### Summary of Analysis

The request is for a Major Amendment to the controlling site development plan for an existing shopping center for an approximately 15.5 acre site.

The applicant proposes to amend the prior approved site development plan in the following manner:

1. Redevelop the southwestern portion of the subject site (approx. 8.5 acres) with a Townhouse subdivision. This area will be reviewed using a new site plan, which will go through the Development Review Board (DRB) process.

2. Remove the remainder of the subject site from the governing site plan and allow for future redevelopment to be subject to IDO regulations.

The applicant notified neighborhood associations and property owners as required. The Loma Del Rey NA requested a meeting. A meeting was held and the neighborhood is generally supportive of this request.

Staff recommends approval subject to conditions needed to create compliance and improve clarity.

Request

The request is for Site Plan – EPC, Major Amendment, for an approximately 15.5-acre site legally described as Lot 1-A-1 and 5-A-1, La Mirada Subdivision (being comprised of Lots 1-A and 5-A), located at 4315 Wyoming Blvd. NE between Montgomery Blvd. NE and La Mirada Pl. NE (the subject site).

The applicant proposes to amend the prior approved site development plan in the following manner:

1. Redevelop the southwestern portion of the subject site (approx. 8.5 acres) with a Townhouse subdivision. This area will be reviewed using a new site plan, which will go through the Development Review Board (DRB) process.

2. Remove the remainder of the subject site from the governing site plan and allow for future redevelopment to be subject to IDO regulations.

The subject site is zoned MX-M (Mixed Use – Medium Intensity Zone District) and is developed with commercial uses; the majority being big-box commercial, but also includes retail, and restaurant uses. A large portion of the subject site is dedicated to asphalt parking designed for the big-box stores, which are mostly vacant.

EPC Role

The EPC is hearing this case as required by IDO section 14-16-6-4(Z) Amendments of Pre-IDO Approvals. Major amendments shall be reviewed by the decision-making body that issued the permit or approval being amended, following the procedures for the most closely equivalent
decision in Part 14-16-6 (Administration and Enforcement). The amendment exceeds the thresholds found in IDO table 6-4-4: Allowable Minor Amendments, therefore it is classified as a Major Amendment pursuant to IDO section 14-16-6-4(Z)(1)(b).

Pursuant to IDO Section 14-16-6-4(Q), the decision-making body may impose conditions necessary to ensure compliance with the development standards of this IDO via the Site Plan-EPC Review and Decision Criteria of IDO Section 14-16-6-6(J). This is a quasi-judicial matter.

Context
The approximately 15.5-acre site is located at the southwest corner of the intersection of Wyoming Blvd NE and Montgomery Blvd NE. The site is bounded by Montgomery Blvd Ne to the north, Wyoming Blvd NE to the east, La Mirada Dr NE to the south and a Multi Family development on the west. The site is surrounded by various land uses including: residential (single family homes), commercial services (bank and restaurant) to the north, commercial services (general retail) to the east, commercial services (bank, personal services), offices, medical/dental offices, and residential (townhouses) to the south, and multi-family dwellings to the west.

The subject site is located in an Area of Change as designated by the Comprehensive Plan. The subject site is within the boundaries of the Southwest Mesa Community Planning Area (CPA).

History
In 1973 a 6.5-acre portion of the site was rezoned from P-1 and P-2 to C-2. The site development plan for the subject site was initially approved by the EPC on February 23, 1977 (Z-73-47). The plan for the roughly 15.5-acre site is a general shopping center including a department store, food center, smaller retail shops, a restaurant and required parking area. At the time of approval, the provided parking exceeded required parking by 119 spaces. Since build out, the subject site remains largely unchanged except for two administrative amendments in the 1980’s. These amendments were minor, one in 1986 was for an additional building, and one in 1989 for additional storage space. More recently there were two administrative amendments (one in 2008 and one in 2014) for small additions to the Range Café, which is located on the eastern portion of the lot, along Wyoming Blvd.

Roadway System
The Long-Range Roadway System (LRRS) map, produced by the Mid-Region Metropolitan Region Planning Organization (MRMPO), identifies the functional classification of roadways.

The LRRS map classifies both Wyoming Blvd NE and Montgomery Blvd NE as Regional Principal Arterial roads.

Comprehensive Plan Corridor Designation
The Comprehensive Plan designates Montgomery Blvd NE as a Major Transit Corridor. Major transit corridors are thought to be served by high frequency and local transit (e.g. Rapid Ride, local, and commuter buses). These corridors should prioritize transit above other modes of transportation to promote a convenient and efficient transit system. Walkability in these corridors is key to providing a safe environment for walkers, cyclists, and transit users.
The Comprehensive Plan designates Wyoming Blvd NE as a Multi Modal Corridor. Multi-modal corridors are intended to encourage the redevelopment of aging, auto-oriented commercial strip development to a more mixed use, pedestrian-oriented environment that focuses heavily on providing safe, multi-modal transportation options.

**Comprehensive Plan Community Planning Area Designation**

The subject site is located within the area designated as the Mid Heights CPA by the Comprehensive Plan. The Mid Heights CPA is characterized by 1950’s suburbs and major arroyos that form linear parks with multi-use trails. There is a predominance of the grid pattern formed by principal and minor arterial streets. Commercial strips in this area border the major streets, and there are great views of the Sandia Mountains to the east, particularly when traveling on east/west roads.

**Trails/Bikeways**

The Long-Range Bikeway System (LRBS) map, produced by the Mid-Region Metropolitan Planning Organization (MRMPO) identifies existing and proposed routes and trails.

Neither Wyoming Blvd NE nor Montgomery Blvd NE have existing bike trails. There does not seem to be any plans for building/applying bike lanes on either road, however, it is noted on the LRBS map that both roads have existing wide shoulders. This indicates that there is potential space for a bike lane, should it be proposed.

**Transit**

The subject site is well-served by transit. Montgomery Blvd NE is served by ABQ Ride Route 5, which has a peak service frequency of roughly 25 minutes. There is bus service on weekdays and reduced service on the weekends. This route runs along Montgomery starting at the Montgomery/Tramway Park & Ride, down to Carlisle and Lomas, then to Alvarado Transportation Center before circling back.

Wyoming Blvd NE is served by ABQ Ride Route 31. This route begins on Wyoming and near Kirtland Air Force Base and runs through Wyoming Blvd NE to Alameda with a peak service frequency of 30 minutes, and reduced service on the weekends.

**Public Facilities/Community Services**

Please refer to the Public Facilities Map (page 4), which shows public facilities and community services located within one mile of the subject site.

**II. ANALYSIS of APPLICABLE ORDINANCES, PLANS, AND POLICIES**

**Integrated Development Ordinance (IDO)**

**Definitions**

**Areas of Change:** An area designated as an Area of Change in the Albuquerque/Bernalillo County Comprehensive Plan (ABC Comp Plan), as amended, where growth and development are encouraged, primarily in Centers other than Old Town, Corridors other than Commuter Corridors, Master Development Plan areas, planned communities, and Metropolitan Redevelopment Areas.
Dwelling, Townhouse: A group of 3 or more dwelling units divided from each other by vertical common walls, each having a separate entrance leading directly to the outdoors at ground level. For the purposes of this IDO, this use is considered a type of low-density residential development, whether the townhouses are platted on separate lots or not. See also Development Definitions for Low-density Residential.

Center and Corridor Definitions:

Major Transit (MT) Corridor: A Corridor designation from the Comprehensive Plan. High-frequency transit service is planned.

Major Transit (MT) Area: Lots within 660 feet in any direction of the centerline of a Major Transit Corridor as designated by the ABC Comp Plan, as amended.

Useable Open Space: Outdoor space to be preserved on-site and managed privately to help ensure livable conditions on each site by providing light and air and meeting visual, psychological, and recreational needs. These areas can be used for a variety of purposes and are not required to be at ground level. Usable open space may include, but is not limited to, lawns; community gardens; decorative and native plantings; open balconies; rooftop decks; plazas; courtyards; covered patios open on at least 2 sides; walkways; landscaped medians, buffers, or setbacks; active and passive recreational areas; fountains; swimming pools; wooded areas; and water courses. Such space shall be available for entry and use by users of the development. Required drainage facilities or land within an easement for overhead utilities that are not landscaped shall not count toward required usable open space. Usable open space does not include public right-of-way, private ways, parking lots, off-street parking, driveways, drive aisles other private vehicular surfaces, or buildings other than swimming pool rooms.

Zoning

The subject site is currently zoned MX-M (Mixed-Use – Medium Intensity, IDO 14-16-2-4(C)) which was assigned upon the adoption of the IDO. The purpose of the MX-M zone district is to provide for a wide array of moderate-intensity retail, commercial, institutional and moderate-density residential uses, with taller, multi-story buildings encouraged in Centers and Corridors. Allowable uses are shown in IDO Table 4-2-1.

Albuquerque / Bernalillo County Comprehensive Plan (Rank 1)

The subject site is located in an area that the 2017 Albuquerque/Bernalillo County Comprehensive Plan has designated an Area of Change.

Applicable Goals and policies are listed below. Staff analysis follows in plain text.

Chapter 4: Community Identity

Goal 4.1 – Character: Enhance, protect, and preserve distinct communities.

The subject site is located in the northeast heights, in a highly commercial area with surrounding single-family homes. The request would enhance, protect, and preserve this distinct community by providing residential uses, which would replace a currently under-utilized commercial development consisting largely of asphalt surface parking and vacant buildings. Removing a portion of the subject site would allow for development of underutilized space that would...
generally enhance and protect this community. This request generally furthers Goal 4.1 Character.

Policy 4.1.2: Identity and Design: Protect the identity and cohesiveness of the neighborhoods by ensuring the appropriate scale and location of development, mix of uses, and character of building design.

The request would facilitate the development of 66 townhouses on a site that is largely underused and unoccupied. The development would abut a multi-family development, and is also near single-family dwellings. The proposed Townhouses would provide an appropriate scale (in between multi-family and single-family), proper location of development, and a mix of housing options. This request generally furthers Policy 4.1.2 – Identity and Design.

Policy 4.1.4: Neighborhoods: Enhance, protect and preserve neighborhoods and traditional communities as key to our long-term health and vitality.

The proposed site plan would generally enhance, protect, and preserve the nearby neighborhoods because it would facilitate the development of a largely vacant site and underutilized parking lot. Developing this space to be townhomes would enhance the area, protect housing values, and preserve the neighborhood. The development of the site and subsequent occupancy promotes the areas long-term health and vitality. The request generally furthers Policy 4.1.4 Neighborhoods.

Chapter 5: Land Use

Goal 5.1 – Centers and Corridors: Grow as a community of strong Centers connected by a multi-modal network of Corridors.

The subject site sits along two designated Corridors; Montgomery Blvd NE is designated as a Major Transit Corridor, and Wyoming Blvd NE is designated as a Multi-Modal corridor by the Comprehensive Plan. The subject site is not in a designated Activity Center. However, the request would facilitate residential development along two designated Corridors, and generally, low-density residential development is intended outside of Centers. Staff finds that this request partially furthers Goal 5.1 Centers & Corridors.

Policy 5.1.10 – Major Transit Corridors: Foster corridors that prioritize high-frequency transit service with pedestrian-oriented development.

The request would facilitate the development of 66 town homes which would activate the corridor with more people using transit and walking to nearby commercial services. The proposed site plan includes walkways for residents and pedestrian access from the surrounding site. The request would encourage a residential development and makes the nearby transit service accessible. The request furthers Policy 5.1.10-Major Transit Corridors.

Goal 5.2 – Complete Communities: Foster communities where residents can live, work, learn, shop and play together.

The request would facilitate development of the subject site with 66 Townhouses, which would provide additional opportunities for residents to live, work, and shop in the area. The request
would foster complete communities where residents can live and work together because the proposed development would be within walking distance of surrounding commercial development, and ABQ Ride Route 5 and 31. The request generally furthers Goal 5.2 – Complete Communities.

Policy 5.2.1- Land Uses: Create healthy, sustainable, and distinct communities with a mix of uses that are conveniently accessible from surrounding neighborhoods.

The requested site plan amendment would create healthy, sustainable and distinct communities with a mix of uses by locating the residential development near a mix of commercial uses. The location of the subject site near this commercial development would generally promote walkability, which contributes to the health of the community. There are three pedestrian access points to the development, which promote convenience and accessibility to the surrounding commercial services. The request furthers Policy 5.2.1 – Land Uses.

Subpolicy a) Encourage development and redevelopment that brings goods, services, and amenities within walking distance of neighborhoods and promotes good access for all residents.

The new boundary for the proposed site plan would allow the surrounding lots do be developed under the IDO MX-M Zone District standards. The development under the original site plan was largely underutilized and has not changed for several years. New development under MX-M standards would facilitate development that brings goods, services, and amenities, all of which are within walking distance from the proposed Townhouses and the surrounding neighborhoods. The request furthers subpolicy 5.2.1a.

Subpolicy e) Create healthy, sustainable communities with a mix of uses that are conveniently accessible from surrounding neighborhoods.

The subject’s sites location along two designated corridors promotes convenient accessibility to commercial services. The surrounding sites release from the site plan regulation to the IDO MX-M zone district guidelines will facilitate the development of a mix of uses that are conveniently accessible from surrounding neighborhoods. Staff finds that subpolicy 5.2.1e is furthered.

Subpolicy n) Encourage more productive use of vacant lots and under-utilized lots, including surface parking.

The request would encourage more productive use of the currently under-utilized lot which is comprised of largely vacant commercial space and surface parking by facilitating the development of 66 townhouses. Staff finds that subpolicy 5.2.1n is furthered.

Goal 5.3 – Efficient Development Patterns: Promote development patterns that maximize the utility of existing infrastructure and public facilities and the efficient use of land to support the public good.
The subject site is already served by existing infrastructure and public facilities, so the redevelopment made possible by the request would generally promote efficient development patterns and use of land. The request furthers Goal 5.3 – Efficient Development Patterns.

Policy 5.3.1 – Infill Development: Support additional growth in areas with existing infrastructure and public facilities.

The subject site is an infill site located in an area already served by existing infrastructure and public facilities. The request would support additional growth along two established Corridors, and therefore furthers Policy 5.3.1-Infill Development.

Policy 5.3.2 – Leapfrog Development: Discourage growth in areas without existing infrastructure and public facilities.

The request would facilitate development where infrastructure and public facilities already exist (see page 4) and would be infill development as opposed to fringe development where there is no infrastructure. The request furthers Policy 5.3.2 – Leapfrog Development.

Goal 5.4 – Jobs-Housing Balance: Balance jobs and housing by encouraging residential growth near employment across the region and prioritizing job growth west of the Rio Grande.

The request would facilitate residential development at a site that is near existing commercial and office development, which are often where jobs are located. The subject site is served well by transit and residents living there would have access to jobs in the area. However, the request does not prioritize job growth west of the Rio Grande. The request partially furthers Goal 5.4 Jobs-Housing Balance.

Goal 5.6 – City Development Areas: Encourage and direct growth to Areas of Change where it is expected and desired to ensure that development in and near Areas of Consistency reinforces the character and intensity of the surrounding area.

