Applicant
EWRPM, LLC/Ron Smith

Request
Zoning Map Amendment (zone change)

Legal Description
Tracts 1B1C1, 1B1B1 and 1B1A1 Plat of Tracts 1B1A1, 1B1B1, 1B1C1 and Tract 1B1F Plat of Tracts 1B1A, 1B1B, 1B1C, 1B1D, 1B1E & 1B1F

Location
1221, 1231, 1261, 1271 Renaissance Blvd. NE, between Union Way Dr. NE & Montaño Rd. NE

Size
Approximately 6.2 acres

Existing Zoning
MX-L

Proposed Zoning
MX-M

Summary of Analysis
The request is for a zoning map amendment from MX-L to MX-M for Tracts 1B1C1, 1B1B1 and 1B1A1, approximately 6.2 acres in Renaissance Center, between Union Way Dr. NE and Montaño Rd. NE (“the subject site”). The applicant wants to change the subject site’s zoning to facilitate future expansion of an existing light vehicle sales and service center. The subject site is in the Renaissance Employment Center.

The applicant has adequately justified the request pursuant to the IDO zone change criteria in 14-16-6-7(G)(3). The proposed zoning would generally be more advantageous to the community because it furthers a preponderance of applicable Comprehensive Plan Goals and policies.

The affected neighborhood organizations are the North Valley Coalition, District 4 Coalition of Neighborhood Associations, and North Edith Commercial Corridor Association. Property owners within 100 feet of the subject site were also notified as required. A pre-application meeting was not requested. Staff has not received any comments in support or opposition to the request. Staff recommends approval.

Staff Recommendation
APPROVAL of RZ-2021-00042, based on the Findings beginning on Page 21.

Request

The request is for a zoning map amendment (zone change) for an approximately 6.2-acre site legally described as Tracts 1-B-1-C-1, 1-B-1-B-1 and 1B-1-A-1 Plat of Tracts 1B-1-A-1, 1B-1-B-1, 1B-1-C-1 and Tract 1B-1-F Plat of Tracts 1B-1-A, 1-B-1-B, 1-B-1-C, 1-B-1-D, 1B-1-E, and 1-B-1-F Renaissance Center (“the subject site”), located at 1221, 1231, 1261 and 1271 Renaissance Blvd. NE, between Union Way Dr NE and Montaño Road NE.

The request is to re-zone the subject site from the existing MX-L (Mixed-Use Low Intensity) to MX-M (Mixed-Use Moderate Intensity) in order to allow future expansion of the existing light vehicle and sales service center.

EPC Role

The EPC is hearing this case because the EPC is required to hear all zone change cases, regardless of the site size, in the City. The EPC is the final decision-making body unless the EPC decision is appealed. If so, the Land Use Hearing Officer (LUHO) would hear the appeal and make a recommendation to the City Council. The City Council would then make the final decision. The request is a quasi-judicial matter.

Context

The subject site is approximately 6.2 acres and in an Area of Change. Lot 1B1C1 is being used for light vehicle sales and Lot 1B1F as an employee parking lot, both related to the existing vehicle dealership further south of the subject site.

The subject site is part of the Renaissance Employment Center which is characterized by large commercial retail and services, warehousing/distribution, and multi-family uses. North of the subject site is a bank, vacant lots, and apartments. To the southeast is a home improvement store and an auto dealership located directly south. To the west are low-density mobile homes/single-family homes in Unincorporated Bernalillo County. The areas to the north, east, and south are all zoned MX-M and in Areas of Change while to the west are M-H (Bernalillo County).
History
On January 17, 2002, the EPC approved a Zoning Map Amendment and a Site Plan for subdivision for Tracts 1B1A1, 1B1B1 and 1B1C1 (PR#1000419). The approved Zoning Map Amendment changed the zoning from SU1- for C-2 and R-3 uses to SU-1 for auto sales and C-1 and allowed an employee parking lot for the adjacent auto sales parcel on 1B1F.

The Site Plan for Subdivision was delegated to the Development Review Board and was signed and approved in 2002. The Site Plan was never developed and the Site Plan for Subdivision expired seven years after the approval in 2009.

Transportation System
The Long-Range Roadway System (LRRS) map, produced by the Mid-Region Metropolitan Planning Organization (MRMPO), identifies the functional classification of roadways.

Renaissance Blvd. NE and Alexander Blvd NE are classified as urban major collectors. Union Way Rd NE is classified as a local urban street. Montaño Rd NE is classified as a Major Transit Corridor.

Comprehensive Plan Designations
Montaño Road NE is classified as a Major Transit Corridor as designated by the Comprehensive Plan. Major transit corridors are intended to be served by high frequency and local transit (e.g. Rapid Ride, local, and commuter buses). These corridors should prioritize transit above other modes of transportation to promote a convenient and efficient transit system. Walkability in these corridors is key to providing a safe environment for walkers, cyclists, and transit users.

In addition, Renaissance Center is a designated Employment Center. Employment Centers prioritize opportunities for industrial and business districts supported by retail and residential uses. Employment Centers tend to be auto-oriented and need to provide excellent access for trucks and connections to freight networks.

Comprehensive Plan Community Planning Area Designation
The subject site is part of the North I-25 Community Planning Area (CPA). North I-25 is located between the railroad tracks to the west and I-25 to the east. This area is characterized by business and industrial parks.

Overlay Zones
The subject site is not within the boundaries of a Character Protection Overlay (CPO), Historic Protection Overlay Zone (HPO) or a View Protection Overlay Zone (VPO).

Trails/Bikeways
The Long-Range Bikeway System (LRBS) map, produced by the Mid-Region Metropolitan Planning Organization (MRMPO), identifies existing and proposed routes and trails.

Renaissance Blvd has a bike route (cars & bicycles share the street). Alexander Blvd NE has a proposed bike lane. Montaño Rd NE has a bike lane (a portion of the street with a designated lane for bicycles).
Transit
The area is serviced by Fixed Route 157 (Louisiana & Montaño) runs Monday-Saturday with a peak frequency of 40 minutes, off-peak 45 minutes, and Saturdays 60 minutes.

Nearest service is at a stop-pair for the Fixed Route 157 which runs east-west on Montaño and connects the Northwest Transit Center to Kirtland Air Force Base. The stop-pair is about 450 feet west of the Montaño/Renaissance intersection and about 1500 feet walking distance from the centroid of the site. There is continuous pedestrian access.

Public Facilities/Community Services
Please refer to the Public Facilities Map (Page 6), which shows public facilities and community services located within one mile of the subject site.

Walk Score/Transit Score/Bike Score
The Walk Score for the subject site is 48 out of 100 (most errands require a car). Transit score is 27 (a few nearby public transportation options). Bike score is 63 (bikeable – some bike infrastructure).

II. ANALYSIS of APPLICABLE ORDINANCES, PLANS, AND POLICIES
Integrated Development Ordinance (IDO)
Definitions
Center and Corridor Definitions:

- Employment Center (EC): An area designated as an Employment Center in the ABC Comp Plan, as amended.
- Major Transit (MT) Corridor: Lots within 660 feet in any direction of the centerline of a Major Transit Corridor as designated by the Comprehensive Plan.

Vehicle Definitions:

- Light Vehicle Sales and Rental: An establishment primarily engaged in the retail sale and/or rental of new and used light vehicles, including incidental outdoor display, storage, and vehicle service, and maintenance. This use includes the retail sale/rental of modular and manufactured homes, motor homes. This use does not include outdoor vehicle storage as a primary use.
- Light Vehicle: A vehicle that has a gross vehicle weight rating of less than 10,000 pounds, including but not limited to automobiles, light trucks, sport utility vehicles, vans, boats, and recreational vehicles, trailers, motorcycles, mopeds, scooters, and ATVs.
- Infill Development: An area platted or un-platted land that includes no more than 20 acres of land and where at least 75 percent of the adjacent lots are developed and contain existing primary buildings.

Zoning
The subject site is zoned MX-L [Mixed-Use – Low Intensity Zone District, IDO 14-16-2-4(B)] that was assigned upon the adoption of the Integrated Development Ordinance (IDO) on May 17, 2018 based upon the prior land use of SU-1 R-3 & C-1. Light vehicle sales and the employee parking lot
were permitted uses under the SU-1 but are a Conditional Primary Use (C) in MX-L, the current zone district for the subject site.

The purpose of the MX-L zone district is to provide for neighborhood-scale convenience shopping needs, primarily at intersections of collector streets. Primary land uses include non-destination retail and commercial uses, as well as townhouses, low-density multi-family, and civic and institutional uses to serve the surrounding area, with taller, multi-story buildings encouraged in Centers and Corridors.

The request is to change the subject site’s zoning to MX-M [Mixed-Use- Medium Intensity Zone District, IDO 14-16-2-4(C)]. The purpose of the MX-M zone district is to provide for a wide array of moderate-intensity retail, commercial, institutional and moderate-intensity residential uses, with taller, multi-story buildings encouraged in Centers and Corridors. Motor vehicle uses are permissive primary in the MX-M including light vehicle sales and rental along with parking lots and structures. Allowable uses are listed in Table 4-2-1: Allowable Uses, IDO pgs. 145-150.

Albuquerque / Bernalillo County Comprehensive Plan (Rank 1)

The subject site is located in an area that the 2017 Albuquerque/Bernalillo County Comprehensive Plan has designated an Area of Change. Areas of Change policies allow for a mix of uses and development of higher density and intensity in areas where growth is desired and can be supported by multi-modal transportation.

The intent is to make Areas of Change the focus of new urban-scale development that benefit job creation and expanded housing options. By focusing growth in Areas of Change, additional residents, services, and jobs can be accommodated in locations ready for new development.

Applicable Goals and policies are listed below. Staff analysis follows in bold italics.

Chapter 5: Land Use

Goal 5.1 Centers & Corridors: Grow as a community of strong Centers connected by a multi-modal network of Corridors.

*The subject site is located in an Employment Center and within 660 feet of Montaño Road NE, classified as a Major Transit Corridor. The request would facilitate development that would reinforce the corridor and the Renaissance Employment Center by increasing employment density and facilitating redevelopment of the subject site. The request furthers Goal 5.1 – Centers & Corridors.*

Subpolicy 5.1.1.(c): Encourage employment density, compact development, redevelopment, and infill in Centers and Corridors as the most appropriate areas to accommodate growth over time and discourage the need for development at the urban edge.

