**Staff Recommendation**

APPROVAL of RZ-2022-00024, based on the Findings beginning on p.23.

---

**STAFF PLANNER**

Leroy Duarte, Planner
Summary of Analysis

The request is for a Zoning Map Amendment from R-1D to NR-PO-B for an approximately 35-acre site(s).

The subject site(s) are vacant and surrounded by La Cuentista and Piedras Marcadas Canyon open space. The sites would be managed by the City of Albuquerque.

The applicant has adequately justified the request pursuant to the IDO zone change criteria in 14-16-6-7(G)(3). The proposed zoning would be more advantageous to the community overall because it furthers a preponderance of applicable Comprehensive Plan Goals and policies and there are no major conflicts.

The subject site(s) are in an Area of Consistency and are not located within a corridor or Activity Center.

The affected neighborhood organizations are the Westside Coalition of Neighborhood Associations, Piedras Marcadas Neighborhood Association, Rancho Sereno Neighborhood Association, Taylor Ranch Neighborhood Association, Paradise Hills Civic Association, and Alban Hills Neighborhood Association, which were notified. Property owners within 100 feet of the subject site were also notified as required. As of this writing, Staff has not been contacted and there is no known opposition.

Staff recommends approval.

Request

The request is for a Zoning Map Amendment for an approximately 35-acre site(s) legally described as follows: The northerly Portion of Tract D Correction Plat of the bulk land Plat of La Cuentista Subdivision (tracts A thru E) 5.1 acres; The south-westerly Portion of Tract D Correction Plat of the bulk land Plat of La Cuentista Subdivision (tracts A thru E) 5 acres; The southerly Portion of Tract D Correction Plat of the bulk land Plat of La Cuentista Subdivision (tracts A thru E) 5.1 acres; The south-westerly Portion of Tract E-1 Plat of Tracts E-1 Thru E-5 La Cuentista Subdivision (A Replat of Tract E of the Corrected Plat of the bulk land Plat of La Cuentista Subdivision) 10.4 acres; The south-easterly Portion of Tract E-1 Plat of Tracts E-1 Thru E-5 La Cuentista Subdivision (A Replat of Tract E of the Corrected Plat of the bulk land Plat of La Cuentista Subdivision) 10.1 acres; located between Kimmick Dr. NW and Ridgeway Dr. NW (“the subject site”).

The subject site is currently zoned R-1D (Single-family extra-large lot). The applicant requests a Zoning Map Amendment from R-1D to NR-PO-B (Non-residential – Park and Open Space, Sub-zone B: Major Public Open Space Zone District).

The subject site is currently vacant and bounded by residential single-family lots and the La Cuentista and Piedras Marcadas Canyon Open Spaces.

EPC Role

The EPC is hearing this case because the EPC is required to hear all zone change cases, regardless of site size, in the City. Pursuant to IDO Subsection 14-16-6-7(G)(a) – EPC is the final decision maker when requesting a zone map amendment to the NR-PO-B zone district, regardless of the size of the subject site. The EPC is the final decision-making body unless the EPC decision is appealed. If so, the Land Use Hearing Officer (LUHO) would hear the appeal and make a recommendation to the City Council. The City Council would make then make the final decision. The request is a quasi-judicial matter.
Context
The approximately 35-acre site is located between Kimmick Dr. NW and Ridgeway Dr. NW. The subject site(s) are surrounded by low density residential uses and open space. Adjacent to the subject site(s) to the north lies vacant land and single-family residential development. South and East of the subject site(s) is the Piedras Marcadas Canyon Open Space that is open to the public. West of the site(s) lies La Cuentista Open Space and La Cuentista subdivision.

History
In 2003 a Bulk Land Plat and Variance was approved by the DRB (09 DRB-70255). The Bulk Land Plat consisted of 71 acres and received a variance or waiver from certain subdivision requirements the in place at the time.

On August 19, 2009, a preliminary plat and bulk land variance was granted by the DRB (09DRB-70253). Vacation of public easements was also granted (09 DRB-70254).

In May 2018, a preliminary plat was approved for the 60-acre site. The final plat was deferred to planning for AMAFCA and utility signatures. The Bulk Land Variance was also approved based on conditions. (see attachment)

Roadway System
The Long-Range Roadway System (LRRS) map, produced by the Mid-Region Metropolitan Region Planning Organization (MRMPO), identifies the functional classification of roadways.

The LRRS map classifies Kimmick Dr NW as a minor collector street and Ridgeway NW as a local street.

Comprehensive Plan Designations
The subject site is not located within any Centers or along any Corridors as designated by the Comprehensive Plan.

The subject site is located within an Area of Consistency.

The subject site is part of the Northwest Mesa Community Planning Area (CPA). The Northwest Mesa is a predominantly residential community, adjacent to volcanoes and volcanic Northwest Mesa Escarpment and overlooking the river and mountains. Corrales and Rio Rancho border this area to the north.

Design/Character Considerations for the Northwest Mesa include: suburban subdivisions with wide streets and landscape buffers and large building setbacks; walls lining minor arterial and collector streets to separate residential development; proximity to the Rio Grande and Petroglyph National Monument, and volcanic Northwest Mesa Escarpment; views of the volcanoes and escarpment to the west and the Rio Grande and mountains to the east; shopping centers set back from the street with parking in front.

Trails/Bikeways
The Long-Range Bikeway System (LRBS) map, produced by the Mid-Region Metropolitan Planning Organization (MRMPO) identifies existing and proposed routes and trails. Currently, Kimmick Dr. NW NE does not contain any trails or bicycle lanes but there is a proposed bike lane along the street in the future.
**Transit**
Currently no transit routes run along or near Kimmick Dr. NW.

**Public Facilities/Community Services**
Please refer to the Public Facilities Map, which shows public facilities and community services located within one mile of the subject site.

**II. ANALYSIS of APPLICABLE ORDINANCES, PLANS, AND POLICIES**

**Integrated Development Ordinance (IDO)**

*Definitions*

Adjacent: Those properties that are abutting or separated only by a street, alley, trail, or utility easement, whether public or private.

Major Public Open Space: Publicly-owned spaces managed by the Open Space Division of the City Parks and Recreation Department, including the Rio Grande State Park (i.e. the Bosque), Petroglyph National Monument, and Sandia foothills. These are typically greater than 5 acres and may include natural and cultural resources, preserves, low-impact recreational facilities, dedicated lands, arroyos, or trail corridors. The adopted Facility Plan for Major Public Open Space guides the management of these areas. For the purposes of this IDO, Major Public Open Space located outside the city municipal boundary still triggers Major Public Open Space Edge requirements for properties within the city adjacent to or within the specified distance of Major Public Open Space.

Non-residential Zone District: Any zone district categorized as Non-residential in Part 14-16-2 of this IDO.

Open Space: In lowercase letters, a generic term for any outdoor space or amenity intended to retain access to open air and sunlight, regardless of location, ownership, or management responsibility. Open space is required through various means in order to provide a psychological and physical respite from development densities. Open space is intended to create healthy places that balance density vs. openness and urban vs. natural environments. For City-owned open space, see Open Space Definitions for Major Public Open Space.

**Zoning**
The subject site(s) are currently zoned R-1D (Residential single-family extra-large lot), IDO 14-16-2-3(B) which was assigned upon the adoption of the IDO. The purpose of the R-1 zone district is to provide for neighborhoods of single-family homes with a variety of lot sizes and dimensions. When applied in developed areas, an additional purpose is to require that redevelopment reinforce the established character of the existing neighborhood. Primary land uses include single-family detached homes on individual lots, with limited civic and institutional uses to serve the surrounding residential area.

The request is to change the subject site’s zoning into NR-PO-B (Non-Residential – Park and Open Space, Zone District). The purpose of the NR-PO zone district is to protect the natural character of designated private and public parks and open space for public recreation, use, and enjoyment. Primary uses are open space and related recreation facilities, picnic and other shelters, and service/maintenance facilities.
Albuquerque / Bernalillo County Comprehensive Plan (Rank 1)

The subject site is located in an area that the 2017 Albuquerque/Bernalillo County Comprehensive Plan has designated an Area of Consistency. In Areas of Consistency, significant growth is unlikely or undesirable and any new development or redevelopment will need to be consistent with the established character of the surrounding context in order to reinforce the existing character of established neighborhoods.

In this case, the Goals and policies below were included by the applicant in the justification letter. Staff finds them all but one applicable. Applicable Goals and policies are listed below. Staff analysis follows in bold italic text.

Policy 4.1.1- Distinct Communities: Encourage quality development that is consistent with the distinct character of communities.

_The subject site(s) are within La Cuentista Subdivision that could be considered distinct because it is adjacent to the La Cuentista Open Space. The request to NR-PO-B is to not only reflect the City’s ownership, but to protect the natural characteristics of the landscape and to preserve the areas for public recreation and use. This request would be consistent with the surrounding Open Space zone districts and distinct character of the surrounding land. This request furthers Policy 4.1.1 Distinct communities._

Policy 4.1.3- Placemaking: Protect and enhance special places in the built environment that contribute to a distinct identity and sense of place.

_The request would protect the distinct identity of the La Cuentista Subdivision and surrounding Open Space by preserving the subject site as a MPOS. The subject site(s) are adjacent to La Cuentista and Piedras Marcadas Canyon Open space, and residential developments to the east and west. The subject site(s) would expand to the existing open space and provide the surrounding community with a sense of place by not only preserving, but adding 35 acres to the land as MPOS. The request furthers Policy 4.1.3 – Placemaking._

Policy 4.1.4(c): Support improvements that protect stable, thriving residential neighborhoods and enhance their attractiveness.

_The request would protect the long-term health and vitality of the community by preserving the subject site as MPOS, remaining consistent with the adjacent Open Space. Based on one of the conditions for the Bulk Land Variance: The Variance will not permit, encourage or make possible undesired development in the 100-year floodplain; therefore, the request would protect and stabilize the attractiveness of the neighborhood. The request furthers Sub-policy 4.1.4(c)._

Goal 4.3- City Community Planning Areas (CPA): Protect and enhance the natural and cultural characteristics and features that contribute to a distinct identity and prioritize projects and programs to meet the needs of communities, neighborhoods, and sub-areas.

_The subject site(s) are within the Northwest Mesa CPA, which is described by the Comp Plan as being characterized by its proximity to the Petroglyph National Monument, and Rio Grande. The request would protect the natural and cultural characteristics of the subject site(s) that contribute to the surrounding residential community and adjacent to La Cuentista and Piedras Marcadas Canyon open Space. The request furthers Goal 4.3 – City Community Planning Areas._
Goal 5.2- Complete Communities: Foster communities where residents can live, work, learn, shop, and play together.

The subject site(s) are currently surrounded by existing open space- La Cuentista and Piedras Marcadas Canyon. Adding 35 acres to the existing open space network would foster the La Cuentista Subdivision community with more access to public open space where residents can live, learn and play together. The request furthers Goal 5.2-Complete Communities.

Goal 5.3- Efficient Development Patterns: Promote development patterns that maximize the utility of existing infrastructure and public facilities and the efficient use of land to support the public good.

The subject site(s) are already served by existing infrastructure and public facilities, due to the surrounding residential community. The request would generally promote efficient development patterns and use of land by preserving land as that is adjacent to La Cuentista and Piedras Marcadas Canyon Open Space. The use of land would be efficient and support the existing open space network to support the public good. The request furthers Goal 5.3- Efficient Development Patterns.

Policy 5.5.1- Community Green Space: Provide visual relief from urbanization and offer opportunities for education, recreation, cultural activities, and conservation of natural resources by setting aside publicly-owned Open Space, parks, trail corridors, and open areas throughout the Comp Plan.

The request would allow the subject site(s) to become part of the City’s network of Open Spaces, therefore creating and expanding more opportunities for the conservation of natural resources. The request would provide access to an additional Open Space area alongside the existing La Cuentista and Piedras Marcadas Canyon Open Space and provide the opportunity for education, recreation, cultural activities in a publicly owned MPOS in the Northwest Mesa. The request would allow the neighboring parcels of land to remain consistent with the existing open space that currently surrounds them. The request furthers Policy 5.5.1 – Community Green Space.

Goal 5.6- City Development Areas: Encourage and direct growth to Areas of Change where it is expected and desired and ensure that development in and near Areas of Consistency reinforces the character and intensity of the surrounding area.

The subject site is located in an Area of Consistency, where development reinforces the character and intensity of the surrounding area. The request would allow the subject site(s) to remain consistent in respect to the characteristics and zoning to the existing adjacent open space properties. The request furthers Goal 5.6-City Development Areas.

Policy 5.6.3- Areas of Consistency: Protect and enhance the character of existing single-family neighborhoods, areas outside of Centers and Corridors, parks, and Major Public Open Space.

The request would protect the character of La Cuentista Subdivision a single-family neighborhood, by adding the subject properties to the City’s publicly owned network of Open Space. The surrounding neighborhood La Cuentista Subdivision consists of low-density residential lots and is not located within a corridor or centers. There is existing Major Public Open space adjacent to the subject site(s). The request furthers Policy 5.6.3.
Chapter 7: Urban Design

Policy 7.3.1- Natural and Cultural Features: Preserve, enhance, and leverage natural features and views of cultural landscapes.

The subject site(s) are located in the Volcano Mesa Character Protection Overlay Zone and the Northwest Mesa Escarpment View Protection Overlay Zone. The request would preserve the natural features and cultural landscape as well as enhance and leverage the subject site(s) as an accessible Open Space amenity. The request furthers Policy 7.3.1.

