I. OVERVIEW

Request

Consistent with requirements of the Capital Improvement Program (CIP) Ordinance, Mayor Tim Keller hereby transmits the 2021 General Obligation (GO) Bond Program and the 2021-2030 Decade Plan for city-wide capital improvements to the Environmental Planning Commission (EPC) for review and comment. The EPC, by ordinance, is required to hold a public hearing and to forward to the Mayor, comments and recommendation arising from that hearing. The attached document, *2021 General Obligation Bond Program/2021-2030 Decade Plan for Capital Improvements*, contains a review of the adopted policies and priorities for selection of capital improvement projects and summary tables for all proposed capital programs. The following will summarize the content of that document.

The request is for a proposed *2021 General Obligation Bond Program and 2021-2030 Decade Plan* (also referred to as the 'Plan') which is the City-Wide Plan that contains the adopted policies and criteria for selection of capital improvement projects in the City of Albuquerque

EPC Role

The EPC is hearing this case because the EPC is required to hear cases in the City pursuant to IDO 6-2(E)(3)(d):

6-2(E)(3)(d) Make recommendations for programming of capital improvements for the city pursuant to Article 2-12 of ROA 1994 (Capital Improvements) and the resolution establishing priorities for each biannual capital improvement plan, designation of land desirable and needed for public purposes, adoption of air and water quality standards, and other appropriate matters.

The EPC is being asked to review the GO Bond Program and make findings and recommendations to the Mayor. By ordinance, these findings are non-binding. The Plan will then be submitted to City Council which will hold a public meeting, prior to approval of the Plan. The subject request is a legislative matter.

Context

The proposed Plan is for the City of Albuquerque (city-wide).

The Plan is consistent with the requirements of the Capital Improvement Program (CIP) ordinance for city-wide capital improvements. The ordinance provides that the EPC hold a public hearing and forward appropriate comments, findings and recommendations to the City Council arising out of that hearing.

The Plan contains a review of the adopted policies and criteria for selection of capital improvements. It also contains descriptions and summary tables for all proposed projects. This Capital Program for this cycle reflects the Administration's commitment to emphasize rehabilitation and deficiency correction, to preserve existing assets and to correct critical deficiencies.

Every two years, the City Council adopts policies and criteria for the evaluation of capital projects proposed to be included in the General Obligation Bond Program (G.O. Bond Program) and the Decade Plan.

The Plan will be presented to voters in November of 2021. All general obligation bonds must be approved by the voters in the municipal election. Funding from approved bonds generally becomes available about six months following voter approval.

History

As established by the CIP Ordinance, policies and criteria for the evaluation of capital projects proposed to be included in the General Obligation Bond Program (G.O. Bond) and Decade Plan for each biennial planning cycle are recommended by the Mayor and established by Resolution by the City Council. On February 3, 2020, City Council Adopted R-19-219; Enactment No. R-2020-011 establishing policies and criteria for the 2021 Capital Program.

On March 18, 2020, Departments were issued instructions to submit project requests for capital expenditures, with instructions to align the projects with the goals of the Council, ABC-Comp Plan and the Integrated Development Ordinance (IDO).

These projects were then rated and ranked by a Staff Review Committee, composed of staff from numerous City Departments, utilizing the criteria defined by Council, shown in Appendix C of the attached Plan.

Following Staff Review, the CIP Committee brings the program in line with available funding and ensures compliance with criteria. The Plan is then sent to the Mayor for approval, after which it is submitted to the Environmental Planning Commission for findings and recommendations.

Transportation System

The Long-Range Roadway System (LRRS) map, produced by the Mid-Region Metropolitan Region Planning Organization (MRMPO), identifies the functional classifications of roadways.

Comprehensive Plan Corridor Designation

Per R-16-108, Enactment No. R-2017-026, the Plan establishes City policy with respect to Centers and Corridors. This resolution amends and strengthen policy previously established in the Albuquerque/Bernalillo County Comprehensive Plan.

II. ANALYSIS of APPLICABLE ORDINANCES, PLANS, AND POLICIES

Every two years, the City Council adopts policies and criteria for the evaluation of capital projects proposed to be included in the biennial general obligation bond program and decade plan. On February 3, 2020, the City Council unanimously adopted R-19-219; Enactment R-2020-011 establishing policies and criteria for the 2021 capital program. A complete copy of this resolution may be found in Appendix C of the attached document. Policies and project selection criteria in the bill have been formulated to be consistent with the growth policies as contained in R-16-108, Enactment R-2017-026: Updated *Albuquerque / Bernalillo County Comprehensive Plan*.

Funding for the 2021 General Obligation Bond program (G.O. Bond) was established at \$128.5 million dollars. During the planning process, the City's financial advisors reevaluated the capacity calculation and determined that funding could be increased to \$139.25 million dollars. Funds have been allocated and proposed as shown in Table 2 of the attached Plan.

Significant criteria for the selection of projects for the 2021 G.O. bond program included:

- Preservation of Existing Assets and Correction of Critical Deficiencies. R-19-219 established that approximately 90% of the 2021 G.O. bond program and decade plan shall be for rehabilitation and deficiency correction of existing facilities and systems. Moreover, of the 90%, a goal of 55% for rehabilitation was established. For this bond cycle approximately 90% of the G.O. bond program is proposed to be used for rehabilitation and deficiency correction. About 35% of the program is proposed to be for rehabilitation projects. Please Table 1 of the attached Plan for a summary chart.
- Support for the development and implementation of Centers and Corridors. R-19-219 established policy that: “For the two-year 2021 general obligation bond program, it shall be the policy of the City of Albuquerque to emphasize infrastructure and facility improvements that support the rehabilitation, deficiency correction and/or development of designated activity centers or corridors, and to support projects that contribute to economic development within these areas.”
- Project selection criteria that emphasized objectives stated in the above referenced growth policy legislation. Please refer to Appendix C of the attached Plan for project selection criteria.
- Categorization of projects. All projects were categorized as growth, rehabilitation, deficiency, or mandate. Please refer to the attached Plan for full definitions of each category.
- Ranking of all projects into High, Medium, and Low categories, with no more than 10% of the value of the G.O. bond program ranked low. For the Mayor’s 2021 proposed G.O. bond program, approximately 8% of the value of the program derives from low ranked projects.

All projects included in the Mayor’s proposed capital program have undergone an extensive review process beginning with the CIP Staff Committee, which was composed of representatives from the Department of Municipal Development, Office of Management and Budget, Family and Community Services, the Mayor’s Office, Parks and Recreation, Cultural Services and the Office of Equity and Inclusion. This committee rated and ranked all the proposed projects for the 2021 G.O. Bond program.

The capital program was then reviewed by the CIP Committee, which was composed of the Chief Administrative Officer, the Chief Financial Officer, the Chief Operations Officer, the Director of the Department of Municipal Development and the Director of the Solid Waste Department. The Director of Council Services is an ex-officio member of this committee. This committee is responsible to ensure that the capital program conforms to the available funding and to adopted policies and criteria. Decisions of the CIP Committee were reviewed and approved by the Mayor.

As required by the CIP Ordinance, the 2021-2030 enterprise fund decade plans for capital improvements are also included in the Mayor’s proposed capital program. Programs funded in this manner included the Aviation Department and the Solid Waste Department. Enterprise fund capital programs are approved annually by the City Council in conjunction with review and approval of the operating budgets for these departments. Capital plans for the following programs are also included: Component Capital Improvement Plan (CCIP); Metropolitan Redevelopment Plan for capital improvements in approved Metropolitan Redevelopment Area (MRA); and The

Family and Community Services Consolidated Plan for addressing housing and community development needs.

The 2021 General Obligation Bond Program is being reviewed by the EPC per their responsibilities outlined in IDO 14-16-6-2(E)(3)(d).

Findings and Recommendations of the Environmental Planning Commission will be forwarded to the Mayor who, after consideration of the comments, will forward his recommended capital program and decade plan to the Albuquerque City Council for public comment, and Council review and approval.

Albuquerque / Bernalillo County Comprehensive Plan (Rank I)

Comprehensive Plan Goals and Policies:

Applicable Goals that are consistent with this request are listed below. This Plan is also consistent with numerous policies in the Comprehensive Plan. For the sake of brevity, Staff is focusing this analysis on Comprehensive Plan Goals. Staff analysis follows in ***bold italic*** text.

Chapter 4: Community Identity

Goal 4.2: Process - Engage communities to identify and plan for their distinct character and needs.

In the development of this Plan, Departments engaged with neighborhoods, DMD provided the criteria and rules, and Departments decided which projects to pursue, based around the ABC Comp Plan framework. The request is consistent with Goal 4.2.

Chapter 5: Land Use

Goal 5.1 Centers & Corridors: Grow as a community of strong Centers connected by a multi-modal network of Corridors.

For this Plan, the subject property is the city as a whole. This request will contribute to the growth as a community because the Plan supports a multi-modal network of Corridors. With the weighting criteria created by the City Council, almost 60% of the score is based around whether the project furthers the goals of the ABC Comp Plan through building in Centers, Corridors, and economic development zones. The request is consistent with Goal 5.1

Goal 5.3 Efficient Development Patterns: Promote development patterns that maximize the utility of existing infrastructure and public facilities and the efficient use of land to support the public good.

By renovating existing facilities instead of building new ones, this Plan will improve and promote development patterns that maximize the utility of existing infrastructure and public facilities and the efficient use of land to support the public good. The request is consistent with Goal 5.3.

Goal 5.7 Implementation Processes: Employ procedures and processes to effectively and equitably implement the Comp Plan.

This Plan provides City-wide benefits with a focus on addressing underserved areas, areas in need of economic development. Projects in Underserved Neighborhoods made up a large part of the program. Also, the OEI had a scoring member, and their maps for Economic Opportunity Zones (also as defined by the Fed Govt) made up a part of scoring process: Projects in these zones received a higher score. This Plan also supports improvements in Centers and Corridors designated by the Comp Plan. The request is consistent with Goal 5.7.

Chapter 6: Transportation

Goal 6.1 Land Use – Transportation Integration: Plan, develop, operate, and maintain a transportation system to support the planned character of existing and future land uses.

The DMD Streets portion of the Plan specifically allocates resources for planning and design of future roads and the transportation system. Some projects involve the consideration of land use and the purchase of land. Maintenance of the transportation system is key in the Streets portion of the Plan. The request is consistent with Goal 6.1.

Goal 6.2 Multi-Modal System: Encourage walking, biking, and transit, especially at peak-hour commuting times, to enhance access and mobility for people of all ages and abilities.

The Plan includes projects to encourage walking, biking, and transit, especially at peak-hour commuting times, to enhance access and mobility for people of all ages and abilities. The request is consistent with Goal 6.2.

Goal 6.4 Public Health: Promote individual and community health through active transportation, noise mitigation, and air quality protections.

The Plan includes Parks, Family and Community Services, and Environmental Health projects and programs that promote individual and community health through active transportation, noise mitigation, and air quality protections. The request is consistent with Goal 6.4.

Goal 6.7 System Effectiveness: Implement and maintain an effective and efficient transportation system in a coordinated and cost-effective manner.

The Plan includes ABQ Ride and DMD Streets projects that implement and maintain an effective and efficient transportation system in a coordinated and cost-effective manner. The request is consistent with Goal 6.7.

Chapter 7: Urban Design

Goal 7.1 Streetscapes & Development Form: Design streetscapes and development form to create a range of environments and experiences for residents and visitors.

The Plan includes projects that design and improve streetscapes and development form to create a range of environments and experiences for residents and visitors. Projects include Complete Streets improvements, which are created to efficiently serve all users, including pedestrians, cyclists, transit riders and motorists. The request is consistent with Goal 7.1.

Goal 7.2 Pedestrian-Accessible Design: Increase walkability in all environments, promote pedestrian-oriented development in urban contexts, and increase pedestrian safety in auto-oriented contexts.

The Plan includes sidewalk renovations and the Trails and Bikeways 5% Mandate that would increase walkability in all environments, promote pedestrian-oriented development in urban contexts, and increase pedestrian safety in auto-oriented contexts. The request is consistent with Goal 7.2.

Chapter 9: Housing

Goal 9.1 Supply: Ensure a sufficient supply and range of high-quality housing types that meet current and future needs at a variety of price levels to ensure more balanced housing options.

Portions of the Family and Community Services Consolidated Plan are included in the Plan, and these projects support balanced housing option in Albuquerque. The request is consistent with Goal 9.1.

Goal 9.4 Homelessness: Make homelessness rare, short-term, and non-recurring.

Portions of the Family and Community Services Consolidated Plan are included in the Plan, and these projects support making homelessness rare, short-term, and non-recurring. The Plan includes Homeless Intervention and Rapid Rehousing programs funded by Emergency Solutions Grant (ESG) funds. The request is consistent with Goal 9.4.

Goal 9.5 Vulnerable Populations: Expand capacity to provide quality housing and services to vulnerable populations.

Portions of the Family and Community Services Consolidated Plan are included in the Plan, and these projects support serving vulnerable populations in Albuquerque. The Department of Senior Affairs projects also support vulnerable populations. The request is consistent with Goal 9.5.

Goal 9.6 Development Process: Promote cost-effective housing redevelopment and construction that meets community needs.

Portions of the Family and Community Services Consolidated Plan are included in the Plan, and these projects support cost-effective housing redevelopment and construction that meets community needs. The request is consistent with Goal 9.6.

Chapter 10: Parks & Open Space

Goal 10.1 Facilities & Access: Provide parks, Open Space, and recreation facilities that meet the needs of all residents and use natural resources responsibly.

This Plan provides for facilities and access for parks, Open Space, and recreation facilities that meet the needs of all residents and use natural resources responsibly. The request is consistent with Goal 10.1.

Goal 10.2 Parks: Provide opportunities for outdoor education, recreation, and cultural activities that meet community needs, enhance quality of life, and promote community involvement for all residents.

This Plan provides for Parks, to provide opportunities for outdoor education, recreation, and cultural activities that meet community needs, enhance quality of life, and promote community involvement for all residents. The request is consistent with Goal 10.2.

Goal 10.3 Open Space: Protect the integrity and quality of the region's natural features and environmental assets and provide opportunities for outdoor recreation and education.

This Plan provides for Open Space, to protect the integrity and quality of the region's natural features and environmental assets and provide opportunities for outdoor recreation and education. The request is consistent with Goal 10.3.

Chapter 12: Infrastructure, Community Facilities & Services

Goal 12.1 Infrastructure: Plan, coordinate, and provide for efficient, equitable, and environmentally sound infrastructure to support existing communities and the Comp Plan's vision for future growth.

The projects in this plan provide for infrastructure, to plan, coordinate, and provide for efficient, equitable, and environmentally sound infrastructure to support existing communities and the Comp Plan's vision for future growth. The request is consistent with Goal 12.1.

Goal 12.2 Community Facilities: Provide community facilities that have convenient access and a wide range of programs for residents from all cultural, age, geographical, and educational groups to enhance quality of life and promote community involvement.

The projects in this plan provide for Community Facilities, to provide community facilities that have convenient access and a wide range of programs for residents from all cultural, age, geographical, and educational groups to enhance quality of life and promote community involvement. The request is consistent with Goal 12.2.

Goal 12.3 Public Services: Plan, coordinate, and provide efficient, equitable, and environmentally sound services to best serve residents and protect their health, safety, and well-being.

The projects in this plan provide for public services, to plan, coordinate, and provide efficient, equitable, and environmentally sound services to best serve residents and protect their health, safety, and well-being. The request is consistent with Goal 12.3.

Goal 12.4 Coordination: Coordinate with other providers to leverage resources, maximize efficiencies, bridge service gaps, and provide added value.

Many of these projects in this Plan are planned in coordination with other agencies and providers to leverage resources, maximize efficiencies, bridge service gaps, and provide added value. The request is consistent with Goal 12.4.

Goal 12.5 Resources: Identify and allocate sufficient resources to support infrastructure, community facility, and public service needs in order to invest public dollars efficiently and effectively and to maintain a sound fiscal position.

