On September 19, 2018, the Development Review Board (DRB) voted to APPROVE PR-2018-0011326 SD-2018-00106, a Variance for a Carport in a required setback based on the following Findings:

The carport meets the minimum 3 foot setback from the property line (8 feet from the front property and a minimum 3 feet from the sides; the applicant is requesting a variance through the DRB process to allow the carport within the front setback; the subject site is not within CPO 3 or the Monte Vista College View Historic District; the Traffic Engineer has determined that the carport is not a clear site triangle issue, if constructed as shown.
4. The Traffic Engineer has determined that the carport wall is not a hazard to traffic visibility.
5. The carport will be 8'6" feet in height, not taller than the 12 foot tall primary building on the lot.
