall be in the form of an Executive Communication from the Mayor to the City Council, unless otherwise specifically noted.
RESOLUTION

WHEREAS, the Charter of the City of Albuquerque requires the Mayor to formulate the annual operating budget for the City of Albuquerque; and

WHEREAS, the Charter of the City of Albuquerque requires the Council to approve or amend and approve the Mayor’s budget; and

WHEREAS, the Council has received the budget formulated by the Mayor, and has deliberated on it; and

WHEREAS, appropriations for the operation of the City government must be approved by the Council.

BE IT RESOLVED BY THE COUNCIL, THE GOVERNING BODY OF THE CITY OF ALBUQUERQUE:

Section 1. That the amount of $41,413,000 is hereby reserved as the Operating Reserve Fund for the City of Albuquerque for Fiscal Year 2008.

Section 2. The amount of $659,000 received from the IRB Settlement is hereby reserved to address future needs of the City. The amount of $50,000 is hereby reserved in the General Fund for additional youth services. The amount of $150,000 is hereby reserved in the General Fund to create the West Downtown Redevelopment Area. The amount of $2,100,000 in Public Safety Quarter Cent
funding is hereby reserved in FY/08 to provide an additional source of funding for
police officer pay increases.

Section 3. That the following amounts are hereby appropriated to the
following program strategies for operating City government during Fiscal Year
2008:

GOAL 1 - HUMAN & FAMILY DEVELOPMENT - People of all ages have the
opportunity to participate in the community and economy and are well sheltered,
safe, healthy, and educated.

GENERAL FUND – 110

Cultural Services Department

- CIP Libraries 60,000
- Explora 1,500,000
- Public Library 11,915,000
- Strategic Support 1,486,000

Environmental Health Department

- BioDisease Management 410,000
- Consumer Health Protection 1,135,000

Family and Community Services Department

- Community Recreation 7,751,500
- Develop Affordable Housing 74,000
- Early Childhood Education 5,507,000
- Emergency Shelter Services 859,000
- Health and Social Services 3,824,000
- Mental Health Services 3,961,000
- Partner with Public Education 5,903,000
- Plan and Coordinate 2,334,000

$50,000 of this funding is earmarked for a Senior Program Specialist to
administer and monitor social services contracts.

- Supportive Services to Homeless 281,000
- Transitional Housing 163,000

Parks and Recreation Department

- Promote Safe Use of Firearms 361,000
1. Provide Quality Recreation 5,723,000
2. Senior Affairs Department
3. Access to Basic Services 182,000
4. Strategic Support 1,617,000
5. Well Being 3,632,000
6. RECREATION FUND – 215
   Parks and Recreation Department
   Transfer to General Fund (110) 230,000
7. CULTURE AND RECREATION PROJECTS FUND – 225
   Cultural Services Department
   Library Projects 358,000
8. CITY HOUSING FUND – 240
   Family and Community Service Department
   City Housing 47,000
9. APARTMENTS OPERATING FUND – 671
   Family and Community Services Department
   Housing Operations 2,368,000
   Transfer to Other Funds:
   Housing Bond (240) 47,000
   Apartments D/S (675) 934,000
10. APARTMENTS DEBT SERVICE FUND – 675
    Family and Community Service Department
    Debt Service 934,000
11. GOLF COURSES OPERATING FUND – 681
    Parks and Recreation Department
    Affordable and Quality Golf 3,603,000
    Transfer to Other Funds:
    General (110) 538,000
    Golf Courses D/S (685) 344,000
12. The City Council declares that it is the policy of the City that all Golf concession contracts, upon renewal, shall contain the same provisions with respect to the percentage of revenue remitted to the City for concession sales.

Section 4. That the amount of $39,723,000 reserved as the Operating Reserve Fund for the City of Albuquerque for Fiscal Year 2007 in R-06-141 is hereby changed to $40,991,000 to correspond with revised appropriations and proposed appropriations included in Section 5.

Section 5. The following appropriations are hereby adjusted to the following program strategies and funds from fund balance and/or revenue for operating City government in fiscal year 2007:

GOAL 2 - PUBLIC SAFETY - Citizens are safe, feel safe and secure, and have trust and shared responsibility for maintaining a safe environment.

