On August 19, 2025, Rudolph L. Baca Living Trust - Trish Baca (Agent, Jim Strozier and Ayoni Oyenuga – Consensus Planning) (“**Applicant**”) was scheduled to appear before the Zoning Hearing Examiner (the “**ZHE**”) requesting a Variance of 1.8 feet to the required minimum 15 feet rear setback (“**Application**”) upon the real property located at 315 Rio Grande Boulevard NW (the “**Subject Property**”). Below are the ZHE’s findings of fact and decision:

FINDINGS:

1. Applicant is requesting a Variance of 1.8 feet to the required minimum 15 feet rear setback, pursuant to City of Albuquerque Code of Ordinances Integrated Development Ordinance (“**IDO**”) Section 14-16-6-6(O).
2. Applicant has authority to pursue this Application, pursuant to 14-16-6-4(D).
3. Applicant has duly authorized Agent to act on Applicant’s behalf regarding the Application.
4. The Planning Director’s delegee has determined that the Application is complete, pursuant to IDO Section 14-16-6-4(G).
5. The content of the notice of the Application satisfies IDO Section 14-16-6-4(J)(1).
6. Applicant has sent an electronic mail notice to the email addresses on file with the Office of Neighborhood Coordination for each pertinent Neighborhood Association as required by IDO Section 14-16-6-4(J)(2).
7. Applicant has sent mailed notice to all property owners within 100 feet of the subject property as required by IDO Section 14-16-6-4(J)(3).
8. Applicant has posted sign notice(s) as required by IDO Section 14-16-6-4(J)(4).
9. The Subject Property is located in the MX-L zone district, in which the IDO requires a 15’ side yard setback; however, applicant proposes to a 13.2’ setback.
10. Therefore, the Subject Property requires a Variance of 1.8’ to the allowed 10’ side yard setback pursuant to IDO Subsection 14-16-6-6(O).

11. IDO Section 14-16-6-6(O)(3)(a) (Review and Decision Criteria– Variance) reads: “*An application for a Variance - ZHE shall be approved if it meets all of the following criteria[:]*”
1. *There are special circumstances applicable to a single lot that are not self-imposed and that do not apply generally to other property in the same zone district and vicinity, including but not limited to size, shape, topography, location, surroundings, physical characteristics, natural forces, or by government actions for which no compensation was paid. Such special circumstances of the lot either create an extraordinary hardship in the form of a substantial and unjustified limitation on the reasonable use or economic return on the property, or practical difficulties result from strict compliance with the minimum standards.*
 2. *The Variance will not be materially contrary to the public safety, health, or welfare.*
 3. *The Variance does not cause significant material adverse impacts on surrounding properties or infrastructure improvements in the vicinity.*
 4. *The Variance will not materially undermine the intent and purpose of this IDO, the applicable zone district, or any applicable Overlay Zone.*
 5. *The Variance approved is the minimum necessary to avoid extraordinary hardship or practical difficulties.”*
12. Applicant bears the burden of providing a sound justification for the requested decision, based on substantial evidence, pursuant to IDO Section 14-16-6-4(E)(3).
13. Applicant bears the burden of showing compliance with required standards through analysis, illustrations, or other exhibits as necessary, pursuant to IDO Section 14-16-6-4(E)(4).
14. Agent appeared at the ZHE hearing on the Application and gave evidence in support of the Application.
15. Based on evidence submitted by or on behalf of Applicant, it appears that there are special circumstances applicable to the Subject Property that are not self-imposed and that do not apply generally to other property in the same zone and vicinity such as size, shape, topography, location, surroundings, or physical characteristics created by natural forces or government action for which no compensation was paid, as required by Section 14-16-6-6(O)(3)(a)(1). The Subject Property was created by historic pre-IDO platting and is the subject of a court-ordered subdivision. Consequently, practical difficulties exist with strict compliance with the IDO setback requirements.
16. Based on evidence submitted by or on behalf of Applicant, the Variance will not be contrary to the public safety, health and welfare of the community as required by Section 14-16-6-6(O)(3)(a)(2). Evidence establishes that the proposed variance would be in line with historic development in the area and would have no negative impact on neighbors or the community.
17. Based on evidence submitted by or on behalf of Applicant, the Variance will not cause significant adverse material impacts on surrounding properties or infrastructure improvements in the vicinity as required by Section 14-16-6-6(O)(3)(a)(3). Evidence submitted by Applicant establishes that no negative impacts would occur.
18. Based on evidence submitted by or on behalf of Applicant, the Variance will not materially undermine the intent and purpose of the IDO or applicable zone district as required by

Section 14-16-6-6(O)(3)(a)(4). If approved, Applicant intends to develop and use the Subject Property in line with all applicable IDO requirements.

19. Based on evidence submitted by or on behalf of Applicant, the Variance approved is the minimum necessary to avoid extraordinary hardship or practical difficulties as required by Section 14-16-6-6(O)(3)(a)(5). Any smaller variance would be impractical.
20. The City Traffic Engineer submitted a report stating no objection to the Application.

DECISION:

APPROVAL of a Variance of 1.8 feet to the required minimum 15 feet rear setback.