The subject site is located in an Area of Change, where growth is expected and desired. The request would encourage, enable, and direct growth to it. The request generally furthers Goal 5.6-City Development Areas.

Chapter 9: Housing

Goal 9.1 Supply: Ensure a sufficient supply and range of high-quality housing types that meet current and future needs at a variety of price levels to ensure more balanced housing options.

The request would facilitate the development of approximately 66 Townhouses, which ensures a sufficient supply and range of high-quality housing types. The subject site is located at the intersection of two designated Corridors (Multi-Modal, and Major Transit) and near multi-family and single-family housing. The addition of Townhouses provides ensures that the area will meet current and future needs at a variety of price levels to ensure more balanced housing options. The request generally furthers Goal 9.1 Supply.

Goal 9.3 Density: Support increased housing density in appropriate places with adequate services and amenities.
The request would allow and support development of residential uses, among them the slightly denser Townhouse residential. The subject site is an appropriate place for such development because it is along a Major Transit Corridor, and a Multi-Modal Corridor. The request furthers housing Goal 9.3-Density

Policy 9.3.1 Centers & Corridors: Encourage higher density, multi-unit housing and mixed-use development in Downtown, Urban, Activity, and Village Centers, and along Premium and Major Transit Corridors to capture growth, relieve development pressure at the edge of the urban footprint, and maintain low densities in rural areas.

The request would allow residential uses, specifically Townhouses (mixed-use development) to develop near appropriate uses such as jobs and services, and along a Major Transit Corridor. The release of the surrounding geography to the IDO MX-M regulation could facilitate additional mixed-use development along a Major Transit Corridor. The request partially furthers Policy 9.3.1 Centers & Corridors.

Integrated Development Ordinance (IDO) 14-16-6-G(J)(3)- Site Plan-EPC Review and Decision Criteria

IDO Section 14-16-6-6(J)(3) states that any application for a Site Plan-EPC, including a Major Amendment, will be approved if it meets all of the following criteria:

6-6(J)(3)(a) The site plan is consistent with the ABC Comp Plan, as amended.

As demonstrated by the policy analysis of the site plan (see above), the request is consistent with applicable Comprehensive Plan Goals and policies.

6-6(J)(3)(b) The Site Plan is consistent with any applicable terms and conditions in any previously approved NR-SU or PD zoning covering the property and any related development agreements and/or regulations.

The subject site is zoned MX-M; therefore, the above criterion does not apply.

6-6(J)(3)(c) The Site Plan complies with all applicable provisions of this IDO, the DPM, other adopted City regulations, and any terms and conditions specifically applied to development of the property in a prior permit or approval affecting the property.

With the application of conditions of approval, the site plan will comply with all applicable provisions of the IDO. The request will need to be reviewed by the Development Review Board (DRB) to ensure compliance with applicable provisions of the Development Process Manual (DPM). As per the IDO, the EPC will determine whether any deviations from typical Mixed-Use development are acceptable in this proposed major amendment.

6-6(J)(3)(d) The City's existing infrastructure and public improvements, including but not limited to its street, trail, drainage, and sidewalk systems, have adequate capacity to serve the proposed development, and any burdens on those systems have been mitigated to the extent practicable.
The request will be reviewed by the Development Review Board (DRB), which is charged with addressing infrastructure and ensuring that infrastructure such as streets, trails, sidewalks, and drainage systems has sufficient capacity to serve a proposed development.

6-6(J)(3)(e) The application mitigates any significant adverse impacts on the surrounding area to the maximum extent practicable.

The future, proposed development will be required to comply with the decisions made by two bodies- the EPC and the DRB. The EPCs’ conditions of approval will improve compliance with the IDO, which contains regulations to mitigate site plan impacts to surrounding areas. The DRB’s conditions will ensure infrastructure is adequately addressed so that a proposed development will not burden the surrounding area.

6-6(J)(3)(f) If the subject property is within an approved Master Development Plan, the Site Plan meets any relevant standards in the Master Development Plan in addition to any standards applicable in the zone district the subject property is in.

The subject property is no within an approved Master Development Plan; therefore, the above criterion does not apply.

6-6(J)(3)(g) If a cumulative impact analysis is required in the Railroad and Spur Area pursuant to Subsections 14-16-5-2(E) (Cumulative Impacts) and 14-16-6-4(H) (Cumulative Impacts Analysis Requirements), the Site Plan incorporates mitigation for all identified cumulative impacts. The proposed development will not create material adverse impacts on water quality or other land in the surrounding area through increases in traffic congestion, parking congestion, noise, vibration, light spillover, or other nuisances without sufficient mitigation or civic or environmental benefits that outweigh the expected impacts.

The subject property is not within the Railroad and Spur Area and no cumulative impact analysis is required, therefore the above criterion does not apply.

III. SITE PLAN MAJOR AMENDMENT

Request
The request is for a Major Amendment of an existing site development plan, which was approved prior to the effective date of the IDO (May 17, 2018). Pursuant to IDO Section 1-10(A), prior approvals remain valid. The request exceeds one of the thresholds for a minor amendment in Table 6-4-4, so it cannot be classified as a Minor Amendment (which Staff can approve).

The request consists of the following major changes/additions to the existing, governing site development plan:

The governing geography of the site plan will be reduced to the approximately 8.5 acres of the southwestern portion of the site. The new site plan proposes a residential development of 66
Townhouses. The surrounding area will be subdivided and released from the Site Plan governance, to IDO MX-M regulation.

The proposed site plan is required to comply with all applicable provisions of the IDO, the DPM, other adopted City regulations, and any other terms and conditions specific to the subject site in a prior approval. Regarding any instances of non-compliance or lack of clarity, Staff has crafted conditions of approval to address them. Rather than describe what’s shown on the proposed site plan (see attachment), the following analysis focuses on applicable requirements

Site Plan Layout/Configuration

The proposed major site amendment reduces the area governed by the site plan from roughly 15.5 acres down to 8.5 acres (at the southwestern portion of the site). The proposed Townhouses are placed surrounding a centralized open space feature. There are 22 Townhouses surrounding the open space feature at the center of the site, and the remaining 44 houses are at the outer perimeter of the subject site.

Section 5-1 Dimensional Standards:

The MX-M zone district does not have minimum lot sizes, however the lots shown vary in size. The plans call for a minimum of 30 feet for lot width, and a minimum of 85 feet for the lot length. All townhouses are proposed to have a minimum 20’ driveway. The maximum building height allowed is 48 feet, however, there is no proposal as to the height of the Townhouses, other than maintaining the height restriction (up 48 feet).

Vehicular Access, Circulation, and Parking

The subject site is located at the intersection of Wyoming Blvd NE, and Montgomery Blvd NE. The subdivision is gated and there is one entrance which is accessible from La Mirada Pl NE. Residents can turn onto La Mirada Pl NE when traveling North/South on Wyoming Blvd NE.

5-3 Access and Connectivity: Access and Connectivity regulations are largely controlled by the Development Process Manual (DPM) and administered by the Development Review Board (DRB). All driveways and access points shall be constructed to meet DPM standards. Staff recommends a condition that the Site Plan be reviewed and approved by the Development Review Board subsequent to EPC approval.

5-5 Parking and Loading: Pursuant to IDO table 5-5-1, Parking requirements for residential development are 1 space per dwelling unit up to 2 bedrooms, and 2 spaces for dwellings with 3 or more bedrooms. At this point, the number of bedrooms is not known. The proposed site plan includes a 20-foot driveway and garages at each dwelling, which is intended to cover the required parking. Pursuant to IDO Subsection 5-5(C)(5)(c)2, the minimum number of off-street parking spaces required may be reduced by 10 percent if the proposed development is located within 330’ in any direction of any transit stop or transit station with a peak service frequency between 15 minutes and 45 minutes. The proposed site plan claims to qualify for this reduction, however a bus stop with dimension to the site boundary is not shown on the drawings. Pursuant to IDO Subsection 5-
5(C)(8)(a) Accessible Parking, ADA parking is not required for residential development. No motorcycle parking, nor bicycle parking is required.

**Pedestrian, Bicycle, and Transit Access**

The subject site is located along a Major Transit Corridor, and a Multi-Modal Corridor. Transit is available serve members of the community who wish to access surrounding commercial services, jobs, or recreation. There are two transit stops that are within walking distance of the proposed residential development. The site plan proposes three pedestrian access points, which can be used to easily walk to and from the existing transit stops. There are no existing bike paths near the proposed site plan.

The proposed residential development includes walkways that connect to existing sidewalks at La Mirada Pl NE. Pursuant to IDO 5-3(D)(3), the walkways provide adequate connectivity to the surrounding commercial development and transit stops. The sidewalks within the development are not dimensioned on the site plan, however, using the provided scale look to be about 5’ in width.

There are pedestrian crosswalks provided, pursuant to 5-3-(D)(3)(C), at the main entrance of the proposed site plan.

**Walls and Security**

Retaining walls and screening walls surrounding the subject property are proposed. The walls facing public streets and are designed pursuant to IDO Subsection 5-7(E)(3) Wall design. The design includes 6’ maximum height, with brown split face concrete masonry units (CMU), capped with brown split face CMU with continuous 2-inch overhang, and split face pilasters at intervals of 12’ which also project at a minimum of 2” from public side of screen wall.

The walls will run along the length of the perimeter of the site, and access to the site will be controlled by a gate at the main entrance off of La Mirada Pl NE. Section views of the retaining/screening walls on the Conceptual Grading Plan. There are 3 main types of wall shown, two of which (Section A-A, and Section B-B), are terraced and show a max height of 6’ for the retaining wall, and a max height between 4 feet and 6 feet for the screening wall. The retaining wall and screening wall are terraced, and finished grade varies for each. The third wall section (Section C-C) combines the retaining wall and screening wall into one, the retaining portion has a height varying from 2 feet to 4 feet, and the perimeter wall has a height varying from 4 feet to 6 feet.

**Landscaping**

The site plan is generally in compliance with the landscaping requirements pursuant IDO Section 5-6. The minimum surface area of 15% total area minus the building area (.15*209,405) brings the minimum required landscaping of this site to approximately to 31,411 feet. The proposed subject site provides a total of 51,278 square feet of landscape, which exceeds the requirement by 19,867 square feet. The landscape plan also shows a 25% (7,900 square feet) coverage of ground level plants.
The site plan proposes a mix of deciduous trees, evergreen trees, shrubs, desert accents, flowering plants, grasses, deciduous shrubs, and evergreen shrubs. Landscaping will be watered through an automated irrigation system, including a drip system zones where required. A plan for the irrigation system was not included in the drawings. All street trees must be planted in accordance to IDO Section 14-16-5-6(D)(1)(c).

**Elevations/Architecture**

No elevations are provided on the proposed site plan.

**Signage**

There is one monument sign proposed at the entrance of the proposed residential development. The sign measures 10 feet in length, 3 feet in height, and 2 feet in depth. The letters on the sign are proposed to be 1.5 feet in height and 6 inches in width. The sign reads “Mirada Nueva”. The monument sign to is to be constructed with CMU block with a stucco finish. The stucco color proposed is a brown earth tone with a faux ledgestone accent. The letters will be constructed of metal.

**Grading and Drainage Plan**

The proposed site plan amendment is being subdivided into a residential neighborhood and future offsite commercial. The offsite portion of the proposed site plan will be divided into three drainage basins, offsite basins one and two will drain through the proposed subdivision through drainage infrastructure located at the northeast corner of the subdivision. Basin three will drain to a proposed drainage channel located on the west side of the subdivision. All offsite flows will be channeled into the proposed water quality pond, located at the southeast corner of the residential development. The residential area will also drain into the water quality pond, via surface flows and a storm sewer. The small area at the entrance of the subdivision will drain directly onto Hendrix Ave NE/La Mirada Pl NE, as the changes in grade prevent it from being captured and redirected into the water quality pond.

**Utility Plan**

Water and sewer lines for the subdivision will tie into the existing infrastructure on La Mirada Pl NE. The water and sewer lines will run under the proposed street within the subdivision. The water and sewer lines will then branch into the Townhouses, which will connect from the street facing side. The fire marshal has approved the Fire 1 plan, which shows appropriate location and amount of fire hydrants.

**IV. AGENCY & NEIGHBORHOOD CONCERNS**

**Reviewing Agencies**

Transportation Development Review Services had several comments, which will be addressed in the conditions. They are requiring a Traffic Impact Study (TIS), which was provided by the applicant. They are requiring that all sidewalk minimums (5 feet) shall be met within the subdivision, which may require the widening proposed roadway easements. A major comment they
had was to provide an additional access point, due to the number of units. Transportation Development Review Services also requested that the applicant provide a turning template, to ensure that the design allows access and maneuverability within the subdivision for emergency vehicles. The applicant has provided the turning template, and is included in this packet under Applicant Information.

The Transit Department commented on existing routes currently servicing the area. APS commented, stating that the area that the subject site is located in is currently served by three schools: Comanche Elementary School, Cleveland Middle School, and Sandia High School.

CPTED had numerous comments regarding safety and lighting, these comments can be found in the agency comments section. Other agency comments include: Albuquerque Bernalillo County Water Utility Authority (ABCWUA), Albuquerque Metropolitan Arroyo Flood Control (AMAFCA), New Mexico Department of Transportation (NMDOT), Mid-Region Metropolitan Planning Organization, and others. All agency comments can be found on page…

Neighborhood/Public

Notification requirements are found in 14-16-6, in the Procedures Table 6-1-1 and are further explained in 14-16-6-4(K), Public Notice. The affected, registered neighborhood organizations are the Loma Del Rey NA, District 4 Coalition of Neighborhood Associations, and District 7 Coalition of Neighborhood Associations. Property owners within 100 feet of the subject site were also notified as required.

A pre-application neighborhood meeting was requested and held on March 4, 2021 with members of the Loma Del Rey NA. Major concerns included traffic generation the intersection of La Mirada Pl NE and Wyoming Blvd NE, phasing of construction, and prices of the proposed townhouses. The neighborhood is hopeful that the proposed development will improve surrounding property values and remove some of the nuisances that take place at the large vacant parking lot (street racers congregating), and are generally supportive of the development.

V. CONCLUSION

The request is for a Major Amendment to an existing site development plan, which has prior approval from the EPC. The applicant proposes to amend the boundaries of the existing governing site plan to the Townhouse development boundaries (southwestern portion of the lot). The governed area would change from roughly 15.5 acres, down to roughly 8.5 acres. The governed portion would be developed into Townhouses, the remaining portion of the site would be subdivided and released from site plan governance to IDO regulation under the MX-M zone district guidelines.

The subject site is located at the intersection of a Major Transit Corridor, and a Multi Modal Corridor. The subject site is not located within a designated activity center. The request generally furthers applicable Comprehensive Plan policies regarding Community Identity, Land Use, and Housing.
Generally, not finding any conflicts with the IDO or other regulations, Staff recommends approval subject to conditions needed to improve compliance in a few areas and to provide clarification.
FINDINGS – SI-20201-00370 May 20th, 2021 - Site Plan-EPC, Major Amendment

1. The request is for a Major Amendment of a Prior Approved Site Development Plan for a property legally described as Lot 1-A-1 and 5-A-1, La Mirada Subdivision (being comprised of Lots 1-A and 5-A), located at 4315 Wyoming Blvd. NE between Montgomery Blvd. NE and La Mirada Pl, NE, approximately 15.5 acres.