Chapter 10: Parks & Open Space

Goal 10.1- Facilities & Access: Provide parks, Open Space, and recreation facilities that meet the needs of all residents and use natural resources responsibly.

The subject site(s) are adjacent to La Cuentista and Piedras Marcadas Canyon Open Space and are recognized as a natural amenity to the surrounding community. The request would preserve natural resources and would expand and provide an accessible Open Space amenity to all residents. The request furthers Goal 10.1 Facilities & Access.

Policy 10.1.1- Distribution: Improve the community’s access to recreational opportunities by balancing the City and County’s parks and Open Space systems with the built environment.

The subject site(s) are adjacent to existing open space. The request would expand to La Cuentista and Piedras Marcadas Canyon Open space network allowing the opportunity to provide access to the existing open space network. The request furthers Policy 10.1.1.- Distribution

Goal 10.2- Parks: Provide opportunities for outdoor education, recreation, and cultural activities that meet community needs, enhance quality of life, and promote community involvement for all residents.

The request to NR-PO-B is categorized as a Major Public Open Space. The request will enhance the quality of life for residents within the surrounding neighborhood, by preserving the natural landscape. The request would be accessible to the community, provide opportunities for outdoor education from the neighboring Chamiza Elementary School, recreation, and cultural activities. The request furthers Goal 10.2 Parks.

Goal 10.3- Open Space: Protect the integrity and quality of the region’s natural features and environmental assets and provide opportunities for outdoor recreation and education.

The request would protect the natural features and provide opportunities for outdoor recreation and education on the subject site(s). The subject site(s) are located in an area primarily utilized and preserved as Open Space and the request would ensure that the subject site(s) are preserved as an environmental asset for outdoor recreation and for education purposes. The request furthers Goal 10.3.- Open Space
Policy 10.3.1- Open Space Acquisition: Acquire significant lands throughout the community to shape the urban form, conserve natural and cultural resources, and protect agricultural land.

The request would reflect the subject site(s) as Major Public Open Space which would be maintained by the City of Albuquerque. Acquiring these parcels would conserve natural resources and protect the existing open space. The request furthers Policy 10.3.1- Open Space Acquisition.

Chapter 11: Heritage Conservation

Policy 11.3- Cultural Landscapes: Protect, reuse, and/or enhance significant cultural landscapes as important contributors to our heritage and rich and complex identities.

The subject site(s) are located in the Volcano Mesa Character Protection Overlay Zone, and located in the Northwest Mesa which is characterized by its proximity to the volcanoes and volcanic Northwest Mesa Escarpment that overlooks the river and mountains. The site(s) would enhance the area by protecting the cultural landscapes and retaining the identity of the overlay zone. The request furthers Policy 11.3.1 – Natural and Cultural Features.

Policy 11.3.1- Natural and Cultural Features: Preserve and enhance the natural and cultural characteristics and features that contribute to the distinct identity of communities, neighborhoods, and cultural landscapes.

The Petroglyphs have cultural significance to the surrounding neighborhood due to its historical characteristics and natural features. The subject site(s) would preserve and enhance the cultural landscapes by matching the existing zoning NR-PO-B (La Cuentista and Piedra Marcadas Canyon Open Space), which would contribute to the identity of the neighborhood. Previous conditions on the site deter any undesired development to occur, therefore making the request for Open Space use complementary. The request furthers Policy 11.3.1 – Natural and Cultural Features.

Policy 11.3.4- Petroglyph National Monument: Regulate adjacent development to protect and preserve the Petroglyph National Monument – its volcanoes, petroglyphs, and Northwest Mesa Escarpment – as a priceless cultural landscape and community resource that provides physical, cultural, and economic benefits.

The subject site(s) would regulate development and protect the Petroglyphs by regulating the land as NR-PO-B adding more land to the open space network that currently surrounds La Cuentista Subdivision. Other measures such as the character protection overlay zone and view protection overlays also help regulate development. The request furthers Policy 11.3.4 – Petroglyph National Monument.

Policy 11.3.6- Volcano Mesa sub policy (h): Encourage shared usable open space and park development to be accessible to the public and to connect to adjacent MPOS or the Monument, preserving wildlife corridors and encouraging active living.

The subject site(s) would connect to surrounding existing major public open space network which would add approximately 35 more acres of land, thus preserving and expanding the
wildlife corridors and encourage active living. The request furthers Sub-Policy h 11.3.6 – Volcano Mesa.

Chapter 13: Resilience & Sustainability

**Goal 13.4- Natural Resources:** Protect, conserve, and enhance natural resources, habitats, and ecosystems.

*The request would protect and conserve the subject site as a dedicated Major Public Open Space, therefore ensuring that the subject site(s) remain dedicated to enhancing natural resources, habitats for wildlife and the ecosystem for the existing La Cuentista and Piedras Marcadas Canyon Open Space. The request furthers Goal 13.4 Natural Resources.*

**Policy 13.4.4- Unique Landforms and Habitats:** Protect areas with unique landforms, and crucial habitats for wildlife, through sensitive urban development or acquisition as Open Space.

*The request would protect the site(s) by correctly identifying the parcels as Major Public Open Space and expanding the existing open space that currently surrounds the subject site(s). The request furthers Policy 13.4.4.*

**Policy 13.5.2- Healthful Development:** Encourage public investments and private development that enhance community health.

*The request would provide additional access to Open Space within an existing residential community and adjacent to La Cuentista and Piedras Marcadas Canyon Open Space, therefore continuing to enhance the health of the surrounding community through public investment. The request generally furthers Policy 13.5.2.*

**NOT APPLICABLE:**

**Chapter 8: Economic Development**

**Policy 8.1.4- Leverage Assets:** Enhance and market the region’s unique characteristics internally and to outside businesses and individuals in order to compete with other regions.

*The request would facilitate the subject site(s)’s ability to become a part of the City’s network of Open Space, therefore providing an opportunity for more accessible open space in an existing neighborhood with surrounding city open space areas. This request does not leverage assets to compete with other regions. The request does not apply to Policy 8.1.4.*

**Major Public Open Space Facility Plan (Rank II)**

The Major Public Open Space (MPOS) Facility Plan was adopted in 1999 to identify potential open spaces in Bernalillo County. The MPOS Facility Plan (“MPOS Plan”) establishes general policies and area-specific policies regarding management and staffing, vegetation management, revenue, and environmental education. It also contains an inventory of open space (at time of publication), a plant list (Appendix F), a list of potential funding sources (Appendix G), and standards for facility design (Appendix H).
The purpose of the MPOS Plan is to establish guidelines for implementation of the MPOS network goals as outlined in the Comprehensive Plan.

- Conserve natural resources and environmental features
- Provide opportunities for outdoor education and recreation
- Shape the urban form
- Conserve archaeological resources
- Provide trail corridors
- Protect the public from natural hazards

The Comprehensive Plan mandates that access to the Rio Grande, Bosque and surrounding river lands be carefully designed to provide entry to areas suitable for recreational, scientific and educational use. The Major Public Open Space Facility Plan lists several points of access (both existing and proposed) to provide access to the Bosque area in order “to preserve wildlife habitat and maintain essential watershed and drainage functions.”

Section five in the Major Public Open Space Facilities Plan, regarding the Rio Grande Bosque, states several policies. The categories of the policies include planning, land use, management and revenue generation. Applicable policies specific to this project are presented in the land use category and stated below:

Policy B.1 (d) - Conserve archaeological and cultural resources including petroglyphs, pueblo sites, historic resources and sites sacred to Native Americans.

The request would conserve the subject site as Major Public Open Space, which is adjacent to the Petroglyph Nation Monument; an archeological and cultural resource. The NR-PO-B zone designation protects the Petroglyph National Monument from further development of residential subdivisions, which can have an impact on the petroglyph landscape. The request furthers Policy B.1(d)-City of Albuquerque Major Public Open Space Facility Plan.

Integrated Development Ordinance (IDO) 14-16-6-7(G)(3)-Review and Decision Criteria for Zone Map Amendments

Requirements

The review and decision criteria outline policies and requirements for deciding zone change applications. The applicant must provide sound justification for the proposed change and demonstrate that several tests have been met. The burden is on the applicant to show why a change should be made.

The applicant must demonstrate that the existing zoning is inappropriate because of one of three findings: 1) there was an error when the existing zone district was applied to the property; or 2) there has been a significant change in neighborhood or community conditions affecting the site; or 3) a different zone district is more advantageous to the community as articulated by the Comprehensive Plan or other, applicable City plans.

Justification & Analysis

The zone changes justification letter analyzed here, received on May 31, 2022, is a response to Staff’s request for a revised justification (see attachment). The subject site is currently zoned R-1D (Residential – single-family extra-large lot). The requested zoning is NR-PO-B (Non-Residential – Park and Open Space, Zone District) with Sub-zone B: Major Public Open Space. The reason for the request is to reflect the current ownership and management of these properties by the City of
Albuquerque and preserve the subject site(s) as a dedicated MPOS. The subject site is in an Area of Consistency.

The applicant believes that the proposed zoning map amendment (zone change) meets the zone change decision criteria in IDO 14-16-6-7(G)(3) as elaborated in the justification letter. The citation is from the IDO. The applicant’s arguments are in *italics*. Staff analysis follows in plain text.

A. Criterion 6-7(G)(3)(a) The proposed zone change is consistent with the health, safety, and general welfare of the City as shown by furthering (and not being in conflict with) a preponderance of applicable Goals and Policies in the ABC Comp Plan, as amended, and other applicable plans adopted by the City.

**Applicant Response:** The proposed Zoning Map Amendment furthers criteria 6-7(G)(3)(a) by maintaining the health, safety, and general welfare of the City, which is demonstrated by the request’s consistency with the following Comprehensive Plan goals and policies:

Staff: Consistency with the City’s health, safety, and general welfare is shown by demonstrating that the request furthers applicable Comprehensive Plan Goals and policies and does not significantly conflict with them.

**Applicable citations:** Policy 4.1.1 Distinct Communities; Policy 4.1.3 Placemaking; Sub-Policy 4.1.4(c) Neighborhoods; Goal 4.3 City Community Planning Areas; Goal 5.3 Efficient Development Patterns; Policy 5.5.1 Community Green Space; Goal 5.6 City Development Areas; Policy 5.6.3 Areas of Consistency; Policy 7.3.1 Natural and Cultural Features; Goal 10.1 Facilities & Access; Policy 10.1.1 Distribution; Goal 10.2 Parks; Goal 10.3 Open Space; Policy 10.3.1 Open Space Acquisition; Goal 11.3 Cultural Landscape; Policy 11.3.1 Natural and Cultural Features; Policy 11.4.3 Petroglyph National Monument; Policy 11.3.6 Volcano Mesa sub-policy (h); Goal 13.4 Natural Resources; Policy 13.4.4 Unique Landforms and Habitats; and Policy 13.5.2 Healthful Development.

**Non-applicable citations:** Policy 8.1.4 Leverage Assets.

The applicant’s policy-based response satisfactorily demonstrates that the request furthers a preponderance of applicable Goals and policies regarding character, identity, complete communities, land uses, efficient development patterns, infill development, city development areas and compatibility and does not present any significant conflicts with the Comprehensive Plan. Therefore, the request is consistent with the City’s health, safety, and general welfare. The response to Criterion A is sufficient.

B. Criterion 6-7(G)(3)(b) If the subject property is located partially or completely in an Area of Consistency (as shown in the ABC Comp Plan, as amended), the applicant has demonstrated that the new zone would clearly reinforce or strengthen the established character of the surrounding Area of Consistency and would not permit development that is significantly different from that character. The applicant must also demonstrate that the existing zoning is inappropriate because it meets any of the following criteria:

1. There was typographical or clerical error when the existing zone district was applied to the property.
2. There has been a significant change in neighborhood or community conditions affecting the site that justifies this request.

3. A different zone district is more advantageous to the community as articulated by the ABC Comp Plan, as amended (including implementation of patterns of land use, development density and intensity, and connectivity), and other applicable adopted City plan(s).

**Applicant Response:** This zone change meets sub-criteria 3 as the addition of Open Space is more advantageous to the community for health, environmental, and cultural reasons as outlined by the ABC Comprehensive Plan. The La Cuentista parcels are located in an area of consistency and the addition of the NR-PO-B zone classification helps to protect and enhance the characteristics of the communities.

**Staff:** The subject site is located in an Area of Consistency. The applicant’s policy-based analysis (see response to Criterion A) demonstrates that the request would further a preponderance of applicable Comprehensive Plan Goals and policies and therefore would be more advantageous to the community than the current zoning. The response to Criterion B is sufficient.

C. Criterion 6-7(G)(3)(c)

If the subject property is located wholly in an Area of Change (as shown in the ABC Comp Plan, as amended) and the applicant has demonstrated that the existing zoning is inappropriate because it meets any of the following criteria:

1. There was typographical or clerical error when the existing zone district was applied to the property.

2. There has been a significant change in neighborhood or community conditions affecting the site that justifies this request.

3. A different zone district is more advantageous to the community as articulated by the ABC Comp Plan, as amended (including implementation of patterns of land use, development density and intensity, and connectivity), and other applicable adopted City plan(s).

**Applicant Response:** The La Cuentista parcels are located entirely in an Area of Consistency.

**Staff:** The subject site is located wholly in an Area of Consistency, so this criterion does not apply. The response to Criterion C is sufficient.

D. Criterion 6-7(G)(3)(d)
The requested zoning does not include permissive uses that would be harmful to adjacent property, the neighborhood, or the community, unless the Use-specific Standards in Section 16-16-0 associated with that use will adequately mitigate those harmful impacts.

