On the 16th day of August, 2022, Consensus Planning, agent for property owner Smart Assets, LLC ("Applicant") appeared before the Zoning Hearing Examiner ("ZHE") requesting a conditional use to allow cannabis retail within 600 ft of another cannabis retail location ("Application") upon the real property located at 2120 Eubank BLVD NE ("Subject Property"). Below are the ZHE’s finding of fact and decision:

FINDINGS:

1. Applicant is requesting a conditional use to allow cannabis retail within 600 ft of another cannabis retail location.
2. The City of Albuquerque Integrated Development Ordinance (IDO) Section 14-16-6-6(A)(3) (Review and Decision Criteria– Conditional Use) reads: “An application for a Conditional Use Approval shall be approved if it meets all of the following criteria:
   (a) It is consistent with the ABC Comp. Plan, as amended;
   (b) It complies with all applicable provisions of the IDO, including, but not limited to any Use-specific Standards applicable to the use in Section 14-16-4-3; the DPM; other adopted City regulations; and any conditions specifically applied to development of the property in any prior permit or approval affecting the property;
   (c) It will not create significant adverse impacts on adjacent properties, the surrounding neighborhood, or the larger community;
   (d) It will not create material adverse impacts on other land in the surrounding area, through increases in traffic congestion, parking congestion noise, or vibration without sufficient mitigation or civic or environmental benefits that outweigh the expected impacts;
   (e) It will not increase non-residential activity within 300 feet of a lot in any residential zone district between the hours of 8:00 pm and 6:00 am;
   (f) It will not negatively impact pedestrian or transit connectivity without appropriate mitigation.
3. The applicant bears the burden of providing a sound justification for the requested decision, based on substantial evidence, pursuant to IDO Section 14-16-6-4(E)(3).
4. The applicant bears the burden of showing compliance with required standards through analysis, illustrations, or other exhibits as necessary, pursuant to IDO Section 14-16-6-4(E)(4).
5. Applicant appeared and gave evidence in support of the Application.
6. The City Traffic Engineer submitted a report stating no objection to the Application.
7. All property owners within 100 feet and affected neighborhood association(s) were notified.
8. The ZHE finds that the proper “Notice of Hearing” signage was posted for the required time period as required by Section 14-16-6-4(K)(4).
9. The ZHE finds that the Applicant has authority to pursue this Application.
10. Applicant has met its burden of providing evidence that establishes that the requested Conditional Use approval is consistent with the ABC Comp. Plan, as amended. Specifically, Applicant testified and confirmed in submitted written evidence that the community and surrounding neighborhoods would benefit from the approval of the requested Conditional Use as it would help create new jobs within a new market sector and aid towards the growth and expansion of local small businesses and entrepreneurship within the community and neighborhood. This aligns with the goals and policies of the ABC Comp. Plan, as one of its goals is to “foster a culture of creativity and entrepreneurship and encourage private businesses to grow.” ABC Comp. Plan Goal 8.2. Further, the ABC Comp. Plan encourages the “cluster [of] compatible businesses to allow for more efficient movement of goods, services, and workers”. ABC Comp. Plan Policy 8.2.3(c).
11. Applicant has met its burden of providing evidence that establishes that the requested Conditional Use approval complies with all applicable provisions of the IDO, including, but not limited to any Use-specific Standards applicable to the use in Section 14-16-4-3; the DPM; other adopted City regulations; and any conditions specifically applied to development of the property in any prior permit or approval affecting the property. Specifically, Applicant testified and confirmed in written submittals that the requested Conditional Use approval would comport with all applicable requirements. No prior permits or approvals apply.
12. Applicant has met its burden of providing evidence that establishes that the requested Conditional Use approval will not create significant adverse impacts on adjacent properties, the surrounding neighborhood, or the larger community. The Subject Property is along a commercial corridor designated as an Urban Principal Arterial and is a relatively large commercial lot with generous setbacks and a large parking lot. It is adjacent to other non-residential development. The redevelopment of this site will reduce illegal and unwanted activity on the subject property, thereby improving and lessening the impact on the area. Approval of the Conditional Use will support redevelopment efforts, success of the Cannabis Micro-business, and the potential of the Applicant to maintain the site in the future.
13. Applicant has met its burden of providing evidence that establishes that the requested Conditional Use approval will not create material adverse impacts on other land in the surrounding area, through increases in traffic congestion, parking, congestion, noise, or vibration without sufficient mitigation or civic or environmental benefits that outweigh the
expected impacts. Specifically, Applicant confirmed in written submittals that the requested Conditional Use approval would not create any adverse impact and would not increase traffic congestion, parking, congestion, noise, or vibration. See also the evidence and arguments cited in paragraph 12, above.

14. Applicant has met its burden of providing evidence that establishes that the requested Conditional Use approval will not increase non-residential activity within 300 feet of a lot in any residential zone district between the hours of 10:00 pm and 6:00 am. Specifically, Applicant confirmed in written submittals that non-residential activity would not increase in any prohibited manner.

15. Applicant has met its burden of providing evidence that establishes that the requested Conditional Use approval will not negatively impact pedestrian or transit connectivity without appropriate mitigation. Specifically, Applicant confirmed in written submittals that no negative impact on pedestrian or transit connectivity would result.

16. IDO Section 14-16-4-3(D)(35) requires the following Use-Specific Standards for Cannabis Retail:

   4-3(D)(35)(a) Cannabis retail is allowed, provided that the establishment complies with all New Mexico State law requirements, including but not limited to any required spacing from other uses or facilities. All of the following provisions are required for licensed on-site cannabis consumption.

1. Notwithstanding other provisions in this Subsection 14-16-4-3(D)(35), this use requires a Conditional Use Approval pursuant to Subsection 14-16-6-6(A) when proposed to include licensed on-site cannabis consumption, which is licensed separately by the State under Sections 26-2C-1 to 26-2C-42 NMSA 1978.

2. If the cannabis retail establishment is licensed by the State for on-site cannabis consumption, and smoking or vaporizing is proposed to occur on-site, a cannabis odor control plan approved by the City is required pursuant to Subsection 14-16-6-5(G) (Site Plan – Administrative), Subsection 14-16-6-6(I) (Site Plan – DRB), or Subsection 14-16-6-6(J) (Site Plan – EPC), as applicable.

3. Licensed on-site cannabis consumption areas that allow smoking or vaporizing shall be conducted within fully enclosed portions of a building.

In the MX-T zone district, this use is prohibited, unless associated with an establishment licensed by the State as a cannabis microbusiness, in which case this use shall not exceed 10,000 square feet of gross floor area.
