Special Exception No:..... **17ZHE-80270**  
Project No: ..... **Project# 1011441**  
Hearing Date: ..... 12-19-17  
Closing of Public Record: ..... 12-19-17  
Date of Decision: ..... 01-03-18

On the 19th day of December, 2017, WOOTEN ENGINEERING (“Agent”) acting as agent on behalf of the property owner JIM W. SHULL JR & CHRISTEN SHULL (“Applicant”) appeared before the Zoning Hearing Examiner (“ZHE”) requesting a variance to the duly approved site plan of 9 feet to the 54 foot setback from Bosque Plaza Lane (“Application”) on the real property located at 6380 COORS BLVD NW (“Subject Property”). Below are the ZHE’s findings of fact and decision:

**FINDINGS:**

1. Applicant is requesting a variance to the duly approved site plan of 9 feet to the 54 foot setback from Bosque Plaza Lane.
2. The City of Albuquerque Zoning Code of Ordinances Section 14-16-4-2 (C)(2) (Special Exceptions – Variance) reads: “*A variance application shall be approved by the Zoning Hearing Examiner, if and only if, the Zoning Hearing Examiner finds all of the following:*  
*(a) The application is not contrary to the public interest or injurious to the community, or to property or improvements in the vicinity;*  
*(b) There are special circumstances applicable to the subject property which do not apply generally to other property in the same zone and vicinity such as size, shape, topography, location, surroundings, or physical characteristics created by natural forces or government action for which no compensation was paid;*  
*(c) Such special circumstances were not self-imposed and create an unnecessary hardship in the form of a substantial and unjustified limitation on the reasonable use or return on the property that need not be endured to achieve the intent and purpose of the Zoning Code (§14-16-1-3) and the applicable zoning district; and*  
*(d) Substantial justice is done.”*
3. The Applicant bears the burden of ensuring there is evidence in the record supporting a finding that the above criteria are met under Section 14-16-4-2(C).
4. The ZHE finds that Application is not: (i) contrary to the public interest, (ii) injurious to the community; or (iii) injurious to the property or improvements located in the vicinity as required by Section 14-16-4-2 (C)(2)(a).

5. Specifically, the ZHE finds that the requested variance will not result in a change in use or significant increase in intensity of use of the Subject Property. It will in fact allow for smaller structures with less lot coverage and enclosed activity.
6. The ZHE finds that there are special circumstances applicable to the Subject Property which do not apply generally to other property in the same zone and vicinity such as size, shape, topography, location, surroundings, or physical characteristics created by natural forces or government action for which no compensation was paid, as required by Section 14-16-4-2(C)(2)(b).
7. Specifically, the ZHE finds that there are special circumstances associated with the Subject Property, including an existing 10 foot PUE (public utility easement) along Bosque Plaza Lane, utility lines installed outside of the dedicated easement that must be avoided, allowance of space for sidewalks and a necessary drainage swale and a significant increase in grade as the property gets closer to Coors Boulevard that would render constructing access at that point prohibitively difficult.
8. The ZHE finds that such special circumstances were not self-imposed and create an unnecessary hardship in the form of a substantial and unjustified limitation on the reasonable use or return on the property that need not be endured to achieve the intent and purpose of the Zoning Code (§14-16-1-3) and the applicable district, as required by Section 14-16-4-2(C)(2)(c).
9. The requirement for a variance is not self-imposed by the Applicant but rather results in an interpretation of ambiguous and contradictory provisions of the zoning code, sector plan and site development plan resulting prudential condition of approval by the Environmental Planning Commission requiring that Applicant obtain the requested variance.
10. The hardship that would result is the requirement to construct a structure larger than required, using unnecessary resources with unnecessary cost, and unreasonably impinging on the area available for parking.
11. The ZHE finds that substantial justice will be done if this Application is approved, as required pursuant to Section 14-16-4-2 (C)(2)(d).
12. The ZHE finds that the proper "Notice of Hearing" signage was posted for the required time period as required by Section 14-16-4-2(B)(4).
13. The ZHE finds that the Applicant has authority to pursue this Application.

**CONCLUSIONS OF LAW:**

The criteria within Section 14-16-4-2(C)(2) of the Albuquerque Zoning Code are satisfied.

**DECISION:**

APPROVAL of a variance to the duly approved site plan of 9 feet to the 54 foot setback from Bosque Plaza Lane.

If you wish to appeal this decision, you must do so by January 18th, 2018, in the manner described below. A non-refundable filing fee will be calculated at the Planning

You will receive notice if any other person files an appeal. If there is no appeal, you can receive building permits any time after the appeal deadline quoted above, provided all conditions imposed at the time of approval have been met. However, the Zoning Hearing Examiner may allow issuance of building permits if the public hearing produces no objection of any kind to the approval of an application. To receive this approval, the applicant agrees in writing to return the building permit or occupation tax number.

Successful applicants are reminded that other regulations of the City must be complied with, even after approval of a special exception is secured. This decision does not constitute approval of plans for a building permit. If your application is approved, bring this decision with you when you apply for any related building permit or occupation tax number. Approval of a conditional use or a variance application is void after one year from date of approval if the rights and privileges are granted, thereby have not been executed or utilized.