2. The applicant proposes to amend the prior approved site development plan in the following manner:

   A. Redevelop the southwestern portion of the subject site (approx. 8.5 acres) with a Townhouse subdivision. This area will be reviewed using a new site plan, which will go through the Development Review Board (DRB) process.

   B. Remove the remainder of the subject site from the governing site development plan and allow for future redevelopment to be subject to IDO regulations.

3. The subject site is zoned MX-M (Mixed Use – Medium Intensity). The purpose of the MX-M zone district is to provide for a wide array of moderate-intensity retail, commercial, institutional and moderate-density residential uses, with taller, multi-story buildings encouraged in Centers and Corridors. Allowable uses are shown in IDO Table 4-2-1. Townhouses are a permissive use in the MX-M zone district.

4. The EPC is hearing this case pursuant to IDO section 14-16-6-4(Z) Amendments of Pre-IDO Approvals. Major amendments shall be reviewed by the decision-making body that issued the permit or approval being amended, following the procedures for the most closely equivalent decision in Part 14-16-6 (Administration and Enforcement). The amendment exceeds the thresholds found in IDO table 6-4-4: Allowable Minor Amendments, therefore it is classified as a Major Amendment pursuant to IDO section 14-16-6-4(Z)(1)(b).

5. The subject site is located in an Area of Change and at the intersection of a Multi-Modal Corridor (Wyoming Blvd NE) and Major Transit Corridor (Montgomery Blvd NE).

6. The Albuquerque/Bernalillo County Comprehensive Plan and the Integrated Development Ordinance (IDO) are incorporated herein by reference and made part of the record for all purposes.

7. The request is consistent with the following Comprehensive Plan Goals and Policies from Chapter 4: Community Identity
   A. Goal 4.1 Character: Enhance, protect, and preserve distinct communities.

      The request would enhance, protect, and preserve this distinct community by providing residential uses, which would replace a currently underutilized commercial development consisting largely of asphalt surface parking and vacant buildings.

   B. Policy 4.1.2 Identity and Design: Protect the identity and cohesiveness of the neighborhoods by ensuring the appropriate scale and location of the development, mix of uses, and character of building design.
The request would facilitate the development of 66 townhouses on a site that is largely underused and unoccupied. The development would abut a multi-family development, and is also near single-family dwellings. The proposed Townhouses would provide an appropriate scale (in between multi-family and single family), proper location of development, and a mix of housing options.

C. Policy 4.1.4 Neighborhoods: Enhance, protect, and preserve neighborhoods and traditional communities as key to our long-term health and vitality.

The proposed site plan would generally enhance, protect, and preserve the nearby neighborhood because it would facilitate the development of a largely vacant site and an underutilized parking lot. Developing this space to be townhomes would enhance the area, protect housing values, and preserve the neighborhood. The development of the site and subsequent occupancy promotes the areas long term health and vitality.

8. The request is consistent with the following Comprehensive Plan Goals and Policies from Chapter 5: Land Use
   A. Goal 5.1: Centers and Corridors: Grow as a community of strong Centers connected by a multi-modal network of Corridors.
      The subject site sits along two designated corridors; Montgomery Blvd NE is designated as a Major Transit Corridor, and Wyoming Blvd NE is designated as a Multi-Modal corridor by the Comprehensive Plan. The subject site is not in a designated Activity Center. However, the request would facilitate residential development along two designated Corridors, and generally low-density residential development is intended outside of Centers.

   B. Policy 5.1.10 Major Transit Corridors: Foster corridors that prioritize high-frequency transit service with pedestrian-oriented development.

      The request would facilitate the development of 66 townhouses which would activate nearby Corridors with more residents using transit and waking to nearby commercial services. The proposed Site Plan includes walkways for residents and pedestrian access from the surrounding site. The request would encourage residential development and makes the nearby transit service accessible.

9. The request furthers the following, additional polices regarding Centers and Corridors from Comprehensive Plan Chapter 5: Land Use.
   A. Goal 5.2 Complete Communities: Foster communities where residents can live, work, learn, shop and play together.

      The request would facilitate the development of the subject site with 66 Townhouses, which would provide additional opportunities for residents to live, work, and shop in the area. The request would foster complete communities where residents can live and work together because the proposed development would be within walking distance of surrounding commercial development, and ABQ Ride Route 5 and 31.
B. Policy 5.2.1 Land Uses: Create healthy, sustainable, and distinct communities with a mix of uses that are conveniently accessible from surrounding neighborhoods.

The request would create healthy, sustainable and distinct communities with a mix of uses by locating the residential development near a mix of commercial uses. The location of the subject site near existing commercial development would generally promote walkability, which contributes to the health of the community. There are three pedestrian access points from the subject site to surrounding development, which promote convenience and accessibility.

C. Sub Policy 5.2.1 a: Encourage development and redevelopment that brings goods, services, and amenities within walking distance of neighborhoods and promotes good access for all residents.

The proposed boundary for the Site Plan would allow the surrounding lots to be developed under the IDO MX-M Zone District standards. The development under the original site plan was largely underutilized and has not changed for several years. The request facilitates development under MX-M standards, which would bring goods, services, and amenities, all of which are within walking distance from the proposed Townhouses and the surrounding neighborhoods.

D. Sub Policy 5.2.1 e: Create healthy, sustainable communities with a mix of uses that are conveniently accessible from surrounding neighborhoods.

The subject site location along two designated corridors promotes convenient accessibility to commercial services. The surrounding sites release from Site Plan regulation to the IDO MX-M zone district guidelines will facilitate the development of a mix of uses that are conveniently accessible from surrounding neighborhoods.

E. Sub Policy 5.2.1 n: Encourage more productive use of vacant lots and under-utilized lots, including surface parking.

The request would encourage more productive use of the currently under-utilized lot which is comprised of largely vacant commercial space and surface parking by facilitating the development of 66 Townhouses.

10. The request furthers the following, additional polices regarding Centers and Corridors from Comprehensive Plan Chapter 5: Land Use.

A. Goal 5.3 Efficient Development Patterns: Promote development patterns that maximize the utility of existing infrastructure and public facilities and the efficient use of land to support the public good.

The subject site is already served by existing infrastructure and public facilities, so the redevelopment made possible by the request would generally promote efficient development patterns and use of land.
B. Policy 5.3.1 Infill Development: Support additional growth in areas with existing infrastructure and public facilities.

The subject site is an infill site located in an area already served by existing infrastructure and public facilities. The request would support additional growth along two established Corridors.

C. Policy 5.3.2 Leapfrog Development: Discourage growth in areas without existing infrastructure and public facilities.

The request would facilitate the development where infrastructure and public facilities already exist. And would be infill development as opposed to fringe development where there is no infrastructure.

D. Goal 5.4 Jobs-Housing Balance: Balance jobs and housing by encouraging growth near employment across the region and prioritizing job growth west of the Rio Grande.

The request would facilitate residential development at a site that is near existing commercial and office development, which are often where jobs are located. The subject site is served well by transit and residents living there would have access to jobs in the area. However, the request does not prioritize job growth west of the Rio Grande.

E. Goal 5.6 City Development areas: Encourage and direct growth to Areas of Change where it is expected and desired to ensure that development in and near Areas of Consistency reinforces the character and intensity of the surrounding area.

The subject site is located in an Area of Change, where growth is expected and desired the request would encourage, enable, and direct growth to it.

11. The request is consistent with the following Comprehensive Plan Goals and Policies from Chapter 9: Housing

A. Goal 9.1 Supply: Ensure a sufficient supply and range of high-quality housing types that meet current and future needs at a variety of price levels to ensure more balanced housing options.

The request would facilitate the development of approximately 66 Townhouses, which ensures a sufficient supply and range of high-quality housing types. The subject site is located at the intersection of two designated Corridors (Multi-Modal, and Major Transit) and near multi-family and single-family housing. The addition of Townhouses provides ensures that the area will meet current and future needs at a variety of price levels to ensure more balanced housing options.

B. Goal 9.3 Density: Support increased housing density in appropriate places with adequate services and amenities.
The request would allow and support development of residential uses, among them the slightly denser Townhouse residential development. The subject site is an appropriate place for such development because it is located along a Major Transit Corridor.

C. Policy 9.3.1 Centers & Corridors: Encourage higher density, multi-unit housing and mixed-use development in Downtown, Urban, Activity, and Village Centers, and along Premium and Major Transit Corridors to capture growth, relieve development pressure at the edge of the urban footprint, and maintain low densities in rural areas.

The request would allow residential uses, specifically Townhouses (mixed-use development) to develop near appropriate uses such as jobs and services, and along a Major Transit Corridor. The release of the surrounding geography to the IDO MX-M regulation could facilitate additional mixed-use development along a Major Transit Corridor.

12. The request meets the Site Plan-EPC Review & Decision Criteria in IDO Section 14-16-6-6(J)(3) as follows:

A. 14-16-6-6(J)(3)(a) As demonstrated by the policy analysis of the site plan, the request is consistent with applicable Comprehensive Goals and Policies.

B. 14-16-6-6(J)(3)(b) The subject site is zoned MX-M; therefore, this criterion does not apply.

C. 14-16-6-6(J)(3)(c) With the application of conditions of approval, the site plan will comply with all applicable provisions of the IDO. The request will need to be reviewed by the Development Review Board (DRB) to ensure compliance with applicable provisions of the Development Process Manual (DPM). As per the IDO, the EPC will determine whether any deviations from typical Mixed-Use development are acceptable in this proposed major amendment.

D. 14-16-6-6(J)(3)(d) The request will be reviewed by the Development Review Board (DRB), which is charged with addressing infrastructure and ensuring that infrastructure such as streets, trails, sidewalks, and drainage systems has sufficient capacity to serve a proposed development.

E. 14-16-6-6(J)(3)(e) The future, proposed development will be required to comply with the decisions made by two bodies- the EPC and the DRB. The EPCs’ conditions of approval will improve compliance with the IDO, which contains regulations to mitigate site plan impacts to surrounding areas. The DRB’s conditions will ensure infrastructure is adequately addressed so that a proposed development will not burden the surrounding area.

F. 14-16-6-6(J)(3)(f) The subject property is not within an approved Master Development Plan; therefore, this criterion does not apply.

G. 14-16-6-6(J)(3)(g) The subject property is not within the Railroad and Spur Area and no cumulative impact analysis is required, therefore this criterion does not apply.

13. The applicant’s policy-based response adequately demonstrates that the request furthers a preponderance of applicable Goals and policies regarding Centers and Corridors (Major Transit and Multi-Modal Corridors), infill and efficient development patterns, and jobs-housing
balance, and does not present any significant conflicts with the Comprehensive Plan. Therefore, the request is consistent with the City’s health, safety, morals, and general welfare.

14. The affected, registered neighborhood organizations are the Loma Del Rey NA, District 4 Coalition of Neighborhood Associations, and District 7 Coalition of Neighborhood Associations. Property owners within 100 feet of the subject site were also notified as required.

15. A pre-application neighborhood meeting was requested and held on March 4, 2021 with members of the Loma Del Rey NA. The public was generally supportive of the proposal as indicated in the facilitated meeting minutes.

16. As of this writing, Staff has not been contacted and is unaware of any opposition.

APPROVAL of Project #2019, Case # SI-2021-00370, a Major Amendment to an existing Site Development plan, for an approximately 15.5-acre site, located at the intersection of Wyoming Blvd NE, and Montgomery Blvd NE (4315 Wyoming Blvd NE).

CONDITIONS OF APPROVAL – SI-2021-00370

1. The EPC delegates final sign-off authority of this site development plan to the Development Review Board (DRB) to ensure all technical issues are resolved. The DRB is responsible for ensuring that technical EPC Conditions have been satisfied and that other applicable City requirements have been met.

2. A letter shall accompany the submittal, specifying all modifications that have been made to the site plan since the EPC hearing, including how the site plan has been modified to meet each of the EPC conditions. Unauthorized changes to this site plan, including before or after DRB final sign-off, may result in forfeiture of approvals.

3. The applicant shall meet with the Staff planner prior to applying to the DRB to ensure that all conditions of approval are addressed and met. Upon receiving sign-off from the DRB, the applicant shall submit a finalized version of the site plan for filing at the Planning Department.

4. Pedestrian Access & Circulation:

   A. The general notes state that there will be two pedestrian entrances in addition to pedestrian access at the main gate, but only one is shown. The secondary access shall be shown on site plan, or clarification of keyed note three (is it two access points at the same location?) shall be provided.

   B. Proposed sidewalks within development to be dimensioned to ensure compliance with DPM standards, pursuant to IDO subsection 14-16-5-3(D)(1)(a).
5. Parking & Circulation:

   A. Parking calculations shall be shown clearly on site plan, and shall comply with IDO table 5-5-1.

   B. Transit stops within 330’ shall be shown and dimensioned to demonstrate eligibility for parking reductions, pursuant to IDO subsection 14-16-5-5(C)(5)(c)2.

   C. Turning template provided by the applicant to be reviewed and approved by Transportation Development Services.

6. Landscaping:

   All street trees must be planted in accordance to IDO Section 14-16-5-6(D)(1)(c).

7. Walls:

   Pursuant to IDO table 5-7-1 Maximum Wall Height, maximum wall height in Mixed Use zone districts is 8 feet. Currently, wall sections show terraced walls with a range of up to 12 feet in height. Any wall that is proposed to be higher than 8 feet will need additional approval from the City Engineer, pursuant to IDO Subsection 14-16-5-7(F)(1)(a).

8. Lighting:

   Provide a note on the Site Plan stating that lighting shall be provided in accordance with IDO section 14-16-5-8 Outdoor and Site Lighting.

9. Clarification:

   A. A typical dimension for building setbacks shall be shown on Site Plan, pursuant to IDO subsection 14-16-5-1(D).

   B. Provide a note on the Site Plan stating that all design standards shall be met pursuant to IDO section 14-16-5-11(C) Low-Density Residential Development.

10. Conditions from Transportation Development Review Services:

   A. This project is part of an overall project that involves a required Traffic Impact Study to determine off-site improvements. Traffic Impact Study recommendations shall be placed onto an infrastructure list.

   B. Based on the number of units, show a second access for emergency purposes. If sharing access with an adjacent parcel, a shared access agreement is required.

   C. Per new DPM requirements, a 5-foot sidewalk is required on each side of the proposed roadway. This would need the proposed overall easement width to be widened.
D. A minimum 75-foot centerline radius is required at the turns in the roadway.

