Special Exception No:..... **17ZHE-80232**
Project No: **Project# 1011398**
Hearing Date: 11-21-2017
Closing of Public Record: 11-21-2017
Date of Decision: 12-06-2017

On the 21st day of November, 2017 JAMES RICHARD BROWN (“Applicant”) appeared before the Zoning Hearing Examiner (“ZHE”) requesting a variance of 3 feet 4 inches to the required 5 foot side yard setback (“Application”) upon the real property located at 919 GIRARD BLVD NE (“Subject Property”). Below are the ZHE’s findings of fact and decision:

FINDINGS:

1. Applicant is requesting a variance of 3 feet 4 inches to the required 5 foot side yard setback.
2. The City of Albuquerque Zoning Code of Ordinances Section 14-16-4-2 (C)(2) (Special Exceptions – Variance) reads: *“A variance application shall be approved by the Zoning Hearing Examiner, if and only if, the Zoning Hearing Examiner finds all of the following:*
 - (a) *The application is not contrary to the public interest or injurious to the community, or to property or improvements in the vicinity;*
 - (b) *There are special circumstances applicable to the subject property which do not apply generally to other property in the same zone and vicinity such as size, shape, topography, location, surroundings, or physical characteristics created by natural forces or government action for which no compensation was paid;*
 - (c) *Such special circumstances were not self-imposed and create an unnecessary hardship in the form of a substantial and unjustified limitation on the reasonable use or return on the property that need not be endured to achieve the intent and purpose of the Zoning Code (§14-16-1-3) and the applicable zoning district; and*
 - (d) *Substantial justice is done.”*
3. The Applicant bears the burden of ensuring there is evidence in the record supporting a finding that the above criteria are met under Section 14-16-4-2(C).
4. The ZHE finds that Application is not: (i) contrary to the public interest, (ii) injurious to the community; or (iii) injurious to the property or improvements located in the vicinity as required by Section 14-16-4-2 (C)(2)(a).
5. Specifically, the ZHE finds that the proposed addition is part of a comprehensive plan to improve and upgrade the Subject Property.

It will be low profile and will not affect neighboring properties' views or light/solar access. It will be constructed to match the character of the existing dwelling. A minimum of five off-street parking spaces will be retained. The proposed addition will not result in a change in the character of the use of the Subject Property or more intense impacts on the community, or the property or improvements in the vicinity.

6. The ZHE finds that there are special circumstances applicable to the Subject Property which do not apply generally to other property in the same zone and vicinity such as size, shape, topography, location, surroundings, or physical characteristics created by natural forces or government action for which no compensation was paid, as required by Section 14-16-4-2(C)(2)(b).
7. Specifically, the ZHE finds that when the Subject Property was built out, prior to 1951, the garage was constructed approximately two feet from the southern boundary of the Subject Property and quite far back. There is a mature dutch elm tree approximately four feet from the northwest corner of the garage, and there is only approximately four feet of clearance between the residence and a concrete wall on the north side of the property.
8. Under Section 14-16-3-3-(A)(3)(b) "A setback variance may be approved... even though there is only a minimal showing as to exceptional physical conditions [for] Houses located on lots created when side-yard setback requirements were less severe and the lot's dimensions make it unreasonable to require the current side-yard setback requirements.
9. The Subject Property's dimensions and layout make it unreasonable require the current side-yard setback requirements.
10. The ZHE finds that such special circumstances were not self-imposed and create an unnecessary hardship in the form of a substantial and unjustified limitation on the reasonable use or return on the property that need not be endured to achieve the intent and purpose of the Zoning Code (§14-16-1-3) and the applicable district, as required by Section 14-16-4-2(C)(2)(c).
11. Specifically, the ZHE finds that the special circumstances have existed since prior to 1951 and are not a result of any action by the Applicant. An unnecessary hardship is created by the current side yard requirements, being that the proposed addition is a reasonable use of the Subject Property and its design is logical in the context of the lot layout.
12. The ZHE finds that substantial justice will be done if this Application is approved, as required pursuant to Section 14-16-4-2 (C)(2)(d).
13. The ZHE finds that the proper "Notice of Hearing" signage was posted for the required time period as required by Section 14-16-4-2(B)(4).
14. The ZHE finds that the Applicant has authority to pursue this Application.

CONCLUSIONS OF LAW:

The criteria within Section 14-16-4-2(C)(2) of the Albuquerque Zoning Code are satisfied.
