WSONA President

Re: Project #: SP-2025-00087 SI-2024-01468

The West Side Coalition of Neighborhood Associations (WSONA) Executive Committee has followed this application since its introduction. We submitted written comments on December 7, 2025 which outlined our opposition to this application and advocated for adherence to IDO 14-16-5-8 Outdoor and Site Lighting.

We are grateful that this application is being withdrawn and that an IDO compliant lighting plan will be adopted. We respectfully request that you accept the withdrawal.

Sincerely,

Jane Baechle WSONA President