**Applicant Response:**

The existing justification letter includes a list of the permissive uses in the NR-PO-B zone. The nature of the NR-PO-B zone is different from other zones in the IDO for a couple of reasons:

1. The uses identified as being permissive are regulated by several additional criteria and approval processes outside of the IDO.

2. The zone is informed by the Major Public Open Space Facility Plan. This Rank 2 Plan provides policies and requirements that impact Major Public Open Space. The following information summarizes this Rank 2 Plan.
3. The Open Space Advisory Board has the responsibility to review and approve extra-ordinary facilities as defined in the Facility Plan.

Based on the policies and procedures in the Facility Plan, the uses listed as permissive in the IDO Use Table, are only permissive if the policies and processes outlined in the Faculty Plan are met. The following summary provides a detailed review of those requirements. Based on the Facility Plan and the policies and procedures, the uses allowed have adequate safeguards to mitigate any harmful impacts from those uses. Permissive uses in NR-PO-B zones are advantageous to creating complete communities and protecting environmentally significant lands. (see attachment)

Allowable Uses for NR-PO-B compared to R-1D

Staff: The applicant compared allowable uses in the existing R-A zone district and the proposed NR-PO-B zone district. Uses allowed as permissive in the IDO are only permissive if the policies and processes outlined in the Major Public Open Space Facility Plan are met. Uses that would be allowed would have adequate protections to mitigate any harmful impacts from those uses.

The response to Criterion D is sufficient.

E. Criterion 6-7(G)(3)(e) The City's existing infrastructure and public improvements, including but not limited to its street, trail, and sidewalk systems meet any of the following requirements:

1. Have adequate capacity to serve the development made possible by the change of zone.
2. Will have adequate capacity based on improvements for which the City has already approved and budgeted capital funds during the next calendar year.

3. Will have adequate capacity when the applicant fulfills its obligations under the IDO, the DPM, and/or an Infrastructure Improvements Agreement (IIA).

4. Will have adequate capacity when the City and the applicant have fulfilled their respective obligations under a City-approved Development Agreement between the City and the applicant.

Applicant Response: The Zone Map Amendment meets sub-criteria 1 as the parcels will be served by existing infrastructure. There are no development plans for the sites currently but in the future, the City may create trail systems to connect the parcels to the existing surrounding Open Space areas.

Staff: The subject site(s) are adequately served by existing infrastructure (requirement 1) and will have adequate capacity for the purposes of this request to serve as Open Space in the future. The response to Criterion E is sufficient.

F. Criterion 6-7(G)(3)(f) The applicant’s justification for the Zoning Map Amendment is not completely based on the property’s location on a major street.

Applicant Response: The purposed zone map amendment is being justified based on the advantages it provides for the community rather than the location of the parcels on a major street.

Staff: The subject site(s) are not located on a major street. Kimmick Dr. NW is considered as a minor collector street. The response to Criterion F is sufficient.

G. Criterion 6-7(G)(3)(g) The applicant’s justification is not based completely or predominantly on the cost of land or economic considerations.

Applicant Response: The purposed zone map amendment is being justified based on the advantages it provides for the community rather than the cost of land of each lot.

Staff: The request is not based on the cost of land or economic consideration, but for access to a MPOS for the community. The applicant has adequately demonstrated that the request furthers a preponderance of applicable Comprehensive Plan Goals and policies and does not conflict with them. The response to Criterion G is sufficient.

H. Criterion 6-7(G)(3)(h) The zone change does not apply a zone district different from surrounding zone districts to one small area or one premises (i.e. create a “spot zone”) or to a strip of land along a street (i.e. create a “strip zone”) unless the requested zoning will clearly facilitate implementation of the ABC Comp Plan, as amended, and at least one of the following applies:

1. The subject property is different from surrounding land because it can function as a transition between adjacent zone districts.

2. The subject property is not suitable for the uses allowed in any adjacent zone district due to topography, traffic, or special adverse land uses nearby.

3. The nature of structures already on the subject property makes it unsuitable for the uses allowed in any adjacent zone district.

Applicant Response: The proposed NR-PO-B zoning for the La Cuentista parcels is contiguous to or near existing Open Space which will not create a “spot zone” in these areas. Changing the current
zone to NR-PO-B allows for the preservation of sensitive lands that are in or near the Petroglyph National Monument.

Staff: The request would not result in a “spot zone” as it is adjacent to existing NR-PO-B zoned properties. The response to Criterion H is sufficient.

III. AGENCY & NEIGHBORHOOD CONCERNS

Reviewing Agencies
City departments and other agencies reviewed this application. Few Agency Comments were received and there were no objections to the proposed ZMA. Standard comments were offered by Solid Waste and PNM, which could become more important in the future. Agency comments begin on p.30.

Neighborhood/Public
Notification requirements are found in 14-16-6, in the Procedures Table 6-1-1 and are further explained in 14-16-6-4(K), Public Notice. 9. The affected, registered neighborhood organizations are the Westside Coalition of Neighborhood Associations, Piedras Marcadas Neighborhood Association, Rancho Sereno Neighborhood Association, Taylor Ranch Neighborhood Association, Paradise Hills Civic Association, and Alban Hills Neighborhood were notified as required. Property owners within 100 feet of the subject site(s) were also notified as required.

A pre-application neighborhood meeting was held as facilitated on Monday April 25, 2022 from 6:00 pm to 8:00 pm via Zoom. Several questions and comments were made by neighbors regarding the request, which were answered during the meeting. There was no unresolved issues or concerns (see attached Facilitated meeting report).

As of this writing, Staff has not been contacted and is not aware of any opposition.

IV. CONCLUSION
The request is for a Zoning Map Amendment for an approximately 35-acre site(s) located between Kimmick Dr. NW and Ridgeway Dr. NW (“the subject site”).

The subject site(s) are currently vacant and surrounded by low density residential uses and open space. It is zoned R-1D (Single-Family Residential extra-large lot). La Cuentista and Piedras Marcadas Canyon Open Space lie adjacent to subject site(s).

The applicant is requesting a zone change to NR-PO-B (Non-residential – Park and Open Space, Sub-zone B: Major Public Open Space Zone District) to reflect the current ownership and management of these properties by the City of Albuquerque and to preserve the parcels as a Major Public Open Space.

The applicant has adequately justified the request based upon the proposed zoning being more advantageous to the community than the current zoning because it would further a preponderance of applicable Goals and policies.
The affected neighborhood organizations were notified as required and property owners within 100 feet of the subject site were also notified as required. A neighborhood meeting was held on April 25, 2022. Staff is not aware of any support or opposition as of this writing.

Staff recommends approval.
1. The request is for a Zoning Map Amendment for an approximately 35-acre site(s) legally described as The northerly Portion of Tract D Correction Plat of the bulk land Plat of La Cuentista Subdivision (tracts A thru E); The south-westerly Portion of Tract D Correction Plat of the bulk land Plat of La Cuentista Subdivision (tracts A thru E); The southerly Portion of Tract D Correction Plat of the bulk land Plat of La Cuentista Subdivision (tracts A thru E); The south-westerly Portion of Tract E-1 Plat of Tracts E-1 Thru E-5 La Cuentista Subdivision (A Replat of Tract E of the Corrected Plat of the bulk land Plat of La Cuentista Subdivision); The south-easterly Portion of Tract E-1 Plat of Tracts E-1 Thru E-5 La Cuentista Subdivision (A Replat of Tract E of the Corrected Plat of the bulk land Plat of La Cuentista Subdivision), located between Kimmick Dr. NW and Ridgeway Dr. NW (“the subject site”).

2. The subject site(s) are currently vacant and surrounded by low density residential uses and open space. It is zoned R-1D (Single-Family Residential extra-large lot). La Cuentista and Piedras Marcadas Canyon Open Space lie adjacent to subject site(s).

3. The applicant is requesting a zone change to NR-PO-B (Non-residential – Park and Open Space, Sub-zone B: Major Public Open Space Zone District) to reflect the current ownership and management of these properties by the City of Albuquerque and to preserve the subject site as a Major Public Open Space (MPOS).

4. The subject site is in an area that the Comprehensive Plan designated an Area of Consistency. It is not located on or in a Corridor or Center as designated by the Comprehensive Plan.

5. The Albuquerque/Bernalillo County Comprehensive Plan, the Major Public Open Space Facilities Plan (MPOS Plan), and the Integrated Development Ordinance (IDO) are incorporated herein by reference and made part of the record for all purposes.

6. The request furthers the following, applicable goals and policies from Comprehensive Plan Chapter 4: Community Identity:

   A. **Policy 4.1.1- Distinct Communities:** Encourage quality development that is consistent with the distinct character of communities.

      The subject site(s) are within La Cuentista Subdivision that could be considered distinct because it is adjacent to the La Cuentista Open Space. The request to NR-PO-B is to not only reflect the City’s ownership, but to protect the natural characteristics of the landscape and to preserve the areas for public recreation and use. This request would be consistent with the surrounding Open Space zone districts and distinct character of the surrounding land.

   B. **Policy 4.1.3- Placemaking:** Protect and enhance special places in the built environment that contribute to a distinct identity and sense of place.

      The request would protect the distinct identity of the La Cuentista Subdivision and surrounding Open Space by preserving the subject site as a MPOS. The subject site(s) are adjacent to La Cuentista and Piedras Marcadas Canyon Open space, and residential developments to the east and west. The subject site(s) would expand to the existing open
space and provide the surrounding community with a sense of place by not only preserving, but adding 35 acres to the land as MPOS.

C. **Policy 4.1.4(c):** Support improvements that protect stable, thriving residential neighborhoods and enhance their attractiveness.

The request would protect the long-term health and vitality of the community by preserving the subject site as MPOS, remaining consistent with the adjacent Open Space. Based on one of the conditions for the Bulk Land Variance: The Variance will not permit, encourage or make possible undesired development in the 100-year floodplain; therefore, the request would protect and stabilize the attractiveness of the neighborhood.

D. **Goal 4.3 - City Community Planning Areas (CPA):** Protect and enhance the natural and cultural characteristics and features that contribute to a distinct identity and prioritize projects and programs to meet the needs of communities, neighborhoods, and sub-areas.

The subject site(s) are within the Northwest Mesa CPA, which is described by the Comp Plan as being characterized by its proximity to the Petroglyph National Monument, and Rio Grande. The request would protect the natural and cultural characteristics of the subject site(s) that contribute to the surrounding residential community and adjacent to La Cuentista and Piedras Marcadas Canyon open Space.

7. The request furthers the following, additional goals and policies from Comprehensive Plan Chapter 5: Land Use:

A. **Goal 5.2 - Complete Communities:** Foster communities where residents can live, work, learn, shop, and play together.

The subject site(s) are currently surrounded by existing open space- La Cuentista and Piedras Marcadas Canyon. Adding 35 acres to the existing open space network would foster the La Cuentista Subdivision community with more access to public open space where residents can live, learn and play together.

B. **Goal 5.3 - Efficient Development Patterns:** Promote development patterns that maximize the utility of existing infrastructure and public facilities and the efficient use of land to support the public good.

The subject site(s) are already served by existing infrastructure and public facilities, due to the surrounding residential community. The request would generally promote efficient development patterns and use of land by preserving land as that is adjacent to La Cuentista and Piedras Marcadas Canyon Open Space. The use of land would be efficient and support the existing open space network to support the public good.

C. **Policy 5.5.1 - Community Green Space:** Provide visual relief from urbanization and offer opportunities for education, recreation, cultural activities, and conservation of natural resources by setting aside publicly-owned Open Space, parks, trail corridors, and open areas throughout the Comp Plan.

The request would allow the subject site(s) to become part of the City’s network of Open Spaces, therefore creating and expanding more opportunities for the conservation of natural resources. The request would provide access to an additional Open Space area alongside the existing La Cuentista and Piedras Marcadas Canyon Open Space and provide the opportunity for education, recreation, cultural activities in a publicly owned MPOS in the Northwest
Mesa. The request would allow the neighboring parcels of land to remain consistent with the existing open space that currently surrounds them.

D. **Goal 5.6- City Development Areas:** Encourage and direct growth to Areas of Change where it is expected and desired and ensure that development in and near Areas of Consistency reinforces the character and intensity of the surrounding area.

The subject site is located in an Area of Consistency, where development reinforces the character and intensity of the surrounding area. The request would allow the subject site(s) to remain consistent in respect to the characteristics and zoning to the existing adjacent open space properties.

D. **Policy 5.6.3- Areas of Consistency:** Protect and enhance the character of existing single-family neighborhoods, areas outside of Centers and Corridors, parks, and Major Public Open Space.

The request would protect the character of La Cuentista Subdivision a single-family neighborhood, by adding the subject properties to the City’s publicly owned network of Open Space. The surrounding neighborhood La Cuentista Subdivision consists of low-density residential lots and is not located within a corridor or centers. There is existing Major Public Open space adjacent to the subject site(s).

8. The request furthers the following policy from Comprehensive Plan Chapter 7: Urban Design:

**Policy 7.3.1- Natural and Cultural Features:** Preserve, enhance, and leverage natural features and views of cultural landscapes.

The subject site(s) are located in the Volcano Mesa Character Protection Overlay Zone and the Northwest Mesa Escarpment View Protection Overlay Zone. The request would preserve the natural features and cultural landscape as well as enhance and leverage the subject site(s) as an accessible Open Space amenity.

9. The request furthers the following goals and policies from Comprehensive Plan Chapter 10: Parks & Open Space:

A. **Goal 10.1- Facilities & Access:** Provide parks, Open Space, and recreation facilities that meet the needs of all residents and use natural resources responsibly.

