Below are the ZHE’s finding of fact and decision:

FINDINGS:

The City of Albuquerque Integrated Development Ordinance Section 14-16-6-6(H)(3) Permit-Wall or fence-Major reads: “An application for a Permit-Wall or Fence-Major for a wall in the front or street side yard of a lot with low-density residential development in or abutting any Residential zone district that meets the requirements in subsection 14-16-5-7(D)(3)(g) (Exceptions to Maximum Wall Height) and Table 5-7-2 shall be approved if the following criteria are met:
6-6(H)(3)(a) The wall is proposed on a lot that meets any of the following criteria:
 1. The lot is at least ½ acre.
 2. The lot fronts a street designated as a collector, arterial, or interstate highway.
 3. For a front yard wall taller than allowed in Table 5-7-1, at least 20 percent of the properties with low-density residential development with a front yard abutting the same street as the subject property and within 330 feet of the subject property along the length of the street the lot faces have a front yard wall or fence over 3 feet. This distance shall be measured along the street from each corner of the subject property’s lot line, and the analysis shall include properties on both sides of the street.
 4. For a street side yard wall taller than allowed in Table 5-7-1, at least 20 percent of the properties with low-density residential development with a side

yard abutting the same street as the subject property and within 330 feet of the subject property along the length of the street the lot faces have a street side yard wall or fence over 3 feet. This distance shall be measured along the street from each corner of the subject property's lot line, and the analysis shall include properties on both sides of the street.

6-6(H)(3)(b) The proposed wall would strengthen or reinforce the architectural character of the surrounding area.

6-6(H)(3)(c) The proposed wall would not be injurious to adjacent properties, the surrounding neighborhood, or the larger community.

6-6(H)(3)(d) The design of the wall complies with any applicable standards in Section 14-16-5-7 (Walls and Fences), including but not limited to Subsection 14-16-5-7(E)(2) (Articulation and Alignment), Subsection 14-16-5-7(E)(3) (Wall Design), and all of the following:
