Special Exception No:............ 18ZHE-80094
Project No: .................... Project# 1011600
Hearing Date: ................... 06-19-2018
Closing of Public Record: ......06-19-2018
Date of Decision: ............... 07-04-2018

On the 19th day of June, 2018, property owner THOMAS WHITE (“Applicant”) appeared before the Zoning Hearing Examiner (“ZHE”) requesting a variance of 5 ft to the required 10 ft separation to allow an accessory building (“Application”) upon the real property located at 5105 GUADALUPE TRL NW (“Subject Property”). Below are the ZHE’s findings of fact and decision:

FINDINGS:

1. Applicant is requesting a variance of 5 ft to the required 10 ft separation to allow an accessory building.
2. The City of Albuquerque Zoning Code of Ordinances Section 14-16-4-2(C)(2) (Special Exceptions – Variance) reads: “A variance application shall be approved by the Zoning Hearing Examiner, if and only if, the Zoning Hearing Examiner finds all of the following:
   (a) The application is not contrary to the public interest or injurious to the community, or to property or improvements in the vicinity;
   (b) There are special circumstances applicable to the subject property which do not apply generally to other property in the same zone and vicinity such as size, shape, topography, location, surroundings, or physical characteristics created by natural forces or government action for which no compensation was paid;
   (c) Such special circumstances were not self-imposed and create an unnecessary hardship in the form of a substantial and unjustified limitation on the reasonable use or return on the property that need not be endured to achieve the intent and purpose of the Zoning Code (§14-16-1-3) and the applicable zoning district; and
   (d) Substantial justice is done.”
3. The Applicant bears the burden of ensuring there is evidence in the record supporting a finding that the above criteria are met under Section 14-16-4-2(C).
4. The ZHE finds that Application is not: (i) contrary to the public interest, (ii) injurious to the community; or (iii) injurious to the property or improvements located in the vicinity as required by Section 14-16-4-2 (C)(2)(a).
5. Applicant states that the proposed structure will follow the existing lines of the house, built in 1961, will be lower in overall height and will be visually compatible, as well as ensure vehicle security.
6. The proposed structure will not block views, solar access or easements.
7. The proposed separation variance will allow the structure to be built farther from the adjacent neighbor’s property.
8. A letter was received expressing concerns about the intended use of the structure and the survey inaccuracy.
9. Applicant confirms that the structure will be used as a garage, and an appropriate condition of approval can ensure that this is the case.
10. The ZHE was able to view 2018 aerial imagery to get an understanding of the current conditions on the Subject Property.
11. The ZHE finds that there are special circumstances applicable to the Subject Property which do not apply generally to other property in the same zone and vicinity such as size, shape, topography, location, surroundings, or physical characteristics created by natural forces or government action for which no compensation was paid, as required by Section 14-16-4-2(C)(2)(b).
12. The lot is not rectangular, but rather narrower on one end, which constitutes a special circumstance.
13. In addition, Applicant states that the property was built in 1961 without an accessory structure, making it different from others in the vicinity.
14. The ZHE finds that such special circumstances were not self-imposed and create an unnecessary hardship in the form of a substantial and unjustified limitation on the reasonable use or return on the property that need not be endured to achieve the intent and purpose of the Zoning Code (§14-16-1-3) and the applicable district, as required by Section 14-16-4-2(C)(2)(c).
15. The unique shape of the property renders it such that the variance is required to construct the structure following the existing wall line of the house and avoid an unnecessary hardship.
16. The ZHE finds that substantial justice will be done if this Application is approved, as required pursuant to Section 14-16-4-2(C)(2)(d).
17. The ZHE finds that the proper “Notice of Hearing” signage was posted for the required time period as required by Section 14-16-4-2(B)(4).
18. The ZHE finds that the Applicant has authority to pursue this Application.

**CONCLUSIONS OF LAW:**

The criteria within Section 14-16-4-2(C)(2) of the Albuquerque Zoning Code are satisfied.

**DECISION:**

APPROVAL WITH CONDITIONS of a variance of 5 ft to the required 10 ft separation to allow an accessory building

**CONDITIONS OF APPROVAL:**

A filing fee of $105.00 shall accompany each appeal application, as well as a written explanation outlining the reason for appeal and a copy of the ZHE decision. Appeals are taken at 600 2nd Street, Plaza Del Sol Building, Ground Level, Planning Application Counter located on the west side of the lobby. Please present this letter of notification when filing an appeal. When an application is withdrawn, the fee shall not be refunded.

An appeal shall be heard by the Board of Appeals within 45 days of the appeal period and concluded within 75 days of the appeal period. You will receive notice if any other person files an appeal. If there is no appeal, you can receive building permits any time after the appeal deadline quoted above, provided all conditions imposed at the time of approval have been met. However, the Zoning Hearing Examiner may allow issuance of building permits if the public hearing produces no objection of any kind to the approval of an application. To receive this approval, the applicant agrees in writing to return the building permit or occupation tax number.

Successful applicants are reminded that other regulations of the City must be complied with, even after approval of a special exception is secured. This decision does not constitute approval of plans for a building permit. If your application is approved, bring this decision with you when you apply for any related building permit or occupation tax number. Approval of a conditional use or a variance application is void after one year from date of approval if the rights and privileges are granted, thereby have not been executed or utilized.