The essential purpose of this plan is to provide for resources, to identify and allocate sufficient resources to support infrastructure, community facility, and public service needs in order to invest public dollars efficiently and effectively and to maintain a sound fiscal position. The request is consistent with Goal 12.5.

The Applicant has demonstrated that the proposed facility plan would further a preponderance of applicable Goals and Policies found in the ABC Comprehensive Plan and would facilitate the desired goals of the Comp Plan which provides a framework to guide private development land use decisions, and decision-makers as they contemplate new plans affecting the whole community.

Integrated Development Ordinance (IDO) 14-16-6-7(B) - Review and Decision Criteria for ADOPTION OR AMENDMENT OF FACILITY PLAN

Requirements

The review and decision criteria outline policies and requirements for adopting a facility plan. The Applicant must provide sound justification that several tests have been met. The burden is on the Applicant to show why a change should be made pursuant to Subsection 14-16-6-7(B).

Justification & Analysis

The subject site is for the city-wide GO Bond and Decade Plan. The Applicant is requesting that the EPC review and comment on this Plan.

The Applicant's project letter, analyzed here, was received on September 23, 2020. A follow up letter along with additional materials to complete the application was received on October 22, 2020. Pursuant to the IDO Subsection 14-16-6-7(B), the Applicant bears the burden of providing a sound justification for the request, based on substantial evidence.

The applicant believes that the proposed Plan meets the adoption or amendment of facility plan decision criteria [14-16-6-7(B)] as elaborated in the project letter. The citations are from the IDO. The applicant's responses are in *italics*. Staff analysis follows in bold italics with the heading "***Staff response***".

Review and Decision Criteria

This request falls under this IDO section: 14-16-6-7(B) ADOPTION OR AMENDMENT OF FACILITY PLAN and meets the following Review and Decision Criteria.

14-16-7(B)(3) Review and Decision Criteria

An application for Adoption or Amendment of a Facility Plan shall be approved if it meets all of the following criteria:

6-7(B)(3) Review and Decision Criteria

An application for Adoption or Amendment of a Facility Plan shall be approved if it meets all of the following criteria:

- A. 6-7(B)(3)(a) The proposed plan or amendment is consistent with the spirit and intent of the ABC Comp Plan, as amended, and with other policies and plans adopted by the City Council.

Applicant Response: The 2021 GO Bond Program was scored based on criteria set by City Council, as shown in Appendix C. These criteria weighted scores for building in Activity Centers and Corridors, as well as Economic Zones. All Departments were provided a copy of these maps and instructions, and were requested to create their Projects by said guidelines.

Staff Response: The applicant has shown consistency with the City's health, safety, morals, and general welfare is shown by demonstrating that the request is consistent with applicable Comprehensive Plan Goals and policies (and other plans if applicable) and does not conflict with them. See the section entitled "Albuquerque / Bernalillo County Comprehensive Plan (Rank I)" which precedes this section for further policy analysis. The response to Criterion A is sufficient.

Applicable citations: Goal 4.2: Process; Goal 5.1 Centers & Corridors; Goal 5.3 Efficient Development Patterns; Goal 5.7 Implementation Processes; Goal 6.1 Land Use – Transportation Integration; Goal 6.2 Multi-Modal System; Goal 6.4 Public Health; Goal 6.7 System Effectiveness; Goal 7.1 Streetscapes & Development Form; Goal 7.2 Pedestrian-Accessible Design; Goal 9.1 Supply; Goal 9.4 Homelessness; Goal 9.5 Vulnerable Populations; Goal 9.6 Development Process; Goal 10.1 Facilities & Access; Goal 10.2 Parks; Goal 10.3 Open Space; Goal 12.1; Infrastructure; Goal 12.2 Community Facilities; Goal 12.3 Public Services; Goal 12.4 Coordination; Goal 12.5 Resources

- B. 6-7(B)(3)(b) The proposed plan or amendment promotes the efficient use or administration of public or quasi-public facilities.

Applicant Response: The 2021 GO Bond Program is a group of projects to repair, replace, upgrade, and upkeep City facilities, which are public or quasi-public facilities. These facilities may include Parks, Pools, Police Stations, Community Centers, Senior Centers, etc.

Staff Response: The proposed plan or amendment promotes the efficient use or administration of public or quasi-public facilities. The response to Criterion B is sufficient.

- C. 6-7(B)(3)(c) The plan or amendment will promote public health, safety, and general welfare.

Applicant Response: The 2021 GO Bond program includes numerous Public Safety projects from Albuquerque Fire Rescue and Albuquerque Fire Department. It also provides for facility repairs that may address safety hazards, as well as providing shelters and programs for citizens at risk and in need. Among these are Community and Senior Centers, Parks, and Road Repairs. These provide opportunity for the social and physical health needs of our citizens, as well as providing for injury prevention.

Staff Response: The plan or amendment will promote public health, safety, and general welfare. The response to Criterion C is sufficient.

III. AGENCY & NEIGHBORHOOD CONCERNS

Reviewing Agencies

City Departments and other relevant agencies reviewed this application prior to the EPC Hearing. Few agency comments were received and none were averse to the request. AMAFCA and PNM both made extensive comments regarding the request. For a full listing of Agency comments, please refer to the agency comments beginning on Page 21 of this staff report.

Neighborhood/Public

Per IDO requirements, representatives from all of the Neighborhood Associations were emailed and mailed letters with information concerning this Plan. There was not a request for a facilitated meeting. There were no major concerns that arose from the inquiry calls/emails. Neighborhood comments received are included in the Appendix of this staff report.

There has not been any known opposition to this request.

IV. CONCLUSION

The request is for the proposed 2020 General Obligation Bond Program and 2021-2030 Decade Plan (also referred to as the 'Plan') which is the City-Wide Plan that contains the adopted policies and criteria for selection of capital improvement projects in the City of Albuquerque.

The Mayor's program is consistent with the criteria resolution R-19-219, and supports the Comprehensive Plan as follows:

- Of 98 projects 88, 90%, are within the 1980 municipal limits. These projects total \$111,540,000, 92% of the \$121,895,000 allocated to Departments.
- Of 98 projects 61, 62%, support development or preservation of assets within designated Centers and Corridors. These projects total \$80,855,000, 66% of the \$121,895,000 allocated to Departments. Many of the rest are City-Wide, and may or may not directly impact listed Centers and/or Corridors.
- Of 98 projects 87, 89%, benefit Underserved Neighborhoods as defined in Section 7 of R-19-219. These projects total \$96,915,000, 80% of the \$121,895,000 allocated to Departments.

- The total for Low Ranked Projects is \$9,870,000, which is 7.07% of the \$139,250,000 total GO Bond Program.
- 90% of the total program supports rehabilitation or deficiency correction of existing assets, in fulfillment of Section 3 of R-19-219.
 - Rehabilitation 34.57%
 - Deficiency 55.58%

The facility plan has been adequately justified pursuant to the IDO Review and Decision criteria for zone changes in 14-16-6-7(B) - Review and Decision Criteria for ADOPTION OR AMENDMENT OF FACILITY PLAN.

The applicant notified all of the City Neighborhood Associations, as required pursuant to IDO 14-16-6-4. There was not a request for a facilitated meeting, however there were emails from the public inquiring for more information on what was being proposed in the plan. There were no major concerns that arose from the inquiry calls/emails. There has not been any known opposition to this request.

FINDINGS - Project #: 2020-004467, Case #: SI-2020-00993-2021, November 12, 2020 – Facility Plan

1. The request is for a proposed 2021 General Obligation Bond Program and 2021-2030 Decade Plan (also referred to as the ‘Plan’) which is the City-Wide Plan that contains the adopted policies and criteria for selection of capital improvement projects in the City of Albuquerque.
2. This “Special Project Review” case is a request for review and comment by the public and for recommendation from the Environmental Planning Commission on the Mayor’s proposed General Obligation Bond Program for the 2021 biennium and the 2021-2030 Decade Plan.
3. This program conforms to the requirements of R-19-219; Enactment R-2020-011 establishing policies and criteria for the selection of capital projects for the 2021 general obligation bond program / 2021-2030 decade plan.
4. The subject site is the City of Albuquerque (City-Wide)
5. The Albuquerque/Bernalillo County Comprehensive Plan and the City of Albuquerque Integrated Development Ordinance (IDO) are incorporated herein by reference and made part of the record for all purposes.
6. This program of capital improvements is supportive of the goals and objectives of the Albuquerque / Bernalillo County Comprehensive Plan, especially with respect to development and preservation of assets within designated centers and corridors.
7. The request furthers the following, applicable Goals regarding Community Identity:
 - A. Goal 4.2: Process - Engage communities to identify and plan for their distinct character and needs.

In the development of this Plan, Departments engaged with neighborhoods, DMD provided the criteria and rules, and Departments decided which projects to pursue, based around the ABC framework. The request is consistent with Goal 4.2.

8. The request furthers the following, applicable Goals regarding Land Use:

- A. Goal 5.1 Centers & Corridors: Grow as a community of strong Centers connected by a multi-modal network of Corridors.

9. The request furthers the following, applicable Goals regarding Transportation:

- A. Goal 6.1 Land Use – Transportation Integration: Plan, develop, operate, and maintain a transportation system to support the planned character of existing and future land uses.

The DMD Streets portion of the Plan specifically allocates resources for planning and design of future roads and the transportation system. Some projects involve the consideration of land use and the purchase of land. Maintenance of the transportation system is key in the Streets portion of the Plan. The request is consistent with Goal 6.1.

- B. Goal 6.2 Multi-Modal System: Encourage walking, biking, and transit, especially at peak-hour commuting times, to enhance access and mobility for people of all ages and abilities.

The Plan includes projects to encourage walking, biking, and transit, especially at peak-hour commuting times, to enhance access and mobility for people of all ages and abilities. The request is consistent with Goal 6.2.

- C. Goal 6.4 Public Health: Promote individual and community health through active transportation, noise mitigation, and air quality protections.

The Plan includes Parks, Family and Community Services, and Environmental Health projects and programs that promote individual and community health through active transportation, noise mitigation, and air quality protections. The request is consistent with Goal 6.4.

- D. Goal 6.7 System Effectiveness: Implement and maintain an effective and efficient transportation system in a coordinated and cost-effective manner.

The Plan includes ABQ Ride and DMD Streets projects that implement and maintain an effective and efficient transportation system in a coordinated and cost-effective manner. The request is consistent with Goal 6.7.

10. The request furthers the following, applicable Goals regarding Urban Design:

- A. Goal 7.1 Streetscapes & Development Form: Design streetscapes and development form to create a range of environments and experiences for residents and visitors.

The Plan includes projects that design and improve streetscapes and development form to create a range of environments and experiences for residents and visitors. The request is consistent with Goal 7.1.

- B. Goal 7.2 Pedestrian-Accessible Design: Increase walkability in all environments, promote pedestrian-oriented development in urban contexts, and increase pedestrian safety in auto-oriented contexts.

The Plan includes sidewalk renovations and the Trails and Bikeways 5% Mandate that would increase walkability in all environments, promote pedestrian-oriented development in urban contexts, and increase pedestrian safety in auto-oriented contexts. The request is consistent with Goal 7.2.

11. The request furthers the following, applicable Goals regarding Housing:

- A. Goal 9.1 Supply: Ensure a sufficient supply and range of high-quality housing types that meet current and future needs at a variety of price levels to ensure more balanced housing options.

Portions of the Family and Community Services Consolidated Plan are included in the Plan, and these projects support balanced housing option in Albuquerque. The request is consistent with Goal 9.1.

- B. Goal 9.4 Homelessness: Make homelessness rare, short-term, and non-recurring.

Portions of the Family and Community Services Consolidated Plan are included in the Plan, and these projects support making homelessness rare, short-term, and non-recurring.

The Plan includes Homeless Intervention and Rapid Rehousing programs funded by Emergency Solutions Grant (ESG) funds. The request is consistent with Goal 9.4.

- C. Goal 9.5 Vulnerable Populations: Expand capacity to provide quality housing and services to vulnerable populations.

Portions of the Family and Community Services Consolidated Plan are included in the Plan, and these projects support serving vulnerable populations in Albuquerque. The Department of Senior Affairs projects also support vulnerable populations. The request is consistent with Goal 9.5.

- D. Goal 9.6 Development Process: Promote cost-effective housing redevelopment and construction that meets community needs.

Portions of the Family and Community Services Consolidated Plan are included in the Plan, and these projects support cost-effective housing redevelopment and construction that meets community needs. The request is consistent with Goal 9.6.

12. The request furthers the following, applicable Goals regarding Parks & Open Space:

- A. Goal 10.1 Facilities & Access: Provide parks, Open Space, and recreation facilities that meet the needs of all residents and use natural resources responsibly.

This Plan provides for facilities and access for parks, Open Space, and recreation facilities that meet the needs of all residents and use natural resources responsibly. The request is consistent with Goal 10.1.

- B. Goal 10.2 Parks: Provide opportunities for outdoor education, recreation, and cultural activities that meet community needs, enhance quality of life, and promote community involvement for all residents.

This Plan provides for Parks, to provide opportunities for outdoor education, recreation, and cultural activities that meet community needs, enhance quality of life, and promote community involvement for all residents. The request is consistent with Goal 10.2.

- C. Goal 10.3 Open Space: Protect the integrity and quality of the region's natural features and environmental assets and provide opportunities for outdoor recreation and education.

This Plan provides for Open Space, to protect the integrity and quality of the region's natural features and environmental assets and provide opportunities for outdoor recreation and education. The request is consistent with Goal 10.3.

13. The request furthers the following, applicable Goals regarding Infrastructure, Community Facilities & Services:

- A. Goal 12.1 Infrastructure: Plan, coordinate, and provide for efficient, equitable, and environmentally sound infrastructure to support existing communities and the Comp Plan's vision for future growth.

The projects in this plan provide for infrastructure, to plan, coordinate, and provide for efficient, equitable, and environmentally sound infrastructure to support existing communities and the Comp Plan's vision for future growth. The request is consistent with Goal 12.1.

- B. Goal 12.2 Community Facilities: Provide community facilities that have convenient access and a wide range of programs for residents from all cultural, age, geographical, and educational groups to enhance quality of life and promote community involvement.

The projects in this plan provide for Community Facilities, to provide community facilities that have convenient access and a wide range of programs for residents from all cultural, age, geographical, and educational groups to enhance quality of life and promote community involvement. The request is consistent with Goal 12.2.

- C. Goal 12.3 Public Services: Plan, coordinate, and provide efficient, equitable, and environmentally sound services to best serve residents and protect their health, safety, and well-being.

The projects in this plan provide for public services, to plan, coordinate, and provide efficient, equitable, and environmentally sound services to best serve residents and protect their health, safety, and well-being. The request is consistent with Goal 12.3.

- D. Goal 12.4 Coordination: Coordinate with other providers to leverage resources, maximize efficiencies, bridge service gaps, and provide added value.

Many of these projects in this Plan are planned in coordination with other agencies and providers to leverage resources, maximize efficiencies, bridge service gaps, and provide added value. The request is consistent with Goal 12.4.

- E. Goal 12.5 Resources: Identify and allocate sufficient resources to support infrastructure, community facility, and public service needs in order to invest public dollars efficiently and effectively and to maintain a sound fiscal position.

14. The applicant has adequately justified the request pursuant to the Integrated Development Ordinance (IDO) 14-16-6-7(B) ADOPTION OR AMENDMENT OF FACILITY PLAN, as follows:

- A. Criterion A: Criterion A is an important component of a facility plan adoption. Consistency with the City's health, safety, morals, and general welfare is shown by demonstrating that a request furthers applicable Comprehensive Plan Goals and policies (and other plans if applicable) and does not conflict with them. See the section entitled "Albuquerque / Bernalillo County Comprehensive Plan (Rank I)" which precedes this section for further policy analysis. The response to Criterion A is sufficient.
- B. Criterion B: The proposed plan promotes the efficient use or administration of public or quasi-public facilities. It is a group of projects to repair, replace, upgrade, and upkeep City facilities, which are public or quasi-public facilities. These facilities may include Parks, Pools, Police Stations, Community Centers, Senior Centers, etc. The response to Criterion B is sufficient.
- C. Criterion C: The proposed plan or amendment will promote public health, safety, and general welfare. The Plan includes numerous Public Safety projects from Albuquerque Fire Rescue and Albuquerque Fire Department. It also provides for facility repairs that may address safety hazards, as well as providing shelters and programs for citizens at risk and in need. Among these are Community and Senior Centers, Parks, and Road Repairs. These

provide opportunity for the social and physical health needs of our citizens, as well as providing for injury prevention. The response to Criterion C is sufficient.

