Re: Hielo Rd. NW Waiver Requests  
WTF-2025-00003  
WTF-2025-00004

Although the West Side Coalition (WSCONA) has submitted two letters opposing requests for a Waiver for the Wireless Telecommunications Facility on Hielo Rd. NW, I am writing now as an individual.

I have read the Planning Staff Reports for both cases. Planning Staff has recommended *Denial* of both requests.

Both of the requested variances represent a significant negative impact on the entire surrounding area and are inconsistent with the Comprehensive Plan. I respectfully request that you accept the recommendations of Planning Staff and deny both of the requested variances.

Thank you for your time and consideration.

Sincerely,

Jane Baechle