*The requested MX-M zone would facilitate redevelopment of the subject site and would encourage employment density as the future expansion would accommodate approximately 90-120 jobs. The MX-M zone would encourage redevelopment and infill in the Center and Corridor thereby accommodating growth over time in an appropriate area while discouraging the need for development at the urban edge. The request furthers subpolicy 5.1.1.(c).*
Policy 5.1.5 Employment Centers: Create Centers that prioritize employment opportunities and foster synergy among businesses.

The request would strengthen opportunities within the Renaissance Employment Center by allowing an existing business to expand, thereby promoting employment opportunities and allowing the existing uses to become permissive. The request would help foster synergy among businesses that would be accessible by residents in the area. The request furthers policy 5.1.5 Employment Centers.

Policy 5.2.1 Land Uses: Create healthy, sustainable, and distinct communities with a mix of uses that are conveniently accessible from surrounding neighborhoods.

The request would allow a greater range of uses than the existing zone. The MX-M zone district is intended to allow higher-density development in appropriate locations and the proposed expansion, if approved, would allow a broad range of services and a mix of uses along a Major Transit Corridor and in the Renaissance Employment Center. The mix of uses would be conveniently accessible from surrounding neighborhoods. The request furthers policy 5.2.1 – Land Uses.

Subpolicy 5.2.1(g): Locate quality commercial development and redevelopment in existing commercial zones and designated Centers and Corridors as follows:

ii. in larger area-wide shopping centers located near intersections of arterial streets and provided with access to transit.

The request would allow for an existing light vehicle sales and service center to expand that is conveniently located within the Renaissance Employment Center and near a Major Transit Corridor. The subject site is located near the intersection of Union Way Road and Renaissance Boulevard NE, an urban major collector that is supported by retail and residential uses. However, the request is for a zone map amendment, not a site plan, therefore Staff is unable to comment on quality commercial development. Subpolicy 5.2.1(g) is furthered.

Subpolicy 5.2.1(h): Encourage infill development that adds complementary uses and is compatible in form and scale to the immediately surrounding development.

The request would encourage infill development and would add complementary uses to the Renaissance Employment Center. The request would allow for an existing business to expand under the MX-M zone therefore the uses would be complementary and compatible in form and scale to the immediately surrounding development. The request furthers subpolicy 5.2.1(h).

Goal 5.3 – Efficient Development Patterns: Promote development patterns that maximize the utility of existing infrastructure and public facilities and the efficient use of land to support the public good.

The area is served by existing infrastructure and public facilities, so the development made possible by the request would promote efficient development patterns and use of land that would generally support the public good. The request furthers Goal 5.3 – Efficient Development Patterns.

Policy 5.3.1 – Infill Development: Support additional growth in areas with existing infrastructure and public facilities.
The subject site is located in an area with existing infrastructure and public facilities. The surrounding properties are already developed with a mix of uses and the expansion of the subject site would support additional growth, while maintaining existing infrastructure. The request furthers policy 5.3.1 – Infill Development.

Policy 5.6.2 – Areas of Change: Direct growth and more intense development to Centers, Corridors, industrial and business parks, and Metropolitan Redevelopment Areas where change is encouraged.

The request would facilitate expansion of the existing light vehicle sales and service center and would further this policy by directing growth to the Renaissance Employment Center where more intense development and growth is encouraged and near Montaño Road, a Major Transit Corridor. The request furthers Policy 5.6.2 – Areas of Change.

Subpolicy 5.6.2(b): Encourage development that expands employment opportunities.

The request would facilitate and encourage development that would expand employment opportunities. The request would facilitate the expansion of an existing business and would create jobs in various fields including mechanics, administration, and management. The request furthers subpolicy 5.6.2(b).

Integrated Development Ordinance (IDO) 14-16-6-7(G)(3)-Review and Decision Criteria for Zone Map Amendments

Requirements
The review and decision criteria outline policies and requirements for deciding zone change applications. The applicant must provide sound justification for the proposed change and demonstrate that several tests have been met. The burden is on the applicant to show why a change should be made.

The applicant must demonstrate that the existing zoning is inappropriate because of one of three findings: 1) there was an error when the existing zone district was applied to the property; or 2) there has been a significant change in neighborhood or community conditions affecting the site; or 3) a different zone district is more advantageous to the community as articulated by the Comprehensive Plan or other, applicable City plans.

Justification & Analysis
The Zone Map Amendment justification letter analyzed here, received on October 27, 2021, is a response to Staff’s request for a revised justification letter (see attachment). The subject site is currently zoned MX-L (Mixed-Use – Low Intensity Zone District). The applicant would like to change the subject site’s zoning to MX-M (Mixed-Use – Medium Intensity Zone District) in order to allow expansion of an existing light vehicle and sales service center. The subject site is in an Area of Change.

The applicant believes that the proposed zoning map amendment (zone change) meets the zone change decision criteria in IDO 14-16-6-7(G)(3) as elaborated in the justification letter. The citation is from the IDO. The applicant’s arguments are in italics. Staff analysis follows in plain text.
A. The proposed zone is consistent with the health, safety, and general welfare of the City as shown by furthering (and not being in conflict with) a preponderance of applicable Goals and Policies in the ABC Comp Plan, as amended, and other applicable plans adopted by the City.

The proposed zone change is consistent with the health, safety, and general welfare of the City as shown by furthering the applicable Comprehensive plan goals and policies.

Based on the responses to these goals and policies, the request of a zone change from MX-L to MX-M satisfies the requirements of Criterion A by directing more intensive uses in an Area of Change, the Renaissance Employment Center, and along Montaño Road, a Major Transit Corridor.

Staff: Consistency with the City’s health, safety, morals and general welfare is shown by demonstrating that a request furthers a preponderance of applicable Comprehensive Plan Goals and Policies (and other plans if applicable) and does not significantly conflict with them.

Applicable Citations: Goal 5.1 – Centers & Corridors, Subpolicy 5.1.1(c), Policy 5.1.5 – Employment Centers, Policy 5.2.1 – Land Uses, Subpolicy 5.2.1(g), Subpolicy 5.2.1(h), Goal 5.3 – Efficient Development Patterns, Policy 5.3.1 – Infill Development, Policy 5.6.2 – Areas of Change, Subpolicy 5.6.2(b).

The applicant’s policy-based response adequately demonstrates that the request furthers a preponderance of applicable Goals and policies regarding land use patterns and development density and intensity in Centers and Corridors and does not present any significant conflicts with the Comprehensive Plan. Therefore, the request is consistent with the City’s health, safety, and morals and general welfare. The response to Criterion A is sufficient.

B. If the subject site is located partially or completely in an Area of Consistency (as shown in the ABC Comp Plan, as amended), the applicant has demonstrated that the new zone would clearly reinforce or strengthen the established character of the surrounding Area of Consistency and would not permit development that is significantly different from that character. The applicant must also demonstrate that the existing zoning is inappropriate because it meets any of the following criteria:

1. There was typographical or clerical error when the existing zone district was applied to the property.

2. There has been a significant change in neighborhood or community conditions affecting the site.

3. A different zone district is more advantageous to the community as articulated by the ABC Com Plan, as amended (including implementation of patterns of land use, development density and intensity, and connectivity), and other applicable adopted City plan(s).

The subject properties are located wholly in an Area of Change, so this Criterion does not apply.

Staff: The subject site is located wholly in an Area of Change, so this Criterion does not apply.
C. If the subject property is located wholly in an Area of Change (as shown in the ABC Comp Plan, as amended) and the applicant has demonstrated that the existing zoning is inappropriate because it meets any of the following criteria:

1. There was a typographical or clerical error when the existing zone district was applied to the property.
2. There has been a significant change in neighborhood or community conditions affecting the site that justifies this request.
3. A different zone district is more advantageous to the community as articulated by the ABC Comp Plan, as amended (including implementation of patterns of land use, development density and intensity, and connectivity), and other applicable adopted City plan(s).

The current MX-L zone is inappropriate because it is essentially a “spot zone” surrounded by MX-M zoning. The zone change to MX-M will match the existing surrounding zoning. The uses permitted in the MX-M zone are consistent with the ABC Comprehensive Plan, as shown in the previous section.

The proposed zone change to MX-M meets Criterion #3 by being more advantageous to the community as articulated by the ABC Comprehensive Plan (described in detail earlier in this justification letter). The zone change will provide more appropriately moderately intense uses on the properties than those allowed in the MX-L zone. Development of the subject properties will also provide additional employment and commercial density in an area of concentrated employment options and furthers numerous other goals and policies of the Comprehensive Plan.

Staff: The subject site is located wholly in an Area of Change and the applicant refers to sub-criterion 3, that a different zone district is more advantageous to the community as articulated by the Comprehensive Plan, including implementation of land use patterns, development density and intensity in Centers and Corridors. The applicant has adequately justified the request by demonstrating that it would facilitate redevelopment of the subject site with additional uses and services and would generate additional employment opportunities in the area. The request would further Comprehensive Plan Goals and policies relating to land use patterns and development density in Centers and Corridors. The response to Criterion C is sufficient.

D. The zone change does not include permissive uses that would be harmful to adjacent property, the neighborhood, or the community, unless the Use-specific Standards in Section 16-16-4-3 associated with that use would adequately mitigate those harmful impacts.

None of the permissive uses in the MX-M zone will be harmful to the adjacent property, neighborhood or community. A comparison of the two zones is provided in the following table. The proposed MX-M zone permissively allows (P) for several uses already in the area such as Personal and business services, large General retail, medium and light vehicle sales and rental. Permissive uses that have higher impacts are allowed as a primary use conditionally (C) such as warehousing, outdoor storage, wholesaling and distribution, drive-in theater, campground or recreation vehicle park, and building and home improvement materials store. These uses require a conditional use
approval from the Zoning Hearing Examiner, which must establish that there is no adverse impact on the surrounding properties prior to development.

</tr>
</tbody>
</table>

Permissive land uses that may be harmful to the area include hospital and nightclub. These uses would not be harmful to surrounding commercial uses as they are of similar intensity of uses. Residential properties to the west are separated by approximately 500 feet from lots C-1, B-1 and A-1 by two large vacant lots, which protects residential properties from more intense uses. An area of vacant land that contains a service road separates the residential properties from lot F. There is also a slope that offers further protection from non-residential uses on the subject properties (see exhibit below).
In addition to the separations inherent to the characteristics of the property, IDO Use Specific Standards will ensure that development of the site will incorporate design elements that will lessen potential impacts on surrounding properties. They include the following:

4-3(D)(4) Hospital use in the MX-M zone district is limited to no more than 20 overnight beds and, if located within 330 feet of the residential zone district, shall require a Conditional Use Approval.