GENERAL FUND – 110
Police Department
   Officer and Department Support 250,000
   Neighborhood Policing 2,000,000

STATE FIRE FUND – 210
Fire Department
   State Fire Fund 250,000

GOAL 3 - PUBLIC INFRASTRUCTURE - Ensure that all existing communities are adequately and efficiently served with well planned, coordinated, and maintained sewer, storm, water and road systems and an integrated multi-modal regional transportation system. Ensure that new development is efficiently integrated into
existing infrastructures and that the costs are balanced with the revenues

GENERAL FUND – 110

   Fire Station 2.”

9. Recalculate and adjust all subtotals and totals accordingly.

Section 9. The attached spreadsheet entitled Exhibit A is incorporated into
and made a part of this Resolution.
CITY of ALBUQUERQUE
SEVENTEENTH COUNCIL

COUNCIL BILL NO. O-07-83 ENACTMENT NO. _________________

SPONSORED BY: Don Harris, by request

ORDINANCE

AMENDING SECTIONS 10-8-4, 10-8-5, 10-8-6, 10-8-7, AND 10-8-8, ROA 1994, REGARDING GOLF COURSE RATES.

BE IT ORDAINED BY THE COUNCIL, THE GOVERNING BODY OF THE CITY OF ALBUQUERQUE:

Section 1. Section 10-8-4 ROA 1994, is hereby amended as follows:

§ 10-8-4 MUNICIPAL COURSES, RATE CLASSES AND SPECIAL RATES.

The following are the municipal golf course facilities and rate classes to which the green fees will apply.

(A) Municipal golf courses.

(1) Arroyo del Oso 18-Hole, 7001 Osuna NE, 6,892 yards, Par 72, 110 acres.

(2) Arroyo del Oso Dam 9, 9-Hole, 7001 Osuna NE, 3,600 yards, Par 36, 45 acres.

(3) Ladera 18-Hole, 3401 Ladera NW, 7,060 yards, Par 72, 140 acres.

(4) Ladera Executive, 9-Hole, 3401 Ladera NW, 2,053 yards, Par 31, acreage included within 18-Hole.

(5) Los Altos 18-Hole, 9717 Copper NE, 6,400 yards, Par 71, 130 acres.

(6) Los Altos Executive 9-Hole, 9717 Copper NE, 1,095 yards, Par 29, acreage included within 18-Hole.

(7) Puerto del Sol, 9-Hole, 1800 Girard SE, 3,000 yards, Par 35, 70 acres.
(B) Rate classes.

1. Regular rates apply to any person over 17 years of age and under 55 years of age.
2. Senior rates apply to persons 55 years of age and older. Senior rates are in effect Monday through Friday only, excluding holidays listed in this article. Senior rates shall be computed at 75% or less of each of the Regular Rates, excluding the Tournament rate and the P.M. Pass rate, in which case all Regular rates shall apply.
3. Junior rates apply to persons 17 years of age or younger who hold a valid City of Albuquerque Junior discount card, the terms and conditions of which are set forth in the Operational Manual for Albuquerque Municipal Golf Courses, City of Albuquerque, Golf Management Division. Junior rates are in effect daily, including weekends and holidays. Junior rates shall be computed at 50% of each of the Regular Rates, excluding the Tournament rate, the annual and the P.M. pass rate, in which case all Regular or specific rates shall apply.
4. Weekday rates are defined as Monday through Friday. Weekend rates are defined as Saturday, Sunday, and holidays. “Holidays” are defined as the day on which the particular event is observed by the City and not necessarily the calendar date of the event or the date the event is observed by other entities.

(C) Special Rates.

1. Afternoon rates apply four and one-half hours prior to official sundown but no earlier than 1:00 p.m.
2. City holiday rates apply to all golfers and are equal to Weekend rates for each facility on the following City holidays: New Year’s Day, Martin Luther King Jr.’s Birthday, Presidents’ Day, Memorial Day, Independence Day, Labor Day, Veterans’ Day and Thanksgiving Day.
3. Winter rates may be offered from November 15 through February 15 as an incentive to increase the number of rounds played.
   a. All winter rates must be approved in writing by the Department Director or designee prior to implementation.
(b) A discount of up to 30% will be allowed on regular green fees as defined in § 10-8-5, Green Fees A, B, and C, Regular Rates only.

