DR Investments LLC (Agent, Brian Ortiz) requests a permit wall major in the front yard for Lot 11, Albright Addn No. 2, located at 610 Bellamah Ave NW, zoned R-1A [Section 14-16-5-7(D)(3)(g)]

Special Exception No: ............ VA-2022-00028
Project No: ..................... Project#2022-006552
Hearing Date: .................... 04-19-22
Closing of Public Record: ...... 04-19-22
Date of Decision: ............... 05-04-22

On the 19th day of April, 2022, Brian Ortiz, agent for property owner DR Investments LLC (“Applicant”) appeared before the Zoning Hearing Examiner (“ZHE”) requesting a permit wall major in the front yard (“Application”) upon the real property located at 610 Bellamah Ave NW (“Subject Property”). Below are the ZHE’s finding of fact and decision:

FINDINGS:

1. Applicant is requesting a Permit-Wall or Fence-Major.
2. The ZHE finds that the proper “Notice of Hearing” signage was posted for the required time period as required by Section 14-16-6-4(K)(3).
3. The ZHE finds that the Applicant has authority to pursue this Application
4. The City of Albuquerque Integrated Development Ordinance Section 14-16-6-6(H)(3) Permit-Wall or Fence-Major reads: “An application for a Permit – Wall or Fence – Major for a wall in the front or street side yard of a lot with low-density residential development in or abutting any Residential zone district that meets the requirements in Subsection 14-16-5-7(D)(3)(g) (Exceptions to Maximum Wall Height) and Table 5-7-2 shall be approved if the following criteria are met:

6-6(H)(3)(a) The wall is proposed on a lot that meets any of the following criteria:

1. The lot is at least ½ acre.
2. The lot fronts a street designated as a collector, arterial, or interstate highway.
3. For a front yard wall taller than allowed in Table 5-7-1, at least 20 percent of the properties with low-density residential development with a front yard abutting the same street as the subject property and within 330 feet of the subject property along the length of the street the lot faces have a front yard wall or fence over 3 feet. This distance shall be measured along the street from each corner of the subject property’s lot line, and the analysis shall include properties on both sides of the street.
4. For a street side yard wall taller than allowed in Table 5-7-1, at least 20 percent of the properties with low-density residential development with a side yard abutting the same street as the subject property and within 330 feet of the subject property along
the length of the street the lot faces have a street side yard wall or fence over 3 feet. This distance shall be measured along the street from each corner of the subject property’s lot line, and the analysis shall include properties on both sides of the street.

6-6(H)(3)(b) The proposed wall would strengthen or reinforce the architectural character of the surrounding area.

6-6(H)(3)(c) The proposed wall would not be injurious to adjacent properties, the surrounding neighborhood, or the larger community.

6-6(H)(3)(d) The design of the wall complies with any applicable standards in Section 14-16-5-7 (Walls and Fences), including but not limited to Subsection 14-16-5-7(E)(2) (Articulation and Alignment), Subsection 14-16-5-7(E)(3) (Wall Design), and all of the following:

1. The wall or fence shall not block the view of any portion of any window on the front façade of the primary building when viewed from 5 feet above ground level at the centerline of the street in front of the house.

2. The design and materials proposed for the wall or fence shall reflect the architectural character of the surrounding area.

5. The applicant bears the burden of providing a sound justification for the requested decision, based on substantial evidence, pursuant to IDO Section 14-16-6-4(E)(3).

6. The applicant bears the burden of showing compliance with required standards through analysis, illustrations, or other exhibits as necessary, pursuant to IDO Section 14-16-6-4(E)(4).

7. All property owners within 100 feet and affected neighborhood associations were notified of the application.

8. The subject property is currently zoned R-1A.

9. City Transportation initially issued a report objecting to the proposed wall to the extent it violates the applicable sight triangles. However, Applicant since revised his design to ensure that only view fencing would exist for any portion of the wall over 3-feet in height and located within the applicable sight triangles. City Transportation subsequently stated that it has no objection to the revised design with view fencing.

10. Based on photographs, maps and oral evidence presented by Applicant, at least 20 percent of the properties within 330 feet of the lot where the wall or fence is being requested have a wall or fence over 3 feet in the front yard area.

11. Based on evidence presented by Applicant, the proposed wall would strengthen or reinforce the architectural character of the surrounding area. Specifically, photographs were submitted showing several walls/fences in the neighborhood. It appears from the evidence that the proposed wall would not be out of character with the surrounding area, but rather would reinforce the architectural character of the neighborhood by being in harmony with the other improvements on the Subject Property.

12. Based on evidence presented by Applicant, the proposed wall would not be injurious to adjacent properties, the surrounding neighborhood, or the larger community. Specifically, that the wall would enhance the safety of both the subject property and neighboring properties by discouraging trespassers from coming into the community and property.

13. Based on evidence presented by Applicant, the design of the wall complies with any applicable standard in Section 14-16-5-7 (Walls and Fences), including, but not limited to
Subsection 14-16-5-7(E)(2) (Articulation and alignment) and Subsection 14-16-5-7(E)(3) (Wall Design), and all of the following: (a) The wall or fence shall not block the view of any portion of any window on the front façade of the primary building when viewed from 5 feet above ground level at the centerline of the street in front of the house; and (b) The design and materials proposed for the wall or fence shall reflect the architectural character of the surrounding area; provided that the fence/wall does not exceed 5-feet in height, as required by IDO Section 14-16-5-7(D)(3)(g) and Table 5-7-2.