The subject site(s) are adjacent to La Cuentista and Piedras Marcadas Canyon Open Space and are recognized as a natural amenity to the surrounding community. The request would preserve natural resources and would expand and provide an accessible Open Space amenity to all residents.

B. **Policy 10.1.1- Distribution:** Improve the community’s access to recreational opportunities by balancing the City and County’s parks and Open Space systems with the built environment.

The subject site(s) are adjacent to existing open space. The request would expand to La Cuentista and Piedras Marcadas Canyon Open space network allowing the opportunity to provide access to the existing open space network.
C. **Goal 10.2 - Parks:** Provide opportunities for outdoor education, recreation, and cultural activities that meet community needs, enhance quality of life, and promote community involvement for all residents.

The request to NR-PO-B is categorized as a Major Public Open Space. The request will enhance the quality of life for residents within the surrounding neighborhood, by preserving the natural landscape. The request would be accessible to the community, provide opportunities for outdoor education from the neighboring Chamiza Elementary School, recreation, and cultural activities.

D. **Goal 10.3 - Open Space:** Protect the integrity and quality of the region’s natural features and environmental assets and provide opportunities for outdoor recreation and education.

E. **Policy 10.3.1 - Open Space Acquisition:** Acquire significant lands throughout the community to shape the urban form, conserve natural and cultural resources, and protect agricultural land.

The request would reflect the subject site(s) as Major Public Open Space which would be maintained by the City of Albuquerque. Acquiring these parcels would conserve natural resources and protect the existing open space.

10. The request furthers the following policy from Comprehensive Plan Chapter 11: Heritage Conservation:

A. **Policy 11.3 - Cultural Landscapes:** Protect, reuse, and/or enhance significant cultural landscapes as important contributors to our heritage and rich and complex identities.

The subject site(s) are located in the Volcano Mesa Character Protection Overlay Zone, and located in the Northwest Mesa which is characterized by its proximity to the volcanoes and volcanic Northwest Mesa Escarpment that overlooks the river and mountains. The site(s) would enhance the area by protecting the cultural landscapes and retaining the identity of the overlay zone.

B. **Policy 11.3.1 - Natural and Cultural Features:** Preserve and enhance the natural and cultural characteristics and features that contribute to the distinct identity of communities, neighborhoods, and cultural landscapes.

The Petroglyphs have cultural significance to the surrounding neighborhood due to its historical characteristics and natural features. The subject site(s) would preserve and enhance the cultural landscapes by matching the existing zoning NR-PO-B (La Cuentista and Piedra Marcadas Canyon Open Space), which would contribute to the identity of the neighborhood. Previous conditions on the site deter any undesired development to occur, therefore making the request for Open Space use complementary.

C. **Policy 11.3.4 - Petroglyph National Monument:** Regulate adjacent development to protect and preserve the Petroglyph National Monument – its volcanoes, petroglyphs, and Northwest Mesa Escarpment – as a priceless cultural landscape and community resource that provides physical, cultural, and economic benefits.
The subject site(s) would regulate development and protect the Petroglyphs by regulating the land as NR-PO-B adding more land to the open space network that currently surrounds La Cuentista Subdivision. Other measures such as the character protection overlay zone and view protection overlays also help regulate development.

D. Policy 11.3.6- Volcano Mesa sub policy (h): Encourage shared usable open space and park development to be accessible to the public and to connect to adjacent MPOS or the Monument, preserving wildlife corridors and encouraging active living.

The subject site(s) would connect to surrounding existing major public open space network which would add approximately 35 more acres of land, thus preserving and expanding the wildlife corridors and encourage active living.

11. The request furthers the following goals and policies from comprehensive Plan Chapter 13: Resilience & Sustainability:

A. Goal 13.4- Natural Resources: Protect, conserve, and enhance natural resources, habitats, and ecosystems.

The request would protect and conserve the subject site as a dedicated Major Public Open Space, therefore ensuring that the subject site(s) remain dedicated to enhancing natural resources, habitats for wildlife and the ecosystem for the existing La Cuentista and Piedras Marcadas Canyon Open Space.

B. Policy 13.4.4- Unique Landforms and Habitats: Protect areas with unique landforms, and crucial habitats for wildlife, through sensitive urban development or acquisition as Open Space.

The request would protect the site(s) by correctly identifying the parcels as Major Public Open Space and expanding the existing open space that currently surrounds the subject site(s).

C. Policy 13.5.2- Healthful Development: Encourage public investments and private development that enhance community health.

The request would provide additional access to Open Space within an existing residential community and adjacent to La Cuentista and Piedras Marcadas Canyon Open Space, therefore continuing to enhance the health of the surrounding community.

12. The request furthers the following policies from the MPOS Facility Plan Planning section:

Policy B.1 (d)- Conserve archaeological and cultural resources including petroglyphs, pueblo sites, historic resources and sites sacred to Native Americans.

The request would conserve the subject site as Major Public Open Space, which is adjacent to the Petroglyph Nation Monument; an archeological and cultural resource. The NR-PO-B zone designation protects the Petroglyph National Monument from further development of residential subdivisions, which can have an impact on the petroglyph landscape.
13. The applicant has adequately justified the request pursuant to the Integrated Development Ordinance (IDO) Section 14-16-6-7(G)(3)-Review and Decision Criteria for Zoning Map Amendments, as follows:

A. **Criterion A:** Consistency with the City’s health, safety, morals and general welfare is shown by demonstrating that a request furthers applicable Comprehensive Plan Goals and policies (and other plans if applicable) and does not significantly conflict with them. The applicant’s policy-based response adequately demonstrates that the request furthers a preponderance of applicable Goals and policies regarding Community Identity, Land Use, Urban Design (Natural and Cultural Features), Parks & Open Space, Heritage Conservation, and Resilience & Sustainability and does not present any significant conflicts with the Comprehensive Plan. Therefore, the request is consistent with the City’s health, safety, morals and general welfare.

B. **Criterion B:** The subject site is located wholly in an Area of Consistency. The applicant’s policy-based analysis (see response to Criterion A) demonstrates that the request would further a preponderance of applicable Comprehensive Plan Goals and policies and therefore would be more advantageous to the community than the current zoning.

C. **Criterion C:** The subject site is located wholly in an Area of Consistency, so this criterion does not apply.

D. **Criterion D:** The applicant compared allowable uses in the existing R-1D zone district and the proposed NR-PO-B zone district. Uses allowed as permissive in the IDO are only permissive if the policies and processes outlined in the Major Public Open Space Facility Plan are met. Uses that would be allowed would have adequate protections to mitigate any harmful impacts from those uses.

E. **Criterion E:** The subject site is adequately served by existing infrastructure (requirement 1) and will have adequate capacity for the purposes of this request to serve as Open Space in the future.

F. **Criterion F:** The subject site is not located on a major street. Kimmick Dr. NW is considered a minor collector street.

G. **Criterion G:** The request is not based on the cost of land or economic consideration, but for access to a MPOS for the community. The applicant has adequately demonstrated that the request furthers a preponderance of applicable Comprehensive Plan Goals and policies and does not conflict with them.

H. **Criterion H:** The request would not result in a “spot zone” as it is adjacent to existing NR-PO-B properties.

14. The applicant’s policy-based response adequately demonstrates that the request furthers a preponderance of applicable Goals and policies regarding Community Identity, Land Use, Urban Design (Natural and Cultural Features), Parks & Open Space, Heritage Conservation, and Resilience & Sustainability and does not present any significant conflicts with the Comprehensive Plan. Therefore, the request is consistent with the City’s health, safety, morals, and general welfare.
15. The affected neighborhood organizations are the Westside Coalition of Neighborhood Associations, Piedras Marcadas Neighborhood Association, Rancho Sereno Neighborhood Association, Taylor Ranch Neighborhood Association, Paradise Hills Civic Association, and Alban Hills Neighborhood Association, which were notified as required. Property owners within 100 feet of the subject site were also notified as required.

16. A pre-application neighborhood meeting was held as facilitated on Monday April 25, 2022 from 6:00 pm to 8:00 pm via Zoom. Several questions and comments were made by neighbors regarding the request, which were answered during the meeting. There was no unresolved issues or concerns.

17. As of this writing, Staff has not been contrated and is unaware of any opposition.

RECOMMENDATION - RZ-2022-000024, June 16, 2022

APPROVAL of Project #: 2022-006906, Case #: RZ-2022-000024, a zone change from R-1D to NR-PO-B, The northerly Portion of Tract D Correction Plat of the bulk land Plat of La Cuentista Subdivision (tracts A thru E); The south-westerly Portion of Tract D Correction Plat of the bulk land Plat of La Cuentista Subdivision (tracts A thru E); The southernly Portion of Tract D Correction Plat of the bulk land Plat of La Cuentista Subdivision (tracts A thru E); The south-westerly Portion of Tract E-1 Plat of Tracts E-1 Thru E-5 La Cuentista Subdivision (A Replat of Tract E of the Corrected Plat of the bulk land Plat of La Cuentista Subdivision); and The south-easterly Portion of Tract E-1 Plat of Tracts E-1 Thru E-5 La Cuentista Subdivision (A Replat of Tract E of the Corrected Plat of the bulk land Plat of La Cuentista Subdivision), located between Kimmick Dr. NW and Ridgeway Dr. NW, based on the preceding Findings.

PR-2022-006906

MRMPO has no adverse comment. For informational purposes:

Appendix G of Connections 2040 (MTP) supports the following as it relates to the subject request:

Promote natural resource and greenspace conservation.

**MID-REGION METROPOLITAN PLANNING ORGANIZATION (MRMPO)**

MRMPO has no adverse comments.

**PUBLIC SERVICE COMPANY OF NEW MEXICO**

**NEW MEXICO DEPARTMENT OF TRANSPORTATION (NMDOT)**

**MIDDLE RIO GRANDE CONSERVANCY DISTRICT**

PNM COMPANY

There are PNM facilities abutting the site and/or in easements along the north, west, and northeastern edge of and within the southwest portion of the site.

It is the applicant’s obligation to determine if existing utility easements or rights-of-way are located on or adjacent to the property and to abide by any conditions or terms of those easements.

Any existing easements may have to be revisited and/or new easements may need to be created for any electric facilities as determined by PNM.

Any existing and/or new PNM easements and facilities need to be reflected on any resulting future Site Plan or Plat.

The applicant should contract PNM’s New Service Delivery Department as soon as possible to coordinate electric service regarding any proposed project. Submit a service application at https://pnmnsd.powerclerk.com/MvcAccount/Login for PNM to review.

If existing electric lines or facilities need to be moved, then that is at the applicant’s expense. Please contract PNM as soon as possible at https://pnmnsd.powerclerk.com/MvcAccount/Login for PNM to review.

09DRB-70253 BULK LAND VARIANCE
09DRB-70254 VACATION OF PUBLIC EASEMENT
09DRB-70255 - PRELIMINARY/FINAL PLAT APPROVAL

WILSON AND COMPANY INC agent(s) for STANLEY L DIAMOND request(s) the referenced/above action(s) for all or a portion of Tract(s) E, THE CORRECTION PLAT OF THE BULK LAND PLAT OF LA CUENSTISTA zoned R-1, located on the south side of ROSA PARK RD NW between KIMMICK DR NW and CALLE NORTENA NW containing approximately 71.2609 acre(s). (C-11 & D-11)

At the August 19, 2009 Development Review Board meeting, the vacation was approved as shown on Exhibit B in the Planning file per section 14-14-7-2(A)(1) and (B) (1)(3) of the Subdivision Ordinance.

(A)(1) The public easement vacation request was filed by the owners of a majority of the footage of land abutting the proposed vacation.

(B)(1) The public welfare is in no way served by retaining the public easements.

(B)(3) There is no convincing evidence that any substantial property right is being abridged against the will of the owner of the right.

CONDITIONS:

1. The vacated property shall be shown on a replat approved by the Development Review Board and the approved replat shall be filed for record with the Bernalillo County Clerk's Office within one year.

The bulk land variance was approved. The preliminary/final plat was approved with delegation to Planning for clarification that blanket sanitary sewer easement is for the benefit of Tract E-1, to record and for AGIS DXF file.

If you wish to appeal this decision, you must do so by September 3, 2009 in the manner described below.

Appeal is to the Land Use Hearing Officer. Any person aggrieved with any determination of the Development Review Board may file an appeal on the Planning Department form to the Planning Department, within 15 days of the Development Review Board's decision.
The date the determination in question is issued is not included in the 15-day period for filing an appeal.

If the fifteenth day falls on a Saturday, Sunday or holiday as listed in the Merit System Ordinance, the next working day is considered as the deadline for filing the appeal. Such appeal shall be heard within 60 days of its filing.

You will receive notice if any other person files an appeal. Successful applicants are reminded that other requirements of the City must be complied with, even after approval of the referenced application(s).

Please note that the vacation of all plats, rights-of-way, and easements are void after one year from the final appeal date referenced above if all conditions are not met (The effective date of Development Review Board approval is the hearing date plus the 15-day appeal period.) (REF: Chapter 14 Article 14 Part 7-2 (E)(3)(6) Revised Ordinance.)

DEVELOPMENT REVIEW BOARD

Project# 1000922
16DRB-70142 BULK LAND VARIANCE
16DRB-70143 PRELIMINARY PLAT

WILSON & COMPANY agents for ELK HAVEN LLC and FRANCES PAVICH LLC request the referenced/above actions for Tract B, LA CUENTISTA SUBDIVISION zoned SU-2/VCUR, located on the north side of ROSA PARKS RD NW between URRACA ST NW and CALLE PLATA NW containing approximately 60 acres. (C-10)

[Deferred from 5/11/16]

At the May 18, 2016 Development Review Board meeting, the preliminary plat was approved. The final plat was deferred to planning for AMAFCA signature and for utility companies signatures. the Bulk Land Variance was approved subject to the Findings and Conditions of the Subdivision Ordinance as follows:

BULK LAND VARIANCE:

1. The variance will not be injurious to the public safety, health or welfare, or to adjacent property, the neighborhood or the community.