(4) Rates for special events, promotional activities, and special activities to encourage course use during slow play hours on weekdays only.

(a) These rates will be determined by the Parks and Recreation Director, Parks and Recreation Fiscal Manager, Golf Course Superintendent, and the Golf Professionals of the Courses.

(b) These rates must be approved in writing by the Director of the Parks and Recreation Department prior to implementation.

(5) Reporting Requirement: The Director of the Parks and Recreation Department shall submit a report to the City Council regarding the detailed results of this policy. This report shall be included in the review of the budget.

(D) Annual Consumer Price Index (CPI) Rate Increase.

All rates will be adjusted annually during preparation of the budget to reflect the 12-month Consumer Price Index (CPI) average for the previous calendar year ending in the current fiscal year, or the average increase per round of proposed technical adjustments in the Golf Management CAO Summary. Adjustment shall not exceed $0.50 per round for all rate classes.

CPI adjustment shall not impede other rate adjustments deemed necessary.

Section 2. Section 10-8-5 ROA 1994, is hereby amended as follows:

§ 10-8-5 GREEN FEES – WEEKDAYS.

(A) 18-hole or replay.

(1) Regular rate.................................................................$18.10

(2) Senior rate............................................................................12.14

(3) Junior rate.............................................................................. 9.05

(B) 9-hole play all courses, except Executive, including Puerto del Sol, and Back Nine Courses.

(1) Regular rate.......................................................................... $12.39

(2) Senior rate................................................................................ 8.57

(3) Junior rate................................................................................ 6.19

(C) 9-hole replay at Arroyo del Oso Dam 9 and Puerto del Sol Courses.

(1) Regular rate..................................................................................$6.67
(D) 9-hole play or replay at Ladera or Los Altos Executive course.
   (1) Regular rate ................................................................. $8.10
   (2) Senior rate ................................................................. 5.62
   (3) Junior rate ................................................................. 3.34

(E) Afternoon Rate.
   (1) Regular rate ................................................................. $13.34
   (2) Senior rate ................................................................. 8.95
   (3) Junior rate ................................................................. 6.67

(F) Tournament Rate.
   All golfers ........................................................................... $21.43

Section 3. Section 10-8-6 ROA 1994, is hereby amended as follows:

§ 10-8-6 GREEN FEES – WEEK END.

(A) 18-hole or replay.
   (1) Regular rate ................................................................. $24.29
   (2) Senior rate ................................................................. 23.81

(D) 9-hole play or replay at Ladera or Los Altos Executive Course.
   (1) Regular rate ................................................................. $9.05
   (2) Senior rate ................................................................. 7.95
   (3) Junior rate ................................................................. 4.77

(E) Afternoon Rate.
   (1) Regular rate ................................................................. 16.19
Section 4. Section 10-8-7 ROA 1994, is hereby amended as follows:

§ 10-8-7 ANNUAL GOLF PASSES.

Annual golf passes and annual-plus-user-fee golf passes will be available to golfers and members of their families as follows:

(A) (1) Regular annual passes may be purchased for use by an individual of any age. After an individual has purchased a regular pass, he or she may thereafter purchase additional annual passes for members of his or her family, provided those members of the family reside in the same household as he or she does and any child for whom an annual pass is purchased is 17 years of age or younger. Regular passes expire 364 days after the date of purchase and are valid on all municipal golf courses seven days per week including the city holidays listed in §10-8-4(C)(3).

(2) Annual P.M. Plus Passes may be purchased for use by an individual of any age. The unlimited afternoon golf pass is valid for play any time after 12:00 noon, seven days a week, including holidays. The discount has been built into the rate and no additional discounts will be offered. Annual P.M. Plus Passes expire 364 days after the date of purchase and are valid on all municipal golf courses seven days per week including the city holidays listed in §10-8-4(C)(3).

