GREATER ALBUQUERQUE HOUSING PARTNERSHIP (THE DESIGN GROUP, AGENT) requests a special exception to Section 14-16-2-11(E)(3)(a): a VARIANCE of 1 foot to the 10 foot corner side yard setback for all or a portion of Lot 12A, Block 16, Emil Mann Addn, zoned R-2, located on 448 GROVE ST SE (L-19)

On the 19th day of December, 2017, THE DESIGN GROUP (“Agent”) acting as agent on behalf of the property owner GREATER ALBUQUERQUE HOUSING PARTNERSHIP (“Applicant”) appeared before the Zoning Hearing Examiner (“ZHE”) requesting a variance of 1 foot to the 10 foot corner side yard setback (“Application”) on the real property located at 448 GROVE ST SE (“Subject Property”). Below are the ZHE’s findings of fact and decision:

FINDINGS:

1. Applicant is requesting a variance of 1 foot to the 10 foot corner side yard setback.

2. The City of Albuquerque Zoning Code of Ordinances Section 14-16-4-2 (C)(2) (Special Exceptions – Variance) reads: “A variance application shall be approved by the Zoning Hearing Examiner, if and only if, the Zoning Hearing Examiner finds all of the following:

   (a) The application is not contrary to the public interest or injurious to the community, or to property or improvements in the vicinity;

   (b) There are special circumstances applicable to the subject property which do not apply generally to other property in the same zone and vicinity such as size, shape, topography, location, surroundings, or physical characteristics created by natural forces or government action for which no compensation was paid;

   (c) Such special circumstances were not self-imposed and create an unnecessary hardship in the form of a substantial and unjustified limitation on the reasonable use or return on the property that need not be endured to achieve the intent and purpose of the Zoning Code (§14-16-1-3) and the applicable zoning district; and

   (d) Substantial justice is done.”

3. The Applicant bears the burden of ensuring there is evidence in the record supporting a finding that the above criteria are met under Section 14-16-4-2(C).

4. The ZHE finds that Application is not: (i) contrary to the public interest, (ii) injurious to the community; or (iii) injurious to the property or improvements located in the vicinity as required by Section 14-16-4-2 (C)(2)(a).
5. Specifically, the ZHE finds that the minimal variance requested will not interfere with the light, access, views or other aspects of neighboring properties. No objections to the Application were registered. There are no injurious impacts apparent from the Application or materials in the record.

6. The ZHE finds that there are special circumstances applicable to the Subject Property which do not apply generally to other property in the same zone and vicinity such as size, shape, topography, location, surroundings, or physical characteristics created by natural forces or government action for which no compensation was paid, as required by Section 14-16-4-2(C)(2)(b).

7. Specifically, the ZHE finds that Applicant contracted with a surveyor to perform a slab certification prior to proceeding with construction. The slab certification indicated proper location of the slab. However, upon obtaining an ALTA (American Land Title Association) qualified survey upon completion of construction Applicant determined that the residence on the Subject Property encroached one foot into the required setback.

8. The ZHE finds that such special circumstances were not self-imposed and create an unnecessary hardship in the form of a substantial and unjustified limitation on the reasonable use or return on the property that need not be endured to achieve the intent and purpose of the Zoning Code (§14-16-1-3) and the applicable district, as required by Section 14-16-4-2(C)(2)(c).

9. Specifically, the ZHE finds that Applicant acted with all reasonable prudence and diligence and reasonably relied on professional work. Although granting the variance does no injury, denying it would impose a severe and unjustified hardship by requiring removal or substantial reconstruction of a residence without apparent benefit to any party.

10. The ZHE finds that substantial justice will be done if this Application is approved, as required pursuant to Section 14-16-4-2 (C)(2)(d).

11. The ZHE finds that the proper “Notice of Hearing” signage was posted for the required time period as required by Section 14-16-4-2(B)(4).

12. The ZHE finds that the Applicant has authority to pursue this Application.

CONCLUSIONS OF LAW:

The criteria within Section 14-16-4-2(C)(2) of the Albuquerque Zoning Code are satisfied.

DECISION:

You will receive notice if any other person files an appeal. If there is no appeal, you can receive building permits any time after the appeal deadline quoted above, provided all conditions imposed at the time of approval have been met. However, the Zoning Hearing Examiner may allow issuance of building permits if the public hearing produces no objection of any kind to the approval of an application. To receive this approval, the applicant agrees in writing to return the building permit or occupation tax number.

Successful applicants are reminded that other regulations of the City must be complied with, even after approval of a special exception is secured. This decision does not constitute approval of plans for a building permit. If your application is approved, bring this decision with you when you apply for any related building permit or occupation tax number. Approval of a conditional use or a variance application is void after one year from date of approval if the rights and privileges are granted, thereby have not been executed or utilized.