4-3(D)(8) Bar, Nightclub, Restaurant, and Tap room or Tasting Room requires that these uses comply with alcohol sales, stormwater requirements, and solid waste collection standards.

Staff: Criterion D states to consider permissive uses that would be harmful to adjacent property, the neighborhood, or the community. Permissive uses that have higher impacts are allowed as conditional primary uses (C) such as warehousing, outdoor storage, wholesaling and distribution, drive-in theater, and recreation vehicle park. These uses would require a Conditional Use Approval involving a public hearing with the Zoning Hearing Examiner (ZHE) where public input would be included and Conditions of Approval could apply.

The applicant listed the uses that would become permissive if the zone change is approved. Staff finds that most of the permissive uses would not be harmful to adjacent property, the neighborhood, or the community because Use-Specific Standards would adequately mitigate harmful impacts. Hospital use could be harmful to nearby residences to the west of the subject site, but this use would also require a Conditional Use Approval and would be limited to no more than 20 overnight beds due to the subject site’s proximity to residential zone districts. The response to Criterion D is sufficient.

E. The City’s existing infrastructure and public improvements, including but not limited to its street, trail, and sidewalk systems meet 1 of the following requirements:
1. Have adequate capacity to serve the development made possible by the change of zone.

2. Will have adequate capacity based on improvements for which the City has already approved and budgeted capital funds during the next calendar year.

3. Will have adequate capacity when the applicant fulfills its obligations under the IDO, the DPM, and/or an Infrastructure Improvements Agreement.

4. Will have adequate capacity when the City and the applicant have fulfilled their respective obligations under a City-approved Development Agreement between the City and the applicant.

The request meets Criterion #1. There are existing infrastructure improvements in the vicinity that have been installed by the City or other developers that will be available to serve the development made possible by this zone change. They include streets, sidewalks, utilities, stormwater, water, and sewer. The development of the properties will allow the Applicant to provide improvements along the public right-of-way, including installing sidewalks along Renaissance Boulevard and Union Way Drive that will connect with existing sidewalks.

Staff: The City’s existing infrastructure and public improvements would have adequate capacity to serve the development made possible by the zone change (Criterion 1). The response to Criterion E is sufficient.

F. The applicant’s justification for the requested zone change is not completely based on the property’s location on a major street.

The property is not located on any major streets, and this justification is not based completely upon such circumstances, but rather, it is based on its location within a designated Employment Center.

Staff: The Applicant’s justification is not completely based on the property’s location on a major street. The subject site is located on Renaissance Blvd NE, which is classified as an urban major collector but the applicant is not using this location to justify the request. The response to Criterion F is sufficient.

G. The applicant’s justification is not based completely or predominantly on the cost of land or economic considerations.

The cost of land or other economic considerations are not the determining factor for this zone change request. The requested zone change is justified because the MX-M zone is more appropriate for these lots. It will allow for uses similar to the surrounding area, which contains many permissive uses in the MX-M zone. The subject properties are in a location where the permissive uses will be advantageous to the greater community and fulfill the City’s goals of developing infill properties, locating commercial and employment generating development along Corridors and with an existing Employment Center.

Staff: Economic considerations are always a factor, but the applicant’s justification for the MX-M zone is not based completely or predominantly on the cost of land or economic considerations. Rather, the applicant has demonstrated that the request furthers a preponderance of applicable Comprehensive Plan Goals and policies and therefore would generally be more advantageous to the community than the existing zoning. The response to Criterion G is sufficient.
H. The zone change does not apply a zone district different from surrounding zone districts to one small area or one premises (i.e. create a "spot zone") or to a strip of land along a street (i.e. create a "strip zone") unless the change will clearly facilitate implementation of the ABC Comp Plan, as amended, and at least one of the following applies:

1. The area of the zone change is different from surrounding land because it can function as a transition between adjacent zone districts.

2. The site is not suitable for the uses allowed in any adjacent zone district due to topography, traffic, or special adverse land uses nearby.

3. The nature of structures already on the premises makes it unsuitable for the uses allowed in any adjacent zone district.

The area of the requested zone change matches the existing zoning in the Renaissance Employment Center. The existing MX-L zone on a trip of land along a street is essentially a “spot zone” and does not complement the surrounding zoning. A change of zone to MX-M will standardize the zoning in the area and will facilitate appropriate development in this highly commercial area and allow for the expansion of an existing business.

Staff: The request would not create a spot zone because the subject properties are surrounded by MX-M zoning. The proposed zoning would be consistent with the surrounding zone districts. The response to Criterion H is sufficient.

III. AGENCY & NEIGHBORHOOD CONCERNS

Reviewing Agencies
City departments and other interested agencies reviewed this application. Few comments were received.

PNM noted that there are PNM facilities abutting the site and/or in easements along Renaissance Blvd and Union Way Drive NE. The applicant should contact PNM’s New Service Delivery Department as soon as possible to coordinate electric service regarding any proposed project.

Neighborhood/Public
The North Valley Coalition, the District 4 Coalition of Neighborhood Associations, and the North Edith Commercial Corridor Association were required to be notified, which the applicant did (see attachments). Property owners within 100 feet of the subject site were also notified, as required (see attachments). A neighborhood meeting was not requested by any of the notified neighborhood associations.

As of this writing, Staff has not received any comments in support or opposition to the request.
IV. CONCLUSION

The request is for a Zoning Map Amendment (zone change) from MX-L to MX-M for Tracts 1B1C1, 1B1B1 and 1B1A1, approximately 6.2 acres in Renaissance Center, between Union Way Dr. NE and Montaño Rd. NE (“the subject site”). The applicant wants to change the subject site’s zoning in order to facilitate future expansion of the existing light vehicle sales and service center. The subject site is in an Area of Change and in the Renaissance Employment Center.

The Applicant has adequately justified the zoning map amendment based upon the proposed zoning being generally more advantageous to the community than the current zoning, and because it would further a preponderance of applicable Goals and policies in the Comprehensive Plan.

The affected neighborhood organizations are the North Valley Coalition, the District 4 Coalition of Neighborhood Associations, and the North Edith Commercial Corridor Association. Property owners within 100 feet of the subject site were also notified as required.

As of this writing, Staff has not received any comments in support or opposition to the request.

Staff recommends approval.
FINDINGS – RZ-2021-00042, November 18, 2021 - Zoning Map Amendment (Zone Change).

1. The request is for a zoning map amendment (zone change) for an approximately 6.2-acre site legally described as Tracts 1-B-1-C-1, 1-B-1-B-1 and 1B-1-A-1 Plat of Tracts 1B-1-A-1, 1B-1-B-1, 1B-1-C-1 and Tract 1B-1-F Plat of Tracts 1B-1-A, 1-B-1-B, 1-B-1-C, 1-B-1-D, 1B-1-E, and 1-B-1-F Renaissance Center (“the subject site”), located at 1221, 1231, 1261 and 1271 Renaissance Blvd. NE, between Union Way Dr NE and Montaño Road NE.

2. The subject site is zoned MX-L (Mixed-Use Low Intensity Zone District) which was converted from the former zoning of SU-1 R-3 & C-1 upon adoption of the Integrated Development Ordinance (IDO).

3. The applicant is requesting a zone change to MX-M (Mixed-Use – Mixed-Use Moderate Intensity Zone District) in order to allow expansion of the Power Ford light vehicle and sales service center.

4. The subject site is in an Area of Change as designated by the Comprehensive Plan and in the North I-25 Community Planning Area (CPA).

5. The subject site is within 660 feet of Montaño Road, a Major Transit Corridor as designated by the Comprehensive Plan, and is within the Renaissance Center.

6. The Albuquerque/Bernalillo County Comprehensive Plan and the City of Albuquerque Integrated Development Ordinance (IDO) are incorporated herein by reference and made part of the record for all purposes.

7. The request furthers the following Goals and Policies from Chapter 5: Land Use pertaining to Centers & Corridors:

   A. **Goal 5.1 Centers & Corridors:** Grow as a community of strong Centers connected by a multi-modal network of Corridors.

   The subject site is located in an Employment Center and within 660 feet of Montaño Road NE, classified as a Major Transit Corridor. The request would facilitate development that would reinforce the corridor and the Renaissance Employment Center by increasing employment density and facilitating redevelopment of the subject site.

   B. **Subpolicy 5.1.1.(c):** Encourage employment density, compact development, redevelopment, and infill in Centers and Corridors as the most appropriate areas to accommodate growth over time and discourage the need for development at the urban edge.

   The requested MX-M zone would facilitate redevelopment of the subject site and would encourage employment density as the future expansion would accommodate approximately 90-120 jobs. The MX-M zone would encourage redevelopment and infill in the Center and Corridor thereby accommodating growth over time in an appropriate area while discouraging the need for development at the urban edge.
C. **Policy 5.1.5 Employment Centers**: Create Centers that prioritize employment opportunities and foster synergy among businesses.

The request would strengthen opportunities within the Renaissance Employment Center by allowing an existing business to expand, thereby promoting employment opportunities and allowing the existing uses to become permissive. The request would help foster synergy among businesses that would be accessible by residents in the area.

D. **Policy 5.2.1 – Land Uses**: Create healthy, sustainable, and distinct communities with a mix of uses that are conveniently accessible from surrounding neighborhoods.

The request would allow a greater range of uses than the existing zone. The MX-M zone district is intended to allow higher-density development in appropriate locations and the proposed expansion, if approved, would allow a broad range of services and a mix of uses along a Major Transit Corridor and in the Renaissance Employment Center. The mix of uses would be conveniently accessible from surrounding neighborhoods.

E. **Subpolicy 5.2.1(g)**: Locate quality commercial development and redevelopment in existing commercial zones and designated Centers and Corridors as follows:

ii. in larger area-wide shopping centers located near intersections of arterial streets and provided with access to transit.