14. Applicant’s companion application for a variance to allow a 6 ft solid wall in the front yard, VA2022-00029, also listed with this Application under Project # PR-2022-06552, is denied as further stated in the NOD for that variance application. Therefore, the fence/wall requested in this Application cannot exceed 5-feet in height, as required by IDO Section 14-16-5-7(D)(3)(g) and Table 5-7-2.

DECISION:

APPROVAL WITH CONDITION of a Permit-Wall or Fence-Major.

CONDITION:

The fence/wall cannot exceed 5-feet in height, as required by IDO Section 14-16-5-7(D)(3)(g) and Table 5-7-2.

APPEAL:

If you wish to appeal this decision, you must do so by May 19, 2022 pursuant to Section 14-16-6-4(V), of the Integrated Development Ordinance, you must demonstrate that you have legal standing to file an appeal as defined.

Successful applicants are reminded that other regulations of the City must be complied with, even after approval of a special exception is secured. This decision does not constitute approval of plans for a building permit. If your application is approved, bring this decision with you when you apply for any related building permit or occupation tax number. Approval of a conditional use or a variance application is void after one year from date of approval if the rights and privileges are granted, thereby have not been executed, or utilized.

DR Investments LLC (Agent, Brian Ortiz) requests a variance of 3 ft to allow for a 6 ft solid wall in the front yard for Lot 11, Albright Addn No. 2, located at 610 Bellamah Ave NW, zoned R-1A [Section 14-16-5-7(D)(1)]

On the 19th day of April, 2022, Brian Ortiz, agent for property owner DR Investments LLC (“Applicant”) appeared before the Zoning Hearing Examiner (“ZHE”) requesting a variance of 3 ft to allow for a 6 ft solid wall in the front yard (“Application”) upon the real property located at 610 Bellamah Ave NW (“Subject Property”). Below are the ZHE’s finding of fact and decision:

FINDINGS:

1. Applicant is requesting a variance of 3 ft to allow for a 6 ft solid wall in the front yard.
2. The City of Albuquerque Integrated Development Ordinance, Section 14-16-6-6(N)(3)(a) (Variance-Review and Decision Criteria) reads: “… an application for a Variance-ZHE shall be approved if it meets all of the following criteria:
   (1) There are special circumstances applicable to the subject property that are not self-imposed and that do not apply generally to other property in the same zone and vicinity such as size, shape, topography, location, surroundings, or physical characteristics created by natural forces or government action for which no compensation was paid. Such special circumstances of the property either create an extraordinary hardship in the form of a substantial and unjustified limitation on the reasonable use or return on the property, or practical difficulties result from strict compliance with the minimum standards.
   (2) The Variance will not be materially contrary to the public safety, health, or welfare.
   (3) The Variance does not cause significant material adverse impacts on surrounding properties or infrastructure improvements in the vicinity.
   (4) The Variance will not materially undermine the intent and purpose of the IDO or the applicable zone district.
   (5) The Variance approved is the minimum necessary to avoid extraordinary hardship or practical difficulties.”
3. The applicant bears the burden of providing a sound justification for the requested decision, based on substantial evidence, pursuant to IDO Section 14-16-6-4(E)(3).
4. The applicant bears the burden of showing compliance with required standards through analysis, illustrations, or other exhibits as necessary, pursuant to IDO Section 14-16-6-4(E)(4).
5. Applicant appeared and gave evidence in support of the application.
6. All property owners within 100 feet of the subject property and the affected neighborhood association were notified.
7. The subject property is currently zoned R1-A.
8. The proper “Notice of Hearing” signage was posted for the required time period as required by Section 14-16-6-4(K)(3).
9. The Applicant has authority to pursue this Application.
10. Applicant has not established that there are special circumstances applicable to the Subject Property that are not self-imposed and that do not apply generally to other property in the same zone and vicinity such as size, shape, topography, location, surroundings, or physical characteristics created by natural forces or government action for which no compensation was paid, as required by Section 14-16-6-6(N)(3)(a)(1). Applicant asserted in written submittals and oral testimony that the special circumstances justifying the variance are the existence of criminal activity, vagrants, alcohol and drug users, and panhandlers in the area, all of which pose a safety hazard to the residents of the subject property. The ZHE can certainly sympathize with a difficult situation. However, these conditions appear to apply generally to neighboring properties in the vicinity, rather than uniquely to the subject property. As such, they do not satisfy the requirement of special circumstances under the IDO.
11. Because all prongs of the variance test must be satisfied and, as stated above, Applicant failed to satisfy Section 14-16-6-6(N)(3)(a)(1), the Application must be denied.

DECISION:

DENIAL of a variance of 3 ft to allow for a 6 ft solid wall in the front yard.

APPEAL:

If you wish to appeal this decision, you must do so by May 19, 2022 pursuant to Section 14-16-6-4(V), of the Integrated Development Ordinance, you must demonstrate that you have legal standing to file an appeal as defined.

Successful applicants are reminded that other regulations of the City must be complied with, even after approval of a special exception is secured. This decision does not constitute approval of plans for a building permit. If your application is approved, bring this decision with you when you apply for any related building permit or occupation tax number. Approval of a conditional use or a variance application is void after one year from date of approval if the rights and privileges are granted, thereby have not been executed, or utilized.
