

December 5, 2022

Chair Timothy MacEachen, and fellow Commissioners,

The North Valley Coalition supports the small area amendments to CPO-9. We were part of the discussion during the writing of these amendments and the changes reflect more clearly the intent of the Character Protection Overlay for the North 4th Corridor. In trying to make the corridor more interesting architecturally and therefore enhancing walkability, it is important that any facade facing 4th Street should comply with similar design standards. We encourage you to support these amendments. Thank you.

Peggy Norton, President
North Valley Coalition
