On the 19th day of May, 2015 (hereinafter "**Hearing**") JOSE VILLEGAS (hereinafter "**Applicant**") appeared before the Zoning Hearing Examiner (hereinafter "**ZHE**") requesting a Variance of 10' 10" to the required 15' rear yard setback for a proposed addition (hereinafter "**Application**") upon the real property located at 305 MESA ST SE ("**Subject Property**"). Below are the findings of facts:

FINDINGS:

1. Applicant is requesting a Variance of 10' 10" to the required 15' rear yard setback for a proposed addition.
2. The City of Albuquerque Zoning Code of Ordinances Section § 14-16-4-2 (C) (2) "SPECIAL EXCEPTIONS – VARIANCE" reads in part: "A variance application shall be approved by the Zoning Hearing Examiner, if and only if, the Zoning Hearing Examiner finds **all** of the following:
(a) The application is not contrary to the public interest or injurious to the community, or to property or improvements in the vicinity;
(b) There are special circumstances applicable to the subject property which do not apply generally to other property in the same zone and vicinity such as size, shape, topography, location, surroundings, or physical characteristics created by natural forces or government action for which no compensation was paid;
(c) Such special circumstances were not self-imposed and create an unnecessary hardship in the form of a substantial and unjustified limitation on the reasonable use or return on the property that need not be endured to achieve the intent and purpose of the Zoning Code (§14-16-1-3) and the applicable zoning district; and
(d) Substantial justice is done.
3. The ZHE finds that the Applicant has met its burden of providing evidence (both oral testimony and written material) that establishes that the Application is not going to be: (i) contrary to the public interest, (ii) injurious to the community; or (iii) injurious to the property/improvements located in the nearby vicinity of the Subject Property. Specifically, the Applicant provided testimony that the improvements on this property will "greatly improve the curb appeal of the house" and the design is "done within the

guidelines set forth in the Silver Hills Historic Overlay Development Guidelines” (See Justification Letter) [as required pursuant to Section § 14-16-4-2 (C) (2) (a)]. Further, the Application and testimony of the Applicant at the Hearing suggest that there is no neighborhood opposition to the Application.

4. The ZHE finds that the Applicant has met its burden of providing evidence (both oral testimony and written material) that establishes that there are “special circumstances” applicable to the Subject Property which do not apply generally to other property in the same zone and vicinity. Specifically, the Applicant provided testimony that the existing home was built prior to the City of ABQ mandated lot setback requirements and because of the “small size of the property” there would not be an ability to construct a meaningful structure on the premises [as required pursuant to Section § 14-16-4-2 (C) (2) (b)]. The ZHE believes that the unusually small size of the lot and the age of the building (prior to Zoning Code setback regulations) are both special circumstances that qualify for the criteria of a variance in the Zoning Code.
5. The ZHE finds that the Applicant has met its burden of providing evidence (both oral testimony and written material) that establishes that the special circumstances presented hereinabove were not “self-imposed”, and that those special circumstances create an unnecessary hardship upon the Applicant. Specifically, the Applicant provided testimony that if they were forced to comply with the setback requirement the Applicant would not be able to build a reasonable home (due to the tight size constraints) which constitutes an “*unjustified limitation on the reasonable use of the Subject Property*” [as required pursuant to Section § 14-16-4-2 (C) (2) (c)]. The Applicant indicated that the current size of his home is 677 square feet.
6. The Applicant indicated that this project has been reviewed and approved by the LUCC. The LUCC Certificate of Appropriateness is in the file and is dated March 27, 2015.
7. The ZHE finds that the Applicant has met its burden of providing evidence (both oral testimony and written material) that establishes that substantial justice will be done if this Application is approved. [as required pursuant to Section § 14-16-4-2 (C) (2) (d)]
8. Applicant testified at the Hearing that the yellow “Notice of Hearing” signs were posted for the required time period as articulated within City of Albuquerque Code of Ordinances § 14-16-4-2 (B) (4).

CONCLUSIONS OF LAW:

The Applicant has met their burden of submitting an Application that provides evidence that satisfies the elements required within §14-16-4-2 (C) (2) of the Albuquerque Zoning Code.

DECISION:

APPROVAL WITH CONDITIONS of a VARIANCE of 10' 10" to the required 15' rear yard setback for a proposed addition.

CONDITIONS OF APPROVAL:

- A. The Applicant shall comply with the LUCC Certificate of Appropriateness (March 27, 2015) during the design and construction of the improvements on the Subject Property.

If you wish to appeal this decision, you may do so in the manner described below:

Appeal is to the Board of Appeals within 15 days of the decision. A filing fee of \$105.00 shall accompany each appeal application, as well as a written explanation outlining the reason for appeal and a copy of the ZHE decision. Appeals are taken at 600 2nd Street, Plaza Del Sol Building, Ground Level, Planning Application Counter located on the west side of the lobby. **Please present this letter of notification when filing an appeal.** When an application is withdrawn, the fee shall not be refunded.

An appeal shall be heard by the Board of Appeals within 45 days of the appeal period and concluded within 75 days of the appeal period. The Planning Division shall give written notice of an appeal, together with a notice of the date, time and place of the hearing to the applicant, a representative of the opponents, if any are known, and the appellant.

Please note that pursuant to Section 14. 16. 4. 4. (B), of the City of Albuquerque Comprehensive Zoning Code, you must demonstrate that you have legal standing to file an appeal as defined.

You will receive notice if any other person files an appeal. If there is no appeal, you can receive building permits any time after the appeal deadline quoted above, provided all conditions imposed at the time of approval have been met. However, the Zoning Hearing Examiner may allow issuance of building permits if the public hearing produces no objection of any kind to the approval of an application. To receive this approval, the applicant agrees in writing to return the building permit or occupation tax number.

Successful applicants are reminded that other regulations of the City must be complied with, even after approval of a special exception is secured. This decision does not constitute approval of plans for a building permit. If your application is approved, bring this decision with you when you apply for any related building permit or occupation tax number. Approval of a conditional use or a variance application is void after one year from date of approval if the rights and privileges are granted, thereby have not been executed or utilized.