2. The variance will not conflict significantly with the goals and provisions of any City, County or AMAFCA adopted plan or policy; the applicable zoning ordinance, or any other City code or ordinance.

3. The variance will not permit, encourage or make possible undesired development in the 100-year floodplain.

4. The variance will not hinder future planning, public right-of-way acquisition, or the financing or building of public infrastructure improvements.

If you wish to appeal this decision, you must do so by June 2, 2016 in the manner described below.

Appeal is to the Land Use Hearing Officer. Any person aggrieved with any determination of the Development Review Board may file an appeal on the Planning Department form, to the Planning Department, within 15 days of the Development Review Board's decision.

The date the determination in question is issued is not included in the 15-day period for filing an appeal.
If the fifteenth day falls on a Saturday, Sunday or holiday as listed in the Merit System Ordinance, the next working day is considered as the deadline for filing the appeal. Such appeal shall be heard within 60 days of its filing.

You will receive notice if any other person files an appeal. Successful applicants are reminded that other requirements of the City must be complied with, even after approval of the referenced application(s).

Request: Zoning Map Amendment from R-1D to NR-PO-B for tracts 1 and F to reflect ownership and management by City open space division

Basic Site Information

- Current Use(s): Vacant
- Size (acreage): Approximately 51 acres
- Zoning: R-1D
- Overlay Zone(s): CPO 13 & VPO 2

Comprehensive Plan Designations

- Corridor(s): N/A
- Near Major Public Open Space (MPOS)?: Yes, the site is in La Cuentista Open Space & near Piedras Marcadas Canyon

Integrated Development Ordinance (IDO)

Please refer to the IDO for requirements regarding dimensional standards, parking, landscaping, walls, signage, etc. https://www.cabq.gov/planning/codes-policies-regulations/integrated-development-ordinance

Proposed Use(s): City Owned Park, Zone Change to NR-PO-B

Use Specific Standards: 4-3(C)(7)(b) NR-PO-B

Applicable Definition(s): Major Public Open Space

Publicly-owned spaces managed by the Open Space Division of the City Parks and Recreation Department, including the Rio Grande State Park (i.e. the Bosque), Petroglyph National Monument, and Sandia foothills. These are typically greater than 5 acres and may include natural and cultural resources, preserves, low-impact recreational facilities, dedicated lands, arroyos, or trail corridors. The adopted Facility Plan for Major Public Open Space guides the management of these areas. For the purposes of this IDO, Major Public Open Space located outside the city municipal boundary still triggers Major Public Open Space Edge requirements for properties within the city adjacent to or within the specified distance of Major Public Open Space.

Parks and Open Space

All City-owned or managed parks, trails, and Major Public Open Space shall be maintained per City Parks and Recreation standards. Privately-owned parks, trails, and/or open spaces shall be maintained by the property owner (often a homeowner’s association) to minimize safety hazards. These areas are subject to Article 9-8 of ROA 1994 (Weeds, Litter, and Snow).

Sensitive Lands: Please see IDO Section 14-16-5-2 for information about required analysis, development standards, and changes to process that may result if this Section applies.

Notice

Neighborhood Meeting Offer Required? (see IDO Table 6-1-1). If yes, please refer to:

DATE
**Submittal**

The Scoping Form must be submitted as part of any building permit application, DRB application, or EPC application. See the Development Process Manual Chapter 7.4 for additional information.

Submit by email to the City Traffic Engineer mgrush@cabq.gov. Call 924-3362 for information.

**Site Plan/Traffic Scoping Checklist**

Site plan, building size in sq. ft. (show new, existing, remodel), to include the following items as applicable:

1. Access -- location and width of driveways
2. Sidewalks (Check DPM and IDO for sidewalk requirements. Also, Centers have wider sidewalk requirements.)
3. Bike Lanes (check for designated bike routes, long range bikeway system) *(check MRCOG Bikeways and Trails in the 2040 MTP map)*
4. Location of nearby multi-use trails, if applicable *(check MRCOG Bikeways and Trails in the 2040 MTP map)*
5. Location of nearby transit stops, transit stop amenities (eg. bench, shelter). Note if site is within 660 feet of premium transit.
6. Adjacent roadway(s) configuration (number of lanes, lane widths, turn bays, medians, etc.)
7. Distance from access point(s) to nearest adjacent driveways/intersections.
8. Note if site is within a Center and more specifically if it is within an Urban Center.
9. Note if site is adjacent to a Main Street.
10. Identify traffic volumes on adjacent roadway per MRCOG information. If site generates more than 100 vehicles per hour, identify v/c ratio on this form.

RE: Request for a Zoning Map Amendment

Dear Mr. Chairman:

The purpose of this letter is to justify our request for NR-PO-B Zoning Map Amendment – EPC for five parcels totaling approximately 35 acres. The parcels are legally described as:

1. N'LY PORT OF TRACT D CORRECTION PLAT OF THE BULK LAND PLAT OF LA CUENTISTA SUBD (TRS A THRU E) CONT 5.0006 +/- AC (UPC: 101106408506130604)
2. SW'LY PORT OF TR D CORRECTION PLAT OF THE BULK LAND OF LA CUENTISTA SUBD (TRS A THRU E) CONT 5.0000 AC (UPC: 101106407101630601)

These parcels are currently zoned R-1D. The request is to rezone all of the properties to NR-PO-B to reflect the current ownership and management of these properties by the City of Albuquerque. Per IDO the purpose of the NR-PO-B zone district is to protect the natural character of lands designated as Major Public Open Space and to preserve these areas for public recreation, use, and enjoyment. The request meets the applicability criteria in IDO section 14-16-6-7(G), therefore the request is subject to approval by the Environmental Planning Commission as a Zoning Map Amendment – EPC and does not require City Council approval.

PRINCIPALS

James K. Strozier, FAICP  
Christopher J. Green, PLA, ASLA, LEED AP  
Jacqueline Fishman, AICP
SITE OVERVIEW + LAND USE AND ZONING

Site Overview:

Current Zone Designation: R-1D
Proposed Zone Designation: NR-PO-B
Size of Site: 35.41 (5 separate parcels)
Current Condition: Vacant lots
Surrounding Conditions: Residential housing, Chamiza Elementary School, Petroglyph National Monument (PiedrasMarcadasCanyon)
City Development Area: Consistency
Community Planning Area: Northwest Mesa
Boundary Streets: Rosa Parks Road NW, Kimmick Drive NW, Pinos Verde Road NW, Ridgeway Drive NW

Zoning & Land Use:

The La Cuentista site is currently zoned R-1D (Residential Single-Family Extra Large Lot) which allows for single-family detached homes. The site is bound by Rosa Parks Road NW, Kimmick Drive NW, Pinos Verde Road NW, and Ridgeway Drive NW. All the parcels for the La Cuentista site are vacant and undeveloped. The northern portion of the parcels closest to Rosa Parks Drive NW is located within ¼ mile of the Volcano Heights Urban Center. The site is not located in a Major or Main Street Transit Corridor. The nearest Major Transit Corridor is Golf Course Road NW which is nearly a mile away from the site. The parcels are located in the Northwest Mesa Community Planning Area in addition to being located in an Area of Consistency as designated by the ABC Comprehensive Plan.

| TABLE 2. La Cuentista Surrounding Zoning & Land Use |
| NORTH | R-ML, MX-L, MX-M, R-1D | Vacant land |
| SOUTH | NR-PO-B, R-1C | Major Public Open Space, residential single-family |
| EAST | NR-PO-B, R-1D | Major Public Open Space, residential single-family |
| WEST | R-1B, NR-PO-C, R-1D | Residential single-family, non-city parks and open space |
THE REQUEST

The applicant, the City of Albuquerque seeks a Zone Map Amendment for approximately 35 acres of land consisting of five parcels. The request is to change the current zoning to NR-PO-B to reflect the correct ownership and management of these spaces.

SITE HISTORY

Historic aerial imagery shows the area is and previously has remained vacant. There is a DRB case with project number 1007912 with a proposed plat of Tracts E-1 thru E-5 for the La Cuentista Subdivision. Project 1007912 included Tract E-1 which is part of this zone map amendment request but there is no documentation of an approved site plan.

INTEGRATED DEVELOPMENT ORDINANCE JUSTIFICATION CRITERIA

The following explanation summarizes how the request for a Zoning Map Amendment meets the IDO criteria pursuant to IDO Section 14-16-6-7(G) Zoning Map Amendment – EPC.

6-7(G)(3) An application for a Zoning Map Amendment shall be approved if it meets all of the following criteria:

6-7(G)(3)(a): The proposed zone change is consistent with the health, safety, and general welfare of the City as shown by furthering (and not being in conflict with) a preponderance of applicable Goals and Policies in the ABC Comp Plan, as amended, and other applicable plans adopted by the City.

Applicant response: The proposed zone change is consistent with the health, safety, and general welfare of the City by aligning with a majority of applicable Goals and Policies as outlined in the ABC Comprehensive Plan. This zone change request coincides with placemaking initiatives, community green spaces, efficient development, water and natural resource conservation, Open Space acquisition, equitable distribution of amenities, and land use. Please refer to subsequent sections for in-depth policy analysis.

ALBUQUERQUE/BERNALILLO COUNTY COMPREHENSIVE PLAN

This request is aligned with the scale, character, and current land uses for the neighborhood the parcels are located in. Approval of the requested zone change to NR-PO-B is advantageous to the surrounding communities as conveyed by the ABC Comprehensive Plan. The following section provides an analysis of the relevant ABC Comprehensive Plan goals and policies that confirm the advantages of the proposed zone change for the surrounding community.

POLICY 4.1.1 Distinct Communities: Encourage quality development that is consistent with the distinct character of communities.
Applicant Response: This zone map amendment encourages quality development that is consistent with the distinct character of the community by preserving natural amenities and views of the scenery. The site falls under the Northwest Mesa Community Planning Area which is described by the ABC Comp Plan as suburban communities with superb views of natural geological features such as the North West Mesa Escarpment, Sandia Mountains, and the Volcanoes. The preservation of Open Space in this area: therefore, is in line with and helps to preserve the distinct characteristics of the communities.

POLICY 4.1.3 Placemaking: Protect and enhance special places in the built environment that contribute to a distinct identity and sense of place.

Applicant Response: This zone map amendment helps to protect and enhance special places in the built environment that contribute to the distinct identity and sense of place by preserving land near significant natural geological features like the West Mesa, Petroglyph National Monument, and Volcanoes which contributes to and highlights the distinct identities and cultures of the region.

POLICY 4.1.4 Neighborhoods Sub Policy (c):

c) Support improvements that protect stable, thriving residential neighborhoods and enhance their attractiveness.

Applicant Response: This zone map amendment meets subcriterial policy (c) which supports improvements that protect stable thriving residential neighborhoods and enhance their attractiveness by providing visual relief from urbanization which increases the quality of life for residents in or near these spaces.

Goal 4.3 City Community Planning Areas

Protect and enhance the natural and cultural characteristics and features that contribute to a distinct identity and prioritize projects and programs to meet the needs of communities, neighborhoods, and sub-areas.

Applicant Response: This zone map amendment helps to protect and enhance the natural and cultural characteristics and features that contribute to the distinct identity of communities by preserving for community use geologically and culturally significant outdoor spaces that are contiguous with or near the West Mesa, Volcanoes, and Petroglyph National Monument thereby designating them as Major Public Open Space.

Goal 5.2 Complete Communities

Foster communities where residents can live, work, learn, shop, and play together

Applicant Response: Adding approximately 35 acres of land to the existing Open Space network fosters communities where residents can play and learn about cultural, historical, and geological information by providing increased access to Major Public Open Space areas in and near neighborhoods.

Goal 5.3 Efficient Development Patterns

Promote development patterns that maximize the utility of existing infrastructure and public facilities and the efficient use of land to support the public good.
Applicant Response: Development patterns on Albuquerque’s west side have historically prioritized single-family housing. This zone map amendment promotes efficient use of land to support the public good by creating a balance of land uses, preserving natural resources including historically and culturally relevant spaces, and increasing residents' quality of life through open space that provides relief from urbanization.

POLICY 5.5.1 Community Green Space: Provide visual relief from urbanization and offer opportunities for education, recreation, cultural activities, and conservation of natural resources by setting aside publicly-owned Open Space, parks, trail corridors, and open areas throughout the Comp Plan. Applicant Response: Dedicating land as Open Space is an eco-conscious way of providing relief from urbanization that helps to preserve and protect natural resources and landscapes. Therefore this zone map amendment provides visual relief from urbanization and offers opportunities for education, recreation, and cultural activities by correctly zoning approximately 35 acres of publically owned Open Space land on Albuquerque's west side.

Goal 5.6 City Development Areas Encourage and direct growth to Areas of Change where it is expected and desired and ensure that development in and near Areas of Consistency reinforces the character and intensity of the surrounding area. Applicant Response: This zone map amendment seeks to correctly zone approximately 35 acres of land in an Area of Consistency near the Volcano Cliffs community which is near-natural geological features such as the Piedras Marcadas Canyon and the Petroglyph National Monument. This action will help to reinforce the character of the area while encouraging development in Areas of Change.

POLICY 5.6.3 Areas of Consistency: Protect and enhance the character of existing single-family neighborhoods, areas outside of Centers and Corridors, parks, and Major Public Open Space.