The request would allow for an existing light vehicle sales and service center to expand that is conveniently located within the Renaissance Employment Center and near a Major Transit Corridor. The subject site is located near the intersection of Union Way Road and Renaissance Boulevard NE, an urban major collector that is supported by retail and residential uses. However, the request is for a zone map amendment, not a site plan, therefore Staff is unable to comment on quality commercial development.

G. **Subpolicy 5.2.1(h)**: Encourage infill development that adds complementary uses and is compatible in form and scale to the immediately surrounding development.

The request would encourage infill development and would add complementary uses to the Renaissance Employment Center. The request would allow for an existing business to expand under the MX-M zone therefore the uses would be complementary and compatible in form and scale to the immediately surrounding development.

8. The request furthers the following Goals and Policies from Chapter 5: **Land Use pertaining to Development Patterns**:

A. **Goal 5.3 – Efficient Development Patterns**: Promote development patterns that maximize the utility of existing infrastructure and public facilities and the efficient use of land to support the public good.

The area is served by existing infrastructure and public facilities, so the development made possible by the request would promote efficient development patterns and use of land that would generally support the public good.

B. **Policy 5.3.1 – Infill Development**: Support additional growth in areas with existing infrastructure and public facilities.
The subject site is located in an area with existing infrastructure and public facilities. The surrounding properties are already developed with a mix of uses and the expansion of the subject site would support additional growth, while maintaining existing infrastructure.

C. Policy 5.6.2 – Areas of Change: Direct growth and more intense development to Centers, Corridors, industrial and business parks, and Metropolitan Redevelopment Areas where change is encouraged.

The request would facilitate expansion of the existing light vehicle sales and service center and would further this policy by directing growth to the Renaissance Employment Center where more intense development and growth is encouraged and near Montaño Road, a Major Transit Corridor.

D. Subpolicy 5.6.2(b): Encourage development that expands employment opportunities.

The request would facilitate and encourage development that would expand employment opportunities. The request would facilitate the expansion of an existing business and would create jobs in various fields including mechanics, administration, and management.

9. The applicant has adequately justified the request pursuant to the Integrated Development Ordinance (IDO) Section 14-16-6-7(F)(3)-Review and Decision Criteria for Zoning Map Amendments, as follows:

A. Criterion A: The applicant’s policy-based response adequately demonstrates that the request furthers a preponderance of applicable Goals and policies regarding land use patterns and development density and intensity in Centers and Corridors and does not present any significant conflicts with the Comprehensive Plan. Therefore, the request is consistent with the City’s health, safety, and morals and general welfare.

B. Criterion B: The subject site is located wholly in an Area of Change, so this Criterion does not apply.

C. Criterion C: The subject site is located wholly in an Area of Change and the applicant refers to sub-criterion 3, that a different zone district is more advantageous to the community as articulated by the Comprehensive Plan, including implementation of land use patterns, development density and intensity in Centers and Corridors. The applicant has adequately justified the request by demonstrating that it would facilitate redevelopment of the subject site with additional uses and services and would generate additional employment opportunities in the area. The request would further Comprehensive Plan Goals and policies relating to land use patterns and development density in Centers and Corridors.

D. Criterion D: Criterion D states to consider permissive uses that would be harmful to adjacent property, the neighborhood, or the community. Permissive uses that have higher impacts are allowed as conditional primary uses (C) such as warehousing, outdoor storage, wholesaling and distribution, drive-in theater, and recreation vehicle park. These uses would require a Conditional Use Approval involving a public hearing with the Zoning Hearing Examiner (ZHE) where public input would be included and Conditions of Approval could apply.
The applicant listed the uses that would become permissive if the zone change is approved. Staff finds that most of the permissive uses would not be harmful to adjacent property, the neighborhood, or the community because Use-Specific Standards would adequately mitigate harmful impacts. Hospital use could be harmful to nearby residences to the west of the subject site, but this use would also require a Conditional Use Approval and would be limited to no more than 20 overnight beds due to the subject site’s proximity to residential zone districts. The response to Criterion D is sufficient.

E. **Criterion E**: The City’s existing infrastructure and public improvements would have adequate capacity to serve the development made possible by the zone change (Criterion 1).

F. **Criterion F**: The Applicant’s justification is not completely based on the property’s location on a major street. The subject site is located on Renaissance Blvd NE, which is classified as an urban major collector but the applicant is not using this location to justify the request.

G. **Criterion G**: Economic considerations are always a factor, but the applicant’s justification for the MX-M zone is not based completely or predominantly on the cost of land or economic considerations. Rather, the applicant has demonstrated that the request furthers a preponderance of applicable Comprehensive Plan Goals and policies and therefore would generally be more advantageous to the community than the existing zoning.

H. **Criterion H**: The request would not create a spot zone because the subject properties are surrounded by MX-M zoning. The proposed zoning would be consistent with the surrounding zone districts.

10. The applicant’s policy analysis adequately demonstrates that the request furthers a preponderance of applicable Goals and policies in the Comprehensive Plan and does not significantly conflict with them. Based on this demonstration, the proposed zone category would generally be more advantageous to the community than the current zoning.

11. The affected neighborhood organizations are the North Valley Coalition, the District 4 Coalition of Neighborhood Associations, and the North Edith Commercial Corridor Association. Property owners within 100 feet of the subject site were also notified.

12. A pre-application facilitated meeting was not requested.

13. As of this writing, Staff has not received any comments in support or opposition to the request.
RECOMMENDATION - RZ-2021-00042, November 18, 2021.

APPROVAL of Project #: 2021-006084, Case #RZ-2021-00042, a zone change from MX-L to MX-M for Tracts 1B1C1, 1B1B1 and 1B1A1 Plat of Tracts 1B1A1, 1B1B1, 1B1C1 and Tract 1B1F Plat of Tracts 1B1A, 1B1B, 1B1C, 1B1D, 1B1E & 1B1F, Renaissance Center, located at 1221, 1231, 1261 & 1271 Renaissance Blvd NE, between Union Way Dr NE and Montaña Rd NE, based on the preceding Findings.

No adverse comments at this time.

**Department of Municipal Development (DMD)**
No adverse comments.

**Traffic Engineering Operations (Department of Municipal Development)**

**Street Maintenance (Department of Municipal Development)**

**ABC WATER UTILITY AUTHORITY (ABCWUA)**
No adverse comment to the proposed zone change.

For information only:

Once development is known please request an availability at the link. Requests can be made at the link below: [https://www.abcwua.org/info-for-builders-availability-statements/](https://www.abcwua.org/info-for-builders-availability-statements/). The request shall include a City Fire Marshal approved Fire 1 Plan, a zone map showing the site location, and the proposed Utility Plan.

**SOLID WASTE MANAGEMENT DEPARTMENT**
No comments at this time.
PUBLIC SERVICE COMPANY OF NEW MEXICO (PNM)

There are PNM facilities abutting the site and/or in easements along Renaissance Blvd and Union Way Drive NE. The applicant should contact PNM’s New Service Delivery Department as soon as possible to coordinate electric service regarding any proposed project.

Submit a service application at https://pnmsd.powerclerk.com/MvcAccount/Login for PNM to review.

ABQ RIDE

No comments.

Nearest service is at a stop-pair for the Fixed Route 157 which runs east-west on Montaña and connects the Northwest Transit Center to Kirtland Air Force Base. The stop-pair is about 450 feet west of the Montaña/Renaissance intersection and about 1500 feet walking distance from the centroid of the site. There is continuous pedestrian access.

Form Z: Policy Decisions

Please refer to the EPC hearing schedule for public hearing dates and deadlines. Your attendance is required.

A single PDF file of the complete application including all plans and documents being submitted must be emailed to PLNDRS@cabq.gov prior to making a submittal. Zipped files or those over 9 MB cannot be delivered via email, in which case the PDF must be provided on a CD.

**INFORMATION REQUIRED FOR ALL POLICY DECISIONS (Except where noted)**

- Interpreter Needed for Hearing? **Yes** if yes, indicate language: _______________
- Proof of Pre-Application Meeting with City staff per IDO Section 14-16-6-4(B)
- Letter of authorization from the property owner if application is submitted by an agent
- Traffic Impact Study (TIS) form *(not required for Amendment to IDO Text)*
- Zone Atlas map with the entire site/plan amendment area clearly outlined and labeled *(not required for Amendment to IDO Text)* NOTE: For Annexation of Land, the Zone Atlas must show that the site is contiguous to City limits.

**ADOPTION OR AMENDMENT OF COMPREHENSIVE PLAN**

**ADOPTION OR AMENDMENT OF FACILITY PLAN**

- Plan, or part of plan, to be amended with changes noted and marked
- Letter describing, explaining, and justifying the request per the criteria in IDO Sections 14-16-6-7(A)(3) or 14-16-6-7(B)(3), as applicable
- Required notices with content per IDO Section 14-16-6-4(K)(6)
  - Office of Neighborhood Coordination notice inquiry response, notifying letter, and proof of first class mailing
  - Proof of emailed notice to affected Neighborhood Association representatives
  - Buffer map and list of property owners within 100 feet (excluding public rights-of-way), notifying letter, and proof of first class mailing

**AMENDMENT TO IDO TEXT**

- Section(s) of the Integrated Development Ordinance to be amended with changes noted and marked
- Justification letter describing, explaining, and justifying the request per the criteria in IDO Section 14-16-6-7(D)(3)
- Required notices with content per IDO Section 14-16-6-4(K)(6)
  - Office of Neighborhood Coordination notice inquiry response, notifying letter, and proof of first class mailing
  - Buffer map and list of property owners within 100 feet (excluding public rights-of-way), notifying letter, and proof of first class mailing

**ZONING MAP AMENDMENT – EPC**

**ZONING MAP AMENDMENT – COUNCIL**

- Proof of Neighborhood Meeting per IDO Section 14-16-6-4(C)
- Letter describing, explaining, and justifying the request per the criteria in IDO Section 14-16-6-7(F)(3) or Section 14-16-6-7(G)(3), as applicable
- Required notices with content per IDO Section 14-16-6-4(K)(6)
  - Office of Neighborhood Coordination notice inquiry response, notifying letter, and proof of first class mailing
  - Proof of emailed notice to affected Neighborhood Association representatives
  - Buffer map and list of property owners within 100 feet (excluding public rights-of-way), notifying letter, and proof of first class mailing
- Sign Posting Agreement

**ANNEXATION OF LAND**

- Application for Zoning Map Amendment *Establishment of zoning must be applied for simultaneously with Annexation of Land.*
- Petition for Annexation Form and necessary attachments
- Letter describing, explaining, and justifying the request per the criteria in IDO Section 14-16-6-7(E)(3)
- Board of County Commissioners (BCC) Notice of Decision

---

I, the applicant or agent, acknowledge that if any required information is not submitted with this application, the application will not be scheduled for a public meeting or hearing, if required, or otherwise processed until it is complete.

