Special Exception No:..... **VA-2019-00438**
Project No: **Project#2019-003136**
Hearing Date: 01-21-20
Closing of Public Record: 01-21-20
Date of Decision: 02-05-20

On the 21st day of January, 2020, Carla Beauchamp, agent for property owner Martha B Anderson Beauchamp (“Applicant”) appeared before the Zoning Hearing Examiner (“ZHE”) requesting a variance of 10 ft to the required 15 ft rear yard setback (“Application”) upon the real property located at 3402 Mackland Ave NE (“Subject Property”). Below are the ZHE’s findings of fact and decision:

FINDINGS:

1. Applicant is requesting a variance of 10 ft to the required 15 ft rear yard setback.
2. The City of Albuquerque Integrated Development Ordinance, Section 14-16-6-6(N)(3)(a) (Variance-Review and Decision Criteria) reads: “... an application for a Variance-ZHE shall be approved if it meets all of the following criteria:
 - (1) *There are special circumstances applicable to the subject property that are not self-imposed and that do not apply generally to other property in the same zone and vicinity such as size, shape, topography, location, surroundings, or physical characteristics created by natural forces or government action for which no compensation was paid. Such special circumstances of the property either create an extraordinary hardship in the form of a substantial and unjustified limitation on the reasonable use or return on the property, or practical difficulties result from strict compliance with the minimum standards.*
 - (2) *The Variance will not be materially contrary to the public safety, health, or welfare.*
 - (3) *The Variance does not cause significant material adverse impacts on surrounding properties or infrastructure improvements in the vicinity.*
 - (4) *The Variance will not materially undermine the intent and purpose of the IDO or the applicable zone district.*
 - (5) *The Variance approved is the minimum necessary to avoid extraordinary hardship or practical difficulties.”*
3. The Applicant bears the burden of ensuring there is evidence in the record supporting a finding that the above criteria are met under Section 14-16-6-4(N)(1).
4. Agent for property owner appeared and gave evidence in support of the application.

5. All property owners within 100 feet of the subject property and the affected neighborhood association were notified.
6. The subject property is currently zoned R-1B.
7. Based on evidence submitted by or on behalf of Applicant, there are special circumstances applicable to the Subject Property that are not self-imposed and that do not apply generally to other property in the same zone and vicinity such as size, shape, topography, location, surroundings, or physical characteristics created by natural forces or government action for which no compensation was paid, as required by Section 14-16-6-6(N)(3)(a)(1). Specifically, due to the configuration of the house on the lot, which preexisted Applicant's ownership, the "front" yard is realistically treated as the "side" yard, because the house is addressed on Mackland Ave NE, but is oriented with the front toward Tulane NE. This presents practical difficulties that would result from strict compliance with the minimum standards. No evidence to the contrary was presented.
8. Based on evidence submitted by or on behalf of Applicant, the variance will not be contrary to the public safety, health and welfare of the community as required by Section 14-16-6-6(N)(3)(a)(2). No evidence to the contrary was presented.
9. Based on evidence submitted by or on behalf of Applicant, the variance will not cause significant adverse material impacts on surrounding properties or infrastructure improvements in the vicinity as required by Section 14-16-6-6(N)(3)(a)(3). Specifically, the existing configuration of the site, and the proposed addition, will remain consistent with what currently exists. No evidence to the contrary was presented.
10. Based on evidence submitted by or on behalf of Applicant, the variance will not materially undermine the intent and purpose of the IDO or applicable zone district as required by Section 14-16-6-6(N)(3)(a)(4). Specifically, Applicant presented evidence that the intent of IDO will still be met in that the subject site will still be used as a single-family dwelling and will still allow the site to meet the other setback and building requirements that are outlined in the site's applicable zone district. No evidence to the contrary was presented.
11. Based on evidence submitted by or on behalf of Applicant, the variance approved is the minimum necessary to avoid extraordinary hardship or practical difficulties as required by Section 14-16-6-6(N)(3)(a)(5). Specifically, evidence was presented that the variance requested is the minimum necessary to allow a functional garage. No evidence to the contrary was presented.
12. The proper "Notice of Hearing" signage was posted for the required time period as required by Section 14-16-6-4(K)(3).
13. The Applicant has authority to pursue this Application.

DECISION:

APPROVAL of a variance of 10 ft to the required 15 ft rear yard setback.