E. Provide turning template to ensure that turn-around space is sufficient in front of the proposed gate location.

F. Minimum sidewalk width requirements on La Mirada shall be met

POLICE DEPARTMENT/PLANNING

- Ensure adequate lighting throughout the project, to include parking areas, pedestrian walkways, and common areas such as courtyards.
- Ensure natural surveillance and clear lines of sight throughout the property. Natural surveillance requires a space free from natural and physical barrier (i.e. open picket vs. solid fences). Establish a clear line of sight from the parking areas to the townhomes and from the townhomes to the parking areas.
- Ensure that landscaping is installed so as not to obstruct windows, doors, entryways, or lighting.
- Ensure that landscaping is maintained to provide natural surveillance, trimming trees up to create a canopy of at least six feet; and trimming shrubs and bushes down to three feet.
- Ensure adequate locking devices (i.e. deadbolt locks) on residential units.
- Ensure that addresses are posted and clearly visible.
- Ensure eye-viewers on primary and secondary entrance doors to residential units.
- Limit and clearly delineate access to the property; i.e. Resident Parking and Visitor Parking.
- Clearly delineate public, semi-public, semi-private, and private space throughout the project.
- Install *No Trespassing* signs that cite the City Ordinance so that they are visible immediately upon entering the property.

**SOLID WASTE MANAGEMENT DEPARTMENT**

**TRANSIT DEPARTMENT**

No comments

**PARKS AND RECREATION**

The Street Tree Ordinance does not apply due street classification and low-density residential use. Street trees are appreciated, however the parking strips look narrow. If trees are to be planted, the parking strips should contain enough soil volume to sustain the tree long term given the eventual full size of the tree. Please refer to IDO Section 5-6(D)(1)(c) for minimum dimensions per size of tree. Tree grates are not recommended.

**ABC WATER UTILITY AUTHORITY (ABCWUA)**

1. An availability statement is required prior to ABCWUA approval.
2. Each proposed lot shall have that has an existing structure on it will be required to have its separate private water services, private sanitary sewer services and accounts.
3. Each proposed lot shall have access to public waterline and sanitary sewer. Shared services and accounts between any properties will not be allowed. There are existing accounts for the property. Please work with Customer Service to understand potential costs and/or credits associated with separating accounts.
4. There may be a need for onsite public waterline and/or sanitary sewer to prevent any proposed lot from being land locked (e.g. proposed Lot 6).

**ALBUQUERQUE PUBLIC SCHOOLS**

Residential development at this location will have impacts to the following schools: Comanche Elementary School, Cleveland Middle School, and Sandia High School.

i. **Residential Units: 74**
ii. **Est. Elementary School Students: 19**
iii. **Est. Middle School Students: 8**
iv. **Est. High School Students: 8**
v. **Est. Total # of Students from Project: 35**

*The estimated number of students from the proposed project is based on an average student generation rate for the entire APS district*

To address overcrowding at schools, APS will explore various alternatives. A combination or all of the following options may be utilized to relieve overcrowded schools.

- Provide new capacity (long term solution)
  - Construct new schools or additions
  - Add portables
  - Use of non-classroom spaces for temporary classrooms
  - Lease facilities
  - Use other public facilities

- Improve facility efficiency (short term solution)
  - Schedule Changes
    - Double sessions
    - Multi-track year-round
  - Other
    - Float teachers (flex schedule)

- Shift students to Schools with Capacity (short term solution)
  - Boundary Adjustments / Busing
  - Grade reconfiguration

- Combination of above strategies

All planned additions to existing educational facilities are contingent upon taxpayer approval.

- A Single PDF file of the complete application including all documents being submitted must be emailed to PLNDRS@cabq.gov prior to making a submittal. Zipped files or those over 9 MB cannot be delivered via email, in which case the PDF must be provided on a CD. PDF shall be organized with the Development Review Application and this Form P1 at the front followed by the remaining documents in the order provided on this form.
- Zone Atlas map with the entire site clearly outlined and labeled
- Letter of authorization from the property owner if application is submitted by an agent
- Sites 5 acres or greater: Archaeological Certificate in accordance with IDO Section 14-16-6-5(A)
- Signed Traffic Impact Study (TIS) Form
- Justification letter describing, explaining, and justifying the request per the criteria in IDO Sections 14-16-6-6(H)(3) or 14-16-6-6(F)(3), as applicable
- Explanation of requested deviations, if any, in accordance with IDO Section 14-16-6-4(O)
- Proof of Pre-Application Meeting with City staff per IDO Section 14-16-6-4(B)
- Proof of Neighborhood Meeting per IDO Section 14-16-6-4(C)
- Office of Neighborhood Coordination neighborhood meeting inquiry response
- Proof of email with read receipt OR Certified Letter offering meeting to applicable associations
- If a meeting was requested/held, copy of sign-in sheet and meeting notes
- Sign Posting Agreement
- Required notices with content per IDO Section 14-16-6-4(K)(6)
- Office of Neighborhood Coordination notice inquiry response
- Copy of notification letter and proof of first class mailing
- Proof of emailed notice to affected Neighborhood Association representatives
- Buffer map and list of property owners within 100 feet (excluding public rights-of-way) provided by Planning Department or created by applicant, copy of notifying letter, and proof of first class mailing
- Completed Site Plan Checklist
- Scaled Site Plan or Master Development Plan and related drawings (10 copies, 24” x 36” folded)
  Master Development Plans should include general building and parking locations, as well as design requirements for buildings, landscaping, lighting, and signage.
- Copy of the original approved Site Plan or Master Development Plan (for amendments only) (1 copy, 24” x 36”)
- Site Plan or Master Development Plan and related drawings reduced to 8.5” x 11” format (1 copy)
- Landfill disclosure statement per IDO Section 14-16-5-2(G) if site is within a designated landfill buffer zone

- **VARIANCE – EPC**

  — In addition to the above requirements for the Site Plan – EPC or Master Development Plan the proposed variance request is related to, please describe, explain, and justify the variance per the criteria in IDO Section 14-16-6-6(M)(3).

  **Note:** Any variance request from IDO Standards in Sections 14-16-5-3 (Access and Connectivity), 14-16-5-4 (Subdivision of Land), 14-16-5-5 (Parking and Loading), or DPM standards shall only be granted by the DRB per IDO Section 14-16-6-6(L) See Form V.

Submittal

The Scoping Form must be submitted as part of any building permit application, DRB application, or EPC application. See the Development Process Manual Chapter 7.4 for additional information.

Submit by email to the City Traffic Engineer mgrush@cabq.gov. Call 924-3362 for information.

Site Plan/Traffic Scoping Checklist

Site plan, building size in sq. ft. (show new, existing, remodel), to include the following items as applicable:
1. Access -- location and width of driveways
2. Sidewalks (Check DPM and IDO for sidewalk requirements. Also, Centers have wider sidewalk requirements.)
3. Bike Lanes (check for designated bike routes, long range bikeway system) (check MRCOG Bikeways and Trails in the 2040 MTP map)
4. Location of nearby multi-use trails, if applicable (check MRCOG Bikeways and Trails in the 2040 MTP map)
5. Location of nearby transit stops, transit stop amenities (eg. bench, shelter). Note if site is within 660 feet of premium transit.
6. Adjacent roadway(s) configuration (number of lanes, lane widths, turn bays, medians, etc.)
7. Distance from access point(s) to nearest adjacent driveways/intersections.
8. Note if site is within a Center and more specifically if it is within an Urban Center.
9. Note if site is adjacent to a Main Street.
10. Identify traffic volumes on adjacent roadway per MRCOG information. If site generates more than 100 vehicles per hour, identify v/c ratio on this form.

Environmental Planning Commission
City of Albuquerque
600 Second Street NW
Albuquerque, NM 87102

Re: Approval of a Major Site Plan Amendment for the La Mirada Shopping Center

Dear Mr. Chairman:

The purpose of this letter is to request approval of a Major Amendment to the Site Plan for the La Mirada Shopping Center, which was originally approved by the Environmental Planning Commission (EPC) in February 1977 (Z-73-47). The subject site is legally described as Tract 1-A-1, La Mirada Subdivision, containing approximately 15.2 acres (See Figure 1) and is zoned MX-M (Mixed-use Moderate Intensity). The Environmental Planning Commission is hearing this case as a Major Amendment to the pre-IDO approval because such amendments are required to return to the original decision-making body via the most similar process to the original decision per IDO Section 14-16-6-4(Z).

Prior to preparing this Major Amendment, the Applicant had several meetings with City staff to determine the appropriate procedure for redeveloping the subject site and addressing the 1977 Site Development Plan. In addition to the required Pre-application Review Team (PRT) meeting, a Sketch Plat was reviewed by the Development Review Board, and individual meetings were held with the Zoning Enforcement Officer and Development Review Planning Manager. These meetings confirmed the requirement for the Major Amendment through the Environmental Planning Commission due to the continued validity of the prior approval and scope of the proposed changes.

Figure 1. Site vicinity map showing the subject site in blue.
PROJECT CONTEXT

History
In 1973, 6.5 acres of the subject site was rezoned from P-1 and P-2 to C-2 (Community Commercial), which facilitated development of the overall site as a shopping center. The original Site Development Plan for the subject site was approved by the EPC in 1977 under the shopping center regulations of the Comprehensive Zoning Code. The Site Plan showed the proposed shopping center in largely the configuration that exists today.

Two Administrative Amendments to the Site Plan were approved in the 1980s. First, the video rental store building, which is currently home to a travel agency within the parking lot along Wyoming Boulevard, was amended in 1986. In 1989, a storeroom addition was approved for the Walmart store that was using the space at the time. Administrative Amendments in 2008 and 2014 were approved for small expansions and renovations of The Range Café located in the northeastern corner of the site, just south of the Taco Cabana, which is not a part of the approved Site Plan.

Existing Conditions and Land Use
The subject site lies mostly within the Mid Heights Community Planning Area of the Comprehensive Plan and is designated as an Area of Change. Montgomery Boulevard is a designated Major Transit Corridor and Wyoming Boulevard is a Multi-Modal Corridor. ABQ Ride Routes 5 and 31 pass the site with stops on Montgomery Boulevard and Wyoming Boulevard and peak frequencies of 25 and 45 minutes, respectively. Wyoming Boulevard also has a Commuter Route 98. No bicycle facilities are in the immediate vicinity although the adjacent local road network connects riders to bicycle lanes on Pennsylvania Street to the west of the site.

Located at the intersection of two Principal Arterial roadways, the area surrounding the subject site includes a significant amount and variety of commercial uses. There is a shopping center, as well as a Walgreen’s and Target stores to the east, several drive-through restaurants and banks along the adjacent streets, and professional offices to the south. Multi-family residential development is to the west of the site. Beyond these uses are predominantly single-family residential neighborhoods that are common throughout the Northeast Heights of Albuquerque. Across La Mirada Place at the southwest corner of the site is a small infill development with townhouses.

Zoning
All the properties located at the Wyoming Boulevard and Montgomery Boulevard intersections are zoned MX-M (Mixed-use Moderate Intensity). Moving south and east away from this busy intersection, MX-L (Low Intensity) and MX-T (Transition) zoning progresses down to the surrounding single-family neighborhoods, which generally consist of R-1B and R-1C zoning and lot sizes. R-ML (Residential Multi-family Low Density) is to the southeast of the subject site across Wyoming Boulevard and the larger multi-family residential developments to the west are zoned R-MH (High Density).
Figure 2. Land use context with the subject site bounded in blue.

Figure 3. Existing zoning with the subject site bounded in blue.

SUMMARY OF REQUEST
The Applicant, Butterfly Holdings, LLC, is requesting approval of a Major Amendment to the 1977 Site Development Plan to accomplish the following:
1. Redevelop the southwestern portion of the site with a townhouse subdivision.
2. Remove the remaining commercial pad sites from the prior Site Plan approval, so they will be subject only to the development standards and processes of the Integrated Development Ordinance. Note: The Applicant intends to keep the Range Café as is and any future expansions or changes would be subject to IDO rules. The Bank of America and Taco Cabana properties are not a part of the site and this Major Amendment does not affect their properties.

PROPOSED DEVELOPMENT
The proposed townhouse subdivision will be located on approximately 8.3 acres of the original 15.2-acre shopping center site. This subdivision will consist of approximately 66 lots with typical minimum dimensions of 30 feet by 85 feet (approximate lot size of 2,550 square feet). There is no minimum lot size in the MX-M zone district; however, this lot size is slightly larger than the minimum townhouse lot sizes in the R-T and R-ML zone districts.

The site plan shows building pads with typical front and rear setbacks and a side setback for the end units of each group of townhomes. These units will vary between approximately 1,300 and 2,200 square feet and each is planned to have a 1- or 2-car garage, depending on the size of the unit. Most will be for 2 cars. A driveway provided for each unit will also allow for parking of two cars, so the parking requirements of the redevelopment are adequately satisfied.

The main entry to the development is from La Mirada Place at the south side and is planned to be a gated community. A stormwater detention pond in the southeast corner will provide the required drainage functions for the development while a community open space is provided in the center of the subdivision. This open space provides additional landscaping and walking paths in addition to the typical 5-foot sidewalks along the interior roadways. An emergency access and pedestrian gate will be provided in the northeast corner of the development to allow access for residents to the future commercial pads and development on the remainder of the old shopping center site.

At this time, the commercial portion is being excluded from the site plan because specifics of future users are not known. By focusing this site plan on the residential portion only, the commercial development can occur through the IDO prescribed processes, such as Administrative or DRB approval instead of requiring additional future actions by the EPC. This ensures a predictable and streamlined process once those users are known.

JUSTIFICATION
As this letter and the submitted Site Plan demonstrates, the proposed Major Amendment complies with the IDO and should be approved. Townhouses are a permissive use in the underlying MX-M zone and redevelopment of the existing shopping center, which has largely been vacant for many years will be a positive for the subject site and surrounding neighborhoods.

Per IDO Section 14-16-6-4(Z)(1)(b) Major Amendments, the proposed amendment shall follow the procedures for the most closely equivalent decision in the IDO. For this project,
which was originally approved by the EPC, the Site Plan – EPC process and decision-making criteria are the most closely equivalent procedures within the IDO. This request meets those criteria as described below.

SITE PLAN CRITERIA
The Site Plan – EPC request complies with the criteria outlined in IDO Section 14-16-6-6(J)(3) as follows:

6-6(J)(3)(a) The Site Plan is consistent with the ABC Comp Plan, as amended.

**Applicant Response:** The Site Plan is consistent with the Comp Plan by furthering the following Goals and Policies:

**Goal 4.1 Character:** Enhance, protect, and preserve distinct communities.

**Policy 4.1.1 Distinct Communities:** Encourage quality development that is consistent with the distinct character of communities.

**Applicant Response:** The project encourages quality development that will enhance the character of the surrounding area by redeveloping a largely vacant shopping center site with quality housing and allowing the remaining commercial areas to develop and redevelop according to the development standards and procedures of the IDO. The Applicant will be demolishing the existing large building on the site to allow room for the proposed townhouses. The proposed townhouses will fit into the character of the surrounding neighborhood that currently includes single-family residential, multi-family residential to the west, and existing townhouses to the south and southeast of the subject site. The Applicant has met with the adjacent Loma Del Rey Neighborhood Association and they are generally supportive of redevelopment of the shopping center that will benefit the surrounding community.

