NOTIFICATION OF DECISION

1400 GBSE LLC (RBA ARCHITECTURE, AGENT) requests a special exception to Section 14-16-3-10(E)(8): a VARIANCE of 10ft to the required 10ft landscape buffer for a commercial project against a residential zone for all or a portion of Lot B GIBSON & MILES AREA, Block 0000, WOODWARD--HUGH B zoned C-1, located on 1400 GIBSON BLVD SE (L-15)

Special Exception No:..... **18ZHE-80057**
Project No:..... **Project# 1011550**
Hearing Date: 04-17-2018
Closing of Public Record: 04-17-2018
Date of Decision: 05-02-2018

On the 17th day of April, 2018, RBA ARCHITECTURE (“Agent”) acting as agent on behalf of the property owner 1400 GBSE LLC (“Applicant”) appeared before the Zoning Hearing Examiner (“ZHE”) requesting a variance of 10ft to the required 10ft landscape buffer for a commercial project against a residential zone (“Application”) upon the real property located at 1400 GIBSON BLVD SE (“Subject Property”). Below are the ZHE’s findings of fact and decision:

FINDINGS:

1. Applicant is requesting a variance of 10ft to the required 10ft landscape buffer for a commercial project against a residential zone.
2. The City of Albuquerque Zoning Code of Ordinances Section 14-16-4-2 (C)(2) (Special Exceptions – Variance) reads: “*A variance application shall be approved by the Zoning Hearing Examiner, if and only if, the Zoning Hearing Examiner finds all of the following:*
 - (a) *The application is not contrary to the public interest or injurious to the community, or to property or improvements in the vicinity;*
 - (b) *There are special circumstances applicable to the subject property which do not apply generally to other property in the same zone and vicinity such as size, shape, topography, location, surroundings, or physical characteristics created by natural forces or government action for which no compensation was paid;*
 - (c) *Such special circumstances were not self-imposed and create an unnecessary hardship in the form of a substantial and unjustified limitation on the reasonable use or return on the property that need not be endured to achieve the intent and purpose of the Zoning Code (§14-16-1-3) and the applicable zoning district; and*
 - (d) *Substantial justice is done.*”
3. The Applicant bears the burden of ensuring there is evidence in the record supporting a finding that the above criteria are met under Section 14-16-4-2(C).
4. The ZHE finds that Application is not: (i) contrary to the public interest, (ii) injurious to the community; or (iii) injurious to the property or improvements located in the vicinity as required by Section 14-16-4-2 (C)(2)(a).

5. The Applicant proposes to eliminate the required buffer on the Subject Property in favor of using the abutting easement as a buffer, in effect relocating the buffer to the other side of the property line.
6. The existing easement is an alley that is an unmaintained eyesore. Applicant proposes to be responsible for cleaning, planting and maintaining the alley as it would with the required buffer.
7. This results in a better situation for the abutting property owners, who support the Application.
8. The ZHE finds that there are special circumstances applicable to the Subject Property which do not apply generally to other property in the same zone and vicinity such as size, shape, topography, location, surroundings, or physical characteristics created by natural forces or government action for which no compensation was paid, as required by Section 14-16-4-2(C)(2)(b).
9. The combination of the existing alley and the odd, elongated triangle lot constitute special circumstances with respect to both shape and surroundings that do not apply generally to other property.
10. The ZHE finds that such special circumstances were not self-imposed and create an unnecessary hardship in the form of a substantial and unjustified limitation on the reasonable use or return on the property that need not be endured to achieve the intent and purpose of the Zoning Code (§14-16-1-3) and the applicable district, as required by Section 14-16-4-2(C)(2)(c).
11. Specifically, the ZHE finds that the lot shape creates the hardship that can be resolved by use of the easement alley in functionally the same manner.
12. The ZHE finds that substantial justice will be done if this Application is approved, as required pursuant to Section 14-16-4-2 (C)(2)(d).
13. The ZHE finds that the proper “Notice of Hearing” signage was posted for the required time period as required by Section 14-16-4-2(B)(4).
14. The ZHE finds that the Applicant has authority to pursue this Application.

CONCLUSIONS OF LAW:

The criteria within Section 14-16-4-2(C)(2) of the Albuquerque Zoning Code are satisfied.

DECISION:

You will receive notice if any other person files an appeal. If there is no appeal, you can receive building permits any time after the appeal deadline quoted above, provided all conditions imposed at the time of approval have been met. To receive this approval, the applicant agrees in writing to return the building permit or occupation tax number.

Successful applicants are reminded that other regulations of the City must be complied with, even after approval of a special exception is secured. This decision does not constitute approval of plans for a building permit. If your application is approved, bring this decision with you when you apply for any related building permit or occupation tax number. Approval of a conditional use or a variance application is void after one year from date of approval if the rights and privileges are granted, thereby have not been executed or utilized.