Applicant Response: This zone map amendment protects and enhances the character of existing single-family neighborhoods, areas outside of Centers and Corridors, parks, and Major Public Open Space by adding approximately 35 acres of land to the existing Open Space network which protects the natural environment and enhances the characteristics of the residential neighborhoods the parcels are situated in.

POLICY 7.3.1 Natural and Cultural Features: Preserve, enhance, and leverage natural features and views of cultural landscapes. Applicant Response: This zone map amendment preserves, enhances, and leverages natural features and views of the cultural landscape by correctly zoning a Major Public Open Space area that is near significant geological, cultural, and historical places thereby preserving these spaces for community use. La Cuentista is within the Northwest Mesa Escarpment View Protection Overlay.
furthering the importance of preserving the natural landscape, geological features, and views.

**POLICY 8.1.4 Leverage Assets:** Enhance and market the region’s unique characteristics internally and to outside businesses and individuals in order to compete with other regions.

*Applicant Response:* This zone map amendment enhances the region’s unique characteristics in order to enhance the quality of life of residents and incentivize tourism by preserving Open Space lands contiguous to or near significant geological features like the Petroglyph National Monument and the Piedras Marcadas Canyon.

**Goal 10.1 Facilities & Access:** Provide parks, Open Space, and recreation facilities that meet the needs of all residents and use natural resources responsibly.

*Applicant Response:* This zone map amendment seeks to add approximately 35 acres of land to the existing Major Public Open Space network to create more opportunities for community access to outdoor natural resources and open space.

**POLICY 10.1.1 Distribution:** Improve the community’s access to recreational opportunities by balancing the City and County’s parks and Open Space systems with the built environment.

*Applicant Response:* This zone map amendment will improve the community’s access to recreational opportunities and balance the City and County’s Open Space system with the built environment by correctly zoning approximately 35 acres of land to reflect its part of the existing Open Space network. The site is located near residential neighborhoods which helps to increase the neighborhood’s access to open space.

**Goal 10.2 Parks** Provide opportunities for outdoor education, recreation, and cultural activities that meet community needs, enhance quality of life, and promote community involvement for all residents.

*Applicant Response:* This zone map amendment provides opportunities for outdoor recreation, education, and cultural activities that meet community needs, enhance quality of life, and promote community involvement by documenting and correctly zoning these open space lands to create visual relief from urban development and increase the community’s connection to nature.

**Goal 10.3 Open Space** Protect the integrity and quality of the region’s natural features and environmental assets and provide opportunities for outdoor recreation and education.

*Applicant Response:* This zone map amendment protects the integrity and quality of the region’s natural features and environmental assets while providing opportunities for outdoor recreation and education by correctly zoning lands near the Petroglyph National Monument and the Piedras Marcadas Canyon.
POLICY 10.3.1 Open Space Acquisition: Acquire significant lands throughout the community to shape the urban form, conserve natural and cultural resources, and protect agricultural land. 

Applicant Response: The La Cuentista parcels are culturally and environmentally significant as they help to preserve natural landscapes as part of the Petroglyph National Monument, specifically the Piedras Marcadas Canyon Open Space; therefore, this zone map amendment seeks to provide the appropriate zone for these City owned, significant lands.

Goal 11.3 Cultural Landscapes: Protect, reuse, and/or enhance significant cultural landscapes as important contributors to our heritage and rich and complex identities. 

Applicant Response: The Petroglyph National Monument is recognized as historically, culturally, and geologically significant. The La Cuentista Parcels are contiguous to the Piedras Marcadas Canyon which is part of the Petroglyph National Monument. This zone map amendment request seeks to correctly zone the La Cuentista parcels thereby protecting the cultural landscape and increasing the Open Space network.

POLICY 11.3.1 Natural and Cultural Features: Preserve and enhance the natural and cultural characteristics and features that contribute to the distinct identity of communities, neighborhoods, and cultural landscapes.

Applicant Response: This zone map amendment helps to preserve and enhance the natural and cultural characteristics of the La Cuentista parcels by seeking to correctly zone them as NR-PO-B which ultimately contributes to the neighborhood and community they are located in or near.

POLICY 11.3.4 Petroglyph National Monument: Regulate adjacent development to protect and preserve the Petroglyph National Monument – its volcanoes, petroglyphs, and Northwest Mesa Escarpment – as a priceless cultural landscape and community resource that provides physical, cultural, and economic benefits.

Applicant Response: This zone map amendment helps to regulate development adjacent to the Petroglyph National Monument by zoning tracts of land for open space that is contiguous to the National monument.

POLICY 11.3.6 Volcano Mesa Sub Policy H: 

h) Encourage shared usable open space and park development to be accessible to the public and to connect to adjacent MPOS or the Monument, preserving wildlife corridors and encouraging active living. 

Applicant Response: This zone map amendment preserves wildlife corridors because the sites are creating an extension to the existing contiguous Open Space areas and increasing the wildlife habitat thereby minimizing roadways and other urban forms that could restrict wildlife movement or disrupt existing corridors.

Goal 13.4 Natural Resources: Protect, conserve, and enhance natural resources, habitats, and ecosystems.
Applicant Response: This zone map amendment protects, conserves, and enhances natural resources, habitats, and ecosystems by correctly zoning these parcels as Open Space.

**POLICY 13.4.4 Unique Landforms and Habitats:** Protect areas with unique landforms, and crucial habitats for wildlife, through sensitive urban development or acquisition as Open Space.

*Applicant Response: This zone map amendment protects the unique landforms and crucial habitats for wildlife by correctly zoning these city-owned properties as Open Space.*

**POLICY 13.5.2 Healthful Development:** Encourage public investments and private development that enhance community health.

*Applicant Response: This zone map amendment encourages public investments that enhance community health by creating spaces for outdoor recreation, education, and leisure as well as protecting natural resources and mitigating harmful effects of global climate change.*

6-7(G)(3)(b) If the subject property is located partially or completely in an Area of Consistency (as shown in the ABC Comp Plan, as amended), the applicant has demonstrated that the new zone would clearly reinforce or strengthen the established character of the surrounding Area of Consistency and would not permit development that is significantly different from that character. The applicant must also demonstrate that the existing zoning is inappropriate because it meets any of the following criteria:

1. There was a typographical or clerical error when the existing zone district was applied to the property.

2. There has been a significant change in neighborhood or community conditions affecting the site.

3. A different zone district is more advantageous to the community as articulated by the ABC Comp Plan, as amended (including implementation of patterns of land use, development density and intensity, and connectivity), and other applicable adopted City plan(s)

*Applicant response: This zone change meets sub-criteria 3 as the addition of Open Space is more advantageous to the community for health, environmental, and cultural reasons as outlined by the ABC Comprehensive Plan. The La Cuentista parcels are located in an area of consistency and the addition of the NR-PO-B zone classification helps to protect and enhance the characteristics of the communities.*

6-7(G)(3)(c) If the subject property is located wholly in an Area of Change (as shown in the ABC Comp Plan, as amended) and the applicant has demonstrated that the existing zoning is inappropriate because it meets any of the following criteria:

1. There was a typographical or clerical error when the existing zone district was applied to the property.
2. There has been a significant change in neighborhood or community conditions affecting the site that justifies this request.

3. A different zone district is more advantageous to the community as articulated by the ABC Comp Plan, as amended (including implementation of patterns of land use, development density and intensity, and connectivity), and other applicable adopted City plan(s).

*Applicant Response: The La Cuentista parcels are located entirely in an Area of Consistency.*

6-7(G)(3)(d) The requested zoning does not include permissive uses that would be harmful to adjacent property, the neighborhood, or the community unless the Use-specific Standards in Section 16-16-0 are associated with that use will adequately mitigate those harmful impacts.

*Applicant Response: Permissive uses in NR-PO-B zones are advantageous to creating complete communities and protecting environmentally significant lands.*

6-7(G)(3)(e) The City’s existing infrastructure and public improvements, including but not limited to its street, trail, and sidewalk systems, meet any of the following criteria:
1. Have adequate capacity to serve the development made possible by the change of zone.
2. Will have adequate capacity based on improvements for which the City has already approved and budgeted capital funds during the next calendar year.
3. Will have adequate capacity when the applicant fulfills its obligations under the IDO, the DPM, and/or an Infrastructure Improvements Agreement (IIA).
4. Will have adequate capacity when the City and the applicant have fulfilled their respective obligations under a City-approved Development Agreement between the City and the applicant.

**Applicant Response:** The Zone Map Amendment meets sub-criteria 1 as the parcels will be served by existing infrastructure. There are no development plans for the sites currently but in the future, the City may create trail systems to connect the parcels to the existing surrounding Open Space areas.

6-7(G)(3)(f) The applicant’s justification for the Zoning Map Amendment is not completely based on the property’s location on a major street.

**Applicant’s Response:** The purposed zone map amendment is being justified based on the advantages it provides for the community rather than the location of the parcels on a major street.

6-7(G)(3)(g) The applicant’s justification is not based completely or predominantly on the cost of land or economic considerations.

**Applicant’s Response:** The purposed zone map amendment is being justified based on the advantages it provides for the community rather than the cost of land of each lot.

6-7(G)(3)(h) The Zoning Map Amendment does not apply a zone district different from surrounding zone districts to one small area or one premise (i.e. create a “spot zone”) or to a strip of land along a street (i.e. create a “strip zone”) unless the requested zoning will clearly facilitate implementation of the ABC Comp Plan, as amended, and at least one of the following applies:

1. The subject property is different from the surrounding land because it can function as a transition between adjacent zone districts.
2. The subject property is not suitable for the uses allowed in any adjacent zone district due to topography, traffic, or special adverse land uses nearby.
3. The nature of structures already on the subject property makes it unsuitable for the uses allowed in any adjacent zone district.

**Applicant Response:** The proposed NR-PO-B zoning for the La Cuentista parcels is contiguous to or near existing Open Space which will not create a “spot zone” in these areas. Changing the current zone to NR-PO-B allows for the preservation of sensitive lands that are in or near the Petroglyph National Monument.

**Conclusion:** The requested zone change to NR-PO-B for the five parcels listed within this letter will provide numerous benefits for the community and environment as outlined in the above goals and policies. On behalf of the City of
Albuquerque, we respectfully request the Environmental Planning Commission’s approval of this Zoning Map Amendment

Sincerely,

[Signature]

Re: ZMA Criterion D and Major Public Open Space Facility Plan Review

The purpose of this memorandum is to respond to staff’s questions and provide supplemental response to the IDO ZMA EPC Criterion (d) as follows:

6-7(G)(3)(d) The requested zoning does not include permissive uses that would be harmful to adjacent property, the neighborhood, or the community, unless the Use-specific Standards in Section 16-16-0 associated with that use will adequately mitigate those harmful impacts.

Applicant Response: The existing justification letter includes a list of the permissive uses in the NR-PO-B zone. The nature of the NR-PO-B zone is different from other zones in the IDO for a couple of reasons:

1. The uses identified as being permissive are regulated by several additional criteria and approval processes outside of the IDO.
2. The zone is informed by the Major Public Open Space Facility Plan. This Rank 2 Plan provides policies and requirements that impact Major Public Open Space. The following information summarizes this Rank 2 Plan.
3. The Open Space Advisory Board has the responsibility to review and approve extra-ordinary facilities as defined in the Facility Plan.

Based on the policies and procedures in the Facility Plan, the uses listed as permissive in the IDO Use Table, are only permissive if the policies and processes outlined in the Faculty Plan are met. The following summary provides a detailed review of those requirements. Based on the Facility Plan and the policies and procedures, the uses allowed have adequate safeguards to mitigate any harmful impacts from those uses.

Major Public Open Space Facility Plan Overview: Open Space is defined by the Major Public Open Space Facility Plan as relatively undeveloped City or County owned land dedicated to conservation, preservation, outdoor education, and low impact recreation. The Major Public Open Space Network is intended by the corresponding MPOS Facility Plan to provide relief from urbanization and offer opportunities for education, recreation, cultural activities, and conservation of natural resources. This memo outlines the applicable policies and plans that guide the development of MPOS (Major Public Open Space) and provide supplemental information regarding the different types of MPOS.

Guiding Plans:

Area Plans, Facility Plans, Sector Development Plans, and Corridor Plans, which are now incorporated into the IDO, establish more specific policies for geographic areas and for particular types of facilities all of which can have policies related to the MPOS Network. In addition to these plans, numerous
ordinances affect and regulate the operation of the MPOS Program including but not limited to the *City of Albuquerque Open Space Management Ordinance*, *the Bernalillo County Open Space Management Ordinance*, and *the Open Space Advisory Board*. There are several federal regulations that the MPOS Program must comply with, including but not limited to the *Land and Water Conservation Fund Act of 1965*, *the National Environmental Policy Act of 1969*, and *the National Recreation Public Purposes Act*. The MPOS Program must comply with several state regulations including the *Cultural Properties Act, Chapter 16 of NM State Acts, Parks, Recreation and Fairs, and Chapter 17 of NM State Acts Game and Fish*.