15. The affected neighborhood organizations are all of the neighborhood associations within the City of Albuquerque. They were notified as required pursuant to IDO 14-16-6-4.
16. No neighborhood representatives requested a facilitated meeting, however, there were emails from the public inquiring for more information on what was being proposed in the plan. There were no major concerns that arose from the inquiry calls/emails. There has not been any known opposition to this request.

PR-2020-004467/SI-2020-00993 - GO Bond Program and 2021-2030 Decade Plan

PLANNING DEPARTMENT

Long Range Planning

The criteria for the CIP Program was adopted by City Council via Resolution (R-19-219). The document says this Resolution is included in Appendix C, but it does not appear there. Legistar provides a PDF of R-19-219.

Section 1 provides an estimate of the GO Bond Program.

Section 2 requires that projects support the 2017 Comprehensive Plan, particularly development, investment, and rehabilitation in Centers and Corridors. While the Decade Plan / 2021 General Obligation Bond Program state that the projects listed support the Comp Plan, and the map of Centers/Corridors is included in the Appendix, there is no map provided of where projects will be constructed or information provided about which Center/Corridor, if any, the projects are in. Without that information, it is impossible to know whether this Decade Plan / 2021 General Obligation Bond Program meets this criterion.

Section 6 requires that projects be categorized as growth, rehabilitation, deficiency, or mandate. Section 3 sets a goal that 90% of the GO Bond Program and Decade Plan be for rehabilitation and deficiency of existing facilities and systems. Table 1 seems to indicate that this criterion has been met, although a handwritten note says that the table needs to be updated, so EPC should confirm when given the final numbers.

Section 4 provides approximate percentages of the allocation of funds to different purposes. Table 2 shows that the plan follows those percentages.

Section 5 tells Departments and the Mayor's office to use the criteria in R-19-219 to develop their project lists. The plan does not explicitly provide information about whether this happened, but Table 1 and Table 2 indicate that Departments did, given that Sections 3, 4, and 6 were met.

Section 7 sets a priority to fund programs and projects in opportunity zones. The plan does not seem to provide information about whether this priority was met. A map of projects showing opportunity zones would help verify if this priority was met.

Section 8 requires that the staff committee rates each project as high, medium or low priority, and only 10% of the GO Bond program funds can go to low priority projects. The Plan indicates that the staff committee, made up of the Mayor's office, Cultural Services, DMD, Dept. of Finance/Admin, OEI,

F&CS, Parks & Rec, met to review the proposed projects. The Plan does not indicate how projects were rated. EPC should confirm that no more than 10% went to low priority projects.

ALBUQUERQUE METROPOLITAN ARROYO FLOOD CONTROL (AMAFCA)

The purpose of this letter is to formally notify you and the Environmental Planning Commission (EPC) that the Albuquerque Metropolitan Arroyo Flood Control Authority (AMAFCA) has reviewed the Mayor of Albuquerque's proposed 2021 General Obligation (GO) Bond Program and the 2021-2030 Decade Plan and is concerned with the continued reduction in the Department of Municipal Development Storm Drainage (DMD-SD) capital program.

In 2018, AMAFCA addressed the EPC concerning the reduction of DMD/Storm Drainage GO Bond Program and how that reduction would reduce the flood protection to City and AMAFCA constituents. The final cuts in the 2019-2028 Decade Plan, effectively cutting the GO Bond Program for 2019 in half, for DMD-SD resulted in providing only enough funding for the Marble Arno Pump Station joint project with AMAFCA. This funding allocation was only accommodated by the City

after AMAFCA threatened to pull our share of the funding for this critically needed flood reduction project.

The proposed 2021 GO Bond Program continues this decrease in City funding of the capital program which will affect the City of Albuquerque's ability to rehabilitate and correct deficiencies in the City's storm water management system. The proposed 2021 GO Bond Program also continues to threaten existing Joint Funding Agreements currently in place with AMAFCA for regional water quality and flood control projects.

The City's 2019-2028 Decade Plan then showed an average funding of future bond requests of approximately \$23,320,000 dollars for DMD-SD. The proposed 2021-2030 Decade Plan, as shown in the draft document provided for review and comment, has numerous errors and the tabular information doesn't reflect the detailed descriptions provided. However, if these tables are to be taken as shown, the 2021-2030 Decade Plan shows that future years, (2023-2030) show an average funding of future bond requests of approximately \$22,282,500 dollars for DMD-SD. As a result of the current GO Bond allocations and the proposed 2021 GO Bond allocation when compared to the funding proposed for the future bond cycles, the City is displaying an unrealistic and unlikely scenario of doubling their commitment to DMD-SD capital program. AMAFCA is concerned with the funding disruption and how it will affect the City's ability to protect life and property. This disruption will also continue to directly impact the City's constituents by their continued need to pay additional flood insurance and be subject to heightened flood risk.

AMAFCA continues to demonstrate a willingness to participate in addressing storm drainage infrastructure problems and reduction of flood risk with other cooperative agencies. AMAFCA developed our 2020 Project Schedule, in which AMAFCA staff spent hours coordinating with other agencies and City of Albuquerque staff, to identify the inadequacies in the storm drainage infrastructure and the needs of the community. The AMAFCA Project Schedule is developed in coordination with the City's GO Bond Program to optimize our funding resources to best serve our community. By this proposed reduction in the GO Bond funding, the City endangers the project partnership that exists with AMAFA and puts all joint project funding at risk and thus puts the public and their constituents at risk.

For the 2019 GO Bond Program Funding, AMAFCA requested that the DMD-SD capital request be made in the amount of 18,000,000 dollars. Again, AMAFCA is requesting that the proposed 2021 GO Bond Program and the 2021-2030 Decade Plan be modified to include DMD-SD capital request in the amount of 18,000,000 dollars to allow the City of Albuquerque to continue its partnership with AMAFCA and to protect the life and property of its constituents.

General Comment

Capital projects, whether infrastructure, buildings, trails, or parks, may affect PNM facilities and structures within and adjacent to them. Please consult with PNM Electric Service Center early in any design processes to ensure coordination and timing of construction to minimize electric service disruption and for the expeditious completion of projects.

Bridge Blvd

This project may affect PNM facilities and structures within and adjacent to the public right-of-way. Please consult with PNM Electric Service Center early in any design processes to ensure coordination and timing of construction to minimize electric service disruption and for the expeditious completion of projects.

Chappell Road

This project may affect PNM facilities and structures within and adjacent to the public right-of-way. Please consult with PNM Electric Service Center early in any design processes to ensure coordination and timing of construction to minimize electric service disruption and for the expeditious completion of projects.

Complete Streets

Depending on the streets and the locations, individual projects may affect PNM facilities and structures within and adjacent to the public right-of-way. Please consult with PNM Electric Service Center early in any design processes to ensure coordination and timing of construction to minimize electric service disruption and for the expeditious completion of projects.

Reconstruct Major Streets and Major Intersections

Reconstructions of Major Streets and Major Intersections may affect PNM facilities and structures within and adjacent to the public right-of-way. Please consult with PNM Electric Service Center early in any design processes to ensure coordination and timing of construction to minimize electric service disruption and for the expeditious completion of projects.

2nd Street

This project may affect PNM facilities and structures within and adjacent to the public right-of-way. Please consult with PNM Electric Service Center early in any design processes to ensure coordination and timing of construction to minimize electric service disruption and for the expeditious completion of projects.

Fourth Street Corridor Improvements

Fourth Street Corridor Improvements may affect PNM facilities and structures within and adjacent to the public right-of-way. Please consult with PNM Electric Service Center early in any design processes to ensure coordination and timing of construction to minimize electric service disruption and for the expeditious completion of projects. Of note in this corridor are the numerous, existing distribution poles, lines, and transmission structures located in and adjacent to the sidewalks along Fourth Street that may affect and be affected by corridor improvements and redevelopment efforts. Please keep in mind:

- ADA accessibility of sidewalks
- Multi-story buildings, which are becoming more commonplace along this Main Street Corridor, may create safety issues when upper floors are too close to existing electric lines.

Department of Municipal Development
Patrick Montoya, Director

October 22, 2020

Timothy M Keller, Mayor

Mr. Dan Serrano, Chair
Environmental Planning Commission
City of Albuquerque
P.O. Box 1293
Albuquerque, NM, 87103

Re: 2021 General Obligation Bond Program and 2021-2030 Decade Plan

Dear Chairman Serrano:

Consistent with the requirements of the Capital Improvements Program (CIP) Ordinance § 2-12-3(A), Mayor Timothy M. Keller respectfully transmits the 2021 General Obligation Bond Program/2021-2030 Decade Plan for city-wide capital improvements to the Environmental Planning Commission for review and comment per IDO 14-16-6-2(E)(3)(d).

The 2021 GO Bond Program may be found online here:

<http://www.cabq.gov/municipaldevelopment/programs/2021-g-o-bond-program>

This request falls under this IDO section: 14-16-6-7(B) ADOPTION OR AMENDMENT OF FACILITY PLAN and meets the following Review and Decision Criteria.

An application for Adoption or Amendment of a Facility Plan shall be approved if it meets all of the following criteria:

- A. 6-7(B)(3)(a) The proposed plan or amendment is consistent with the spirit and intent of the ABC Comp Plan, as amended, and with other policies and plans adopted by the City Council.

The 2021 GO Bond Program was scored based on criteria set by City Council, as shown in Appendix C. These criteria weighted scores for building in Activity Centers and Corridors, as well as Economic Zones. All Departments were provided a copy of these maps and instructions, and were requested to create their Projects by said guidelines.

- B. 6-7(B)(3)(b) The proposed plan or amendment promotes the efficient use or administration of public or quasi-public facilities.

The 2021 GO Bond Program is a group of projects to repair, replace, upgrade, and upkeep City facilities, which are public or quasi-public facilities. These

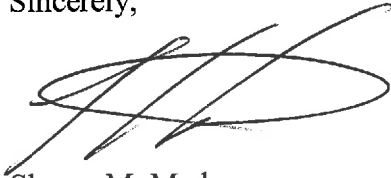

facilities may include Parks, Pools, Police Stations, Community Centers, Senior Centers, etc.

- C. 6-7(B)(3)(c) The plan or amendment will promote public health, safety, and general welfare.

The 2021 GO Bond program includes numerous Public Safety projects from Albuquerque Fire Rescue and Albuquerque Fire Department. It also provides for facility repairs that may address safety hazards, as well as providing shelters and programs for citizens at risk and in need. Among these are Community and Senior Centers, Parks, and Road Repairs. These provide opportunity for the social and physical health needs of our citizens, as well as providing for injury prevention.

Mayor Keller is pleased to recommend this General Obligation Bond Program and the Decade Plan to the EPC, and looks forward to the comments and recommendations of the commissioners and the public.

Sincerely,

Definition

Facility Plans

Plans that are specialized in subject matter. They normally cover only one type of utility or public facility, such as electric facilities or Major Public Open Space. Such plans address the entire metropolitan area or city, or at least a major part of it. These Rank 2 plans specify important development standards, as well as general site locations and multi-year programs for facility capital improvements.

Role of the EPC

6-2(E)(3)(d) Make recommendations for programming of capital improvements for the city pursuant to Article 2-12 of ROA 1994 (Capital Improvements) and the resolution establishing priorities for each biannual capital improvement plan, designation of land desirable and needed for public purposes, adoption of air and water quality standards, and other appropriate matters.

6-4(K) PUBLIC NOTICE

Notice that is published, mailed, electronically mailed, posted by sign, or posted on the City's website shall be required as shown in Table 6-1-1 for different types of applications under this IDO, and shall comply with the standards below. Notice shall also be provided pursuant to Office of Neighborhood Coordination administrative instructions and the requirements of Part 14-8-2 of ROA 1994 (Neighborhood Association Recognition Ordinance).

6-4(K)(1) Published

Where Table 6-1-1 requires published notice, the City shall publish a notice in a newspaper of general circulation within the city at least 15 consecutive days before the hearing. If initial notice of a public hearing has been provided, additional notice shall not be required if the public hearing is begun and then continued to a specific date, or for an appeal of the decision.

6-4(K)(2) Mailed

6-4(K)(2)(a) Where Table 6-1-1 requires mailed notice, the applicant shall mail a notice to the 2 contact addresses submitted by a Neighborhood Association to the Office of Neighborhood Coordination as follows:

1. For applications related to a WTF: any Neighborhood Association within 1,320 feet of the subject property.
2. For applications related to a citywide Policy Decision: all Neighborhood Associations.
3. For all other applications: any Neighborhood Association whose boundaries include or are adjacent to the proposed project or facility.

6-4(K)(2)(b) For Administrative Decisions, Decisions Requiring a Public Meeting or Hearing, Amendments to Zoning Map, Adoption or Amendment of Historic Designation, or Annexation of Land as shown in Table 6-1-1, the applicant shall mail a notice to all of the following:

1. The owner of the property listed in the application.
2. All owners, as listed in the records of the County Assessor, of property located partially or completely within 100 feet (excluding public rights-of-way) of the property listed in the application.

6-4(K)(2)(c) For the purposes of providing mailed notice, First Class Mail shall constitute reasonable attempt to notify, with the following exceptions:

1. In the case of applications for subject sites less than 10 acres to request an Annexation of Land or Zoning Map Amendment, the letters to property owners within 100 feet of the site must be sent by Certified Mail.
2. In the case of applications for subject sites 10 acres or more to request an Annexation of Land or Zoning Map Amendment, if the notice by First Class Mail to a property owner is returned undelivered, the City shall attempt to discover that owner's

Information for Site Development – Transportation Development

***General comments below if applicable, contact Jeanne Wolfenbarger at 924-3991.**

Curb Cuts

- Follow DPM guidelines for residential and commercial curb cuts.
- Residential curb cut requirements – (12 feet to 22 feet wide for residential, 30 feet only if there is a 3-car garage or parking for RV)
- Location of drive with respect to intersection depends on classification of the street. (See attached table.) Classification of street is according to the Long Range Master Plan developed by MRCOG.

Clear Sight Triangle at Access Points and Intersections

- Clear sight triangle (See attached hand-outs.) Nothing opaque should be in the triangle.

Private Site and Parking Lot Design

- Follow DPM and IDO Guidelines for Site and Parking Lot Design. Current ADA standards must be followed including required number of handicapped parking spaces and drive aisles, ADA access to public right-of-way, and ADA access to on-site buildings.
- See the Traffic Circulation Layout (TCL) Checklist. A TCL is required for any change or addition to a building > 500 sq. ft. or if the parking or circulation is changed. (This includes a repaving of parking lot.) Drawing must be stamped by a registered engineer or architect.
- When developing a parking lot layout, include all dimensioning for construction purposes. Also include all curb, curb ramp and signage details.
- Parking Calculations must be provided and per the requirements in the IDO. Number of vehicular spaces, motorcycle spaces, and bicycle spaces shall be specified and follow IDO requirements.

- Demonstrate queuing capacity when needed in situations such as for drive-thru facilities. It is imperative to demonstrate that the queuing will not block accessways to the site or cause vehicles to back into the main roadway. Also, provide necessary one-way signage and pavement markings.
- Shared access/parking agreement is required if access/parking is shared with parking lot adjacent to site. (This can be established on a plat if submittal of a plat is required or by an agreement.)
- Existing driveways that are not being used are required to be removed and replaced with standard curb and sidewalk to match existing.

Traffic Studies and Traffic Signals

1. See the Traffic Impact Study (TIS) thresholds. In general, a minimum combination of 100 vehicles entering and exiting in the peak hour warrants a Traffic Impact Study. Visit with Traffic Engineer for determination, and fill out a TIS Form that states whether one is warranted. In some cases, a trip generation may be requested for determination.
2. A proposed new traffic signal needs to A) follow guidelines for traffic signal spacing, B) meet the requirements for a traffic signal warrant study to be in operation and C) be approved by both Planning and by Traffic Operations.

