

PUBLIC NOTICE

Air Quality Construction Permit For TLC Plumbing & Utility

TLC Plumbing & Utility has submitted an application, for a new or modified air quality construction permit, to the Air Quality Program (Program) of the City of Albuquerque Environmental Health Department. The application was received by the Program on April 26, 2017 and additional information was received on January 22, 2018. The owner of the facility is TLC Plumbing & Utility, 5000 Edith Blvd NE, Albuquerque, NM 87107. The facility, TLC Plumbing & Utility, is located at 5000 Edith Blvd NE, Albuquerque, NM 87107. This application file has been assigned **Permit Application No. 3207-M1**.

The application is to increase the permitted gasoline throughput from 240,000 gallons per year to 500,000 gallons per year for the existing gasoline dispensing facility.

The proposed change in air pollution maximum allowable emissions from this facility have been estimated to be:

POLLUTANT	Pounds Per Hour (lbs/hr)	Tons Per Year (tpy)
Volatile Organic Compounds (VOCs)	increase of 0.77 pounds per hour	increase of 1.69 tons per year

The proposed air pollution maximum allowable emissions from this facility have been estimated to be:

POLLUTANT	Pounds Per Hour (lbs/hr)	Tons Per Year (tpy)
Volatile Organic Compounds (VOCs)	1.48	3.25

A copy of the permit application as well as the Program's analysis, if completed, is available for inspection by the public at the Program offices. If a person wishes to receive notification of the availability of the Program's analysis for their review and comment, they must express that interest in writing to the Program before the end of the public comment period on March 28, 2018. Interested persons may submit written comments and evidence, request a public information hearing, or both on the permit application to the Program. Comments will be accepted and considered if postmarked by the end of the public comment period. Formal action on the application will be reserved pending receipt and analysis of any additional details or information developed during the public comment period. The notice and information regarding this application can be found on the City of Albuquerque's website <http://www.cabq.gov/airquality/air-quality-permits>.

The Program shall hold a Public Information Hearing pursuant to 20.11.41.15 NMAC if the Director determines there is significant public interest and a significant air quality issue is involved.

The Program expects to issue, issue subject to conditions, or deny this application before May 22, 2018. The Program will not issue or issue subject to conditions any air quality permit without an air quality ambient impact dispersion modeling study, if deemed necessary by the Program, that shows that the facility would not cause or contribute to a potential violation of air quality standards. Any person who does not participate in the permitting action will not receive notification of the Program's decision regarding the proposed permit, unless the person has delivered a written request for notice to the Program.

The Program's offices are located at 400 Marquette NW, Room 3047, Albuquerque, NM 87102. The Program's mailing address is Albuquerque Environmental Health Department, Air Quality Program – Permitting Division, PO Box 1293, Albuquerque, NM 87103.
