On the 19th day of October, 2021, Yolanda Montoya, agent for property owner Craig B II Meo (“Applicant”) appeared before the Zoning Hearing Examiner (“ZHE”) requesting a conditional use to allow an accessory dwelling unit w/out a kitchen (“Application”) upon the real property located 14200 Arcadia Rd NE at (“Subject Property”). Below are the ZHE’s finding of fact and decision:

FINDINGS:

1. Applicant is requesting a conditional use to allow an accessory dwelling unit w/out a kitchen.
2. The City of Albuquerque Code of Ordinances Section 14-16-6-6(A)(3) (Review and Decision Criteria– Conditional Use) reads: *“An application for a Conditional Use Approval shall be approved if it meets all of the following criteria:*
 - 6-6(A)(3)(a) *It is consistent with the adopted ABC Comp Plan, as amended.*
 - 6-6(A)(3)(b) *It complies with all applicable provisions of this IDO, including but not limited to any Use-specific Standards applicable to the use in Section 14-16-4-3; the DPM; other adopted City regulations; and any conditions specifically applied to development of the property in a prior permit or approval affecting the property, or there is a condition of approval that any Variances or Waivers needed to comply with any of these provisions must be approved or the Conditional Use Approval will be invalidated pursuant to Subsection (2)(c)2 above.*
 - 6-6(A)(3)(c) *It will not create significant adverse impacts on adjacent properties, the surrounding neighborhood, or the larger community.*
 - 6-6(A)(3)(d) *It will not create material adverse impacts on other land in the surrounding area through increases in traffic congestion, parking congestion, noise, or vibration without sufficient mitigation or civic or environmental benefits that outweigh the expected impacts.*
 - 6-6(A)(3)(e) *On a project site with existing uses, it will not increase non-residential activity within 300 feet in any direction of a lot in any Residential zone district between the hours of 10:00 P.M. and 6:00 A.M.*

6-6(A)(3)(f) *It will not negatively impact pedestrian or transit connectivity without appropriate mitigation.*

3. Agent appeared and gave evidence in support of the application.
4. All property owners within 100 feet and affected neighborhood association(s) were notified.
5. Applicant has met its burden of providing evidence that establishes that the requested Conditional Use approval is consistent with the ABC Comp. Plan, as amended. Specifically, it appears from Applicant's testimony and evidence that the community would benefit from an attractive and harmoniously designed accessory structure to allow uses compatible with single family dwellings demonstrates that the requested Conditional Use approval would help "create healthy, sustainable communities with a mix of uses that are conveniently accessible from surrounding neighborhoods" as stated as a goal in ABC Comp. Plan Policy 5.2.1.
6. Applicant has met its burden of providing evidence that establishes that the requested Conditional Use approval complies with all applicable provisions of the IDO, including, but not limited to any Use-specific Standards applicable to the use in Section 14-16-4-3; the DPM; other adopted City regulations; and any conditions specifically applied to development of the property in any prior permit or approval affecting the property. Specifically, Agent testified and confirmed in written submittals that the requested Conditional Use approval would comport with all applicable requirements. No prior permits or approvals apply.
7. Applicant has met its burden of providing evidence that establishes that the requested Conditional Use approval will not create significant adverse impacts on adjacent properties, the surrounding neighborhood, or the larger community. Specifically, Agent testified and confirmed in written submittals that the requested Conditional Use approval would not create any adverse impact and would in fact enhance property values of the subject site and thereby to the neighboring parcels.
8. Applicant has met its burden of providing evidence that establishes that the requested Conditional Use approval will not create material adverse impacts on other land in the surrounding area, through increases in traffic congestion, parking, congestion, noise, or vibration without sufficient mitigation or civic or environmental benefits that outweigh the expected impacts. Specifically, Agent testified and confirmed in written submittals that the requested Conditional Use approval would not create any adverse impact and would not increase traffic congestion, parking, congestion, noise, or vibration.
9. Applicant has met its burden of providing evidence that establishes that the requested Conditional Use approval will not increase non-residential activity within 300 feet of a lot in any residential zone district between the hours of 10:00 pm and 6:00 am. Specifically, Agent testified that non-residential activity would not increase in any prohibited manner.
10. Applicant has met its burden of providing evidence that establishes that the requested Conditional Use approval will not negatively impact pedestrian or transit connectivity without appropriate mitigation. Specifically, Agent testified that no negative impact on pedestrian or transit connectivity would result.
11. Applicable Use-Specific Standards are listed in IDO Section 13-16-4-3(F)(5).
12. Applicant testified that the requested Conditional Use approval would comport with all Use-Specific standards.
