Below are the ZHE’s finding of fact and decision:

FINDINGS:

1. Applicant is requesting a conditional use to allow for an accessory dwelling unit without a kitchen.
2. The City of Albuquerque Integrated Development Ordinance (IDO) Section 14-16-6-6(A)(3) (Review and Decision Criteria– Conditional Use) reads: “*An application for a Conditional Use Approval shall be approved if it meets all of the following criteria:*
 - (a) *It is consistent with the ABC Comp. Plan, as amended;*
 - (b) *It complies with all applicable provisions of the IDO, including, but not limited to any Use-specific Standards applicable to the use in Section 14-16-4-3; the DPM; other adopted City regulations; and any conditions specifically applied to development of the property in any prior permit or approval affecting the property;*
 - (c) *It will not create significant adverse impacts on adjacent properties, the surrounding neighborhood, or the larger community;*
 - (d) *It will not create material adverse impacts on other land in the surrounding area, through increases in traffic congestion, parking congestion noise, or vibration without sufficient mitigation or civic or environmental benefits that outweigh the expected impacts;*
 - (e) *It will not increase non-residential activity within 300 feet of a lot in any residential zone district between the hours of 8:00 pm and 6:00 am;*
 - (f) *It will not negatively impact pedestrian or transit connectivity without appropriate mitigation*
3. The applicant bears the burden of providing a sound justification for the requested decision, based on substantial evidence, pursuant to IDO Section 14-16-6-4(E)(3).
4. The applicant bears the burden of showing compliance with required standards through analysis, illustrations, or other exhibits as necessary, pursuant to IDO Section 14-16-6-4(E)(4).
5. Applicant and agent appeared and gave evidence in support of the application.

6. Applicant has met its burden of providing evidence that establishes that the requested Conditional Use approval is consistent with the ABC Comp. Plan, as amended. Specifically, Applicant testified and confirmed in submitted written evidence that the neighborhood would benefit from an attractive and harmoniously designed accessory structure to allow uses compatible with single family dwellings and that the requested Conditional Use approval would help “encourage quality development that is consistent with the distinct character of communities” as stated as a goal in ABC Comp. Plan Policy 4.1.1.
7. Applicant has met its burden of providing evidence that establishes that the requested Conditional Use approval complies with all applicable provisions of the IDO, including, but not limited to any Use-specific Standards applicable to the use in Section 14-16-4-3; the DPM; other adopted City regulations; and any conditions specifically applied to development of the property in any prior permit or approval affecting the property. Specifically, Applicant testified and confirmed in written submittals that the requested Conditional Use approval would comport with all applicable requirements. No prior permits or approvals apply.
8. Applicant has met its burden of providing evidence that establishes that the requested Conditional Use approval will not create significant adverse impacts on adjacent properties, the surrounding neighborhood, or the larger community. Specifically, Applicant testified and confirmed in written submittals that the requested Conditional Use approval would not create any adverse impact and would in fact enhance property value as well as that of neighboring properties.
9. Applicant has met its burden of providing evidence that establishes that the requested Conditional Use approval will not create material adverse impacts on other land in the surrounding area, through increases in traffic congestion, parking, congestion, noise, or vibration without sufficient mitigation or civic or environmental benefits that outweigh the expected impacts. Specifically, Applicant confirmed in written submittals that the requested Conditional Use approval would not create any adverse impact and would not increase traffic congestion, parking, congestion, noise, or vibration.
10. Applicant has met its burden of providing evidence that establishes that the requested Conditional Use approval will not increase non-residential activity within 300 feet of a lot in any residential zone district between the hours of 10:00 pm and 6:00 am. Specifically, Applicant confirmed in written submittals that non-residential activity would not increase in any prohibited manner.
11. Applicant has met its burden of providing evidence that establishes that the requested Conditional Use approval will not negatively impact pedestrian or transit connectivity without appropriate mitigation. Specifically, Applicant confirmed in written submittals that no negative impact on pedestrian or transit connectivity would result.
12. Property owner appeared and gave evidence in support of the application.
13. The City Traffic Engineer submitted a report stating no objection to the Application.
14. All property owners within 100 feet and affected neighborhood association(s) were notified.
15. The ZHE finds that the proper “Notice of Hearing” signage was posted for the required time period as required by Section 14-16-6-4(K)(3).
16. The ZHE finds that the Applicant has authority to pursue this Application.