**Types of Major Public Open Space:**

1. **Open Space Preserve**: an area set aside for its exceptional natural, cultural, or scenic value. Resources are fragile and protection is the primary management objective.
2. **Protected Undeveloped Open Space**: Significant undeveloped or conserved area with outstanding natural features or scenic qualities suitable for low impact recreational activities with no substantial facilities or improvements.
3. **Open Space Facility**: Land area with outstanding natural features and outdoor recreation opportunities. Some active recreational activities are appropriate along with facilities to support compatible uses within MPOS (5 classes of facilities).
4. **Open Space Trail**: A linear corridor within MPOS or linking MPOS to other facilities. Open Space trails include MPOS arroyos and MPOS links.
5. **Special Use Area**: Parcels within the MPOS Network that serves a unique function and is developed with facilities that are unique in the Parks Open Space and Trails (POST) Network. These facilities contribute to the inventory of recreation opportunities in the metropolitan area but are not commonly found in the MPOS Network.
6. **Asset Lands**: Parcels that are suitable for revenue-producing facilities. These properties may or may not serve MPOS purposes. Asset lands are not part of the MPOS Network but are managed by the Open Space Division.
7. **Land Bank**: Parcels that generally do not serve a MPOS purpose but are intended for sale or trade. These lands are not part of the MPOS Network.

**Planning Process:**

**Policy A.1.A**: Resource Management Plans and Master Development Plans shall designate types of MPOS for all land within their boundaries. Parcels enter the Network as Protected Undeveloped Open Space.

**Policy A.2.A**: A planning process shall be established to ensure the implementation and protection of all the functions identified in the ABC Comp Plan and the MPOS Facility Plan.

There are two types of planning for the MPOS Network—(a) acquisition and evaluation, and (b) management of holdings.

Resource Management Plans have been completed for Los Poblanos and Rio Grande Bosque but are needed for the remaining Open Space areas. The purpose of these plans is to:

- identify land use, access points, facility locations, and areas to be monitored,
- establish policies for resource management,
- classify the parcels,
d) and evaluate impacts of proposed development within the MPOS Network.

Master Development Plans shall be prepared for MPOS contiguous parcels of 100 acres or more that are not covered by the Resource Management plans. The purpose of these plans are to:

a) identify land use, access points, facility locations,
b) inventory visual, cultural, archeological and ecosystem resources,
c) classify areas by MPOS type,
d) establish areas to be monitored,
e) develop policies for resource management,
f) and evaluate impacts of proposed development within the MPOS Network.

Public Involvement:

Policy A.2.G: Public involvement shall occur throughout the planning process. Land use and facility planning shall be done in consultation with adjacent landowners and community planning area partnerships. At a minimum, public meetings will be held at points of initial scoping, draft report and final draft of Resource Management, Master Plans, and site plans for conditional uses. Minimum notification for these meetings shall be:

a) Posting at major entrances to the site,
b) legal published notice in local newspaper,
c) written notification to the parks, open space, and trails community planner,
d) a certified mailing to recognized City and County neighborhood associations, and
e) a mailing to persons attending previous meetings for a plan.

West Side Open Space:

Policy B.1: West Side Open Space lands shall be acquired and managed to promote the purposes of MPOS as stated in the Comp Plan and Facility plan for arroyos with the following subgoals:

a) Conserve natural resources and environmental features.
b) Provide opportunities for outdoor education and recreation including trails for a variety of users; archeological, biological, and geological based environmental education.
c) Shape urban form by providing a development-free visual western edge for Albuquerque formed by volcanoes and basaltic escarpment and Atrisco terrace.
d) Conserve archaeological and cultural resources including petroglyphs, pueblo sites, historic resources, and sites sacred to Native Americans.
e) Provide trail corridors.
f) Protect the public from natural hazards including flooding, steep slopes, unstable soils, headward erosion, and rock slides.

Policy B.2: The Open Space Division shall develop a master plan for West Mesa Open Space adjacent to Petroglyph National Monument prior to expansion/modification of existing facilities and/or construction of new facilities.

Policy B.4: Planning for West Mesa Open Space should be conducted in coordination with community planning areas: Westside, Southwest Mesa, and South Valley.
Policy C.1: Land uses on MPOS adjacent to Petroglyph National Monument will complement the management objectives of the monument.

Policy C.3: Facility development adjacent to the escarpment shall be consistent with the requirements of the Northwest Mesa Escarpment Plan.

Policy C.4: Recreational uses appropriate in the MPOS areas adjacent to the monument include scenic overlooks, parking, restrooms, picnic areas and trails.

Policy C.6: The primary uses within the protected, underdeveloped areas of the West Side Open Space will be hiking, jogging, horseback riding, mountain biking and other dispersed, informal recreation.

**Bosque Open Space:**

Policy B.1: Planning for the Rio Grande Bosque should be conducted in coordination with community planning areas: Westside, North Valley, Central, Southwest Mesa, and South Valley.

Policy C.3: Compatible land uses in most of the Rio Grande Valley State Park may include walking, bicycling, fishing, picnicking, horseback riding, and canoeing. Land uses in wildlife preserve areas shall be limited to scientific study.

**Conclusion:** The MPOS Facility Plan along with the ABC Comp Plan, State and Federal ordinances, numerous local plans, and the IDO all help to regulate, preserve, and protect the character of the Open Space Network. The mission of the MPOS Program is to acquire and protect the natural character of land designated as Major Public Open Space in the ABC Comp Plan. The lands are managed to conserve natural and archaeological resources, provide opportunities for outdoor education and low impact recreation, and define the edges of the urban environment. Open Space lands that have been designated for protection include the Petroglyph National Monument and the Bosque. The La Cuentista and Boca Negra sites are adjacent to the Petroglyph National Monument and the West Mesa while the Poole Property is adjacent to the Bosque. The Major Public Open Space designation will allow these lands to remain protected while increasing the size of the open space network. Use-specific standards are further regulated in the IDO and require public input prior to any decisions or approvals for requests are granted.

RE: NR-PO-B Zone Changes

We’ve completed a first review of the proposed zoning map amendment (zone change). We would like to discuss the request and have a few revisions to the justification letter. We’re available to answer questions about the process and requirements. Please provide the following:

⇒ A revised zoning change justification letter pursuant to the zone change criteria (one PDF copy) by:

**Tuesday, May 31, 2022.**

Note: If you have difficulty with this deadline, please let me know.

1) Introduction:

   A. Though We’ve done our best for this review, additional items may arise as the case progresses. If so, we will inform you immediately.

   B. It is our understanding that you have submitted 4 separate requests for a Zone Map Amendment to 4 separate subject sites. Each of these requests will require individual justification letters, Staff Reports, and be presented separately at the EPC.

   C. This is what we have for the legal descriptions:

   Poole (PR-2018-001402)

      Lots 1 through 3, block 1, plat of West Bank Estates, together with tract A1 lands of Suzanne H. Poole

      Lot 4-A plat of Tracts C-1, C-2 & lot 4-A, lands of Suzanne H. Poole, being a replat of Tract C, lands of Suzanne H. Poole, Tract C annexation plat, land in section 25 & 36 T11N R2E, lot 4 block 1 west.

      Tract C-1, plat of Tracts C-1, C-2 & lot 4-A, lands of Suzanne H. Poole, being a replat of Tract C, lands of Suzanne H. Poole, Tract C annexation plat, land in section 25 & 36 T11N R2E, lot 4 block 1 west.

   Boca Negra

      Tract 6, correction plat for Montecito West, Unit 1 (being comprised of Lots 15 through 21, Volcano Cliffs Subdivision, Unit 6, Together with a portion of vacated Retablo Road NW and Albericoque)
Tract 8-B and 11-B, Replat of Tract 8, Unit 9, Volcano Cliffs Subdivision
Tract 10-A, Replat of Tract 11, Unit 6 Volcano Cliffs Subdivision
Tract 11-A and 11-B, Replat of Tract 11, Unit 6, Volcano Cliffs Subdivision
Tract 13-A, Replat of Tract 13, Unit 9, Volcano Cliffs Subdivision

Calabacillas (PR-2021-005816)
Lot 1 Plat of Lots 1, 2, 3, 4, 5 & 6 Cottonwood Crossing Phase II (Being a Replat of Tracts 14-A & 14-B Black Ranch) 0.5 acres.

La Cuentista (PR-2022-006906)
Northernly Portion of Tract D Correction Plat of the bulk land Plat of La Cuentista Subdivision (tracts A thru E) 5.1 acres.

South-westerly Portion of Tract D Correction Plat of the bulk land Plat of La Cuentista Subdivision (tracts A thru E) 5 acres.

Southernly Portion of Tract D Correction Plat of the bulk land Plat of La Cuentista Subdivision (tracts A thru E) 5.1 acres.

South-westerly Portion of Tract E-1 Plat of Tracts E-1 Thru E-5 La Cuentista Subdivision (A Replat of Tact E of the Corrected Plat of the bulk land Plat of La Cuentista Subdivision) 10.4 acres.

South-easterly Portion of Tract E-1 Plat of Tracts E-1 Thru E-5 La Cuentista Subdivision (A Replat of Tact E of the Corrected Plat of the bulk land Plat of La Cuentista Subdivision) 10.1 acres.

2) Process:
A. Information regarding the EPC process, including the calendar and current Staff reports, can be found at:
   http://www.cabq.gov/planning/boards-commissions/environmental-planning-commission

B. Timelines and EPC calendar: the EPC public hearing for June 16, 2022. Final staff reports will be available one week prior, on June 9, 2022.

C. Note that, if a zone change request is denied, you cannot reapply again for one year.

D. Agency comments will be distributed as staff receives them. I will email you a copy of the comments.

3) Notification & Neighborhood Issues:
Notification requirements for a zone change are explained in Section 14-16-6-4(K), Public Notice (IDO, p. 378). The required notification consists of: i) an emailed letter to neighborhood representatives indicated by the ONC, and ii) a mailed letter (first-class) to property owners within 100 feet of the subject site.

A. It appears that notification offering the pre-application facilitated meeting is complete.

B. A facilitated meeting was held Via Zoom on 4-28-22 and several questions and comments were made. Is that correct?

C. The notification to property owners appears that it may be incomplete for some sites. Please provide a correct list for each of the subject sites individually. Thank you for providing photos of the certified mail receipts and a list of the neighbors within a 100’ buffer.

D. The sign posting period is 15 days prior and after the EPC hearing date from Wednesday June 1, 2022 to July 1, 2022.

E. Have any neighborhood representatives or members of the public contacted you so far?

4) Project Letter:

A. Please provide a separate justification letter for each subject site.

B. Each letter should demonstrate how the ZMA review and decision criteria, 6-7(G)(3) are met per each individual subject site. E.g., the policy analysis needs to be specific to each site.

C. Please expand on the history and context of each of the subject sites.

5) Zone Map Amendment (zone change)- Overview:

A. The task in a zone change justification is to choose applicable Goals and policies from the Comprehensive Plan and demonstrate how the request furthers (makes a reality) each applicable Goal and policy. Furthering is shown by providing explanations using “because” statements and tailoring the response to match the wording of the Goal or policy.

B. Please revise or add goals/policies that align with zone map request pursuant to each individual site.
Dear Applicant:

Please find the neighborhood contact information listed below. Please make certain to read the information further down in this e-mail as it will help answer other questions you may have.

PLEASE NOTE: The ONC does not have any jurisdiction over any other aspect of your application beyond this neighborhood contact information. We cannot answer questions about sign postings, pre-construction meetings, permit status, site plans, buffers, or project plans, so we encourage you to contact the Planning Department at 505-924-3857 Option #1, email: dlcarmona@cabq.gov, or visit: http://www.cabq.gov/planning/online-planning-permitting-program/ for more information.

You will need to e-mail each of the listed contacts and let them know that you are applying for an approval from the Planning Department for your project. Please use this online link to find the required forms you will need to submit on the Planning Department’s website: https://ido.abc-zone.com/integrated-development-ordinance?document=1&outline-name=6-1%20Procedures%20Summary%20Table

The Administrative Decision form you need for notifying neighborhood associations can be found here: https://documents.cabq.gov/planning/online-forms/Planned-Notice-Administrative-Decision.html

Once you have e-mailed the listed contacts in each neighborhood, you will need to attach a copy of those e-mails AND a copy of this e-mail from the ONC to your application and submit it to the Planning Department for approval.

If your application requires you to offer a neighborhood meeting, you can click on this link to find required forms to use in your e-mail to the neighborhood association(s):

If your application requires a pre-application or pre-construction meeting, please plan on utilizing virtual platforms to the greatest extent possible and adhere to all current Public Health Orders and recommendations. The health and safety of the community is paramount.

If you have questions about what type of notification is required for your particular project or meetings that might be required, please click on the link below to see a table of different types of projects and what notification is required for each:

https://pdb.dona-cabe.org/Integrated-development-ordinance sito/document=1&outline-name=6-1%20Procedures%20Summary%20Table

This site is located on the following zoned area page:
Hello,

This email is to inform you that Consensus Planning, Inc. on behalf of the City of Albuquerque is requesting a Zone Map Amendment to Major Public Open Space for several parcels of land located at various locations in the city. You are invited to attend a facilitated neighborhood association meeting. All the information is attached to this email including a formal notice for a neighborhood meeting along with supplemental information about the specific properties. The Zoom information is provided below as well as in the email attachments. If you have any questions or concerns prior to the meeting, please feel free to reach out. Thank you and we look forward to seeing you at the scheduled neighborhood association meeting.

Zoom Information:
When: Monday, April 25, 2022
Time: 6:00 pm to 8:00 pm
Place: Zoom meeting

- **You do need to register in advance for this meeting by clicking this link:** [Register for Meeting](#)
- After registering, you will receive a confirmation email containing information about joining the meeting.

**Purpose of the Facilitated Meeting is to:**
- Hear a presentation on the project from Consensus Planning, Agent.
- Have a facilitated conversation between the neighbors and the agent
- Document neighbors’ feedback
- Discuss/negotiate potential resolution of any concerns
- Submit a summary report of this meeting to City of Albuquerque and all meeting participants by a neutral professional facilitator.

