On the 21st day of February, 2017, CITY OF ALBUQUERQUE (“Applicant”) appeared before the Zoning Hearing Examiner (“ZHE”) requesting a variance of 43 off street parking spaces to the required 81 to allow a proposed new mixed use development (“Application”) upon the real property located at 501 4TH ST SW (“Subject Property”). Below are the ZHE’s findings of fact and decision:

FINDINGS:

1. Applicant is requesting a variance of 43 off street parking spaces to the required 81 to allow a proposed new mixed use development.

2. The City of Albuquerque Zoning Code of Ordinances Section 14-16-4-2 (C)(2) (Special Exceptions – Variance) reads: “A variance application shall be approved by the Zoning Hearing Examiner, if and only if, the Zoning Hearing Examiner finds all of the following:
   (a) The application is not contrary to the public interest or injurious to the community, or to property or improvements in the vicinity;
   (b) There are special circumstances applicable to the subject property which do not apply generally to other property in the same zone and vicinity such as size, shape, topography, location, surroundings, or physical characteristics created by natural forces or government action for which no compensation was paid;
   (c) Such special circumstances were not self-imposed and create an unnecessary hardship in the form of a substantial and unjustified limitation on the reasonable use or return on the property that need not be endured to achieve the intent and purpose of the Zoning Code (§14-16-1-3) and the applicable zoning district; and
   (d) Substantial justice is done.”

3. The Applicant bears the burden of ensuring there is evidence in the record supporting a finding that the above criteria are met under Section 14-16-4-2(C).

4. Upon review of the record and hearing testimony the ZHE finds remaining questions regarding adequacy of parking and impacts on other property and improvements located in the vicinity.
5. Rather than denying the Application at this time, the ZHE finds that the Applicant
should proceed to work with concerned community members to determine how
concerns regarding impacts on parking from the significant reduction in parking from
the required spaces can be addressed.

6. Therefore, this matter will be deferred to the March 17, 2017 ZHE agenda. If the
Applicant so requests this matter shall be referred to the Land Use Facilitation
Program.

If you wish to appeal this decision, you must do so by March 23, 2017, in the manner
described below. A non-refundable filing fee will be calculated at the Planning
Department’s Land Development Coordination counter and is required at the time the
Appeal is filed.

Appeal is to the Board of Appeals within 15 days of the decision. A filing fee of
$105.00 shall accompany each appeal application, as well as a written explanation
outlining the reason for appeal and a copy of the ZHE decision. Appeals are
taken at 600 2nd Street, Plaza Del Sol Building, Ground Level, Planning
Application Counter located on the west side of the lobby. Please present this
letter of notification when filing an appeal. When an application is withdrawn,
the fee shall not be refunded.

An appeal shall be heard by the Board of Appeals within 45 days of the appeal
period and concluded within 75 days of the appeal period. The Planning Division
shall give written notice of an appeal, together with a notice of the date, time and
place of the hearing to the applicant, a representative of the opponents, if any are
known, and the appellant.

Please note that pursuant to Section 14.16.4.4. (B), of the City of Albuquerque
Comprehensive Zoning Code, you must demonstrate that you have legal standing
to file an appeal as defined.

You will receive notice if any other person files an appeal. If there is no appeal,
you can receive building permits any time after the appeal deadline quoted above,
provided all conditions imposed at the time of approval have been met. However,
the Zoning Hearing Examiner may allow issuance of building permits if the
public hearing produces no objection of any kind to the approval of an
application. To receive this approval, the applicant agrees in writing to return the
building permit or occupation tax number.

Successful applicants are reminded that other regulations of the City must be
complied with, even after approval of a special exception is secured. This
decision does not constitute approval of plans for a building permit. If your
application is approved, bring this decision with you when you apply for any
related building permit or occupation tax number.
Approval of a conditional use or a variance application is void after one year from date of approval if the rights and privileges are granted, thereby have not been executed or utilized.