Platting and Public Infrastructure Requirements for Roadways

1. When submitting to DRB, all public roadway improvements that are required shall be shown on an infrastructure list. Public improvements must be included on a public work order set of drawings.
2. All public roadway facilities must be within public right-of-way including the entire width of the public sidewalk, all public curb ramps, overhead utilities, traffic signals and lighting, etc.
3. Curb and sidewalk is required along entire frontage of property. Follow IDO/DPM for specific width requirements.
4. There is a Bikeway Master Plan that is prepared MRCOG which lays out proposed bicycle facilities including bicycle trails, bike lanes, and bike routes. The site would be required to provide such facilities along the site frontage if they have not been constructed yet. Right-of-way dedication would likely be required.
5. Depending on site's use of an adjacent alleyway and on type of use for proposed site, alleyway improvements are required. This would include paving and/or proper right-of-way dedication to meet current width standards.

6. Follow DPM and MRCOG's Long Range Master Plan for roadway width requirements. Provide roadway cross-section. (New roadway requirements and roadway widening is also coordinated with Department of Municipal Development, depending on what plans or projects they may have on a specific roadway.)
7. If private road is over 150' long, the turnaround shall be per fire code dimensions. Fire Marshall Approval and Solid Waste Approval is required on all site layouts. For dead-ends, see options below for space dedicated to turn-arounds:

8. For any private access easements on plats, all beneficiaries and maintenance responsibilities must be listed.
9. Due to sight distance concerns and to construct sufficient curb ramps, right-of-way dedication is required to add curves to corners of properties at intersections if they are not already developed. See Table 23.3 of the DPM.
10. Any private structures that are located within public right-of-way such as fences and walls shall either be removed or else a revocable permit with the City is required in which an annual fee is paid per year, based on square footage of the encroachment.

Introduction

Introduction

Consistent with the requirements of the Capital Improvement Program (CIP) ordinance, Mayor Timothy M. Keller hereby transmits the 2021 General Obligation Bond Program / 2021-2030 Decade Plan for city-wide capital improvements to the Environmental Planning Commission (EPC) for review and comment. The ordinance provides that EPC hold a public hearing and forward appropriate comments, findings and recommendations to the Mayor arising out of that hearing. For this cycle the public hearing is scheduled to take place on November 12, 2020.

This document contains a review of the adopted policies and criteria for selection of capital improvement projects. It also contains descriptions and summary tables for all proposed projects. The Capital Program for this cycle reflects the Administration's commitment to emphasize rehabilitation and deficiency correction, to preserve existing assets and to correct critical deficiencies. As shown in *Table 1* approximately 90% of the proposed capital program, excluding various mandated projects and programs, will be directed to rehabilitation and deficiency correction of existing or long planned systems. About 35% of the program will be for rehabilitation. Additionally, the administration has continued to emphasize the importance of projects that support the implementation/development of Centers and Corridors.

Mayor Keller is pleased to recommend this General Obligation Bond Program and Decade Plan to the EPC, and looks forward to the comments and recommendations of the commissioners and the public.

Policy and Criteria

Every two years, the City Council adopts policies and criteria for the evaluation of capital projects proposed to be included in the General Obligation Bond Program (G.O. Bond Program) and Decade Plan. On February 3, 2020, the City Council unanimously adopted R-19-219; Enactment No. R-2020-011 establishing policies and criteria for the 2021 Capital Program. On March 20, 2017, the City Council adopted R-16-108; Enactment No. R-2017-026, Adopting an updated Comprehensive Plan. On June 6, 2016, the City Council adopted O-16-9; Enactment No. O-2016-014, 2% set aside mandate for Open Space. On June 22, 2015, the City Council adopted O-15-52; Enactment No. O-2015-022, amending the 3% set aside for energy conservation and/or renewable energy projects. On January 4, 2012, the City Council adopted O-11-75; Enactment No. O-2012-001, amending the Workforce Housing Opportunity Act to continue workforce housing in the biennial general obligation bond program. Complete copies of this legislation may be found in Appendix C. Following is a summary of the provisions, of the Criteria Resolution.

1. Capital Planning Policy

The criteria resolution establishes it is the policy of the City of Albuquerque that the Capital Program support the Albuquerque/Bernalillo County Comprehensive Plan, and adopted Growth Policy legislation. (see Appendix C, R-19-219, Page C-2, Section 2).

2. Funding Criteria

The criteria resolution (Appendix C, R-19-219, Page C-2, Section 4) established funding allocation guidelines for each user agency based on a calculated bonding capacity of \$128.5 million.

During the planning process, the City performed a reevaluation of the underlying assumptions used to calculate bond capacity. This allowed an increase of \$10.75 Million, bringing the total bond capacity to \$139.25 Million.

The resolution also mandates several projects and programs that are required to be included in the 2021 G.O. Bond Program. Please refer to *Table 2* for a summary of funding allocations and recommendations, and for a summary of mandated projects and programs.

3. Project Selection Criteria

Specific project selection criteria were adopted in R-19-219 for each funding allocation category. To review these criteria in detail, please refer to Appendix C.

4. Minimize Operating Budget Impact

In order to minimize the impact of capital projects on the operating budget, to emphasize the preservation of existing assets, and to correct critical deficiencies, the criteria resolution established a goal that 90% of the G.O. Bond Program be restricted to rehabilitation and deficiency correction projects. It further established a goal that 55% of the 90% be directed to rehabilitation projects. In fact, about 35% of the proposed G.O. Bond Program is associated with rehabilitation projects and a total of about 90% of the program is for a combined deficiency correction and rehabilitation projects.

5. Project Categorization

As part of the planning process, it is required that projects be categorized as: growth, rehabilitation, deficiency, or mandate. These categories are defined as follows:

- Growth: New facilities, component additions, or system upgrades that provide service or capacity for new customers (defined as customers not currently using the system); or that restore needed reserves previously used to support new users.
- Rehabilitation: Projects that extend the service life of an existing facility or system, or that restore original performance or capacity by rehabilitating or replacing system components.
- Deficiency: Projects that correct inadequate service, provide system backup capability, or minimize downtime or loss of service ability.
- Mandate: Projects that are required in order to comply with regulation(s) of federal, state, or local jurisdictions.

6. High, Medium, and Low Priority Projects

All projects proposed for the 2021 G.O. bond cycle are required to be rated by a staff committee using the criteria provided in R-19-219. The ratings shall be divided into high, medium, and low priority.

Project Planning, Selection and Approval Process

For the 2021 general obligation bond program, City departments submitted a little more than \$156 million in project requests. The objectives of the project planning and selection process are to:

- evaluate, rate and rank those projects according to the criteria described in the foregoing section;
- present ranked projects to senior city management;
- ensure that the recommended amount of the general obligation bond program conforms to the available funding;
- make the capital program available for public comment; and
- place the general obligation bond program on the ballot for voter approval.

The capital improvement ordinance establishes the following steps to achieve these objectives:

Staff Committee Review

During the summer of 2020, staff from the Department of Municipal Development, Office of Management & Budget, Family & Community Services, Mayor's Office, Parks & Recreation, Cultural Services and the Office of Equity and Inclusion reviewed, rated and ranked departmental project requests according to the criteria established in R-19-219. These criteria may be found in Appendix C. Members of the staff committee are identified in Appendix A-1.

CIP Committee Review

During the late summer of 2020, ranked projects were evaluated by senior city management (CIP Committee.) In order to conform to the available funding, and to the policies, priorities, and criteria established in R-19-219, some project requests were reduced, and some were deferred to future years. Members of the CIP Committee are identified in Appendix A-2.

Environmental Planning Commission Public Hearing

After the Mayor has approved the CIP committee recommendations, the CIP ordinance provides that the program must be forwarded to the Environmental Planning Commission (EPC) and EPC must hold a public hearing. EPC is empowered to make recommendations to the Mayor. The Mayor, by ordinance, is empowered to decide whether or not to accept those recommendations. The purpose of this document is to obtain EPC review and recommendation of the G.O. Bond Program.

City Council Review and Plan Adoption

Upon receiving recommendations from the EPC, the Mayor will finalize his recommendations and forward the 2021 capital program to the City Council. By ordinance the Council must also conduct at least one public hearing. As the governing body of the City of Albuquerque, the City Council has the responsibility to finalize the plan that will be placed on the ballot.

Voter Approval

All general obligation bonds must be approved by the voters in the municipal election. Funding from approved bonds generally becomes available about six months following voter approval.

DMD/Streets

<u>Project Title</u>	<u>2021</u>	<u>Scope</u>
Reconstruct Major Streets	\$1,000,000	Plan, design, acquire property, construct and otherwise make improvements to major arterial roadways throughout the City, to include, but not limited to lighting, landscaping, and purchase of vehicles.
Reconstruct Major Intersections	\$1,000,000	Plan, design, acquire property, construct, purchase equipment, and otherwise make improvements to major intersections throughout the City, to include, but not limited to lighting and landscaping.
ADA Sidewalk Improvements	\$1,000,000	Plan, design, purchase right of way, construct, and otherwise improve intersection facilities in compliance with ADA and PROWAG regulatory requirements.
Major Paving Rehab	\$2,000,000	Plan, design, and repave streets that are at or near the end of their expected life span; plan, design, and reconstruct bridges and major intersections, and purchase related equipment and service vehicles to support these activities. This is an ongoing project based on the service life of asphalt of 20 years and an inventory of over 4,600 lane miles of roads.
Intersection Signalization	\$1,500,000	Construct, install, modify, upgrade and otherwise improve existing traffic signals/intersection control. Purchase related equipment, service vehicles and computer systems required for the operation of the intersection signalization. 100% of this work will support improvements on corridors and/or in activity centers.
Mandatory Traffic Sign Replacement/Pavement Markings (Federal Mandate)	\$1,250,000	Plan, design, inventory, and replace regulatory and information street signs to meet current Federal requirements. This 10-year program is the only alternative to meet the new requirements imposed by FHWA.

DMD/Streets

<u>Project Title</u>	<u>2021</u>	<u>Scope</u>
Bridge Repair	\$700,000	Plan, design, purchase rights of way, construct, repair, rehab, and reconstruct bridge facilities throughout the City and purchase related equipment. NMDOT provides bridge inspection reports for the City and annual inspections are used to determine program needs.
Median and Interstate Landscaping	\$2,590,000	Plan, design, and construct landscaping and aesthetic improvements on city streets and interstate facilities. This project is expected to continue in subsequent years until all City medians are landscaped. Funding for interstate landscaping leverages 2.5 percent of State DOT roadway projects within the City limits.
Advanced Right of Way Acquisition	\$800,000	Purchase rights of way for arterial and collector roadways, as designated in the approved Long Range Major Street Plan, where the early purchase is economically prudent, or where the preservation of right of way for completion of arterial or collector roadways is necessary to ensure development of the major street system.
Pavement Signs and Markings	\$1,250,000	Plan, design, inventory, and improve and/or implement pavement markings and replace regulatory and informational street signs to meet current Federal requirements. Purchase related equipment and computer systems required to implement requirements.
McMahon Boulevard	\$3,000,000	Plan, design, acquire property, construct and otherwise make improvements to McMahon to complete the roadway section over the Calabacillas Arroyo to include but not limited to curb, gutter, ADA compliant facilities and Complete Streets concepts.
Replace Street Maintenance Equipment	\$1,200,000	Replace equipment associated with street sweeping for air quality and NPDES compliance, unpaved road maintenance including surfacing of dirt roads and repairs due to storm ad shoulder maintenance, concrete repairs including requests for installation of American's with Disabilities Act (ADA) facilities; pavement maintenance including pothole repairs and preparation work for contract maintenance.

DMD/Streets

<u>Project Title</u>	<u>2021</u>	<u>Scope</u>
Albuquerque Traffic Management System/Intelligent Transportation System (ITS)	\$1,000,000	Plan, design, construct, replace, expand, upgrade and otherwise improve the Albuquerque Traffic Management System/Intelligent Traffic System (ITS). Purchase related heavy equipment, and computer systems required for the operation of ITS, all ATSPM facilities, and the Regional Transportation Management Center. 100% of these funds will support improvements on corridors and/or in activity centers.
Advanced Transportation Planning and Engineering	\$350,000	Plan, data research, aerial mapping, right of way acquisition analyses, and other activities necessary to facilitate the right of way acquisition process for streets and storm drainage projects to be constructed within the City limits.
Intersection Level of Service	\$400,000	Plan, design, acquire property, construct, and otherwise make improvements at signalized intersections throughout the City to improve the level of service as it relates to operations.
Pino Yard Salt Shed	\$800,000	Plan, design, acquire property, construct or otherwise improve a storage facility for salt materials used to winterize the streets. Project will address requirements set forth in the City's MS4 permit pertaining to the storage of materials.
Trails and Bikeways (5% Mandate)	\$1,040,000	Plan, design, acquire property, construct, and otherwise make improvements to trails and bikeway facilities throughout the City. This amount is mandated to be 5% of the Streets purpose.
Total	\$20,880,000

Component Capital Improvement Plan (CCIP)

The Component Capital Improvement Plan (CCIP) is the capital program financed with revenues from impact fees. An impact fee is a one-time charge imposed on new development to help fund the costs of capital improvements that are necessitated by and attributable to new development. Impact fees may not be charged retroactively and may not be used for maintenance or repair.

The City Council adopted revised impact fees for four infrastructure types on November 19, 2012 (F/S O-12-38).

- Roadway Facilities
- Storm Drain Facilities
- Parks, Recreation, Trails and Open Space Facilities
- Public Safety Facilities

The impact fee planning process took approximately one year. The fees were developed by a consulting team and were reviewed by a citizen committee that included developers, neighborhood association representatives and members of civic organizations.

The CCIP plan reflects the projects that will be built with impact fees as revenues are collected over the next 10 years. It should be noted that impact fees are not the only funding sources needed to complete the described projects.

2018-2022 Consolidated Plan Description, Objectives, and Budget

The Consolidated Plan establishes Albuquerque's five-year programming and funding strategies for addressing the identified housing, public service, public facility, public improvement and economic development needs of some of the City's most vulnerable populations. The 2018-2022 Consolidated Plan consists of a Housing Needs assessment including an assessment of the housing needs of the City's homeless population and a discussion of the City's Public Housing Inventory, a Housing Market Analysis, as well as discussions and analysis of the City's Fair Housing issues, analysis of the housing and community development needs of the City's "Special Needs" populations, an anti-poverty strategy, and a discussion of the Community Development Division's geographic priorities.

Also included in the 2018-2022 Consolidated Plan is a five year Budget for the planned expenditure of the City's HUD Entitlement grants including monies from the HOME Investment Partnerships Grant Program (HOME), the Community Development Block Grant Program (CDBG) and the Emergency Solutions Grant Program (ESG). The Plan also includes how the Division plans to spend the City's Workforce Housing Trust Fund (WFHTF) bond monies as well as a portion of the City's general fund.

