Subject: Zoning Amendment for IDO Sub 14-16-6-4

To whom it may concern.

Regarding the Proposed Project at sec of 90th street and San Ygnacio, zoning change and the development of residential townhomes, we are strongly against this change. Our home of 25 years shares a wall with the listed lot, the building of townhomes, we feel, would not be conducive for this area. We also feel it would bring unwanted noise, people, activity and crime to a peaceful neighborhood. Not to mention that the proposed townhomes would hover over the single family homes on either side, there are no other structures of this nature within the area, by allowing this it would open up additional builders to "squish" these developments and people into the area. We plead with you to consider the homeowners that have been long standing in the area and do not allow the change of zoning in this area. We appreciate your time and consideration in this matter.

Thank you,
Edward and Darlene Solis
