Project No: **Project#2019-002570**
Hearing Date: 01-21-20
Closing of Public Record: 01-21-20
Date of Decision: 02-05-20

On the 21st day of January, 2020, Michelle Negrette, agent for property owner Jesse Herron (“Applicant”) appeared before the Zoning Hearing Examiner (“ZHE”) requesting a conditional use to allow a taproom (“Application”) upon the real property located at 1100 Bellamah Ave NW (“Subject Property”). Below are the ZHE’s findings of fact and decision:

FINDINGS:

1. Applicant is requesting a conditional use to allow a taproom.
2. The City of Albuquerque Code of Ordinances Section 14-16-6-6(A)(3) (Review and Decision Criteria– Conditional Use) reads: *“An application for a Conditional Use Approval shall be approved if it meets all of the following criteria:*
 - (a) It is consistent with the ABC Comp. Plan, as amended;*
 - (b) It complies with all applicable provisions of the IDO, including, but not limited to any Use-specific Standards applicable to the use in Section 14-16-4-3; the DPM; other adopted City regulations; and any conditions specifically applied to development of the property in any prior permit or approval affecting the property;*
 - (c) It will not create significant adverse impacts on adjacent properties, the surrounding neighborhood, or the larger community;*
 - (d) It will not create material adverse impacts on other land in the surrounding area, through increases in traffic congestion, parking congestion noise, or vibration without sufficient mitigation or civic or environmental benefits that outweigh the expected impacts;*
 - (e) It will not increase non-residential activity within 300 feet of a lot in any residential zone district between the hours of 8:00 pm and 6:00 am;*
 - (f) It will not negatively impact pedestrian or transit connectivity without appropriate mitigation*
3. The Applicant bears the burden of ensuring there is evidence in the record supporting a finding that the above criteria are met under Section 14-16-6-4(N)(1).
4. Agent for property owner appeared and gave evidence in support of the application.
5. All property owners within 100 feet and affected neighborhood association(s) were notified.
6. The subject property is currently zoned MX-T.

7. Based on evidence submitted by the Applicant, the proposed use is consistent with the ABC Comp. Plan, as amended; specifically, because it supports Comp Plan Goal 4.1 and Policies 4.1.2, 4.1.3, and 4.1.4 thereunder, by enhancing protecting and preserving distinct communities, and because it furthers Goal 7.3 and Policy 7.3.2 thereunder, by reinforcing sense of place and community character. No evidence to the contrary was submitted.
8. Based on evidence submitted by the Applicant, the proposed use complies with all applicable provisions of the IDO, including, but not limited to any Use-specific Standards applicable to the use in Section 14-16-4-3; the DPM; other adopted City regulations; and any conditions specifically applied to development of the property in any prior permit or approval affecting the property. No evidence to the contrary was submitted.
9. Based on evidence submitted by the Applicant, the proposed use will not create significant adverse impacts on adjacent properties, the surrounding neighborhood, or the larger community. In fact, applicant received a letter of support from an immediately adjacent neighbor and also entered into an understanding with a different neighbor to address specific concerns.
10. Based on evidence submitted by the Applicant, the proposed use will not create material adverse impacts on other land in the surrounding area, through increases in traffic congestion, parking congestion noise, or vibration without sufficient mitigation or civic or environmental benefits that outweigh the expected impacts. Applicant testified that the proposed use would not increase traffic, parking congestion, noise, or vibration. No evidence to the contrary was submitted.
11. Based on evidence submitted by the Applicant, the proposed use will not increase non-residential activity within 300 feet of a lot in any residential zone between the hours of 8:00PM and 6:00AM as required by Section 14-16-6-6(A)(3)(e), because all proposed uses would not impact any residentially zoned property during prohibited hours.
12. Based on evidence submitted by the Applicant, the proposed use will not negatively impact pedestrian or transit connectivity, as required by Section 14-16-6-6(A)(3)(f), because the proposed uses would be set back from pedestrian areas and there is no transit stops are near the property or impacted. No evidence to the contrary was submitted.
13. The ZHE finds that the proper “Notice of Hearing” signage was posted for the required time period as required by Section 14-16-6-4(K)(3).
14. The ZHE finds that the Applicant has authority to pursue this Application.