**TIS Determination**

**Note:** Changes made to development proposals / assumptions, from the information provided above, will result in a new TIS determination.

- Traffic Impact Study (TIS) Required: Yes [✓] No [ ]
- Thresholds Met? Yes [✓] No [ ]
- Mitigating Reasons for Not Requiring TIS: Previously Studied: [ ]
- Notes: No TIS required for a zone change request, A TIS maybe required when the property is developed depending on traffic volume.

**TRAFFIC ENGINEER**

**DATE**

9/29/2021
The Scoping Form must be submitted as part of a Traffic Circulation Layout submittal, DRB application for site plan approval, or EPC application. See the Development Process Manual Chapter 7.4 for additional information.

Submit by email to plndrs@cabq.gov and to the City Traffic Engineer mgrush@cabq.gov. Call 924-3362 for information.

Site Plan/Traffic Scoping Checklist

Site plan, building size in sq. ft. (show new, existing, remodel), to include the following items as applicable:

1. Access -- location and width of driveways
2. Sidewalks (Check DPM and IDO for sidewalk requirements. Also, Centers have wider sidewalk requirements.)
3. Bike Lanes (check for designated bike routes, long range bikeway system) (check MRCOG Bikeways and Trails in the 2040 MTP map)
4. Location of nearby multi-use trails, if applicable (check MRCOG Bikeways and Trails in the 2040 MTP map)
5. Location of nearby transit stops, transit stop amenities (eg. bench, shelter). Note if site is within 660 feet of premium transit.
6. Adjacent roadway(s) configuration (number of lanes, lane widths, turn bays, medians, etc.)
7. Distance from access point(s) to nearest adjacent driveways/intersections.
8. Note if site is within a Center and more specifically if it is within an Urban Center.
9. Note if site is adjacent to a Main Street.
10. Identify traffic volumes on adjacent roadway per MRCOG information. If site generates more than 100 vehicles per hour, identify volume to capacity (v/c) ratio on this form.

* Legal Descriptions:
  • 1271 Renaissance Blvd. NE - Tract 1B-1-C-1 Plat of Tracts 1B-1-A-1, 1B-1-B-1, 1B-1-C-1, Renaissance Center containing .9618 acres
  • 1261 Renaissance Blvd. NE - Tract 1B-1-B-1 Plat of Tracts 1B-1-A-1, 1B-1-B-1, 1B-1-C-1, Renaissance Center containing .6173 acres
  • 1221 Renaissance Blvd. NE - Tract 1B-1-A-1 Plat of Tracts 1B-1-A-1, 1B-1-B-1, 1B-1-C-1, Renaissance Center containing 1.6052 acres
  • 1231 Renaissance Blvd. NE - Tract 1B-1-F Plat of Tracts 1B-1-A, 1B-1-B, 1B-1-C, 1B-1-D, 1B-1-E, 1B-1-F Renaissance Center containing 2.9959 acres
**PRE-APPLICATION REVIEW TEAM (PRT) MEETING REQUEST**

Pre-application Review Team (PRT) Meetings are available to help applicants identify and understand the allowable uses, development standards, and processes that pertain to their request. **PRT Meetings are for informational purposes only; they are non-binding and do not constitute any type of approval.** Any statements regarding zoning at a PRT Meeting are not certificates of zoning. The interpretation of specific uses allowed in any zone district is the responsibility of the Zoning Enforcement Officer (ZEO).

When you submit PRT notes to meet a Pre-application Meeting requirement in Table 6-1-1, you will be charged a $50 PRT fee.

New Public Notice Forms
We have created forms for all email/mailed public notice and for Pre-submittal Neighborhood Meetings.
Please complete these forms for public notice:

Records requests
To request a site plan and/or Notice of Decision, please use ABQ Records web page:
https://www.cabq.gov/clerk/public-records
Please include the site’s address and the Case Tracking #s (see Zoning Comments) in your request.

Requests to Inspect Public Records
Any person may submit their request to inspect public records to the Office of the City Clerk by clicking on the following link to request records using our ABQ Records portal. https://cabq.nextrequest.com/
This enables us to respond to requests in the order in which they are received. Plus, it’s a better way to share large files.

File Submittal
For Administrative Amendments, DRB, EPC, hydrology and traffic submittals, e-mail electronic files to PLNDRS@cabq.gov. For questions about an application submittal or the submittal process itself, please contact Jay Rodenbeck at jrodenbeck@cabq.gov and/or to Maggie Gould at mgoould@cabq.gov.

For other questions, please contact the Planning representative at the top of the PRT Notes.

For Building Safety Plan Review, contact Building Safety at 924-3963. Website:
https://www.cabq.gov/planning/building-safety-permits

Transportation Development Comments

PRT 21-202 (1271,1261,1221,1231 Renaissance, Case#: 1000419 & 1010370.)

Information for Site Development – Transportation Development
For additional information contact Jeanne Wolfenbarger (924-3991) for amendment/replat/site plan.

General comments below (If applicable):

Curb Cuts
- Follow DPM guidelines for commercial curb cuts.
- Location of drive with respect to intersection depends on classification of the street. (See attached table.) Classification of street is according to the Long Range Master Plan developed by MRCOG.

Clear Sight Triangle at Access Points and Intersections
- Clear sight triangle (See attached hand-outs.) Nothing opaque should be in the triangle.

Private Site and Parking Lot Design
- Follow DPM and IDO Guidelines for Site and Parking Lot Design. Current ADA standards must be followed including required number of handicapped parking spaces and drive aisles, ADA access to public right-of-way, and ADA access to on-site buildings.
- See the Traffic Circulation Layout (TCL) Checklist. A TCL is required for any change or addition to a building > 500 sq. ft. or if the parking or circulation is changed. (This includes a repaving of parking lot.) Drawing must be stamped by a registered engineer or architect.
- When developing a parking lot layout, include all dimensioning for construction purposes. Also include all curb, curb ramp and signage details.
- Parking Calculations must be provided and per the requirements in the IDO. Number of vehicular spaces, motorcycle spaces, and bicycle spaces shall be specified and follow IDO requirements.
- Shared access/parking agreement is required if access/parking is shared with parking lot adjacent to site. (This can be established on a plat if submittal of a plat is required or by an agreement.)
- Existing driveways that are not being used are required to be removed and replaced with standard curb and sidewalk to match existing.

Traffic Studies
- See the Traffic Impact Study (TIS) thresholds. In general, a minimum combination of 100 vehicles entering and exiting in the peak hour warrants a Traffic Impact Study. Visit with Traffic Engineer for
determination, and fill out a TIS Form that states whether one is warranted. In some cases, a trip generation may be requested for determination.

**Platting and Public Infrastructure Requirements for Roadways**

- When submitting to DRB, all public roadway improvements that are required shall be shown on an infrastructure list. Public improvements must be included on a public work order set of drawings.
- All public roadway facilities must be within public right-of-way including the entire width of the public sidewalk, all public curb ramps, overhead utilities, traffic signals and lighting, etc.
- Curb and sidewalk are required along entire frontage of property. Follow IDO/DPM for specific width requirements.
- Depending on site’s use of an adjacent alleyway and on type of use for proposed site, alleyway improvements are required. This would include paving and/or proper right-of-way dedication to meet current width standards.
- For any private access easements on plats, all beneficiaries and maintenance responsibilities must be listed.
- Due to sight distance concerns and to construct sufficient curb ramps, right-of-way dedication is required to add curves to corners of properties at intersections if they are not already developed. See Table 23.3 of the DPM.
- Any private structures that are located within public right-of-way such as fences and walls shall either be removed or else a revocable permit with the City is required in which an annual fee is paid per year, based on square footage of the encroachment.

*If you would have additional questions or would like to schedule a follow-up Zoom meeting please contact Diego Ewell at dewell@cabq.gov*

3.9.5.4 Mini Clear Sight Triangle

Driveways need to maintain the mini sight triangle as shown in Figure 3.9.5-3. This triangle starts at the sidewalk and measures 11 feet on a side.

Figure 3.9.5-3 Mini Clear Sight Triangle

3.9.5.5 Visibility for Site Entrances and Driveways

Site entrances and driveways shall be designed to preserve the clear sight triangle free of visual obstruction as described in section 3.9.5.3 and 3.9.5.4 above.

3.9.5.6 Sight Distance Note

The following note is required in all site plans: Landscaping, signage, walls, fences, trees, and shrubbery between three (3') and eight feet (8') tall (as measured from the gutter pan) are not allowed within the clear sight triangle.

3.9.5.7 Objects Permitted in the Clear Sight Triangle

Objects, that may be located in the sight triangle, include, but are not limited to, hydrants, utility poles, utility junction boxes, and traffic control devices provided these objects are located to minimize visual obstruction. Objects under eight inches (8") wide may be allowed.

RE: Zoning Map Amendment, Lots in Renaissance

Dear Mr. Chairman,

On behalf of EWR PM, LLC., Consensus Planning submits this request for approval of a Zoning Map Amendment – EPC based on the criteria specified in the Integrated Development Ordinance (IDO) Section 14-16-6-7(F)(3). The Applicant is requesting a change of zoning from Mixed-use Low Intensity (MX-L) to Mixed-use Moderate Intensity (MX-M) to allow for expansion of the Power Ford light vehicle sales and services. The property is comprised of four lots totaling 6.16 acres. The addresses and legal descriptions are as follows:

- 1271 Renaissance Blvd. NE - Tract 1B-1-C-1 Plat of Tracts 1B-1-A-1, 1B-1-B-1, 1B-1-C-1, Renaissance Center containing .9618 acres
- 1261 Renaissance Blvd. NE - Tract 1B-1-B-1 Plat of Tracts 1B-1-A-1, 1B-1-B-1, 1B-1-C-1, Renaissance Center containing .6173 acres
- 1221 Renaissance Blvd. NE - Tract 1B-1-A-1 Plat of Tracts 1B-1-A-1, 1B-1-B-1, 1B-1-C-1, Renaissance Center containing 1.6052 acres
- 1231 Renaissance Blvd. NE - Tract 1B-1-F Plat of Tracts 1B-1-A, 1B-1-B, 1B-1-C, 1B-1-D, 1B-1-E, 1B-1-F Renaissance Center containing 2.9959 acres
LAND USE CONTEXT

The subject properties in total are approximately 6.16 acres in size. Lot C-1 is being used as light vehicle sales and Lot F as an employee parking lot, both related to the Power Ford dealership to the south. These uses were permitted under an SU-1 prior to the IDO conversion (see Case History below) and are considered legal non-conforming uses.

