On the 16th day of October, 2018, Jacqueline Fishman, agent for property owner Legacy Hospitality, LLC (“Applicant”) appeared before the Zoning Hearing Examiner (“ZHE”) requesting a variance of 8 ft to the 15 ft minimum required rear yard setback (“Application”) upon the real property located at 6500 America’s Parkway NE (“Subject Property”). Below are the ZHE’s findings of fact and decision:

FINDINGS:

1. Applicant is requesting a variance of 8 ft to the 15 ft minimum required rear yard setback.
2. The City of Albuquerque Integrated Development Ordinance, Section 14-16-6-6(N)(3)(a) (Variance-Review and Decision Criteria) reads: “... an application for a Variance-ZHE shall be approved if it meets all of the following criteria:
   (1) There are special circumstances applicable to the subject property that are not self-imposed and that do not apply generally to other property in the same zone and vicinity such as size, shape, topography, location, surroundings, or physical characteristics created by natural forces or government action for which no compensation was paid. Such special circumstances of the property either create an extraordinary hardship in the form of a substantial and unjustified limitation on the reasonable use or return on the property, or practical difficulties result from strict compliance with the minimum standards.
   (2) The Variance will not be materially contrary to the public safety, health, or welfare.
   (3) The Variance does not cause significant material adverse impacts on surrounding properties or infrastructure improvements in the vicinity.
   (4) The Variance will not materially undermine the intent and purpose of the IDO or the applicable zone district.
   (5) The Variance approved is the minimum necessary to avoid extraordinary hardship or practical difficulties.”
3. The Applicant bears the burden of ensuring there is evidence in the record supporting a finding that the above criteria are met under Section 14-16-6-6(N)(3)(c).
4. All property owners within 100 feet of the subject property and the affected neighborhood association were notified.
5. Jacqueline Fishman, agent appeared and gave evidence in support of the application.
6. ABQ Park Neighborhood Association, Alvarado Park Neighborhood Association, Classic Uptown Neighborhood Association, Inez Neighborhood Association, Mark Twain
Neighborhood Association, Quigley Park Neighborhood Association, Snow Heights Neighborhood Association, Winrock South Neighborhood Association, Winrock Villas Condos Association are the affected neighborhood associations.

7. The subject property is currently zoned MX-H.
8. No meetings were requested by any NA.
9. Nothing was submitted in opposition to the application.
10. The shape and size of the subject property are unusual and is in an intense commercial and business area.
11. The subject property is long and narrow.
12. The size and shape of the subject property was created by the plating actions that facilitated the adjacent restaurant and multifamily uses.
13. The application will allow for appropriate building placement and use of the property given site constraints.
14. The application will allow a reduced setback along the west side of the subject property, which is adjacent to the parking lot of a large apartment complex.
15. The proposed application will maintain the intent of the IDO that seeks to protect existing uses.
16. The existing large apartment complex parking lot provides a significant buffer between the proposed building and the existing adjacent apartment buildings.
17. The project will not be feasible with present parking requirements, unless the application is approved.
18. No one appeared in opposition to the application.
19. There are special circumstances applicable to the Subject Property that are not self-imposed and that do not apply generally to other property in the same zone and vicinity such as size, shape, topography, location, surroundings, or physical characteristics created by natural forces or government action for which no compensation was paid, as required by Section 14-16-6-6(N)(3)(a)(1).
20. The Variance will not be contrary to the public safety, health and welfare of the community as required by Section 14-16-6-6(N)(3)(a)(2).
21. The variance will not cause significant adverse material impacts on surrounding properties or infrastructure improvements in the vicinity as required by Section 14-16-6-6(N)(3)(a)(3).
22. The variance will not materially undermine the intent and purpose of the IDO or applicable zone district as required by Section 14-16-6-6(N)(3)(a)(4).
23. The variance approved is the minimum necessary to avoid extraordinary hardship or practical difficulties as required by Section 14-16-6-6(N)(3)(a)(5).
24. The proper “Notice of Hearing” signage was posted for the required time period as required by Section 14-16-6-4(K)(3).
25. The Applicant has authority to pursue this Application.

To receive this approval, the applicant agrees in writing to return the building permit or occupation tax number.

Successful applicants are reminded that other regulations of the City must be complied with, even after approval of a special exception is secured. This decision does not constitute approval of plans for a building permit. If your application is approved, bring this decision with you when you apply for any related building permit or occupation tax number. Approval of a conditional use or a variance application is **void after one year** from date of approval if the rights and privileges are granted, thereby have not been executed or utilized.