**Policy 4.1.2 Identity and Design:** Protect the identity and cohesiveness of neighborhoods by ensuring the appropriate scale and location of development, mix of uses, and character of building design.

**Applicant Response:** The project will protect the identity and cohesiveness of the surrounding neighborhoods by providing new townhouses that will be consistent with the location and building design of the area that includes existing townhouses to the south and southeast of the subject site. The remaining area along Wyoming Boulevard and Montgomery Boulevard will achieve a mixed-use development along two Principal Arterial roadways that are also designated at a Multi-Modal Corridor (Wyoming) and Major Transit Corridor (Montgomery).

**Policy 4.1.4 Neighborhoods:** Enhance, protect, and preserve neighborhoods and traditional communities as key to our long-term health and vitality.

**d)** Encourage transformative change in neighborhoods expressing the desire for revitalization.

**Applicant Response:** The proposed redevelopment of the shopping center will enhance the surrounding neighborhood by eliminating the existing large vacant building on the site and
replacing it with new housing that will help stabilize and improve property values in the area. The Applicant met with the Loma Del Rey Neighborhood Association regarding this project, and the neighbors have made it clear they desire revitalization through the quality redevelopment of this site. The shopping center has been attracting negative activity that will cease when it is fully redeveloped and incorporated into this neighborhood.

Goal 5.1 Centers & Corridors: Grow as a community of strong Centers connected by a multi-modal network of Corridors.

Policy 5.1.1 Desired Growth: Capture regional growth in Centers and Corridors to help shape the built environment into a sustainable development pattern.
   c) Encourage employment density, compact development, redevelopment, and infill in Centers and Corridors as the most appropriate areas to accommodate growth over time and discourage the need for development at the urban edge.
   g) Encourage residential infill in neighborhoods adjacent to Centers and Corridors to support transit ridership.

Applicant Response: The subject site is located adjacent to both a Major Transit Corridor (Montgomery Boulevard) and a Multi-Modal Corridor (Wyoming Boulevard). The project fulfills the intent of this goal and policy by redeveloping a portion of the vacant shopping center site along these corridors with residential infill that will accommodate growth and support transit ridership on ABQ Ride Routes 5, 31, and 98. The remaining property will be redeveloped as commercial pad sites.

Policy 5.1.10 Major Transit Corridors: Foster corridors that prioritize high-frequency transit service with pedestrian-oriented development.
   c) Encourage mixed-use development in Centers and near intersections.

Applicant Response: Montgomery Boulevard is a Major Transit Corridor, and the proposed redevelopment of the site is for townhouses and commercial uses. This combination of residential and commercial development further expands on the mixed-use nature of the surrounding area near a major intersection, which includes multi-family residential, townhouses, several restaurants, and a variety of retail shopping destinations.

Policy 5.1.11 Multi-Modal Corridors: Design safe Multi-Modal Corridors that balance the competing needs of multiple modes of travel and become more mixed-use and pedestrian-oriented over time.
   a) Encourage the redevelopment of aging auto-oriented commercial strip development to a more mixed-use, pedestrian-oriented environment.

Applicant Response: The current vacant shopping center was originally approved in 1977 and includes an oversized field of parking with little to no landscaping or pedestrian connections between the buildings and the adjacent streets. Approval of the proposed Major Amendment will facilitate redevelopment of this old, auto-oriented development with new housing that includes pedestrian connections between the townhouse development to La Mirada Place and to the proposed commercial area. By excluding the remainder of the property from the Site Plan, intended for commercial use, it must comply with the IDO requirements, which include pedestrian walkways and connections to adjacent sidewalks,
ample landscaping including street trees, and other amenities that will improve the overall quality of the area from a pedestrian perspective.

Goal 5.2 Complete Communities: Foster communities where residents can live, work, learn, shop, and play together.

Policy 5.2.1 Land Uses: Create healthy, sustainable, and distinct communities with a mix of uses that are conveniently accessible from surrounding neighborhoods.
   b) Encourage development that offers choice in transportation, work areas, and lifestyles.
   d) Encourage development that broadens housing options to meet a range of incomes and lifestyles.
   n) Encourage more productive use of vacant lots and under-utilized lots, including surface parking.

Applicant Response: The redevelopment of the shopping center will broaden housing options by bringing more for sale townhouses to the market in a location that is predominantly detached single-family and multi-family residential. This redevelopment is occurring on a site that is largely vacant and under-utilized, including a large asphalt parking lot that does not include much existing landscaping or other features. This development and the future commercial development facilitated by this Major Amendment will offer greater choices to existing and future residents in transportation, work areas, and lifestyles.

Goal 5.3 Efficient Development Patterns: Promote development patterns that maximize the utility of existing infrastructure and public facilities and the efficient use of land to support the public good.

Policy 5.3.1 Infill Development: Support additional growth in areas with existing infrastructure and public facilities.

Applicant Response: The project furthers this goal and policy by redeveloping an existing site within the City that is surrounded by existing development, infrastructure, and public facilities.

Goal 5.6 City Development Areas: Encourage and direct growth to Areas of Change where it is expected and desired and ensure that development in and near Areas of Consistency reinforces the character and intensity of the surrounding area.

Policy 5.6.2 Areas of Change: Direct growth and more intense development to Centers, Corridors, industrial and business parks, and Metropolitan Redevelopment Areas where change is encouraged.
   b) Foster a range of housing options at various densities according to each Center or Corridor type.
   g) Encourage development where adequate infrastructure and community services exist.
   h) Encourage development in areas with a highly connected street grid and frequent transit service.
Applicant Response: The request furthers this goal and policy by providing for the redevelopment of a site designated as an Area of Change along two different corridors. The proposed redevelopment provides for additional housing in this Area of Change and facilitates later commercial redevelopment utilizing the procedures of the IDO. As an infill site, there is adequate existing infrastructure, including a highly connected street grid and frequent transit on both Montgomery Boulevard and Wyoming Boulevard.

Goal 7.2 Pedestrian-Accessible Design: Increase walkability in all environments, promote pedestrian-oriented development in urban contexts, and increase pedestrian safety in auto-oriented contexts.

Policy 7.2.1 Walkability: Ensure convenient and comfortable pedestrian travel.
   a) Improve the pedestrian environment through coordinated design of subdivisions, streets, development sites, and buildings.
   b) Improve pedestrian safety and comfort by providing wider sidewalks, street trees and landscape buffers, lighting, on-street parking, street furniture, and waiting areas and median refuges at large or busy intersections.
   e) Promote trees and landscape elements in the public right-of-way, along trails, and within private development to ensure a high-quality, pleasant, and healthy built environment.
   g) Design subdivisions to ensure that all residences are no more than ¼ mile from an opening or access point to the major street network so that pedestrians and bicyclists can reach other destinations and/or transit service.

Applicant Response: The proposed Major Amendment and redevelopment of the shopping center to include residential uses and allow later commercial development through the Site Plan – Administrative process will improve the walkability of the site and surrounding area by eliminating an existing large parking lot that has no landscaping or pedestrian amenities and replacement of the site plan associated with it. The proposed townhouse subdivision includes pedestrian connections and amenities within the subdivision, as well as to the adjacent sidewalk on La Mirada Place and into the commercial development area at the northeast corner of the development. Street trees will be added along La Mirada as shown on the proposed landscape plan and amenity spaces within the development will provide a pleasant space for residents. The pedestrian access points to the subdivision will provide easy access to the commercial uses next door and to transit stops on both Wyoming Boulevard and Montgomery Boulevard.

Goal 9.1 Supply: Ensure a sufficient supply and range of high-quality housing types that meet current and future needs at a variety of price levels to ensure more balanced housing options.

Policy 9.1.1 Housing Options: Support the development, improvement, and conservation of housing for a variety of income levels and types of residents and households.

Applicant Response: The requested Site Plan furthers this goal and policy by providing new, high-quality townhouses as another housing option in addition to detached single-family residential and multi-family residential in the Northeast Heights of Albuquerque.
Policy 9.1.2 Affordability: Provide for mixed-income neighborhoods by encouraging high-quality, affordable and mixed income housing options throughout the area.

b) Encourage a diversity of housing types, such as live/work spaces, stacked flats, townhouses, urban apartments, lofts, accessory dwelling units, and condominiums.

c) Encourage housing types that maintain the scale of existing single-family neighborhoods while expanding housing options.

Applicant Response: The proposed Major Amendment to redevelop the shopping center with townhouses furthers this policy by providing for the expansion of diverse housing types in the area in a scale that is compatible with the surrounding single-family neighborhoods.

6-6(J)(3)(b) The Site Plan is consistent with any applicable terms and conditions in any previously approved NR-SU or PD zoning covering the property and any related development agreements and/or regulations.

Applicant Response: The property is not zoned NR-SU or PD and there are no special provisions from prior zoning designations or regulations applicable to the subject site. The 1977 Site Development Plan that is being amended was required due to the shopping center regulations of the Comprehensive Zoning Code and was reviewed and approved to show compliance with those regulations. However, it did not establish any special provisions upon future development, so the proposed plan has been designed for compliance with the current regulations of the Integrated Development Ordinance.

6-6(J)(3)(c) The Site Plan complies with all applicable provisions of this IDO, the DPM, other adopted City regulations, and any terms and conditions specifically applied to development of the property in a prior permit or approval affecting the property.

Applicant Response: The proposed development complies with the applicable provisions of the IDO for the MX-M (Mixed-use Moderate Intensity) zone district. Townhouses are a permissive use under the existing zoning designation and there are no lot size requirements. The proposed building setbacks meet or exceed the minimums required by the zoning and there are no maximums applicable to the subject site. The proposed townhouses will meet the building height limitations and building design standards for low-density residential development as provided in the IDO.

6-6(J)(3)(d) The City's existing infrastructure and public improvements, including but not limited to its street, trail, drainage, and sidewalk systems, have adequate capacity to serve the proposed development, and any burdens on those systems have been mitigated to the maximum extent practicable.

Applicant Response: The City's existing infrastructure has adequate capacity for the proposed development. A trip generation analysis was completed that shows the proposed traffic generation from the amended site plan is less that generated by the shopping center when fully occupied. The subject site is in an infill location and is surrounded by fully built-out roadways that include adequate water, sewer, and storm drainage for the proposed redevelopment. The development includes a drainage detention pond to meet first flush requirements and any water or sewer extensions or roadway improvements that are required due to this redevelopment will be completed by the developer.
6-6(J)(3)(e) The application mitigates any significant adverse impacts on the project site and the surrounding area to the maximum extent practicable.

**Applicant Response:** Overall, the redevelopment will be a significant improvement over the existing conditions of the vacant shopping center, which is attracting negative activity, and the associated asphalt parking field that does not include existing mitigation measures. As described above, the proposed Site Plan and development will reduce the amount of overall traffic on the site and includes a drainage detention pond that mitigates the potential for stormwater leaving the site to impact any surrounding properties. The landscape plan for the townhouse development also includes significant improvements to the streetscape along La Mirada that further mitigates any potential adverse impacts from this redevelopment on surrounding properties.

6-6(J)(3)(f) If the subject property is within an approved Master Development Plan, the Site Plan meets any relevant standards in the Master Development Plan in addition to any standards applicable in the zone district the subject property is in.

**Applicant Response:** The property is not located within any approved Master Development Plan area, so this criterion does not apply.

6-6(J)(3)(g) If a cumulative impact analysis is required in the Railroad and Spur Area pursuant to Subsections 14-16-5-2(E) (Cumulative Impacts) and 14-16-6-4(H) (Cumulative Impacts Analysis Requirements), the Site Plan incorporates mitigation for all identified cumulative impacts. The proposed development will not create material adverse impacts on water quality or other land in the surrounding area through increases in traffic congestion, parking congestion, noise, vibration, light spillover, or other nuisances without sufficient mitigation or civic or environmental benefits that outweigh the expected impacts.

**Applicant Response:** The site is not located in the Railroad and Spur Area and no cumulative impact analysis is required, so this criterion does not apply.

**NEIGHBORHOOD COORDINATION**

The Applicant had a facilitated neighborhood meeting on March 4, 2021 with the affected Loma Del Rey Neighborhood Association, which is supportive of redevelopment of the old shopping center. A copy of the facilitator’s report is part of this application.

While there is overall support for the proposed redevelopment, neighbors asked questions regarding project specifics, such as traffic at the La Mirada Place and Wyoming Boulevard intersection, construction phasing, and prices of the proposed townhomes. The Applicant will perform the studies and analyses, as required by the City of Albuquerque. The Applicant has completed a trip generation analysis, which was provided to City Transportation.

The neighbors are hopeful that new home construction will result in improved property values in the surrounding area and remove some of the nuisance issues that result from having a large vacant parking lot, including people congregating and street racing on Montgomery.
CONCLUSION
Based on all the information provided, on behalf of Butterfly Holdings, LLC, we respectfully request approval of the proposed Major Amendment Site Plan – EPC request for redevelopment of the La Mirada Shopping Center with townhouse residential and removal of the remaining commercial tracts for them to be developed according to the development standards and procedures of the IDO.

Sincerely,

Jacqueline Fishman, AICP
Principal
PRE-APPLICATION REVIEW TEAM (PRT) MEETING REQUEST

Pre-application Review Team (PRT) Meetings are available to help applicants identify and understand the allowable uses, development standards, and processes that pertain to their request. **PRT Meetings are for informational purposes only; they are non-binding and do not constitute any type of approval.** Any statements regarding zoning at a PRT Meeting are not certificates of zoning. The interpretation of specific uses allowed in any zone district is the responsibility of the Zoning Enforcement Officer (ZEO).

When you submit PRT notes to meet a Pre-application Meeting requirement in Table 6-1-1, you will be charged a $50 PRT fee.

Applicant Name: Paul Wymer  Phone#: 505-239-6009  Email: paulw@aswinc.com

PROJECT INFORMATION:
**For the most accurate and comprehensive responses, please complete this request as fully as possible and submit any relevant information, including site plans, sketches, and previous approvals.**

- **Size of Site:** 16.19 acres
- **Existing Zoning:** MX-M  **Proposed Zoning:** No Change

Previous case number(s) for this site:

Applicable Overlays or Mapped Areas:

**Residential – Type and No. of Units:**

**Non-residential – Estimated building square footage:**

**No. of Employees:**

**Mixed-use – Project specifics:** Du-plex, tri-plex, and 4 plex residential units on approx. 9 acres, plus 8 Commercial Pads.

LOCATION OF REQUEST:

Physical Address: 4401 Wyoming Blvd., NE Zone Atlas Page (Please identify subject site on the map and attach) G-19

BRIEFLY DESCRIBE YOUR REQUEST (What do you plan to develop on this site?)

Redevelopment of an existing shopping center with du-plex, tri-plex, and 4-plex residential units on approximately 9 acres and approx. 8 commercial pads with potential for each to have drive up service windows.