The properties are in the North I-25 Community Planning Area and are designated as an Area of Change in the ABC Comprehensive Plan. Montaño Road, a Major Transit Corridor, is located less than a half-mile to the south. The subject properties are part of the Renaissance Employment Center, characterized by large commercial retail and services, warehousing and distribution, and multi-family uses.

North of the subject properties is a bank, vacant lots, and apartments. Located to the southeast are Home Depot home improvement store and Power Ford light vehicle sales directly south. To the west of tracts A-1, B-1, and C-1 are two vacant properties consisting of 4.1 and 3.4 acres zoned MX-M. To the west of tract F west are low-density mobile homes in Unincorporated Bernalillo County. Tract F contains an existing employee parking lot separated from the residential development by a vacant area containing a service road and a slope that provides additional separation.
As previously mentioned, the current zoning of the subject properties is Mixed-use Low Intensity (MX-L). The sites are surrounded by Mixed-use Moderate Intensity (MX-M) zoning on all commercial properties. Multi-family apartments to the northeast and drainage facilities to the south are zoned Residential Multi-family Housing (R-MH). Unincorporated Bernalillo County land to the west is zoned Mobile Home/Single-family (M-H).

**Case History**

On January 17, 2002, the EPC approved a Zoning Map Amendment and a Site Plan for Subdivision for Tracts 1B-1-A-1, 1B-1-B-1, and 1B-1-C-1 (PR# 1000419). The approved Zoning Map Amendment changed the zoning from SU-1 for C-2 and R-3 uses to SU-1 for Auto Sales and C-1 and allowed an employee parking lot for the adjacent auto sales parcel on 1B-1-F.

The Site Plan for Subdivision was delegated to the Development Review Board and was signed and approved in 2002. Ultimately, the site plan was not developed. Under *IDO Table 6-4-3: Permit and Approval Expirations*, the Site Plan for Subdivision expired seven years after approval in 2009.

**Summary of Request**

The Applicant is requesting a Zoning Map Amendment – EPC from MX-L to MX-M for the subject properties. The requested MX-M zone will allow the development of these underutilized lots with commercial uses and bring the properties in line with the surrounding zoning. The Applicant intends to develop the properties as an expansion of the Power Ford vehicle sales and service.

As shown in this justification letter, the Applicant believes that the existing MX-L zone is not appropriate and that the MX-M zone is more advantageous to the area and the wider Albuquerque community. This request is supported by Comprehensive Plan goals and policies, is justified, and meets the requirements for a Zoning Map Amendment – EPC per *IDO Section 14-16-6-7(G)* as described below.

**ZONING MAP AMENDMENT JUSTIFICATION**

This request for a Zoning Map Amendment complies with the criteria outlined in *Section 14-16-6-7(G)(3) of the IDO* as follows:

6-7(G)(3)(a) *The proposed zone change is consistent with the health, safety, and general welfare of the City as shown by furthering (and not being in conflict with) a preponderance of applicable Goals and Policies in the ABC Comp Plan, as amended, and other applicable plans adopted by the City.*

**Applicant Response**: The proposed zone change is consistent with the health, safety, and general welfare of the City as shown by furthering the applicable Comprehensive Plan goals and policies, as follows:
Comprehensive Plan Policies

Goal 5.1 Centers & Corridors: Grow as a community of strong Centers connected by a multi-modal network of Corridors.

Applicant Response: The request furthers this goal and its policies and sub-policies because it will allow for new growth and development of an underutilized site connected by a multi-modal network of corridors. The subject properties are adjacent to Montaño Road, a Major Transit Corridor, and within the Renaissance Employment Center. Primary access to the subject properties is through Renaissance Boulevard, which contains several pedestrian connections. The Renaissance Bike Route connects to the Montaño Bike Lane that runs from Renaissance Boulevard west.

The Renaissance Employment Center is a moderate intensity commercial center. The redevelopment of the subject properties will further the goals of Employment Centers by creating more pedestrian connections with sidewalk and landscaping improvements along Renaissance, creating a more walkable environment for transit riders and pedestrians.

Policy 5.1.1 Desired Growth, Sub-Policy c): Encourage employment density, compact development, redevelopment, and infill in Centers and Corridors as the most appropriate areas to accommodate growth over time and discourage the need for development at the urban edge.

Applicant Response: The redevelopment of the subject properties furthers this sub-policy by encouraging an increase in employment density, redevelopment of existing underutilized properties, and infill of vacant property in an Employment Center and near a Major Transit Corridor. The Renaissance Employment Area contains several commercial retail and commercial services that provide employment opportunities to the community. The zone change will support an existing local business with 150 employees and allow for future expansion, adding approximately 90-120 jobs to an area that already contains a high-level employment density with other large commercial retail, services, offices, and manufacturing businesses.

Lots B-1 and C-1 are underutilized, and the redevelopment of these lots with MX-M permissive uses will complement the surrounding properties, which contain MX-M permissive uses such as large commercial retail, warehousing, and multi-family residential. The development of this property with light vehicle sales and service uses will spur additional development on adjacent large vacant parcels, adding opportunities for new businesses within a designated employment center.

Policy 5.1.5 Employment Centers: Create Centers that prioritize employment opportunities and foster synergy among businesses.

Applicant Response: The request furthers this policy because changing the zoning from MX-L to MX-M will allow uses that will provide employment opportunities via
the expansion of an existing business. In addition, the moderate-intensity uses made possible with a change of zoning to MX-M will foster synergy among the surrounding businesses by providing commercial uses compatible with those surrounding the subject properties and which are not permissive in the MX-L zone. These uses may include light vehicle sales and rental, light vehicle fueling station, catering service, general retail-medium, and personal and business services-large.

**Policy 5.2.1 – Land Uses:** Create healthy, sustainable, and distinct communities with a mix of uses that are conveniently accessible from surrounding neighborhoods.

**Applicant Response:** The zone change request furthers Policy 5.2.1 because the subject properties are conveniently accessible from the surrounding neighborhoods. As shown below, the Renaissance Center is surrounded by neighborhoods on the north, southeast, east, and west. The subject properties are accessible to the neighborhoods through a strong transportation network that includes adjacency to Interstate-25, arterial streets (Montano Road/Montgomery Boulevard), collector streets (Renaissance Boulevard, Alexander Boulevard), and local urban streets (Union Way Road).

![Transportation network and neighborhoods surrounding the subject properties.](image)

**Sub-Policy g):** Locate quality commercial development and redevelopment in existing commercial zones and designated Centers and Corridors as follows:

ii. In larger area-wide shopping centers located near intersections of arterial streets and provided with access via transit.

**Applicant Response:** This request for a zone change furthers this Sub-Policy by allowing for more and higher intensity commercial development, light vehicle sales and services, in an existing commercial area that is primarily MX-M zoning, a designated Employment Center, and near a designated transit corridor. The
Renaissance Employment Center is an area-wide shopping center with a mix of commercial uses. The subject properties are located near the intersection of Montaño Road, an Urban Principal Arterial and Renaissance Boulevard, an Urban Major Collector, and from I-25 via Montgomery Boulevard. The sites are accessible via transit from ABQ Ride Route 157 on Montaño Road, with a peak frequency of 25 minutes Monday through Saturday. The westbound Route 157 stop is approximately .17 miles from the subject properties and the eastbound stop is approximately .20 miles on the south side of Montaño Road. Both future stops are within walking distance of the subject properties.

**Sub-Policy h): Encourage infill development that adds complementary uses and is compatible in form and scale to the immediately surrounding development.**

**Applicant Response:** The approval of the zone change from MX-L to MX-M will further this Sub-policy by allowing redevelopment of these infill properties with complimentary use of light vehicle sales and other automobile-oriented uses. The surrounding area contains moderately intensive commercial uses zoned MX-M. The MX-L zone is an outlier within the Employment Center. It does not allow permissive moderate-intensity uses that would be appropriate in the area, such as light vehicle sales. A zone change to MX-M will allow for development similar in scale to the surrounding large commercial development, including the "Big-box" stores, multi-tenant developments, and the existing Power Ford dealership.

**Goal 5.3 – Efficient Development Patterns:** *Promote infill development patterns that maximize the utility of existing infrastructure and public facilities and the efficient use of land to support the public good.*

**Applicant Response:** The requested zone change will further this goal by promoting development on infill sites in an already highly developed area. The development will support the efficient use of land by allowing the expansion of an existing business with vehicle sales and services expanding those on the adjacent parcel to the south. Streets, utilities, water, and sewer are currently installed and will be utilized with the future development of these parcels made possible by a zone change to MX-M. The expansion of the business will support the public good by providing employment opportunities and commercial services via the expansion of an existing business.

**Policy 5.3.1 – Infill Development:** *Support additional growth in areas with existing infrastructure and public facilities.*

**Applicant Response:** The requested zone change furthers this policy by providing the appropriate zoning to develop these infill sites. As an infill location in a developed area, existing infrastructure is available to support new development. Public facilities currently in the area include two City of Albuquerque drainage facilities (and associated storm drains) located to the southwest of the subject properties, streets, water and sewer.
Policy 5.6.2 – Areas of Change: Direct growth and more intense development to Centers, Corridors, industrial and business parks, and Metropolitan Redevelopment Areas where change is encouraged.

Applicant Response: The requested Zoning Map Amendment will further policies pertaining to Areas of Change. By approving the zone change to MX-M the EPC will be consistent with the Comprehensive Policies by directing intensive development allowed in the MX-M zone where it is most advantageous to the community, near a Major Transit Corridor and in an existing Employment Center.

Sub-policy b) Encourage development that expands employment opportunities.