Priority Needs

1. Assessment of Fair Housing (AFH) Factor 1: Location and type of affordable housing
2. AFH Factor 2: Availability of affordable units in a range of sizes
3. AFH Factor 3: Availability, type, frequency and reliability of public transportation
4. AFH Factor 4: Availability of affordable, accessible units in a range of unit sizes
5. AFH Factor 5: Location of employment
6. AFH Factor 6: Location of proficient schools
7. AFH Factor 7: Access to safe neighborhoods
8. AFH Factor 8: Access to low poverty neighborhoods
9. AFH Factor 9: Community opposition
10. AFH Factor 10: Lack of private investment in specific neighborhoods
11. AFH Factor 11: Lack of assistance for housing accessibility modifications
12. AFH Factor 12: Private discrimination
13. AFH Factor 13: Lack of affordable integrated housing for individuals in need of supportive services
14. Need for homeownership assistance
15. Need for new / improved public facilities and infrastructure
16. Need for public services
17. Need for economic opportunity for Low Income Residents

Consolidated Plan

2018-2022 Planned Expenditures by Category, Needs, Funds, and Goals

	Goal Name	Start Year	End Year	Category	Geographic Area	Needs Addressed	Funding	Goal Outcome Indicator
1.	Affordable Housing Development – Rental (AFH Goals 1 & 4)	2018	2022	Affordable Housing	Investment Areas Investment & Reinvestment Areas	Priority Needs 1-10, 12-13	CDBG: \$2,000,000 HOME: \$6,666,981 WFHTF: \$11,565,154	Rental units constructed/Household housing units: 120 <i>(in high opportunity areas)</i> Rental units constructed/Household housing units: 60 <i>(permanent supportive housing)</i>
	Description: Address disproportionate housing needs, the needs of residents living in racially and ethnically concentrated areas of poverty and facilitate access to low poverty areas by: 1) Increasing affordable housing options in high opportunity areas, which may be defined as near public transit, low crime areas, areas with proficient elementary schools and areas with employment opportunities; 2) Increasing the percentage of affordable accessible units in new housing developments from 5 percent to seven percent; and 3) Increasing housing available to the City's most vulnerable residents, including people with severe mental illness, bad credit ratings, eviction history and criminal records. Provide HOME funds for CHDO Operating Assistance.							Other: 1 (Revised Policy Based Ranking Matrix) Other: 1 (Meet with MFA to discuss QAP) Other: 1 (Focus group for SP-10 Geographic Priorities) Other: 5 (CHDO Operating)
2.	Affordable Housing Preservation – Rental (AFH Goals 1 & 10)	2018	2022	Affordable Housing	Investment & Reinvestment Areas Reinvestment Areas	Priority Needs 1 and 8	CDBG: \$5,000,000 HOME: \$2,000,000	Rental units rehabilitated/Household housing units: 250 <i>(in areas in need of reinvestment)</i> Other: 1 <i>(Collaborative joint Choice Neighborhoods Planning Grant application)</i>
	Description: Incentivize investment of affordable housing funds for rehabilitation and / or preservation of existing units. To address disparities in access to opportunity identified in the Assessment of Fair Housing, the City and the Albuquerque Housing Authority shall investigate new funding sources to bring into Albuquerque for housing and neighborhood revitalization.							

Consolidated Plan

3.	Affordable Housing Preservation – Ownership (AFH Goal 2)	2018	2022	Affordable Housing	Citywide Investment	Priority Need 11	CDBG: \$3,693,969	Homeowner Housing Rehabilitated: 1,000 household housing units
	Description: Address disproportionate housing needs of disabled residents through expansion of the number of low and moderate-income senior or disabled homeowners receiving disability retrofit modifications. Investments made pursuant to this goal shall provide funds for minor, major and emergency rehabilitation of owner-occupied dwelling units.							
4.	Affordable Homeownership Assistance	2018	2022	Affordable Housing	Citywide Investment	Priority Need 14	CDBG: \$3,600,000	Direct Financial Assistance to Homebuyers: 150 households assisted
	Description: Address homeownership rates in older neighborhoods that have experienced disinvestment and provide financial mechanisms to support homeownership for low- and moderate-income families. Such mechanisms include down payment assistance in the form of silent second mortgages with favorable deferred terms that have the effect of reducing the principal balance of the primary mortgage in order to create an affordable payment. Programs funded under this goal may connect prospective buyers with community partner financial institutions that are able to offer favorable financing terms. Prospective homebuyers will also receive services including counseling and financial literacy to impart budgeting skills and to encourage savings for home maintenance and emergency repairs.							

Consolidated Plan

5.	Homelessness Intervention and Rapid Rehousing (AFH Goal 4 and 16)	2018	2022	Affordable Housing	Citywide Investment	Priority Needs 12, 13 and 16	CDBG: \$2,844,948 HOME: \$6,573,500 ESG: \$1,654,480 Gen. Centers & Corridors

R-16-108; Enactment No. R-2017-026; establishes City policy with respect to Centers and Corridors. This resolution amends and strengthens policy previously established in the Albuquerque/Bernalillo County Comprehensive Plan. Please refer to the map for the adopted locations for Centers and Corridors.

Key objectives of this policy are:

- **Mixed Use.** For major centers, significant employment and relatively high floor area ratios; multi-unit housing; region serving as well as supporting retail/commercial uses. For community scale centers, lower employment levels; smaller scale multi-unit housing.
- **Buildings** well connected to the street and pedestrian ways, with shade and seating. Relatively large, automobile-dominated retail/commercial buildings should not be in activity centers, but rather in other commercial areas easily accessible by major streets, unless designed to mitigate negative effects on pedestrian movement and community scale.
- **Parking** which is visibly unobtrusive, supportive of pedestrian connections and shared among adjacent uses where possible.
- Convenient, visible, high amenity **transit shelters** connected with pedestrian movement; **pedestrian ways** should be designed to attract and encourage pedestrian activity.
- Design of streets in **Activity Centers and Corridors** should emphasize transit and pedestrian access and safety.
- **Transit Service.** For major centers, should be highest level, especially during peak, and significant level off-peak through midnight as well. For community scale centers, level of service should be less than for major centers, but still a significant level, especially during peak.

1 Section 1. The amount of the 2021 General Obligation Bond Program is estimated
2 to be \$128,500,000.

3 Section 2. Policy Statement regarding the 2021 General Obligation Bond
4 Program: Consistent with the CIP ordinance, it is always the policy of the City of
5 Albuquerque that the capital program supports the Albuquerque/Bernalillo County
6 Comprehensive Plan and adopted growth policies. For the two-year 2021 general
7 obligation bond program, it shall be the policy of the City of Albuquerque to
8 emphasize infrastructure and facility improvements that support the rehabilitation,
9 deficiency correction and/or development of designated activity centers or corridors
10 and to support projects that contribute to economic development within these areas.
11 All City User agencies shall review their 2019-2028 Decade Plan for capital
12 improvements and give priority to projects that support the implementation of policy
13 outlined in Council Bill R-16-108 (Enactment No. R-2017-026) regarding Centers
14 and Corridors.

15 Section 3. It shall be the policy of the City of Albuquerque that a goal of
16 approximately 90 percent of the 2021 General Obligation Bond Program and
17 Decade Plan shall be for rehabilitation and deficiency correction of existing facilities
18 and systems. Of the 90%, a goal of 55% should be dedicated to rehabilitation.
19 Rehabilitation shall be defined as shown in Section 6B below.

20 Section 4. The allocation of the \$128,500,000, 2021 General Obligation Bond
21 Program shall be approximately:

22 A. 25% (approximately \$32M) to the Streets Divisions, Department of
23 Municipal Development;

24 B. 9% (approximately \$11.6M) to the Hydrology (Storm Drainage) Section,
25 Department of Municipal Development;

26 C. 9% (approximately \$11.6M) to the Parks and Recreation Department;

27 D. 10% (approximately \$12.85M) to the Public Safety Department, including
28 the Albuquerque Police and Albuquerque Fire Rescue;

29 E. 4% (approximately \$5.1M) to the Transit Department;

30 F. 30% (approximately \$38.6M) to all other Community Facilities, including
31 the Cultural Services Department; Department of Municipal Development (Facilities,
32 Energy, Security and Parking Divisions); Environmental Health Department; Family
33 and Community Services Department; Finance & Administrative Services; Planning

3 G. 7% (\$9M) to the Council-Neighborhood Set-Aside Program, such projects
4 to be identified for inclusion in the general obligation bond program by the district
5 Councilor, subject only to the approval of the full Council. These projects shall
6 further the adopted City policies as expressed in this legislation;

7 H. 3% (\$3.85M) for energy efficient projects;

8 I. 2% (\$2.57M) for Open Space Land Acquisition;

9 J. 1% (\$1.28M) of each bond purpose for art in public places.

10 Section 5. The criteria attached hereto are derived from the legislation and policy
11 cited in this resolution and shall be incorporated by reference in this resolution and
12 used by city departments to determine which projects to propose for funding. The
13 criteria shall be used by the Mayor to evaluate and select projects for submittal to
14 the City Council in the 2021 General Obligation Bond Program and Decade Plan for
15 capital improvements.

16 Section 6. As part of the Capital Improvement Program planning process, the
17 Administration shall categorize all projects in the Mayor's proposed decade plan as
18 growth, rehabilitation, deficiency, or mandate as defined as follows:

19 A. Growth: New facilities, component additions, or system upgrades that
20 provide service or capacity for new customers (i.e. customers not currently using the
21 system;) or that restore needed reserves previously used to support new users;

22 B. Rehabilitation: Projects that extend the service life of an existing facility or
23 system, or that restore original performance or capacity by rehabilitating or replacing
24 system components;

25 C. Deficiency: Projects that correct inadequate service, provide system
26 backup capability, or minimize downtime or loss of service ability;

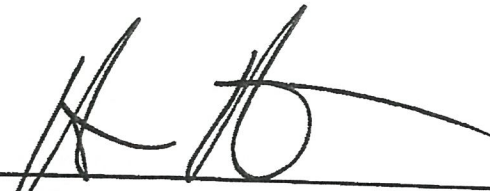

27 D. Mandate: Projects that are required by federal, state or local laws and or
28 regulation(s).

29 Section 7. It shall be the priority of the City of Albuquerque in the 2021 General
30 Obligation Bond Program to fund programs and projects in underserved
31 neighborhoods, as shown by the Opportunity Index Map developed by the Office of
32 Equity and Inclusion, as well as, in qualified opportunity zones as identified by the
33 U.S. Internal Revenue Service relating to Public Safety, Senior and Community

2 Economic Development and Community Enhancement.
3 Section 8. All projects proposed for the 2021 General Obligation Bond Program
4 shall be rated by a staff committee using the criteria attached hereto, and hereby
5 incorporated and made part of this resolution. The ratings shall be divided into high,
6 medium and low priority, and no more than 10% of the value of the Mayor's
7 proposed general obligation bond program funds shall be allocated to projects with
8 low priority ratings.

**CITY of ALBUQUERQUE
TWENTY SECOND COUNCIL**

COUNCIL BILL NO. R-16-108 ENACTMENT NO. R-2017-024

SPONSORED BY: Trudy E. Jones and Isaac Benton

RESOLUTION

**ADOPTING AN UPDATED ALBUQUERQUE/BERNALILLO COUNTY
COMPREHENSIVE PLAN.**

**WHEREAS, the Council, the Governing Body of the City of Albuquerque,
has the authority to amend the Comprehensive Plan as authorized by statute,
Section 3-19-9, NMSA 1970, and by its home rule powers; and**

**WHEREAS, the Comprehensive Plan is the Rank I plan for the physical
development and conservation of areas within the City of Albuquerque and
unincorporated Bernalillo County, which sets out the context, goals and
policies, monitoring and implementation, and supporting information to
further its vision and purpose; and**

**WHEREAS, the Comprehensive Plan has not been significantly updated
since its original adoption in 1989 and its subsequent amendment in 2001 to
establish "Centers and Corridors" boundaries and policy language to focus
development in appropriate areas connected by multi-modal transportation
corridors; and**

**WHEREAS, the City Council, the City's Planning and Zoning Authority, in
April 2014, via R-14-46 (Enactment No. R-2014-022), directed the City to update
the Albuquerque/Bernalillo County Comprehensive Plan in coordination with
Bernalillo County, MRCOG, and other agencies; and**

**WHEREAS, an increased range of housing options are needed closer to
employment centers, and employment centers are needed closer to existing
housing, especially west of the Rio Grande; and**

**WHEREAS, preserving agricultural lands is increasingly important in order
to protect rural character and cultural traditions, provide for regional food**

1 demands locally, and to improve stormwater retention and groundwater
2 infiltration; and

3 WHEREAS, the largest demographic segments of the population – Baby
4 Boomers and Millennials – are increasingly seeking urban lifestyles in mixed-
5 use areas that provide for employment, entertainment, and services without
6 requiring driving or automobile ownership; and

7 WHEREAS, the demand for these types of developments are not
8 sufficiently met in Albuquerque, because, in large part, existing land-use
9 policies and regulations strongly encourage suburban, single-family detached
10 development over compact mixed-use; and

11 WHEREAS, jurisdictional and geographic boundaries limit the opportunity
12 to accommodate growth in the City via annexation and expansion, prompting
13 the need to accommodate infill and densification in appropriate locations,
14 such as Centers and Corridors; and

15 WHEREAS, an update of the Comprehensive Plan would be an opportunity
16 to employ contemporary best practices for land use, transportation, and
17 preservation planning techniques and strategies for regional, interagency
18 transportation and land-use planning activities; and

19 WHEREAS, the existing hierarchy of overlapping Rank I, Rank II, and Rank
20 III Plans were all created at various points in time with little or no strategic
21 coordination and contain overlapping and sometimes conflicting policies and
22 regulations that have not been evaluated in a comprehensive manner; and

23 WHEREAS, these uncoordinated policies often present unnecessary and
24 counter-productive obstacles to both neighborhood protections and the
25 development process; and

26 WHEREAS, these lower-ranking plans need to be analyzed and revised to
27 ensure they support and are consistent with an updated Rank I
28 Comprehensive Plan and provide a simpler, clearer, and more effective means
29 of implementing the growth and development vision; and

30 WHEREAS, an update to the Comprehensive Plan provides an opportunity
31 to foster increased collaboration and coordination between the City of
32 Albuquerque and Bernalillo County by serving as a regional plan for healthy

6 WHEREAS, staff of the City of Albuquerque and Bernalillo County have
7 worked together to update the narratives, policies, and maps; and

8 WHEREAS, on September 1, 2016, the Environmental Planning
9 Commission (EPC), in its advisory role on land use and planning matters,
10 recommended approval to the City Council of the amendment to the
11 Albuquerque/Bernalillo County Comprehensive Plan.

12 BE IT RESOLVED BY THE COUNCIL, THE GOVERNING BODY OF THE CITY OF
13 ALBUQUERQUE:

14 SECTION 1. The Albuquerque/Bernalillo County Comprehensive Plan is
15 hereby replaced in its entirety by the 2016 Draft Updated Comprehensive Plan,
16 attached hereto as Exhibit A.

17 SECTION 2. FINDINGS ACCEPTED. The City Council adopts the
18 following findings as recommended by the Environmental Planning
19 Commission (EPC):

- 20 1. The request is for an update to the Albuquerque/Bernalillo County
21 Comprehensive Plan (1989, as subsequently amended, the "Comp Plan"). The
22 update, which will reflect new demographic trends and anticipated growth in
23 the region, is designed to more effectively coordinate land use and
24 transportation and to leverage and enhance a sense of place.
- 25 2. The Comp Plan applies to land within the City of Albuquerque municipal
26 boundaries and to the unincorporated area of Bernalillo County (the
27 "County"). Incorporated portions of the County that are separate
28 municipalities are not included.
- 29 3. Council Bill No. R-14-46 (Enactment R-2014-022) became effective on May
30 7, 2014, which directed the City to update the Comp Plan.
- 31 4. The EPC's task is to make a recommendation to the City Council regarding
32 the Comp Plan update. As the City's Planning and Zoning Authority, the City
33 Council will make the final decision. The EPC is the Council's recommending

1 body with important review authority. Adoption of an updated City Master Plan
2 (Comp Plan) is a legislative matter.

3 5. The existing, key concept of Centers and Corridors will remain the same,
4 as will the boundaries of existing Centers. In the City, the existing
5 development areas (Central Urban, Developing & Established Urban, Semi-
6 Urban, and Rural) will be replaced with Areas of Change and Areas of
7 Consistency. In the County, the development areas will remain the same.

8 6. The 2016 Comp Plan update incorporates changes in the narrative
9 descriptions as well as the goals, policies, and actions of each existing
10 chapter. Approximately 90% of existing Goals and policies from the City's
11 various Sector Plans (Rank III) and Area Plans (Rank II), except for facility
12 plans and Metropolitan Redevelopment Area (MRA) plans, have been
13 integrated into the updated Comp Plan. Many of these Goals and policies
14 address similar topics and/or can be expanded to apply City-wide.

