Special Exception No:..............17ZHE-80197
Project No:.......................Project# 1011341
Hearing Date:.......................09-19-17
Closing of Public Record:......09-19-17
Date of Decision:.................10-04-17

On the 19th day of September, 2017, LARRY HENDRIX (“Applicant”) appeared before the Zoning Hearing Examiner (“ZHE”) requesting a variance of 3 ft to the allowed 18 ft height for a secondary dwelling (“Application”) upon the real property located at 1301 MARBLE AV NW (“Subject Property”). Below are the ZHE’s findings of fact and decision:

FINDINGS:

1. Applicant is requesting a variance of 3 ft to the allowed 18 ft height for a secondary dwelling.
2. The City of Albuquerque Zoning Code of Ordinances Section 14-16-4-2 (C)(2) (Special Exceptions – Variance) reads: “A variance application shall be approved by the Zoning Hearing Examiner, if and only if, the Zoning Hearing Examiner finds all of the following:
   (a) The application is not contrary to the public interest or injurious to the community, or to property or improvements in the vicinity;
   (b) There are special circumstances applicable to the subject property which do not apply generally to other property in the same zone and vicinity such as size, shape, topography, location, surroundings, or physical characteristics created by natural forces or government action for which no compensation was paid;
   (c) Such special circumstances were not self-imposed and create an unnecessary hardship in the form of a substantial and unjustified limitation on the reasonable use or return on the property that need not be endured to achieve the intent and purpose of the Zoning Code ($14-16-1-3) and the applicable zoning district; and
   (d) Substantial justice is done.”
3. The Applicant bears the burden of ensuring there is evidence in the record supporting a finding that the above criteria are met under Section 14-16-4-2(C).
4. Among the requirements to obtain the requested variance is the requirement that the ZHE find that there are special circumstances applicable to the Subject Property which do not apply generally to other property in the same zone and vicinity such as
size, shape, topography, location, surroundings, or physical characteristics created by natural forces or government action for which no compensation was paid, as required by Section 14-16-4-2(C)(2)(b).

5. The Applicant describes the special circumstances as follows: To maximize the use of the secondary dwelling unit, we would like to build a 2 story space. The SU-DNA requires a maximum height on secondary dwelling units of 18'-0". To achieve a structure that matches the home and surrounding area, architecturally, we would need a building height of 21'-0" to achieve the goal for this project.

6. There is no evidence that this circumstance does not apply generally to other property in the same zone and vicinity, and it does not relate to size, shape, topography, location or physical characteristics created by natural forces or uncompensated government action. To the extent that the proposal matches the surrounding area that indicates that there are not circumstances unique to the Subject Property.

7. The ZHE finds that there are no special circumstances associated with the Subject Property.

8. The ZHE is unable to approve a variance request without making a finding of special circumstances and therefore further analysis is unnecessary.

9. The ZHE finds that the proper “Notice of Hearing” signage was posted for the required time period as required by Section 14-16-4-2(B)(4).

10. The ZHE finds that the Applicant has authority to pursue this Application.

CONCLUSIONS OF LAW:

The criteria within Section 14-16-4-2(C)(2) of the Albuquerque Zoning Code are not satisfied.

DECISION:

DENIAL of a variance of 3 ft to the allowed 18 ft height for a secondary dwelling.

If you wish to appeal this decision, you must do so by October 19, 2017, in the manner described below. A non-refundable filing fee will be calculated at the Planning Department’s Land Development Coordination counter and is required at the time the Appeal is filed.

A filing fee of $105.00 shall accompany each appeal application, as well as a written explanation outlining the reason for appeal and a copy of the ZHE decision. Appeals are taken at 600 2nd Street, Plaza Del Sol Building, Ground Level, Planning Application Counter located on the west side of the lobby. Please present this letter of notification when filing an appeal. When an application is withdrawn, the fee shall not be refunded.

An appeal shall be heard by the Board of Appeals within 45 days of the appeal period and concluded within 75 days of the appeal period.

Please note that pursuant to Section 14.16.4.4.(B), of the City of Albuquerque Comprehensive Zoning Code, you must demonstrate that you have legal standing to file an appeal as defined.

You will receive notice if any other person files an appeal. If there is no appeal, you can receive building permits any time after the appeal deadline quoted above, provided all conditions imposed at the time of approval have been met. However, the Zoning Hearing Examiner may allow issuance of building permits if the public hearing produces no objection of any kind to the approval of an application. To receive this approval, the applicant agrees in writing to return the building permit or occupation tax number.

Successful applicants are reminded that other regulations of the City must be complied with, even after approval of a special exception is secured. This decision does not constitute approval of plans for a building permit. If your application is approved, bring this decision with you when you apply for any related building permit or occupation tax number. Approval of a conditional use or a variance application is void after one year from date of approval if the rights and privileges are granted, thereby have not been executed or utilized.