Applicant Response: The requested zone change furthers this Sub-policy by allowing for uses that will expand employment opportunities in an Employment Center. The Applicant plans to develop the sites with vehicle related uses, sales, and service to support expanding an existing business, providing employment and jobs in various fields, including mechanics, administration, and management.

Based on the responses to these goals and policies, the request of a zone change from MX-L to MX-M satisfies the requirements of Criterion A by directing more intensive uses in an Area of Change, the Renaissance Employment Center, and along a Montaño Road a Major Transit Corridor.

6-7(G)(3)(b): If the subject property is located partially or completely in an Area of Consistency (as shown in the ABC Comp Plan, as amended), the applicant has demonstrated that the new zone would clearly reinforce or strengthen the established character of the surrounding Area of Consistency and would not permit development that is significantly different from that character. The applicant must also demonstrate that the existing zoning is inappropriate because it meets any of the following criteria:

1. There was typographical or clerical error when the existing zone district was applied to the property.

2. There has been a significant change in neighborhood or community conditions affecting the site that justifies this request.

3. A different zone district is more advantageous to the community as articulated by the ABC Comp Plan, as amended (including implementation of patterns of land use, development density and intensity, and connectivity), and other applicable adopted City plan(s).

Applicant Response: The subject properties are located wholly in an Area of Change, so this criterion does not apply.

6-7(G)(3)(c): If the subject property is located wholly in an Area of Change (as shown in the ABC Comp Plan, as amended) and the applicant has demonstrated that the existing zoning is inappropriate because it meets any of the following criteria:

1. There was typographical or clerical error when the existing zone district was applied to the property.
2. There has been a significant change in neighborhood or community conditions affecting the site that justifies this request.

3. A different zone district is more advantageous to the community as articulated by the ABC Comp Plan, as amended (including implementation of patterns of land use, development density and intensity, and connectivity), and other applicable adopted City plan(s).

Applicant Response: The current MX-L zone is inappropriate because it is essentially a “spot zone” surrounded by MX-M zoning. The zone change to MX-M will match the existing surrounding zoning. The uses permitted in the MX-M zone are consistent with the ABC Comprehensive Plan, as shown in the previous section.

The proposed zone change to MX-M meets criterion #3 by being more advantageous to the community as articulated by the ABC Comp Plan (described in detail earlier in this justification letter). The zone change will provide more appropriate moderately intense uses on the properties than those allowed in the MX-L zone. Development of the subject properties will also provide additional employment and commercial density in an area of concentrated employment options and furthers numerous other goals and policies of the Comprehensive Plan.

6-7(G)(3)(d): The requested zoning does not include permissive uses that would be harmful to adjacent property, the neighborhood, or the community, unless the Use-specific Standards in Section 16-16-0 associated with that use will adequately mitigate those harmful impacts.

Applicant Response: None of the permissive uses in the MX-M zone will be harmful to the adjacent property, neighborhood, or community. A comparison of the two zones is provided in the following table. The proposed MX-M zone permissively allows (P) for several uses already in the area, such as Personal and business services, large, General retail, medium, and light vehicle sales and rental. Permissive uses with higher impacts are allowed as a primary use conditionally (C) such as warehousing, outdoor storage, wholesaling and distribution, drive-in theater, campground or recreation vehicle park, and building and home improvement materials store. These uses require conditional use approval from the Zoning Hearing Examiner, which must establish no adverse impact on the surrounding properties prior to development.

</tr>
</tbody>
</table>
Permissive land uses that may be harmful to the area include hospital and nightclub. These uses would not be harmful to surrounding commercial uses as they are of similar intensity of uses. Residential properties to the west are separated by approximately 500 feet from lots C-1, B-1, A-1 by two large vacant lots, which protects the residential properties from more intense uses. An area of vacant land that contains a service road separates the residential properties from lot F. There is also a slope that offers further protection from non-residential uses on the subject properties (see exhibit below).

In addition to the separations inherent to the characteristics of the property, IDO Use Specific Standards will ensure that development on the site will incorporate design elements that will lessen potential impacts on surrounding properties. They include the following:

- Personal and business services, large
- Drive-in Theater
- Building and home improvement materials store

Slope and vacant area between Lot F and residential to the west.
4-3(D)(4) Hospital use in the MX-M zone district is limited to no more than 20 overnight beds and, if located within 330 feet of the residential zone district, shall require a Conditional Use Approval.

4-3(D)(8) Bar, Nightclub, Restaurant, and Tap Room or Tasting Room requires that these uses comply with alcohol sales, stormwater requirements, and solid waste collection standards.

Neighborhood association representatives and adjacent property owners were notified of this zone change request to discuss potential impacts. Per IDO Table 6-1-1 and Section 6-4(C) representatives of the North Valley Coalition, District 4 Coalition of Neighborhood Associations, and the North Edith Commercial Corridor Association were emailed a request for a public meeting on September 16, 2021. Public notice emails were sent to neighborhood representatives and certified letters sent to property owners within 100 feet of the subject properties on October 6, 2021. Proof of delivery and mailings are included in the application. Consensus Planning was not contacted by the neighborhood associations for a meeting or received inquiries about the zone change request.

6-7(G)(3)(e): The City's existing infrastructure and public improvements, including but not limited to its street, trail, and sidewalk systems meet any of the following requirements:

1. Have adequate capacity to serve the development made possible by the change of zone.

2. Will have adequate capacity based on improvements for which the City has already approved and budgeted capital funds during the next calendar year.

3. Will have adequate capacity when the applicant fulfills its obligations under the IDO, the DPM, and/or an Infrastructure Improvements Agreement (IIA).

4. Will have adequate capacity when the City and the applicant have fulfilled their respective obligations under a City-approved Development Agreement between the City and the applicant.

Applicant Response: This request meets Criterion #1. There are existing infrastructure improvements in the vicinity that have been installed by the City or other developers that will be available to serve the development made possible by this zone change. They include streets, sidewalks, utilities, stormwater, water, and sewer. The development of these properties will allow the Applicant to provide improvements along the public right of way, including installing sidewalks along Renaissance Boulevard and Union Way Drive that will connect to existing sidewalks.

6-7(G)(3)(f): The applicant’s justification for the Zoning Map Amendment is not completely based on the property’s location on a major street.
Applicant Response: The properties are not located on any major streets, and this justification is not entirely based upon such circumstances, but rather, it is based on its location within a designated Employment Center.

6-7(G)(3)(g): The applicant’s justification is not based completely or predominantly on the cost of land or economic considerations.

Applicant Response: The cost of land or other economic considerations are not the determining factor for this zone change request. The requested zone change is justified because the MX-M zone is more appropriate for these lots. It will allow for uses similar to the surrounding area, which contains many permissive uses in the MX-M zone. The subject properties are in a location where the permissive uses will be advantageous to the greater community and fulfill the City’s goals of developing infill properties, locating commercial and employment-generating development along Corridors and with an existing Employment Center.

6-7(G)(3)(h): The zone change does not apply a zone district different from surrounding zone districts to one small area or one premises (i.e. create a “spot zone”) or to a strip of land along a street (i.e. create a “strip zone”) unless the requested zoning will clearly facilitate implementation of the ABC Comp Plan, as amended, and at least one of the following applies:

1. The subject property is different from surrounding land because it can function as a transition between adjacent zone districts.

2. The subject property is not suitable for the uses allowed in any adjacent zone district due to topography, traffic, or special adverse land uses nearby.

3. The nature of structures already on the subject property makes it unsuitable for the uses allowed in any adjacent zone district.

Applicant Response: The area of the requested zone change matches the existing zoning in the Renaissance Employment Center. The existing MX-L zone on a strip of land along a street is essentially a “spot zone” and does not complement the surrounding zoning. A change of zone to MX-M will standardize the zoning in the area. It will facilitate appropriate development in this highly commercial area and allow for the expansion of an existing business.

On behalf of EWR PM, LLC., we respectfully request that the Environmental Planning Commission approve this Zoning Map Amendment request based on the information provided. Thank you for your consideration.

Sincerely,

Jim Strozier, FAICP

RE:    PROJECT #2021-006084/RZ-2021-00042  
        Zone Map Amendment from MX-L to MX-M  

I have completed the initial review of the application, including the justification letter for the proposed Zone Map Amendment (zone change) for 1221, 1231, 1261 and 1271 Renaissance Boulevard NE, between Union Way Drive and Montano Road. The zone change is from MX-L to MX-M to allow for expansion of the Power Ford light vehicle sales and service center.

Although I have done my best for this review, additional items may arise as the case progresses. If so, I will inform you immediately. After review of the application material including the justification letter, the following comments are provided and changes or additions requested.

Please submit a revised zoning change justification letter pursuant to the zone change criteria (one copy) by Wednesday, October 27, 2021. If you have difficulty with this deadline, please let me know.

1. Introduction
   A. This is what I have for the legal description:

      Tracts 1-B-1-C-1, 1B-1-B-1 and 1B-1-A-1 Plat of Tracts 1B-1-A-1, 1B-1-B-1, 1B-1-C-1 and Tract 1B-1-F Plat of Tracts 1B-1-A, 1B-1-B, 1B-1-C, 1-B-1D, 1B-1-E, and 1B-1-F, Renaissance Center, located at 1221, 1231, 1261 & 1271 Renaissance Boulevard NE, between Union Way Drive and Montano Road.

      I have the acreage at 6.1802 that I have rounded up to 6.2-acres.

2. Topics & Questions
   A. Letters of authorization: For 1221 Renaissance Blvd NE I have an authorization letter signed but am unable to determine who signed it on behalf of the LLC. For
1231 Renaissance Blvd NE – I have an authorization letter signed by Barbara L. Richardson, trustee.

A New Mexico Association of Realtors Agreement was submitted as part of the application in order to extend the due diligence period to 12/15/21. The agreement is signed by both EWRPM LLC and Penan LLC. I will need authorization letters from both EWRPM LLC and Penan LLC addressed to Chairman MacEachen authorizing Consensus Planning to act on their behalf.

3. **Process**

A. Information regarding the EPC process, including the calendar and current Staff reports, can be found at:

http://www.cabq.gov/planning/boards-commissions/environmental-planning-commission

B. Timelines and EPC calendar: The EPC Public Hearing is scheduled for Thursday, November 18, 2021. Final Staff Reports will be available on Thursday, November 11, 2021. November 11, 2021 is Veterans Day so more than likely the reports will be posted the day before.

