

CITY OF ALBUQUERQUE
OFFICE OF ADMINISTRATIVE HEARINGS
ZONING HEARING EXAMINER
NOTIFICATION OF DECISION

Carlos Fadruga and Dania Rodriguez request a variance of 10 feet to the required 10 foot corner side setback for Lot 10, Block 12, Vista Encantada, located at 2736 Florida ST NE, zoned R-1C [Section 14-16-5-1(C)(1)]

Special Exception No:..... **VA-2022-00095**
Project No: **Project#2020-003521**
Hearing Date: 06-21-22
Closing of Public Record: 06-21-22
Date of Decision: 07-06-22

On the 21st day of June, 2022, property owners Carlos Fadruga and Dania Rodriguez (“Applicant”) appeared before the Zoning Hearing Examiner (“ZHE”) requesting a variance of 10 feet to the required 10 foot corner side setback (“Application”) upon the real property located at 2736 Florida ST NE (“Subject Property”). Below are the ZHE’s finding of fact and decision:

FINDINGS:

1. Applicant is requesting a variance of 10 feet to the required 10 foot corner side setback.
2. The City of Albuquerque Integrated Development Ordinance, Section 14-16-6-6(N)(3)(a) (Variance-Review and Decision Criteria) reads: “... an application for a Variance-ZHE shall be approved if it meets all of the following criteria:
 - (1) *There are special circumstances applicable to the subject property that are not self-imposed and that do not apply generally to other property in the same zone and vicinity such as size, shape, topography, location, surroundings, or physical characteristics created by natural forces or government action for which no compensation was paid. Such special circumstances of the property either create an extraordinary hardship in the form of a substantial and unjustified limitation on the reasonable use or return on the property, or practical difficulties result from strict compliance with the minimum standards.*
 - (2) *The Variance will not be materially contrary to the public safety, health, or welfare.*
 - (3) *The Variance does not cause significant material adverse impacts on surrounding properties or infrastructure improvements in the vicinity.*
 - (4) *The Variance will not materially undermine the intent and purpose of the IDO or the applicable zone district.*
 - (5) *The Variance approved is the minimum necessary to avoid extraordinary hardship or practical difficulties.”*
3. The applicant bears the burden of providing a sound justification for the requested decision, based on substantial evidence, pursuant to IDO Section 14-16-6-4(E)(3).
4. The applicant bears the burden of showing compliance with required standards through analysis, illustrations, or other exhibits as necessary, pursuant to IDO Section 14-16-6-4(E)(4).

5. Applicant appeared and gave evidence in support of the application.
6. The subject property is currently zoned R-1C.
7. Applicant has met the burden of providing evidence that establishes there are special circumstances applicable to the Subject Property that are not self-imposed and that do not apply generally to other property in the same zone and vicinity such as size, shape, topography, location, surroundings, or physical characteristics created by natural forces or government action for which no compensation was paid, as required by Section 14-16-6-6(N)(3)(a)(1). Specifically, Applicant testified that, the Subject Property has special circumstances because of its location on a corner and the position and orientation of preexisting improvements on the lot. These special circumstances create an extraordinary hardship in the form of a substantial and unjustified limitation on the reasonable use or return on the Subject Property, because compliance with the minimum standards would not allow for the reasonably proposed use that otherwise would be in compliance with the IDO.
8. Applicant has met the burden of providing evidence that establishes the variance will not be contrary to the public safety, health and welfare of the community as required by Section 14-16-6-6(N)(3)(a)(2). Specifically, evidence was submitted supporting that, if granted approval, the Applicant intends to construct the proposed project in a manner that is consistent with the IDO and the Development Process Manual (DPM). No party testified or submitted evidence in opposition to the Application. Applicant testified that the proposed addition that created the need for this variance is already built, but that if granted this variance he would follow all other code requirements, including without limitation all building code requirements, applicable to this addition.
9. Applicant has met the burden of providing evidence that establishes the variance will not cause significant adverse material impacts on surrounding properties or infrastructure improvements in the vicinity as required by Section 14-16-6-6(N)(3)(a)(3). Specifically, the proposal is designed to be in harmony and consistency with what currently exists in the neighborhood, which was supported by written evidence and oral testimony. Photographs of the property and blueprints of the proposed accessory building were submitted. The proposal would not be out of character with the surrounding area, but rather would reinforce the architectural character of the neighborhood by being in harmony with the other improvements existing and proposed for the Subject Property.
10. Applicant has met the burden on providing evidence that establishes the variance will not materially undermine the intent and purpose of the IDO or applicable zone district as required by Section 14-16-6-6(N)(3)(a)(4). Specifically, Applicant presented evidence that the intent of IDO will still be met in that the subject site will be in harmony with existing uses and the proposed variance would merely add to the safety and usability of the site.
11. Applicant has met the burden on providing evidence that establishes the variance approved is the minimum necessary to avoid extraordinary hardship or practical difficulties as required by Section 14-16-6-6(N)(3)(a)(5). Specifically, Applicant submitted evidence that any smaller variance would be ineffective to provide for the usability of the site. Thus, the applicant is not requesting more than what is minimally necessary for a variance.
12. City transportation submitted a report stating no objection.
13. Applicant provided evidence that the proper "Notice of Hearing" signage was posted for the required time period as required by Section 14-16-6-4(K)(3).
14. Applicant provided evidence that all property owners and neighborhood association within 100 feet of the subject property that are entitled to notice were notified of the Application.

15. The Applicant has authority to pursue this Application.

DECISION:

APPROVAL WITH CONDITION of a variance of 10 feet to the required 10 foot corner side setback.

CONDITION:

Applicant must abide by all building codes and all other ordinances applicable to the structure that gave rise to this variance Application.

APPEAL:

If you wish to appeal this decision, you must do so by July 21, 2022 pursuant to Section 14-16-6-4(V), of the Integrated Development Ordinance, you must demonstrate that you have legal standing to file an appeal as defined.

Successful applicants are reminded that other regulations of the City must be complied with, even after approval of a special exception is secured. This decision does not constitute approval of plans for a building permit. If your application is approved, bring this decision with you when you apply for any related building permit or occupation tax number. Approval of a conditional use or a variance application is void after one year from date of approval if the rights and privileges are granted, thereby have not been executed, or utilized.

Robert Lucero, Esq.