15 7. The State Constitution and Statutes, the ROA 1994 (which includes the
16 City of Albuquerque Charter and the Planning Ordinance), the
17 Albuquerque/Bernalillo County Comprehensive Plan, and the City of
18 Albuquerque Comprehensive Zoning Code are incorporated herein by
19 reference and made part of the record for all purposes.

20 8. State Constitution and Statutes: The Constitution of the State of New
21 Mexico allows municipalities to adopt a charter, the purpose of which is to
22 provide for maximum local self-government (see Article X, Section 6-
23 Municipal Home Rule). The City of Albuquerque is a home rule municipality
24 and has the authority to adopt a comprehensive plan as granted under
25 Chapter 3, Article 19, Section 9 NMSA 1978 (3-19-9 NMSA 1978) and by the City
26 Charter.

27 9. The request is consistent with the intent of City Charter Article XVII,
28 Planning, as follows:

29 A. Section 1 - The review and adoption of an updated Comp Plan is an
30 instance of the Council exercising its role as the City's ultimate planning and
31 zoning authority. The updated Comp Plan is written and formatted to help
32 inform the Mayor and the Council about community priorities for the
33 formulation and review of Capital Improvement Plans.

1 B. Section 2 - The updated Comp Plan will help guide the implementation,
2 enforcement, and administration of land use plans and regulations that reflect
3 current trends and priorities as well as the future vision for growth and
4 development. The Plan's implementation strategies are to: build public
5 awareness and engagement; improve inter-governmental coordination;
6 promote growth, development and conservation; and create an ongoing
7 process for monitoring progress toward the vision, which will give the Council
8 and the Mayor a common and effective framework to build upon.

9 10. Intent of the City Charter - Related Sections:

10 A. Article I, Incorporation and Powers- Updating the Comprehensive Plan
11 is an act of maximum local self -government and is consistent with the
12 purpose of the City Charter. The updated policy language of the Comp Plan
13 will help guide legislation and provide support for necessary changes to
14 ordinances and standards.

15 B. Article IX, Environmental Protection- The updated Comprehensive Plan
16 reflects recent best practices for policy to guide the proper use and
17 development of land coordinated with transportation. The update will help
18 protect and enhance quality of life for Albuquerque's citizens by promoting
19 and maintaining an aesthetic and humane urban environment. Committees will
20 have up-to-date guidance to better administer City policy.

21 11. Intent of the Zoning Code (Section 14-16-1-3): The update to the Comp
22 Plan will provide up-to-date guidance for amendments and changes to land
23 use regulations in the Zoning Code. This will allow the Zoning Code to better
24 implement the city's master plan -in particular the master plan documents that
25 comprise the Comp Plan. This updated Comp Plan will facilitate a
26 comprehensive review of land use regulations and regulatory processes to
27 ensure that they reflect the most recent best practices and the vision for future
28 growth and development in the city to promote the health, safety and general
29 welfare of Albuquerque's citizens.

30 12. Intent of the Planning Ordinance (Section 14-13-2-2): Updating the Comp
31 Plan will ensure that it will reflect recent best practices for land use and
32 transportation planning, the priority needs and desires of residents and
33 businesses, and a vision of sustainable growth and development for the next

1 twenty years. This will also help ensure that lower ranking plans reflect
2 current ideas, technologies, and up-to-date demographic and market trends.
3 The Comp Plan update process identified several conflicting provisions in
4 lower ranking Plans that require an updated long-range planning process. The
5 proposed Community Planning Area (CPA) assessments will address planning
6 issues City-wide as well as within each CPA on an on-going, proactive basis.

7 13. The Comp Plan update addresses the main topics in Section 14-13-1, the
8 Planned Growth Strategy (PGS), such as natural resources conservation,
9 traffic congestion, and infrastructure provision, as follows:

10 A. Sustainable development is a key to the region's long-term viability. The
11 2016 Comp Plan promotes sustainable development best practices related to
12 water resources, storm water management, multi-modal transportation, and
13 urban design. A new chapter on Resilience and Sustainability (Chapter 13) has
14 been added and includes sections on water quality and air quality, and
15 discusses the importance of becoming more resource-efficient.

16 B. The update addresses transportation and traffic on a regional basis. A
17 priority is to improve mobility and transportation options (p. 1-11). The
18 Transportation chapter (Chapter 6) discusses the importance of balancing
19 different travel modes and providing complete and well-connected streets to
20 provide a variety of travel options.

21 C. The Land Use chapter (Chapter 5) includes policies to encourage a
22 development pattern that will foster complete communities, where residents
23 can live, work, learn, shop, and play, and that will maximize public investment
24 in denser areas. One primary goal is to improve the balance of jobs and
25 housing on each side of the river to help reduce traffic congestion and bring
26 jobs to where people already live.

27 D. The Infrastructure, Community Facilities & Services chapter (Chapter
28 12) covers a wide range of infrastructure systems, community facilities and
29 public services that support the existing community and the Comp Plan's
30 vision for future growth. The chapter emphasizes increased inter-agency
31 planning and coordination, and ways for pooling resources to maximize
32 efficiencies, bridge service gaps, and provide added value. The guiding

1 principle of equity helps identify gaps in service provision and how they might
2 be addressed.

3 14. City language that refers to the Comp Plan is found in various locations
4 of ROA 1994. This language will need to be correspondingly revised with the
5 adoption of the 2016 Comp Plan in order to maintain the intent of the policies
6 and to maintain internal consistency in ROA 1994.

7 15. The 2016 Comp Plan update improves coordination with the Mid-Region
8 Metropolitan Planning Organization (MRMPO) and the Metropolitan
9 Transportation Plan (MTP), which includes a new growth forecast to 2040 and
10 a preferred growth scenario. The Comp Plan update responds to the MTP by
11 updating Comp Plan Corridors to be consistent with MTP corridors,
12 coordinating Center designations with MTP center designations used to
13 develop a preferred future growth scenario, and developing an analysis tool to
14 analyze performance metrics based on different growth scenarios.

15 16. A number of elements of the existing Comp Plan will remain the same
16 with the 2016 Comp Plan update, including:

17 A. The Comp Plan's geographic scope, which includes the area in
18 Albuquerque's municipal limits and the unincorporated areas in Bernalillo
19 County.

20 B. The Centers and Corridors framework as a means to encourage future
21 growth and density in appropriate areas while protecting existing
22 neighborhoods, natural resources, and open space lands.

23 C. Most of the goals, policies, and actions in the current Comp Plan,
24 supplemented by those in Sector Development Plans and Area Plans adopted
25 by the City. Approximately 90% of the City's existing 1,200 policies in these
26 plans are represented in the 800 policies and sub-policies of the Comp Plan
27 update.

28 D. The County's Development Areas (Rural, Reserve, Semi-Urban,
29 Developing Urban, and Established Urban) from the existing Comp Plan will
30 continue to be used in the unincorporated area, and their associated policies
31 will remain unchanged.

32 17. The 2016 Comp Plan update has reorganized and reworded the existing
33 Comp Plan to reflect new data and trends, be more user-friendly and provide

1 clearer guidance to decision-makers. The most significant changes in the 2016
2 Comp Plan update are:

3 A. The inclusion of a Vision chapter (Chapter 3), which serves as a
4 “People’s Summary” of the plan and provides an overview.

5 B. Modifications to the Center and Corridor descriptions and the
6 introduction of new Center and Corridor types.

7 i. Three Major Activity Centers have been re-designated as Downtown
8 or as Urban Centers (Uptown and Volcano Heights).

9 ii. The remaining Major and Community Activity Centers have been re-
10 designated as Activity Centers or Employment Centers.

11 iii. The new Employment Center type reflects the need for concentrated
12 job centers.

13 iv. Certain corridors have been designated as Premium Transit
14 corridors to be consistent with MRCOG’s MTP; Enhanced Transit Corridors
15 have been re-named and designated as Multi-Modal Corridors, and Express
16 Corridors are renamed and designated as Commuter Corridors. Main Street
17 Corridors have been introduced as a new Corridor type.

18 C. Reorganization of the Comp Plan into ten Elements (Chapters) that
19 reflect more recent best practices in planning as well as the needs of area
20 residents:

21 i. Community Identity and Heritage Conservation (Chapters 4 and 11,
22 respectively) in response to public comments about the importance of
23 neighborhood character, preserving traditional communities, and cultural
24 landscapes.

25 ii. A new chapter, Urban Design (Chapter 7) describes design elements
26 that support and/or constitute good design for our community, in distinct
27 rural, suburban, and urban contexts.

28 iii. A new chapter, Resilience and Sustainability (Chapter 13), reflects
29 community concerns about conserving natural resources, preparing for
30 climate change and natural hazards, and creating healthy environments for
31 people.

32 D. The introduction of six guiding principles that indicate what is
33 particularly important to residents.

1 E. A new focus on coordinating land use and transportation to strengthen
2 Centers and Corridors and to address traffic congestion on river crossings by
3 improving the jobs-housing balance west of the Rio Grande.

4 F. Two Development Areas in the City, Areas of Change and Areas of
5 Consistency, will replace the six current Development Areas.

6 G. Updated City and County Community Planning Areas (CPAs) and
7 policies that guide the City Planning Department regularly to engage with
8 residents and other stakeholders in 12 City CPAs on a five-year cycle of
9 assessments.

10 H. An Implementation chapter (Chapter 14) with strategic actions,
11 performance metrics, and policy actions to be updated on a five-year cycle.

12 18. In 2017, City Planning Staff intend to initiate an ongoing, proactive
13 engagement and assessment process (Community Planning Area
14 Assessments) to work with communities throughout the City to address
15 planning issues and develop solutions. Performance measures will be used to
16 track progress toward Comp Plan Goals over time.

17 19. The public engagement process, which offered a range of opportunities
18 for input, discussion, and consensus-building, featured a series of workshops
19 and public meetings that included daytime focus groups organized by topic
20 and evening meetings with a more traditional presentation and a question and
21 answer session. The project team was invited to speak at over 100 meetings
22 and local conferences. To reach more people and a broader cross-section of
23 the community, the project team staffed booths and passed out promotional
24 material at community events and farmers markets.

25 20. Articles about the ABC-Z project appeared regularly in the City's
26 Neighborhood News and ads specifically for the Comp Plan update were
27 placed in print and social media. There is also a social media page for the
28 ABC-Z project on Facebook.

29 21. Staff received official written comments from agencies and interested
30 parties. Agencies that commented include the ABCWUA, the AMAFCA,
31 Bernalillo County, the City Parks and Recreation Department, and PNM. Their
32 comments suggest specific revisions to clarify topics related to their agency's
33 charge. Staff is considering all comments carefully and addressing them.

[+Bracketed/Underscored Material+] - New
[-Bracketed/Strikethrough Material-] - Deletion

1 22. The comments submitted by interested parties cover a variety of topics,
2 including but not limited to time for public review and comment, annexation,
3 effect on vulnerable populations, and the focus on centers and corridors.
4 Some comments express significant concerns that policies crafted to address
5 localized issues are applied broadly and that sector plans are being replaced.
6 Staff is considering all comments carefully and addressing them.

7 23. The EPC held two advertised and noticed public hearings, on August 4
8 and August 25, 2016, to elicit public comments and participation for the
9 record.

10 24. Planning Department Staff and City Council Staff will continue to
11 collaborate regarding themes raised in the August 2016 Staff Report, and in
12 public, departmental, and agency comments, to consider any additional
13 information that should be included in the Comp Plan update.

14 SECTION 3. EFFECTIVE DATE AND PUBLICATION. This legislation shall
15 take effect five days after publication by title and general summary.

16 SECTION 4. SEVERABILITY CLAUSE. If any section, paragraph, sentence,
17 clause, word or phrase of this resolution is for any reason held to be invalid or
18 unenforceable by any court of competent jurisdiction, such decision shall not
19 affect the validity of the remaining provisions of this resolution. The Council
20 hereby declares that it would have passed this resolution and each section,
21 paragraph, sentence, clause, word or phrase thereof irrespective of any
22 provisions being declared unconstitutional or otherwise invalid.

TWENTY SECOND COUNCIL**

COUNCIL BILL NO. O-16-9

ENACTMENT NO. O-2016-014

SPONSORED BY: Don Harris

ORDINANCE

**AMENDING SECTION §2-12-1 TO RESERVE 2% OF THE GENERAL
OBLIGATION BONDS OF THE CAPITAL IMPLEMENTATION PROGRAM FOR
OPEN SPACE LAND ACQUISITION.**

**BE IT ORDAINED BY THE COUNCIL, THE GOVERNING BODY OF THE CITY OF
ALBUQUERQUE:**

SECTION 1. FINDINGS

The Council finds that:

**(A) The City of Albuquerque Open Space Program provides the public
with a variety of facilities and uses through which to enjoy the natural
environment. Albuquerque is listed as having the highest percentage of
parkland and Open Space for small cities in the United States.**

**(B) The economic recession has provided the City of Albuquerque with
opportunities to purchase open space at lower costs, but the City has been
unable to identify funds to purchase these lands. As land development in the
City and Bernalillo County resumes, properties identified for open space
purchase are likely to increase in value and or could be developed.**

**(C) Additional funding resources are required to protect the unique
natural environment in and around Albuquerque. Existing sources are not able
to provide sufficient resources to acquire Open Space in a consistent and
timely manner. Open Space has historically been acquired through the City's
General Obligation Bond Program, a Quality of Life Quarter Cent Tax and the
Open Space Trust Fund. The Quality of Life Quarter Cent Tax for Open Space
has expired, and due to the economic downturn, the Capital Implementation
Program Bond capacity has decreased by 30%. The principal balance of the**

[Bracketed/Strikethrough Material] - Deletion

1 Open Space Trust Fund has not yet reached a level necessary to generate the
2 interest earnings to fund acquisition of open space.

3 (D) To have a viable Open Space Acquisition program, the City must
4 establish a savings mechanism so that funds are available as opportunities to
5 purchase Open Space arise. These opportunities are dependent on the
6 individual choices of property owners and market conditions that occur
7 independent of the City's funding cycles.

8 SECTION 2. A new paragraph (O) is inserted into §2-12-1 CAPITAL
9 IMPROVEMENTS PROGRAM INTENT SCOPE to read as follows:

10 "(O) Two percent of the General Obligation Bond Program shall be
11 reserved for the acquisition of lands identified for Open Space Land and
12 capital restoration of Open Space.

13 (P) The term of the CIP Set Aside for Open Space Acquisition shall be
14 for the following General Obligation Bond Cycles, 2017, 2019, 2021, 2023,
15 2025, 2027, 2029, 2031, 2033 and 2035."

16 SECTION 3. The City shall use quantifiable metrics for decisions on
17 individual purchases.

18 SECTION 4. SEVERABILITY CLAUSE. If any section paragraph, sentence
19 clause, word or phrase of this ordinance is for any reason held to be invalid or
20 unenforceable by any court or competent jurisdiction, such decision shall not
21 affect the validity of the remaining provisions of this ordinance and each
22 section, paragraph, sentence, clause, word or phrase thereof irrespective of
23 any provisions being declared unconstitutional or otherwise invalid.

24 SECTION 5. COMPILATION. Section 2 of this ordinance shall be
25 incorporated in and made part of the Revised Ordinance of Albuquerque, New
26 Mexico, 1994.

27 SECTION 6. EFFECTIVE DATE. This ordinance shall take effect five days
28 after publication by title and general summary.

