ZONING HEARING EXAMINER NOTICE OF DECISION

Special Exception Number: VA-2026-00056

Project Number: PR-2026-000091

Hearing Date: 07-21-2026

Closing of Public Record: 07-21-2026

Date of Decision: 08-05-2026

Case Description: Chuck Walker (Owner) requests a Variance of 3 feet to the maximum 3-foot wall height to construct a 6-foot steel perimeter fence for Lots 11 and 12, Block B Indian Acres Subdivision of Tract 3, located at 3305 Aztec Rd NE, zoned MXT (G-16) IDO β 14-16- 5-7(D)(3)(c), Table 5-7-1

On July 21, 2026, Chuck Walker (Owner) was scheduled to appear before the Zoning Hearing Examiner ("ZHE") requesting a Variance of 3 feet above the 3-foot maximum wall height for a 6-foot high fence ("Application") upon the real property located at 3305 Aztec Rd NE. ("Subject Property"). Below are the ZHE's findings of fact and decision.

FINDINGS, VARIANCE TO MAXIMUM WALL HEIGHT:

1. Applicant is requesting a Variance of 3 feet above the 3-foot maximum wall height in Table 5-7-1, pursuant to City of Albuquerque Code of Ordinances Integrated Development Ordinance ("IDO") § 14-16-6-6(O).
2. Applicant has authority to pursue this Application, pursuant to IDO § 14-16-6-4(D).
3. Applicant has no duly authorized Agent to act on Applicant's behalf regarding the Application.
4. The Planning Director's delegee has determined that the Application is complete as of May 14, 2026, pursuant to IDO § 14-16-6-4(G).
5. The analyses and studies listed in IDO § 14-16-6-4(H) are not required.
6. The Application was referred to commenting agencies pursuant to IDO § 14-16-6-4(I).
7. The content of the notice of the Application satisfies IDO § 14-16-6-4(J)(1).

8. Applicant has sent an electronic mail notice to the email addresses on file with the Office of Neighborhood Coordination for Neighborhood Associations within 660 feet as required by IDO § 14-16-6-4(J)(2).
9. Applicant has sent mailed notice to all property owners within 100 feet of the subject property as required by IDO § 14-16-6-4(J)(3).
10. Applicant has posted sign notice(s) as required by IDO § 14-16-6-4(J)(4).
11. The Subject Property is located in the MX-T zone district.
12. For mixed-use residential development, IDO § 14-16-5-7(D)(3)(a)2 allows a 5-foot wall if the requirements of IDO § 14-16-5-7(D)(3)(c) are met.
13. The requirements of IDO § 14-16-5-7(D)(3)(c) have not been met, therefore a 6-foot fence requires a Variance – ZHE pursuant to IDO § 14-16-6-6(O).
14. IDO § 14-16-6-6(O)(3)(a) (Review and Decision Criteria) is quoted in italics. The finding related to each criterion follows. *“An application for a Variance – ZHE shall be approved if it meets all of the following criteria.*
 1. *There are special circumstances applicable to a single lot that are not self-imposed and that do not apply generally to other property in the same zone district and vicinity, including but not limited to size, shape, topography, location, surroundings, physical characteristics, natural forces, or by government actions for which no compensation was paid. Such special circumstances of the lot either create an extraordinary hardship in the form of a substantial and unjustified limitation on the reasonable use or economic return on the property, or practical difficulties result from strict compliance with the minimum standards.*
 2. *The Variance will not be materially contrary to the public safety, health, or welfare.*
 3. *The Variance does not cause significant material adverse impacts on surrounding properties or infrastructure improvements in the vicinity.*
 4. *The Variance will not materially undermine the intent and purpose of this IDO, the applicable zone district, or any applicable Overlay Zone.*
 5. *The Variance approved is the minimum necessary to avoid extraordinary hardship or practical difficulties.*
15. Applicant bears the burden of providing a sound justification for the requested decision, based on substantial evidence, pursuant to IDO Section 14-16-6-4(E)(3).
16. Applicant bears the burden of showing compliance with required standards through analysis, illustrations, or other exhibits as necessary, pursuant to IDO Section 14-16-6-4(E)(4).
17. Based on evidence submitted by or on behalf of Applicant, it appears that there are special circumstances applicable to the Subject Property that are not self-imposed and that do not apply generally to other property in the same zone and vicinity such as size, shape, topography, location, surroundings, or physical characteristics created by natural forces or government action for which no compensation was paid, and such special circumstances of the lot either create an extraordinary hardship in the form of a substantial and unjustified limitation on the reasonable use or economic return on the property, or practical difficulties result from strict compliance with the minimum

standards, as required by Section 14-16-6-6(O)(3)(a)(1). The location of the subject property and pre-existing improvements create increased visibility, lack of privacy and risk of trespass and security risks, which constitute special circumstances that create practical difficulties that would result from strict compliance with the minimum standards.

18. Based on evidence submitted by or on behalf of Applicant, the Variance will not be contrary to the public safety, health and welfare of the community as required by Section 14-16-6-6(O)(3)(a)(2). The fence design is attractive and in line with the architectural character of the neighborhood.
19. Based on evidence submitted by or on behalf of Applicant, the Variance will not cause significant adverse material impacts on surrounding properties or infrastructure improvements in the vicinity as required by Section 14-16-6-6(O)(3)(a)(3). The wall provides for security and views without causing adverse impacts.
20. Based on evidence submitted by or on behalf of Applicant, the Variance will not materially undermine the intent and purpose of the IDO or applicable zone district as required by Section 14-16-6-6(O)(3)(a)(4). Applicant testified the proposed wall will be built and maintained in compliance with all IDO requirements.
21. Based on evidence submitted by or on behalf of Applicant, the Variance approved is the minimum necessary to avoid extraordinary hardship or practical difficulties as required by Section 14-16-6-6(O)(3)(a)(5). Any smaller fence would be insufficient to provide for security and mitigation of negative circumstances.
22. The City Traffic Engineer submitted a report stating no objection to the Application.
