Family and Community Services Department

Homeless Men, Women, and Children Housed and Provided Case Management Services

This chart depicts the number of homeless men, women, and children and the number of formerly "chronically homeless" people housed and provided case management services. HUD defines a "chronically homeless" person as "an unaccompanied homeless individual with a disabling condition who has either been continuously homeless for a year or more, or has had at least four episodes of homelessness in the past three years." For more information on these services, search "heading home" or "homeless services" on the City website (<http://www.cabq.gov>).