QUESTIONS OR CONCERNS (Please be specific so that our staff can do the appropriate research)

1. Confirm MX-M zoning allows duplex, triplex, and 4-plex units as permissive (approx. 9-10 DU/acre).

2. Per the previous PRT notes form October 2020, the approval process is a Site Plan submittal to DRB. Can a subdivision plat be submitted in advance of the Site Plan submittal? Following creation of individual Tracts, each would then submit a Site Plan to DRB, once the end users are known.

3. Each of the Commercial pad sites may have drive up service windows. Please comment on drive up service window requirements.

4. Please discuss any traffic issues that may arise. Will the change in use from a shopping center to the proposed mixed use (residential and commercial) trigger the need for a T.I.A.?

5. The residential portion of the project will be gated with a single, divided entry access or (continued on next page)
PRT Questions continued (Zone Atlas G-19, 4401 Wyoming Blvd.)

5. (continued) strategically located emergency entry/exit. Please comment if there are concerns or specific details we should be aware of.

6. Please comment on Impact Fees. This is a redevelopment/infill parcel with existing infrastructure already serving the site.

7. The roadways will be private to be maintained by a Home Owner’s Association. What is the minimum roadway section permitted?

New Public Notice Forms

We have created forms for all email/mailed public notice and for Pre-submittal Neighborhood Meetings. Please complete these forms for public notice:
Records requests
To request a site plan and/or Notice of Decision, please use ABQ Records web page:
https://www.cabq.gov/clerk/public-records
Please include the site’s address and the Case Tracking #s (see Zoning Comments) in your request.

Requests to Inspect Public Records
Any person may submit their request to inspect public records to the Office of the City Clerk by clicking on the following link to request records using our ABQ Records portal. https://cabq.nextrequest.com/
This enables us to respond to requests in the order in which they are received. Plus, it’s a better way to share large files.
  - Linda Rumpf, lrumpf@cabq.gov

File Submittal
For Administrative Amendments, DRB, EPC, hydrology and traffic submittals, e-mail electronic files to PLNDRS@cabq.gov. For questions about an application submittal or the submittal process itself, please contact Jay Rodenbeck at jrodenbeck@cabq.gov and/or to Maggie Gould at mgould@cabq.gov.

For other questions, please contact the Planning representative at the top of the PRT Notes.

For Building Safety Plan Review, contact Building Safety at 924-3963. Website: https://www.cabq.gov/planning/building-safety-permits

  • Deeded Assessed Acres: 15.1868
USES/USE SPECIFIC STANDARDS/DEFINITIONS

- **Duplex**-Not allowed per Table 4-2-1 / Duple was not mentioned on previous PRT
- **Triplex**-Permissive
  - 4-3(B)(7) Dwelling, Multi-family- Use specific standard
  - Definition
    - Dwelling, Multi-family A building, multiple buildings, or a portion of a building located on a single lot, containing 3 or more dwelling units, each of which is designed for or occupied by one family only, with separate housekeeping and cooking facilities for each, and that does not meet the definition of a townhouse dwelling. Within mixed-use development, a building containing 2 or more dwelling units is considered multi-family. See also Development Definitions for Multi-family.
- **4-plex**-Permissive
  - 4-3(B)(7) Dwelling, Multi-family-Use specific standard
  - Definition
    - Dwelling, Multi-family A building, multiple buildings, or a portion of a building located on a single lot, containing 3 or more dwelling units, each of which is designed for or occupied by one family only, with separate housekeeping and cooking facilities for each, and that does not meet the definition of a townhouse dwelling. Within mixed-use development, a building containing 2 or more dwelling units is considered multi-family. See also Development Definitions for Multi-family.
- **Table 5-1-2: Mixed-use Zone District Dimensional Standards**

PROCESS

- **6-4(Z) AMENDMENTS OF PRE-IDO APPROVALS**
- **6-6(I) SITE PLAN – DRB**

Transportation Development comments

1. Provide a trip generation to determine TIS requirements. Include information such as number of residential units or square footage of commercial space on a Traffic Scoping form.
2. A turn-around shall be required in advance of any private gated entrance. A queuing analysis shall also be performed to ensure that vehicles are not backing up into the right-of-way.

3. For any drive-thru, analyze sufficient storage capacity for queuing purposes. Minimum drive-thru requirements are shown on IDO/DPM, but a specific queuing analysis shall be provided based on the use.

4. The Transportation Chapter in the Development Process Manual lays out criteria for private roadway widths and if sidewalk is required based on number of lots.

For additional information contact Jeanne Wolfenbarger (924-3991)

Curb Cuts
- Follow DPM guidelines for residential and commercial curb cuts.

- Residential curb cut requirements – (12 feet to 22 feet wide for residential, 30 feet only if there is a 3-car garage or parking for RV)

- Location of drive with respect to intersection depends on classification of the street. (See attached table.) Classification of street is according to the Long Range Master Plan developed by MRCOG.

Clear Sight Triangle at Access Points and Intersections
- Clear sight triangle (See attached hand-outs.) Nothing opaque should be in the triangle.

Private Site and Parking Lot Design
- Follow DPM and IDO Guidelines for Site and Parking Lot Design. Current ADA standards must be followed including required number of handicapped parking spaces and drive aisles, ADA access to public right-of-way, and ADA access to on-site buildings.

- See the Traffic Circulation Layout (TCL) Checklist. A TCL is required for any change or addition to a building > 500 sq. ft. or if the parking or circulation is changed. (This includes a repaving of parking lot.) Drawing must be stamped by a registered engineer or architect.

- When developing a parking lot layout, include all dimensioning for construction purposes. Also include all curb, curb ramp and signage details.

- Parking Calculations must be provided and per the requirements in the IDO. Number of vehicular spaces, motorcycle spaces, and bicycle spaces shall be specified and follow IDO requirements.

- Demonstrate queuing capacity when needed in situations such as for drive-thru facilities. It is imperative to demonstrate that the queuing will not block accessways to the site or cause vehicles to back into the main roadway. Also, provide necessary one-way signage and pavement markings.
• Shared access/parking agreement is required if access/parking is shared with parking lot adjacent to site. (This can be established on a plat if submittal of a plat is required or by an agreement.)

• Existing driveways that are not being used are required to be removed and replaced with standard curb and sidewalk to match existing.

Traffic Studies and Traffic Signals
5. See the Traffic Impact Study (TIS) thresholds. In general, a minimum combination of 100 vehicles entering and exiting in the peak hour warrants a Traffic Impact Study. Visit with Traffic Engineer for determination, and fill out a TIS Form that states whether one is warranted. In some cases, a trip generation may be requested for determination.

6. A proposed new traffic signal needs to A) follow guidelines for traffic signal spacing, B) meet the requirements for a traffic signal warrant study to be in operation and C) be approved by both Planning and by Traffic Operations.

Platting and Public Infrastructure Requirements for Roadways
1. When submitting to DRB, all public roadway improvements that are required shall be shown on an infrastructure list. Public improvements must be included on a public work order set of drawings.

2. All public roadway facilities must be within public right-of-way including the entire width of the public sidewalk, all public curb ramps, overhead utilities, traffic signals and lighting, etc.

3. Curb and sidewalk is required along entire frontage of property. Follow IDO/DPM for specific width requirements.

4. There is a Bikeway Master Plan that is prepared MRCOG which lays out proposed bicycle facilities including bicycle trails, bike lanes, and bike routes. The site would be required to provide such facilities along the site frontage if they have not been constructed yet. Right-of-way dedication would likely be required.

5. Depending on site’s use of an adjacent alleyway and on type of use for proposed site, alleyway improvements are required. This would include paving and/or proper right-of-way dedication to meet current width standards.

6. Follow DPM and MRCOG’s Long Range Master Plan for roadway width requirements. Provide roadway cross-section. (New roadway requirements and roadway widening is also coordinated with Department of Municipal Development, depending on what plans or projects they may have on a specific roadway.)
7. If private road is over 150’ long, the turnaround shall be per fire code dimensions. Fire Marshall Approval and Solid Waste Approval is required on all site layouts. For dead-ends, see options below for space dedicated to turn-arounds:

8. For any private access easements on plats, all beneficiaries and maintenance responsibilities must be listed.

9. Due to sight distance concerns and to construct sufficient curb ramps, right-of-way dedication is required to add curves to corners of properties at intersections if they are not already developed. See Table 23.3 of the DPM.

10. Any private structures that are located within public right-of-way such as fences and walls shall either be removed or else a revocable permit with the City is required in which an annual fee is paid per year, based on square footage of the encroachment.

If you would have additional questions or would like to schedule a follow-up conference call meeting please contact Linda Rumpf at lrumpf@cabq.gov
AGENDA ITEM NO: 19

DRB PROJECT NUMBER:
9. PR-2019-002309
PS-2021-00014 -SKETCH PLAT

PROJECT NAME:
CONSENSUS PLANNING agent(s) for BUTTERFLY HOLDINGS, LLC request(s) the aforementioned action(s) for all or a portion of LOT 1-A, LA MIRADA SUBDIVISION, zoned MX-M, located at 4315 WYOMING between MONTGOMERY BLVD and LA MIRADA PL, containing approximately 15.1894 acre(s). (G-19)

REQUEST:
1. SUBDIVIDE EXISTING PARCEL INTO 8 PARCELS

COMMENTS:
1. CE reviewed this project and has no comments or objections.
ENGINEERING COMMENTS:

- There is an existing cross-lot drainage easement on Lot 1A, for the benefit of Lot 5A.
- Hydrology will need a Conceptual Grading and Drainage Plan prior to approval of Preliminary Plat. There are existing storm drains that not only collects drainage from Lot 5A but also the other existing buildings on Lot 1A.
- Depending on the Conceptual G&D, Cross Lot Drainage Easement note specifying the beneficiary and maintenance agreement may be required.

RESOLUTION/COMMENTS:

Code Enforcement:

Water:

Transportation:

Planning:
ENGINEERING COMMENTS:

1. Access easements and/or shared access agreements appear to be needed for the proposed developments. Based on the size of the lots and required parking per lot, a shared parking agreement may be needed as well. Follow DPM standards on widths of access easements and any internal sidewalk requirements.

2. At PRT, there was discussion about adding gates to entrances. If this is still planned, queuing analysis is needed to ensure that vehicles will not back out into the major street, and a turn-around shall be provided in front of the gate entrance.

3. If not submitting site plans through DRB, submit for review through Traffic Circulation Layout process.

4. Submit a Traffic Scoping form for the proposed development to determine traffic study requirements. Recommendations within the Traffic Study shall determine any infrastructure requirements that will need to be placed onto an infrastructure list.

If new or revised information is submitted, additional comments may be provided by Transportation Development.

PS-2021-00014 - SKETCH PLAT

ABCWUA Comment:

Please provide written description of how the following comments were addressed with the next submittal.

1. Prior to plat approval, an availability statement will be required.
2. Each proposed lot shall have that has an existing structure on it will be required to have its separate private water services, private sanitary sewer services and accounts.
3. Each proposed lot shall have access to public waterline and sanitary sewer. Shared services and accounts between any properties will not be allowed. There are existing accounts for the property. Please work with Customer Service to understand potential costs and/or credits associated with separating accounts.
4. There may be a need for onsite public waterline and/or sanitary sewer to prevent any proposed lot from being land locked (e.g. proposed Lot 6).

Development Review Board
Planning Dept. - Sketch Plat Comments

Project #: PR-2019-002309  Application #: PS-2021-0014

Meeting Date/Item Number: 19

Standard comments:

- This PR# has been assigned to this subject site. Any applications (vacations, platting, site plans, etc..) for this subject site MUST reference this PR#. It must be noted on the application with the submittal for future actions.
- Must submit any DRB signed off site plans, variances and/or NOD with submittal for building permit.
- Note that the document titles listed in the submitted PDF must not include symbols (+, &, etc....) and title should be a short and abbreviated as possible.

Plat must have City Surveyor signature, surveyor signature and owners’ signature. We recommend that the plat is signed by the utilities prior to submittal.

Existing Site Plan will require an amendment to show the new lot lines
SIGN POSTING AGREEMENT

REQUIREMENTS

POSTING SIGNS ANNOUNCING PUBLIC HEARINGS

All persons making application to the City under the requirements and procedures established by the Integrated Development Ordinance are responsible for the posting and maintaining of one or more signs on the property which is subject to the application, as shown in Table 6-1-1. Vacations of public rights-of-way (if the way has been in use) also require signs. Waterproof signs are provided at the time of application for a $10 fee per sign. If the application is mailed, you must still stop at the Development Services Front Counter to pick up the sign(s).

The applicant is responsible for ensuring that the signs remain posted throughout the 15-day period prior to any public meeting or hearing. Failure to maintain the signs during this entire period may be cause for deferral or denial of the application. Replacement signs for those lost or damaged are available from the Development Services Front Counter.

1. LOCATION
   A. The sign shall be conspicuously located. It shall be located within twenty feet of the public sidewalk (or edge of public street). Staff may indicate a specific location.
   B. The face of the sign shall be parallel to the street, and the bottom of the sign shall be at least two feet from the ground.
   C. No barrier shall prevent a person from coming within five feet of the sign to read it.

2. NUMBER
   A. One sign shall be posted on each paved street frontage. Signs may be required on unpaved street frontages.
   B. If the land does not abut a public street, then, in addition to a sign placed on the property, a sign shall be placed on and at the edge of the public right-of-way of the nearest paved City street. Such a sign must direct readers toward the subject property by an arrow and an indication of distance.

3. PHYSICAL POSTING
   A. A heavy stake with two crossbars or a full plywood backing works best to keep the sign in place, especially during high winds.
   B. Large headed nails or staples are best for attaching signs to a post or backing; the sign tears out less easily.

4. TIME
   Signs must be posted from ___________________________To ___________________________

5. REMOVAL
   A. The sign is not to be removed before the initial hearing on the request.
   B. The sign should be removed within five (5) days after the initial hearing.

I have read this sheet and discussed it with the Development Services Front Counter Staff. I understand (A) my obligation to keep the sign(s) posted for (15) days and (B) where the sign(s) are to be located. I am being given a copy of this sheet.

I issued _____ signs for this application, ___________________________

RE: Project #2019-002309, La Mirada Shopping Center Site Plan

I’ve completed a first review of this application for a Site Plan-EPC, Major Amendment. I have some questions and suggestions. I am available to answer questions about the process and requirements. Please provide the following:

⇒ A revised site plan (digital) by **12 pm on Friday April 30, 2021**. If you have difficulty with this deadline, please let me know, there is a drop-off box at the front of Plaza del Sol (Or we can coordinate a pickup).

1) **Introduction:**
   A. Though I’ve done my best for this review, additional items may arise as the case progresses. If so, I will inform you as soon as I can.
   
   B. This is what I have for the legal description: Lot 1-A-1 and 5-A-1. La Mirada Subdivision (being comprised of Lots 1-A and 5-A), located at 4315 Wyoming Blvd. NE, between Montgomery Blvd. NE and La Mirada Pl. NE, approximately 15.5 acres (G-19-Z)

   C. Please tell me about your project and relevant related information.

2) **General Items:**
   A. What is the timeline for completing building design (square footage, elevations, garages, etc)?