**Agenda:**
Facilitator opens the meeting
Applicant or agent presents information pertinent to application
Facilitator will elicit feedback from the meeting attendees and create a list of related concerns (if any).
Participants will have the opportunity to clarify and elaborate on each listed concern, with applicant having the opportunity to respond.
Negotiations, if viable at this time, will be facilitated.

For questions about the meeting or reporting process, please contact: Kathleen Oweegon, contract facilitator: oweegon@bridgesofpeace.com or (505) 501-7000.
For questions about the application, contact: frank@consensuplanning.com, Consensus Planning, Agent: Avery Frank

Dear Neighbors,

This email is a notification that Consensus Planning has submitted four Zoning Map Amendment – EPC applications on behalf of the City of Albuquerque for open space properties. These applications will change the zoning for these sites (see attached zone atlas pages) to NR-PO-B (Non-residential City-Owned Major Public Open Space). Also attached are meeting notes from the pre-application neighborhood meeting that was held to discuss these changes.

These applications will be considered by the EPC at the June 16, 2022, at 8:30 AM via Zoom. You may join the Zoom meeting using the following information:

Join Zoom Meeting: https://cabq.zoom.us/j/2269592859
To call in: (301) 715-8592
Meeting ID: 226 959 2859

Additional information, including a copy of the staff report and meeting agenda will be available on the EPC webpage approximately one week before the hearing: https://www.cabq.gov/planning/boards-commissions/environmental-planning-commission/epc-agendas-reports-minutes

If you have any questions or need additional information please reach out to Jim Strozier at cp@consensusplanning.com or myself at frank@consensusplanning.com. We can be reached by phone at (505) 764-9801.

Sincerely,
Avery M Frank

FACILITATED MEETING REPORT
Project: CABQ Pre-Application for Open Space Sites’ Zone Map Amendment
Property Description/Address: Calabacillas Pueblo; La Cuentista; Boca Negra; & Poole Property.
Date Submitted: April 28, 2022
Submitted By: Kathleen Oweegon
Meeting Date/Time: April 25, 2022, 6:00-8:00 pm
Meeting Location: Via Zoom
Facilitator: Kathleen Oweegon
Co-facilitator: Jocelyn M. Torres
Applicant: City of Albuquerque (City)
Agent: Consensus Planning
Neighborhood Associations/Interested Parties: Various Neighborhood Associations (NA); Districts 1, 2, 4, 5 and 6 NA Coalitions; President of City and County Districts; Representative for City Councilor Dan Lewis.

Background Summary:
This was a Pre-Application meeting for an EPC zone change, which allows property owners to request a different zone from the one currently assigned. The City of Albuquerque is requesting a Zone Map Amendment for four groups of properties totaling approximately 83 acres. The properties were purchased after the enactment of the Integrated Development Ordinance (IDO). They are located at various points in the city. This request seeks to change existing zoning to NR-PO-B (Major Public Open Space). This will reflect the proper zone classification under the City’s ownership and management of the properties. All lots are vacant. Three lots are adjacent to existing Major Public Open Space; thereby increasing the size of the Open Space network if approved. Calabacillas Pueblo is not adjacent to existing Open Space.

This zone change will enable the City to display increased transparency regarding this Open Space designation and management. The City also seeks to support and implement the ABC Comprehensive Plan; provide relief from urbanization; preserve green space; protect the landscape’s natural and cultural characteristics; enhance the character of existing single-family neighborhoods; conserve natural resources; and protect fragile ecosystems.

Parcel Identification

**Boca Negra:**
Current Zone: R-A (Rural Agricultural)
Size of Site: 25.49 acres (7 parcels)
Current Conditions: The site is vacant and surrounded by single-family housing, vacant land, and Major Public Open Space.
Nearest Streets: Quivira Drive, Villa Real Road, and Retablo Road NW.
Development Pattern: Area of Consistency.

**La Cuentista:**
Current Zone: R-1D (Residential Single-Family Extra-Large Lot)
Size of Site: 35.4082 acres (6 parcels)
Current Conditions: The site is vacant and surrounded by single/multi-family housing, vacant land, and Major Public Open Space.
Nearest Streets: Rosa Parks Road NW and Kimmick Drive NW.
Development Patterns: Area of Consistency.

1 *See Attached Consensus Power Point Presentation*
CITY OF ALBUQUERQUE
LAND USE FACILITATION PROGRAM PROJECT MEETING REPORT
City of Albuquerque: Proposed Open Space Zone Map Amendment Pre-Application Meeting

Poole Property:
Current Zone: R-A (Rural Agricultural)
Size of Site: 22.716 acres (3 parcels)
Current Conditions: The site is vacant and surrounded by single-family housing, a neighborhood park, private Open Space, and Major Public Open Space.
Nearest Streets: La Bienvenida Place NW, Tres Gracias NW, and Namaste Road NW.
Development Patterns: Area of Consistency.

Calabacillas:
Current Zone: MX-T (Mixed Use Transition)
Size of Site: 0.4314 acres (1 parcel)
Current Conditions: The site is vacant and surrounded by commercial, vacant commercial land, and large lot (unincorporated County) residential.
Nearest Streets: Coors Boulevard NW, and 7 Bar Loop NW.
Development Patterns: Area of Change.

Outcomes:

1) **Areas of Agreement:**
   a) Participants asked several questions and generally voiced support for the contemplated EPC zone change to Major Open Space.

2) **Areas of Discussion:**
   a) Participants encouraged adherence to strict guidelines that do not deviate from the primary purpose of having Open Space to include protection of the existing landscape; ecosystem; and native wildlife species.

3) **Unresolved Issues & Concerns**
   a) None noted

**Meeting Specifics:** *Neighbor questions and comments are in Italics. Q = Question; C = Comment*

1) **Current Designation**
   a) *Q/C: You're speaking though you know all these properties that are owned by the city are already Open Space, but isn't it true that they're actually just properties that aren’t zoned for open space, so they're just properties owned by the city?*

   A: These properties have been acquired by the city, and they've been acquired for the purpose of expanding the city's Open Space network. This action that we're that we're moving forward on the city's behalf is to make it clear and finish that effort to make them officially part of the city's Open Space network.

2) **Open Space Zoning Requirements.**
   a) *Q/C: How will the City abide by the strict requirements of the Open Space designation? There are several allowable and permissive uses for the NR-PO-B designation.*

   A: The City relies on its Open Space Advisory Board to ensure that the Open Space restrictions are implemented and maintained. The IDO also requires that the City implement a site plan and master plan. Although the list includes several things that could possibly be done, there are processes and protections in place that would at least require community review.

---

2 See attached Consensus Planning table: “Allowable Uses – Open Space” (for NR-PO-B compared to R-1A/D, R-A, MX-T)
City of Albuquerque: Proposed Open Space Zone Map Amendment Pre-Application Meeting

b) Q: What are the master plans? Are they in existence or will they be separate plans for these properties?
A: I think that for the most part these particular properties are not included in an existing master plan. I think that the city would have to take additional steps to either bring these properties into an existing master plan or do a separate master plan for those properties once the zoning is in place is my understanding of it.
C: I think that one of the contingencies of having this happen is that the City should do a master plan for these areas that is consistent with what's presented here tonight.

c) Q: What does the “B” mean? I agree that some uses may be OK and some not OK. Are we including the neighborhoods working together so it’s not such a battle all the time? I’m really glad we got these parcels and want it to be something that everyone agrees is appropriate.
A: The Agent quoted a portion of IDO page 56 in stating that (in Subzone B) there will be oversight by the Open Space Advisory Board and there should be community input as to the City’s use of Major Public Open Space. Three properties are adjacent to City Open Space. The Open Space Division can also be asked whether they intend to do anything else with these properties.
The Agent quoted the definition of “Major Public Open Space” from IDO pages 563-564. He also offered to look into the City’s facility plan for Major Public Open Space.

2) Protection of Ecosystems and Wildlife.

a) Q: I live in District 1, Andalucia. I agree with the goals of protecting wildlife and fragile ecosystems. The Poole Property drains into the wetlands with beavers, porcupines and a waterfall. I’m concerned about a mass pilgrimage to that location.
A: From our conversations with the City Open Space Division, they are in sync with what you’ve just said in terms of their goals for management of that property.

b) C/Q: I have a master’s in architecture and planning and was a consultant for the National Park Service. The Trump administration loosened up development uses in areas relegated as migratory bird flyways. Are the IDO City processes sufficient to meet those larger state and federal regulations?
A: We have discussed the goals and definitions of Major Public Open Space. There is also a facility plan for the Open Space Division that we will look into. The City’s management of Oxbow and the Petroglyph National Monument demonstrates that its purpose is in alignment (with the preservation of migratory birds). The Open Space Division has a small staff that is very dedicated towards protecting and managing these lands.
C: There’s a lot of Federal and State programs and grants for these kinds of things.

---

3. 2-5(F)(3)(b) Sub-zone B: Major Public Open Space
1. Uses and development standards specified in a Resource Management Plan or Master Plan approved or amended by the Open Space Division of the City Parks and Recreation Department for each facility or in the Facility Plan for Major Public Open Space prevail over IDO standards and may be reflected in Site Plans approved pursuant to this IDO.
2. For facilities without a Resource Management Plan or Master Plan, allowable uses other than those specified in Table 4-2-1 or the Facility Plan for Major Public Open Space may be approved pursuant to Subsection 14-16-6-6(J) (Site Plan – EPC). 3. Any Extraordinary Facility shall be reviewed and decided pursuant to Subsection 14-16-6-6(J) (Site Plan – EPC).

4. Major Public Open Space: Publicly-owned spaces managed by the Open Space Division of the City Parks and Recreation Department, including the Rio Grande State Park (i.e. the Bosque), Petroglyph National Monument, and Sandia foothills. These are typically greater than 5 acres and may include natural and cultural resources, preserves, low-impact recreational facilities, dedicated lands, arroyos, or trail corridors. The adopted Facility Plan for Major Public Open Space guides the management of these areas. For the purposes of this IDO, Major Public Open Space located outside the city municipal boundary still triggers Major Public Open Space Edge requirements for properties within the city adjacent to or within the specified distance of Major Public Open Space.
3) Nature and Purpose of Zone Change.

a) C/Q: A couple of comments, and then a question for clarity. I’m in (the) District 4 Coalition. The District 4 Coalition is connected with private citizens that caused the Poole Property to not become 93 McDonald mansions. The west side, especially the Poole Property, is part of the entire City. I understand that both tonight and Wednesday night we’re talking about a zone map amendment or amendments. I need to understand which decision-making body will handle the zone map amendments. A second part is what’s the difference or distinction between zone map amendment, and a zone change? My concern is that we would take a can of tomato soup and put a new label on it, and say it’s chicken gumbo, and on the map it’s going to show the difference, but in reality, nothing has changed except the map. If you would help me understand that.

A: A zone map amendment, zone mapping amendment, and a zone change are all different terminology for the same process. They all mean the same thing. Had the Poole property been acquired by the City for Open Space at the time the IDO was created, the zoning would have automatically been changed to NR-PO-B. Since the City did not own these properties when the IDO was adopted, this process is required to have the proper zone designation for these properties and accuracy as to the City’s online interactive display. There may not be a practical difference, but it’s important for the public, so people can look at the online interactive zoning map and see the purpose of the property. This is important for disclosure and transparency. The Poole Property looks like it is zoned for those 93 houses, but it’s not. It is owned and managed by the City as Open Space. The properties purchased by the City for the purpose of Open Space are usually not initially zoned for that purpose. This is the process that the City can go through to change the zoning to align with the new use. That also brings into play the City’s Facility Plan for Major Public Open Space, which is tied directly to the properties that are zoned for Major Public Open Space. That is why there is an Open Space Advisory Board and Environmental Planning Commission to make those decisions.

Q: Who is the decision-making body for this?

A: The EPC decides zone map amendments. The application will be filed May 5, 2022. The EPC hearing on all four properties will be held June 16, 2022. Although the EPC will have to make a separate decision for each property, their purpose/use is the same so they will be grouped for the purpose of the presentation to the EPC.

4) City’s Property Purchases.

a) Q: Please display the map of La Cuentista. (see slide #6 of Agent’s PowerPoint presentation) How much Open Space property is the City purchasing?

A: They’re in the process of acquiring additional properties. We thought we were going to be making this application for 6 parcels because they haven’t completed the transaction on the sixth, so we’re only at 5: the ones outlined in blue. I believe the City plans to acquire the two La Cuentista properties in yellow highlighting near the blue outline, and also near the street named Rosa Parks, but has not yet done that.5

C: The two properties highlighted in yellow have nice rock formations and petroglyphs. I favor the City purchasing them. I’m a neighbor and hope the City also purchases the arroyo outlined in blue.

b) Q: Regarding the Boca Negra property, the outlined in blue next to the green area that’s already Open Space, that’s along an arroyo. They’re going to leave that natural, right?

---

5 See attached: “Open Space Zone Map Amendment” – description and maps provided by Agent.
A: This is another area where I believe the City is interested in acquiring more land surrounding the arroyo that you’ve mentioned but hasn’t done so yet. We’re only allowed to request the zone change on the properties that the City owns now.

C: I hope that will be left natural. There’s another grouping of rocks with petroglyphs there. It would be nice to leave it and protect it. I hope the City acquires as much land as it can around that arroyo.

A: I think the Open Space Division shares your goals for that.

5) Other
   a) A participant requested to know which Council district each meeting participant resides in. Six people responded: D1: (1), D2: (1), D3: (1), D4: (1), D5: (2)

Anticipated Application and Hearing timetable:
EPC Application will be filed May 5, 2022
EPC Hearing will be held June 16, 2022.