ORDINANCE

**AMENDING CHAPTER 2, ARTICLE 12, SECTION 1 ROA 1994 RELATING TO
THE 3% FOR ENERGY CONSERVATION AND RENEWABLE ENERGY SET-A-
SIDE FOR CAPITAL IMPROVEMENTS.**

**BE IT ORDAINED BY THE COUNCIL, THE GOVERNING BODY OF THE CITY OF
ALBUQUERQUE:**

SECTION 1. AMENDING SECTION 2-12-1 (J) ET SEQ., ROA 1994 AS FOLLOWS:

**(J) Three percent of each biennial Capital Improvements Program shall be
reserved to fund the design, installation, purchase, user training and
monitoring of Energy Conservation and/or Renewable Energy projects that
reduce fossil fuel based energy costs for General Fund and Enterprise Fund
Programs and that will demonstrably reduce energy consumption. This fund
shall be known as the 3% for Energy Conservation and Renewable Energy Set-
A-Side for Capital Improvements. The Planning for the fund shall be
consistent with the requirements set forth in Article 2-12 ROA 1994.**

**(K) The Department of Finance and Administrative Services will budget 3%
of the General Obligation Bond Program for the 3% for Energy Conservation
and Renewable Energy Set-A-Side for Capital Improvements.**

**(L) Departmental applications for the 3% for the Energy Conservation and
Renewable Energy Set-A-Side for Capital Improvements shall be submitted to
the Facility, Energy & Security Management Division. A committee of City
fiscal and technical staff shall approve selected projects based on established
criteria. The committee may consult with subject matter experts outside of the
City Government in the selection of projects. Criteria shall include but are not
limited to:**

1 (1) The capital expenses of a project should be regained from energy
2 savings generated from the project within the expected life of the equipment,
3 provided that an amount, not to exceed ten percent (10%) of the 3% for Energy
4 Conservation and Renewable Energy Set-A-Side for Capital Improvements
5 fund, may be utilized for solar or wind renewable energy projects not
6 otherwise meeting that life cycle criteria, if at least eighty-five percent (85%) of
7 the capital expenses for such solar or wind projects are reasonably expected
8 to be regained within the expected life cycle of the project. Projects using
9 renewable energy shall, subject to the foregoing allowance for solar or wind
10 projects, have a lower life cycle cost than a project using conventional energy
11 based on the projected cost per unit by year for an energy resource as
12 published in the United States Department of Energy, Energy Information
13 Administration, Annual Energy Outlook Report or other sources identified by
14 the committee. Preference shall be given to alternatives that meet the energy
15 cost criteria.

16 (2) If a proposal is for construction or installation, the scope of the project
17 shall only be for Energy Conservation and/or Renewable Energy in existing
18 facilities.

19 (3) The monetary amount allocated to any one project shall not exceed
20 40% of the funding allocated to the 3% Energy Conservation and Renewable
21 Energy Set-A-Side, during any one bond cycle unless approved by the City
22 Council.

23 (4) The project shall be consistent with the requirements set forth in
24 Paragraph (D) of this Section.

25 (M) The Mayor shall obtain a Certificate of No Effect or a Certificate of
26 Approval for each project that meets the applicability criteria of Ordinance 25-

ORDINANCE

**AMENDING THE WORKFORCE HOUSING OPPORTUNITY ACT, TO CONTINUE
AND POTENTIALLY REDUCE THE WORKFORCE HOUSING SET-ASIDE WITHIN
THE BIENNIAL GENERAL OBLIGATION BOND CAPITAL IMPROVEMENT
PROGRAM.**

**BE IT ORDAINED BY THE COUNCIL, THE GOVERNING BODY OF THE CITY OF
ALBUQUERQUE:**

Section 1. Section 14-9-4 ROA 1994 is amended to read as follows:

**"(A) The Mayor is authorized and directed to set aside up to 8% of the
biannual General Obligation Bond Capital Improvement Program, up to a
maximum of \$10,000,000 per two-year cycle, to be directed to the Trust Fund
for the purpose of providing workforce housing. This set aside shall be
presented as a separate bond question which solely addresses permanently
affordable housing. If this question is turned down by the voters no CIP funds
from that election shall be spent on workforce housing. All interest earnings of
funds in the Trust Fund shall be re-appropriated to the Trust Fund. No funds in
the Trust Fund can be appropriated or used for any other purpose than as
described in the Workforce Housing Opportunity Act.**

**(B) The Fund income and interest earnings shall be appropriated for the
purposes set forth in this article after recommendation by the Mayor and
approval of the Council.**

**(C) *Programming and Selection.* The projects funded by the Trust Fund
shall be selected and programmed as provided below:**

3 (2) *Workforce Housing Plan and Needs Assessment*. The Committee,
4 with the staff support of the Department of Family and Community Services
5 (the Department) or its successor and technical support from representatives
6 of the Office of Economic Development and the Planning Department, shall
7 develop a Five Year Workforce Housing Plan (the Plan), which shall be
8 updated every five years. The Plan shall be based on a thorough needs
9 assessment conducted by the Department showing the housing conditions of
10 families at and below 80% of median income broken out by community
11 planning areas, income classification, special needs, seniors, homeless and
12 addressing the displacement of low income families. The Plan shall identify
13 the change in the City of Albuquerque of the number of market rate, affordable
14 and non-affordable housing units, by income category and tenure, over the
15 previous five years. The Plan shall include all resources available to address
16 affordable housing needs including, but not limited to, CDBG, HOME, other
17 grants, the City General Fund, Enterprise Funds, other City Housing Funds,
18 State of New Mexico, and Low Income Housing Tax Credits, five year goals
19 and objectives and one year objectives, recommended strategies for
20 implementation and standards for monitoring and evaluation of completed
21 projects. The Plan shall include a matrix showing the annual and five year
22 housing production goals and objectives and organizations committed to its
23 production. The Plan shall address expansion of the capacity of the non-profit
24 housing development organizations and identify resources necessary to carry
25 out needed expansion. The Plan shall identify, based on housing market data
26 standards, city neighborhoods as "stable", "disinvesting", or "gentrifying" and
27 shall make it clear that different housing and affordable housing strategies are
28 being pursued within the different categories of neighborhoods. The
29 Committee shall hold at least three public hearings on the draft plan prior to
30 making recommendations to the Mayor and the Council. The Plan shall serve
31 as the housing component of the Consolidated Plan after review and comment
32 by the Albuquerque Citizen Team. The Plan shall be conveyed by the Mayor to

1 and shall be adopted by the Council with or without amendments. The Plan
2 shall be reviewed and progress evaluated annually by the Committee and a
3 report sent to the Council.

4 (3) *Priorities and Uses of Funds.* At least 50% of the available funds in
5 any five year program shall be used for land acquisition for workforce housing
6 projects and subdivisions in areas designated as Metropolitan Redevelopment
7 Areas, Centers and Corridors and land zoned for mixed use development
8 under the yet to be approved zones called for in the adopted Planned Growth
9 Strategy (Planned Village Development, Transit Oriented Development Centers
10 and Corridors, Commercial Center, Campus, Infill Development, and
11 Conservation Subdivision). Up to 50% of the available funds in any five year
12 program may be used for zero to low interest or, in certain cases, loans that
13 may be forgivable that meet the requirements of the Workforce Housing
14 Opportunity Act and fall within the geographic areas described above. At least
15 25% of the funds shall be used for scattered site, single-family housing
16 purchase, rehab, lease-to-own and resale of existing housing stock. The
17 priorities for use of all funds shall be determined by reference to the program
18 elements as shown in § 14-9-5, but in all cases the following requirements
19 shall be met.

20 (a) Resources shall be allocated according to need in any five year
21 program with at least 50% of all resources benefiting families at or below 50%
22 of AMI and at least 30% of all resources benefiting families at or below 30%
23 AMI. Loans that may be forgivable may be considered for use only in projects
24 benefiting families whose income is at or below 30% AMI.

25 (b) Not more than 20% of resources shall be used for project
26 related soft development costs as defined by the Plan.

27 (c) Projects shall be sponsored by city approved, locally based,
28 non-profit housing development organizations. It is recognized that non-
29 profits will partner with for-profit builders and developers to accomplish
30 workforce housing projects. Criteria for approval of non-profits and
31 sponsorship shall be included in the Workforce Housing Plan.

32 (d) Projects receiving funding or land under the Workforce Housing
33 Opportunity Act shall leverage non-city funds by at least a 4:1 ratio (non-city

1 to city resources). The Plan may make exception to this ratio for certain hard
2 to develop projects to be defined. Federal and state funds flowing through the
3 city are not considered city funds for purposes of this requirement.

4 (4) *Project Priorities.* The Committee shall develop a policy-based
5 ranking system so that proposed projects can be prioritized. The system of
6 ranking shall be included in the Workforce Housing Plan. Priority shall be
7 given to financially sound proposals that rank the highest according to the
8 priorities based on guidelines found in the Program Elements. Priority with
9 respect to newly constructed projects shall also be given to proposals that
10 demonstrate a commitment to energy efficiency and utility conservation. The
11 Committee can establish minimum standards below which a project will not be
12 approved. The Department shall issue a standing request for proposals so that
13 developers have adequate time to secure land and formulate proposals for city
14 consideration."

15 Section 2. SEVERABILITY CLAUSE. If any section, paragraph, sentence,
16 clause, word or phrase of this ordinance is for any reason held to be invalid or
17 unenforceable by any court of competent jurisdiction, such decision shall not
18 affect the validity of the remaining provisions of this ordinance. The Council
19 hereby declares that it would have passed this ordinance and each section,
20 paragraph, sentence, clause, word or phrase thereof irrespective of any
21 provision being declared unconstitutional or otherwise invalid.

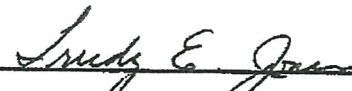

22 Section 3. COMPILATION. This ordinance shall be incorporated in and
23 made part of the Revised Ordinances of Albuquerque, New Mexico, 1994.

24 Section 4. EFFECTIVE DATE. This ordinance shall take effect five days
25 after publication by title and general summary.

ARTICLE 12: CAPITAL IMPROVEMENTS

Section

- 2-12-1 Capital improvements program intent; scope
- 2-12-2 Definitions
- 2-12-3 Adopting the capital improvements program; publication
- 2-12-4 City council participation
- 2-12-5 Amending the capital improvements program
- 2-12-6 Progress reports
- 2-12-7 Trails and bikeways set aside
- 2-12-8 Metropolitan Transportation Plan and Transportation Improvement Program submittals

§ 2-12-1 CAPITAL IMPROVEMENTS PROGRAM INTENT; SCOPE.

(A) The Capital Improvement Program (CIP) plan shall include, and take as a starting point, an inclusive perspective of all capital expenditures regardless of fund source (including, but not limited to City, State, Federal funds, and private contributions-in-aid) including those expended by the City directly and those undertaken by other public agencies within the city limits that are related to the City's adopted goals. The City-funded public purposes capital improvements shall be considered as a component of this over-all perspective.

(B) The Capital Improvement Program shall be linked to the City's adopted Five Year Goals, Program Strategies, and to the Performance Plan of city departments.

(C) The Capital Improvement Program shall be consistent with and carry out the policies contained in the City/County Comprehensive Plan.

(D) The first priority of the City's Capital Improvement Program shall be to rehabilitate, replace, and maintain in good condition the capital assets of the City. Pursuant to this priority, facility plans shall be developed and maintained by all City departments, coordinated according to a common set of standards by the CIP office. These plans shall include the condition of the City's major capital assets and a program of necessary annual capital expenditures to restore, replace, and maintain the facilities, vehicles and equipment in good condition. These inventories and plans shall be completed by the 2003 CIP. The plan for streets and hydrology shall be based on the Planned Growth Strategy findings.

(E) City-funded public-purpose capital improvements are undertaken in order to implement the city's adopted goals and objectives: normally, these have been adopted in city plans for urban development and conservation. In order to maximize the effectiveness of capital improvements in advancing such goals and objectives in a coordinated manner, and in order to efficiently use public funds, the Mayor shall develop and submit to the Council a proposed Capital Improvements Program, which shall include all city-funded public-purpose capital projects proposed to be built within ten years. The program shall include but is not limited to all projects financed by general obligation bonds, revenue bonds, Urban Enhancement Fund monies, Tax Increment Fund monies, Consolidated Plan monies, tax and rate revenues, Federal and State grants, metropolitan redevelopment bonds and special assessment districts. Projects built with industrial development bonds are not normally included.

(F) The proposed Capital Improvements Program shall consist of a ten-year plan of capital expenditures, including a more detailed two-year Capital Improvements Budget. The proposed Capital Improvements Program shall include a listing of projects in order of priority and proposed year of construction or acquisition. Data on each project shall include:

- (1) The anticipated capital cost of each project;
- (2) The anticipated source of capital funds for each project;

- (3) The estimated annual operating cost or savings for each project;
 - (4) The estimated completion date of each project;
 - (5) The adopted plan or policy, if any, which each project would help to implement;
 - (6) The viable alternatives that were considered for each project and the reasons the proposed project is the most cost-effective and practical alternative for meeting the stated objective;
 - (7) The project's ranking in whatever sequencing/priority-setting system is used as a basis for proposed programming; and
 - (8) The impacts of proposed capital improvements on user rates (for enterprise fund projects); and
 - (9) The percentage allocations of each project as "growth", "rehabilitation", "deficiency", and "mandate", which categories are defined in Bill No. F/S R-37 (Enactment 118-2000), establishing priorities for the 2001 Capital Improvement Plan; and
 - (10) The capital projects of the enterprise funds shall be evaluated by the Capital Improvements Program staff in a similar manner as those for the General Fund.
- (G) All assets included in projects to be funded in part or in total from proceeds of general obligation bond issues or revenue bond issues shall have a minimum service life expectancy at least equal to the term of the relevant bond issue.
- (H) All CIP project items with a two year programmed amount in the General Fund and a one year programmed amount in the Enterprise Funds of \$100,000 or more shall be included in the CIP bill as a separate line item.
- (I) Separate bond issues shall be sold to fund vehicles and equipment, the term of which bonds shall not exceed five years.
- (J) Three percent of each biennial Capital Improvements Program shall be reserved to fund the design, installation, purchase, user training and monitoring of Energy Conservation and/or Renewable Energy projects that reduce fossil fuel based energy costs for General Fund and Enterprise Fund Programs and that will demonstrably reduce energy consumption. This fund shall be known as the 3% for Energy Conservation and Renewable Energy Set-A-Side for Capital Improvements. The Planning for the fund shall be consistent with the requirements set forth in Article 2-12 ROA 1994.
- (K) The Department of Finance and Administrative Services will budget 3% of the General Obligation Bond Program for the 3% for Energy Conservation and Renewable Energy Set-A-Side for Capital Improvements.
- (L) Departmental applications for the 3% for the Energy Conservation and Renewable Energy Set-A-Side for Capital Improvements shall be submitted to the Facility, Energy & Security Management Division. A committee of City fiscal and technical staff shall approve selected projects based on established criteria. The committee may consult with subject matter experts outside of the City Government in the selection of projects. Criteria shall include but are not limited to:
- (1) The capital expenses of a project should be regained from energy savings generated from the project within the expected life of the equipment, and projects using renewable energy shall have a lower life cycle cost than a project using conventional energy based on the projected cost per unit by year for an energy resource as published in the United States Department of Energy, Energy Information Administration, Annual Energy Outlook Report or other sources identified by the committee. Preference shall be given to alternatives that meet the energy cost criteria.
 - (2) If a proposal is for construction or installation, the scope of the project shall only be for Energy Conservation and/or Renewable Energy in existing facilities.
 - (3) The monetary amount allocated to any one project shall not exceed 40% of the funding allocated to the 3% Energy Conservation and Renewable Energy Set-A-Side, during any one bond cycle unless approved by the City Council.
 - (4) The project shall be consistent with the requirements set forth in Paragraph (D) of this Section.

(M) The Mayor shall obtain a Certificate of No Effect or a Certificate of Approval for each project that meets the applicability criteria of Ordinance 25-2007 and that is part of the Capital Improvements Program or the Component Capital Improvements Program prior to construction of the project.

('74 Code, § 1-10-1) (Ord. 34-1975; Am. Ord. 8-1986; Am. Ord. 56-1988; Am. Ord. 23-1992; Am. Ord. 16-2001; Am. Ord. 52-2002; Am. Ord. 9-2005; Am. Ord. 35-2006; Am. Ord. 25-2007; Am. Ord. 2012-002)

§ 2-12-2 DEFINITIONS.

For the purpose of this article, the following definitions shall apply unless the context clearly indicates or requires a different meaning.

BEST ENERGY PRACTICES. Management of energy production and consumption to reduce energy use and costs, implement renewable energy, promote clean energy sources and the efficiency and maintenance of the city's energy infrastructure.

