

PUBLIC NOTICE
Air Quality Construction Permit For
City of Albuquerque Aviation Department

The City of Albuquerque Aviation Department submitted an application to modify an air quality construction permit to the Air Quality Program (Program) of the City of Albuquerque Environmental Health Department. The Program received the application on January 13, 2022 and additional information was received on February 14 and 15, 2022. The owner of the facility is City of Albuquerque Aviation Department, P.O. Box 9948, Albuquerque, New Mexico 87119-1048. The facility, Albuquerque International Sunport, is located at 2200 Sunport Boulevard SE, Albuquerque, New Mexico 87120. This application file has been assigned Permit Application No. 1419-M8. The Program has made an affirmative administrative completeness determination and is providing this notice pursuant to 20.11.41.14 NMAC.

The applicant is requesting a modification to Permit #1419-M7-RV1. The City of Albuquerque Aviation Department proposed modification consists of the following:

- Replace the existing four 400-kW natural gas-fired emergency generators with internal combustion engines (Emission Units G5, G6, G7, and G8) with four diesel-fired 750-kW emergency generators with internal combustion engines;
- Increase the hours of operation of all emergency engines (Emission Units G1, G2, G3, G4, G5, G6, G7, G8, G9, G10, and G11) to 500 hours per year per engine; and
- Increase the facility wide annual emissions of all pollutants.

The proposed air pollution maximum allowable emissions from this facility have been estimated to be:

POLLUTANT	Proposed Net Changes		Proposed Total Emissions ¹	
	(lbs/hr)	(tpy)	(lbs/hr)	(tpy)
Carbon Monoxide (CO)	7.06	5.19	41.05	19.49
Nitrogen Oxides (NOx)	-80.16	10.71	96.82	36.81
Volatile Organic Compounds (VOC)	5.06	2.63	12.98	4.07
Sulfur Oxides (SOx)	0.64	0.75	3.49	0.96
Particulate Matter ≤ 10 microns (PM ₁₀)	1.03	0.91	4.68	2.31
Particulate Matter ≤ 2.5 microns (PM _{2.5})	1.03	0.91	4.68	2.31
Hazardous Air Pollutants (HAP)	-	-	-	-

¹The proposed total emissions in this notice could change slightly during the course of the Program's review of the application.

The Program has conducted a preliminary review of the information submitted with the permit application. The Program's preliminary review of the information submitted with the permit application included an evaluation of the emission rates and applicable requirements to determine compliance with Title 20, New Mexico Administrative Code (NMAC), Chapter 11, Part 41, and the New Mexico Air Quality Control Act.

A copy of the permit application, all supporting documentation, and the Program's technical analysis, if and when it is completed, may be inspected by the public at the Program offices at Room 3023, One Civic Plaza NW, Albuquerque, NM. Any person who wishes to receive notice of the availability of the

Program's technical analysis for review and comment, must expressly request notice in writing to the Program at: Albuquerque Environmental Health Department, Air Quality Program – Permitting Section P.O. Box 1293, Albuquerque, New Mexico 87103 before the **end of the public comment period on March 28, 2022**. The public will have no fewer than 30 days to submit written comments and evidence, request a public information hearing, or both on the permit application to the Program. Comments will be accepted and considered if postmarked by the end of the public comment period. Formal action on the application will be reserved pending receipt and analysis of any additional details or information developed during the public comment period. Any person who does not participate in the permitting action will not receive notification of the Program's decision regarding the proposed permit, unless the person has delivered a written request for notice to the department. The application, all supporting documentation, and the public notice are available online at <http://www.cabq.gov/airquality/air-quality-permits>.

The Program shall hold a Public Information Hearing pursuant to 20.11.41.15 NMAC if the Director determines there is significant public interest and a significant air quality issue is involved.

The Program expects to issue, issue subject to conditions, or deny this application before May 17, 2022. The Program will not issue any air quality permit with or without conditions unless an air quality ambient impact dispersion modeling study, if deemed necessary by the Program, shows that the facility would not cause or contribute to a potential violation of air quality standards. If the Program issues the permit with conditions, the conditions will include those that limit the emissions, and conditions that will require recordkeeping and reporting to the Program to ensure compliance with federal and local air regulations.

The Program's offices are located at One Civic Plaza NW, Room 3023, Albuquerque, NM 87102. The Program's mailing address is Albuquerque Environmental Health Department, Air Quality Program – Permitting Section, PO Box 1293, Albuquerque, NM 87103.