CITY OF ALBUQUERQUE requests a special exception to Section 14-16-2-23(A) and 14-16-3-10(E)(1) : a VARIANCE of 152 sq ft to the required 2945 sq ft landscape area to allow a proposed new mixed use development for all or a portion of Lot 1A, 5A, 9A, Block N, Atlantic & Pacific Addn zoned SU-2 NCR, located on 501 4TH ST SW (K-14)

On the 21st day of February, 2017, CITY OF ALBUQUERQUE ("Applicant") appeared before the Zoning Hearing Examiner ("ZHE") requesting a variance of 152 sq ft to the required 2945 sq ft landscape area to allow a proposed new mixed use development ("Application") upon the real property located at 501 4TH ST SW ("Subject Property"). Below are the ZHE’s findings of fact and decision:

FINDINGS:

1. Applicant is requesting a variance of 152 sq ft to the required 2945 sq ft landscape area to allow a proposed new mixed use development.
2. The City of Albuquerque Zoning Code of Ordinances Section 14-16-4-2 (C)(2) (Special Exceptions – Variance) reads: “A variance application shall be approved by the Zoning Hearing Examiner, if and only if, the Zoning Hearing Examiner finds all of the following:
   (a) The application is not contrary to the public interest or injurious to the community, or to property or improvements in the vicinity;
   (b) There are special circumstances applicable to the subject property which do not apply generally to other property in the same zone and vicinity such as size, shape, topography, location, surroundings, or physical characteristics created by natural forces or government action for which no compensation was paid;
   (c) Such special circumstances were not self-imposed and create an unnecessary hardship in the form of a substantial and unjustified limitation on the reasonable use or return on the property that need not be endured to achieve the intent and purpose of the Zoning Code (§14-16-1-3) and the applicable zoning district; and
   (d) Substantial justice is done.”
3. The Applicant bears the burden of ensuring there is evidence in the record supporting a finding that the above criteria are met under Section 14-16-4-2(C).
4. The ZHE finds that Application is not: (i) contrary to the public interest, (ii) injurious to the community; or (iii) injurious to the property or improvements located in the vicinity as required by Section 14-16-4-2 (C)(2)(a).
5. Specifically, the ZHE finds that granting the Application, for a minimal variance to the standards, will not have an appreciable detrimental effect on available light, views, greenspace availability or urban habitat.

6. The ZHE finds that there are special circumstances applicable to the Subject Property which do not apply generally to other property in the same zone and vicinity such as size, shape, topography, location, surroundings, or physical characteristics created by natural forces or government action for which no compensation was paid, as required by Section 14-16-4-2(C)(2)(b).

7. Specifically, the ZHE finds that the Subject Property, at .69 acres, is an unduly small parcel on which to construct a project that meets the goals of the Barelas Sector Development Plan, specifically encouraging vertical mixed use commercial development (Policy LUZ 4) and attracting a promoting businesses (5.1 E2).

8. The ZHE finds that such special circumstances were not self-imposed and create an unnecessary hardship in the form of a substantial and unjustified limitation on the reasonable use or return on the property that need not be endured to achieve the intent and purpose of the Zoning Code (§14-16-1-3) and the applicable district, as required by Section 14-16-4-2(C)(2)(c).

9. Specifically, the ZHE finds that Applicant is attempting to fit a needed, beneficial project onto the available space, resulting in unreasonable constraints that do not need to be endured.

10. The ZHE finds that substantial justice will be done if this Application is approved, as required pursuant to Section 14-16-4-2(C)(2)(d).

11. The ZHE finds that the proper “Notice of Hearing” signage was posted for the required time period as required by Section 14-16-4-2(B)(4).

12. The ZHE finds that the Applicant has authority to pursue this Application.

CONCLUSIONS OF LAW:

The criteria within Section 14-16-4-2(C)(2) of the Albuquerque Zoning Code are satisfied.

DECISION:

APPROVAL of a variance of 152 sq ft to the required 2945 sq ft landscape area to allow a proposed new mixed use development.