   B. As done in PRT meetings, every project begins with a look at IDO definitions.

   **Area of Change**
   An area designated as an Area of Change in the Albuquerque/Bernalillo County Comprehensive Plan (ABC Comp Plan), as amended, where growth and development are encouraged, primarily in Centers other than Old Town, Corridors other than Commuter Corridors, Master Development Plan areas, planned communities, and Metropolitan Redevelopment Areas.

   **Dwelling, Townhouse**
   A group of 3 or more dwelling units divided from each other by vertical common walls, each having a separate entrance leading directly to the outdoors at ground level. For the purposes of this IDO, this use is considered a type of low-density residential development, whether the townhouses are platted on separate lots or not. See also Development Definitions for Lowdensity Residential.

   **Major Transit (MT) Corridor**
A Corridor designation from the Comprehensive Plan.

**Usable Open Space**
Outdoor space to be preserved on-site and managed privately to help ensure livable conditions on each site by providing light and air and meeting visual, psychological, and recreational needs. These areas can be used for a variety of purposes and are not required to be at ground level. Usable open space may include, but is not limited to, lawns; community gardens; decorative and native plantings; open balconies; rooftop decks; plazas; courtyards; covered patios open on at least 2 sides; walkways; landscaped medians, buffers, or setbacks; active and passive recreational areas; fountains; swimming pools; wooded areas; and water courses. Such space shall be available for entry and use by users of the development. Required drainage facilities or land within an easement for overhead utilities that are not landscaped shall not count toward required usable open space. Usable open space does not include public right-of-way, private ways, parking lots, off-street parking, driveways, drive aisles other private vehicular surfaces, or buildings other than swimming pool rooms.

C. A valid sign posting agreement is required. The sign posting agreement in the file was not signed by Staff and no dates are provided (Sign should be up by May 4, 2021). Also, please pick up the signs, ensure they are posted according to the dates provided, and provide evidence for the record that the signs have been posted. Please contact Maggie Gould to complete the sign posting agreement, she can be reached at MGould@cabq.gov

3) Process:
A. Information regarding the EPC process, including the calendar and current Staff reports, can be found at:

B. Agency Comments are due to me April 26, 2021. I will put together all the comments I have received and provide them to you by end of day April 27, 2021.

C. Final deadline for submittal of revised materials to be reviewed in full consideration is May 10, 2021. However, to allow proper time for review I ask for any revised materials to be submitted by April 30, 2021. Let me know if you foresee any issues with this timeline.

4) Notification:
A. Notification was properly done.

5) Neighborhood Issues:
A. I reviewed the meeting notes with the neighborhood, have there been any conversations or issues brought up since the meetings?

6) Project Letter & Major Amendment:
A. Please describe the proposed Townhouses (approximate square footage, single or two story, etc.).

B. Please provide the key talking points discussed at the neighborhood meeting in the project letter (issues/resolutions).
7) Site Plan - General:
   A. All relevant IDO requirements apply, and the site plan needs to incorporate them. Some relevant requirements include, but are not limited to, the following:
      i. Mixed-use zone dimensional standards, Table 5-1-2.
      ii. Parking, Table 5-5-1.
      iii. Outdoor Lighting, 5-8.
      iv. Landscaping, Buffering, and Screening, 5-6.
      v. Wall and Fences, 5-7, and Maximum Wall Height, Table 5-7-1
      vi. Building Design in Low-Density Residential Development, 5-11(C).

8) Site Plan (S-1):
   Pedestrian Access and Connectivity
   A. Please show all proposed pedestrian access points.
   B. Please dimension and call out sidewalks.

9) Landscaping Buffering, and Screening:
   A. Is there an irrigation plan being developed?

10) Grading and Drainage Plan:
    A. No comments at this time.

11) Utility Plan:
    A. Check with Fire staff to ensure there are sufficient fire hydrants.

12) Elevations:
    A. Are there any elevations in development? If so, can a typical drawing be provided?
Hey Michael,

Thanks so much for the thorough response!

Best,

---

Hey Sergio,

Sure thing. The two that I mentioned were Overlook at Oxbow (the Poole property, which was ultimately withdrawn) and Catalonia at the Trails. Neither one had building elevations considered by EPC, or DRB for that matter.

One that I didn’t mention but was also approved without elevations was the Inspiration subdivision, which has houses under construction now. Lastly, another one, which originally pre-dated theIDO and didn’t have elevations, but we did a Major Amendment was the Valle Prado subdivision, also in the Trails. Elevations were not required in the amendment.

Overlook: PR-2018-001402
Catalonia: PR-2018-001198
Inspiration: PR-2018-001759
Valle Prado: PR-2018-001991

Thanks,

Michael Vos, AICP

Hey Michael,

I was wondering if you could share the precedent cases of EPC-Site Plan that had no elevation drawings at the time of the hearing? You mentioned them during our project meeting but I did not jot them down.

Much appreciated.

Thanks,

REQUEST

SITE PLAN FOR A NEWER TOWNHOUSE SUBDIVISION AND
TO AVOID FUTURE COMMERCIAL APPROVALS

The City of Albuquerque Environmental Planning Commission will hold a
public hearing on Tuesday, April 12th, for the purpose of
considering the following:

- A site plan for a new townhouse subdivision,
- To avoid future commercial approvals

The hearing will take place on

April 12th, 2022

The Planning Department at (505) 994-8670 will provide any additional information.

Files:
- 2021-003
- 2021-004

For more information or to file comments, call (505) 994-8670.

You will need to e-mail each of the listed contacts and let them know that you are applying for a permit for your project. You can use this online link to find template language if you’re not sure what information you need to include in your e-mail: https://www.cabq.gov/planning/urban-design-development/public-notice

If your permit application or project requires a neighborhood meeting, you can click on this link to find template language to use in your e-mail notification: http://www.cabq.gov/planning/urban-design-development/neighborhood-meeting-requirement-in-the-integrated-development-ordinance

If you have questions about what type of notification is required for your particular project, please click on the link below to see a table of different types of projects and what notification is required for each:
https://ido.abc-zone.com/integrated-development-ordinance-ido#page=393

Once you have e-mailed the contact individuals in each neighborhood, you will need to attach a copy of those e-mails AND a copy of this e-mail from the ONC to your permit application and submit it to the Planning Department for approval. PLEASE NOTE: The ONC does not have any jurisdiction over any other aspect of your permit application beyond the neighborhood contact information. We can’t answer questions about sign postings, pre-construction meetings, permit status, site plans, or project plans, so we encourage you to contact the Planning Department at: 505-924-3860 or visit: https://www.cabq.gov/planning/online-planning-permitting-applications with those types of questions.

If your permit or project requires a pre-application or pre-construction meeting, please plan on utilizing virtual platforms to the greatest extent possible and adhere to all current Public Health Orders and recommendations. The health and safety of the community is paramount.

Thanks,

This message has been analyzed by Deep Discovery Email Inspector.
Dear Neighbors,

This email is notice that Consensus Planning is preparing an application on behalf of Butterfly Holdings, LLC for a Major Amendment to the Site Plan for the La Mirada Shopping Center, which is located at the southwest corner of Wyoming Boulevard and Montgomery Boulevard NE. The address of the site is 4315 Wyoming Boulevard NE and the current owner is M&M Co.

The original Site Development Plan for the shopping center was approved in the 1970s. The intent of the major amendment is to redevelop a large portion of the property with townhouses, as depicted on the attached conceptual site plan, while reserving several commercial pad sites along both Montgomery and Wyoming Boulevards for future development. It should be noted that the Taco Cabana property is on a separate lot that is not a part of this site plan and the Range Café is intended to remain. The redevelopment will be compliant with the existing MX-M: Mixed-use Moderate Intensity zoning of the property.

As part of the IDO regulations, we are providing you an opportunity to discuss this application prior to submittal. Should you have any questions or would like to request a meeting regarding this anticipated application, please do not hesitate to email Jackie Fishman at fishman@consensusplanning.com or myself at vos@consensusplanning.com, or contact us by phone at (505) 764-9801. Per the IDO, you have 15 days or until March 2, 2021 to request a meeting. If you do not want to schedule a meeting, please let us know so that we can continue our application process.

Sincerely,

Michael Vos, AICP

PART II – DETAILS OF REQUEST

Address of property listed in application: 4315 Wyoming Blvd NE
Name of property owner: M&M Co.
Name of applicant: Butterfly Holdings, LLC (Agent: Consensus Planning, Inc.)
Date, time, and place of public meeting or hearing, if applicable: TBD

Address, phone number, or website for additional information: Please contact Jackie Fishman with Consensus Planning at fishman@consensusplanning.com or call (505) 764-9801 for more information.

PART III - ATTACHMENTS REQUIRED WITH THIS NOTICE

X Zone Atlas page indicating subject property.
X Drawings, elevations, or other illustrations of this request.
X Summary of pre-submittal neighborhood meeting, if applicable.
X Summary of request, including explanations of deviations, variances, or waivers.

IMPORTANT: PUBLIC NOTICE MUST BE MADE IN A TIMELY MANNER PURSUANT TO SUBSECTION 14-16-6-4(K) OF THE INTEGRATED DEVELOPMENT ORDINANCE (IDO).
PROOF OF NOTICE WITH ALL REQUIRED ATTACHMENTS MUST BE PRESENTED UPON APPLICATION.

I certify that the information I have included here and sent in the required notice was complete, true, and accurate to the extent of my knowledge.

_______________________________  (Applicant signature)    _______________________ (Date)

Note: Providing incomplete information may require re-sending public notice. Providing false or misleading information is a violation of the IDO pursuant to IDO Subsection 14-16-6-9(B)(3) and may lead to a denial of your application.

CITY OF ALBUQUERQUE, PLANNING DEPARTMENT, 600 2ND ST. NW, ALBUQUERQUE, NM 87102 505.924.3860
www.cabq.gov
Printed 11/1/2020
### PART IV – ATTACHMENTS REQUIRED FOR SITE PLAN APPLICATIONS ONLY

Provide a site plan that shows, at a minimum, the following:

- **X a.** Location of proposed buildings and landscape areas.
- **X b.** Access and circulation for vehicles and pedestrians.
- **X c.** Maximum height of any proposed structures, with building elevations.
- **X d.** For residential development: Maximum number of proposed dwelling units.

- **☐ e.** For non-residential development:
  - ☐ Total gross floor area of proposed project.
  - ☐ Gross floor area for each proposed use.
Neighborhood Meeting Request
for a Proposed Project in the City of Albuquerque

Date of Request*: February 15, 2021

This request for a Neighborhood Meeting for a proposed project is provided as required by Integrated Development Ordinance (IDO) Subsection 14-16-6-4(K) Public Notice to:

Neighborhood Association (NA)*: Loma Del Rey NA, District 7 Coalition, and District 4 Coalition

Name of NA Representative*: See attached contact list

Email Address* or Mailing Address* of NA Representative1: See attached contact list

The application is not yet submitted. If you would like to have a Neighborhood Meeting about this proposed project, please respond to this request within 15 days.2

   Email address to respond yes or no: fishman@consensusplanning.com

The applicant may specify a Neighborhood Meeting date that must be at least 15 days from the Date of Request above, unless you agree to an earlier date.

   Meeting Date / Time / Location:

   ________________________________________________________________

Project Information Required by IDO Subsection 14-16-6-4(K)(1)(a)

1. Subject Property Address* 4315 Wyoming Blvd NE
   Location Description Southwest corner of Wyoming Blvd and Montgomery Blvd excluding the Taco Cabana site

2. Property Owner* M&M Co.

3. Agent/Applicant* [if applicable] Consensus Planning, Inc. / Butterfly Holdings, LLC

4. Application(s) Type* per IDO Table 6-1-1 [mark all that apply]
   - Conditional Use Approval
   - Permit ___________________________ (Carport or Wall/Fence – Major)
   X Site Plan
   - Subdivision ___________________________ (Minor or Major)

1 Pursuant to IDO Subsection 14-16-6-4(K)(5)(a), email is sufficient if on file with the Office of Neighborhood Coordination. If no email address is on file for a particular NA representative, notice must be mailed to the mailing address on file for that representative.

2 If no one replies to this request, the applicant may be submitted to the City to begin the review/decision process.
CABQ Planning Dept.

Neighborhood Meeting Request Form

1. Zone Atlas Page(s) G-19 (see attachment)
2. Architectural drawings, elevations of the proposed building(s) or other illustrations of the proposed application, as relevant: Attached to notice or provided via website noted above
3. The following exceptions to IDO standards will be requested for this project:
   □ Deviation(s)  □ Variance(s)  □ Waiver(s)
   Explanation: No deviations or waivers are anticipated at this time.

4. An offer of a Pre-submittal Neighborhood Meeting is required by Table 6-1-1: X Yes □ No

5. This type of application will be decided by:
   □ City Staff
   OR at a public meeting or hearing by:
   □ Zoning Hearing Examiner (ZHE)  □ Development Review Board (DRB)
   □ Landmarks Commission (LC)  X Environmental Planning Commission (EPC)
   □ City Council

6. Where more information about the project can be found:
   Please contact Jackie Fishman at fishman@consensusplanning.com or Michael Vos at vos@consensusplanning.com or call (505) 764-9801 for more information.

Project Information Required for Mail/Email Notice by IDO Subsection 6-4(K)(1)(b):

- Vacation ____________________________ (Easement/Private Way or Public Right-of-way)
- Variance
- Waiver
- Zoning Map Amendment
- Other: ______________________________________________________________

Summary of project/request:

Major Amendment of the 1970s era Site Plan for the La Mirada Shopping Center to include redevelopment of a major portion of the site with townhouses and excluding several commercial pad sites to be developed in the future with commercial uses per the underlying MX-M zoning.

Please contact Jackie Fishman at fishman@consensusplanning.com or Michael Vos at vos@consensusplanning.com or call (505) 764-9801 for more information.

No deviations or waivers are anticipated at this time.

Attach additional information, as needed to explain the project/request. Note that information provided in this meeting request is conceptual and constitutes a draft intended to provide sufficient information for discussion of concerns and opportunities.

Address (mailing or email), phone number, or website to be provided by the applicant

5. **For Site Plan Applications only**, attach site plan showing, at a minimum:

- X a. Location of proposed buildings and landscape areas.*
- X b. Access and circulation for vehicles and pedestrians.*
- X c. Maximum height of any proposed structures, with building elevations.*
- X d. **For residential development**: Maximum number of proposed dwelling units.
- □ e. **For non-residential development**: 
  - □ Total gross floor area of proposed project.
  - □ Gross floor area for each proposed use.