(B) Senior passes may be purchased for use by anyone 55 years of age and older. One additional Senior pass may be purchased, provided the additional pass is for a family member of the same household who is also 55 years of age or older. If the family member is not 55 years of age or older, the holder of a Senior pass may purchase a Regular pass for a “second family member.” Senior passes expire 364 days after the date of purchase, are valid Monday through Friday only, and are not valid on city holidays listed in §10-8-4(C)(3).

(C) Junior passes may be purchased for use by anyone 17 years of age and younger provided that person holds a valid City Junior discount card, the
terms and conditions of which are set forth in the Operational Manual for Albuquerque Municipal Golf Courses, City of Albuquerque Golf Management Division. Junior passes expire 364 days after the date of purchase and are valid daily, including weekends and holidays.

(D) Annual (unlimited golf) passes

(1) Regular pass.
   (a) First family member..............................................$1,365.72
   (b) Each additional family member ...............................680.96

(2) Senior pass.
   (a) First family member ................................................ $952.38
   (b) Second family member over 55 ..............................$476.19

(3) Junior pass..........................................................................$659.05

(E) Annual P.M. Pass Plus.
   All golfers.......................................................................................$254.29
   User fee:  9 or 18 hole weekday....................................................$7.14

   9 or 18 hole weekend.................................................................$9.52

(F) The Tournament Fees are for any organization, company, league, or group requesting a golf tournament on any City-owned course. A Tournament Fee will be assessed for groups of 32 players or more.

Section 5. Section 10-8-8 ROA 1994, is hereby amended as follows:

§ 10-8-8 EFFECTIVE DATE OF GOLF COURSE GREEN FEES.

The green fees in this article will be effective June 1, 2007.

Section 6. SEVERABILITY CLAUSE. If any section, subsection, sentence, clause, word or phrase of this Ordinance is for any reason held to be unconstitutional or otherwise invalid by any court of competent jurisdiction, such decision shall not affect the validity of the remaining portions of the Ordinance. The Council, the Governing Body of the City of Albuquerque, hereby declares that it would have passed this Ordinance and each section, subsection, sentence, clause, word or phrase thereof irrespective of any one or more sections, sentences, clauses, words or phrases being declared unconstitutional or otherwise invalid.
Section 7. COMPILATION. This Ordinance shall be incorporated in and
made part of the Revised Ordinances of Albuquerque, New Mexico, 1994.

Section 8. EFFECTIVE DATE. This Ordinance shall take effect five days
after publication in full.
1. ORDINANCE
2. DECREASING THE MUNICIPAL GROSS RECEIPTS AND COMPENSATING TAX IMPOSED BY THE CITY BY A ONE-EIGHTH PERCENT INCREMENT,
3. REPEALING CHAPTER 4 ARTICLE 3 PART 4 ROA 1994 REDUCING THE ONE EIGHTH CENT MUNICIPAL GROSS RECEIPTS AND COMPENSATING TAX TO ZERO.
4. BE IT ORDAINED BY THE COUNCIL, THE GOVERNING BODY OF THE CITY OF ALBUQUERQUE:

Section 1. PUBLIC POLICY. The vibrant local economy has produced strong growth in Gross Receipts Taxes to the City. With this growth it is possible to provide expanded services to City residents and reduce taxes. The decrease mandated in Section 2 of this ordinance is hereby enacted.

Section 2. Chapter 4 Article 3 Part 4 ROA 1994 is hereby repealed.

Section 3. SEVERABILITY CLAUSE. If any section, paragraph, sentence, clause, word or phrase of this ordinance is for any reason held to be invalid or unenforceable by any court of competent jurisdiction, such decision shall not affect the validity of the remaining provisions of this ordinance. The Council hereby declares that it would have passed this ordinance and each section, paragraph, sentence, clause, word or phrase thereof irrespective of any provision being declared unconstitutional or otherwise invalid.

Section 4. COMPILATION. This ordinance shall be incorporated in and be made part of the Revised Ordinances of Albuquerque, New Mexico, 1994.

Section 5. EFFECTIVE DATE. This ordinance shall take effect July 1, 2008.