C. Note that, if a zone change request is denied, you cannot reapply again for one year.

D. Once Agency comments are distributed I will email you a copy and will forward any late comments to you.

E. I emailed you the PRT notes on October 14, 2021 that were not available at the time of the application submittal. Has anyone else in the Planning Department sent you the PRT notes?

4. **Notification & Neighborhood Issues**

    *Notification requirements for a zone change are explained in Section 14-16-6-4(K), Public Notice (IDO, p. 396). The required notification consists of: 1) an emailed letter to neighborhood representatives indicated by the ONC, and ii) a mailed letter (first-class) to property owners within 100 feet of the subject site.*

A. The pre-submittal neighborhood meeting notification required pursuant to 14-16-6-4(C) appears to be correct and complete.

B. It is not listed in your justification letter, but was a pre-application meeting requested?
C. Have any neighborhood representatives or members of the public contacted you with comments since your October 7, 2021 justification letter?

5. **Posted Sign**

   A. The posted sign requirements for the zone change are explained in Section 6-4(K)(4), Posted Sign, (IDO, pg. 399). The applicant shall post at least 1 sign on each street abutting the property that is the subject of the application at a point clearly visible from the street. Please make sure that the signs are posted for at least 15 calendar days before the public meeting or hearing, and for the appeal period of 15 calendar days following any decision. Please make sure that you email me photographs of the posted sign in case they should disappear prior to the hearing.

6. **Zone Map Amendment (Zone Change) – Justification and Policy Analysis**

   Please see the notes listed below for your consideration in revising the justification letter.

   **Goal 5.1 Centers & Corridors:** Grow as a community of strong Centers connected by a multi-modal network of Corridors.

   Your response needs to be completely redone. The request is for a zone map amendment, not a site plan. Your response should indicate how the uses under MX-M will help grow as a community of strong Centers... You list that, “the redevelopment of the subject property will further the goals of Employment Centers by creating more pedestrian connections with sidewalk and landscaping improvements along Renaissance, creating a more walkable environment for transit riders and pedestrians”. A site plan is not required to be submitted for a zone map amendment therefore how will we know that more pedestrian connections will be created? There should be no mention of landscaping improvements as there is no landscape plan to review.

   **Policy 5.1.1 Desired growth:** Capture regional growth in Centers and Corridors to help shape the built environment into a sustainable development pattern

   Your response needs to be completely redone. Your response is about additional development and activity to occur in a convenient location in a designated Employment Corridor. What additional development are you referring to? Your response has not addressed how the zone map amendment and the uses allowable under MX-M will help capture regional growth. At this time, this policy is not applicable to the request.
Subpolicy c: Encourage employment density, compact development, redevelopment, and infill in Centers and Corridors as the most appropriate areas to accommodate growth over time and discourage the need for development at the urban edge.

Your response needs to be completely redone. How will the zone map amendment encourage employment density? If the request is to expand the subject sites, then the uses allowable under MX-M should encourage employment density of the subject sites. Your response references how other areas within the Renaissance Employment Area contain areas that offer employment opportunities to the community, but they could continue to do this without approving a zone map amendment. Please address how the ZMA will encourage compact development. How will the redevelopment of these lots with MX-M uses complement the surrounding uses?

Policy 5.1.5 Employment Centers: Create Centers that prioritize employment opportunities and foster synergy among businesses.

How will the request help foster synergy among businesses? Just listing “foster synergy among businesses” in your response is not applicable to the request. Your respond needs to be redone and expanded in order to address this policy and list uses allowed under MX-M that would help prioritize employment opportunities.

Policy 5.2.1 Land Uses: Create healthy, sustainable, and distinct communities with a mix of uses that are conveniently accessible from surrounding neighborhoods.

What is so distinct about this area? Your response should list the uses in the area, not the names of businesses. What appropriate commercial uses are you referring to?

Subpolicy g: Locate quality commercial development and redevelopment in existing commercial zones and designated Centers and Corridors as follows:

ii. In larger area-wide shopping centers located near intersections and arterials streets and provided with access via transit.

Please replace “b” with “ii” which references the appropriate subpolicy. Please list in your response what commercial development you are referring to.

Subpolicy h: Encourage infill development that adds complementary uses and is compatible in form and scale to the immediately surrounding development.

Again, what complementary uses are you referring to?
Goal 5.3 Efficient Development Patterns: Promote infill development patterns that maximize the utility of existing infrastructure and public facilities and the efficient use of land to support the public good.

How will the request support the public good? Again, the request is for a zone map amendment, not a site plan. The key is to address development patterns that maximize the utility of existing infrastructure, not proposed infrastructure improvements. Redo this response.

Policy 5.3.1 Infill Development: Support additional growth in areas with existing infrastructure and public facilities.

Again, it is about the uses in MX-M. What appropriate zoning are you referring to? Similar to Goal 5.3 – this policy is about existing infrastructure and public facilities, not the installation of sidewalks and other infrastructure improvements. Redo this response.

Policy 5.6.2 – Areas of Change.

Response is adequate.

Subpolicy b. Encourage development that expands employment opportunities.

Response is adequate.

Criterion B. The response is appropriate to the request.
Criterion C. The response is appropriate to the request.
Criterion D. Redo. Your response does not address how more intense uses such as hospitals, nightclubs, etc. would not be harmful to the area. Pages 3 and 4 of your justification letter lists that there are mobile homes and single-family homes to the west of the subject sites. How will these uses not be harmful to these areas?
Criterion E. Please redo your response to this Criterion. Only Criterion #1 is applicable to the request. Criteria #3 is not applicable to the request as at this time the request is only for a zone map amendment, not a site plan review.
Criterion F. The response is appropriate to the request but list what streets you are referring to. For example, the subject site is on Renaissance Boulevard, an Urban Major Collector and between ____ and ____, both _______ streets.
Criterion G. The response is appropriate to the request.
Criterion H. The response is appropriate to the request.

Thank you.
NOTIFICATION
Dear neighbors,

This email is intended to provide notification that Consensus Planning is preparing an application for a Zone Map Amendment to the City of Albuquerque Environmental Planning Commission (EPC). The request is for four lots in the Renaissance Center. The following are the addresses and legal descriptions for each property.

- 1271 Renaissance Blvd. NE - *Tract 1B-1-C-1 Plat of Tracts 1B-1-A-1, 1B-1-B-1, 1B-1-C-1, Renaissance Center containing* .9618 acres
- 1261 Renaissance Blvd. NE - *Tract 1B-1-B-1 Plat of Tracts 1B-1-A-1, 1B-1-B-1, 1B-1-C-1, Renaissance Center containing* .6173 acres
- 1221 Renaissance Blvd. NE - *Tract 1B-1-A-1 Plat of Tracts 1B-1-A-1, 1B-1-B-1, 1B-1-C-1, Renaissance Center containing* 1.6052 acres
- 1231 Renaissance Blvd. NE - *Tract 1B-1-F Plat of Tracts 1B-1-A, 1B-1-B, 1B-1-C, 1B-1-D, 1B-1-E, 1B-1-F Renaissance Center containing* 2.9959 acres

The Applicant is requesting a change to the zoning of the four lots from MX-L to MX-M, which is consistent with the surrounding area.

As part of the IDO requirements, we are providing you an opportunity to discuss this request prior to making an application. Should you desire to request a meeting regarding this request or if you have any questions, please do not hesitate to contact me or Jim Strozier at cp@consensusplanning.com or by phone at (505) 764-9801 by October 1, 2021.

PLEASE NOTE: The ONC does not have any jurisdiction over any other aspect of your application beyond this neighborhood contact information. We can’t answer questions about sign postings, pre-construction meetings, permit status, site plans, buffers, or project plans, so we encourage you to contact the Planning Department at: 505-924-3857 Option #1, e-mail: devhelp@cabq.gov, or visit: https://www.cabq.gov/planning/online-planning-permitting-applications with those types of questions.

You will need to e-mail each of the listed contacts and let them know that you are applying for an approval from the Planning Department for your project. Please use this online link to find the required forms you will need to submit, https://www.cabq.gov/planning/urban-design-development/public-notice. Once you have e-mailed the listed contacts in each neighborhood, you will need to attach a copy of those e-mails AND a copy of this e-mail from the ONC to your application and submit it to the Planning Department for approval.

If your application requires you to offer a neighborhood meeting, you can click on this link to find required forms to use in your e-mail to the neighborhood association(s):
http://www.cabq.gov/planning/urban-design-development/neighborhood-meeting-requirement-in-the-integrated-development-ordinance

If your application requires a pre-application or pre-construction meeting, please plan on utilizing virtual platforms to the greatest extent possible and adhere to all current Public Health Orders and recommendations. The health and safety of the community is paramount.

If you have questions about what type of notification is required for your particular project or meetings that might be required, please click on the link below to see a table of different types of projects and what notification is required for each:
https://ido.abc-zone.com/integrated-development-ordinance-ido#page=303

PLEASE NOTE: The ONC does not have any jurisdiction over any other aspect of your application beyond this neighborhood contact information. We can’t answer questions about sign postings, pre-construction meetings, permit status, site plans, buffers, or project plans, so we encourage you to contact the Planning Department at: 505-924-3857 Option #1, e-mail: devhelp@cabq.gov, or visit: https://www.cabq.gov/planning/online-planning-permitting-applications with those types of questions.

You will need to e-mail each of the listed contacts and let them know that you are applying for an approval from the Planning Department for your project. Please use this online link to find the required forms you will need to submit, https://www.cabq.gov/planning/urban-design-development/public-notice. Once you have e-mailed the listed contacts in each neighborhood, you will need to attach a copy of those e-mails AND a copy of this e-mail from the ONC to your application and submit it to the Planning Department for approval.

If your application requires you to offer a neighborhood meeting, you can click on this link to find required forms to use in your e-mail to the neighborhood association(s):
http://www.cabq.gov/planning/urban-design-development/neighborhood-meeting-requirement-in-the-integrated-development-ordinance

If your application requires a pre-application or pre-construction meeting, please plan on utilizing virtual platforms to the greatest extent possible and adhere to all current Public Health Orders and recommendations. The health and safety of the community is paramount.

If you have questions about what type of notification is required for your particular project or meetings that might be required, please click on the link below to see a table of different types of projects and what notification is required for each:
https://ido.abc-zone.com/integrated-development-ordinance-ido#page=393