**Additional Information:**

1. From the IDO Zoning Map:
   - a. Area of Property *typically in acres* approximately 15.2 acres
   - b. IDO Zone District MX-M (Mixed-use Moderate Intensity)
   - c. Overlay Zone(s) [if applicable] N/A
   - d. Center or Corridor Area [if applicable] Montgomery Boulevard Major Transit Corridor

2. Current Land Use(s) *(vacant, if none)* Commercial Retail (mostly vacant shopping center)

Hi Michael,
My board met this past week and would like to schedule a meeting with you to ask some questions regarding the development going up at La Mirada Shopping Center. When are you available? We all have crazy schedules and will try to make it work with a given time you provide.
Thanks,
Sarah

You will need to e-mail each of the listed contacts and let them know that you are applying for an approval from the Planning Department for your project. Please use this online link to find the required forms you will need to submit: [https://www.cabq.gov/planning/urban-design-development/public-notices](https://www.cabq.gov/planning/urban-design-development/public-notices)

If your application requires you to offer a neighborhood meeting, you can click on this link to find required forms to use in your e-mail to the neighborhood association(s): [http://www.cabq.gov/planning/urban-design-development/neighborhood-meeting-requirement-in-the-integrated-development-ordinance](http://www.cabq.gov/planning/urban-design-development/neighborhood-meeting-requirement-in-the-integrated-development-ordinance)

If your application requires a pre-application or pre-construction meeting, please plan on utilizing virtual platforms to the greatest extent possible and adhere to all current Public Health Orders and recommendations. The health and safety of the community is paramount.

If you have questions about what type of notification is required for your particular project or meetings that might be required, please click on the link below to see a table of different types of projects and what notification is required for each: [https://ido.abc-zone.com/integrated-development-ordinance-ido#page=593](https://ido.abc-zone.com/integrated-development-ordinance-ido#page=593)

Once you have e-mailed the listed contacts in each neighborhood, you will need to attach a copy of those e-mails AND a copy of this e-mail from the ONC to your application and submit it to the Planning Department for approval.

PLEASE NOTE: The ONC does not have any jurisdiction over any other aspect of your application beyond the neighborhood contact information. We can’t answer questions about sign postings, pre-construction meetings, permit status, site plans, or project plans, so we encourage you to contact the Planning Department at: 505-924-3857 Option #1, e-mail: devhelp@cabq.gov, or visit: [https://www.cabq.gov/planning/online-planning-permitting-applications](https://www.cabq.gov/planning/online-planning-permitting-applications) with those types of questions.

If your permit or project requires a pre-application or pre-construction meeting, please plan on utilizing virtual platforms to the greatest extent possible and adhere to all current Public Health Orders and recommendations. The health and safety of the community is paramount.

This message has been analyzed by Deep Discovery Email Inspector.
Dear Neighbors,

This email is notification that Consensus Planning has submitted an application to the City of Albuquerque for a Major Amendment to the 1977 La Mirada Shopping Center Site Plan. The property is located at 4315 Wyoming Boulevard NE (southwest corner of Wyoming Boulevard and Montgomery Boulevard) and is legally described as Lot 1-A-1, La Mirada Subdivision. The current zoning is MX-M, Mixed-use Moderate Intensity.

As we discussed with you at the facilitated neighborhood meeting on March 4, 2021, the proposed Major Amendment is to redevelop the shopping center with a new 66-unit townhouse development in the southwestern portion of the site. This will involve demolition of the existing large, vacant building on the property. The remainder of the site will be excluded from the site plan and developed as commercial pad sites. The Range Café will remain, and the Taco Cabana and Bank of America are not a part of the Site Plan and are unaffected by this request. Additional required information is attached to this email.

A copy of the proposed site plan and the facilitated meeting report can be downloaded at the following link: https://www.dropbox.com/t/LyE9zpPNrF1pD4VY

The Public Hearing on this request by the Environmental Planning Commission (EPC) will be on Thursday, May 20, 2021 beginning at 8:30 AM via Zoom. The following information is how to connect to the Zoom meeting:

Public Notice of a Proposed Project in the City of Albuquerque for Decisions Requiring a Meeting or Hearing Mailed/Emailed to a Neighborhood Association

Date of Notice*: __________________________

This notice of an application for a proposed project is provided as required by Integrated Development Ordinance (IDO) Subsection 14-16-6-4(K) Public Notice to:

Neighborhood Association (NA)*: Loma Del Rey NA, District 7 Coalition, and District 4 Coalition

Name of NA Representative*: See attached

Email Address* or Mailing Address* of NA Representative1: See attached

Information Required by IDO Subsection 14-16-6-4(K)(1)(a)

1. Subject Property Address* __________________________
   Location Description __________________________

2. Property Owner* __________________________

3. Agent/Applicant* [if applicable] Consensus Planning, Inc. / Butterfly Holdings, LLC

4. Application(s) Type* per IDO Table 6-1-1 [mark all that apply]

   □ Conditional Use Approval
   □ Permit (Carport or Wall/Fence – Major)
   □ Site Plan
   □ Subdivision (Minor or Major)
   □ Vacation (Easement/Private Way or Public Right-of-way)
   □ Waiver
   □ Other: __________________________

Summary of project/request2*:

Major Amendment to the 1977 Site Development Plan for the La Mirada Shopping Center to redevelop a portion of the site with 66 townhouses. The remainder of the site to be developed with commercial pad sites via separate site plans according to the applicable IDO procedures. The Range Cafe, Taco Cabana, and Bank of America are not a part and will be unchanged by this request.

---

1 Pursuant to IDO Subsection 14-16-6-4(K)(5)(a), email is sufficient if on file with the Office of Neighborhood Coordination. If no email address is on file for a particular NA representative, notice must be mailed to the mailing address on file for that representative.

2 Attach additional information, as needed to explain the project/request.
5. This application will be decided at a public meeting or hearing by*: 

- □ Zoning Hearing Examiner (ZHE)  
- □ Development Review Board (DRB)  
- □ Landmarks Commission (LC)  
- ✗ Environmental Planning Commission (EPC)

Date/Time*: May 20, 2021 at 8:30 AM

Location*: 3 Via Zoom: [https://cabq.zoom.us/j/2269592859](https://cabq.zoom.us/j/2269592859) Meeting ID: 226 959 2859

By Phone: +1 346 248 7799  
Find your local number: [https://cabq.zoom.us/u/abeuj1Ao7](https://cabq.zoom.us/u/abeuj1Ao7)

Agenda/meeting materials: [http://www.cabq.gov/planning/boards-commissions](http://www.cabq.gov/planning/boards-commissions)

To contact staff, email devhelp@cabq.gov or call the Planning Department at 505-924-3860.

6. Where more information about the project can be found*4:

Contact Jackie Fishman with Consensus Planning at (505) 764-9801 or fishman@consensusplanning.com for more information. A copy of the Pre-Application Neighborhood Meeting notes and Site Plan can be viewed and downloaded here: [https://www.dropbox.com/t/LvE9zpPNrF1pD4VY](https://www.dropbox.com/t/LvE9zpPNrF1pD4VY)

Information Required for Mail/Email Notice by IDO Subsection 6-4(K)(1)(b):

1. Zone Atlas Page(s)*5 G-19

2. Architectural drawings, elevations of the proposed building(s) or other illustrations of the proposed application, as relevant*: Attached to notice or provided via website noted above

3. The following exceptions to IDO standards have been requested for this project*:

- □ Deviation(s)  
- □ Variance(s)  
- □ Waiver(s)

Explanation*:

No Waivers are anticipated or are being requested at this time.

4. A Pre-submittal Neighborhood Meeting was required by Table 6-1-1:  

- ✗ Yes  
- □ No

Summary of the Pre-submittal Neighborhood Meeting, if one occurred:

A copy of the Facilitated Meeting report can be viewed or downloaded via the following Dropbox link: [https://www.dropbox.com/t/LvE9zpPNrF1pD4VY](https://www.dropbox.com/t/LvE9zpPNrF1pD4VY). The primary issues and concerns raised were focused on traffic, particularly at the intersection of La Mirada Place and Wyoming Boulevard. Other questions asked about pricing, code compliance, and timing of construction. The neighbors were generally supportive of redevelopment of the long vacant and underutilized shopping center and were hopeful to see less negative activity and increased property values from the revitalization.

---

*3 Physical address or Zoom link

*4 Address (mailing or email), phone number, or website to be provided by the applicant

5. **For Site Plan Applications only**, attach site plan showing, at a minimum:
   - a. Location of proposed buildings and landscape areas.
   - b. Access and circulation for vehicles and pedestrians.
   - c. Maximum height of any proposed structures, with building elevations.
   - d. **For residential development**: Maximum number of proposed dwelling units.
   - e. **For non-residential development**:
     - Total gross floor area of proposed project.
     - Gross floor area for each proposed use.

**Additional Information [Optional]:**

From the IDO Zoning Map:

1. Area of Property [typically in acres] 15.2 acres
2. IDO Zone District MX-M (Mixed-use Moderate Intensity)
3. Overlay Zone(s) [if applicable] N/A
4. Center or Corridor Area [if applicable] Major Transit and Multi-Modal Corridors
   Current Land Use(s) [vacant, if none] General Retail and other commercial retail and service uses

**NOTE:** Pursuant to IDO Subsection 14-16-6-4(L), property owners within 330 feet and Neighborhood Associations within 660 feet may request a post-submittal facilitated meeting. If requested at least 15 calendar days before the public meeting/hearing date noted above, the facilitated meeting will be required. To request a facilitated meeting regarding this project, contact the Planning Department at devhelp@cabq.gov or 505-924-3955.

FACILITATED MEETING REPORT
CITY OF ALBUQUERQUE
LAND USE FACILITATION PROGRAM PROJECT MEETING REPORT

Project #: Pre-application
Property Description/Address: La Mirada Development.
Date Submitted: March 5, 2021
Submitted By: Philip Crump and Jocelyn M. Torres
Meeting Date/Time: March 4, 2021, 4:30 – 6:30 PM
Meeting Location: Via Zoom
Facilitator: Philip Crump
Co-facilitator: Jocelyn M. Torres
Applicant: AMREP SW d/b/a Butterfly Holdings, LLC
Agent – Jackie Fisher Fishman & Michael Vos, Consensus Planning, Inc.
Neighborhood Associations/Interested Parties – Loma del Rey NA (LdR), District 4 and District 7 Neighborhood Coalitions, Neighbors.

Background/Meeting Summary:

The Developer proposes a major Amendment to the 1970s Site Plan for the La Mirada Shopping Center, in the area currently occupied by a long-departed Walmart building, with a gated development of 68-66 townhouses within approximately 15-16 acres located at La Mirada on the southwest corner of Montgomery and Wyoming NE. Future plans include commercial development of the surrounding acreage. The property currently has both empty and occupied commercial buildings. The Developer will demolish the large vacant buildings on the west side of the property. It hopes to include existing tenants, such as T-Mobile, in the new commercial development. The townhouses will range from approximately 1500 to 2100 square feet. All will have built-in garages and will include one and two-story buildings. There will be three pedestrian access gates, in addition to the main entrance. The surrounding wall will likely be six feet tall. The existing Taco Cabana, Range and Bank of America are located on separate lots outside of this development.

Outcomes:

- Areas of Agreement:
- Participants voiced support for the planned townhouse development.
- Participants were notified of the April 1, 2021 Application deadline and the May 20, 2021 EPC Hearing via Zoom.

- Unresolved Issues & Concerns:
- Specifics, such as traffic analyses, construction fencing, landscaping design, etc., will be resolved as the development progresses.
- **Key Points:**

- Neighbors hope that increased property values and an improved use of this property will result from the planned development.
- Neighbors expressed considerable concern regarding the impact of increased traffic at the intersection of La Mirada and Wyoming, which is a primary feeder for Sandia Base.
- The EPC generally approves the site plan with conditions, thereafter reviewed for final approval by the DRB.

### Meeting Specifics:

1) **Introduction.**

2) **Townhouse Development.**

a) The Developer seeks to replace the prior 1970’s site plan with the proposed townhouse development, which requires EPC review and approval.

   i) The existing zoning is MXM mixed use moderate. It allows residential development— not single family—but it allows townhouses.

   ii) The gated community will include a private storm water detention pond, open space, pedestrian gates, shade structures and a possible park and playground.

   iii) All townhouses will be two-story, with 20-foot driveways, garages and zero lot lines.

   iv) The townhouses will be priced at an estimated $350K to $450K from 300 to 400 thousand dollars.

   v) The residents will be actual owners.

   vi) There has been no discussion regarding restrictive covenants on short or long-term leasing.

   vii) There are currently no age or pet restrictions for the townhome development.

b) Neighbors see this project as a revitalization that will benefit the area

c) The townhouse construction will likely begin in the summer of 2022 and will take 18 months to complete.

   i) The builder cannot be identified at this time.

   ii) The same builder will likely construct the entire development.

      (1) They will be going with the lowest build price
(a) The builder did not mention an architectural firm that will be doing the design.

iii) The builder will follow the newest Albuquerque Building Code, including its energy efficiency requirements.

iv) Landscaping will be done by Yellowstone Landscapers.

v) Mature trees will remain and will be pruned.

vi) The Developer plans to grade the site to maximize backyard east-facing mountain views.

d) Neighbors are concerned about traffic to be generated at the La Mirada/Wyoming intersection.

i) The Developer will perform traffic studies or trip generation analyses required by the City.

ii) Townhouses generate less traffic than commercial development.

iii) The Developer will perform median development on Wyoming if required by the City.

e) Current issues, construction plans and future commercial development.

i) Neighbors are concerned about the idle congregation of people on this property and drag races on Montgomery.

ii) Plans will include necessary fencing during construction.

iii) The Developer does not have specific plans for commercial development at this time.

(1) Neighbors want the existing businesses, which have struggled during the pandemic, to be able to remain.

(2) In the future, the current commercial structures will be demolished and replaced by multi-business buildings.

f) Property management and water quality.

i) Silver Sage will manage the property.

ii) Water quality in the detention pond will be monitored.

Action Items: Application deadline April 1, 2021 and EPC Hearing May 20, 2021.

Application Hearing Details:

- The Application is due April 1, 2021.
- The EPC hearing will be conducted on May 20, 2021.
- Neighbors will be provided necessary notice and links regarding the application and hearing dates.

Meeting Adjourned.

SITE PLAN REDUCTIONS
DEVELOPMENT DATA
Legal Description: Lot 1-A-1, La Mirada Subdivision containing 8.3236 acres
Zoning: MX-M
Land Use: Townhouses

Pedestrian and Vehicular Access:
• Primary vehicular access is from La Mirada Place NE, an existing urban local roadway. The subdivision shall be
gated and the new roadway serving the subdivision shall be privately owned and maintained by a Homeowners’
Association.
• Pedestrian access will be private, gated access from La Mirada Place NE and in two locations from the adjacent
MX-M properties, as shown on the Site Plan.
• Transit access is provided on Montgomery Boulevard (Route 5) and Wyoming Boulevard (Route 31).

Lots:
• The MZ area does not have minimum lot size or area requirements. The typical lot size is 2,550 square
feet.

Setbacks:
• Development shall comply with the minimum setbacks of the MX-M Zone District.
• Lot Sizes: The MX-M zone does not have minimum lot size or width requirements. The typical lot size is
2,550 square feet and typical width is 30 feet.
• Setbacks: Development shall comply with the minimum setbacks of the MX-M Zone District:
  - Front, minimum: 5 feet
  - Side, minimum: 0 feet
  - Street side, minimum: 5 feet
  - Rear, minimum: 15 feet