ENERGY CONSERVATION. Building materials, equipment and machinery and supplies that reduce energy costs for Enterprise and General Fund Programs by demonstrably reducing energy consumption or by furthering the implementation of renewable energy sources.

RENEWABLE ENERGY. Any energy resource that is naturally regenerated over a short time scale and is generated by use of low- or zero-emissions technology with substantial long-term production potential or generated by renewable energy sources that may include (1) solar, wind, hydropower and geothermal resources; (2) fuel cells that are not fossil fueled; and (3) biomass resources, such as agricultural or animal waste, small diameter timber, salt cedar and other phreatophyte or woody vegetation, landfill gas and anaerobically digested waste biomass and new technologies as they emerge. **RENEWABLE ENERGY** does not include electric energy generated by use of fossil fuel, waste products from fossil sources or nuclear energy. (Ord. 35-2006)

§ 2-12-3 ADOPTING THE CAPITAL IMPROVEMENTS PROGRAM; PUBLICATION.

(A) The Mayor shall submit by November 21 of each even-numbered year, except as provided by division (C) of this section, the proposed Capital Improvements Program to the Environmental Planning Commission. The Environmental Planning Commission shall conduct at least one public hearing on responsibilities of the Commission for plans and policies on development and on protection of the environment as delineated in §§ 14-13-3-1 et seq. The Environmental Planning Commission shall submit its recommendations on the proposed program to the Mayor by December 1 of each even-numbered year. The Mayor is not required to revise the proposed Capital Improvements Program to incorporate the recommendations of the Environmental Planning Commission but may do so.

(B) The Mayor shall submit the proposed Capital Improvements Program, including any recommendations of the Environmental Planning Commission, to the Council by January 3 of each odd-numbered year, except as provided by division (C) of this section.

(C) The Capital Improvements Programs for the Air Quality, Aviation Enterprise, Parking Enterprise, Refuse Disposal, and Golf Enterprise Funds shall be developed in accordance with the following procedure:

(1) The capital improvements appropriations for the above referenced funds shall be developed by the Mayor in conjunction with operating budgets and supporting rate proposals, if any, and shall be submitted to the Council no later than April 1 of each year.

(2) The Mayor shall submit to the Council any proposed rate increases required for the proposed Capital Improvements Programs of the above referenced funds along with the operating budget no later than April 1st of each year. These Capital Improvement Program budgets shall be fully integrated into the proposed ten year program by the CIP Office.

(D) The Council shall approve the Capital Improvements Program as proposed or shall amend and approve it. Council action shall be within 60 days after it has been submitted by the Mayor. This period begins on the date of introduction of the CIP bill at a City Council meeting. The Council shall hold at least one public hearing on the proposed program.

(E) The city shall promptly publish the Capital Improvements Program as approved.
(74 Code, § 1-10-2) (Ord. 34-1975; Am. Ord. 8-1986; Am. Ord. 56-1988; Am. Ord. 35-1994; Am. Ord. 40-1995; Am. Ord. 16-2001; Am. Ord. 9-2005; Am. Ord. 35-2006; Am. Ord. 5-2007)

§ 2-12-4 CITY COUNCIL PARTICIPATION.

(A) Prior to the first City Council meeting in November of odd numbered years, the Mayor shall submit a resolution to the City Council with proposed policy guidelines for the upcoming Capital Improvements Program. The City Council shall adopt the resolution as submitted, or as amended by the City Council, on or before January 31 of even numbered years. Should the Council fail to provide policy guidelines on or before January 31, the Mayor's guidelines shall direct the development of the Capital Improvements Program.

(B) During the preparation of the proposed Capital Improvements Program by the Mayor, he shall furnish any requested information on departmental requests to the staff of the City Council and shall cooperate with City Council staff so that it may monitor the program development process and prepare preliminary analyses and other information for the City Council.

(C) A representative of the Council shall be allowed to attend the meetings during which the Mayor and CAO formally review the program recommendations by the CIP Review Group or other similar body.

(Ord. 26-1993; Am. Ord. 40-1995; Am. Ord. 16-2001; Am. Ord. 35-2006; Am. Ord. 2014-014)

§ 2-12-5 AMENDING THE CAPITAL IMPROVEMENTS PROGRAM.

(A) When it appears to the Mayor that sound Capital Improvements Planning requires amending that part of the Capital Improvements Program which is included in the two-year Capital Improvements Budget before presentation of a new program is due, he may change the amount designated for a specific project without Council approval under any of the following circumstances. For purposes of this section, a "project" is defined as a capital-related activity for which there is a specific and unique Council appropriation.

(1) The change does not significantly alter the project's scope and the total change:

(a) Does not exceed 20% of the amount appropriated for that project in the Capital Improvements Program as approved if the appropriated amount for the project is less than one million dollars, and

(b) Does not exceed 10% of the amount appropriated for that project in the Capital Improvements Program as approved if the appropriated amount for the project is between one million dollars and five million dollars, and

(c) If the amount appropriated for the project is greater than five million dollars or the total increase or reduction will exceed the applicable percentage in subsections a and b herein of the amount designated for that project in the Capital Improvements Program, the Mayor shall submit his proposed change to the Council for approval.

(2) The change combines parallel projects, usually in succeeding bonding years, and does not change the nature of any project involved in the combination. The Mayor shall notify the Council of the change in writing at the next regularly scheduled Council meeting after the change takes place.

(3) The change combines all or parts of several projects into an approved or new project and does not change the nature of any project involved in the combination. The Mayor shall notify the Council of the change in writing at the next regularly scheduled Council meeting after the change takes place.

(B) When it appears to the Mayor that sound Capital Improvements Planning requires amending that part of the Capital Improvements Program which is included in the two-year Capital Improvements Budget before presentation of a new program is due, and the Mayor is not permitted to make the change under the terms of division (A) of this section, he shall act as follows:

(1) Before submitting an amendment to the Council the Mayor shall submit it to the Environmental Planning Commission for its evaluation; this need not involve a public hearing. However, this evaluation by the Environmental Planning Commission is not required in the following situations:

(a) The project is not contrary to adopted city plans, and would not significantly affect city public utility systems, neighborhood land use, transportation, or the environment; or

(b) The Environmental Planning Commission could not or does not provide an evaluation within the time that the Mayor feels is available in order for the city to respond to the special opportunity or need.

(2) The Mayor shall submit to the Council for approval his proposed amendment, including any recommendations of the Environmental Planning Commission, according to the following schedule:

(a) In March, he shall submit amendments to the Council.

(b) In October, he shall submit amendments to the Council which could not be foreseen when either the previous Capital Improvements Program or the previous March's amendments were presented to the Council, and in addition he finds that the amendments cannot prudently be delayed until the next Capital Improvements Program or March amendments.

(c) At other times, he shall submit amendments only in unforeseen emergency or opportunity situations which cannot prudently be delayed until the following regularly scheduled submissions of changes.

(C) Unless an amendment falls within division (A) or (B) above, the Capital Improvements Program shall not be amended until the next Capital Improvements Program is adopted.

(D) In no case shall funds be designated or transferred under the provisions of this section without said funds having been previously appropriated by the City Council, either to a project or to the contingency activity within the respective purpose.

('74 Code, § 1-10-6) (Ord. 76-1975; Am. Ord. 47-1981; Am. Ord. 12-1983; Am. Ord. 84-1985; Am. Ord. 40-1995; Am. Ord. 52-1999; Am. Ord. 16-2001; Am. Ord. 35-2006)

§ 2-12-6 PROGRESS REPORTS.

The Mayor shall submit a status report to the Council summarizing the implementation of each Capital Improvements Program at annual intervals until all projects in the approved Capital Improvements Program are completed. The annual report shall be submitted by the first Council meeting in September of each year.

(A) The annual report shall contain the following information for each current project in the Capital Improvements Program: (These requirements shall be included first in the September 2002 annual report.)

(1) Project name.

(2) Total estimate project cost.

(3) Total funding appropriated to project and also itemized as to source.

(4) Status, e.g. feasibility study completed, design completed, date construction began or is anticipated to begin.

(5) Estimated completion date of project.

(B) The status report shall also list every change made pursuant to § 2-12-5 and shall include the following information about each change:

- (1) The specific project that was changed;
- (2) The total amount originally approved by the Council for the project;
- (3) The amount of the increase or decrease that was authorized without prior Council approval;
- (4) The reason(s) for the change; and
- (5) If the amount designated for a project was increased, the account(s) and project(s) from which the funds were transferred, or if the amount designated for a project was decreased, the account(s) and project(s) to which the funds were transferred.
- (6) If a change combines all or parts of projects, the individual account(s) and project(s) which were combined and the amount of funds involved from each.

(C) An updated status report on Capital Projects shall be published on a quarterly basis on the city's website. Such report shall be user-friendly, accessible to the general public and contain graphic representation of Capital Projects in progress.

('74 Code, § 1-10-7) (Ord. 12-1983; Am. Ord. 11-1991; Am. Ord. 52-1999; Am. Ord. 16-2001; Am. Ord. 35-2006; Am. Ord. 18-2007)

§ 2-12-7 TRAILS AND BIKEWAYS SET ASIDE.

An amount not less than five percent of funding for the Public Works - Street purpose of the Public Works Department in the Capital Improvement Program shall be dedicated to trails and bikeways. The projects funded through this set aside shall be consistent with the adopted 1993 Rank II *Trails and Bikeways Facility Plan* or any subsequent updates to the plan. The funds shall be administered by the Capital Improvements Division of the Office of Management and Budget. A memorandum of understanding shall be developed between the Public Works Department, the Parks and Recreation Department, and the Planning Department for the purpose of administering the funds. The trails and bikeways set aside shall not be used as a justification to decrease funding for this purpose from other sources.

(Ord. 20-1994; Am. Ord. 16-2001; Am. Ord. 35-2006)

§ 2-12-8 METROPOLITAN TRANSPORTATION PLAN AND TRANSPORTATION IMPROVEMENT PROGRAM SUBMITTALS.

(A) The Mayor shall submit a proposed resolution to the City Council setting forth projects recommended for inclusion in the Metropolitan Transportation Plan (MTP) and the Transportation Improvement Program (TIP) of the Albuquerque Metropolitan Planning Area at least 30 days prior to the deadline for project submittals as established by the Metropolitan Planning Organization (MPO). Projects shall only be submitted to the MPO for inclusion in the MTP and/or the TIP by City Council resolution.

(B) The city in preparing the projects to be included in the MTP and the TIP shall adhere to the rules set forth in the Mid Region Council of Governments Manual on Policies and Procedures of the Transportation Improvement Program for the Albuquerque Metropolitan Area.

(C) The City Council may amend the recommended projects contained in the proposed resolution prior to adoption of the resolution and submission to the MPO.

(D) Except for adjusting Federal Transit Administration Grant amounts to reflect the Federal Register, amendments to the City of Albuquerque's adopted MTP or TIP project list shall be submitted to the City Council for approval before submittal to the Metropolitan Transportation Board if the change meets one or more of the following criteria:

- (1) A project is added to or deleted from the MTP or TIP.
- (2) There is a substantive change to a project scope.
- (3) A funding timeline for the project is moved forward or backward by more than three years.

(4) Funding is removed or added that increases or decreases the dollar value of the federal funding for the project by more than 40%.

(5) Funding is removed or added that increases or decreases the dollar value of the federal funding for the project by more than two million dollars.

(E) A resolution adopting a project, or an amendment to an adopted project, shall include the following information about each project:

(1) The title.

(2) The geographic boundaries.

(3) The council district(s) the project is within.

(4) The transportation mode(s) the project supports.

(5) Whether the project procures rolling stock, capital facilities or planning and programming support.

(6) The project purpose including: does it add capacity to a facility, rehabilitate a facility, convert a facility from one mode to another or provide infrastructure for an additional transportation mode.

(7) Whether the project will reduce congestion and improve air quality.

(8) The city policies, plans or land use assumptions that authorize development of such a project.

(9) Identification of land use measure(s) (LUM(S)) the project furthers, how it furthers the LUM(S) and how the project supports the LUM(S).

(10) Goals and objectives established under the procedures of § 2-11-3 ROA 1994, that the project accomplishes or furthers.

(11) Whether the project is included in the Capital Improvement Program Decade Plan and also the Component Capital Improvement Plan.

(12) Total dollar value of the project.

(13) The value of federal funds requested for the project and the type of Federal Highway Administration or Federal Transit Administration funding category from which the funds are obtained.

(14) The value of state funds supplied to the project and the funding source within the state government from which they are provided.

(15) The value of city funds supplied to the project and the funding source.

(16) The value of private funds supplied to the project and the funding source.

(17) A schedule of the funding to be acquired by year.

(18) Other information the Mayor or City Council deems appropriate.

(F) The City Council may issue a request to the Mayor for "other information" pertaining to a project no later than five days before the first public hearing of the resolution.

City of Albuquerque

Office of the Mayor/Chief Administrative Officer

Timothy M Keller, Mayor

Interoffice Memorandum

Date October 22, 2020

To: Environmental Planning Commission

From: Shawn M Maden, Strategic Program Manager, DMD/CIP

Subject: **Emailing and Physical Mailings of Neighborhood Associations for EPC Application as required by 6-4(K) PUBLIC NOTICE**

I, Shawn M. Maden, do officially confirm that I electronically mailed the email addresses provided to me by the Office of Neighborhood Coordination of the Neighborhood Association representatives to inform them of the public meeting of the EPC on November 12th 2020 to review the 2021 General Obligation Bond Program. I emailed the attached groups on September 23rd 2020, and again with an updated email on October 22nd 2020. The updated email contained a corrected Zoom address for the November 12th meeting, as well as links to the Plan submitted. These electronic mailings were performed in compliance with IDO 6-4(K)(4).

October 22, 2020

Dear City Neighborhood Association Representative;

RE: Public Notice of Proposed Project - PR-2020-004467-GO Bond Program and 2021-2030 Decade Plan

In accordance with the procedures of the City of Albuquerque's Integrated Development Ordinance (IDO) **Subsection 14-16-6-4(K) PUBLIC NOTICE** we are notifying you as a Neighborhood Association Representative that the City of Albuquerque will be submitting a Facility Plan to be reviewed by the Environmental Planning Commission.

The application is for review and comment on the 2021 General Obligation Bond Program/2021-2030 Decade Plan for city-wide capital improvements. This program is the allocation of capital funds used to repair/replace/construct roads, parks, libraries, community centers, etc. After any changes that may be made following EPC, it will be presented to City Council on Jan. 4th, and ultimately put to the voters for approval on Election Day November 2nd 2021.

You can find more details regarding the 2021 GO Bond at:

<http://www.cabq.gov/municipaldevelopment/programs/2021-g-o-bond-program>

The anticipated public meeting for this request will be on Thursday November 12th, 2020 beginning at 8:40 a.m. via Zoom. **Please note that this link has been updated from the initial email regarding the GO Bond Program!**

October 27, 2020

Dear City Neighborhood Association Representative;

RE: Public Notice of Proposed Project - PR-2020-004467-GO Bond Program and 2021-2030 Decade Plan

In accordance with the procedures of the City of Albuquerque's Integrated Development Ordinance (IDO) **Subsection 14-16-6-4(K) PUBLIC NOTICE** we are notifying you as a Neighborhood Association Representative that the City of Albuquerque will be submitting a Facility Plan to be reviewed by the Environmental Planning Commission.

The application is for review and comment on the 2021 General Obligation Bond Program/2021-2030 Decade Plan for city-wide capital improvements. This program is the allocation of capital funds used to repair/replace/construct roads, parks, libraries, community centers, etc. After any changes that may be made following EPC, it will be presented to City Council on Jan. 4th, and ultimately put to the voters for approval on Election Day November 2nd 2021.

You can find more details regarding the 2021 GO Bond at:

<http://www.cabq.gov/municipaldevelopment/programs/2021-g-o-bond-program>

The anticipated public meeting for this request will be on Thursday November 12th, 2020 beginning at 8:40 a.m. via Zoom. **Please note that this link has been updated from the initial email regarding the GO Bond Program!**
